Preface

Volume 3 of the General Statutes of North Carolina of 1943 was replaced in 1952 by recompiled volumes 3A, 3B and 3C, containing Chapters 106 through 166 of the General Statutes, as amended and supplemented by the enactments of the General Assembly down through the 1951 Session. Chapter 167 was added at the 1953 Session. Chapters 106 through 116 appear in volume 3A, Chapters 117 through 150 in volume 3B, and Chapters 151 through 167 in volume 3C.

The present volume replaces recompiled volume 3A, and combines the statutes and annotations appearing in the recompiled volume and in the 1959 Cumulative Supplement thereto.

In replacement volume 3A the form and the designations of subsections, subdivisions and lesser divisions of sections have in many instances been changed, so as to follow in every case the uniform system of numbering, lettering and indentation adopted by the General Statutes Commission. For example, subsections in the replacement volume are designated by lower case letters in parentheses, thus: (a). Subdivisions of both sections and subsections are designated by Arabic numerals in parentheses, thus: (1). Lesser divisions likewise follow a uniform plan. Attention is called to the fact that it has not, of course, been possible to make corresponding changes in any references that may appear in other volumes to sections contained in volume 3A.

The historical references appearing at the end of each section have been rearranged in chronological order. For instance, the historical references appended to § 31-5 read as follows: (1784, c. 204, s. 14; 1819, c. 1004, ss. 1, 2; 1840, c. 62; R. C., c. 119, s. 22; Code, s. 2176; Rev., s. 3115; C. S., s. 4133; 1945, c. 140.) In this connection attention should be called to a peculiarity in the manner of citing the early acts in the historical references. The acts through the year 1825 are cited, not by the chapter numbers of the session laws of the particular years, but by the chapter numbers assigned to them in Potter's Revisal (published in 1821 and containing the acts from 1715 through 1820) or in Potter's Revisal continued (published in 1827 and containing the acts from 1821 through 1825). Thus, in the illustration set out above the citations "1784, c. 204, s. 14; 1819, c. 1004, ss. 1, 2" refer to the chapter numbers in Potter's Revisal and not to the chapter numbers of the Laws of 1784 and 1819, respectively. The chapter numbers in Potter's Revisal and Potter's Revisal continued run consecutively, and hence do not correspond, at least after 1715, to the chapter numbers in the session laws of the particular years. After 1825 the chapter numbers in the session laws are used.

This replacement volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any defects they may find in the General Statutes, and any suggestions they may have for improving them, to the Department, or to The Michie Company, Law Publishers, Charlottesville, Virginia.

THOMAS WADE BRUTON,
Attorney General.

Constitutionality. — Legislation of this character has been upheld by well con-

sidered decisions in this and other jurisdictions. *Morgan v. Stewart*, 144 N. C. 424, 57 S. E. 149 (1907).

The authority to make administrative rules is not a delegation of legislative power, and such rules do not become legislation, because violations thereof are punished as "public offenses." *State v. Sou. R. Co.*, 141 N. C. 486, 54 S. E. 294 (1906).

Cattle and Cattle Diseases.—The State Board of Agriculture has authority to make and enforce regulations for the quarantine of cattle and to prevent their transportation in view of preventing the spreading of contagious diseases. And an owner permitting cattle to run at large in a no-fence county who wilfully allows cattle to stray across the line is guilty of a violation of the act. *State v. Garner*, 158 N. C. 630, 74 S. E. 458 (1912).

The third clause of this section confers

power upon the Commissioner to make regulations prohibiting the transportation of cattle. *State v. Southern R. Co.*, 141 N. C. 846, 54 S. E. 294 (1906).

The provision to get rid of the ticks on cattle and prevent infection is a reasonable and valid regulation. *State v. Hodges*, 180 N. C. 751, 105 S. E. 417 (1920).

Judicial Notice of Quarantined District.—Where the quarantine regulations of the United States Department of Agriculture, relating to the transportation of cattle, which were adopted by the State Board of Agriculture, provided that no cattle originating in the quarantined district as therein described should be moved into "that part of Burke south of the Catawba River," the court judicially knows that a shipment of cattle from Burlington to Morganton has been across the line fixed as a quarantine line. *State v. Sou. R. Co.*, 141 N. C. 846, 54 S. E. 294 (1906).

- (9) The term “mixed fertilizers” means products resulting from the combination, mixture, or simultaneous application of two or more fertilizer materials for use in or claimed to have value in promoting plant growth by a manufacturer or contractor.
- (10) The term “official sample” means any sample of commercial fertilizer

taken by the Commissioner or his authorized agent according to the methods prescribed in subsection (b) of § 106-50.7.

- (11) The term "per cent" or "percentage" means the percentage by weight.
- (12) The term "person" includes individuals, partnerships, associations, firms and corporations.
- (13) The term "sell" or "sale" includes exchange.
- (14) The term "specialty fertilizer" means any fertilizer distributed primarily for use on noncommercial crops such as garden, lawns, shrubs, and flowers; and may include fertilizers used for research or experimental purposes.
- (15) The term "ton" means a net ton of two thousand pounds avoirdupois.
- (16) The term "unmanipulated manures" means substances composed primarily of excreta, plant remains or mixtures of such substances which have not been processed in any manner.

Editor's Note. — The 1951 amendment deleted the words "except unmanipulated vegetables and animal manures" in subdivision (5) and substituted the last sentence therefor, and inserted subdivisions (7) and (16).

The 1955 amendment struck out the word "being" formerly appearing before the word "stated" in line three of the second paragraph of subdivision (7). The 1959 amendment rewrote subdivision (9) and added subdivision (3).

§ 106-50.4. Registration of brands and licensing of manufacturers and contractors. — (a) Each brand of commercial fertilizer and manipulated manure shall be registered before being offered for sale, sold, or distributed in this State. The application for registration shall be submitted in duplicate to the Commissioner on forms furnished by the Commissioner, and shall be accompanied by a remittance of \$2.00 per brand and grade as a registration fee. Upon approval by the Commissioner a copy of the registration shall be furnished to the applicant. All registrations expire on July 1st of each year. The application shall include the following information:

- (1) The name and address of the person guaranteeing registration.
- (2) The brand.
- (3) The grade.
- (4) The guaranteed analysis showing the minimum percentage of plant food in the following order and form; provided that the Commissioner of Agriculture may vary this order and form for small packages of twenty-five (25) pounds and less:

a. In mixed fertilizers (other than those branded for tobacco):

Total nitrogen	— per cent
(Optional) water insoluble nitrogen	— per cent
percentage of total in multiples of five.	
Available phosphoric acid	— per cent
Soluble or available potash	— per cent
Whether the fertilizer is acid-forming or nonacid-forming. The potential basicity or acidity expressed as equivalent of calcium carbonate in multiples of five per cent (or one hundred pounds per ton) only.	

b. In mixed fertilizer (branded for tobacco):

Field Fertilizer

Total nitrogen	— per cent
(Optional) nitrogen in the form of nitrate	— per cent
percentage of total in multiples of five.	
Water insoluble nitrogen	— per cent
percentage of total in multiples of five.	

Available phosphoric acid	— per cent

Total magnesium oxide	— per cent

Plant Bed Fertilizer

Total nitrogen	— per cent
(Optional) nitrogen in the form of nitrate	— per cent
percentage of total in multiples of five.	
(Optional) water insoluble nitrogen	— per cent
percentage of total in multiples of five.	
Available phosphoric acid	— per cent
Soluble or available potash	— per cent
Maximum chlorine	— per cent

All fertilizer branded for tobacco must contain magnesium equivalent to a minimum of two per cent magnesium oxide for field fertilizer, and one per cent magnesium oxide for plant bed fertilizer. Whether the fertilizer is acid-forming or non-acid-forming.

The potential basicity or acidity expressed as equivalent of calcium carbonate in multiples of five per cent (or one hundred pounds per ton) only.

c. In fertilizer materials (if claimed):

Total nitrogen	— per cent
Available phosphoric acid	— per cent
In the case of bone, tankage, and other organic phosphate materials on which the chemist makes no determination of available phosphoric acid, the total phosphoric acid shall be guaranteed: Provided, that unacidulated mineral phosphatic materials and basic slag shall be guaranteed as to both total and available phosphoric acid and the degree of fineness.	
Soluble or available potash	— per cent
Other recognized plant food	— per cent

d. In manipulated manures.

Total nitrogen	— per cent
Available phosphoric acid	— per cent
Soluble or available potash	— per cent
(The manures from which nitrogen, phosphoric acid, and potash are derived.)	

- (5) The sources from which the nitrogen, phosphoric acid, and potash are derived.
- (6) Magnesium (Mg) or magnesium oxide (MgO), calcium (Ca) or calcium oxide (CaO), and sulfur (S) may be claimed as secondary plant foods in all mixed fertilizers, but when one or more of these is so claimed the minimum percentage of total magnesium (Mg) or total magnesium oxide (MgO), total calcium (Ca) or total calcium oxide (CaO), and total sulfur (S), as applicable, shall be guaranteed; excepting that the sulfur guarantee for fertilizers branded for tobacco shall be both the maximum and the minimum percentages.
- (7) Borax may be claimed as an ingredient of mixed fertilizers. If claimed, it shall be guaranteed in terms of pounds of borax ($\text{Na}_2\text{B}_4\text{O}_7 \cdot 10\text{H}_2\text{O}$) per 100 pounds of fertilizer and in increments of $\frac{1}{4}$, $\frac{1}{2}$, and multiples of $\frac{1}{2}$ pound per 100 pounds of fertilizer. The guarantee will be considered both a minimum and a maximum guarantee. The analysis guarantee shall be on a separate tag as prescribed by the Commissioner.

(8) Additional plant food elements, compounds, or classes of compounds, determinable by chemical control methods, may be guaranteed only by permission of the Commissioner by and with the advice of the director of the experiment station. When any such additional plant food elements, compounds, or classes of compounds are included in the guarantee, they shall be subject to inspection and analysis in accordance with the methods and regulations that may be prescribed by the Commissioner. The Commissioner shall also fix penalties for failure to fulfill such guarantees.

(9) In no case, except in the case of unacidulated mineral phosphates and/or basic slag unmixed with other materials shall both the terms total phosphoric acid and available phosphoric acid be used in the same statement of analysis.

(b) The distributor of any brand and grade of commercial fertilizer shall not be required to register the same if it has already been registered under this article by a person entitled to do so and such registration is then outstanding.

(c) The grade of any brand of mixed fertilizer shall not be changed during the registration period, but the guaranteed analysis may be changed in other respects and the sources of materials may be changed: Provided, prompt notification of such change is given to the Commissioner and the change is noted on the container or tag: Provided, further, that the guaranteed analysis shall not be changed if it, in any way, lowers the quality of the fertilizer: Provided, further, that if at a subsequent registration period, the registrant desires to make any change in the registration of a given brand and grade of fertilizer, said registrant shall notify the Commissioner of such change 30 days in advance of such registration; that if the Commissioner, after consultation with the director of the agricultural experiment station decides that such change materially lowers the crop producing value of the fertilizer, he shall notify the registrant of his conclusions, and if the registrant registers the brand and grade with the proposed changes, then the Commissioner shall give due publicity to said changes through the Agricultural Review and/or by such other means as he may deem advisable.

(d) Any person, firm or corporation wishing to become a fertilizer manufacturer or contractor, as defined in this article, shall before engaging in such business secure a license from the Commissioner of Agriculture. Such person, firm or corporation shall make application for such license on forms to be furnished by the Commissioner submitting such information as to his proposed operation as the Commissioner may prescribe. Such license shall be renewable annually on the first day of July. Such license may be revoked for a violation of any provisions of this article, or of any rule or regulation adopted by the Board of Agriculture. (1947, c. 1086, s. 4; 1949, c. 637, s. 1; 1951, c. 1026, ss. 3-6; 1959, c. 706, ss. 3-5.)

Editor's Note.—The 1949 amendment inserted in subsection (a) (4) b a provision in regard to minimum magnesium content of fertilizers branded for tobacco. The 1951 amendment inserted the words "and manipulated manure" near the beginning

of subsection (a), rewrote (a) (4) b, added d under (a) (4) and rewrote (a) (7).

The 1959 amendment rewrote the introductory paragraph of (a) (4) and added subsection (d).

§ 106-50.5. Labeling.—(a) Any commercial fertilizer offered for sale, sold, or distributed in this State in bags, barrels, or other containers shall have placed on or affixed to the container the net weight and the data in written or printed form, required by subsection (a), with the exception of subdivision (5), of § 106-50.4 printed either (i) on tags to be affixed to the end of the package or (ii) directly on the package. In case the brand name appears on the package, the grade shall also appear on the package, immediately preceding the guaranteed analysis or as a part of the brand name. The size of the type of numerals indicating the grade on the container shall not be less than 2 inches in height for con-

tainers of 100 pounds or more; not less than 1 inch for containers of 50 to 99 pounds; and not less than $\frac{1}{2}$ inch for packages of less than 50 pounds. In case of fertilizers sold in containers on which the brand or other designations of the distributor do not appear, the grade must appear in a manner prescribed by the Commissioner on tags attached to the container.

(b) If transported in bulk, the net weight and the data, in written or printed form, as required by subsection (a), with the exception of subdivision (5), of § 106-50.4, shall accompany delivery and be supplied to the purchaser.

(c) If mixed fertilizer is sold or intended to be sold in bags weighing more than 100 pounds, each bag must have a tag attached thereto, of a type approved by the Commissioner, showing the grade of the fertilizer contained therein. Such tag must be attached between the ears of each bag, or in the case of a machine sewed bag, approximately at the center of the sewed end of the bag: Provided, that in lieu of such tag the grade of the fertilizer may be printed on the end of the bag in readily legible numerals. (1947, c. 1086, s. 5; 1949, c. 637, s. 2; 1955, c. 354, s. 2.)

Editor's Note. — The 1949 amendment added subsection (c) and the 1955 amendment substituted "to" for "and" between the figures "50" and "99" in line ten of subsection (a).

The cases cited below were decided under a prior law.

Warranty of Contents. — Manufacturers and vendors of commercial fertilizers impliedly warrant that they contain the ingredients specified on the tags placed on the bags, according to the requirements of the statute. *Swift & Company v. Aydllett*, 192 N. C. 330, 135 S. E. 141 (1926).

Compliance with Statute Warranted. — When plaintiffs as manufacturers, dealers or agents sold to defendant commercial fertilizers, they must be held to have warranted that they had complied with the statute, and that the articles delivered, as commercial fertilizers were truthfully branded as required by the statute. *Swift v. Etheridge*, 190 N. C. 162, 129 S. E. 453 (1925).

Note for Purchase Price of Fertilizers Not Complying with Statute.—If the contents of the bags or packages delivered to defendant by plaintiffs were not, in fact commercial fertilizers, of the analysis guaranteed on each bag or package, as required,

there was no consideration for the note given for the purchase price of the articles bought by defendant, and plaintiffs are not entitled to recover on said note. *Swift v. Etheridge*, 190 N. C. 162, 129 S. E. 453 (1925).

The rule of caveat emptor, as applied at common law in the sale of articles of personal property, is not applicable to the sale of commercial fertilizers in this State. *Swift v. Etheridge*, 190 N. C. 162, 129 S. E. 453 (1925); *Swift & Co. v. Aydllett*, 192 N. C. 330, 135 S. E. 141 (1926).

The burden of proof is upon the manufacturer to show, in his action against the purchaser for the purchase price, that the goods were at least merchantable, and that the ingredients used in their manufacture were in accordance with the specifications upon the tags placed on the bags under the requirements of the statute. *Swift & Company v. Aydllett*, 192 N. C. 330, 135 S. E. 141 (1926).

A waiver by the purchaser of any demand for damages on account of any deficiencies in the ingredients of fertilizers, except such as may be ascertained in the manner specified in the statute, is valid and enforceable. *Armour Fertilizer Works v. Aiken*, 175 N. C. 399, 95 S. E. 657 (1918).

§ 106-50.6. Inspection fees.—(a) For the purpose of defraying expenses on the inspection and of otherwise determining the value of commercial fertilizers in this State, there shall be paid to the Department of Agriculture a charge of twenty-five cents (25¢) per ton on all commercial fertilizers in packages of more than five pounds of such commercial fertilizer. On individual packages of five pounds or less there shall be paid in lieu of the tonnage fee an annual registration fee of twenty-five dollars (\$25.00) for each brand offered for sale, sold, or distributed; provided that any per annum (fiscal) tonnage of any brand sold in excess of one hundred tons may be subject to the charge of twenty-five cents (25¢) per ton as provided herein. The Commissioner, with the advice and consent of the Board of Agriculture is hereby empowered to adopt such regulations as will insure the enforcement of this law. Whenever any manufacturer of com-

mercial fertilizer shall have paid the charges required by this section his goods shall not be liable to further tax, whether by city, town, or county; provided, this shall not exempt the commercial fertilizers from an ad valorem tax.

(b) Reporting System.—Each manufacturer, importer, jobber, firm, corporation or person who distributes commercial fertilizers in this State shall make application to the Commissioner of Agriculture for a permit to report the tonnage of commercial fertilizer sold and shall pay to the North Carolina Department of Agriculture an inspection fee of twenty-five cents (25¢) per ton. The Commissioner of Agriculture is authorized to require each such distributor to keep such records as may be necessary to indicate accurately the tonnage of commercial fertilizers sold in the State, and as are satisfactory to the Commissioner of Agriculture. Such records shall be available to the Commissioner, or his duly authorized representative, at any and all reasonable hours for the purpose of making such examination as is necessary to verify the tonnage statement and the inspection fees paid. Each and every distributor shall report the tonnage sold monthly under oath and on forms furnished by the Commissioner. Such reports shall be made and inspection fee shall be due and payable monthly on the tenth day of each month covering the tonnage and kind of commercial fertilizers sold during the past month. If the report is not filed and the inspection fee paid by the tenth day following the date due or if the report of tonnage be false, the Commissioner may revoke the permit, and if the inspection fee be unpaid after the fifteen-day grace period, the amount shall bear a penalty of ten per cent (10%) which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bond which may be required. In order to guarantee faithful performance with the provisions of this subsection each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the Commissioner cash in the amount of one thousand dollars (\$1,000.00) or securities acceptable to the Commissioner of a value of at least one thousand dollars (\$1,000.00) or shall post with the Commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The Commissioner shall approve all such securities and bonds before acceptance. (1947, c. 1086, s. 6; 1949, c. 637, s. 3; 1959, c. 706, ss. 6, 7.)

Editor's Note. — The 1949 amendment added former subsections (e) to (k).

The 1959 amendment struck out former subsections (a) to (d) and substituted in lieu thereof present subsection (a). It also substituted present subsection (b) in place of former subsections (e) to (k).

The cases cited below were decided under a prior law.

Action to Secure Tax Wrongfully Collected.—The Board of Agriculture is a department of the State government, and an action against it to recover money alleged

to have been wrongfully collected by it as a license tax cannot be maintained, the State not having given its consent to be sued in that respect. *Lord, etc., Chemical Co. v. Board*, 111 N. C. 135, 15 S. E. 1032 (1892).

Property Tax.—The statute will not be so construed as to relieve manufacturers of fertilizers or fertilizing material, paying this inspection tax, from the payment of property tax required by the Constitution. *Pocomoke Guano Co. v. Biddle*, 158 N. C. 212, 73 S. E. 996 (1912).

§ 106-50.7. Sampling, inspection and testing.—(a) It shall be the duty of the Commissioner, who may act through his authorized agent, to sample, inspect, make analysis of, and test commercial fertilizers offered for sale, sold, or distributed within the State at such time and place and to such an extent as he may deem necessary to determine whether such commercial fertilizers are in compliance with the provisions of this article. The Commissioner, individually or through his agent, is authorized to enter upon any public or private premises during regular business hours in order to have access to commercial fertilizers subject to the provisions of this article and the rules and regulations thereto.

(b) The methods of sampling shall be as follows:

(1) For the purposes of analysis by the Commissioner or his duly author-

ized chemists and for comparison with the guarantee supplied to the Commissioner in accordance with §§ 106-50.4 and 106-50.5, the Commissioner, or any official inspector duly appointed by him, shall take an official sample of not less than one pound from containers of commercial fertilizer. No sample shall be taken from less than five containers. If the lot comprises five (5) or more containers, portions shall be taken from each one up to a total of ten (10) containers. If the lot comprises from ten (10) to one hundred (100) containers, portions shall be taken from ten (10) containers. Of lots comprising more than one hundred (100) containers, portions shall be taken from ten (10) per cent of the total number of containers.

- (2) In sampling commercial fertilizers, in bulk, either in a factory or a car, at least ten portions shall be drawn and these from different places so as fairly to represent the pile or car lot.
- (3) In sampling, a core sampler shall be used that removes a core from a bag or other package from top to bottom, and the cores taken shall be mixed on clean oil cloth or paper, and if necessary shall be reduced after thoroughly mixing, by quartering, to the quantity of sample required. The composite sample taken from any lot of commercial fertilizer under the provision of this subdivision shall be placed in a tight container and shall be forwarded to the Commissioner with proper identification marks.
- (4) The Commissioner may modify the provisions of this section to bring them into conformity with any changes that may hereafter be made in the official methods of and recommendations for sampling commercial fertilizers which shall have been adopted by the Association of Official Agricultural Chemists or by the Association of American Fertilizer Control Officials. Thereafter, such methods and recommendations shall be used in all sampling done in connection with the administration of this article in lieu of those prescribed in subdivisions (1), (2), and (3) of this subsection.
- (5) All samples taken under the provisions of this section shall be taken from original unbroken bags or containers, the contents of which have not been damaged by exposure, water or otherwise.
- (6) The Commissioner shall refuse to analyze all samples except such as are taken under the provisions of this section and no sample unless so taken shall be admitted as evidence in the trial of any suit or action wherein there is called into question the value or composition of any lot of commercial fertilizer distributed under the provisions of this article.
- (7) In the trial of any suit or action wherein there is called in question the value or composition of any lot of commercial fertilizer, a certificate signed by the fertilizer chemist and attested with the seal of the Department of Agriculture, setting forth the analysis made by the chemist of the Department of Agriculture, of any sample of said commercial fertilizer, drawn under the provisions of this section and analyzed by them under the provisions of the same, shall be prima facie proof that the lot of fertilizer represented by the sample was of the value and constituency shown by said analysis. And the said certificate of the chemist shall be admissible in evidence to the same extent as if it were his deposition taken in said action in the manner prescribed by law for the taking of depositions.

(c) The methods of analysis shall be those adopted as official by the Board of Agriculture and shall conform to sound laboratory practices as evidenced by methods prescribed by the Association of Official Agricultural Chemists of the United States. In the absence of methods prescribed by the Board, the Commissioner shall prescribe the methods of analysis.

(d) The result of official analysis of any commercial fertilizer which has been found to be subject to penalty shall be forwarded by the Commissioner to the registrant at least ten days before the report is submitted to the purchaser. If during that period no adequate evidence to the contrary is made available to the Commissioner, the report shall become official. Upon request the Commissioner shall furnish to the registrant a portion of any sample found subject to penalty.

(e) Any purchaser or consumer may take and have a sample of mixed fertilizer or fertilizer material analyzed if taken in accordance with the following rules and regulations:

- (1) At least five days before taking a sample, the purchaser or consumer shall notify the manufacturer or seller of the brand in writing, at his permanent address, of his intention to take such a sample and shall request the manufacturer or seller to designate a representative to be present when the sample is taken.
- (2) The sample shall be drawn in the presence of the manufacturer, seller, or a representative designated by either party together with two disinterested freeholders; or in case the manufacturer, seller, or representative of either refuses or is unable to witness the drawing of such a sample, a sample may be drawn in the presence of three disinterested freeholders: Provided, any such sample shall be taken with the same type of sampler as used by the inspector of the Department of Agriculture in taking samples and shall be drawn, mixed, and divided as directed in subdivisions (1), (2), (3), (4), and (5) of subsection (b) of this section, except that the sample shall be divided into two parts each to consist of at least one pound. Each of these is to be placed into a separate, tight container, securely sealed, properly labeled, and one sent to the Commissioner for analysis and the other to the manufacturer. A certificate statement in a form which will be prescribed and supplied by the Commissioner must be signed by the parties taking and witnessing the taking of the sample. Such certificate is to be made and signed in duplicate and one copy sent to the Commissioner and the other to the manufacturer or seller of the brand sampled. The witnesses of the taking of any sample, as provided for in this section, shall be required to certify that such sample has been continuously under their observation from the taking of the sample up to and including the delivery of it to an express agency, a post office or to the office of the Commissioner.
- (3) Samples drawn in conformity with the requirements of this section shall have the same legal status in the courts of the State, as those drawn by the Commissioner or any official inspector appointed by him as provided for in subsection (b) of this section.
- (4) No suit for damages claimed to result from the use of any lot of mixed fertilizer or fertilizer material may be brought unless it shall be shown by an analysis of a sample taken and analyzed in accordance with the provisions of this article, that the said lot of fertilizer as represented by a sample or samples taken in accordance with the provisions of this section does not conform to the provisions of this article with respect to the composition of the mixed fertilizer or fertilizer material, unless it shall appear to the Commissioner that the manufacturer of the fertilizer in question has, in the manufacture of other goods offered in this State during such season, employed such ingredients as are outlawed by the provisions of this article, or unless it shall appear to the Commissioner that the manufacturer of such fertilizer has offered for sale during that season any kind of

dishonest or fraudulent goods. (1947, c. 1086, s. 7; 1955, c. 354, s. 3.)

Editor's Note.—The 1955 amendment rewrote subsection (c).

§ 106-50.8. Plant food deficiency.—(a) The Commissioner in determining for administrative purposes whether any commercial fertilizer is deficient in plant food, shall be guided solely by the official sample as defined in subdivision (10) of § 106-50.3, and as provided for in subsections (b), (c), and (d) of § 106-50.7.

(b) If the analysis shall show that any commercial fertilizer falls short of the guaranteed analysis in any ingredient, a penalty shall be assessed in accordance with the following provisions:

- (1) Total nitrogen: A penalty of three times the value of the deficiency, if such deficiency is in excess of 0.20 of one per cent on goods that are guaranteed two per cent; 0.25 of one per cent on goods that are guaranteed three per cent; 0.35 of one per cent on goods that are guaranteed four per cent; 0.40 of one per cent on goods that are guaranteed five per cent up to and including eight per cent; 0.50 of one per cent on goods guaranteed above eight per cent up to and including thirty per cent; and 0.75 of one per cent on goods guaranteed over thirty per cent.
- (2) Available phosphoric acid: A penalty of three times the value of the deficiency, if such deficiency exceeds 0.40 of one per cent on goods that are guaranteed up to and including ten per cent; 0.50 of one per cent on goods that are guaranteed above ten per cent up to and including twenty-five per cent; 0.75 of one per cent on goods guaranteed over twenty-five per cent.
- (3) Soluble or available potash: A penalty of three times the value of the deficiency, if such deficiency is in excess of 0.20 of one per cent on goods that are guaranteed two per cent; 0.30 of one per cent on goods that are guaranteed three per cent; 0.40 of one per cent on goods guaranteed four per cent; 0.50 of one per cent on goods guaranteed above four per cent guaranteed above eight per cent up to and including twenty per cent; and 1.00 per cent on goods guaranteed over twenty per cent.
- (4) Should the basicity or acidity as equivalent of calcium carbonate of any sample of fertilizer be found upon analysis to differ more than five per cent (or one hundred pounds of calcium carbonate equivalent per ton) from the guarantee, then a penalty of fifty cents per ton for each fifty pounds calcium carbonate equivalent, or fraction thereof in excess of the one hundred pounds allowed, may be assessed and paid as under subsection (c) of this section.
- (5) Chlorine: If the chlorine content of any lot of fertilizer branded for tobacco shall exceed the maximum amount guaranteed by more than 0.5 of one per cent, a penalty shall be assessed equal to ten per cent of the value of the fertilizer for each additional 0.5 of one per cent of excess or fraction thereof.
- (6) Water insoluble nitrogen: A penalty of three times the value of the deficiency shall be assessed, if such deficiency is in excess of 0.10 of one per cent on goods guaranteed up to and including fifty-hundredths per cent; 0.20 of one per cent on goods guaranteed from five-tenths per cent to one per cent; 0.30 of one per cent on goods guaranteed from one per cent to two per cent; 0.50 of one per cent on goods guaranteed above two per cent and up to and including five per cent; and 1.00 per cent on goods guaranteed over five per cent.
- (7) Nitrate nitrogen: A penalty of three times the value of the deficiency

shall be assessed if the deficiency shall exceed 0.10 of one per cent for goods guaranteed up to and including five-tenths per cent; 0.15 of one per cent for goods guaranteed from five-tenths to one per cent; 0.25 of one per cent for goods guaranteed from one to two per cent; and 0.35 of one per cent for goods guaranteed above two per cent.

- (8) Total magnesium or total magnesium oxide: If the magnesium content found falls as much as 0.30 of one per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.15 of one per cent additional deficiency or fraction thereof. If the magnesium oxide content found falls as much as 0.50 of one per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.50 of one per cent additional deficiency or fraction thereof.
- (9) Total calcium or total calcium oxide: If the calcium content found falls as much as 0.70 of one per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.35 of one per cent additional deficiency or fraction thereof. If the calcium oxide content found falls as much as 1.00 per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.50 of one per cent additional deficiency or fraction thereof.
- (10) Sulfur: If the sulfur content is found to be as much as 1.50 per cent below the minimum amount guaranteed in the case of all mixed fertilizers, including mixed fertilizers branded for tobacco, a penalty of fifty cents per ton for each 0.50 of one per cent additional excess or fraction thereof, shall be assessed.
- (11) Deficiencies or excesses in any other constituent or constituents covered under subdivisions (6) and (7), subsection (a), § 106-50.4 which the registrant is required to or may guarantee shall be evaluated by the Commissioner and penalties therefor shall be prescribed by the Commissioner.

(c) All penalties assessed under this section shall be paid to the consumer of the lot of fertilizer represented by the sample analyzed within three months from the date of notice by the Commissioner to the distributor, receipts taken therefor, and promptly forwarded to the Commissioner: Provided, that in no case shall the total assessed penalties exceed the commercial value of the goods to which it applies. If said consumers cannot be found, the amount of the penalty assessed shall be paid to the Commissioner who shall deposit the same in the Department of Agriculture fund, of which the State Treasurer is custodian. Such sums as shall be found to be payable to consumers on lots of fertilizer against which said penalties were assessed shall not be subject to claim by the consumer after twelve months from the date of assessment. (1947, c. 1086, s. 8; 1955, c. 354, s. 4.)

Editor's Note. — Paragraph (b) (3) of this section is printed just as it appears in the authenticated copy of the act. However, there seems to be something missing between "per cent" and "guaranteed" in

the phrase "four per cent guaranteed" near the end of the paragraph.

The 1955 amendment rewrote the last sentence of subsection (c).

§ 106-50.9. Determination and publication of commercial values.

—For the purpose of determining the commercial values to be applied under the provisions of § 106-50.8, the Commissioner shall determine and publish annually the values per pound of nitrogen, phosphoric acid, and potash in commercial fertilizers in this State. The values so determined and published shall be used in determining and assessing penalties. (1947, c. 1086, s. 9.)

§ 106-50.10. Minimum plant food content.—No superphosphate containing less than eighteen per cent available phosphoric acid nor any mixed

fertilizer in which the sum of the guarantees for the nitrogen, available phosphoric acid, and soluble or available potash totals less than twenty per cent may be offered for sale, sold, or distributed in this State except for one grade of tobacco plant bed fertilizer in which the sum of the guarantees for total nitrogen, available phosphoric acid, and soluble or available potash shall not total less than sixteen per cent and except for complete field fertilizer containing twenty-five per cent or more of their nitrogen in water insoluble form of plant or animal origin, in which case the total nitrogen, available phosphoric acid, and soluble or available potash need not total more than eighteen per cent. - (1) Any economic poison which is not registered pursuant to the provisions of § 106-65.5, or any economic poison if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of an economic poison differs from its composition as represented in connection with its registration: Provided, that, in the discretion of the Commissioner, a change in the labeling or formula of an economic poison may be made within a registration period without requiring reregistration of the product: Provided further, that changes at no time are permissible if they lower the efficacy of the product.
 - (2) Any economic poison unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one through which the required information on the immediate container cannot be clearly read, a label bearing:

 - (5) Any economic poison which is adulterated or misbranded, or any device which is misbranded.
- (b) It shall be unlawful:
- (1) For any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in this article or the rules and regulations promulgated hereunder, or to add any substance to, or take any substance from an economic poison in a manner that may defeat the purpose of this article;

§ 106-65.4. **Injunctions.**—In addition to the remedies herein provided the Commissioner of Agriculture is hereby authorized to apply to the superior court for, and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of § 106-65.3, irrespective of whether or not there exists an adequate remedy at law. (1947, c. 1087, s. 4.)

§ 106-65.5. **Registration.**—(a) Every economic poison which is distributed, sold, or offered for sale within this State or delivered for transportation or transported in interstate commerce or between points within this State shall be registered in the office of the Commissioner, and such registrations shall be renewed annually; provided, that products which have the same formula, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same economic poison may be registered as a single economic poison; and additional names and labels may, in the discretion of the Commissioner, be added by supplement statements during the current period of registration. The registrant shall file with the Commissioner a statement including:

- (1) The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;
- (2) The name of the economic poison;
- (3) A complete copy of the labeling accompanying the economic poison and a statement of all claims to be made for it including directions for use; and
- (4) If requested by the Commissioner a full description of the tests made and the results thereof upon which the claims are based. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the economic poison was registered or last reregistered.

(b) The registrant, before selling or offering for sale any economic poison in this State, shall register each brand or grade of such economic poison with the Department of Agriculture upon forms furnished by the Department, and, for purposes of defraying expenses connected for the enforcement of this article, shall pay to the Department an annual inspection fee of ten (\$10.00) dollars for each and every brand or grade to be offered for sale in this State, whereupon there shall be issued to the registrant by the Department of Agriculture, a certificate entitling the registrant to sell all duly registered brands in this State until the expiration of the certificate. All certificates shall expire on December 31st of each year and are subject to renewal upon receipt of annual inspection fees.

(c) The Commissioner, whenever he deems it necessary in the administration of this article, may require the submission of the complete formula of any economic poison. If it appears to the Commissioner that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of this article, he shall register the article.

(d) If it does not appear to the Commissioner that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this article, he shall notify the registrant of the manner in which the article, labeling, or other material required to be submitted fail to comply with the article so as to afford the registrant an opportunity to make the necessary corrections.

(e) The Commissioner is authorized and empowered to refuse to register, or to cancel the registration of, any brand of economic poison as herein provided, upon satisfactory proof that the registrant has been guilty of fraudulent and deceptive practices in the evasions or attempted evasions of the provisions of this article or any rules and regulations promulgated thereunder: Provided, that no registration shall be revoked or refused until the registrant shall have been given a hearing by the Board of Agriculture.

(f) Notwithstanding any other provision of this article, registration is not required in the case of an economic poison shipped from one plant within this State to another plant within this State operated by the same person. (1947, c. 1087, s. 5.)

§ 106-65.6. Determination; rules and regulations; uniformity.—(a) The Commissioner is authorized, after opportunity for a hearing:

(b) The Commissioner is further authorized:

- (1) To effect the collection and examination of samples of economic poisons and devices to determine compliance with the requirements of this article; and he shall have the authority at all reasonable hours to enter into any car, warehouse, store, building, boat, vessel or place supposed to contain economic poison, or devices, for the purpose of inspection or sampling, and to procure samples for analysis or examination from any lot, package or parcel of economic poison, or any device;
- (2) To publish from time to time, in such forms as he may deem proper, complete information concerning the sale of economic poisons, together with such data on their production and use as he may consider advisable, and reports of the results of the analyses based on official samples of economic poisons sold within the State.

(c) The Board of Agriculture is authorized to prescribe, after public hearing

following due public notice, such rules, regulations, and standards relating to the sale and distribution of economic poisons as they may find necessary to carry into effect the full intent and meaning of this article.

(d) In order to avoid confusion endangering the public health, resulting from diverse requirements, particularly as to the labeling and coloring of economic poisons, and to avoid increased costs to the people of this State due to the necessity of complying with such diverse requirements in the manufacture and sale of such poisons, the Board of Agriculture and the Commissioner are authorized and empowered to co-operate with, and enter into agreements with, any other agency of this State, the United States Department of Agriculture, and any other state or agency thereof for the purpose of carrying out the provisions of this article and securing uniformity of regulations. (1947, c. 1087, s. 6.)

§ 106-65.7. Violations.—(a) If it shall appear from the examination or evidence that any of the provisions of this article or the rules and regulations issued thereunder have been violated, the Commissioner may cause notice of such violation to be given to the registrant, distributor, and possessor from whom said sample or evidence was taken. Any party so notified shall be given an opportunity to be heard under such rules and regulations as may be prescribed by the Board of Agriculture. If it appears after such hearing that there has been a sufficient number of violations of this article or the rules and regulations issued thereunder, the Commissioner may certify the facts to the proper prosecuting attorney and furnish that officer with a copy of the results of the examination of such sample duly authenticated by the analyst or other officer making the examination under the oath of such officer. It shall be the duty of every solicitor to whom the Commissioner shall report any violation of this article to cause proceedings to be prosecuted without delay for the fines and penalties in such cases. Any person convicted of violating any provisions of this article or the rules and regulations issued thereunder shall be adjudged guilty of a misdemeanor and shall be punished in the discretion of the court.

(b) Nothing in this article shall be construed as requiring the Commissioner to report for the institution of proceedings under this article, minor violations of this article, whenever the Commissioner believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning. (1947, c. 1087, s. 7.)

§ 106-65.8. Exemptions.—The penalties provided for violations of subsection (a) of § 106-65.3 shall not apply to:

- (2) Public officials of this State and the federal government engaged in the performance of their official duties;
- (3) The manufacturer or shipper of an economic poison for experimental use only:
 - a. By or under the supervision of an agency of this State or of the federal government authorized by law to conduct research in the field of economic poisons; or
 - b. By others if the economic poison is not sold and if the container thereof is plainly and conspicuously marked "For experimental use only—Not to be sold", together with the manufacturer's name and address: Provided, however, that if a written permit has been obtained from the Commissioner, economic poisons may be sold for experimental purposes subject to such restrictions and conditions as may be set forth in the permit;

- (4) Any person who establishes a guaranty signed by, and containing the name and address of, the registrant or person residing in the United States from whom he purchased and received in good faith the article in the same unbroken package, to the effect that the article was lawfully registered at the time of sale and delivery to him, and that it complies with the other requirements of this article, designating this article. In such case the guarantor shall be subject to the penalties which would otherwise attach to the person holding the guaranty under the provisions of this article. (1947, c. 1087, s. 8.)

§ 106-65.9. **Short weight.**—If any economic poison in the possession of consumers is found by the Commissioner to be short in weight, the registrant of said economic poison shall within thirty days after official notice from the Commissioner pay to the consumer a penalty equal to four times the value of the actual shortage. (1947, c. 1087, s. 9.)

§ 106-65.10. **"Stop sale" orders.**—It shall be the duty of the Commissioner to issue and enforce a written or printed "stop sale, use, or removal" order to the owner or custodian of any lot of economic poison and to hold at a designated place when the commissioner finds said economic poison is being offered or exposed for sale in violation of any of the provisions of this article until the law has been complied with and said economic poison is released in writing by the Commissioner or said violation has been otherwise legally disposed of by written authority. The Commissioner shall release the economic poison so withdrawn when the requirements of the provisions of this article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1947, c. 1087, s. 10.)

§ 106-65.11. **Seizures, condemnation and sale.**—Any lot of economic poison not in compliance with the provisions of this article shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said economic poison is located. In the event the court finds the said economic poison to be in violation of this article and orders the condemnation of said economic poison, it shall be disposed of in any manner consistent with the quality of the economic poison and the laws of the State: Provided, that in no instance shall the disposition of said economic poison be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of said economic poison or for permission to process or relabel said product to bring it into compliance with this article. (1947, c. 1087, s. 11.)

§ 106-65.12. **Delegation of duties.**—All authority vested in the Commissioner by virtue of the provisions of this article may with like force and effect be executed by such employees of the Department of Agriculture as the Commissioner may from time to time designate for said purpose. Frequency of such examinations shall be at the discretion of the Commission, based upon the number of applications received, provided that a minimum of two examinations shall be held annually. The Commission shall be entitled to collect from each qualified person who makes application to take the examination to become a registered structural pest control operator, wood destroying organism control operator, or fumigator, the sum of twenty-five dollars (\$25.00), which shall be in full for the examination. Any or all examinations may be taken at the same time for the payment of one fee and in case the applicant shall not be licensed, he or she shall have the right to take one additional examination at a regularly scheduled examination, without the payment of an additional fee.

(1955, c. 1017.)

§ 106-65.28. **Revocation of license.**—Any license may be revoked by a majority vote of the Commission, after notice and hearings as specified in § 106-65.32, and for the following causes:

§ 106-65.30. **Inspectors; inspections and reports of violations; designation of resident agent.**—For the enforcement of the provisions of this article, the State Commissioner of Agriculture is hereby authorized and empowered to appoint one or more qualified inspectors, the salaries and traveling expenses for whom shall be paid only from funds of the Commission. The State Commissioner of Agriculture shall enforce compliance with the provisions of this article by making or causing to be made periodical and unannounced inspections of work done by individuals, firms, partnerships, corporations, associations, or any other organizations or any combination thereof, engaged in the business of structural pest control, wood destroying organism control, or fumigation in the State of North Carolina, and it shall be the further duty of the inspectors of the State of North Carolina to promptly and diligently report to the State Commissioner of Agriculture all violations of the provisions of this article or of any other law now or hereafter enacted regulating or governing the practice of structural pest control, wood destroying organisms control or fumigation or the operation of a structural pest control business in the State of North Carolina: Provided nothing herein contained shall be construed to authorize inspection of any property without the permission of the owner or occupant.

Every nonresident owner shall designate a resident agent upon whom service of notice or process may be made to enforce the provisions of this article or any liabilities arising hereunder. (1955, c. 1017.)

§ 106-65.31. **Annual license fee; registration of solicitors and servicemen; identification card for employees.**—The fee for the issuance of an annual license for any phase of structural pest control under this article

shall be fifty dollars (\$50.00); provided, that when or any time after the fee for a license for any one phase is paid, the holder of said license may secure a license for either or both of the other two phases for a fee of twenty-five dollars (\$25.00) per license. Licenses shall expire on June 30 of each year and shall be renewable annually upon the payment of the required fee; provided, that if any license holder fails to renew said license before August 1 of each year, then he may be required to pay a penalty of ten dollars (\$10.00), in addition to ordinary license fees. The license holder shall register with the Commissioner of Agriculture or his duly appointed representative the names of all solicitors and servicemen (not common laborers) and shall pay to said Commissioner a registration fee of one dollar (\$1.00) at the time each name is registered, which shall be within 30 days after employment. All registrations expire when the license expires. Each employee for whom application is made and fee is paid shall be issued an identification card, which shall be carried on his or her person at all times when performing work. Said identification card shall be displayed upon demand to the person or persons for whom such work is being performed. The licensee shall be responsible for making application for an operator's identification card for any regularly employed serviceman, salesman or estimator.

It shall be unlawful for a serviceman, salesman, or estimator to actually engage in the performance of work covered by this article without having such identification card in his possession, provided that the licensee shall have 30 days after employing a serviceman, salesman, or estimator within which to apply for operator's identification card. The operator's identification card provided for hereunder shall be effective only while the serviceman, salesman, or estimator shall remain in the employ of the licensee making the original application. (1955, c. 1017; 1957, c. 1243, s. 4.)

(1887, c. 199; 1905, cc. 201, 523; Rev., s. 3812; C. S., s. 5083; 1929, c. 281, s. 1.)

Any person failing or refusing to comply with this section shall be guilty of a misdemeanor for each offense, and upon conviction shall be fined not exceeding fifty dollars or imprisoned not more than thirty days. (1919, c. 43; C. S., s. 5084.)

ARTICLE 5A.

Marketing of Farmers Stock Peanuts.

§ 106-67.1. **Purpose of article.**—The purpose of this article is to promote fair trade practices among growers, handlers and buyers in the selling and buying of farmers stock peanuts, so as to ensure fair grading, weighing, labeling, inspecting and computing of purchase price. (1957, c. 1053, s. 1.)

§ 106-67.2. **Licenses to buy peanuts required; purchases for seed excepted.**—Each person, firm or corporation that buys one (1) ton or more of farmers stock peanuts from producers for his account or the account of others during any calendar year shall obtain a license from the Commissioner of Agriculture each year to conduct such business. This article shall not apply to purchasers who buy peanuts for seed purposes only. (1957, c. 1053, s. 2.)

§ 106-67.3. **Issuance of license; fee; effective period; use of fees collected.**—(a) The Commissioner of Agriculture shall issue a license to any person, firm or corporation desiring to buy farmers stock peanuts upon the receipt of a prescribed application accompanied by a ten dollar (\$10.00) license fee; provided, however, that the Commissioner may withhold the issuance of a license to any applicant who has been convicted of violating any provision of this article until the Commissioner has been given reasonable assurance that the applicant will comply with the provisions of this article and the rules and regulations adopted pursuant thereto.

(b) The effective period of the license shall be from July 1 through June 30 of each year.

(c) The moneys collected for license fees shall be used only for the administration and enforcement of the provisions of this article. (1957, c. 1053, s. 2.)

§ 106-67.4. **Advisory Committee.** — The Commissioner of Agriculture shall appoint an Advisory Committee consisting of five members: Two members to represent North Carolina peanut growers, at least one of whom shall represent the membership of the North Carolina Peanut Growers' Association; one member to represent the Cooperative Marketing Association serving the peanut growers of North Carolina; one member to represent the North Carolina peanut commission buyers; and one member to represent the peanut millers and shellers of North Carolina. The term of office of each member shall commence on July 1 of each year, or as soon thereafter as he is appointed and continue to the following June 30.

The duties of this Committee shall be to act in an advisory capacity to the Commissioner of Agriculture and the North Carolina State Board of Agriculture in formulating rules and regulations and in other matters relating to the administration of this article. (1957, c. 1053, s. 3.)

§ 106-67.5. **False certificates, etc.; false representations.**—It shall be unlawful for any person, firm or corporation knowingly to falsely make, issue,

alter, forge or counterfeit any official certificate, memorandum, or falsely represent the weight, grade, class, quantity or condition or to knowingly represent that the peanuts have been officially inspected or graded (by an authorized government inspector or grader) when such product in fact has not been so graded or inspected. (1957, c. 1053, s. 4.)

§ 106-67.6. Inspections and investigations by Commissioner.—In order to carry out the purposes of this article effectively, the Commissioner of Agriculture is authorized to inspect or investigate transactions for the sale or delivery of farmers stock peanuts to persons acting as handlers; to require verified reports and accounts of all authorized handlers; to examine books, accounts, memoranda, equipment, warehouses, storage and other facilities and articles connected with the business of handlers of farmers stock peanuts. The Commissioner of Agriculture is hereby authorized to suspend the license of any person, firm or corporation, upon being convicted of violating any provision of this article, for any period of the remaining part of the licensed year within his discretion. (1957, c. 1053, s. 7.)

ARTICLE 6.

Cottonseed Meal.

§ 106-68. Cottonseed meal defined; inspection tax.—Cottonseed meal is a product of the cottonseed only, composed principally of the kernel with such portion of the fiber or hull and oil as may be left in the course of manufacture of cottonseed oil, and when sold for use as fertilizer or feed shall be subject to an inspection tax of twenty-five cents per ton and be subject to inspection as other fertilizers or fertilizing materials, unless sold to manufacturers for use in manufacturing fertilizers or feed. (1917, c. 242, s. 1; C. S., s. 4704; 1939, c. 286.)

Editor's Note.—The 1939 amendment increased the inspection tax from twenty to twenty-five cents per ton.

§ 106-69. Bags to be branded with specified particulars.—All cottonseed meal offered for sale, unless sold to manufacturers for use in manufacturing fertilizers or feed, shall have plainly branded on the bag containing it, or on the tag attached thereto, the following data:

- (1) Cottonseed meal (with brand and grade).
- (2) Weight of package.
- (3) Ammonia and protein.
- (4) Name and address of manufacturer. (1917, c. 242, s. 2; C. S., s. 4705.)

§ 106-70. Grades and standards established.—No person, firm, or corporation shall offer for sale any cottonseed meal except as provided in § 106-69, graded and classed as follows:

- (1) Prime cottonseed meal by analysis must contain at least seven and one-

half per cent of ammonia or thirty-eight and fifty-six one-hundredths per cent of protein.

- (2) Good cottonseed meal by analysis must contain at least seven per cent of ammonia, or thirty-six and no one-hundredths per cent of protein.
- (3) Ordinary cottonseed meal by analysis must contain at least six and one-half per cent of ammonia, or thirty-three and forty-four hundredths per cent of protein. (1917, c. 242, s. 3; C. S., s. 4706.)

The purpose of these sections is to promote agriculture by insuring the sale of fertilizers containing plant food in certain proportions and of sufficient quality and

quantity and to protect those who cultivate the soil from imposition and fraud. *State v. Faulkner*, 175 N. C. 787, 95 S. E. 171 (1918).

§ 106-71. Rules to enforce statute; misdemeanor.—The Board of Agriculture is empowered and directed to make such rules and regulations as are necessary to a proper carrying into effect of the provisions of this article, and to provide for all such tags as manufacturers may demand, upon paying the tax therefor. Any person willfully violating any of the regulations made by the Board of Agriculture in connection with the provisions of this article shall be guilty of a misdemeanor. (1917, c. 242, s. 4; C. S., s. 4707.)

§ 106-72. Sales without tag; misuse of tag; penalty; forfeiture.—Every merchant, trader, manufacturer, or agent who shall sell or offer for sale any cottonseed meal without having attached thereto such labels, stamps, and tags as are required by law, or who shall use the required tag a second time to avoid the payment of the tonnage charge, and every person who shall aid in the fraudulent selling or offering for sale of any cottonseed meal, shall be liable to a penalty of the price paid the manufacturer for each separate bag, barrel, or package sold, offered for sale, or removed, to be recovered by the Commissioner of Agriculture by suit brought in the name of the State, and any amount so recovered shall be paid one half to the informant and one half to the State Treasurer for the use of the Department of Agriculture. If any such cottonseed meal shall be condemned, as provided by law, it shall be the duty of the Department to have an analysis made of the same; cause printed tags or labels expressing the proper grade to be put upon each bag, barrel, or package, and shall fix the commercial value at which it may be sold; and it shall be unlawful for any person to sell, offer for sale, or remove any such cottonseed meal, or for any agent of any railroad or other transportation company to deliver any such cottonseed meal in violation of this section. (1917, c. 242, s. 4; C. S., s. 4708.)

Penalty Not Applicable to Purchaser.—In construing a former statute of similar import, it was held that the penalty applies to the manufacturer or anyone, either as principal or agent, who sells or offers to sell, or removes the fertilizer, and the word "revoke" does not apply to the purchaser

who receives the fertilizer not for sale, but for use, and when the only removal by him is taking the fertilizer from the railroad station and then distributing the same under his crops. *Johnson v. Carson*, 161 N. C. 371, 77 S. E. 307 (1913).

§ 106-73. Sales contrary to article a misdemeanor.—Any person, firm, or corporation who shall sell or offer for sale or shall act as agent or broker for the manufacturer of or dealer in any cottonseed meal contrary to the provisions above set forth shall be guilty of a misdemeanor. (Rev., s. 3814; 1917, c. 242, s. 5; 1919, c. 13, s. 2; C. S., s. 4709.)

In General.—The fact that neither knowledge of the defect nor intent to defraud is made an element in the criminal offense is strong reason for confining the statute to the manufacturer, who should be held to have knowledge of the composition of the fertilizer he offers for sale, and

to the owner, not a manufacturer, and his agent with authority to sell, who have the opportunity to test the fertilizer before they sell it. *State v. Faulkner*, 175 N. C. 787, 95 S. E. 171 (1918).

Applied in *State v. Oil Co.*, 154 N. C. 635, 70 S. E. 741 (1911).

§ 106-74. **Forfeiture for unauthorized sale; release from forfeiture.**—All cottonseed meal sold or offered for sale contrary to the provisions above set forth shall be subject to seizure, condemnation, and sale by the Commissioner of Agriculture. The net proceeds from such sale shall be placed in the general fund of the Department and accounted for upon its books. The Commissioner, however, shall have the discretion to release the meal so seized and condemned upon compliance with the law as set forth above and the payment of all costs and expenses incurred by the Department in any proceedings connected therewith. (1917, c. 242, s. 5; C. S., s. 4710.)

§ 106-75. **Method of seizure and sale on forfeiture.**—Such seizure and sale shall be made under the direction of the Commissioner of Agriculture by an officer or agent of the Department; the sale to be made at the courthouse door in the county in which the seizure is made, after thirty days advertisement in some newspaper published in said county, or if no newspaper is published in said county, then by like advertisement in a newspaper published in the nearest county thereto having a newspaper. The advertisement shall state the grade of the meal, the quantity, why seized and offered for sale. (1917, c. 242, s. 5; C. S., s. 4711.)

§ 106-76. **Collection and analysis of samples.**—The Department of Agriculture shall have the same authority and powers for taking and analyzing samples of cottonseed meal as are provided in case of commercial fertilizers and fertilizer materials; and the same procedure as to law and regulations shall be followed in taking such samples of cottonseed meals as are prescribed and followed for taking samples of fertilizer and fertilizer materials. (1919, c. 271; C. S., s. 4712.)

§ 106-77. **Sales below guaranteed quality; duties of Commissioner.**—When the Commissioner of Agriculture shall be satisfied that any cottonseed meal is five per cent below the guaranteed analysis, it shall be his duty to assess twice the value of said deficiency against the manufacturer, and if said cottonseed meal shall fall as much as ten per cent below the guaranteed analysis it shall be his duty to assess three times the value of said meal and require that his findings of said deficiency be made good to all persons who, in the opinion of the Commissioner, have purchased the said meal; and the Commissioner may seize any meal belonging to said company, to the value of the deficiency, if the deficiency shall not be paid within thirty days after notice to the company. If the Commissioner shall be satisfied that the deficiency in analysis was due to intention or fraud of the manufacturer, then the Commissioner shall assess and collect from the manufacturer twice the amount above provided for and pay over the same to parties who purchased said meal. If any manufacturer shall resist such collection or payment, the Commissioner shall immediately publish the analysis and the facts in the Bulletin and in such newspapers in the State as he may deem necessary. (1917, c. 242, s. 7; C. S., s. 4713.)

§ 106-78. **Adulteration prohibited.**—It shall be unlawful for any manufacturer to adulterate cottonseed meal in the process of manufacture or otherwise. (1917, c. 242, s. 8; C. S., s. 4714.)

ARTICLE 7.

Pulverized Limestone and Marl.

§ 106-79. **Board of Agriculture authorized to make and sell lime to farmers.**—The North Carolina Board of Agriculture is authorized and directed, for the purpose of furnishing marl or limestone to the farmers of the State, to make such arrangements as they deem advisable for this purpose, and to this end may lease or purchase oyster shells in large quantities and beds of limestone, and erect machinery suitable for the preparation of the material for use by the farm-

ers; and any lime so prepared and any by-products shall be sold for agricultural purposes to the citizens of the State at a reasonable cost which shall produce an amount of money sufficient to maintain and operate the plant. (1919, c. 182, s. 1; C. S., s. 4715.)

§ 106-80. **Convict labor authorized.** — With the approval of the Governor, when requested by the Board of Agriculture, the chairman of the State Highway Commission may furnish a superintendent with a squad of able-bodied convicts, not to exceed fifty, to do such work as the Commissioner, with the authority of the Board, may deem necessary to mine, prepare, load and dispose of the material. The Board shall pay the state quarterly such amount as shall be agreed upon by the chairman of the State Highway Commission and the Board of Agriculture for their work, out of the proceeds of the sales, and the State shall guard, feed, clothe, and work such convicts: Provided, that after the first year's operations the expenses of the work shall not exceed the amount of the sales. (1919, c. 182, s. 2; C. S., s. 4716; 1933, c. 172, s. 18.)

Editor's Note.—By virtue of Acts 1957, has been substituted for "State Highway c. 65, s. 11, "State Highway Commission" and Public Works Commission."

ARTICLE 8.

§ 106-81. **Regulation of sale, etc., of agricultural liming material, etc.**—All agricultural liming material, agricultural liming material with potash, and land plaster, hereinafter named either as the aforesaid separate items, or collectively as "materials coming under this article," or as "said materials," to be sold, offered, or exposed for sale in this State, shall be subject to regulation as provided by the following sections of this article. (1941, c. 275, s. 1.)

- (2) A brand or trade name truly descriptive of the product.
- (3) The guaranteed analysis showing:

a. In case of agricultural liming materials, the minimum per cent of calcium expressed as calcium carbonate (CaCO_3) and of magnesium expressed as magnesium carbonate (MgCO_3) if the product be unburned or a mixture of both burned and unburned material; or as calcium oxide (CaO) and magnesium oxide (MgO) if the product be in the burned state and, in either case, the total neutralizing value expressed as calcium carbonate equivalent or neutralizing equivalent, and the fineness of the material, excepting that guarantee of screen analysis shall not be required for the products from completely burned limestone or shells. (The terms "calcium carbonate equivalent" and "neutralizing equivalent," for the purpose of this article, shall mean one and the same thing. Fineness shall be determined by screens complying with the specifications of the United States Bureau of Standards.)

b. In case of agricultural liming material with potash, the same re-

quirement as for agricultural liming material, subdivision (3) a of this section, but including also the minimum per cent of available potash as the oxide (K_2O). In case of materials sold in packages, the said information shall be plainly printed upon the package, or upon a tag or label attached thereto, of such quality and in such manner that it shall withstand normal handling, and, in case of material sold in bulk, the said statement shall be delivered to the purchaser either with the material, or with the invoice therefor. Registration and tonnage fees; tags showing payment; reporting system; license certificates.—(a) For the purpose of defraying expenses connected with the registration, inspection and analysis of the materials coming under this article, there shall be paid, by the manufacturers or vendors, to the Department of Agriculture, for each brand or grade of said materials registered as required under § 106-82, an annual registration fee of five dollars (\$5.00) for each calendar year or part thereof, said fee to be paid at the time of registration.

(b) Likewise, in addition to the above stated registration fee there shall be paid upon said materials sold in this State, in the manner specified under subsection (c) of this section, tonnage fees as follows: For agricultural liming material, five cents per ton; for agricultural liming material with potash, twenty-five cents per ton; and for land plaster, five cents per ton; excepting that these fees shall not apply to materials which are sold to fertilizer manufacturers for the sole purpose of use in the manufacture of fertilizer.

(c) Each bag, parcel, or shipment of said materials shall have attached thereto a tag, or label, to be furnished by the Department of Agriculture, stating that all charges specified in this article have been paid, and the Commissioner of Agriculture, with the advice and consent of the Board of Agriculture is hereby empowered to prescribe a form for such tags, or labels, and to adopt such regulations as will insure enforcement of this article. Whenever any manufacturer or vendor shall have paid the required charges, his goods shall not be liable to any further tax, whether by city, town or county. Tax tags or labels shall be issued each year by the Commissioner of Agriculture, and sold to persons applying for same at the tax rate provided herein. Tags or labels left in the possession of persons registering the materials coming under this article, at the end of a calendar year, may be exchanged for tags or labels for the next succeeding year.

Any manufacturer, importer, jobber, firm, corporation or person who distributes materials coming under this article in this State may make application for a permit to report the materials sold and pay the tonnage fees as set forth in subsection (b) of this section, as the basis of said report, in lieu of affixing inspection tags or labels. The Commissioner of Agriculture may, in his discretion, grant such permit. The issuance of all permits will be conditioned on the applicant's

satisfying the Commissioner that he has a good bookkeeping system and keeps such records as may be necessary to indicate accurately the tonnage of liming materials, etc., sold in the State and as are satisfactory to the Commissioner of Agriculture, and granting the Commissioner, or his duly authorized representative, permission to examine such records and verify the statement. The report shall be quarterly and the tonnage fees shall be due and payable quarterly, on or before the tenth day of January, April, July, and October of each year, covering the tonnage of liming materials, etc., sold during the preceding quarter. The report shall be under oath and on forms furnished by the Commissioner. If the report is not filed and the tonnage fees paid by the tenth day following the date due or if the report be false, the Commissioner may revoke the permit, and if the tonnage fees be unpaid after a fifteen day grace period, the amount shall bear a penalty of ten per cent which shall be added to the tonnage fees due and shall constitute a debt and become the basis of judgment against the securities or bonds which may be required. In order to guarantee faithful performance with the provisions of this paragraph each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the Commissioner cash in the amount of two hundred fifty dollars (\$250) or securities acceptable to the Commissioner of a value of at least two hundred fifty dollars (\$250) or shall post with the Commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The Commissioner shall approve all such securities and bonds before acceptance.

(d) To manufacturers or vendors of the materials covered in this article, who have registered their brands of the said materials and paid registration fees as required herein, shall be issued by the Commissioner of Agriculture, without further charge, certificates licensing said manufacturers or vendors, themselves or through their agents, to sell in this State the brands of materials named in said certificate, for the period of time designated therein. (1941, c. 275, s. 4; 1949, c. 828.)

Editor's Note. — The 1949 amendment added the second paragraph of subsection (c).

§ 106-85. **Report of sales.**—In addition to the statement required under § 106-82, each manufacturer or vendor of the materials covered in this article shall, on or before the first day of February of each year, file with the Department of Agriculture a written report showing the total number of net tons of each brand and grade of the said materials sold by him, or his representatives or agents in this State, during the last preceding year. License for the sale of said materials within this State shall not be issued for a succeeding year to any manufacturer or vendor for the continued sale of his product unless and until said report has been made. (1941, c. 275, s. 5.)

§ 106-86. **Administration; inspections, sampling and analysis.** — It shall be the duty of the Commissioner of Agriculture to institute the necessary proceedings and have prepared the necessary equipment to put into effect the provisions of this article, and to authorize the collecting of official samples of the materials covered by it, to have them analyzed, and to have results published for the information of the public. For this purpose such inspectors or representatives as he may duly authorize shall have full access, ingress and egress to and from all places of business, manufacture, storage, transportation, handling or sale of any of the said materials. They shall also have power to open any container or package containing or supposed to contain any of the said materials, and to take therefrom samples for analysis. The official methods and recommendations of the Association of Official Agricultural Chemists as to sampling and analyzing shall be used in administering this article. (1941, c. 275, s. 6.)

§ 106-87. **Deficiencies; refunds to consumers.**—Should any of the materials coming under this article be found, by procedures authorized thereunder, to be deficient in the constituents as claimed by the manufacturer or vendor thereof, said manufacturer or vendor, upon being officially notified of such deficiency, by the Commissioner of Agriculture, shall, within ninety days following such notification, make refunds to the consumers of the deficient materials as follows: In case of "agricultural liming material" or "agricultural liming material with potash", excepting potash deficiency of the latter, if the deficiency be five per cent or more, there shall be refunded an amount equal to three times the value of such deficiency. In case of "potash" deficiency in "agricultural liming material with potash," there shall be refunded an amount equal to three times the value of the deficiency, if such deficiency is in excess of forty points (which shall mean 0.40 of one per cent) on goods guaranteed four per cent; fifty points (which shall mean 0.50 of one per cent) on goods that are guaranteed five per cent up to and including eight per cent; and sixty points (which shall mean 0.60 of one per cent) on goods guaranteed nine per cent and up to and including twenty per cent; and one hundred points (which shall mean 1.00 per cent) on goods guaranteed over twenty per cent; and in case of land plaster, for deficiencies in excess of one per cent, there shall be refunded an amount equal to three times the value of the deficiency. Values shall be based on the selling price of said materials. When said consumers cannot be found within the above specified time, refunds shall be forwarded to the Commissioner of Agriculture for deposit with the State Treasurer to the credit of the Department of Agriculture, where said refund shall be held for payment to the proper consumer upon order of said Commissioner. Where the consumer to whom the refund is due cannot be found within a period of two years, such refund shall, after said period, revert to the Department of Agriculture for expenditure by said Commissioner in promoting the agricultural program of the State. (1941, c. 275, s. 7.)

§ 106-88. **Violations and penalties.**—Any person or persons selling, offering or exposing for sale in this State any of the materials covered in this article, without first having registered said materials, paid the fees required, secured the required license, and otherwise complied with the requirements of this article; or who shall have caused to be submitted, or to be associated with said registrations or materials, false, fraudulent, or misleading statements; or who shall have caused to be incorporated into said materials any substances which shall be harmful to plants or plant growth; shall be guilty of a misdemeanor, and on conviction shall be sentenced to pay a fine not less than ten dollars (\$10.00) nor more than fifty dollars (\$50.00) for the first offense and not less than one hundred dollars for each subsequent offense. (1941, c. 275, s. 8.)

§ 106-89. **Certified analysis as evidence.**—In the trial of any suit or action wherein there is called in question the value of composition of any of the materials covered by this article, a certified statement of the analysis made by the chemists of the Department of Agriculture shall be admissible as prima facie evidence of the content, value, or composition of said materials. (1941, c. 275, s. 9.)

§ 106-90. **Revocation of licenses; seizure of materials.**—The Commissioner of Agriculture is hereby authorized to revoke any license and require forfeit of fees paid under such license when it is ascertained that the registration upon which said license was issued has given false information in its statement relative to the kind, quality, composition or fineness of the materials sold, or offered for sale, under the provisions of this article; and to seize and withhold from sale or distribution any such materials where it is shown that they are being dispensed in violation of said article. (1941, c. 275, s. 10.)

§ 106-91. **Regulations and standards.** — The Commissioner of Agri-

culture, under the authority of the Board of Agriculture, is further empowered to prescribe and enforce such reasonable rules and regulations relating to the sale of the materials covered in this article as are consistent with the purpose of the article and are deemed necessary to carry into effect its full intent and meaning; and, conjointly with the State Board of Agriculture and the director of the North Carolina Experiment Station, to formulate and prescribe such definitions and standards as may be required for said purpose. (1941, c. 275, s. 11.)

§ 106-92. **Construction of article.**—Nothing in this article shall be construed to restrict or avoid sales or exchanges of the materials coming under this article to each other by importers, manufacturers or manipulators who mix said materials for sale, or as preventing the free and unrestricted shipments of said materials to manufacturers or manipulators who have registered their brands as required by the provisions of this article. (1941, c. 275, s. 12.)

ARTICLE 9.

Commercial Feeding Stuffs.

§ 106-93. **Packages to be marked with statement of specified particulars; methods of analysis.** — Every lot or parcel of concentrated commercial feeding stuff sold, offered or exposed for sale within this State shall have affixed thereto or printed thereon, in a conspicuous place on the outside thereof, a legible and plainly printed statement in the English language clearly and truly certifying the weight of the package; the name, brand, or trademark under which the article is sold; the name and address of the manufacturer, jobber, or importer; the names of each and all ingredients of which the article is composed; a guarantee that the contents are pure and unadulterated, and a statement of the maximum percentage it contains of crude fiber, and the percentage of crude fat, and the percentage of crude protein: Provided, that minerals and other materials not valuable for their protein and fat content shall be labeled in accordance with rules and regulations promulgated by the State Board of Agriculture. The methods of analysis shall be those adopted as official by the Board of Agriculture and shall conform to sound laboratory practices as evidenced by methods prescribed by the Association of Official Agricultural Chemists of the United States. In the absence of methods prescribed by the Board, the Commissioner shall prescribe the methods of analysis. (1909, c. 149, s. 1; C. S., s. 4724; 1949, c. 638, s. 1; 1953, c. 698, s. 3; 1955, c. 868, s. 1.)

Editor's Note. — The 1949 amendment struck out the latter part of the former section and inserted in lieu thereof the proviso and the last two sentences.

The 1953 amendment deleted the words "and the percentage of carbohydrates" formerly appearing immediately after the word "protein" in line ten.

The 1955 amendment inserted the reference to "sound laboratory practices" in the next to the last sentence and added "of the United States" at the end of the sentence.

It also substituted "the Board" for "said Association" in the last sentence.

Implied Warranty. — Under the provisions of this section and sections 106-95 and 106-100, there is an implied warranty that foodstuff sold for cattle is reasonably fit for the purpose intended, and that it is not composed of harmful or deleterious substances that will produce injury or death to the cattle fed therewith. *Poovy v. International Sugar Co.*, 191 N. C. 722, 133 S. E. 12 (1926).

§ 106-94. **Weight of packages prescribed.** — All concentrated commercial feeding stuffs, except that in bags or packages of five pounds or less, shall be in standard weight bags or packages of ten, twenty-five, fifty, seventy-five, eighty, one hundred, one hundred and twenty-five, one hundred and fifty, one hundred and seventy-five, and two hundred pounds. (1909, c. 149, s. 1; C. S., s. 4725; 1943, c. 225, s. 1; 1953, c. 1113.)

Editor's Note.—The 1943 amendment inserted the exception clause and added "ten" to the list of weights. Section 6 of the amendatory act, which also amended §§ 106-96, 106-102 and 106-106 and inserted §§ 106-97.1 and 106-102.1, provides that the

act shall not repeal or nullify any of the provisions of the Uniform Weights and Measures Act [§§ 81-1 et seq.], or any rules and regulations promulgated pursuant thereto.

The 1953 amendment added "eighty" to the list of weights.

§ 106-95. "Commercial feeding stuffs" defined. — The term "commercial feeding stuffs" shall be held to include the so-called mineral feeds and all feeds used for livestock, domestic animals and poultry, except cottonseed hulls, whole unground hays, straws and corn stover, when the same are not mixed with other materials, nor shall it apply to whole unmixed, unground and uncrushed grains or seeds when not mixed with other materials. (1909, c. 149, s. 2; C. S., s. 4726; 1939, c. 354, s. 1; 1949, c. 638, s. 2.)

Editor's Note.—The 1949 amendment rewrote this section as changed by the 1939 amendment.

§ 106-95.1. Custom-mixed feed. — A "custom-mixed feed" is a feed composed of grains or other feed materials grown or stored on the farm of a person, firm, or corporation engaged in farming and ground and mixed with a concentrate or base, for the sole purpose of being fed to the livestock, domestic animals or poultry of the said person, firm or corporation: Provided, this section shall not be construed as prohibiting a farmer from using grain grown or stored on neighboring farms when moved directly by him or his employee to a mill, to his own farm, or to a neighboring storage facility. (1959, c. 1057, s. 1.)

§ 106-96. Copy of statement and sample filed for registration. — Each and every manufacturer, importer, jobber, agent, or seller, before selling, offering or exposing for sale in this State any concentrated commercial feeding stuff, shall, for each and every feeding stuff, file for registration with the Commissioner of Agriculture a copy of the statement required in § 106-93, and accompany said statement, on request, by a sealed glass jar or bottle containing at least one pound of such feeding stuff to be sold, exposed or offered for sale, which sample shall correspond within reasonable limits to the feeding stuff which it represents in the percentages of crude protein, crude fat, crude fiber, and carbohydrates which it contains. For each and every statement so filed, there shall be paid to the Commissioner of Agriculture an annual registration fee of one dollar (\$1.00), payable at the time of registration: Provided, that for each brand of commercial feeding stuff marketed in packages of five pounds or less, there shall be paid to the Commissioner of Agriculture an annual registration fee of twenty-five dollars (\$25.00): Provided, further, that manufacturers, importers, jobbers, agents, or sellers who pay the twenty-five dollars (\$25.00) registration fee prescribed by the above provision on any feeding stuff, shall not be liable for the tonnage fee, prescribed by § 106-99, on the feeding stuff on which said twenty-five dollar (\$25.00) fee is paid.

All registration fees are payable at the time of registration, and shall be payment in full of registration fees through December thirty-first of the year in which paid. All such feeds must be registered anew each year: Provided, that nothing in this section shall be construed as applying to grain or other feed materials supplied by a farmer and used in custom-mixed feed as defined in G. S. 106-95.1. (1909, c. 149, s. 3; C. S., s. 4727; 1939, c. 354, s. 2; 1943, c. 225, s. 2; 1959, c. 1057, ss. 2, 3.)

Editor's Note. — The 1939 amendment added the second sentence as it appeared prior to the 1943 amendment, which added the provisos thereto. The latter amendment also added the second paragraph. See note to § 106-94.

The 1959 amendment deleted the words "bearing a distinguishing name or trademark" formerly following "feeding stuff" in line three of the first paragraph. It also added the proviso to the second paragraph.

§ 106-97. **Agent released by statement of manufacturer.**—When a manufacturer, importer, or jobber of any concentrated commercial feeding stuffs files a statement, as required by § 106-96, no agent or seller of such manufacturer, importer, or jobber, shall be required to file such statement. (1909, c. 149, s. 4; C. S., s. 4728.)

§ 106-97.1. **Registrants required to furnish Commissioner with statement of tonnage sold in this State.**—Each person registering feeding stuff under this article shall furnish the Commissioner of Agriculture with a written statement of the tonnage of each grade or brand of feed sold by him in this State. This statement shall include all sales for the periods from January first to and including December thirty-first of each year. If the above statement is not made within thirty days from the date of notification by the Commissioner, he may, in his discretion, invoke a penalty of not less than ten dollars (\$10.00) nor more than one hundred dollars (\$100.00) on, or cancel the registration of, any person failing to so comply. The Commissioner, however, in his discretion, may grant a reasonable extension of time. (1943, c. 225, s. 3.)

Cross Reference.—See note to § 106-94.

§ 106-98. **Power to refuse or to cancel registration.**—The Commissioner of Agriculture shall have the power to refuse the registration of any concentrated commercial feeding stuff under a name which would be misleading as to the materials of which it is composed, or when the names of each and all ingredients of which it is composed are not stated, or where it does not comply with the standards and rulings adopted by the Board of Agriculture. Should any concentrated commercial feeding stuffs be registered and it is afterwards discovered that they are in violation of any of the provisions of this article, the Commissioner of Agriculture shall have the power to cancel such registration. (1909, c. 149, s. 5; C. S., s. 4729.)

§ 106-99. **Inspection tax on feeding stuffs.**—Each and every manufacturer, importer, jobber, agent, or seller of any concentrated commercial feeding stuff, as defined in this article, shall pay to the Commissioner of Agriculture an inspection tax of twenty-five cents (25c) per ton for each ton of such commercial feeding stuff sold, offered or exposed for sale or distributed in this State. This shall apply to all commercial feeding stuff furnished, supplied or used, for the growing or feeding under contract or agreement, of livestock, domestic animals and poultry, and shall also apply to any feeding stuffs which are produced by the purchase of grain or other materials and the grinding and mixing of same with concentrated commercial feeding stuff being used as a supplement or base. The requirements of this section, however, are subject to the following conditions:

- (1) If the concentrated commercial feeding stuff, used as a supplement or a base, has already been taxed under this article and the inspection tax paid, then the amount paid shall be deducted from the gross amount of tax due on the total feeding stuff produced.
- (2) Only that portion of a custom-mixed feed supplied by a farmer and used in custom-mixed feeds as defined in G. S. 106-95.1 shall be exempt from the feed inspection tax as provided for in this article.
- (3) Whenever any concentrated commercial feeding stuff is kept for sale in bulk, stored in bins or otherwise, the manufacturer, dealer, jobber, or importer keeping the same for sale shall keep on hand cards of proper size, upon which the statement required in § 106-93 is plainly printed; and if the feeding stuff is sold at retail in bulk, or if it is put up in packages belonging to the purchaser, the manufacturer, dealer, jobber, or importer shall furnish the purchaser with one of

said cards upon which is or are printed the statement or statements described in this section.

- (4) Nothing in this article shall be construed to restrict or prohibit the sale of concentrated commercial feeding stuff to importers, manufacturers or manipulators who mix registered concentrated commercial feeding stuff for sale or distribution, if the seller shall send to the Commissioner of Agriculture for each such sale or shipment, at the time of shipment or delivery, a statement that it is to be used only in the manufacture of registered feeds. Such statement shall give the name and address of the manufacturer, date of sale or shipment, name and address of manufacturer to whom sold or shipped, amount shipped, size of packages, and name of feeding stuff.
- (5) The Commissioner of Agriculture, upon demand, shall redeem inspection tags or stamps returned to him on or before April 1, 1960; but such tags or stamps submitted for redemption shall be accompanied by an affidavit that they have not been used. (1909, c. 149, s. 6; C. S., s. 4730; 1939, c. 286; 1949, c. 638, s. 3; 1953, c. 698, s. 1; 1955, c. 868, s. 2; 1959, c. 1057, ss. 4-8.)

Editor's Note. — This section formerly consisted of two paragraphs, the 1949 amendment having added the second paragraph.

The 1953 amendment rewrote the first part of the first paragraph.

The 1955 amendment rewrote the former first paragraph of this section to constitute the present section and removed all of the former second paragraph to constitute § 106-99.1.

The 1959 amendment deleted from the first sentence and subdivision (3) the references to tax tags or stamps. It also re-

wrote subdivisions (2) and (5) and made changes in subdivision (4).

Feeding Stuff below Grade and without Tags.—Upon a purchase of feeding stuff, below grade and without tags, it is the duty of the purchaser to do what he reasonably can to lessen his loss, and the measure of his damages is the difference in value of the goods as it actually is and which it should have been under his contract, and such other expenses as were actually incurred by him in handling it. *Jennette & Co. v. Hay, etc., Co.*, 158 N. C. 156, 73 S. E. 884 (1912).

§ 106-99.1. Reporting system. — Each manufacturer, importer, jobber, firm, corporation, or person who distributes concentrated commercial feeding stuffs in this State shall make application to the Commissioner of Agriculture for a permit to report the tonnage of feeding stuffs sold and shall pay to the North Carolina Department of Agriculture an inspection tax of twenty-five cents (25¢) per ton. The Commissioner of Agriculture is authorized to require each such distributor to keep such records as may be necessary to indicate accurately the tonnage of feeding stuffs sold in the State, and as are satisfactory to the Commissioner of Agriculture. Such records shall be available to the Commissioner, or his duly authorized representative, at any and all reasonable hours for the purpose of making such examination as is necessary to verify the tonnage statement and the tax paid. Each and every distributor shall report the tonnage sold monthly under oath and on forms furnished by the Commissioner. Such reports shall be made and the inspection fee shall be due and payable monthly on the tenth day of each month covering the tonnage and kind of commercial feeding stuffs sold during the preceding month. If the report is not filed and the inspection fee paid by the tenth day following the date due or if the report of tonnage be false, the Commissioner may revoke the permit, and if the inspection fee be unpaid after the fifteen-day grace period, the amount shall bear a penalty of ten per cent (10%) which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bond which may be required. In order to guarantee faithful performance with the provisions of this section each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the Commissioner cash in the amount of five

hundred dollars (\$500.00) or securities acceptable to the Commissioner of a value of at least five hundred dollars (\$500.00) or shall post with the Commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The Commissioner shall approve all such securities and bonds before acceptance. (1909, c. 149, s. 6; C. S., s. 4730; 1939, c. 286; 1949, c. 638, s. 3; 1955, c. 868, s. 3; 1959, c. 1057, s. 9.)

Editor's Note. — Prior to the 1955 amendment the contents of this section were covered by § 106-99. The 1959 amendment rewrote this section.

§ 106-100. Sale without complying with article; sale of feeding stuff below grade; forfeiture; release from forfeiture.—Any manufacturer, importer, jobber, agent, or dealer who shall sell, offer or expose for sale or distribution in this State, any concentrated commercial feeding stuff, as defined above in this article, without complying with the requirements of the preceding sections of this article, or who shall sell or offer or expose for sale or distribution any concentrated commercial feeding stuff which contains substantially a smaller percentage of crude protein or crude fat or carbohydrates or a larger percentage of crude fiber than certified to be contained, or who shall adulterate any feeding stuff with foreign, mineral, or other substance or substances, such as rice chaff or hulls, peanut shells, corn cobs, oat hulls, or similar materials of little or no feeding value, or with substances injurious to the health of domestic animals, shall be guilty of a violation of this article, and the lot of feeding stuff in question shall be subject to seizure, condemnation, and sale by the Commissioner of Agriculture, and the proceeds from said sales shall be covered into the State treasury for the use of the Department executing the provisions of this article. The Commissioner of Agriculture, however, may in his discretion release the feeding stuff so withdrawn when the requirements of the provisions of this article have been complied with, and upon payment of all costs and expenses incurred by the Department of Agriculture in any proceedings connected with such seizure and withdrawal. (1909, c. 149, s. 7; C. S., s. 4731.)

§ 106-101. Method of seizure and sale on forfeiture.—Such seizure and sale shall be made under the direction of the Commissioner of Agriculture or an officer of the Department of Agriculture. The sale shall be made at the courthouse door in the county in which the seizure is made, after thirty days' advertisement in some newspaper published in such county, or if no newspaper is published in such county, then by like advertisement published in the nearest county thereto having a newspaper. The advertisement shall state the name or brand of the goods, the quantity, and why seized and offered for sale. (1909, c. 149, s. 7; C. S., s. 4732.)

§ 106-102. Collection and analysis of sample.—The Commissioner of Agriculture, together with his deputies, agents, and assistants, shall have free access to all places of business, mills, buildings, carriages, cars, vessels, and packages of whatsoever kind used in the manufacture, importation, or sale of any concentrated commercial feeding stuff, and shall have power and authority to open any package containing or supposed to contain any concentrated commercial feeding stuff, and, upon tender and full payment of the selling price of said samples, to take therefrom, in the manner hereinafter prescribed, samples for analysis; and he shall annually cause to be analyzed at least one sample so taken of every concentrated commercial feeding stuff that is found, sold, or offered or exposed for sale in this State under the provisions of this article. Said sample, not less than one pound in weight, shall be taken from not less than ten bags or packages, or if there be less than ten bags or packages, then the sample shall be taken from each bag or package, if it be in bag or package form, or if such feeding stuff be in bulk, then it shall be taken from ten different places of the lot. The sample or samples

taken shall be kept a reasonable length of time by the Department of Agriculture, and on demand a portion of such sample or samples shall be furnished to the manufacturer, importer, or jobber of his feeds for examination by the chemists or other experts of said manufacturer, importer, or jobber. The Department of Agriculture is hereby authorized to publish from time to time in reports or bulletins the results of the analysis of such sample or samples, together with such additional information as circumstances advise: Provided, however, that if such sample or samples as analyzed differ from the statement prescribed in § 106-93, then, at least thirty days before publishing the results of such analysis, written notice shall be given of such results to the manufacturer, importer, agent, or jobber of such stock, if the name and address of such manufacturer, jobber, or importer be known: Provided further, that if the analysis of any such sample differs within reasonable limits only from the statement (prescribed in § 106-93) appearing upon the goods, the manufacturer shall be considered as having complied with the requirements of this article. (Rev., s. 3808; 1909, c. 149, s. 9; C. S., s. 4733; 1943, c. 225, s. 4.)

Editor's Note.—The 1943 amendment rewrote the last proviso. See note to § 106-94.

§ 106-102.1. Misbranding; penalty; payable to purchaser; value of feed; deficiencies of weight.—If the analysis shall show that any feed bearing a guaranteed analysis of twenty-four per cent protein or less falls as much as five per cent (five per cent of the guarantee) and not more than ten per cent (ten per cent of the guarantee) below the guaranteed analysis in protein, twice the value of such deficiency shall be assessed against the manufacturer or guarantor. If the feed shall fall over ten per cent below the guaranteed analysis in protein, the penalty assessed shall be three times the value of the deficiency.

If the analysis shall show that any feed bearing a guaranteed analysis of more than twenty-four per cent protein falls as much as two per cent (two per cent of the guarantee) and not more than four per cent (four per cent of the guarantee) below the guaranteed analysis in protein, twice the value of such deficiency shall be assessed against the manufacturer or guarantor. If the feed shall fall over four per cent below the guaranteed analysis in protein, the penalty assessed shall be three times the value of the deficiency. If the analysis shall show that any feed is deficient in fat by more than fifty hundredths per cent (one-half unit), the Commissioner may, in his discretion, assess a penalty equal to twice the value of the deficiency.

If the fiber content of any lot of feed shall exceed the maximum guarantee by more than two per cent (2%) (two units), a penalty shall be assessed equal to ten per cent (10%) of the value of the feed; provided, if the fiber content of any lot of dairy or dairy cow feed shall exceed a maximum guarantee of fifteen per cent (15%), a penalty shall be assessed equal to ten per cent (10%) of the value of the feed.

If the microscopic analysis or any other analysis reveals that the feed is mislabeled, the Commissioner may, in his discretion, assess a penalty equal to ten per cent (10%) of the value of the feed.

The minimum penalty under any of the foregoing provisions shall in no case be less than three dollars (\$3.00), regardless of the value of the deficiency.

Within sixty days from the date of notice by the Commissioner to the manufacturer, guarantor, dealer, or agent, all penalties assessed and collected under this section shall be paid to the purchaser of the lot of feed represented by the sample analyzed. When such penalties are paid, receipts shall be taken and promptly forwarded to the Commissioner of Agriculture. If said consumers cannot be found, the amount of the penalty assessed shall be paid to the Commissioner of Agriculture who shall deposit the same in the Department of Agriculture fund, of which the State Treasurer is custodian. Such sums as shall thereafter be found to be

payable to consumers on lots of feed against which penalties were assessed shall be paid from said fund on order of the Commissioner of Agriculture. After a twelve months' period such sums as have not been paid to consumers on lots of feed against which said penalties were assessed may be used by the Commissioner of Agriculture as he may see fit for the purpose of promoting the agricultural program of the State.

The Commissioner is authorized to furnish, upon application, such relative values to any persons engaged in the manufacture or sale of feed in this State.

If any feed is found by an inspector of the Department of Agriculture to be short in weight, the manufacturer or guarantor of said feed shall, within ten days of official notice from the Department of Agriculture, make good such deficiency and pay to the consumer a penalty equal to four times the value of the actual shortage. - (3) If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word "imitation" and, immediately thereafter, the name of the food imitated.
- (4) If its container is so made, formed or filled as to be misleading.
- (5) If in package form, unless it bears a label containing
 - a. The name and place of business of the manufacturer, packer, or distributor; and
 - b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: Provided, that under paragraph b of this subdivision reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board of Agriculture.
- (6) If any word, statement, or other information required by or under authority of this article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
- (7) If it purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by § 106-128, unless
 - a. It conforms to such definition and standard, and
 - b. Its label bears the name of the food specified in the definition and standard, and, insofar as may be required by such regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in such food.
- (8) If it purports to be or is represented as
 - a. A food for which a standard of quality has been prescribed by regulations as provided by § 106-128 and its quality falls below such standard unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard; or
 - b. A food for which a standard or standards of fill of container have been prescribed by regulation as provided by § 106-128, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.
- (9) If it is not subject to the provisions of subdivision (7) of this section, unless its label bears
 - a. The common or usual name of the food, if any there be, and
 - b. In case it is fabricated from two or more ingredients, the common or usual name of each such ingredient; except that spices, flavorings, and colorings, other than those sold as such, may be designated as spices, flavorings, and colorings without naming each: Provided, that, to the extent that compliance with the requirements of paragraph b of this subdivision is impracticable or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the Board of Agriculture.
- (10) If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the Board of Agriculture determines to

be, and by regulations prescribes as, necessary in order to fully inform purchasers as to its value for such uses.

- (11) If it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears a label stating that fact: Provided, that to the extent that compliance with the requirements of this subdivision is impracticable, exemptions shall be established by regulations promulgated by the Board of Agriculture: Provided, further, that for the purpose of complying with the provisions of this article, as it pertains to bottled soft drinks, either the bottle crown or the crown together with the blown-in-the-bottle or annealed-to-the-bottle statements, now in usual and common use in this State, shall be deemed sufficient labeling and no paper label shall be necessary. (1939, c. 320, s. 11.)

§ 106-131. Permits governing manufacture of foods subject to contamination with microorganisms.—(a) Whenever the Commissioner of Agriculture finds after investigation by himself or his duly authorized agents, that the distribution in North Carolina of any class of food may, by reason of contamination with microorganisms during manufacture, processing, or packing thereof in any locality in this State, be injurious to health, and that such injurious nature cannot be adequately determined after such articles have entered commerce, the Commissioner, then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food in such locality, of permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time, as may be necessary to protect the public health; and after the effective date of such regulations, and during such temporary period, no person shall introduce or deliver for introduction into commerce any such food manufactured, processed, or packed by any such manufacturer, processor, or packer unless such manufacturer, processor, or packer holds a permit issued by the Commissioner as provided by such regulations.

(b) The Commissioner of Agriculture is authorized to suspend immediately upon notice any permit issued under authority of this section if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner shall immediately after prompt hearing and an inspection of the establishment, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued, or as amended.

(c) Any officer or employee duly designated by the Commissioner of Agriculture shall have access to any factory or establishment, the operator of which holds a permit from the Commissioner of Agriculture for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator. (1939, c. 320, s. 12.)

§ 106-132. Regulations by Board of Agriculture as to use of deleterious substances.—Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, shall be deemed to be unsafe for purposes of the application of paragraph b of subdivision (1) of § 106-129; but when such substance is so required or cannot be so avoided, the Board of Agriculture shall promulgate regulations limiting the quantity therein or thereon to such extent as the Board finds necessary for the protection of public health, and any quantity exceeding the limits so fixed shall also be deemed to be unsafe for the purposes of the application of paragraph b of subdivision (1) of § 106-129. While such a regulation is in effect limiting the quantity of any such substance

in the case of any food, such food shall not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of paragraph a, subdivision (1), § 106-129. In determining the quantity of such added substance to be tolerated in or on different articles of food, the Board shall take into account the extent to which the use of such substance is required or cannot be avoided in the production of each such article, and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances. (1939, c. 320, s. 13.)

§ 106-133. Drugs deemed to be adulterated.—A drug or device shall be deemed to be adulterated:

- (1)
 - a. If it consists in whole or in part of any filthy, putrid or decomposed substance; or
 - b. If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health; or
 - c. If it is a drug and its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health; or
 - d. If it is a drug and it bears or contains, for purposes of coloring only, a coal-tar color other than one from a batch certified by the United States Department of Agriculture.
- (2) If it purports to be or is represented as a drug the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standard set forth in such compendium. Such determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in such compendium, or in the absence of or inadequacy of such tests or methods of assay, those so prescribed by the United States Department of Agriculture. No drug defined in an official compendium shall be deemed to be adulterated under this subdivision because it differs from the standard of strength, quality, or purity therefor set forth in such compendium, if its difference in strength, quality, or purity from such standard is plainly stated on its label. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States it shall be subject to the requirements of the United States Pharmacopoeia unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia.
- (3) It is not subject to the provisions of subdivision (2) of this section and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.
- (4) If it is a drug and any substance has been
 - a. Mixed or packed therewith so as to reduce its quality or strength; or
 - b. Substituted wholly or in part therefor. (1939, c. 320, s. 14.)

§ 106-134. Drugs deemed misbranded.—A drug or device shall be deemed to be misbranded:

- (1) If its labeling is false or misleading in any particular.
- (2) If in package form unless it bears a label containing
 - a. The name and place of business of the manufacturer, packer, or distributor; and
 - b. An accurate statement of the quantity of the contents in terms

of weight, measure, or numerical count: Provided, that under paragraph b of this subdivision reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board of Agriculture.

- (3) If any word, statement, or other information required by or under authority of this article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
- (4) If it is for use by man and contains any quantity of the narcotic or hypnotic substance alphaeucaine, barbituric acid, betaeucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marihuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such substances, which derivative has been by the Board after investigation, found to be, and by regulations under this article, designated as, habit forming; unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement "Warning—May be habit forming."
- (5) If it is a drug and is not designated solely by a name recognized in an official compendium unless its label bears
 - a. The common or usual name of the drug, if such there be; and
 - b. In case it is fabricated from two or more ingredients, the common or usual name of each active ingredient, including the kind and quantity or proportion of any alcohol, and also including, whether active or not, the name and quantity or proportion of any bromides, ether, chloroform, acetanilid, acetphenetidin, amidopyrine, antipyrine, atropine, hyoscyne, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein: Provided, that to the extent that compliance with the requirements of paragraph b of this subdivision is impracticable, exemptions shall be established by regulations promulgated by the Board of Agriculture.
- (6) Unless its labeling bears
 - a. Adequate directions for use; and
 - b. Such adequate warnings against use in those pathological conditions or by children where its use may be dangerous to health, or against unsafe dosage or methods or duration of administration or application, in such manner and form, as are necessary for the protection of users: Provided, that where any requirement of paragraph a of this subdivision, as applied to any drug or device, is not necessary for the protection of the public health, the Board of Agriculture shall promulgate regulations exempting such drug or device from such requirements.
- (7) If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed therein: Provided, that the method of packing may be modified with the consent of the Board of Agriculture. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States, it shall be subject to the requirements of the United States Pharmacopoeia with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic

drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia.

- (8) If it has been found by the Department of Agriculture to be a drug liable to deterioration, unless it is packaged in such form and manner, and its label bears a statement of such precautions, as the Board of Agriculture shall by regulations require as necessary for the protection of public health. No such regulation shall be established for any drug recognized in an official compendium until the Commissioner of Agriculture shall have informed the appropriate body charged with the revision of such compendium of the need for such packaging or labeling requirements and such body shall have failed within a reasonable time to prescribe such requirements.
- (9) a. If it is a drug and its container is so made, formed, or filled as to be misleading; or
b. If it is an imitation of another drug; or
c. If it is offered for sale under the name of another drug.
- (10) If it is dangerous to health when used in the dosage, or with the frequency or duration prescribed, recommended, or suggested in the labeling thereof.
- (11) If
- a. It is a drug sold at retail and contains any quantity of amiodopyrine, barbituric acid, cinchophen, dinitrophenol, sulfanilamide, pituitary, thyroid, or their derivatives, or
 - b. It is a drug or device sold at retail and its label bears a statement that it is to be dispensed or sold only by or on the prescription of a physician, dentist or veterinarian; unless it is sold on a written prescription signed by a member of the medical, dental, or veterinary profession who is licensed by law to administer such drug or device, and its label bears the name and place of business of the seller, the serial number and date of such prescription, and the name of such member of the medical, dental or veterinary profession. Such prescription shall not be refilled except on the specific authorization of the prescribing physician, dentist or veterinarian.
- Nothing in this subdivision shall apply to a compound, mixture, or preparation containing salts or derivatives of barbituric acid which is sold in good faith for the purpose for which it is intended and not for the purpose of evading the provisions of this subdivision if:
- a. Such compound, mixture, or preparation contains a sufficient quantity of another drug or drugs, in addition to such salts or derivatives, to cause it to produce an action other than its hypnotic or somnifacient action; or
 - b. Such compound, mixture, or preparation is intended for use as a spray or gargle or for external application and contains, in addition to such salts or derivatives, some other drug or drugs rendering it unfit for internal administration.
- (12) A drug sold on a written prescription signed by a member of the medical, dental or veterinary profession (except a drug sold in the course of the conduct of a business of selling drugs pursuant to a diagnosis by mail) shall be exempt from the requirements of this section if—
- a. Such member of the medical, dental or veterinary profession is licensed by law to administer such drug, and
 - b. Such drug bears a label containing the name and place of business of the seller, the serial number and date of such prescrip-

tion, and the name of such member of the medical, dental or veterinary profession. (1939, c. 320, s. 15; 1949, c. 370.)

Editor's Note.—The 1949 amendment rewrote subdivision (11).

- (1) Such physician, dentist, or veterinarian is licensed by law to administer such drug, and
- (2) Such drug bears a label containing the name and place of business of the dispenser, the serial number and date of such prescription, and the name of such physician, dentist, or veterinarian.

(e) An order refusing to permit an application under this section to become effective may be revoked by the Commissioner of Agriculture. (1939, c. 320, s. 16.)

ARTICLE 13.

Canned Dog Foods.

§ 106-146. **Labeling of canned dog food required.**—Every can of dog food sold, offered or exposed for sale within this State shall have printed thereon, in a conspicuous place on the outside thereof, a legible and plainly printed statement in the English language clearly and truly certifying the net weight of the can; the name, brand or trademark under which the article is sold; the name and address of the manufacturer; the name of each and all ingredients of which the article is composed; a guarantee that the contents are wholesome and unadulterated, and a statement of the maximum percentage it contains of crude fiber, and the percentage of crude fat, and the percentage of crude protein. (1939, c. 307, s. 1; 1941, c. 290, s. 1; 1955, c. 267, s. 1.)

Editor's Note.—The 1941 amendment made provision for cans of one-half pound. Prior to the amendment the percentage of moisture was one of the constituents of the required statement.

The 1951 amendment struck out the words "provided, that all canned dog foods shall be in cans of one-half pound, or one

pound or multiples of one pound." It also deleted from the end of the section the words "all three constituents to be determined by the methods in use at the time by the Association of Official Agricultural Chemists of the United States."

For comment on the 1939 amendment, see 17 N. C. Law Rev. 329.

§ 106-147. **"Canned dog food" defined.**—The term "canned dog food" shall be held to include any article of food, packed in cans or hermetically sealed containers, and used for food for dogs or cats. (1939, c. 307, s. 2.)

§ 106-148. **Registration of copies of labels with Commissioner of Agriculture.**—Each and every manufacturer, importer, jobber, agent or seller, before selling, offering or exposing for sale in this State any canned dog food, shall, for each and every canned dog food bearing a distinguishing name or trademark, file for registration with the Commissioner of Agriculture a copy of the statement required in § 106-146, giving in addition the percentage of moisture contained in said products, and accompany said statement, upon request, by a sealed can containing at least one pound of said dog food. (1939, c. 307, s. 3; 1941, c. 290, s. 2.)

Editor's Note.—The 1941 amendment inserted the provision relating to percentage of moisture.

§ 106-149. **Power of Commissioner of Agriculture to refuse or revoke registration upon failure to comply with regulations.**—The Commissioner of Agriculture shall have the power to refuse the registration of any canned dog food under a name which would be misleading as to the materials of which it is composed, or when the names of each and all ingredients of which it is composed are not stated, or where it does not comply with the standards and rulings adopted by the Board of Agriculture. Should any canned dog foods be registered and it is afterwards discovered that they are in violation of any of the provisions of this article, the Commissioner of Agriculture shall have the power to cancel such registration. (1939, c. 307, s. 4.)

§ 106-150. **Annual registration fee; inspection tax; stamps; reporting system.**—Upon registration of each brand or kind of dog food, the manufacturer, agent or distributor thereof shall pay to the Commissioner of Agriculture an annual registration fee of five dollars (\$5.00) payable at the time of registration, and thereafter on or before the last day of December of each year. Furthermore, each such manufacturer, agent or distributor shall pay to the Commissioner of Agriculture an inspection tax at the rate of two cents for each carton of forty-eight cans and shall affix to each such carton a stamp to be furnished by the Com-

missioner of Agriculture stating that all charges specified in this section have been paid. Said stamps shall be redeemed by the Department issuing said stamps, upon surrender of same, accompanied by an affidavit that the same have not been used: Provided, said stamps shall be returned for redemption within the time fixed by the Board of Agriculture.

Any manufacturer, importer, jobber, firm, corporation or person who distributes canned dog food in this State may make application for a permit to report the quantity of canned dog food sold and pay the inspection tax at the rate of two (2) cents for each carton of forty-eight cans as hereinbefore mentioned, as the basis of said report, in lieu of affixing inspection stamps. The Commissioner of Agriculture may, in his discretion, grant such permit. The issuance of all permits will be conditioned on the applicant's satisfying the Commissioner that he has a good bookkeeping system and keeps such records as may be necessary to indicate accurately the quantity of canned dog food sold in the State and as are satisfactory to the Commissioner of Agriculture, and granting the Commissioner, or his duly authorized representative, permission to examine such records and verify the statement. The report shall be quarterly and the inspection fee shall be due and payable quarterly, on or before the tenth day of January, April, July, and October of each year, covering the quantity of canned dog food sold during the preceding quarter. The report shall be under oath and on forms furnished by the Commissioner. If the report is not filed and the inspection fee paid by the tenth day following the date due or if the report be false, the Commissioner may revoke the permit, and if the inspection fee be unpaid after a fifteen day grace period, the amount shall bear a penalty of ten per cent which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bonds which may be required. In order to guarantee faithful performance with the provisions of this paragraph each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the Commissioner cash in the amount of two hundred fifty dollars (\$250) or securities acceptable to the Commissioner of a value of at least two hundred fifty dollars (\$250) or shall post with the Commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The Commissioner shall approve all such securities and bonds before acceptance. (1939, c. 307, s. 5; 1949, c. 1058, ss. 1, 2.)

- (4) To sell, offer for sale, expose for sale, or have in possession with intent to sell in this State eggs for human consumption, if the package or container, display, or any advertising pertaining thereto, bears any statement or device which is false or misleading with respect to the freshness, grade, or size of the eggs being sold or advertised.
- (5) To advertise the sale of eggs in any newspaper or circular or by radio, or other form of advertisement wherein the price of eggs offered for sale is stated, without also designating in such advertisement the grade and size classification to which the eggs being offered for sale conform, unless such eggs are designated as ungraded.
- (6) To use the word "fresh," "nulaid," "county," "hennery," "day-old," "select," "selected," "certified," "best," "nearby," "fresh-laid," or any other similar descriptive terms which the Commissioner, by rule, shall prohibit in connection with advertising or selling eggs unless such eggs conform to the definition of fresh eggs as prescribed in this article.

§ 106-266.1. Requirements to be complied with by out-of-State shippers of milk or cream.—No person, firm, association or corporation shall ship, transport, carry, send or bring into this State any milk or cream for fluid distribution without first having applied for and obtained from the Commissioner of Agriculture of this State a permit authorizing such transaction, shipment or transportation. In order to defray the expenses of the enforcement of this article, the Commissioner of Agriculture shall collect a fee of twenty-five dollars (\$25.00) for the issuance of such permit. The Board of Agriculture is authorized and empowered to establish, determine, fix and promulgate rules and regulations containing all necessary definitions, conditions, standards and classifications of the type, kind, quality, conditions of production, sanitary conditions and other reasonable requirements that must be complied with before milk or cream is shipped, transported, carried or brought into this State, including compliance with the Milk Audit Law of this State. Before any person, firm, association or corporation ships, transports, brings, sends or carries any milk or cream into this State, advance notice of such shipment or transportation shall be given to the Commissioner of Agriculture of this State and contain such information as the Board of Agriculture shall prescribe by rules and regulations. The Commissioner of Agriculture

is authorized to suspend, immediately upon notice to a permit holder, any permit issued under authority of this section if it is found by him that any of the conditions of the permit or any of the rules, regulations and laws have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner of Agriculture shall, immediately after prompt hearing and such other examinations or inspections as he deems proper, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued or as amended. Any permit issued by the Commissioner of Agriculture under the authority of this section may be revoked after an opportunity for a hearing by the Commissioner of Agriculture, upon the violation by the holder of the permit of any of the terms, conditions, rules and regulations issued and promulgated by authority of this section. All milk or cream shipped, transported, carried, sent or brought into this State shall be sold to, consigned to, delivered to, be transported, sent or carried only to a person, firm, association or corporation or to a milk distributor in this State holding or possessing an unrevoked permit from the Commissioner of Agriculture authorizing the receiving or importation of such milk or cream. All unrevoked permits issued under the authority of this section shall become null and void after the expiration of December 31st of each year.

In order that a sufficient supply of milk or cream shall always be available for the inhabitants of the State the Commissioner of Agriculture may issue to approved permit holders, or to nonpermit holders, temporary emergency permits for limited periods or limited quantities of milk or cream and may restrict such permits to a limited area in accordance with such regulations as the Commissioner of Agriculture may prescribe for each temporary permit. (1949, c. 822.)

§ 106-266.2. Requirements and standards for distributors in this State distributing imported milk or cream.—No person, firm, association or corporation shall import, transport into, receive, bring into or cause to be imported or to be sent into this State from another state for the purpose of sale, for the purpose of offering for sale, for the purpose of distribution any milk or cream unless such person, firm, association or corporation has obtained a permit from the Commissioner of Agriculture for such purpose. All permits issued under the authority of this section shall be issued after the payment of a fee of twenty-five dollars (\$25.00) to the Commissioner of Agriculture. The permits issued hereunder shall be conditioned upon compliance by the applicant or holder with the rules and regulations and laws of North Carolina governing milk or cream and such other definitions and standards as may be established and promulgated by the Board of Agriculture. The Commissioner of Agriculture is authorized to suspend, immediately upon due notice, any permit issued under authority of this section if it is found by the Commissioner that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner of Agriculture shall, immediately after prompt hearing, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit as originally issued, or as amended. The permits issued hereunder may be revoked after due notice and an opportunity for hearing by the Commissioner of Agriculture upon a finding at such hearing of any violation of any of the conditions, terms or requirements established and promulgated by the Board of Agriculture or of any of the laws of the State governing milk or cream, including but not by way of limitation, the Milk Audit Law and other dairy laws of the State. It shall be the duty of the Commissioner of Agriculture to issue and enforce a written or printed "stop sale, use or removal" order to the owner or custodian of any quantity of milk or cream imported, transported, or brought into this State and to hold the same at a designated place when the Commissioner of Agriculture finds that said milk or cream does not meet the requirements of the provisions of this article or the rules and regulations promulgated thereunder, until

the law has been complied with and said milk or cream is released in writing by the Commissioner of Agriculture or said violation has been otherwise legally disposed of by written authority or by written order by the Commissioner of Agriculture directing the owner or custodian to remove the milk or cream from the State. The Commissioner of Agriculture shall release the milk or cream so withdrawn from the sale when the requirements of the provisions of this article and the rules and regulations promulgated thereunder have been complied with and upon payment by the out-of-state shipper of all costs and expenses incurred in connection with the withdrawal. All unrevoked permits issued under the authority of this section shall become null and void after the expiration of December 31st of each year. All authority vested in the Commissioner of Agriculture by virtue of the provisions of this article may, with like force and effect, be executed by such employees and agents of the Commissioner of Agriculture as may, from time to time, be designated by him for such purpose. The Commissioner of Agriculture or his duly authorized agent shall have free access at all reasonable hours to any dairy, milk processing plant, distributing plant or any establishment, depot, tank, truck or vehicle which contains milk for the purpose of inspecting any milk or cream, containers, or any other establishment or device pertaining to the transportation, the distribution, bottling or storage of milk or cream for the purpose of determining whether any of the provisions of this article or of the rules and regulations promulgated thereunder have been violated, and the Commissioner of Agriculture may secure samples of specimens of any such milk or cream after paying or offering to pay for such sample.

In order that a sufficient supply of milk or cream shall always be available for the inhabitants of the State the Commissioner of Agriculture may issue to permit holders, or nonpermit holders upon payment of a permit fee of twenty-five dollars (\$25.00), temporary emergency permits for limited periods or limited quantities of milk or cream and may restrict such permits to a limited area or to a particular city or to a particular market or markets in accordance with such regulations as the Commissioner of Agriculture may prescribe for each temporary permit. (1949, c. 822.)

Editor's Note.—It would seem that the end of the first paragraph should read words "samples of specimens" near the "samples or specimens."

§ 106-266.3. Power to make rules and regulations.—The Board of Agriculture is authorized to make such regulations not in conflict with this article as shall be necessary to make the provisions of this article effective and insure the proper enforcement of same, and a violation of such regulations shall be deemed a violation of this article. (1949, c. 822.)

§ 106-266.4. Penalty for violation.—Any person, firm, association or corporation found guilty by a competent court of violating any of the provisions of this article shall be guilty of a misdemeanor and upon plea of guilty or conviction shall be fined not to exceed fifty dollars (\$50.00) for the first offense and for each subsequent offense shall be fined or imprisoned in the discretion of the court. (1949, c. 822.)

§ 106-266.5. Exemption clause.—The provisions of this article shall not be construed as extending to or applying to evaporated milk, powdered whole milk, powdered skimmed milk, or cream used for manufacturing purposes. Out-of-state dairy farms producing milk for North Carolina plants under a permit from, and in accordance with the local health regulations of the county or city to which milk is being delivered, may be exempted from the provisions of this article at the discretion of the Commissioner of Agriculture. (1949, c. 822.)

(d) Five members of the Commission shall constitute a quorum.

(e) The Commissioner of Agriculture and the Director of the Agricultural Experiment Station of North Carolina State College shall provide as far as practical without additional compensation such technical and other services as may be necessary to carry out the provisions of this article.

(f) The Commission shall, subject to the limitations herein contained and the rules and regulations of the Commission, enforce the provisions of this article, but no official act shall be taken, rule or regulation be promulgated, or official order be made or enforced, with respect to the provisions of this article, without the approval of the majority of the members of the Commission. (1953, s. 1338, s. 2; 1955, c. 406, ss. 2, 3; c. 1287, s. 1.)

Editor's Note.—The first 1955 amendment increased the membership of the Milk Commission from seven to nine, and a quorum from four to five. The second

1955 amendment substituted "Commission" for "Commissioner" in line one of subsection (f).

§ 106-266.8. Powers of Commission.—The Commission is hereby declared to be an instrumentality of the State of North Carolina, vested with power:

- (1) To confer with the legally constituted authorities of other states of the United States, with a view of securing a uniformity of milk control, with respect to milk coming into the State of North Carolina and going out of the said State in interstate commerce, with a view of

- accomplishing the purpose of this article, and to enter into a compact or compacts for such uniform system of milk control.
- (2) To investigate all matters pertaining to the production, processing, storage, distribution, and sale of milk for consumption in the State of North Carolina.
 - (3) To supervise and regulate the transportation, processing, storage, distribution, delivery and sale of milk for consumption; provided that nothing in this article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce, nor the power to prohibit or restrict the admission of new producers; and provided further that any distributor, having on April 1, 1953, a local health department permit authorizing the selling of dairy products in any county, city and/or town, shall be granted a license by the Commission to continue to operate in said county, city and/or town unless and until the Commission shall suspend or revoke such license upon due notice and after a hearing as authorized by this article.
 - (4) To act as mediator or arbiter in any controversial issue that may arise among or between milk producers and distributors as between themselves, or that may arise between them as groups.
 - (5) To cause examination into the business, books, and accounts of any milk producer, association of producers or milk distributors, their affiliates or subsidiaries; to issue subpoenas to milk producers, association of producers, and milk distributors, and require them to produce their records, books, and accounts; to subpoena any other person from whom information is desired.
 - (6) To take deposition of witnesses within or without the State. Any member of the Commission or any employee of the Commission, so designated, may administer oaths to witnesses and sign and issue subpoenas.
 - (7) To hold hearings, make and adopt rules and regulations and/or orders necessary to carry out the purposes of this article. Every rule or order of the Commission shall be filed in the office of the Commissioner and a certified copy sent to the chairman of the board in the marketing area affected by said rule or order. An order applying only to a person or persons named therein shall be served on the person or persons affected. An order, herein required to be served, shall be served by personal delivery of a certified copy, or by mailing a certified copy in a sealed envelope, by registered mail, return receipt requested, with postage prepaid, to each person affected thereby; or in the case of a corporation, to any officer or agent of the corporation upon whom legal processes may be served. The filing in the office of the Commissioner with a certified copy of any rule or order to the chairman of the board in the area affected shall constitute due and sufficient notice to all persons affected by such rule or order.
 - (8) The operation and effect of any provision of this article conferring a general power upon the Commission shall not be impaired or qualified by the granting to the Commission by this article of a specific power or powers.
 - (9) The Commission shall not exercise its power in any market until a public hearing has been held for such market, and the Commission determines that it will be to the public interest that it shall so exercise its power in such market. The Commission may, on its own motion, call such a hearing, and shall call such a hearing upon the written application of a producers' association organized under the laws of the State, supplying in the judgment of the Commission, a substantial proportion of the milk consumed in such market, but if no such producers' organization exists on said market, the Commis-

sion shall call such hearing upon the written application of producers supplying a substantial proportion of the milk consumed in said market; and shall call such hearing upon the written application of distributors, distributing a substantial proportion of the milk consumed in such market. Such hearing may be held at the time and place and after such notice as the Commission may determine.

The Commission may withdraw the exercise of its powers from any market after a public hearing has been held for such market, and the Commission determines that it will be to the public interest to withdraw the exercise of its powers from such market.

The Commission shall withdraw the exercise of its power from any market upon written application of a majority of the producers in said marketing area.

- (10) The Commission, after public hearing and investigation, may fix prices to be paid producers and/or associations of producers by distributors in any market or markets, and may also fix different prices for different grades or classes of milk. Whenever the Commission, after a public hearing and investigation, finds as a fact that an impending marketing situation threatens to disrupt or demoralize the milk industry in any milk-marketing area or areas, it may establish such minimum prices at which milk may be sold in the said area or areas, as it may deem to be necessary to prevent the disruption of such market or markets; and when the Commission finds that such threat no longer exists it shall withdraw such order or orders: Provided, that this authority shall not apply to the resale of milk when it is purchased for consumption on the premises. In exercising this authority, the Commission may take into consideration the type of container in which the milk is marketed. In determining the reasonableness of prices to be paid or charged in any market or markets for any grade, quantity, or class of milk the Commission shall be guided by the cost of production and distribution, including compliance with all sanitary regulations in force in such market or markets, necessary operating, processing, storage and delivery charges, the prices of other foods and other commodities, and the welfare of the general public.
- (11) The Commission may require all distributors in any market designated by the Commission to be licensed by the Commission for the purpose of carrying out the provisions of this article. One who purchases milk from a licensed distributor for the purpose of retail sales shall not be required to be licensed hereunder. The Commission may decline to grant a license, or may suspend or revoke a license already granted upon due notice and after a hearing the issuance, refusal to issue, suspension or revocation of any such license shall be based upon the determination by the Commission that the issuance, refusal to issue, suspension or revocation of such license, as the case may be, is in the public interest and is necessary in order to promote and carry out the purposes of this article. The Commission may classify licenses, and may issue licenses to distributors to process or store or sell milk to a particular city or village or to a market or markets within the State of North Carolina.
- (12) Any member of the Commission, or any person designated for the purpose, shall have access to, and may enter at all reasonable hours, all places where milk is processed, stored, bottled or manufactured into food products. Any member of the Commission or designated employee shall have the power to inspect and copy books and records in any place within the State for the purpose of ascertaining facts to

enable the Commission to administer this article. The Commission may combine such information for any market or markets and make it public.

- (13) The Commission may define after a public hearing what shall constitute a natural market area and define and fix limits of the milk shed or territorial area within which milk shall be produced to supply any such market area: Provided, that producers, producer-distributors or their successors now shipping milk to any market may continue to do so until they voluntarily discontinue shipping to the designated milk market.
- (14) The Commission may delegate such of its powers given it by this article as it sees fit to the milk board in any particular market area, for the purpose of carrying out the provisions of this article within said market area.
- (15) Each licensee shall from time to time, as required by the Commission, submit verified reports containing such information as the Commission may require. (1953, c. 1338, s. 3; 1955, c. 1287, s. 2; 1959, c. 1292.)

Editor's Note. — The 1955 amendment substituted "Commission," the second time it appears in line two of subdivision (6), for "Commissioner."

The 1959 amendment inserted the second and third sentences of subdivision (10).

Section Is Constitutional.—This section, conferring upon the Milk Commission power to fix prices in respect to milk and its products in intrastate business, prescribes standards for the guidance of the Commission and leaves to the Commission only its proper administrative function. It does not violate N. C. Const., art. 1, §§ 17 and 37, nor the Fourteenth Amendment to the federal Constitution. *State v. Galloway*, 249 N. C. 658, 107 S. E. (2d) 631 (1959).

Regulation of Transportation Rates.—In view of the very broad powers conferred upon the Milk Commission by subdivision (7) of this section to hold hearings, make and adopt rules and regulations and orders necessary to carry out the purposes of this act regulating the producing, etc., of milk, the Milk Commission, and the superior court on appeal, have the power, fairly implied from the language of the act and essential to putting into effect its

declared purposes and objects, to regulate and to fix transportation rates for distributors in North Carolina hauling milk of their producers in North Carolina to their processing plant in North Carolina—all intrastate business—and sufficient standards for their guidance in regulating and fixing such hauling prices are to be fairly implied from subdivision (10) of this section. *State v. Galloway*, 249 N. C. 658, 107 S. E. (2d) 631 (1959).

An order of the Milk Commission pursuant to this section prescribing a uniform hauling charge per cwt. upon all producers delivering milk to a certain distributor, regardless of the distance or route, is not arbitrary or discriminatory and is relevant to the legislative purpose of the Milk Commission Act. It does not deny a producer the equal protection of the laws or deprive him of property without due process of law, even though he is subject under the regulation to a higher charge than he was under a former system, and does not violate N. C. Const., art. 1, §§ 17 and 37, nor the Fourteenth Amendment to the federal Constitution. *State v. Galloway*, 249 N. C. 658, 107 S. E. (2d) 631 (1959).

§ 106-266.9. Distributors to be licensed; prices and practices of distributors regulated.—No distributor in a market in which the provisions of this article are in effect shall buy milk from producers, or others, for sale within the State, or sell or distribute milk within the State, unless such distributor is duly licensed under the provisions of this article. It shall be unlawful for a distributor to buy from or sell milk to a distributor who is not licensed as required by this article. It shall be unlawful for any distributor to deal in, or handle milk if such distributor has reason to believe that the milk has been previously dealt in, or handled, in violation of the terms and provisions of this article. No distributor shall violate the prices as established by the Commission or offer any dis-

counts or rebates without authority from the Commission; and the Commission may prohibit such practices as it may deem to be contrary to the welfare of the public and the dairy industry, such as the use of special prices or special inducements in any form or any unfair trade practices in order to vary from the established prices. The Commission may require each distributor to file with the Commission one complete schedule of his wholesale and retail prices for each marketing area and may require each distributor to charge his posted prices for all sales and to give ten days' notice by registered mail to the Commission and every licensed distributor in each marketing area affected prior to the effective date of any changes in said posted prices. The requirements as to filing price schedules shall not apply to retail stores the principal business of which is selling other than dairy products. The Commission may prohibit a distributor from selling or offering for sale milk in any market or county at prices less than the prices filed for the market or county in which such distributor's processing or bottling plant is located, except in such cases as such sales may be made at a lower price or prices in good faith to meet competition. (1953, c. 1338, s. 4; 1955, c. 406, s. 4.)

Editor's Note.—The 1955 amendment added the last three sentences.

§ 106-266.10. **Application for distributor's license.**—An application to the Commission for a license to operate as a distributor shall be made by mail or otherwise within thirty days after the provisions of this article become effective in a market, and as to any distributor thereafter beginning business, before such distributor shall begin such business therein. The application shall be made on blanks furnished by the Commission for that purpose. (1953, c. 1338, s. 5.)

§ 106-266.11. **Annual budget of Commission; collection of monthly assessments from local milk boards.**—The Commission shall prepare an annual budget and shall collect the sums of money required for this budget from the local milk boards in the form of monthly assessments, and the local milk boards shall pay the assessments so levied. The assessments so levied shall not exceed four cents (4c) per hundred pounds of milk handled in each market in which the provisions of this article are in operation. The assessments herein provided for are the identical (not additional) assessments permitted by § 106-266.14. (1953, c. 1338, s. 6.)

§ 106-266.12. **Milk Commission Account; deductions by distributor from funds owed to producer.**—All receipts from assessments collected under this article shall be paid by the Commission to the State Treasurer and shall be placed by the State Treasurer in a general fund to the credit of an account to be known as the "Milk Commission Account" and such an amount as may be necessary, and no more, is hereby appropriated out of this Milk Commission Account, for the payment of all expenses incurred by the Commission in administering and enforcing this article. The Commission shall require a distributor to make such deductions from funds owed to a producer as authorized by the producer. (1953, c. 1338, s. 7.)

§ 106-266.13. **Local milk boards.**—(a) **Members.**—For the purpose of securing the benefits of this article, in any market area, the producers and distributors and producer-distributors in that market area shall establish a milk board of five members to carry out the provisions of this article in conjunction with the Commission. Each board shall be composed of two producers supplying milk to the market, one of whom shall be named by the producers operating in the market and one by the Commission. In the markets where the producers' association handles the selling of fifty per cent (50%) or more of the milk, the association shall have the right to name both producer representatives on the milk board; and two representatives of the distributors operating in the market shall be named by

the Commission. In markets where producer-distributors handle fifty per cent (50%) or more of the milk used in the market, the Commission shall determine the representation of the producers, the producer-distributors and the distributors on the milk board on a basis fair to all parties.

The Commission shall appoint the fifth member of the milk board to represent the consumers and the public interest, who shall serve as chairman of the board. The representative of the consumer and the public interest shall have no connection financially or otherwise with the production or distribution of milk or products derived therefrom.

(b) Powers.—The milk board shall perform such functions as the Commission shall delegate to it. (1953, c. 1338, s. 8.)

§ 106-266.14. Assessments to meet expenses of carrying out article.—The expenses, including salaries and/or per diem found necessary to properly carry out the provisions of this article shall be met by an assessment or assessments of not over two cents (2c) per hundred pounds of milk and/or cream (converted to terms of milk of four per cent (4%) of butterfat) handled by distributors and not over two cents (2c) per hundred pounds of milk and/or cream (converted to terms of milk of four per cent (4%) of butterfat) sold by producers. All assessments shall be paid in monthly or semimonthly installments, at the time that distributors pay producers for the milk and after the original assessment is so paid, no additional assessment shall be levied for the purposes of this article. Assessments shall be made for such funds as are found necessary to carry out the provisions of this article, but no more. (1953, c. 1338, s. 9.)

§ 106-266.15. Injunctive relief.—In the event of violation of any provisions of this article, or order promulgated under the provisions thereof, in addition to any other remedy, the Commission may apply to any court of record in the State of North Carolina for relief by injunction, if necessary, to protect the public interest without being compelled to allege or prove that any adequate remedy at law does not exist. (1953, c. 1338, s. 10.)

§ 106-266.16. Penalties.—Any person violating any provisions of this article, or order promulgated under the provisions thereof, or of any license issued by the Commission shall be guilty of a misdemeanor and may be prosecuted and punished therefor, and upon conviction, shall be punished by a fine of not less than twenty-five dollars (\$25.00) and not more than one hundred dollars (\$100.00), or by imprisonment in the county jail for not less than thirty (30) days nor more than one year, or by both fine and imprisonment, and each day during which such violation shall continue shall be deemed a separate violation. Prosecutions for violations of this article shall be instituted by the Attorney General or otherwise, in any county or city of the State of North Carolina in which such violations occur. (1953, c. 1338, s. 11.)

§ 106-266.17. Appeals.—Any person or persons aggrieved by an order of the Commission refusing a license, to reissue or revoke or suspend a license, to a distributor or producer-distributor or to transfer a license from one person to another, and any order of the Commission applying only to a person or persons, and not otherwise specifically provided for, may be reviewed upon appeal to the superior court. Any person or persons aggrieved by an order of the Commission fixing, revising or amending the price at or the terms upon which milk may be bought and sold, or any other order, action, rule or regulation of the Commission, may, within forty (40) days after the effective date of such action, rule, regulation or order, appeal therefrom to the superior court. No such appeal shall, in either case, act as a supersedeas except on a special order of the superior court allowing a supersedeas. Before any such person, or persons, shall be allowed to appeal, he shall file written notice of appeal with the Commission and within ten (10) days after the receipt of said written notice of appeal it shall be the duty of the Com-

mission to certify a complete record of its proceedings with all papers or evidence to the clerk of the superior court of the county in which the appellant resides or to the clerk of the superior court of a county in which the violation occurs. The cause shall be entitled "State of North Carolina on Relation of the North Carolina Milk Commission against (here insert name of appellant)", and said cause shall be placed on the civil issue docket of the superior court of such county and shall be heard de novo under the same rules and regulations as are prescribed for the trial of other civil causes. The Commission shall be deemed to be a party plaintiff on such appeal and at its request may present its contentions, make arguments, and take any other legal steps that a party to a civil action may take in the superior court, including the right to appeal to the Supreme Court of North Carolina. (1953, c. 1338, s. 12.)

A sedulous protection against abuse of power by the Milk Commission is provided in this section, which requires that when an appeal is taken from an order of

the Milk Commission, the proceeding shall be heard de novo in the superior court. *State v. Galloway*, 249 N. C. 658, 107 S. E. (2d) 631 (1959).

§ 106-266.18. **Saving clause.**—No provisions of this article shall apply or be construed to apply to foreign or interstate commerce, except insofar as the same may be effective pursuant to the United States Constitution and to the laws of the United States enacted pursuant thereto. (1953, c. 1338, s. 13.)

§ 106-266.19. **Marketing agreements not to be deemed illegal or in restraint of trade; conflicting laws.**—The making of marketing agreements between producers' cooperative marketing associations and distributors and producer-distributors under the provisions of this article shall not be deemed a combination in restraint of trade or an illegal monopoly, or an attempt to lessen competition or fix prices arbitrarily nor shall the marketing contract or agreements between the association and the distributors and producer-distributors, or any agreements authorized in this article, be considered illegal or in restraint of trade. All laws and clauses of laws in conflict with the provisions of this article are hereby repealed to the extent necessary for the full operation of this article. No provisions of this article shall be deemed in conflict with articles 28 and 28A of chapter 106, Volume 3A of the General Statutes. No provisions of this article shall be deemed in conflict with the authority granted to county, city-county and district boards of health by §§ 130-19, 130-20, 130-66, of chapter 130, Volume 3B of the General Statutes, to make and enforce rules and regulations governing milk sanitation or with the authority granted to the State Board of Health by § 130-3 of Volume 3B of the General Statutes, to make sanitary inquiries and investigations. (1953, c. 1338, s. 14.)

Editor's Note.—Chapter 130 of the General Statutes was completely rewritten by Session Laws 1957, c. 1357, s. 1. The authority of local boards of health is now

contained in § 130-17. As to sanitary investigations by the State Board of Health, see now § 130-11.

§ 106-266.20. **Limitations upon power of Commission.**—Nothing in this article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce, nor the power to prohibit or restrict the admission of new producers, nor the power to restrict the marketing area of any producer. (1953, c. 1338, s. 14½.)

§ 106-266.21. **Sale below cost to injure or destroy competition prohibited.**—The sale of milk by any distributor or producer-distributor or retailer below cost for the purpose of injuring, harassing or destroying competition is hereby prohibited. At any hearing or trial on a complaint under this section, evidence of sale of milk by a distributor or sub-distributor or retailer below cost shall constitute prima facie evidence of the violation or violations alleged, and the burden of rebutting the prima facie case thus made, by showing that the

same was justified in that it was not, in fact, made below cost or that it was not for the purpose of injuring, harassing or destroying competition, shall be upon the person charged with a violation of this section. As used herein the term "cost" shall be construed to mean the price paid for Grade A or Class I milk in the area where such sale is made plus a reasonable allocation of processing and marketing expenses. In determining whether any sale has been made in violation of this section, the Commission shall consider all discounts, rebates, gratuities or any other matters which may have the effect of either directly or indirectly reducing the price received by the distributor or producer-distributor or retailer involved. (1955, c. 406, s. 1; 1959, c. 1021.)

Editor's Note. — The 1959 amendment rewrote the second sentence. larly as to its constitutionality, see 33 N. C. Law Rev. 524.

ARTICLE 29.

Inspection, Grading and Testing Milk and Dairy Products.

§ 106-267. **Inspection, grading and testing dairy products.**—The State Board of Agriculture shall have full power to make and promulgate rules and regulations for the Department of Agriculture in its inspection and control of the purchase and sale of milk and other dairy products in North Carolina; to make and establish definitions, not inconsistent with the laws pertaining thereto; to qualify and determine the grade and contents of milk and of other dairy products sold in this State; to regulate the manner of testing the same and the handling, treatment and sale of milk and dairy products, and to promulgate such other rules and regulations not inconsistent with the law as may be necessary in connection with the authority hereby given to the Commissioner of Agriculture on this subject. (1933, c. 550, ss. 1-3; 1951, c. 1121, s. 1.)

Editor's Note. — The 1951 amendment rewrote this article.

§ 106-267.1. **License required; fees; term of license; examination required.**—Every person who shall test milk or cream in this State by, or sample milk for, the Babcock method or otherwise for the purpose of determining the percentage of butterfat or milk fat contained therein, where such milk or cream is bought and paid for on the basis of the amount of butterfat contained therein, shall first obtain a license from the Commissioner of Agriculture. Any person applying for such license or renewal of license shall make written and signed application on blanks to be furnished by the Commissioner of Agriculture. The granting of a license shall be conditioned upon the passing by the applicant of an examination, to be conducted by or under the direction of the Commissioner of Agriculture. All licenses so issued or renewed shall expire on December 31 of each year, unless sooner revoked, as provided in § 106-267.3. A license fee of two dollars (\$2.00) for each license so granted or renewed shall be paid to the Commissioner of Agriculture by the applicant before any license is granted. (1951, c. 1121, s. 1; 1959, c. 707, s. 5.)

Editor's Note. — The 1959 amendment inserted the words "or sample milk for" in lines one and two, and deleted from the end of the second sentence the words "for a license to test milk or cream where such milk or cream is bought and paid for on

the basis of the amount of percentage of butterfat or milk fat contained therein." It also substituted in the next to last sentence the words "expire on December 31 of each year" for "run for a period of one year from the date of issue."

§ 106-267.2. **Rules and regulations.**—The Commissioner of Agriculture shall establish and promulgate rules and regulations not inconsistent with this article that shall govern the granting of licenses under this article and shall establish and promulgate rules and regulations not inconsistent with this article that shall

govern the manner of testing, including, but not in limitation thereof, the taking of samples, location where the testing of said samples shall be made and the length of time samples of milk or cream shall be held after testing. (1951, c. 1121, s. 1.)

§ 106-267.3. Revocation of license; proviso; hearing.—The Commissioner of Agriculture shall have power to revoke any license granted under the provisions of this article, upon good and sufficient evidence that the provisions of this article or the rules and regulations of the Commissioner of Agriculture are not being complied with: Provided, that before any license shall be revoked, an opportunity shall be granted the licensee, upon being confronted with the evidence, to show cause why such license should not be revoked. (1951, c. 1121, s. 1.)

§ 106-267.4. Representative average sample; misdemeanor, what deemed.—In taking samples of milk or cream from any milk can, cream can or any container of milk or cream, the contents of such milk can, cream can, or container of milk and cream shall first be thoroughly mixed either by stirring or otherwise, and the sample shall be taken immediately after mixing or by any other method which gives a representative average sample of the contents, and it is hereby made a misdemeanor to take samples by any method or to fraudulently manipulate such samples so as not to give an accurate and representative average sample where milk or cream is bought or sold and where the value of said milk or cream is determined by the butterfat contained therein. (1951, c. 1121, s. 1.)

§ 106-267.5. Standard Babcock testing glassware; scales and weights.—In the use of the Babcock test all persons shall use the “standard Babcock testing glassware, scales, and weights.” The term “standard Babcock testing glassware, scales and weights” shall apply to glassware, scales and weights. It shall be unlawful for any person, firm, company, association, corporation or agent thereof to falsely manipulate, under-read or over-read the Babcock test or any other contrivance used for determining the quality of value of milk or cream where the value of said milk or cream is determined by the percentage of butterfat contained in the same or to make a false determination by the Babcock test or otherwise, or to falsify the record of such test or to pay on the basis of any test, measurement or weight except the true test, measurement or weight. (1951, c. 1121, s. 1.)

Editor's Note.—It would seem that the of the section should read “quality or words “quality of value” near the middle value.”

§ 106-268. Definitions; enforcement of article.—The definitions set forth in this section shall apply to milk, dairy products, ice cream, frozen desserts, frozen confections or any other products which purport to be milk, dairy products or frozen desserts for which a definition and standard of identity has been established and when any of such products heretofore enumerated shall be sold, offered for sale or held with intent to sell by a milk producer, manufacturer or distributor, and insofar as practicable and applicable, the definitions contained in article 12 of chapter 106 of the General Statutes, as amended, shall be effective as to the products enumerated in this article and section.

The term “adulteration” means:

- (1) Failure to meet definitions and standards as established by the Board of Agriculture.
- (2) If any valuable constituent has been in whole or in part omitted or abstracted therefrom.
- (3) If any substance has been substituted wholly or in part thereof.
- (4) If it is adjudged to be unfit for human consumption.

The term “misbranded” means:

- (1) If its labelling is false or misleading in any particular.
- (2) If it is offered for sale under the name of another dairy product or frozen dessert.

- (3) If it is sold in package form unless it bears a prominent label containing the name of the defined product, name and address of the producer, processor or distributor and carries an accurate statement of the quantity of contents in terms of weight or measure.

The Department of Agriculture, through its agents or inspectors, shall have free access during business hours to all places of business, buildings, vehicles, cars, storage places, containers and vessels used in the production, testing, processing and distribution of milk, cream, butter, cheese, ice cream, frozen dessert or any dairy product for which standards of purity and of identity have been established, as well as any substance which purports to be milk, dairy products, frozen dessert or confection for which a definition and standard of purity has been established; the Department of Agriculture, acting through its duly authorized agents and inspectors, may open any box, carton, parcel, package or container holding or containing, or supposed to hold or contain any of the above-enumerated dairy products, as well as related products, and may take therefrom samples for analysis, test or inspection. If it appears that any of the provisions of this article or of this section have been violated, or whenever a duly authorized agent of the Department of Agriculture has cause to believe that any milk, cream, butter, cheese, ice cream, frozen dessert or any dairy product for which standards of purity and of identity have been established or any substance which purports to be milk, a dairy product or a frozen dessert for which a definition and standard of identity has been established, is adulterated or misbranded or by reason of contamination with micro-organisms has become deleterious to health during production, processing or distribution, and such products, or any of them, are in a stage of production, or are being exposed for sale, or are being held for processing or distribution or such products are being held with intent to sell the same, such agent or inspector is hereby authorized to issue a "stop-sale" order which shall prohibit further sale of any of the products above enumerated or which shall prohibit further processing, production or distribution of any of the products above enumerated. The agent or inspector shall affix to such product a tag or other appropriate marking giving notice that such product is, or is suspected of, being adulterated, misbranded or contaminated and that the same has been detained or embargoed, and warning all persons not to remove or dispose of such product, by sale or otherwise, until permission for removal or disposal is given by such agent or inspector, until the law or regulation has been complied with or said violation has otherwise been legally disposed of. It shall be unlawful for any person to remove or dispose of any embargoed product, by sale or otherwise, without such permission: Provided, that if such adulteration or misbranding can be corrected by proper labeling or processing of the products so that the products meet the definitions and standards of purity and identity, then with the approval of such agent or inspector, sale and removal may be made. Any milk, dairy products or any of the products enumerated in this article or section not in compliance with this article or section shall be subject to seizure upon complaint of the Commissioner of Agriculture, or any of the agents or inspectors of the Department of Agriculture, to a court of competent jurisdiction in the area in which said products are located. An animal shall be declared infected with Bang's disease if it reacts to a seriological test, or if the Bang's bacillus has been found in the body or its secretions or discharges. The State Veterinarian is hereby authorized and empowered to set up a program for the vaccination of calves between the ages of four and eight months, and older cattle, with Brucella vaccine in accordance with the recommendations of the United States Bureau of Animal Industry. Local Modification.—Harnett: 1955, c. 753; Lee: 1957, c. 772; Robeson: 1951, c. 160. **Editor's Note.** — The 1949 amendment added the second paragraph.

§ 106-409. Health certificates for cattle removed for nonslaughter purposes; identification; information form; bill of sale.—No cattle except those for immediate slaughter shall be removed from any public livestock market unless they are accompanied by a health certificate issued by a qualified veterinarian, said veterinarian to be approved or provided by the Commissioner of Agriculture, showing that such animals are apparently healthy and come directly from a herd all of which animals in the herd have passed a negative test for Bang's disease within twelve months prior to the date of sale, or that said animal or animals have passed a satisfactory test for Bang's disease made within thirty days prior to sale and such other tests and vaccinations as the Commissioner of Agriculture may require. Every such animal shall be identified by an approved numbered ear tag and description. A copy of said certificate shall be kept on file by the market. No test for Bang's disease shall be required on steers and all cattle less than six months of age, but such animals shall be subject to all other provisions of this article. All cattle removed from any public livestock market for immediate slaughter shall be identified in an approved manner and the person removing same shall sign a form in duplicate showing number of cattle, their description, where same are to be slaughtered or resold for slaughter. Said cattle shall be resold only to a recognized slaughter plant or the agent of same, or to a person, firm or corporation that handles cattle for immediate slaughter only, and said cattle shall be used for immediate slaughter only. No market operator shall allow the removal of any cattle from a market in violation of this section. (1941, c. 263, s. 4; 1943, c. 724, s. 2; 1949, c. 997, s. 2.)

Editor's Note. — The 1943 amendment added the last two sentences and rewrote the third sentence from the end of the section. And the 1949 amendment inserted the words "or provided" in the first sentence.

Applied in Draughton v. Maddox, 237 N. C. 742, 75 S. E. (2d) 917 (1953).

§ 106-410. Health certificates for swine removed for nonslaughter purposes; identification; information form; bill of sale.—No swine, except those for immediate slaughter, shall be removed from any public livestock market unless they are accompanied by a health certificate issued by a qualified veterinarian, said veterinarian to be approved or provided by the Commissioner of Agriculture, showing that such animals are apparently healthy and that they have received a proper dose of anti-hog-cholera serum not more than twenty-one days or a proper dose of serum and virus not less than thirty days prior to the date of sale, and such other vaccinations as may be required by the Commissioner of Agriculture. All such swine shall be identified by an approved, numbered ear tag and descriptions which shall be entered on the health certificate. A copy of said certificate shall be kept on file by the market. All swine removed from any public livestock market for immediate slaughter shall be identified by a distinguishing paint mark or by other methods approved by the Commissioner of Agriculture and the person removing same shall sign a form in duplicate showing number of hogs, their description, where same are to be slaughtered or resold for slaughter. Said swine shall be resold only to a recognized slaughter plant or the agent of same, or to a person, firm or corporation that handles swine for immediate slaughter only and said swine shall be used for immediate slaughter only. No market operator shall allow the removal of any swine from a market in violation of this section.

Provided, however, that the Commissioner of Agriculture may permit swine to be shipped out of the State of North Carolina, without vaccination and under the same conditions as if said swine were being delivered for immediate slaughter, for immediate delivery to holding or feeding lots in any other state when he determines that said holding or feeding lots are being operated in compliance with the laws of said state and the rules and regulations promulgated thereunder. (1941, c. 263, s. 5; 1943, c. 724, s. 3; 1949, c. 997, ss. 3, 4.)

Editor's Note. — The 1943 amendment added the last two sentences of the first paragraph and rewrote the third sentence from the end of the paragraph. The 1949 amendment inserted the words "or provided" in the first sentence, and added the second paragraph.

§ 106-411. Regulation of use of livestock removed from market; swine shipped out of State.—Any person or persons who shall remove from a public livestock market any cattle, swine, or other livestock for immediate slaughter shall use them for immediate slaughter only or resale for slaughter in accordance with this article and the regulations issued in accordance with same. The owner of said animals shall be charged with the responsibility of having said animals slaughtered and shall be liable for all damages resulting from diverting them to other uses or failing to have them slaughtered, in addition to the criminal liability imposed in this article.

Provided this section shall not apply to swine shipped out of this State to holding or feeding lots as provided for in G. S., § 106-410. (1941, c. 263, s. 6; 1943, c. 724, s. 4; 1949, c. 997, s. 5.)

Editor's Note. — The 1943 amendment rewrote portions of this section, and the 1949 amendment added the second paragraph.

§ 106-412. Admission of animals to market; quarantine of diseased animals; sale prohibited; regulation of trucks, etc.—No animal known to be affected with a contagious or infectious disease shall be received or admitted into any public livestock market except upon special permit issued by the Commissioner of Agriculture or his authorized representative. All animals affected with or exposed to any contagious or infectious disease of animals or any animal that reacts to a test indicating the presence of such a disease, shall be quarantined separate and apart from healthy animals and shall not be sold, traded, or otherwise disposed of except upon permission of the Commissioner of Agriculture or his authorized representative, and for immediate slaughter only. The owner of the animals shall be responsible for the cost of maintaining the quarantine, the necessary treatment, and the feed and care of the animals while under quarantine and said cost shall constitute a lien against all of said animals. All trucks, trailers, and other conveyances used in transporting livestock shall be cleaned and disinfected in accordance with the regulations issued by authority of this article. (1941, c. 263, s. 7.)

§ 106-413. Sale, etc., of certain diseased animals prohibited; application of article; sales by farmers.—No person or persons shall sell or offer for sale, trade or otherwise dispose of any animal or animals that are affected with a contagious or infectious disease or that the owner or person in charge has reason to believe are so affected, except upon permission of the Commissioner of Agriculture or his authorized representatives and for immediate slaughter only. The provisions of this article requiring inspection, testing, vaccination, paint marking, identification with an ear tag and health certificate issued by a qualified veterinarian shall apply to all animals sold or offered for sale on any public highway, right of way, street, or within one-half mile of any public livestock market, or other public place: Provided, that this provision shall not apply to animals raised and owned by a bona fide farmer who is a resi-

dent of the State of North Carolina and sold or offered for sale by him. (1941, c. 263, s. 8; 1943, c. 724, s. 5.)

Editor's Note. — The 1943 amendment rewrote this section.

§ 106-414. Transportation, sale, etc., of diseased livestock; burden of proving health.—No cattle, swine, or other livestock affected with a contagious or infectious disease shall be transported or otherwise moved on any public highway or street in this State except upon written permission of the Commissioner of Agriculture or his authorized representative for immediate slaughter only to a designated slaughter point. The burden of proof to establish the health of any animal transported on the public highways of this State, sold, traded, or otherwise disposed of in any public place shall be upon the vendor. Any person who shall sell, trade, or otherwise dispose of any animal affected with a contagious or infectious disease knowingly, or who has reasons to believe that the animal is so affected, shall be liable for all damages resulting from such sale or trade. (1941, c. 263, s. 9.)

§ 106-415. Fees for permits; term of permits; cost of tests, serums, etc.—The Commissioner of Agriculture is hereby authorized to collect a fee of one hundred dollars (\$100.00) for each permit issued to a public livestock market under the provisions of this article. The fees provided for in this article shall be used exclusively for the enforcement of this article. All permits issued under the provisions of this article shall be effective until the following July first unless canceled for cause. The cost of all tests, serums, vaccine, and other medical supplies necessary for the enforcement of this article and the protection of livestock against contagious and infectious diseases shall be paid for by the owner of said livestock and said cost shall constitute a lien against all of said animals; provided that the Commissioner of Agriculture by and with the consent of the State Board of Agriculture is hereby authorized to determine reasonable charges and costs for such tests, serum, vaccines, and other medical supplies. (1941, c. 263, s. 10; 1949, c. 997, s. 6; 1957, c. 1269.)

Editor's Note. — The 1949 amendment increased the fee from \$25.00 to \$100.00. The 1957 amendment added the proviso at the end of the section.

§ 106-416. Rules and regulations.—The Commissioner of Agriculture, by and with the consent of the State Board of Agriculture, shall have full power to promulgate and enforce such rules and regulations that may hereafter be necessary to carry out the provisions of this article. (1941, c. 263, s. 11.)

§ 106-417. Violation made misdemeanor; responsibility for health, etc., of animals.—Any person, firm, or corporation who shall knowingly violate any provisions set forth in this article or any rule or regulation duly established by the State Board of Agriculture, or any officer or inspector who shall willfully fail to comply with any provisions of this article shall be guilty of a misdemeanor, and shall be fined or imprisoned, or both, in the discretion of the court. A market operating under this article shall not be responsible for the health or death of an animal sold through such market if the provisions of this article have been complied with. (1941, c. 263, s. 12; 1943, c. 724, s. 6.)

Editor's Note. — The 1943 amendment added to the first sentence the provision as to punishment.

§ 106-418. Exemption from health provisions.—The health provisions of this article shall not apply to no-sale cattle offered for sale by a bona fide farmer owning said stock for at least sixty days at any public livestock auction market in North Carolina. (1941, c. 263, s. 12½.)

ARTICLE 36.

Plant Pests.

§ 106-419. **Plant pest defined.**—A plant pest is hereby defined to mean any insect, mite, nematode, other invertebrate animal, disease, noxious weed, plant or animal parasite in any stage of development which is injurious to plants and plant products. (1957, c. 985.)

Editor's Note.—The former article entitled "Crop Pests", consisting of §§ 106-419 to 106-423, derived from Consolidated Statutes §§ 4896 to 4900, was changed by Session Laws 1955, c. 189, which deleted

references to the former Crop Pest Commission. The 1957 amendment rewrote the article which now consists of §§ 106-419 to 106-423.1.

§ 106-420. **Authority of Board of Agriculture to adopt regulations.**—The Board of Agriculture is hereby authorized to adopt reasonable regulations to implement and carry out the purposes of this article as to eradicate, repress and prevent the spread of plant pests

- (1) Within the State,
- (2) From within the State to points outside the State, and
- (3) From outside the State to points within the State.

The Board of Agriculture shall adopt regulations for eradicating such plant pests as it may deem capable of being economically eradicated, for repressing such as cannot be economically eradicated, and for preventing their spread within the State. Regulations may provide for quarantine of areas. It may also adopt reasonable regulations for preventing the introduction of dangerous plant pests from without the State, and for governing common carriers in transporting plants, articles or things liable to harbor such pests into, from and within the State. The Board is authorized, in order to control plant pests, to adopt regulations governing the inspection, certification and movement of nursery stock,

- (1) Into the State from outside the State,
- (2) Within the State, and
- (3) From within the State to points outside the State.

The Board is further authorized to prescribe and collect a schedule of fees to be collected for its nursery inspection, nursery dealer certification, and narcissus bulb inspection activities. (1957, c. 985.)

Cross Reference. — See § 106-22, subdivision (5).

§ 106-421. **Permitting uncontrolled existence of plant pests; nuisance; method of abatement.**—No person shall knowingly and willfully keep upon his premises any plant or plant product infested or infected by any dangerous plant pest, or permit dangerous plants or plant parasites to mature seed or otherwise multiply upon his land, except under such regulations as the Board of Agriculture may prescribe. All such infested or infected plants and premises are hereby declared public nuisances. The owner of such plants or premises shall, when notified to do so by the Commissioner of Agriculture, take such measures as may be prescribed to eradicate such pests. The notice shall be in writing and shall be mailed to the usual or last known address, or left at the ordinary place of business, of the owner or his agent. If such person fails to comply with such notice within such reasonable time as the notice prescribes, the Commissioner of Agriculture, through his duly authorized agents, shall proceed to take such measures as shall be necessary to eradicate such pests, and shall compute the actual costs of labor and materials used in eradicating such pests, and the owner of the premises in question shall pay to the Commissioner of Agriculture such assessed costs. No damages shall be awarded the owner of such premises for entering thereon and destroying or otherwise treating any infected or infested plants or soil when done by the order of the Commissioner of Agriculture. (1957, c. 985.)

§ 106-422. **Agents of the Board; inspection.**—The Commissioner of Agriculture shall be the agent of the Board in enforcing these regulations, and shall have authority to designate such employees of the Department as may seem expedient to carry out the duties and exercise the powers provided by this article. Persons collaborating with the Division of Entomology may also be designated by the Commissioner of Agriculture as agents for the purpose of this article. The Commissioner of Agriculture, and any duly authorized agent of the Commissioner, shall have the authority to inspect vehicles or other means of transportation and its cargo suspected of carrying plant pests and to enter upon and inspect any premises between the hours of sunrise and sunset during every working day of the year to determine the presence or absence of injurious plant pests. (1957, c. 985.)

§ 106-423. **Nursery inspection; nursery dealer's certificate; narcissus inspection.**—The Board of Agriculture shall have the authority to define nursery stock. The Commissioner of Agriculture shall have the right to cause all plant nurseries, and narcissus bulb fields where narcissus bulbs are commercially raised, within the State to be inspected at least once each year for serious plant pests. Every person, firm or corporation buying and reselling nursery stock shall register and secure a dealer's certificate for each location from which plants are sold. (1957, c. 985.)

§ 106-423.1. **Criminal penalties; violation of laws or regulations.**—If anyone shall attempt to prevent inspection of his premises as provided in the preceding sections, or shall otherwise interfere with the Commissioner of Agriculture, or any of his agents, while engaged in the performance of his duties under this article, or shall violate any provisions of this article or any regulations of the Board of Agriculture adopted pursuant to this article, he shall be guilty of a misdemeanor and shall be fined not less than five nor more than fifty dollars, or imprisoned for not less than ten nor more than thirty days, for each offense. Each day's violation shall constitute a separate offense. (1957, c. 985.)

ARTICLE 37.

Cotton Grading.

§ 106-424. **Federal standards recognized.**—The standards or grades of cotton established or which may be hereafter established by the Secretary of Agriculture by virtue of acts of Congress shall be recognized as the standards in transactions by and between citizens of this State in transactions relating to cotton. (1915, c. 23, s. 1; C. S., s. 4901.)

§ 106-425. **Duplicates of federal samples may be used.**—The Commissioner of Agriculture shall obtain from the Secretary of Agriculture a duplicate of each of these samples as represent cotton produced in this State for the use of the citizens of the State who may desire to use them in settlement of any disputed transaction. (1915, c. 23, s. 2; C. S., s. 4902.)

§ 106-426. **Expert graders to be employed; co-operation with United States Department of Agriculture.**—The North Carolina Department of Agriculture shall have authority to employ expert cotton graders to grade cotton in this State under such rules and regulations as they may adopt. The above institutions may seek the aid of the United States Department of Agriculture in the prosecution of this work, and shall have authority to enter into such contracts or arrangements as shall be mutually agreeable in furtherance of the object and purpose of this article. (1915, c. 175, s. 1; C. S., s. 4903.)

§ 106-427. **County commissioners to co-operate.**—Any board of commissioners of any county in North Carolina is authorized and empowered to co-

operate with either, or both, of the above-named institutions in aid of the purposes of this article; and shall have authority to appropriate such sums of money as the said board shall deem wise and expedient. (1915, c. 175, s. 2; C. S., s. 4904.)

§ 106-428. Grading done at owner's request; grades as evidence.—The expert graders employed by either of the above-named institutions, or by the United States government, shall have full right, power, and authority to grade any cotton in North Carolina upon the request of the owner of said cotton; and said graders shall grade and classify, agreeable to and in accordance with the standards or grades of cotton which are now or may hereafter be established by the Secretary of Agriculture by virtue of any act of Congress. The grade, or classification, pronounced by said expert graders of all cotton graded by them shall be prima facie proof of the true grade or classification of said cotton, and shall be the basis of all cotton sales in this State. (1915, c. 175, s. 3; C. S., s. 4905.)

§ 106-429. Grader's certificate admissible as evidence.—In the event of any dispute or trial pending in any of the courts of this State, the certificate of any expert grader, employed as above provided, and acknowledged or proven before any clerk of the superior court of any county in the State, shall be admissible in evidence as to the grade or classification of cotton graded or classified by said expert. (1915, c. 175, s. 4; C. S., s. 4906.)

ARTICLE 38.

Marketing Cotton and Other Agricultural Commodities.

§ 106-430. Purpose of law.—In order to protect the financial interests of North Carolina by stimulating the development of an adequate warehouse system for cotton and other agricultural commodities, in order to enable growers of cotton and other agricultural commodities more successfully to withstand and remedy periods of depressed prices, in order to provide a modern system whereby cotton and other agricultural commodities may be more profitably and more scientifically marketed, and in order to give these products the standing to which they are justly entitled as collateral in the commercial world, a warehouse system for cotton and other agricultural products in the State of North Carolina is hereby established as hereinafter provided. (1919, c. 168, s. 1; 1921, c. 137, s. 1; C. S., s. 4925(a); 1941, c. 337, s. 1.)

Editor's Note.—Prior to the 1941 amendment this section applied only to cotton.

The 1941 act, amending several sections of this article and inserting § 106-431, provides that its provisions shall not apply to the storage of tobacco in any form.

For a full discussion of the purpose and application of the former statutes, see *Bickett v. Tax Commission*, 177 N. C. 433, 99 S. E. 415 (1919).

Proper Parties in Action to Enforce

Section.—The Governor, the State Board of Agriculture, and the State Warehouse Superintendent are proper parties plaintiff in an action against the members of the State Tax Commission to require them to provide and enforce the machinery for the collection of the tax provided by this article. *Bickett v. Tax Commission*, 177 N. C. 433, 99 S. E. 415 (1919).

Stated in *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

§ 106-431. Definition of "other agricultural commodities."—The term "other agricultural commodities" as used in this article shall mean such agricultural commodities other than cotton as shall be designated by the Board of Agriculture, through rules and regulations adopted pursuant to this article, as suitable to be stored in the warehouses operating under this article. (1941, c. 337, s. 1½.)

§ 106-432. Board of Agriculture administers law, makes rules, appoints superintendent.—The provisions of this article shall be administered by the State Board of Agriculture, through a suitable person to be selected by said Board, and known as the State warehouse superintendent. In administering the provisions of this article the Board of Agriculture is empowered to make and enforce such rules and regulations as may be necessary to make effective the purposes and provisions of this article, and to fix and prescribe reasonable charges for storing cotton and other agricultural commodities in the local warehouses and publish the same from time to time as it may deem necessary. (1919, c. 168, s. 2; 1921, c. 137, s. 2; C. S., s. 4925(b); 1941, c. 337, s. 2.)

Editor's Note.—Prior to the 1941 amendment this section applied only to cotton.

Stated in *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

§ 106-433. Employment of officers and assistants.—The Board of Agriculture shall have authority to employ a warehouse superintendent and necessary assistants, local managers, examiners, inspectors, expert cotton classers, and such other employees as may be necessary in carrying out the provisions of this article, and fix and regulate their duties. (1919, c. 168, s. 3; 1921, c. 137, s. 3; C. S., s. 4925(c).)

Stated in *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

§ 106-434. Bonds of superintendent and employees.—The person named as State warehouse superintendent shall give bond to the State of North Carolina in the sum of fifty thousand dollars (\$50,000) to guarantee the faithful performance of his duties, the expense of said bond to be paid by the State, to be approved as other bonds for State officers. The superintendent shall, to safeguard the interests of the State, require bonds from other employees authorized in § 106-433 in amounts as large at least as he may find ordinary business experience in such matters would suggest as ample. (1919, c. 168, s. 4; 1921, c. 137, s. 4; C. S., s. 4925(d).)

Liability for Loss as Affected by Negligence.—The larceny or loss of the cotton from a warehouse through no fault of the warehouseman does not relieve his bond of liability, for a warehouseman is an insurer. *Lacy v. Hartford Acci., etc., Co.*, 193 N. C. 179, 136 S. E. 359 (1927).

Fraudulent Negotiation of Warehouse Receipt.—Where the superintendent of a warehouse delivers cotton, takes the en-

dorsed receipts and instead of cancelling them negotiates a loan for his own benefit pledging the receipts as collateral, this is a clear breach of his duty for which an action on his bond will lie. *Lacy v. Globe Indemnity Co.*, 189 N. C. 24, 126 S. E. 316 (1925).

Stated in *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

§ 106-435. Fund for support of system; collection and investment.—In order to provide a sufficient indemnifying or guarantee fund to cover any loss not covered by the bonds hereinbefore mentioned, in order to provide the financial backing which is essential to make the warehouse receipt universally acceptable as collateral, and in order to provide that a State warehouse system intended to benefit all cotton growers in North Carolina shall be supported by the class it is designed to benefit, it is hereby declared: That on each bale of cotton ginned in North Carolina during the period from the ratification of this bill until June thirty, one thousand nine hundred and twenty-two, twenty-five (25) cents shall be collected through the ginners of the bale and paid into the State treasury, to be held there as a special guarantee or indemnifying fund to safeguard the State warehouse system against any loss not otherwise covered. The State Tax Commission shall provide and enforce the machinery for the collection of this tax, which shall be held in the State treasury to the credit of the State warehouse system. Not less than ten per centum of the entire amount collected from the per bale tax shall be invested in United States government or farm loan bonds

or North Carolina bonds, and the remainder may be invested in amply secured first mortgage notes or bonds to aid and encourage the establishment of warehouses operating under this system, and to aid and encourage the establishment of farm markets designed to serve the marketing, packaging, and grading needs for the sale and distribution of unprocessed farm commodities when adequate markets are not otherwise provided. Such investments shall be made by the Board of Agriculture, with the approval of the Governor and Attorney General: Provided, such first mortgages shall be for not more than one half the actual value of the warehouse property covered by such mortgages, and run not more than ten years: Provided further, that the interest received from all investments shall be available for the administrative expense of carrying into effect the provisions of this law, including the employment of such persons and such means as the State Board of Agriculture in its discretion may deem necessary: Provided further, that the guarantee fund, raised under the provisions of §§ 4907 to 4925 of the Consolidated Statutes of 1919, shall become to all intents and purposes a part of guarantee fund to be raised under this law and subject to all the provisions hereof. (1919, c. 168, s. 5; 1921, c. 137, s. 5; Ex. Sess., 1921, c. 28; C. S., s. 4925(e); 1957, c. 1091.)

Editor's Note. — The 1957 amendment substituted "mortgage notes or bonds" for "mortgages" in line seventeen and inserted in the same sentence the provision as to farm markets.

Constitutionality of Taxation under Section.—The tax, contemplated under this section, being uniform upon those of the class designated, and being laid upon a trade, whether that of cotton ginning or farming, is within the authority conferred on the legislature to further "tax trades," etc., and is constitutional. *Bickett v. Tax Commissions*, 177 N. C. 433, 99 S. E. 415 (1919).

Loss Due to Failure to Issue Receipt Not Recoverable from State Treasurer.—A recovery may not be had against the State Treasurer out of the fund accumulated under this section, for a loss resulting to plaintiff by failure of a warehouse to issue official receipts for cotton to plaintiff as agreed, the receipts having been issued

to the holder of a lien against the cotton and the warehouse having refused delivery of the cotton to plaintiff upon his demand, since the purpose of the act is to make warehouse receipts acceptable as collateral, and plaintiff is not the holder of the receipts. *Northcutt v. People's Bonded Warehouse Co.*, 206 N. C. 842, 175 S. E. 165 (1934).

Recovery on Bond. — Where a warehouse superintendent fraudulently negotiates spent warehouse receipts and the bona fide holder thereof recovers from the indemnifying fund provided by this section, the State may recover on the bond of the superintendent. The bond is the fund primarily liable. *Lacy v. Globe Indemnity Co.*, 189 N. C. 24, 126 S. E. 316 (1925). See *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

§ 106-436. Registration of gins; gin records and reports; payment of tax.—If the special levy authorized by § 106-446 is made, it shall be the duty of the Commissioner of Agriculture to require the registration of all gins operating within the State, and to furnish the certificates of registration, numbered serially, free upon application; and each person, firm, partnership, or corporation receiving the said certificate of registration shall post it conspicuously in the gin to which it applies. For failure to make application and secure such certificate of registration, and to post same as required in this section, before beginning operation, each person, firm, partnership, or corporation shall be subject to a penalty of five dollars (\$5) for each and every day such gin shall be operated prior to securing and posting such certificate of registration. The penalty herein provided for shall be recovered by the State in a civil action to be brought by the State Commissioner of Agriculture in any court of competent jurisdiction, and it shall be the duty of the Attorney General to prosecute all such actions. Each person, firm, partnership, or corporation operating a gin shall keep a record, on forms furnished or approved by the Commissioner of Agriculture, showing the names and addresses of the owners of the cotton ginned,

the number of bales ginned, and the date of each ginning; and each such operator of a gin shall report the number of bales ginned, and pay the tax levied in § 106-435 to the State at least once every thirty days after beginning operation, and shall send a true copy of the report to the Commissioner of Agriculture. (1921, c. 137, s. 6; C. S., s. 4925(f).)

§ 106-437. **Qualifications of warehouse manager.**—No man shall be employed as manager of a warehouse unless the members of the board of county commissioners and the president of some bank in the county in which the warehouse is operated shall certify to the State warehouse superintendent that the person desiring to be warehouse manager is in their opinion a man of good character, competent, and of good reputation, deserving the confidence of the people. (1919, c. 168, s. 6; 1921, c. 137, s. 7; C. S., s. 4925(g).)

§ 106-438. **Warehouse superintendent to accept federal standards.**—The State warehouse superintendent shall accept as authority the standards and classifications of cotton established by the federal government. (1919, c. 168, s. 9; 1921, c. 137, s. 8; C. S., s. 4925(h).)

§ 106-439. **Duties of superintendent; manner of operating warehouse system.**—The State warehouse superintendent shall have the power to lease for stated terms property for the warehousing of cotton and other agricultural commodities: Provided, no rent shall be paid until the operating expenses of each such warehouse so leased shall have been paid from the income of the warehouse so leased, and in no case shall the State be responsible for any rent except from the income of such warehouse so leased in excess of operating expenses; and said superintendent shall fix the terms upon which private or corporate warehouses may obtain the benefits of State supervision and operation. It shall be his special duty to foster and encourage the erection of warehouses in the various cotton-growing and agricultural counties of the State for operation under the terms of this article, and to provide an adequate system of inspection, and of rules, forms, and reports to insure the security of the system, such matters to be approved by the State Board of Agriculture. The violation of such rules by any officer of the system shall be a misdemeanor. Cotton and other agricultural products may be stored in such warehouses by any person owning them, and receive all of the benefits accruing from such State management; and any person permitted to store cotton or other products in any such warehouse shall pay to the manager of the warehouse such sum or sums for rent or storage as may be agreed upon, subject to § 106-432, by the manager, and such person desiring storage therein. (1919, c. 168, s. 10; 1921, c. 137, s. 9; C. S., s. 4925(i); 1941, c. 337, s. 3.)

§ 106-440. **Power of superintendent to sue or to be sued; liability for tort.**—The said superintendent shall also have the power to sue, or to be sued, in the courts of this State in his official capacity, but not as an individual, except in case of tort or neglect of duty, when the action shall be upon his bond. Suits may be brought in the county of Wake or in the county in which the cause of action arose. (1919, c. 168, s. 11; 1921, c. 137, s. 10; C. S., s. 4925(j).)

Stated in *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

§ 106-441. **Grading and weighing of products; negotiable receipts; authentication of receipts.**—When agricultural commodities other than cotton have been stored in warehouses operated under this article and have been graded and standardized in conformity with the grades and standards heretofore

or hereafter promulgated by the Board of Agriculture, acting under the provisions of §§ 106-185 to 106-196, negotiable warehouse receipts of form and design approved by the Board of Agriculture may be issued. As soon as possible after any lint cotton, properly baled, is received for storage, the local manager shall, if it has not been done previously, have it graded and stapled by a federal or State classifier and legally weighed. Official negotiable receipts of the form and design approved by the Board of Agriculture shall be issued for such cotton under the seal and in the name of the State of North Carolina, stating the location of the warehouse, the name of the manager, the mark on said bale, the weight, the grade, and the length of the staple, so as to be able to deliver on surrender of the receipt the identical cotton for which it was given. On request of the depositor, negotiable receipts may be issued under this section omitting the statement of grade or staple, such receipt to be stamped on its face, "Not graded or stamped on request of the depositor." The warehouse manager shall fill in receipts issued under this section and they shall be signed by him or by the State warehouse superintendent or his duly authorized agent. If the local manager cannot issue a negotiable receipt complete for cotton or other agricultural commodities, he shall issue nonnegotiable memorandum receipts therefor, said memorandum receipts to be taken up and marked "Canceled" by the local manager upon the delivery of negotiable receipts for such commodities. If the official negotiable receipt is issued for cotton or other agricultural commodities of which the manager is the owner, either solely or jointly or in common with others, the fact of such ownership must appear on the face of the receipt. No responsibility is assumed by the State warehouse system for fluctuations in weight due to natural causes; but in other respects the receipts issued under this section for cotton and other agricultural commodities shall be supported and guaranteed by the indemnifying fund provided in § 106-435. (1919, c. 168, s. 12; 1921, c. 137, s. 11; C. S., s. 4925(k); 1925, c. 225; 1941, c. 337, s. 4.)

Editor's Note. — The 1941 amendment rewrote this section.

E. 359 (1927), decided under the former law.

C. S., § 4918, superseded by this section, specifically stated that official receipts would carry "absolute title to the cotton." It may thus be doubted whether official receipts could be issued in the name of the owner, when the cotton was encumbered by a lien. *Northcutt v. People's Bonded Warehouse Co.*, 206 N. C. 842, 175 S. E. 165 (1934).

Warehouseman as Insurer. — Where under a contract of bailment the bailee receives certain bales of cotton and stores them in his warehouse, under agreement to return the identical bales upon return of the warehouse receipts in the manner provided in the contract, the liability of the bailee is that of insurer, and it is liable in damages when it is prevented by theft from performing its contract, though without negligence on its part. *Lacy v. Hartford Acci., etc., Co.*, 193 N. C. 179, 136 S.

Same—Liability to State.—Under the provisions of the statute to provide improved marketing facilities for cotton, and the rules and regulations made by the State Board of Agriculture under § 106-432, and the warehouse receipts, made negotiable by this section, the warehouseman's liability to the State after it has paid the bailor for his stolen cotton, or the one entitled by the proper transfer of the certificate, is not dependent upon the exercise of due care by the warehouseman, or the absence of negligence by its employees or agents, for within the intent and meaning of the statute the liability of the warehouseman is that of insurer. *Lacy v. Hartford Acci., etc., Co.*, 193 N. C. 179, 136 S. E. 359 (1927), decided under the former law.

Stated in *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

§ 106-442. Transfer of receipt; issuance and effect of receipt.—The official negotiable receipt issued under § 106-441 for cotton or other agricultural commodity so stored is to be transferable by written assignment and actual delivery, and the cotton or other agricultural commodity which it represents is to be deliverable only upon a physical presentation of the receipt, which is to be marked "Canceled," with date of cancellation, when the cotton or other agricultural commodity is taken from the warehouse. The said official negotiable re-

ceipt carries absolute title to the cotton or other agricultural commodity, and it is the duty of the local manager accepting same for storage to satisfy himself that the depositor has good title to the same. (1921, c. 137, s. 12; C. S., s. 4925(1); 1941, c. 337, s. 5; 1955, c. 523.)

Editor's Note. — The 1941 amendment made this section applicable to "other agricultural commodity."

The 1955 amendment rewrote the last sentence.

Sale by Wrongdoer to Innocent Purchaser—Compensation of True Owner. — Where wrongdoer obtained cotton by false pretense, stored it and obtained negotiable warehouse receipts without signing the certificates of ownership, and negotiated the receipts to an innocent purchaser for value without notice, by virtue of this section the purchaser obtained absolute title to the cotton. But the true owner is entitled to recover its value against the bond of the warehouse manager and the warehouse if the loss was occasioned by any default in the faithful performance of their obligations under this article, or the

bond of the State Warehouse Superintendent if the loss was occasioned by his default in the faithful performance of his duties, or, if the loss is not covered by such bonds, then under the indemnifying or guarantee fund created by G. S. 106-435. *Ellison v. Hunsinger*, 237 N. C. 619, 75 S. E. (2d) 884 (1953).

When Negotiation a Breach of Duty. — Official warehouse receipts are negotiable by written assignment and delivery, and negotiation of a receipt is not impaired by the fact that such negotiation was a breach of duty on the part of the person making the negotiation if the person to whom the receipt was negotiated took same for value, in good faith, and without notice of the breach of duty. *Harris v. Fairley*, 232 N. C. 551, 61 S. E. (2d) 616 (1950).

§ 106-443. Issuance of false receipt a felony; punishment.—The manager of any warehouse, or any agent, employee, or servant, who issues or aids in issuing a receipt for cotton or other agricultural commodity without knowing that such cotton or other agricultural commodity has actually been placed in the warehouse under the control of the manager thereof shall be guilty of a felony, and upon conviction be punished for each offense by imprisonment in the State penitentiary for a period of not less than one or more than five years, or by a fine not exceeding ten times the market value of the cotton or other agricultural commodity thus represented as having been stored. (1919, c. 168, s. 13; 1921, c. 137, s. 13; C. S., s. 4925(m); 1941, c. 337, s. 6.)

Editor's Note. — The 1941 amendment made this section applicable to "other agricultural commodity."

§ 106-444. Delivery of cotton without receipt or failure to cancel receipt.—Any manager, employee, agent, or servant who shall deliver cotton or other agricultural commodity from a warehouse under this article without the production of the receipt therefor, or who fails to mark such receipt "Canceled" on the delivery of the cotton or other agricultural commodity, shall, upon conviction, be punished by a fine of not more than ten thousand dollars (\$10,000), or imprisoned not more than five years, or both fine and imprisonment, in the discretion of the court. (1919, c. 168, s. 14; 1921, c. 137, s. 14; C. S., s. 4925(n); 1941, c. 337, s. 7.)

Editor's Note. — The 1941 amendment made this section applicable to "other agricultural commodity."

§ 106-445. Rules for issuance of duplicate receipts.—The State warehouse superintendent, or his duly authorized agent, and the manager of the local warehouse are authorized to issue a duplicate receipt for a lost or destroyed receipt, due record of the original receipt being found upon the books of the warehouse, only upon affidavit of the owner of the original that the original receipt has been lost or destroyed, and upon the owner's giving the State warehouse superintendent bond with approved security in an amount equal to the double value of the cotton or other agricultural commodity represented by the original receipt

to indemnify the State warehouse superintendent and the local manager from loss or damage and the cost of any litigation. In determining the amount of the bond required under this section, the value of cotton shall be estimated at the highest market price of middling cotton during the preceding two years. The value of other agricultural commodities shall be estimated for this purpose in accordance with regulations to be prescribed by the Board of Agriculture. (1919, c. 168, s. 15; 1921, c. 137, s. 15; C. S., s. 4925(o); 1941, c. 337, s. 8.)

Editor's Note. — The 1941 amendment inserted the words "or other agricultural commodity" and made other changes.

§ 106-446. State not liable on warehouse debts; tax on cotton continued if losses sustained.—No debt or other liability shall be created against the State by reason of the lease or operation of the warehouse system created by this article or the storage of cotton or other agricultural commodities therein, it being the purpose of this article to establish a self-sustaining system to operate as nearly as practicable at cost, without profit or loss to the State, except that expenses of supervision may be paid by the Board of Agriculture. While it is believed that the provisions and safeguards mentioned in this article, including the bonds required of all officers and supplemental indemnifying or guarantee fund mentioned in § 106-435, will insure the security of the system beyond any reasonable possibility of loss, nevertheless, in order to establish the principle that this system should be supported by those for whose especial financial benefit it is established, it is hereby provided that in the eventuality that the system should suffer at any time any loss not fully covered by the aforementioned bonds and indemnifying fund, such losses shall be made good by having the State Board of Assessment repeat for another twelve months selected by it the special levy on ginned cotton, as prescribed in § 106-435, for the two years ending June thirtieth of the year one thousand nine hundred and twenty-three. (1919, c. 168, s. 16; 1921, c. 137, s. 16; C. S., s. 4925(p); 1941, c. 337, s. 9.)

Editor's Note. — The 1941 amendment inserted the words "or other agricultural commodities" in the first sentence of this section.

§ 106-447. Insurance of cotton; premiums; lien for insurance and storage charges.—The superintendent shall insure, or shall require the local manager to insure and keep insured for its full value, upon the best terms obtainable, by individual or blanket policy, all cotton and other agricultural commodities on storage against loss by fire and lightning. In case of loss, the superintendent shall collect the insurance due and pay the same, ratably, to those lawfully entitled to it, insurance policies to be in the name of the State and the premium collected from the owners of the cotton and other agricultural commodities, the State to have a lien on cotton and other agricultural commodities for insurance and storage charges as in the case of other public warehouses in the State. (1919, c. 168, s. 17; 1921, c. 137, s. 17; C. S., s. 4925(q); 1941, c. 337, s. 10; 1943, c. 474.)

Editor's Note. — The 1941 amendment made this section applicable to "other agricultural commodities." The 1943 amendment added at the end of the first sentence the words "against loss by fire and lightning."

§ 106-448. Superintendent to negotiate loans on receipts and sell cotton for owners.—The State warehouse superintendent, in addition to the duties hereinbefore vested in him, is also permitted and empowered, upon the request of the owner or owners of the warehouse receipts and cotton or other agricultural commodities stored in such warehouses to aid, assist, and co-operate, or as the duly authorized agent of such owner or owners (which authorization shall be in writing), to secure and negotiate loans upon the warehouse receipts. And upon like written request or authorization of said owner or owners, and his or their duly authorized agent, he may sell and dispose of such warehoused

cotton or other agricultural commodities for such owner or owners, either in the home or foreign markets, as may be agreed upon between such owner or owners and the said superintendent, in writing. And for said loan or sales the said superintendent shall charge reasonable and just commissions, without discrimination, all of which shall be accounted for and held as part of the fund for the maintenance and operation of the State warehouse system: Provided however, that the State incurs no liability whatever for any act or representation of the superintendent in exercising any of the permissions or powers vested in him in this section: Provided, further, that the bond of the superintendent will be liable for any unfaithful or negligent act of his by reason of which the owner or owners of such warehoused cotton or other agricultural commodities suffers damage or loss. (1919, c. 168, s. 18; 1921, c. 137, s. 18; C. S., s. 4925(r); 1941, c. 337, s. 11.)

Editor's Note. — The 1941 amendment made this section applicable to "other agricultural commodities."

§ 106-449. Construction of the 1941 amendment.—The provisions of chapter 337 of the Public Laws of 1941, amending this article, shall not apply to the storage of tobacco in any form. (1941, c. 337, s. 11½.)

§ 106-450. Compliance with United States warehouse law.—The State warehouse superintendent may, upon approval of the Board of Agriculture, operate or cause to be operated, subject to the United States Warehouse Act, any or all of the warehouses leased by him under the provisions of this article, and he is authorized to comply with said United States Warehouse Act and the regulations thereunder. (1921, c. 137, s. 19; C. S., s. 4925(s).)

§ 106-451. Numbering of cotton bales by public ginneries; public gin defined.—(a) Any person, firm or corporation operating any public cotton gin; that is, any cotton gin other than one ginning solely for the individual owner, owners, or operators thereof, shall hereafter be required to distinctly and clearly number, serially, each and every bale of cotton ginned, in one of the following ways:

- (1) Attach a metal strip carrying the serial number to one of the ties of the bale and ahead of the tie lock, and so secure it that ordinary handling will not remove or disfigure the number;
- (2) Impress the serial number upon one of the bands or ties around the bale.

Any person, firm or corporation failing or refusing to comply with this section shall be guilty of a misdemeanor for each and every offense, and upon conviction shall be fined not exceeding fifty dollars or imprisoned not more than thirty days.

(b) Any person, firm or corporation buying a bale of cotton on which this number has: (i) Been removed; (ii) defaced by cutting; (iii) or otherwise altered, unless a new metal strip is attached and impression made by the original gin ginning said bale or bales of cotton, shall be guilty of a misdemeanor for each and every offense and upon conviction shall be fined not exceeding fifty dollars (\$50.00) or imprisoned not more than thirty (30) days.

(c) Every public ginnery, as defined in subsection (a) of this section, shall keep a book in which shall be registered all cotton received at the gin to be ginned in the name of the owner of the cotton and the name of the person from whom the cotton is received for ginning. Any person giving false information for entry in this book shall be guilty of a misdemeanor. There shall be furnished by the ginner for each bale of cotton ginned, to the owner thereof, a gin ticket bearing the name of the gin, the serial number of the bale prescribed by subsection (a) of this section, the weight of the bale and the name of the owner of the cotton. Such gin ticket shall be presented, for comparison with the serial number pre-

scribed in subsection (a) of this section, at the time such bale is sold or offered for sale, as prima facie evidence of ownership thereof. (1923, c. 167; 1949, c. 824.)

Editor's Note. — The 1949 amendment deleted "(1) mark in color upon the bagging of the bale, in figures", formerly appearing in subsection (a), and renumbered former (2) and (3) to be (1) and (2), respectively. It also added subsections (b) and (c).

§ 106-451.1. Purchasers of cotton to keep records of purchases.—Every cotton broker or other person buying cotton from the producer after it is ginned shall keep a record of such purchase for a period of one year from date of purchase. This record shall contain the name and address of the seller of the cotton, the date on which purchased, the weight or amount and the serial number of the bales provided for by § 106-451. Any person violating the provisions of this section shall be guilty of a misdemeanor and shall, upon conviction, be fined or imprisoned in the discretion of the court: Provided, any person, firm or corporation who purchases cotton which has been ginned outside this State shall be required to keep only so much of the records hereinabove specified as purchasers are required to keep by the law of the state where said cotton was ginned. (1945, c. 61; 1947, c. 977.)

Editor's Note. — The 1947 amendment added the proviso.

Such tobacco boards of trade as may now exist, or which may hereafter be organized, are authorized to make reasonable rules and regulations for the economical and efficient handling of the sale of leaf tobacco at auction on the warehouse floors in the several towns and cities in North Carolina in which an auction market is situated.

The tobacco boards of trade in the several towns and cities in North Carolina are authorized to require as a condition to membership therein the applicants to pay a reasonable membership fee and the following schedule of maximum fees shall be deemed reasonable, to-wit:

A membership fee of fifty dollars (\$50.00) in those towns in which less than three million pounds of tobacco was sold at auction between the dates of August 20, 1931, and May 1, 1932; a fee of one hundred dollars (\$100.00) in those towns in which during said period of time more than three million and less than ten million pounds of tobacco was sold; a fee of one hundred fifty dollars (\$150.00) in those towns in which during said period of time more than ten million and less than twenty-five million pounds of tobacco was sold; a fee of three hundred dollars (\$300.00) in those towns in which during said period of time more than twenty-five million pounds of tobacco was sold.

Membership, in good standing, in a local board of trade shall be deemed a reasonable requirement by such board of trade as a condition to participating in the business of operating a tobacco warehouse or the purchase of tobacco at auction therein.

Membership in the several boards of trade may be divided into two categories:

- (1) Warehousemen;
- (2) Purchasers of leaf tobacco other than warehousemen.

Purchasers of leaf tobacco may be: (i) Participating or (ii) nonparticipating. The holder of a membership as a purchaser of leaf tobacco shall have the option of becoming, upon written notice to the board of trade, either a participating or a nonparticipating member. Individuals, partnerships, and/or corporations who are members of tobacco boards of trade, established under this section or coming within the provisions of this section, as nonparticipating members shall not participate in or have any voice or vote in the management, conduct, activities, allotment of sales time, and/or hours, the fixing of dates for the opening or closing of tobacco auction markets, or in any other manner or respect. Individuals, partnerships, and/or corporations who are such nonparticipating members in any of the several tobacco boards of trade shall not be responsible or liable for any of the acts, omissions or commissions of the several tobacco boards of trade.

It shall be unlawful and punishable as of a misdemeanor for any bidder or purchaser of tobacco upon warehouse floors to refuse to take and pay for any basket or baskets so bid off from the seller when the seller has or has not accepted the price offered by the purchaser or bidder of other baskets. Any person suspended or expelled from a tobacco board of trade under the provisions of this section may appeal from such suspension to the superior court of the county in which said board of trade is located.

Nothing in this section shall authorize the organization of any association having for its purpose the control of prices or the making of rules and regulations in restraint of trade. (1933, c. 268; 1951, c. 383.)

Editor's Note. — The 1951 amendment inserted the matter between the fifth paragraph and the next to the last paragraph.

Jurisdiction of Federal Trade Commission. — There is a substantial public interest in maintaining free and open competition among warehousemen on tobacco auction markets. The public interest often

is specific and substantial, because the unfair method employed threatens the existence of present or potential competition. That is the basis for the jurisdiction of the Federal Trade Commission in a case involving regulations adopted pursuant to this section governing the allocation of selling time to tobacco warehouses. Ashe-

ville Tobacco Board of Trade, Inc. v. Federal Trade Comm., 263 F. (2d) 502 (1959).

The decisions of the North Carolina courts since the enactment of this section make it clear that the sale of tobacco at auction is of great public importance to the State of North Carolina, but they also show that the operation of the business is in the hands of private parties. A tobacco board of trade is organized primarily for the benefit of those engaged in the business; its articles of association and bylaws constitute a contract amongst the members by which each member consents to reasonable regulations pertaining to the conduct of the business. Such a board is not an instrumentality of the State, and its activities are subject to the jurisdiction of the Federal Trade Commission. *Asheville Tobacco Board of Trade, Inc. v. Federal Trade Comm.*, 263 F. (2d) 502 (1959).

Rules and Regulations of Board.—The authority granted to a tobacco board of trade, under and by virtue of the provisions of this section, to make reasonable rules and regulations for the economical and efficient handling of the sale of leaf tobacco at auction on warehouse floors where an auction market is situated, is sufficiently broad to include the authority to make reasonable rules and regulations in respect to allotment of sales time. *Co-operative Warehouse v. Lumberton Tobacco Board of Trade*, 242 N. C. 123, 87 S. E. (2d) 25 (1955); *Day v. Asheville Tobacco Board of Trade*, 242 N. C. 136, 87 S. E. (2d) 18 (1955).

The articles of association for the purposes expressed in the charter and bylaws of a tobacco board of trade, organized and existing under and by virtue of this section constitute a contract between it and its members, and as a consequence of membership in the corporation for mutual membership, each member is deemed to

have consented to all reasonable rules and regulations pertaining to the business. *Co-operative Warehouse v. Lumberton Tobacco Board of Trade*, 242 N. C. 123, 87 S. E. (2d) 25 (1955); *Day v. Asheville Tobacco Board of Trade*, 242 N. C. 136, 87 S. E. (2d) 18 (1955).

Regulations adopted by a local tobacco board of trade involving allocation of selling time to warehouses were held in the instant case to unreasonably and unduly restrain trade in the purchase and sale of tobacco and to constitute unfair methods of competition and unfair acts or practices in commerce within the meaning of the Federal Trade Commission Act. *Asheville Tobacco Board of Trade, Inc. v. Federal Trade Comm.*, 263 F. (2d) 502 (1959).

A tobacco board of trade has no authority to legislate. It cannot create a duty where the law creates none. The legislature has the authority to regulate, within constitutional limits, the sale of leaf tobacco upon the auction markets of this State, and in doing so may prescribe standards of conduct to be observed by those who conduct auction warehouses as well as others participating in the sales. But this is a nondelegable power. *Kinston Tobacco Board of Trade v. Liggett & Myers Tobacco Co.*, 235 N. C. 737, 71 S. E. (2d) 21 (1952).

Board Has No Right to Establish Sales and Require Buyers to Purchase Therein.

—This section is silent upon the question of the number of sales and prescribes no standard by which the number of sales may be determined. Therefore, in the absence of an agreement, either expressed or implied, a board organized under this section has no right to establish sales and require buyers to purchase therein. *Kinston Tobacco Board of Trade v. Liggett & Myers Tobacco Co.*, 235 N. C. 737, 71 S. E. (2d) 21 (1952), cert. den. 344 U. S. 866, 73 S. Ct. 108 (1952).

Dealers in Scrap Tobacco.

§ 106-466. **Application for license; amount of tax; exceptions.** — Every person, firm or corporation desiring to engage in the business of buying and/or selling scrap or untied tobacco in the State of North Carolina shall first procure from the Commissioner of Revenue of North Carolina a license so to do, and for that purpose shall file with the said Commissioner of Revenue an application setting forth the name of the county or counties in which such applicant proposes to engage in the said business and the place or places where his, their or its principal office (if any) shall be situated; and shall pay to the said Commissioner of Revenue of North Carolina, to be placed in the general fund for the use of the State, an annual license tax of five hundred dollars (\$500.00) for each and every

county in North Carolina in which the applicant proposes to engage in such business. Every such license issued hereunder shall run from the date thereof and shall expire on the thirty-first day of May of the next year following its issue. No license shall be issued for less than the full amount of tax prescribed. Any lot of parts of leaves of tobacco, or any lot in which parts of leaves of tobacco are commingled with whole leaves of tobacco, or any other leaf or leaves of tobacco, or parts of leaves of tobacco not permitted, under the rules and regulations of tobacco warehouses, to be offered for sale at auction on tobacco warehouse floors, shall be deemed to be "scrap or untied" tobacco within the meaning and purview of this article: Provided, that the tax herein levied shall not apply in cases where the producer delivers his scrap or untied tobacco to a tobacco warehouse or tobacco redrying plant. (1935, c. 360, s. 1; 1937, c. 414, s. 1; 1939, c. 389, s. 1; 1941, c. 246.)

Editor's Note. — The 1939 amendment decreased the license tax from \$1,000 to \$250. The 1941 amendment increased the tax to \$500.

Validity. — This article, imposing a license tax on dealers in scrap tobacco, is not vague or uncertain, and is uniform and equal in its application. *Ficklen Tobacco Co. v. Maxwell*, 214 N. C. 367, 199 S. E. 404 (1938), holding that the former tax

of \$1,000 was not excessive as a matter of law.

The former law (P. L. 1935, c. 360) was void for uncertainty, the statute failing to stipulate the time when the license prescribed should be paid and failing to prescribe for how long a time the license should run. *State v. Morrison*, 210 N. C. 117, 185 S. E. 674 (1936).

§ 106-467. Report to Commissioner of Agriculture each month.— On or before the tenth day of each month every person, firm or corporation engaged in the business set forth in § 106-466 shall make a report to the Commissioner of Agriculture of North Carolina, setting forth the number of pounds of scrap or untied tobacco purchased and the price paid therefor during the preceding month in each of the counties in which the said person, firm or corporation is doing business and also the purposes for which such scrap tobacco is bought or sold. (1935, c. 360, s. 2; 1937, c. 414, s. 2.)

§ 106-468. Display of license; no fixed place of business; agents, etc.; licensing of processors, redriers, etc.—(a) If any person, firm or corporation licensed to engage in the business aforesaid has a warehouse, office or fixed place of business, the license issued by the Commissioner of Revenue as herein provided shall be displayed in a conspicuous place in said warehouse, office or place of business. Such license so obtained shall not be transferable and shall authorize such person, firm or corporation to engage in the business described in this article only on the premises described in the license. Only one original license shall be issued to any person, firm or corporation, which will authorize such person, firm or corporation to engage in such business in the county for which such license is issued. If such person, firm or corporation shall have no warehouse, office, or fixed place of business in the county where such business is carried on, if the original license is to be issued to a firm, partnership or copartnership, there shall be designated on such license the name of the individual who is to exercise the privilege granted on behalf of such firm, partnership or copartnership. If such license is to be issued to a corporation, there shall be designated on such license the name of the individual who is to exercise the privilege granted on behalf of such corporation and the license so issued will authorize only the individual designated thereon to engage in such business for or on behalf of such person, firm, partnership, copartnership or corporation, and none other. If such person, firm or corporation carries on the business herein described through agents, representatives, solicitors, or peddlers other than those named on the original license issued, as herein provided, additional and like licenses, for which there shall be paid the sum of two hundred fifty dollars (\$250.00) shall be obtained for such additional agents, representatives, solicitors, or peddlers for each county in which such busi-

ness is carried on, in the manner hereinafter set out, and all original and additional licenses issued to persons, firms or corporations which have no warehouse, office or fixed place of business shall be carried on the person of such licensee and shall be exhibited when requested or demanded by any law enforcement officer of North Carolina, or any person from whom such tobacco is bought, or to whom the same may be sold.

Any person, firm or corporation applying for and obtaining a license under this article may employ traveling representatives, agents, peddlers, or solicitors for the purpose of buying and/or selling scrap tobacco, but such traveling representatives, agents or peddlers shall apply for and obtain from the Commissioner of Revenue a separate additional license on behalf of such person, firm or corporation whom or which he represents and shall pay for such license a tax of two hundred fifty dollars (\$250.00) for each additional license so issued. Every such additional license issued hereunder shall run from the date thereof and shall expire on the thirty-first day of May of the next year following its issue. No license shall be issued for less than the full amount of tax prescribed. Such traveling representative, agent or peddler engaged in such business shall carry on his person the license so obtained, which shall be exhibited when requested or demanded by any law enforcement officer of North Carolina or any person from whom such tobacco is bought or to whom the same may be sold.

(b) Any such person, firm or corporation described in subsection (a) of this section, who is engaged in the business of buying and/or selling scrap tobacco within the meaning of this article, and who maintains and operates in connection therewith a plant or factory where such scrap tobacco is processed, manufactured, or redried, shall apply for and obtain from the Commissioner of Revenue a license to engage in such business and for that purpose shall file with the Commissioner of Revenue an application setting forth the name of the county or counties in which such applicant proposes to engage in such business, and the place or places where his, their, or its principal office is situated, and shall pay for such license a tax of five hundred dollars (\$500.00) for each county in this State in which the applicant proposes to engage in such business. The license so issued shall authorize the person, firm or corporation to whom it is issued to engage in such business only on the premises designated in the license. Persons, firms or corporations taxed under this subsection shall not be required to pay the license tax provided for in subsection (a) of this section. Every such license issued hereunder shall run from the date thereof and shall expire on the thirty-first day of May of the next year following its issue and no license shall be issued for less than the full amount of the tax prescribed. (1935, c. 360, s. 3; 1937, c. 414, s. 3; 1939, c. 389, s. 2.)

Editor's Note. — The 1939 amendment rewrote this section.

§ 106-469. Violation made misdemeanor.—Any person, firm or corporation violating any of the provisions of this article shall be guilty of a misdemeanor, and upon conviction shall be fined and/or imprisoned in the discretion of the court. (1937, c. 414, s. 4.)

§ 106-470. Exemptions.—Nothing in this article shall have any effect upon or apply to any stocks of leaf and scrap tobacco grown prior to the year one thousand nine hundred thirty-seven, or to purchases or sales of scrap or untied tobacco which has been processed, redried or manufactured. (1937, c. 414, s. 4½; 1939, c. 389, s. 3.)

Editor's Note. — The 1939 amendment added the part of this section beginning with the words "or to purchases".

Combines and Power Threshers.

§§ 106-490 to 106-495: Repealed by Session Laws 1955, c. 268, s. 2.

§ 106-495.1. **Reports of crops harvested by means of combines or power threshers.**—It shall be the duty of the Commissioner of Agriculture to collect reports from every person, firm, or corporation who shall engage in the harvesting of crops by means of combines or power threshers; and it shall be the duty of every person, firm, or corporation engaging in the harvesting of crops by means of combines or power threshers to keep an accurate and complete record of the acreages harvested, and amounts threshed or combined for each farm, and to make reports on forms to be provided by the Commissioner of Agriculture showing acreages and amounts for the preceding season. For crops combined or threshed between January 1 and July 31 of each year the report shall be made not later than the first day of September of such year. For crops combined or threshed between August 1 and December 31 of each year the report shall be made not later than the first day of February of the next succeeding year. (1955, c. 268, s. 1.)

§ 106-495.2. **Reports of sales of combines or power threshers.**—It shall be the duty of every person, firm, or corporation who shall sell any combine or power thresher in this State to report to the Commissioner of Agriculture the name and address of the purchaser thereof. Every sale completed on or after the first day of September and prior to the first day of May of the following year shall be reported on or before the first day of June of that year, and every sale completed on or after the first day of May and prior to the first day of September of each year shall be reported on or before the first day of October of said year. (1955, c. 268, s. 1.)

ARTICLE 44.

Unfair Practices by Handlers of Farm Products.

§ 106-496. **Protection of producers of farm products against unfair trade practices.**—The Board of Agriculture is hereby authorized to make rules and regulations necessary to protect producers of farm products from loss through financial irresponsibility and unfair, harmful and unethical trade practices of persons, firms and corporations (hereinafter referred to as "handlers") and their agents, who incur financial liability for farm products. (1941, c. 359, s. 1.)

§ 106-497. **Permits required of handlers of farm products not operating on cash basis.**—No person shall act as a handler of farm products on any basis except a cash basis, until he obtains a permit from the Commissioner of Agriculture. The Commissioner of Agriculture may require from each applicant such verified information as he sees fit in order to determine the applicant's financial responsibility and reputation, and the Board may make rules and regulations as to issuing permits. (1941, c. 359, s. 2.)

§ 106-498. **Establishment of financial responsibility before permit issued; bond.**—No such permit shall be issued to any handler who is not op-

erating on a strictly cash basis and who is incurring or may incur financial liability to any grower, until such person, firm, or corporation shall furnish to the Commissioner of Agriculture sufficient and satisfactory evidence of their ability to carry out their contract or furnish a satisfactory bond in an amount not to exceed ten thousand (\$10,000) dollars. The Commissioner of Agriculture may require a new bond or additional bonds up to the ten thousand dollar (\$10,000.00) limit when he finds it necessary for the protection of the producer. Such bonds shall be payable to the State in favor of every contract producer or consignor of farm products, and shall be continued upon compliance with all the provisions of this article, and the faithful fulfilment of all contracts, and for the faithful accounting for and handling of produce by such handler, and for payment to the producer of the net proceeds of all consignments and sales. Any producer claiming to be injured by the fraud, deceit or willful negligence of any commission merchant or contractor, or by his failure to comply with this article or with the terms of a written contract between such parties, may bring action on the bond against both principal and surety in any court of competent jurisdiction and may recover the damages found by the court to be caused by such acts complained of. (1941, c. 359, s. 3.)

§ 106-499. Contracts between handlers and producers; approval of Commissioner.—No handler shall enter into any written contract with a producer in North Carolina, for the production, delivery, or sale of farm products, until he files with the Commissioner of Agriculture a true copy of the contract and it is examined and approved by the Commissioner. The Commissioner may withhold his approval in his discretion if he is of the opinion that the contract is illegal or unfair to the producer, or that the contractor is insolvent or financially irresponsible, or if for any other cause it reasonably appears to him that the contract in question might defeat the purpose of this article. (1941, c. 359, s. 4.)

§ 106-500. Additional powers of Commissioner to enforce article.—In order to enforce this article, the Commissioner of Agriculture, upon his own motion or upon the verified complaint of any producer, shall have the following additional powers:

- (1) To inspect or investigate transactions for the sale or delivery of farm products to persons acting as handlers; to require verified reports and accounts of all authorized handlers; to examine books, accounts, memoranda, equipment, warehouses, storage, transportation and other facilities, farm products and other articles connected with the business of the handlers; to inquire into failure or refusal of any handlers to accept produce under his contracts and to pay for it as agreed;
- (2) To hold hearings after due notice to interested parties and opportunity to all to be heard; to administer oaths, take testimony and issue subpoenas; to require witnesses to bring with them relevant books, papers, and other evidence; to compel testimony; to make written findings of fact and on the basis of these findings to issue orders in controversies before him, and to revoke the permits of persons disobeying the terms of this article or of rules, regulations, and orders made by the Board or the Commissioner. Any party disobeying any order or subpoena of the Commissioner shall be guilty of contempt, and shall be certified to the superior court for punishment. Any party may appeal to the superior court from any final order of the Commissioner;
- (3) To issue all such rules and regulations, with the approval of the Board, and to appoint necessary agents and to do all other lawful things necessary to carry out the purposes of this article. (1941, c. 359, s. 5.)

§ 106-501. Violation of article or rules made misdemeanor.—Any person who violates the provisions of this article or the rules and regulations

promulgated thereunder shall be guilty of a misdemeanor, and shall be punishable by a fine of not more than five hundred dollars (\$500.00) or by imprisonment for not more than one year, or both. (1941, c. 359, s. 6.)

ARTICLE 45.

Agricultural Societies and Fairs.

Part 1. State Fair.

§ 106-502. **Land set apart.**—For the purpose of the operating of a State Fair, expositions and other projects which properly represent the agricultural, manufacturing, industrial and other interests of the State of North Carolina, there is hereby dedicated and set apart two hundred acres of land owned by the State or any department thereof within five miles of the State Capitol, the particular acreage to be selected, set apart, and approved by the Governor and Council of the State of North Carolina. (1927, c. 209, s. 1; 1959, c. 1186, s. 1.)

Editor's Note. — The 1959 amendment substituted, in the first and second lines, the words "operating of a State Fair, ex- positions and other projects which" for the words "holding annually of a State Fair and exposition which will."

§ 106-503. **Board of Agriculture to operate fair.** — The State Fair and other projects provided for in G. S. 106-502, shall be managed, operated and conducted by the Board of Agriculture established in G. S. 106-502. To that end, said Board of Agriculture shall, at its first meeting after the ratification of this section, take over said State Fair, together with all the lands, buildings, machinery, etc., located thereon, now belonging to said State Fair and shall operate said State Fair and other projects with all the authority and power conferred upon the former board of directors, and it shall make such rules and regulations as it may deem necessary for the holding and conducting of said fair and other projects, and/or lease said fair properties so as to provide a State Fair. (1931, c. 360, s. 3; 1959, c. 1186, s. 2.)

Editor's Note.—The act inserting this section repealed Public Laws 1927, c. 209, s. 2, providing for the management and operation of the fair by a board of directors.

The 1959 amendment inserted the words "and other projects" at three places in the section. It also substituted "G. S. 106-502" for "§ 106-2" in the first sentence, and

"operate" for "hold and conduct" in the second sentence.

Section 4 of the amendatory act provides: "All actions heretofore taken by the manager of the North Carolina State Fair in the operation of projects on the fair grounds at times other than the annual dates of the State Fair are confirmed, ratified and validated."

§ 106-503.1. **Board authorized to construct and finance facilities and improvements for fair.**—(a) **Borrowing Money and Issuing Bonds.**—For the purpose of building, enlarging and improving the facilities on the properties of the State Fair, the State Board of Agriculture is hereby empowered and authorized to borrow a sum of money not to exceed one hundred thousand dollars (\$100,000.00), and to issue revenue bonds therefor, payable in series at such time or times and bearing such rate of interest as may be fixed by the Governor and Council of State: Provided, that no part of the payments of the principal or interest charges on said loan shall be made out of the general revenue of the State of North Carolina, and the credit of the State of North Carolina and the State Department of Agriculture or the agricultural fund, other than the revenue of the State Fair funds, shall not be pledged either directly or indirectly for the payment of said principal or interest charges. The receipts, funds, and any other State Fair assets may be pledged as security for the payment of any bonds that may be issued.

(b) **Contracts and Leases; Pledge of Gate Receipts, etc.**—For the further purpose of acquiring, constructing, operating and financing said properties and facili-

ties on the North Carolina State Fair grounds, the Board of Agriculture may enter into such agreements, contracts and leases as may be necessary for the purpose of this section, and may pledge, appropriate, and pay such sums out of the gate receipts or other revenues coming to the State Board of Agriculture from the operation of any facilities of the State Fair as may be required to secure, repay, or meet the principal and interest charges on the loan herein authorized.

(c) Gifts and Endowments.—The State Board of Agriculture may receive gifts and endowments, whether real estate, moneys, goods or chattels, given or bestowed upon or conveyed to them for the benefit of the State Fair, and the same shall be administered in accordance with the requirements of the donors. (1945, c. 1009; 1959, c. 1186, s. 3.)

Editor's Note. — The 1959 amendment substituted, in line three of subsection (b) the words "on the North Carolina State Fair grounds" for the words "for the North Carolina State Fair".

§ 106-504. Lands dedicated by State may be repossessed at will of General Assembly. — Any lands which may be dedicated and set apart under the provisions of this article may be taken possession of and repossessed by the State of North Carolina, at the will of the General Assembly. (1927, c. 209, s. 4(a).)

Part 2. County Societies.

§ 106-505. Incorporation; powers and term of existence.—Any number of resident persons, not less than ten, may associate together in any county, under written articles of association, subscribed by the members thereof, and specifying the object of the association to encourage and promote agriculture, domestic manufactures, and the mechanic arts, under such name and style as they may choose, subject to any other applicable provisions of law, and thereby become a body corporate with all the powers incident to such a body, and may take and hold such property, both real and personal, as may be needful to promote the objects of their association.

Whenever any such association is formed subsequent to April 1, 1949, a copy of the articles of incorporation shall be filed with the Secretary of State, together with any other information the Secretary of State may require. A fee of ten dollars (\$10.00) shall be paid to the Secretary of State when such articles are filed. Upon receipt of such articles in proper form, and such other information as may be required, and the filing fee, the Secretary of State shall issue a charter of incorporation.

The corporate existence shall continue as long as there are ten members, during the will and pleasure of the General Assembly. (1852, c. 2, ss. 1, 2, 3; R. C., c. 2, ss. 6, 7; Code, s. 2220; Rev., ss. 3868, 3869; C. S., s. 4941; 1949, c. 829, s. 2.)

Cross Reference.—As to power of board of county commissioners to promote farmers' cooperative demonstration work, see § 153-9, paragraph 35.

Editor's Note. — The 1949 amendment inserted the words "subject to any other

applicable provisions of law" in line six of the first paragraph and struck out of said paragraph the words "not exceeding ten thousand dollars in value." The amendment also inserted the second paragraph.

§ 106-506. Organization; officers; new members.—Such society shall be organized by the appointment of a president, two vice-presidents, a secretary and treasurer, and such other officers as they may deem proper, who shall thereafter be chosen annually, and hold their places until others shall be appointed. And the society may from time to time, on such conditions as may be prescribed, receive other members of the corporation. (1852, c. 2, s. 3; R. C., c. 2, s. 7; Code, s. 2221; Rev., s. 3869; C. S., s. 4942.)

§ 106-507. Exhibits exempt from State and county taxes. — Any society or association organized under the provisions of this chapter, desiring to

be exempted from the payment of State, county, and city license taxes on its exhibits, shows, attractions, and amusements, shall each year, not later than sixty (60) days prior to the opening date of its fair, file an application with the Commissioner of Revenue for a permit to operate without the payment of said tax; said application shall state the various types of exhibits and amusements for which the exemption is asked, and also the date and place they are to be exhibited. The Commissioner of Revenue shall immediately refer said application to the Commissioner of Agriculture for approval or rejection. If the application is approved by said Commissioner of Agriculture, the Commissioner of Revenue shall issue a permit to said society or association authorizing it to exhibit within its fair grounds and during the period of its fair, without the payment of any State, county, or city license tax, all exhibits, shows, attractions, and amusements as were approved. Provided, however, that the Commissioner of Revenue shall have the right to cancel said permit at any time upon the recommendation of said Commissioner of Agriculture. Any society or association failing to so obtain a permit from the Commissioner of Revenue or having its permit canceled shall pay the same State, county, and city license taxes as may be fixed by law for all other persons or corporations exhibiting for profit within the State shows, carnivals, or other attractions. (1905, c. 513, s. 2; Rev., s. 3871; C. S., s. 4944; 1935, c. 371, s. 107; 1949, c. 829, s. 2.)

Editor's Note.—Prior to the 1949 amendment a committee exercised the authority now vested in the Commissioner of Agriculture.

§ 106-508. Funds to be used in paying premiums.—All moneys so subscribed, as well as that received from the State treasury as herein provided, shall after paying the necessary incidental expenses of such society, be annually paid for premiums awarded by such societies, in such sums and in such way and manner as they severally, under their bylaws, rules and regulations, shall direct, on such live animals, articles of production, and agricultural implements and tools, domestic manufacturers, mechanical implements, tools and productions as are of the growth and manufacture of the county or region, and also such experiments, discoveries, or attainments in scientific or practical agriculture as are made within the county or region wherein such societies are respectively organized. (1935, c. 172, s. 1.)

Local Modification.—Granville: 1953, c. 1240.

§ 106-522. **Application for assistance.**—Any person or persons, corporation or concern, engaged in the cultivation of a farm or farms in this State may apply to the county commissioners for assistance under this article, stating in the

said application as nearly as may be the size or area of the cultivated lands, its condition, the kind of soil, the amount of erosion, if any, the topography of the farm, its present manner of drainage and the kinds of crops usually cultivated thereon. It shall also state what means have been used heretofore, if any, to prevent soil erosion, and specifically the extent to which erosion now exists upon the premises. At any time subsequent to the said application, if relief is extended to him, he shall, when so requested by the said county commissioners or any other person delegated by them to receive the information, make detailed reports as to the condition of his said cultivated lands, the extent to which provision has been made thereon to prevent soil erosion, with the results of same. There shall also be stated in the said application the kind and quantity of equipment which, in the judgment of the applicant, is necessary for use upon his farm. (1935, c. 172, s. 2.)

§ 106-523. **Investigation and extending relief.**—Upon the filing of such application the county commissioners shall cause due investigation to be made with reference thereto, and for their guidance; shall fully consider the same and if, in their opinion, the relief asked for should be extended, they shall thereupon proceed to supply or have supplied such equipment as in their judgment may be necessary under the circumstances, as provided in this article. (1935, c. 172, s. 3.)

§ 106-524. **Purchase of equipment and furnishing to farmers; notes and security from applicants; rental contracts; guarantee of payment.**—The county commissioners are authorized and empowered to purchase the equipment by them deemed to be necessary and supply the applicant therewith, upon such terms and conditions of purchase, rental or repayment as may be deemed by them just and proper, and which will save the county from loss in the matter. To that end, they are authorized to accept from the applicant such notes and security, if any by them are deemed necessary, or shall make with them such rental contracts as may be reasonably prudent and safe in the premises. They are further authorized and empowered, when in their judgment it may be deemed advisable, to guarantee the payment to the seller, for such equipment as may be directly purchased by the applicant for the use aforesaid: Provided, however, that the purchase of the said equipment has been previously approved by the county commissioners. (1935, c. 172, s. 4.)

§ 106-525. **Guarantee of payment where equipment purchased by federal agencies.**—Where the said equipment may be purchased by any federal agency and by it furnished to any person, persons, firm or corporation engaged in the actual cultivation of the soil, the county commissioners are authorized, under such terms and conditions as to them may seem advisable, and as shall conserve the public interest and be just and proper to the county, to guarantee the payment of the purchase price of such equipment in full or the interest upon the obligations made in their purchase, and may do so in full or in part. (1935, c. 172, s. 5.)

§ 106-526. **Expense of counties extending relief made lien on premises of applicant.**—In the event the county commissioners shall extend any relief under this article, to the extent of the money furnished or the obligation of the county with respect thereto, the same shall be a lien upon the premises, lands and tenements of the owner and applicant for such relief, securing the repayment of the funds furnished by the county and securing the county against any loss by reason of its obligation in any respect, the said lien to be foreclosed in all respects as provided in the law for deeds of trust or real estate mortgages: Provided, however, that in case the county itself has entered into an obligation in order to extend to any persons herein named the relief provided in this article, the county shall not be postponed in its relief until loss is actually incurred by it, but may

proceed in accordance with the contract and agreement made with the applicant for relief, and when the obligations of the county in any respect are due: Provided, further, that the lien created by this section shall not be effective as against innocent purchasers for value unless and until notice of such lien shall be docketed in the office of the clerk of the superior court of the county in which the land lies in the manner and form provided by law for perfecting laborer's or mechanic's liens against real property. (1935, c. 172, s. 6.)

§ 106-527. **Counties excepted.**—This article shall not apply to the counties of Alexander, Alleghany, Ashe, Avery, Bladen, Buncombe, Camden, Columbus, Cumberland, Davie, Gates, Haywood, Hyde, Jackson, Lincoln, Macon, Madison, Moore, New Hanover, Pamlico, Pasquotank, Rutherford, Sampson, Transylvania, Washington, Watauga, Wilkes, and Yadkin. ARTICLE 47.

State Marketing Authority.

§ 106-528. **State policy and purpose of article.**—It is declared to be the policy of the State of North Carolina and the purpose of this article to promote, encourage and develop the orderly and efficient marketing of products of the home, farm, sea and forest; to establish, maintain, supervise and control, with the cooperation of counties, cities and towns, centrally located markets for the sale and distribution of such products, so as to promote a steady flow of commodities, properly graded and labelled, into the channels of trade at the time and place to enable the producer to get the market price and the consumer to get a product in keeping with the price paid. (1941, c. 39, s. 1.)

§ 106-529. **State Marketing Authority created; members and officers; commodity advisers; meetings and expenses.**—To secure these aims, there is hereby created an incorporated public agency of the State, to be known as the State Marketing Authority, hereinafter referred to as the "Authority." It shall consist of the members of the State Board of Agriculture, and the Commissioner of Agriculture shall be the chairman. They shall perform the duties and exercise the powers herein set out as a part of their official duties as members of the Board of Agriculture. The Governor shall appoint from time to time commodity advisers to plan with the Authority the programs undertaken in their respective communities. The Authority shall elect and prescribe the duties of a secretary-treasurer, who shall not be a member of the Authority. He shall give bond in such amount as the Authority shall determine in some reliable surety company doing business in North Carolina, and the Authority shall pay the premiums. The Authority shall meet in regular session annually at a fixed place and date, and shall meet in special session at such other times and places as the chairman may request. The members shall receive no salary, but shall receive actual expenses plus seven dollars per day for actual time spent in performing their duties. (1941, c. 39, s. 2.)

§ 106-530. **Powers of Authority.**—The Authority shall have the following powers:

- (1) To sue and be sued in its corporate name in any court or before any administrative agency of the State or of the United States, and to enter into agreements with the United States Department of Agriculture or any other legally constituted State or federal agency, or with any county, city or town in the furtherance of the purposes of this article.
- (2) To plan, build, construct, or cause to be built or constructed, or to pur-

chase, lease or acquire the use of any warehouses or other facilities that may be necessary for the successful operation by the Authority of wholesale markets for products of the home, farm, sea and forest at chosen points in North Carolina. The Authority may make such contracts as may be needed for these purposes. In no case shall the Authority be responsible for any rent except from the income of the market in excess of other operating expenses. The Authority may select and employ for each market capable managers, who shall be familiar with the problems of the grower and the distributor, and of the marketing of farm products, and who shall have the business ability and training to operate a market and to plan for its proper development and growth in order best to serve the interests of producers, distributors, consumers in the area, and the general public. The managers may employ assistants and agents with the approval of the Authority. The Authority may make such regulations as will promote the policy of this article, as to the manner in which the markets shall be operated, the business conducted, and stalls sublet to dealers.

- (3) To fix the terms upon which individual, co-operative or corporate wholesale merchants, warehouses or warehousemen may place their facilities or services under the supervision and regulation of the Authority. The Authority may extend to any such wholesale merchants, warehouses or warehousemen marketing benefits in the form of inspection, market informational and news service and may make regulations as to the operation of such facilities or services and as to forms, reports, handling, grades, weights, packages, labels, and other standards for the products handled by such merchants, warehouses or warehousemen.
- (4) To fix rentals and charges for each type of service or facility in the markets under its control, taking into consideration the cost of such facility or service, the interest and amortization period required, a proper relationship between types of operators in the market, cost of operation, and the need for reasonable reserves for repairs, depreciation, expansion, and similar items. These rentals and charges shall not bring any profit to any agency over and above the costs of operation, necessary reserves, and debt service.
- (5) To issue permits to itinerant dealers in intrastate commerce, who express a willingness to come under the program of the State Marketing Authority. Such permits shall enable the holders to solicit orders and to buy and sell produce under the rules and regulations of the Authority and in conformance with §§ 106-185 to 106-196 and not inconsistent with the United States Perishable Agricultural Commodities Act, one thousand nine hundred and thirty (46 Stat. 531).
- (6) To issue bonds and other securities to obtain funds to acquire, construct, and equip warehouses to be used in carrying out the purposes of this article. The bonds shall be entitled "North Carolina Marketing Authority Bonds" and shall be issued in such form and denominations and shall mature at such time or times, not exceeding thirty years after their date, and shall bear such interest, not exceeding five per cent per annum, payable either annually or semiannually, as the Authority shall determine. They shall be signed by the chairman of the Authority, and the corporate seal affixed or impressed upon each bond and attested by the secretary-treasurer of the Authority. The coupons shall bear the facsimile signature of the chairman officiating when the bonds are issued. Any issue of these bonds and notes may be sold publicly, or at private sale for not less than par to the Reconstruction

Finance Corporation or other State or federal agency or may be given in exchange to any county, city, town or individual for the lease or purchase of property to be used by the Authority. To secure such indebtedness, the Authority may give mortgages or deeds of trust, executed in the same manner as the bonds, on the property purchased or acquired, and may pledge the revenues from the markets in excess of operating expenses, interest and insurance: Provided, that each market shall be operated on a separate financial basis, and only such revenues and properties of each separate market shall be liable for the obligations of that market. No obligations incurred by the Authority shall be obligations of the State of North Carolina or any of its political subdivisions, or a burden on the taxpayers of the State or any political subdivision. This does not prevent the State or any of its agencies, departments or institutions, or any private or public agency from making a contribution to the Authority, in money or services or otherwise.

Bonds and notes issued under this article shall be exempt from all State, county or municipal taxes or assessments of any kind; the interest shall not be taxable as income, nor shall the notes, bonds, nor coupons be taxable as part of the surplus of any bank, trust company or other corporation.

Any resolution or resolutions authorizing any bonds shall contain provisions which shall be a part of the contract with the holders of the bonds, as to:

- a. Pledging the fees, rentals, charges, dues, tolls, and inspection and sales fees, and other revenues to secure payment of the bonds;
 - b. The rates of the fees or tolls to be charged for the use of the facilities of the warehouse or warehouses, and the use and disposition of the revenues from its operation;
 - c. The setting aside of reserves or working funds, and the regulation and disposition thereof;
 - d. Limitations on the purposes to which the proceeds of sale of any issue of bonds may be applied;
 - e. Limitations on the issuance of additional bonds; and
 - f. The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given.
- (7) To accept grants in aid or free work.
 - (8) To adopt, use and alter a corporate seal.
 - (9) To dispossess tenants for nonpayment of rent and for failure to abide by the regulations of the Authority.
 - (10) To hire necessary agents, engineers, and attorneys, and to do all things necessary to carry out the powers granted by this article. (1941, c. 39, s. 3.)

§ 106-531. Discrimination prohibited; restriction on use of funds.
—The Authority shall not permit:

- (1) Any discrimination against the sale, on any of the markets under their control, of any farm product because of type of operator or area of production.
- (2) The use of any of its funds for any purpose other than for the support, necessary expansion, and operation of this State marketing system, or the use of any of its funds to establish any retail market or to build or furnish more than one market in any town. (1941, c. 39, s. 4.)

§ 106-532. **Fiscal year; annual report to Governor.**—The Authority shall operate on a fiscal year, which shall be from July first to June thirtieth. The Commissioner of Agriculture shall file an annual report with the Governor containing a statement of receipts and disbursements and the purposes of such disbursements, and a complete statement of the financial condition of the Authority, and an account of its activities for the year. (1941, c. 39, s. 5.)

§ 106-533. **Application of revenues from operation of warehouses.**—All rentals and charges, fees, tolls, storage and sales commissions and revenues of any sort from operation of each warehouse shall be applied to the payment of the cost of operating and administering the warehouse and market facilities including interest on bonds and other evidences of indebtedness issued therefor, and the cost of insurance against loss by injury to persons or property, and the balance shall be paid to the secretary-treasurer of the Authority and be used to provide a sinking fund to pay at or before maturity all bonds and notes and other evidences of indebtedness incurred for and on behalf of the building, constructing, maintaining and operating of each warehouse. A separate sinking fund account shall be kept for each market, and no market shall be liable for the obligations of any other market. (1941, c. 39, s. 6.)

§ 106-534. **Exemption from taxes and assessments.**—The Authority shall be regarded as performing an essential governmental function in constructing, operating or maintaining these markets, and shall be required to pay no taxes or assessments on any property acquired or used by it for the purposes herein set out. (1941, c. 39, s. 7.)

Collection of assessments; custody and use of funds.—In the event two thirds or more of the farmers eligible for participation in such referendum and voting therein shall vote in favor of such assessment, then the said assessment shall be collected annually for the three years set forth in the call for such referendum, and the collection of such assessment shall be under such method, rules and regulations as may be determined by the agency conducting the same; and the said assessment so collected shall be paid into the treasury of the agency conducting such referendum, to be used together with other funds from other sources, including donations from individuals, concerns or corporations, and grants from State or governmental agencies, for the purpose of promoting and stimulating, by advertising and other methods, the increased use and sale, domestic and foreign, of the agricultural commodity covered by such referendum. Such

assessments may also be used for the purpose of financing or contributing toward the financing of a program of production, use and sale of any and all such agricultural commodities. (1947, c. 1018, s. 15; 1951, c. 1172, s. 3.)

Editor's Note. — The 1951 amendment added the last sentence.

§ 106-564.1. Alternate method for collection of assessments.—As an alternate method for the collection of assessments provided for in G. S. 106-564, and upon the request of the duly certified agency of the producers of any agricultural products referred to in G. S. 106-550, the Commissioner of Agriculture shall notify, by registered letter, all persons, firms and corporations engaged in the business of purchasing any such agricultural products in this State, that on and after the date specified in the letter the assessments shall be deducted by the purchaser, or his agent or representative, from the purchase price of any such agricultural products. The assessment so deducted, shall, on or before the 1st day of June of each year following such deduction, be remitted by such purchaser to the Commissioner of Agriculture of North Carolina who shall thereupon pay the amount of the assessments to the duly certified agency of the producers entitled thereto. The books and records of all such purchasers of agricultural products shall at all times during regular business hours be open for inspection by the Commissioner of Agriculture or his duly authorized agents. (1953, c. 917.)

§ 106-564.2. Further alternative method for collection of assessments.—As an alternate method for the collection of assessments provided for in G. S. 106-564, the duly certified agency representing the producers of peaches, apples or other tree fruits, is hereby authorized to establish the names, addresses and number of trees or acres of trees and certify same to the Commissioner of Agriculture. The Commissioner of Agriculture shall then notify by registered letter such certified producers that on or before the date specified by the duly certified agency, the assessments shall be paid to the Commissioner of Agriculture by the producers. The date of collections of such assessments may be established by the duly certified agency representing the producers of any agricultural product referred to in G. S. 106-550. (1955, c. 374.)

§ 106-564.3. Alternative method for collection of assessments relating to cattle sold for slaughter.—As an alternative method for the collection of assessments provided for in article 50, of chapter 106 of the General Statutes, as amended, and as the same relates to cattle sold for slaughter, upon the request of the duly certified agency of the producers of cattle which are to be sold for slaughter, the Commissioner of Agriculture shall notify, by registered letter, all livestock auction markets, slaughterhouses, abattoirs, packing houses, and any and all persons, firms and corporations engaged in the buying, selling or handling of cattle for slaughter in this State, and on and after the date specified in the letter the assessments approved and in force under said referendum shall be deducted by the purchaser, or his agent or representative, from the purchase price of any such cattle bought, acquired or sold for slaughter. It shall be unlawful for any livestock auction market, slaughterhouse, abattoir, packing house or the administrators or managers or agents of same or for any person, firm or corporation to acquire, buy or sell cattle for slaughter without deducting the assessments previously authorized by said referendum. The assessment or assessments for any month so deducted, shall, on or before the 20th day of the following month, be remitted by such purchaser as above described, to the Commissioner of Agriculture of North Carolina, who shall thereupon pay the amount of the assessments to the duly certified agency of the producers of such cattle sold for slaughter entitled thereto. The books and records of all such livestock auction markets, slaughterhouses, abattoirs, packing houses, or persons, firms or corporations engaged in buying, acquiring or selling cattle for slaughter shall at all

times during regular business hours be open for the inspection by the Commissioner of Agriculture or his duly authorized agents. Provided, however, that if any livestock auction market, slaughterhouse, abattoir, packing house, or any person, firm or corporation engaged in buying, selling or handling cattle for slaughter in this State shall fail to collect or pay such assessments so deducted to the Commissioner of Agriculture of North Carolina, as herein provided, then and in such event suit may be brought by the duly certified agency concerned in a court of competent jurisdiction to enforce the collection of such assessments. (1959, c. 1176.)

§ 106-565. **Subsequent referendum.**—In the event such referendum so to be conducted as herein provided shall not be supported by two thirds or more of those eligible for participation therein and voting therein, then the duly certified agency conducting the said referendum shall have full power and authority to call another referendum for the purposes herein set forth in the next succeeding year, on the question of an annual assessment for three years. (1947, c. 1018, s. 16.)

§ 106-566. **Referendum as to continuance of assessments approved at prior referendum.**—In the event such referendum is carried by the votes of two thirds or more of the eligible farmers participating therein and assessments in pursuance thereof are levied annually for the three years set forth in the call for such referendum, then the agency conducting such referendum shall in its discretion have full power and authority to call and conduct during the third year of such period another referendum in which the farmers and producers of such agricultural commodity shall vote upon the question of whether or not such assessments shall be continued for the next ensuing three years. (1947, c. 1018, s. 17.)

§ 106-567. **Rights of farmers dissatisfied with assessments; time for demanding refund.**—In the event such referendum is carried in the affirmative and the assessment is levied and collected as provided herein and under the regulations to be promulgated by the duly certified agency conducting the same, any farmer or producer upon and against whom such annual assessment shall have been levied and collected under the provisions of this article, if dissatisfied with said assessment and the result thereof, shall have the right to demand of and receive from the treasurer of said agency a refund of such annual assessment so collected from such farmer or producer, provided such demand for refund is made in writing within thirty days from the date on which said assessment is collected from such farmer or producer. Provided, however, that as to growers or producers of potatoes or peaches the right of refund of assessments as provided herein shall be contingent upon such growers or producers having paid said assessment on or before the end of the assessment year in which the assessment was levied. The assessment year shall be determined by the duly certified commission, council, board or agency representing the respective commodity: Provided further, that any farmer or producer of potatoes or peaches who fails to make any protest against the assessment and levy in writing, addressed to the duly certified commission, council, board or agency representing the commodity concerned, within thirty days from the date such assessment shall become due and payable, then, and in such event, suit may be brought by the duly certified commission, council, board or agency concerned in a court of competent jurisdiction to enforce the collection of the assessment. (1947, c. 1018, s. 18; 1959, c. 311.)

Editor's Note. — The 1959 amendment added the part of the section beginning with the first proviso.

§ 106-568. **Publication of financial statement by treasurer of agency; bond required.**—In the event of the levying and collection of assess-

ments as herein provided, the treasurer of the agency conducting same shall within thirty days after the end of any calendar year in which such assessments are collected, publish through the medium of the press of the State a statement of the amount or amounts so received and collected by him under the provisions of this article. Before collecting and receiving such assessments, such treasurer shall give a bond in the amount of at least the estimated total of such assessments as will be collected, such bond to have as surety thereon a surety company licensed to do business in the State of North Carolina, and to be in the form and amount approved by the agency conducting such referendum and to be filed with the chairman or executive head of such agency. (1947, c. 1018, s. 19.)

(1951, c. 827, s. 1.)

§ 106-568.2. **Policy as to referendum and assessment.**—It is further declared to be in the public interest and highly advantageous to the economic development of the State that farmers, producers, and growers of agricultural commodities using commercial feed and/or fertilizers or their ingredients be permitted by referendum held among themselves to levy upon themselves an assessment of five cents (5c) per ton on mixed fertilizers, commercial feed, and their ingredients (except lime and land plaster) to provide funds through the Agricultural Foundation to supplement the established program of agricultural research and dissemination of research facts. (1951, c. 827, s. 2.)

§ 106-568.3. **Action of Board of Agriculture on petition for referendum.**—The State Board of Agriculture, upon a petition being filed with it so requesting and signed by the governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall examine such petition and upon finding that it complies with the provisions of this article shall authorize the holding of a referendum as hereinafter set out and the governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall thereupon be fully authorized and empowered to hold and conduct on the part of the producers and growers of the commodities herein mentioned a referendum on the question of whether or not such growers and producers shall levy upon themselves an assessment under and subject to and for the purposes stated in this article. (1951, c. 827, s. 3.)

§ 106-568.4. **By whom referendum to be managed; announcement.**—The governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall arrange for and manage any referendum conducted under the provisions of this article but shall, sixty days before the date upon which it is to be held, fix, determine, and publicly announce in each county the date, hours, and polling places in that county for voting in such referendum, the amount and basis proposed to be collected, the means by which such assessment shall be collected as authorized by the growers and producers, and the general purposes for which said funds so collected shall be applied. (1951, c. 827, s. 4.)

§ 106-568.5. When assessment shall and shall not be levied.—If in such referendum more than one third of the farmers and producers eligible to participate therein and voting therein shall vote in the negative and against the levying or collection of such assessment, then in such event no assessment shall be levied or collected, but if two thirds or more of such farmers and producers voting therein shall vote in the affirmative and in favor of the levying or collection of such assessment, then such assessment shall be collected in the manner hereinafter provided. (1951, c. 827, s. 5.)

§ 106-568.6. Determination and notice of date, area, hours, voting places, etc.—The three organizations herein designated to hold such referendum shall fix the date, area, hours, voting places, rules and regulations with respect to the holding of such referendum and cause the same to be published in the press of the State at least sixty days before holding such referendum and shall certify such information to the State Commissioner of Agriculture and to each of the farm organizations of the State. Such notice, so published and furnished to the several agencies, shall contain, in addition to the other information herein required, a statement of the amount of annual assessment proposed to be levied, and the purposes for which such assessment shall be applied. (1951, c. 827, s. 6.)

§ 106-568.7. Preparation and distribution of ballots; poll holders; canvass and announcement of results.—The governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall prepare and distribute in advance of such referendum all necessary ballots and shall under rules and regulations, adopted and promulgated by the organizations holding such referendum, arrange for the necessary poll holders and shall, within ten days after the date of such referendum, canvass and publicly declare the results thereof. (1951, c. 827, s. 7.)

§ 106-568.8. Collection and disposition of assessment; report of receipts and disbursements; audit.—In the event two thirds or more of the eligible farmers and producers participating in said referendum vote in favor of such assessment, then said assessment shall be collected for a period of three (3) years under rules, regulations, and methods as provided for in this article. The assessments shall be added to the wholesale purchase price of each ton of fertilizer, commercial feed, and/or their ingredients (except lime and land plaster) by the manufacturer of said fertilizer and feed. The assessment so collected shall be paid by the manufacturer into the hands of the North Carolina Commissioner of Agriculture on the same tonnage and at the same time and in the same manner as prescribed for the reporting of the inspection tax on commercial feeds and fertilizers as prescribed by G. S. 106-50.6 and 106-99. The Commissioner shall then remit said five cents (5c) per ton for the total tonnage as reported by all manufacturers of commercial feeds, fertilizers, and their ingredients to the treasurer of the North Carolina Agricultural Foundation, Inc., who shall disburse such funds for the purposes herein enumerated and not inconsistent with provisions contained in the charter and bylaws of the North Carolina Agricultural Foundation, Inc. Signed copies of the receipts for such remittances made by the Commissioner to the treasurer of the North Carolina Agricultural Foundation, Inc., shall be furnished the Commissioner of Agriculture, the North Carolina Farm Bureau Federation, and the North Carolina State Grange. The treasurer of the North Carolina Agricultural Foundation, Inc., shall make an annual report at each annual meeting of the Foundation directors of total receipts and disbursements for the year and shall file a copy of said report with the Commissioner of Agriculture and shall make available a copy of said report for publication.

It shall be the duty of the Commissioner of Agriculture to audit and check the remittances of five cents (5c) per ton by the manufacturer to the Commissioner in the same manner and at the same time as audits and checks are made of re-

mittances of the inspection tax on commercial feeds and fertilizers. (1951, c. 827, s. 8.)

§ 106-568.9. **Refunds to farmers.**—In the event such a referendum is carried in the affirmative and the assessment is levied and collected as herein provided and under the regulations to be promulgated by the duly certified agencies conducting the same, any farmer upon whom and against whom any such assessment shall have been added and collected under the provisions of this article, if dissatisfied with the said assessment, shall have the right to demand of and receive from the treasurer of said North Carolina Agricultural Foundation, Inc., a refund of such amount so collected from such farmer or producer provided such demand for refund is made in writing within thirty days from the date of which said assessment is collected from such farmer or producer. (1951, c. 827, s. 9.)

§ 106-568.10. **Subsequent referenda; continuation of assessment.**—If the assessment is defeated in the referendum, the governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall have full power and authority to call another referendum for the purposes herein set out in the next succeeding year on the question of the annual assessment for three years. In the event the assessment carried in a referendum by two thirds or more of the eligible farmers participating therein, such assessment shall be levied annually for the three years set forth in the call for such referendum and a new referendum may be called and conducted during the third year of such period on the question of whether or not such assessment shall be continued for the next ensuing three years. (1951, c. 827, s. 10.)

§ 106-568.11. **Effect of more than one-third vote against assessment.**—If in such referendum called under the provisions of this article more than one third of the farmers and producers in the State of North Carolina, eligible to participate and voting therein, shall vote in the negative and against the levying or collection of such assessment, then in such an event no assessment shall be levied or collected. Inspection and Regulation of Sale of Antifreeze Substances and Preparations.

§ 106-569. **Definitions.**—When used in this article, unless the context or subject matter otherwise requires:

- (1) The term or word “antifreeze” shall include all substances and preparations intended for use as the cooling medium, or to be added to the cooling liquid, in the cooling system of internal combustion engines to prevent freezing of the cooling liquid or to lower its freezing point.
- (2) The term “person”, as used in this article, shall be construed to mean both the singular and plural as the case demands, and shall include individuals, partnerships, corporations, companies and associations. (1949, c. 1165.)

§ 106-570. **Adulteration; what constitutes.**—An antifreeze shall be deemed to be adulterated:

- (1) If it consists in whole or in part of any substance which will render it injurious to the cooling system of an internal combustion engine or will make the operation of the engine dangerous to the user.
- (2) If its strength, quality, or purity falls below the standard of strength, quality, or purity under which it is sold.
- (3) If it consists of, or is compounded with calcium chloride, magnesium chloride, sodium chloride, petroleum distillates or other chemicals or substances in quantities harmful to the cooling systems of internal combustion engines. (1949, c. 1165.)

§ 106-571. **Misbranding; what constitutes.**—An antifreeze shall be deemed to be misbranded:

- (1) If its labeling is false or misleading in any particular.
- (2) If in package form it does not bear a label containing the name and

place of business of the manufacturer, packer, seller or distributor; and an accurate statement of quantity of the contents in terms of weight or measure, and they are not plainly and correctly stated on the outside of the package or container. (1949, c. 1165.)

§ 106-572. Inspection, analysis and permit for sale of antifreeze.—Before any antifreeze shall be sold, exposed for sale, or stored, packed or held with intent to sell within this State, a sample thereof may be inspected under the supervision of the State chemist in the Department of Agriculture, created by chapter 106 of the General Statutes. Upon application of the manufacturer, packer, seller or distributor and the payment of license or inspection fee of twenty-five dollars (\$25.00) for each brand or type of antifreeze submitted, the State chemist shall subject to inspection or analysis the antifreeze so submitted. If the antifreeze is not adulterated or misbranded, if it meets the standards established and promulgated by the North Carolina State Board of Agriculture, established by chapter 106 of the General Statutes, and if the said antifreeze is not such a type or kind that is in violation of this article, the Commissioner of Agriculture shall give the applicant a written license or permit authorizing the sale of such antifreeze in this State for the fiscal year in which the license or inspection fee is paid, which license or permit shall be subject to renewal annually. If the Commissioner of Agriculture shall, at a later date, find that the antifreeze product or substance to be sold, exposed for sale or held with intent to sell has been materially altered or adulterated, or a change has been made in the name, brand or trademark under which the antifreeze is sold, or that it violates the provisions of this article, the Commissioner of Agriculture shall notify the applicant and the license or permit shall be canceled forthwith. No license or permit for the sale of antifreeze in this State shall be issued until application has been made as provided by this article and such samples of the product as may be required by the State chemist to qualify it have been submitted and until the State chemist notifies the Commissioner of Agriculture that said antifreeze meets the requirement of this article. (1949, c. 1165.)

§ 106-573. Article to be administered by the Commissioner of Agriculture.—The Commissioner of Agriculture shall administer and enforce the provisions of this article by inspections, chemical analysis, or any other appropriate methods. All quantities or samples of antifreeze submitted for inspection or analysis shall be taken from stocks in this State or intended for sale in this State, or the Commissioner of Agriculture, through his agents, may call upon the manufacturer or distributor applying for an inspection of antifreeze to supply such sample thereof for analysis. The Commissioner of Agriculture, through his agents or inspectors, shall have free access during business hours to all places of business, buildings, vehicles, cars and vessels used in the manufacture, transportation, sale or storage of any antifreeze, and the Commissioner of Agriculture, acting through his agents, may open any box, carton, parcel, package or container holding or containing or supposed to contain any antifreeze and may take therefrom samples for analysis. If it appears that any of the provisions of this article have been violated, the Commissioner of Agriculture, acting through his authorized agents, inspectors or representatives, is hereby authorized to issue a "stop sale" order which shall prohibit further sale of any antifreeze being sold, exposed for sale or held with intent to sell within this State in violation of this article, until the law has been complied with or said violation has otherwise been legally disposed of. Any antifreeze not in compliance with the provisions of this article shall be subject to seizure upon complaint of the Commissioner of Agriculture or any of his agents, inspectors or representatives to a court of competent jurisdiction in the area in which said antifreeze is located. In the event the court finds said antifreeze to be in violation of this article, it may order the condemnation of said antifreeze, and the same shall be disposed of in any manner consistent with the

rules and regulations of the Board of Agriculture and the laws of the State: Provided, that in no instance shall the disposition of said antifreeze be ordered by the court without first giving the claimant or owner of same an opportunity to apply to the court for the release of said antifreeze or for permission to process or relabel said antifreeze so as to bring it into compliance with this article. In case any "stop sale" order shall be issued under the provisions of this article, the agents, inspectors or representatives of the Commissioner of Agriculture shall release the antifreeze so withdrawn from sale when the requirements of the provisions of this article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1949, c. 1165.)

§ 106-574. Rules and regulations.—The Board of Agriculture shall have authority to establish and promulgate such rules and regulations and standards as are necessary to promptly and efficiently enforce the provisions of this article. The Commissioner of Agriculture shall administer this article and shall execute all orders, rules and regulations established by the Board of Agriculture. All authority vested in the Commissioner of Agriculture by virtue of the provisions of this article may, with like force and effect, be executed by such employees, agents, inspectors and representatives of the Commissioner of Agriculture as he may, from time to time, designate for such purpose. The Commissioner of Agriculture may publish or furnish, upon request, a list of the brands and classes or types of antifreeze inspected by the State chemist during the fiscal year which have been found to be in accord with this article and for which a license or permit for sale has been issued, and it shall be lawful for any manufacturer, packer, seller, or distributor of antifreeze to show, by advertising, in any manner, that his or its brand of antifreeze has been inspected, analyzed and licensed for sale by the Commissioner of Agriculture, acting through the State chemist. It shall be unlawful for any manufacturer, packer, seller, or distributor of antifreeze to advertise, in any manner, that such antifreeze so advertised for sale has been approved by the Commissioner of Agriculture. (1949, c. 1165.)

§ 106-575. Gasoline and oil inspectors may be designated as agents of the Commissioner.—The Commissioner of Agriculture, with the approval of the Commissioner of Revenue, may designate any or all of the gasoline and oil inspectors appointed under article 3 of chapter 119 of the General Statutes as agents and representatives of the Commissioner of Agriculture for the purposes of administering and carrying out the duties imposed by this article. All or any gasoline and oil inspectors designated as agents of the Commissioner of Agriculture pursuant to this section shall have all of the power and authority that may be delegated to them by the Commissioner of Agriculture for the enforcement of this article; and when acting in the enforcement of this article, such gasoline and oil inspectors shall be deemed to be agents and representatives of the Commissioner of Agriculture. (1949, c. 1165.)

§ 106-576. Submission of formula or chemical contents of antifreeze to the Commissioner.—When any manufacturer, packer, seller or distributor of antifreeze applies to the Commissioner of Agriculture for a license or permit to sell antifreeze in this State, the Commissioner of Agriculture may require such manufacturer, packer, seller, or distributor to furnish the State chemist a statement of the formula or contents of such antifreeze, which said statement shall conform to rules and regulations established by the Board of Agriculture: Provided, that the statement or formula or contents need not include the inhibitor ingredients if such inhibitor ingredients total less than five per cent (5%) by weight of the antifreeze and if in lieu thereof the manufacturer, packer, seller or distributor furnishes the State chemist with satisfactory evidence, other than by disclosure of the inhibitor ingredients, that the said antifreeze is in conformity with the provisions of § 106-570. All statements of contents, formulae or trade secrets furnished under this section shall be privileged and confidential

and shall not be made public or open to the inspection of any person, firm, association or corporation other than the State chemist. All such statements of contents shall not be subject to subpoena nor shall the same be exhibited or disclosed before any administrative or judicial tribunal by virtue of any order or subpoena of such tribunal unless with the consent of the person, firm, association or corporation owning and/or furnishing to the State chemist such statement of contents. (1949, c. 1165.)

§ 106-577. **Penalties for violation.**—Any person, firm, association or corporation violating or failing to comply with any of the provisions of this article, or any rule, regulation or standard issued pursuant thereto, shall be deemed guilty of a misdemeanor, and upon plea of guilty or conviction shall be punished in the discretion of the court, and each day that any violation of this article shall exist shall be deemed to be a separate offense. Whenever the Commissioner of Agriculture or his agents or representatives shall discover that any antifreeze is being sold or has been sold in violation of this article, the Commissioner of Agriculture or his agent or representative may furnish the facts to the solicitor or prosecuting officer of the court having jurisdiction in the area in which such violation occurred, and it shall be the duty of such prosecuting officer or solicitor to promptly institute proper legal proceedings. (1949, c. 1165.)

§ 106-578. **Appropriation for enforcement of article.**—All license or permit fees provided for in this article shall be collected by the Commissioner of Agriculture, deposited in the Department of Agriculture fund, of which the State Treasurer is custodian, and shall be expended for the administration and enforcement of this article. The Commissioner of Agriculture is hereby authorized to employ such number of agents, clerks and experts as may be necessary to administer and effectively enforce all of the provisions of this article. There shall, from time to time, be allotted by the Budget Bureau from the inspection fees collected under G. S. 119-18 such sums as may be necessary to administer and effectively enforce the provisions of this article. (1949, c. 1165.)

§ 106-579. **Copy of analysis in evidence.**—A copy of the analysis made by any chemist of the Department of Agriculture of antifreeze certified to by him shall be admitted as evidence in any court of the State on trial of any issue involving the merits of antifreeze as defined and covered by this article. (1949, c. 1165.)

§ 107-1. **Clerk's power to establish; public use.**—The clerk of the superior court (herein called the "clerk" or "the court") of any county of the State of North Carolina shall have jurisdiction, power, and authority to establish agricultural development districts in his county for the purpose of clearing and putting in suitable condition for the beginning of cultivation good grades of lands, forested or cutover, suitable for agriculture, and it is hereby declared that the said development shall be considered a public benefit and conducive to the public welfare. (1917, c. 131, s. 1; C. S., s. 4959.)

§ 107-2. **Landowners' petition and deposits.**—Whenever a petition signed by all the landowners in a proposed agricultural development district shall be filed in the office of the clerk of the superior court of any county in which a part of said lands is located, setting forth and certifying that it is their desire and intention to form an agricultural development district (hereinafter called "the district") of an area aggregating not less than one thousand acres, and that it is their purpose, when cleared and put into condition for cultivation, to sell the said land to settlers on long time terms and at reasonable prices, they shall deposit with the clerk:

- (1) A certified check for not less than one thousand dollars, plus ten cents per acre for each additional acre in the proposed district, from which funds the clerk shall from time to time meet the actual expenses of examining and verifying and other expenses incidental to forming the district.
- (2) A complete map of the lands to be included in the district.
- (3) A soil map showing the types of soils.
- (4) A drainage map showing the natural drainage of the lands, and any proposed system of drainage it is intended to establish.
- (5) Certificates of title by a reputable attorney of the county.
- (6) An estimate of the cost of improvements under the plan submitted.
- (7) A certificate that the lands when improved will have a market value of at least twice the amount of the total cost of the proposed improvement. (1917, c. 131, s. 2; C. S., s. 4960.)

§ 107-3. **Viewers' appointment.**—The clerk shall then appoint a board of viewers (hereinafter called "the viewers"), composed of three members, one a competent civil engineer and the other two practical agriculturists, to examine the lands and data submitted to the clerk by the landowners, and report as to the facts being virtually as stated, or to give their opinion as to any variations. (1917, c. 131, s. 2; C. S., s. 4961.)

§ 107-4. **Viewers' report.**—Their written report shall be filed within two weeks from the date of their appointment. The clerk shall consider this report. If the viewers report that the project is not practicable or will not be for the public welfare, and the clerk shall approve such findings, the petition shall be dismissed at the cost of the petitioners. (1917, c. 131, s. 2; C. S., s. 4962.)

§ 107-5. **Plan submitted to Department of Conservation and Development.**—If the viewers report that the project is practicable, and that it will be for the public welfare and conducive to the general welfare of the community, and the court shall so find, then all of the data and reports of the proceedings shall be submitted to the Department of Conservation and Development, which shall designate:

- (1) An engineer to survey and approve of the boundaries and drainage and road plans.
- (2) An attorney of reputation to examine and approve of the chains of title submitted.
- (3) A forester to make an estimate of the cost of clearing.
- (4) A soil expert to report on the availability of the land for agricultural purposes. (1917, c. 131, s. 3; C. S., s. 4963.)

§ 107-6. **District established, if Department approves.**—The Department of Conservation and Development shall consider these reports, data, and plans, and, if it approves the same, shall so certify to the clerk of the court, who shall then declare the district established. (1917, c. 131, s. 3; C. S., s. 4964.)

§ 107-7. **Board of agricultural development commissioners appointed.**—After the said district shall have been declared established as aforesaid, and the complete plans therefor approved, the clerk shall appoint two persons, one of whom shall be a landowner of the district, the other a practical agriculturist of good character, not a landowner of the district, and these two shall choose a third, who may or may not be a landowner of the district, and the three so appointed and chosen shall be designated as the Board of Agricultural Development Commissioners of District. (1917, c. 131, s. 4; C. S., s. 4965.)

§ 107-8. **Commissioners incorporated; powers; officers; superintendent's bond.**—Such commissioners when so appointed and chosen shall be immediately created a body corporate under the name and style of the Board of Agricultural Development Commissioners of District (hereinafter called "the commissioners" or "the board of commissioners"), with the right to hold property and convey the same, to sue and be sued, and shall possess such other powers as usually pertain to corporations. They shall organize by electing from among their number a chairman and vice chairman. They shall also elect a secretary, within or without their body, and shall adopt bylaws for the government of their proceedings. The treasurer of the county in which the proceedings are instituted shall be ex officio treasurer of such board of commissioners. Such board of commissioners shall adopt a seal, which it may alter at pleasure. They shall have and possess such powers as are herein granted. The name of such district shall constitute a part of its corporate name. The commissioners shall appoint a competent person as superintendent of construction; such person shall furnish a

bond, to be approved by the commissioners, in the penal sums of ten thousand dollars, conditioned upon the honest and faithful performance of his duties. Such bond shall be in favor of the board of commissioners. In the event of any vacancy in the membership of the board of commissioners the remaining members shall fill such vacancy, subject to the approval of the court. (1917, c. 131, s. 4; C. S., s. 4966.)

§ 107-9. **Classification of lands according to benefits.**—It shall be the further duty of the viewers to personally examine the lands in the district and classify them with reference to the benefits they will receive from the improvements to be made. The land benefits shall be separated into five classes. The land receiving the highest benefit shall be marked Class A; that receiving the next highest benefit, Class B; that receiving the next highest benefit, Class C; that receiving the next highest benefit, Class D; and that receiving the smallest benefit, Class E. The holdings of any one landowner need not necessarily be all in one class, but the number of acres in each class shall be ascertained, though its boundary need not be marked on the ground or shown on the map. The total number of acres owned by one person in each class and the total number of acres benefited shall be determined, and the total number of acres in each class in the entire district shall be ascertained and presented in tabulated form. The scale of assessment upon the several classes of land returned by the viewers shall be in the ratio of five, four, three, two, and one; that is to say, as often as five cents per acre is assessed against the land in Class A, four cents per acre shall be assessed against the land in Class B, and three cents per acre in Class C, and two cents per acre in Class D, and one cent per acre in Class E. This shall form the basis of assessment for benefits to the lands of the district. (1917, c. 131, s. 5; C. S., s. 4967.)

§ 107-10. **Appeal from viewers' report.**—Any party aggrieved may, within ten days after the confirmation of the viewers' report, appeal to the superior court in termtime. Such an appeal shall be taken and prosecuted as now provided in special proceedings. Such an appeal shall be based and heard only upon such exceptions theretofore filed by the complaining party, either as to issue of law or fact, and no additional exceptions shall be considered by the court upon the hearing of the appeal. (1917, c. 131, s. 6; C. S., s. 4968.)

§ 107-11. **Letting contract for construction.**—The commissioners shall cause notice to be given for two consecutive weeks in some newspaper published in the county wherein said district is located, and such additional publication elsewhere as they deem expedient, of time and place of letting the work of construction, and in such notice they shall specify the approximate amount of work to be done, the time fixed for the completion thereof, and the date appointed for the letting. They, together with the superintendent of the district, shall convene and let to the lowest responsible bidder, either as a whole or in part, or in sections, as they deem most advantageous for the district, the proposed work. The landowners may bid on the work, and in the event of their securing the contract, the work shall be done at actual cost, it being distinctly understood that the landowners are to receive no profit from said contract, and any saving effected shall inure to the benefit of the district. No bids shall be entertained that exceed the estimated cost, except for good and satisfactory reasons it shall be shown that the original estimate was erroneous. The Commissioners shall have the right to reject all bids and advertise again the work, if in their judgment the interest of the district will be subserved by so doing. The successful bidder shall be required to enter into a contract with the board of commissioners, and to execute a bond for the faithful performance of such contract, with sufficient surety, in favor of the board of commissioners for the use and benefit of the district, in an amount equal to twenty-five per centum of the estimated cost of the work awarded to him. In canvassing bids and letting the contract the superintendent of construction shall act only in an advisory capacity to the board of commissioners. The contract shall be based on the

plans and specifications submitted by the commissioners in a report, and confirmed by the court, the original of which shall remain on file in the office of the clerk and shall be open to the inspection of all prospective bidders. All bids shall be sealed and shall not be opened except under authority of the commissioners, and on the date therefor appointed for the opening of bids. All bids must be accompanied by a certified check for three per centum of the amount of the bid. (1917, c. 131, s. 7; C. S., s. 4969.)

§ 107-12. Payment for work done.—The superintendent of construction shall make monthly estimates of the amount of work done and shall furnish one copy to the contractor and file the other with the secretary of the board of commissioners, and the commissioners shall within five days after filing of such estimate meet and direct the secretary to draw a warrant in favor of the contractor for ninety per centum of the work done according to the specifications and contract; and upon the presentation of such, properly signed by the chairman or vice chairman and secretary, to the treasurer of the district, he shall pay the amount due thereon. When the work is fully completed and accepted by the superintendent, he shall make an estimate for the whole amount due, including the amounts withheld on the previous monthly estimates, which shall be paid from the fund as before provided. In the event that the landowners receive the contract, the monthly payments shall cover only the actual cost of the work, as certified by the superintendent of construction, to whose certificates shall be attached all payrolls and vouchers. If any contractor to whom said work shall have been let shall fail to perform the same according to the terms specified in his contract, action may be had in behalf of the commissioners against such contractor and his bond in the superior court, for damages sustained in the district, and recovery made against such contractor and his sureties. In such an event the work shall be advertised and relet in the same manner as the original letting. (1917, c. 131, s. 8; C. S., s. 4970.)

§ 107-13. Record book kept by clerk.—The clerk shall provide a suitable book to be known as the Record Book of the Agricultural Development Commissioners of District, in which he shall cause to be recorded every petition, motion, order, record, judgment, or finding of the board of commissioners in every transaction which may come before it, in such a way as to make a complete and continuous record of the case; copies of all the maps and plans are to be furnished by the commissioners, and marked by the clerk "Official Copy," which shall be kept on file by him in his office, and one of the copies shall be pasted or otherwise attached to his record. (1917, c. 131, s. 9; C. S., s. 4971.)

§ 107-14. Assessment rolls; preparation; contents; execution.—After the classification of the land and ratios of assessment of the different classes to be made thereon has been confirmed by the court, the commissioners shall ascertain the total cost of improvement, including all incidental expenses, and shall certify under the hand of the chairman and secretary of the board of commissioners to the clerk the said total cost, and said certificate shall be forthwith recorded in the record book and open to the inspection of any landowner in the district. The commissioners shall immediately prepare in duplicate the assessment rolls or agricultural improvement tax lists, giving therein the names of the owners of the land in the district as ascertained from the public records, a brief description of the several tracts of land assessed, and the assessment against each tract of land. The first of these assessment rolls shall provide assessments sufficient for the payment of interest on the bond issue to accrue the third year after their issue and the installment of principal to fall due at the expiration of the third year after the date of issue, together with such amounts as shall have to be paid for the collection and handling of the same. The second assessment roll shall make like provision for the fourth year, and in like manner assessment rolls shall make provision for each succeeding year during the life of the bonds. Each of the said assessment rolls shall specify the time when collectible, and shall be numbered in their order, and

the amounts assessed against the several tracts of land shall be in accordance with the benefits received, as shown by the classification and ratio of the assessment made by the viewers. These assessment rolls shall be signed by the clerk and by the secretary of the board of commissioners. (1917, c. 131, s. 10; C. S., s. 4972.)

§ 107-15. Filing and collection of assessment rolls; to be lien on land.—One copy of each of said assessment rolls shall be filed in the record book and one copy shall be delivered to the sheriff or other county tax collector, after the clerk has appended thereto an order directing the collection of said assessment, and the said assessment shall thereupon have the force and effect of a judgment as in the case of State and county taxes. These assessments shall constitute a first and paramount lien, second only to State and county taxes, upon the lands assessed for the payment of the bonds and interest thereon as they become due, and shall be collected in the same manner, by the same officers, as the State and county taxes are collected. (1917, c. 131, s. 10; C. S., s. 4973.)

§ 107-16. When assessments due; sale of delinquent lands.—The said assessments shall be due and payable on the first Monday in September each year, and if the same shall not be paid in full by the thirty-first day of December following, it shall be the duty of the sheriff to sell the land or lands so delinquent. The sale of lands for failure to pay such assessments shall be made at the courthouse door in the county in which the lands are located, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, on the first Monday of February of each year; and if for any necessary cause the sale cannot be made on that date, the sale may be continued from day to day for not exceeding four days, or the land may be readvertised and sold on the first Monday in March succeeding, during the same hours, without any order therefor. In all other respects, except as to the time of the sale of the land, the existing laws as to the collection of State and county taxes shall have application to the collection of assessments under this chapter. (1917, c. 131, s. 10; C. S., s. 4974.)

§ 107-17. Settlement by tax collector.—It shall be the duty of the sheriff or tax collector to pay over to the county treasurer promptly the moneys so collected by him upon said tax assessments, to the end that the said treasurer may have funds in hand to meet the payment of interest and principal due upon outstanding bonds as they mature. (1917, c. 131, s. 10; C. S., s. 4975.)

§ 107-18. Payment of interest and installments on bonds; county treasurer's liability.—It shall be the duty of the county treasurer, and without any previous order from the commissioners, to provide and pay the installments of interest at the time and place as evidenced by the coupons attached to said bonds, and also to pay the annual installments of principal due on said bonds at the time and place as evidenced by said bonds; and the said county treasurer shall be guilty of a misdemeanor and subject, on conviction, to fine and imprisonment, in the discretion of the court, if he shall neglect or fail to make prompt payment of said interest and principal of said bonds, and shall likewise be liable in a civil action for all damages which may accrue to the board of commissioners or holders of said bonds, to either or both of which a right of action is hereby given. (1917, c. 131, s. 10; C. S., s. 4976.)

§ 107-19. New assessment on sale of land.—When any land in the district is sold, as provided in § 107-16, the court shall assess the new owner thereof, and deduct the amount of the new assessment from the assessment of the former owner, and correct the assessment rolls accordingly. (1917, c. 131, s. 10; C. S., s. 4977.)

§ 107-20. Advertisement of intention to issue bonds.—The commissioners shall give notice for three weeks, by publication in some newspaper published in the county in which the district or a part of the district is situated, and

shall also post a written or printed notice at the door of the courthouse and at five conspicuous places in the district, reciting that they propose to issue bonds for the payment of the total cost of improvement, giving the amount of the bonds to be issued, the rate of interest they are to bear, and the time when payable. Any landowner in the district not wanting to pay interest on the bonds may within fifteen days after the publication of said notice pay to the county treasurer the full amount for which his land is liable, to be assessed from the classification sheet and certificate of the board of commissioners, showing the total cost of improvements, and have his lands released from liability to be assessed for such improvements. (1917, c. 131, s. 11; C. S., s. 4978.)

§ 107-21. **Landowner's waiver.**—Each and every person owning land in the district who shall fail to pay to the county treasurer the full amount for which his land is liable as aforesaid, within the time above specified, shall be deemed as consenting to the issuance of the bonds, and in consideration of the right to pay his proportion in installments, he hereby waives his right of defense to the payment of any assessment which may be levied for the payment of the bonds because of any irregularity or defect in the proceedings prior to this time, except in the case of an appeal as hereinbefore provided, which is not affected by this waiver. (1917, c. 131, s. 12; C. S., s. 4979.)

§ 107-22. **Bond issue.**—At the expiration of fifteen days after the expiration of the notice of the bond issue, the board of commissioners may issue bonds of the district for an amount equal to the total estimated cost of the improvements, less such amounts as shall have been paid in in cash to the county treasurer, plus an amount sufficient to pay interest on the bond issue for the three years next following the date of the issue: Provided, that the total principal amount of the bonds to be issued shall not exceed fifty dollars per acre for the land to be improved.

These bonds shall bear six per cent interest per annum, payable semiannually, and shall be paid in twenty equal installments. The first installment of the principal shall mature at the expiration of three years from the date of issue, and one installment for each succeeding year for nineteen additional years. The commissioners shall sell these bonds at not less than par and apply the proceeds to the payment of interest on said bonds for the three years next following the date of issue, and the payment of other expenses of the district provided for in this chapter. The proceeds from such bonds shall be for the exclusive use of the district specified on their face. The bonds shall be numbered by the board of commissioners and recorded in the record book, which record shall set out specifically the lands embraced in the district on which the tax has not been paid in full, which land is to be assessed as hereinbefore provided. If any installment of principal or interest represented by said bonds shall not be paid at the time and in the manner when the same shall be due and payable, and such default shall continue for a period of six months, the holder or holders of such bond or bonds upon which default has been made shall have a right of action against said district, or the board of commissioners of said district, wherein the court may issue a writ of mandamus against said district, its officers, including the tax collector and treasurer, directing the levying of a tax or specific assessment as herein provided and the collection of the same in such sum as may be necessary to meet any unpaid installment of principal and interest and the cost of said action; and such other remedies are hereby vested in the holder or holders of such bond or bonds in default as may be authorized by law; and the right of action is hereby vested in the holder or holders of such bond or bonds upon which default has been made authorizing them to institute suit against any officer on his official bond for failure to perform any duty imposed by the provisions of this chapter. The official bonds of the tax collector and the county treasurer shall be liable for the faithful performance of the duties herein assigned them. Such official bonds may be increased by the board of county commissioners. (1917, c. 131, s. 13; C. S., s. 4980.)

§ 107-23. **Fees allowed sheriff and treasurer.**—The fee allowed the sheriff or the tax collector for collecting the tax as prescribed in this chapter shall be two per centum of the amount collected, and the fee allowed the county treasurer for disbursing the revenue obtained from the sale of the bonds shall be one per centum of the amount disbursed: Provided, no fee shall be allowed to the sheriff or other tax collector, or to the county treasurer, for collecting or receiving the revenue obtained from the sale of said bonds, nor for disbursing the revenue raised for paying off said bonds: Provided further, that in those counties where the sheriff, tax collector, and treasurer are on a salary basis, no fee whatever shall be allowed for collecting or disbursing the funds of the district. (1917, c. 131, s. 13 (2d); C. S., s. 4981.)

§ 107-24. **Fees and expenses under chapter.**—Any engineer employed under the provisions of this chapter shall receive such compensation for his services as shall be fixed and determined by the commissioners. The viewers, other than the engineer, shall receive five dollars per day; the rodman, axeman, chainman, and other laborers shall receive not to exceed two dollars per day. All other fees and costs incurred under the provisions of this chapter shall be the same as are usual for like services in other cases. Said costs and expenses shall be paid, by order of the court, out of the funds provided for that purpose, and the board of commissioners shall issue warrants therefor when funds shall be in the hands of the treasurer. Any engineer, viewer, superintendent of construction, or other person appointed under this chapter may be removed by the court, upon petition, for corruption, neglect of duty, or other good and satisfactory cause shown. (1917, c. 131, s. 14; C. S., s. 4982.)

§ 107-25. **Liberal construction; defects in proceeding.**—The provisions of this chapter shall be liberally construed to promote the objects herein declared and for the general welfare of the State. The collection of assessments shall not be defeated, whether proper notices have been given, by reason of any defect in the proceedings occurring prior to the order of the court confirming the final report of the commissioners; but such orders shall be conclusive and final that all prior proceedings were regular and according to law, unless they were appealed from. If on appeal the court shall deem it just and proper to release any person, or modify his assessment or liability, it shall in no manner affect the rights and legality of any other person than the appellant, and the failure to appeal from the order of the court within the time specified shall be a waiver of any illegality in the proceedings, and the remedies provided for in this chapter shall exclude all other remedies. (1917, c. 131, s. 15; C. S., s. 4983.)

State Board of Public Welfare.

§ 108-1. **Appointment, term of office, and compensation.**—There shall be appointed by the Governor seven members who shall be styled “The State Board of Public Welfare,” and at least one of such persons shall be a woman. The terms of office of the members of the Board shall be six years. Upon the expiration of the terms of office of the present members of the Board, the Governor shall appoint their successors as follows: Three members to be appointed on April first, one thousand nine hundred and forty-three and every six years thereafter; two members to be appointed on April first, one thousand nine hundred and forty-five and every six years thereafter; and two members to be appointed on April first, one thousand nine hundred and forty-seven and every six years thereafter. Any vacancy in the Board at present or which may hereafter arise from any cause whatsoever shall be filled for the residue of the term by appointment by the Governor. The Governor shall designate the chairman of the Board so selected, which chairmanship so designated may be changed as the Governor may deem best to promote the efficiency of the service. The members of the Board shall serve without pay, except that they shall receive their necessary expenses: Provided, however, that the chairman of the said Board, when acting as a member of the State Board of Allotments and Appeal shall receive a per diem to be fixed by the Director of the Budget, together with actual expenses incurred in attending meetings. (1868-9, c. 170, s. 1; Code, s. 2331; Rev., s. 3913; 1909, c. 500; 1917, c. 170, s. 1; C. S., s. 5004; 1937, c. 319, s. 1; 1943, c. 775, s. 1; 1945, c. 43, s. 1.)

Editor's Note. — Prior to the 1943 amendment the members of the State Board of Charities and Public Welfare were elected by the General Assembly. The 1945 amendment changed the name of

the Board to the State Board of Public Welfare, and s. 4 of the amendatory act changed the title of the chapter from “Board of Charities” to “Board of Public Welfare.”

§ 108-1.1. **Change of name in statutes and regulations relating to Board.**—Wherever in the General Statutes of North Carolina, or in any session law, public, public-local, private or special act of the General Assembly, or in any rule or regulation, a duty or obligation is imposed upon the State Board of Charities and Public Welfare, or any authority, privilege or power is granted to the State Board of Charities and Public Welfare, the same shall be construed as referring to the State Board of Public Welfare. (1945, c. 43, s. 2.)

§ 108-2. **Meetings of Board.**—The Board shall hold meetings at least quarterly, and whenever called in session by the chairman, and shall make such rules and orders for the regulation of its own proceedings as it deems proper. (1868-9, c. 170, s. 2; Code, s. 2332; Rev., ss. 2807, 3914; 1909, c. 899; 1917, c. 170, s. 1; C. S., s. 5005.)

§ 108-3. **Powers and duties of Board.**—The Board shall have the following powers and duties, to-wit:

- (1) To investigate and supervise, through and by its own members or its agents or employees, the whole system of the charitable and penal institutions of the State, and to recommend such changes and additional provisions as it may deem needful for their economical and efficient administration.
- (2) To study the subjects of nonemployment, poverty, vagrancy, housing conditions, crime, public amusement, care and treatment of prisoners, divorce and wife desertion, the social evil and kindred subjects and their causes, treatment, and prevention, and the prevention of any hurtful social condition.
- (3) To study and promote the welfare of the dependent and delinquent child and to provide, either directly or through a bureau of the Board, for the placing and supervision of dependent, delinquent, and defective children.
- (4) To inspect and make report on private orphanages, institutions, maternity homes, and persons or organizations receiving and placing children, and to require such institutions to submit such annual reports and information as the State Board may determine: Provided, that the term "maternity homes" used hereinbefore in this subsection shall be construed to include institutions or homes maintained not only for the purpose of receiving pregnant women for care previous to, during and following delivery, but institutions or lying-in homes wherein pregnant women are received for care previous to and following delivery, the said delivery taking place in a hospital to which this statute does not apply.
- (5) To grant license for one year to such persons or agencies to carry on such work as it believes is needed and is for the public good, and is conducted by reputable persons or organizations, and to revoke such license when in its opinion the public welfare or the good of the children therein is not being properly subserved; Provided, this subdivision shall not apply to any orphanage chartered by the laws of the State of North Carolina, owned by a religious denomination or a fraternal order, and having a plant and assets not less than sixty thousand dollars (\$60,000), nor shall it apply to orphanages operated by fraternal orders, under charters of other states, which have complied with the corporation laws of North Carolina and have that amount of property.
- (6) To issue bulletins and have same printed and in other ways to inform the public as to social conditions and the proper treatment and remedies for social evils.
- (7) To issue subpoenas and compel attendance of witnesses, administer oaths, and to send for persons and papers whenever it deems it necessary in making the investigations provided for herein or in the other discharge of its duties, and to give such publicity to its investigations and findings as it may deem best for the public welfare.
- (8) To employ with the approval of the Governor, a trained investigator of social service problems who shall be known as the Commissioner of Public Welfare, and to employ such other inspectors, officers, and agents as it may deem needful in the discharge of its duties. The salary of the Commissioner shall be fixed by the Governor subject to the approval of the Advisory Budget Commission.
- (9) To recommend to the legislature social legislation and the creation of necessary institutions.
- (10) To have the authority to establish, maintain and provide rules and regulations for the administration of a system of personnel standards on a merit basis with a uniform schedule of compensation for all employees of the State Board and of the county welfare departments:

Provided, that the compensation schedule for employees of the State Board shall be established in conformity with the provisions of the State Personnel Act.

- (11) To attend, either through its members or agents, social service conventions and similar conventions, and to assist in promoting all helpful publicity tending to improve social conditions of the State, and to pay out of the funds appropriated to the State Board office expenses, salaries of employees, and all other expenses incurred in carrying out the duties and powers hereinbefore set out.
- (12) To receive, hold and administer for the purposes for which it is organized, any funds donated to it, either by will or deed, and to administer said funds in accordance with the instructions of the will or deed creating them.
- (13) To accept donations and gifts or any and all kinds of commodities, services or moneys which may be donated or given by the federal or State government, or by any political subdivision of the State. Such donations shall be used exclusively by said Board for relief purposes in this State, and said Board is hereby fully authorized and empowered, under rules and regulations adopted by it, to provide for the distribution thereof.
- (14) To furnish to the federal government, or any of its agencies, such services as may be required in selecting, certifying, or referring persons who may be eligible for Civilian Conservation Corps, or persons who may be eligible for employment by the Works Projects Administration, the Resettlement Administration, the Surplus Commodities Corporation, or any other agency of the federal government engaged in relief or allied activities. The State Board of Public Welfare is also authorized to certify to the Surplus Commodities Corporation the persons eligible to receive such commodities as may be distributed for relief purposes. The State Board is further authorized to furnish to the federal government or any of its agencies any certification services that may be required or authorized under the Social Security Act, and to accept reimbursement from the federal government for such services.
- (15) To establish standards, provide rules and regulations for the operation of, and to inspect and license boarding homes, rest homes, or convalescent homes for persons who are aged or mentally or physically infirm and who are not related or connected by blood or marriage to the applicant for license when a charge is made for such care: Provided said homes care for two or more persons. Such license shall be valid for one year from the date of issuance unless revoked earlier by the Board for cause. Such homes shall be under the supervision of the Board, and its agents may at any time visit and inspect the homes. Any individual or corporation who shall operate any such home without having first received such license from the Board shall be guilty of a misdemeanor. Licensing authority shall not apply to any institution established, maintained or operated by any unit of government nor to commercial inns or hotels nor to any facility licensed by the Medical Care Commission under the provisions of G. S. 131-126.1 (3) unless the facility receives public welfare funds.
- (16) To make payments out of State moneys appropriated for the purpose and out of federal moneys available under the Federal Social Security Act, as amended, to pay the costs of necessary hospitalization in hospitals or health centers duly licensed by the Medical Care Commission of recipients of old age assistance, aid to dependent children, and aid to the permanently and totally disabled, to the extent and in the manner determined from time to time to be feasible by the

Board pursuant to rules, regulations and standards established by said Board: Provided, that the rules, regulations and standards established by the Board with respect to necessary hospitalization of recipients of old age assistance, aid to dependent children and aid to the permanently and totally disabled shall be consistent with the principle of obtaining maximum federal participation under the Federal Social Security Act, as amended.

- (17) To cooperate with the federal Department of Health, Education and Welfare in the administration of acts of Congress relating to child welfare and services related and pursuant thereto and to administer the funds provided by the federal government either as direct grants or as matching funds for child welfare purposes. The provision of federal acts relating to grants-in-aid to the State for child welfare purposes, and the benefits thereunder, are hereby accepted and adopted, and the provisions of this section shall be liberally construed in relation to such federal acts, so that the intent to comply therewith shall be made effectual. County Boards of Public Welfare.

§ 108-11. County welfare boards; appointment; duties.—Each of the several counties of the State shall have a county welfare board composed of three members who shall be appointed as follows: The board of county commissioners shall appoint one member who may be one of their own number to serve as ex officio member of the county welfare board with the same powers and duties as the other two members, or they may appoint a person not of their own number to serve on the county welfare board; the State Board of Public Welfare shall appoint one member; and the two members so appointed shall select the third member. In the event the two members thus appointed are unable to agree upon the selection of the third member, such third member shall be appointed by the resident judge of the superior court of the district in which the county is situated.

Appointments of county welfare board members shall be made on or before the first day of July of the year in which the term of appointment expires, and shall be effective as of that date, and the terms of office shall be three years each. Appointments to fill vacancies shall be for the remainder of the term of office. Prior service on a county welfare board shall not disqualify any person for service under this article, but no member shall be eligible to serve more than two successive terms.

The term of the third member of the county board of public welfare due to expire on the first day of April, one thousand nine hundred and fifty-five, is hereby extended through the thirtieth day of June of that year; the term of the member appointed by the county commissioners due to expire on the first day of April, one thousand nine hundred and fifty-six, is hereby extended through the thirtieth day of June of that year; and the term of the member appointed by the

State Board of Public Welfare due to expire on the first day of April, one thousand nine hundred and fifty-seven, is hereby extended through the thirtieth day of June of that year.

The county welfare boards of the several counties shall have the duty of selecting the county superintendent of public welfare, shall act in advisory capacity to county and municipal authorities in developing policies and plans in dealing with problems of dependency and delinquency, distribution of the poor funds, and with bettering social conditions generally, including co-operation with other agencies in placing indigent persons in gainful enterprises, shall prepare the administrative budget for the county welfare department for submission to and approval by the board of county commissioners, and shall have such other powers and duties as may be prescribed by law, particularly those set forth in the laws pertaining to old age assistance and aid to dependent children: Provided, that as to cases requiring immediate action to prevent undue hardship the county welfare board may at its discretion delegate to the superintendent of public welfare authority to consider and process applications under these laws, and to determine eligibility for assistance, amount of such assistance, and date on which it shall begin. The board shall require that any action taken by the superintendent pursuant to such delegated authority be fully reported to the board at its next meeting. The board of public welfare of each county shall at its next monthly meeting accept or reject or modify the action of the county superintendent of public welfare made under the preceding proviso since the last monthly meeting of the county board of public welfare. The county welfare board shall meet with the superintendent of public welfare and advise with him in regard to problems pertaining to his office, and the superintendent of public welfare shall be the executive officer of the board and shall act as its secretary.

Any member of a county board of public welfare is authorized to inspect and examine any papers, documents, data, case histories, clinical data, medical reports, or any records whatsoever on file in the office of the county superintendent of public welfare, or in the custody of any case worker or agent or employee engaged in any service under any said county superintendent of public welfare, which pertain in any manner to any applicant or applications for public assistance of any type or nature, as authorized by chapter 108 of the General Statutes, as amended. No member of a county board of public welfare shall disclose to anyone or make public any information acquired by him by virtue of such inspection of said records. - (4) Has been a resident of this State for one year immediately preceding the date of his application.

This Fund shall be created by appropriations made by the State from its ordinary revenues and such grants as may be made for old age assistance under the federal Social Security Act. Said Fund shall be used exclusively for the relief of aged persons coming within the eligibility provisions of this Part and the cost of administration of the same. The appropriations to be made by the State for such purpose shall be supplemented by the amount provided under the federal Social Security Act for old age assistance and such further amount as the State may appropriate for the administration of this article. (1937, c. 288, s. 8.)

§ 108-24. **County fund.**—Annually, at the time other taxes are levied in each of the several counties of the State, there shall be levied and imposed a tax sufficient to raise such an amount as shall be found necessary, in the manner hereinafter provided, to supplement the State and federal funds available for expenditure in said county for old age assistance. The 1957 amendment substituted "State Board of Public Welfare" for "State Board of Charities and Public Welfare."

§ 108-29. Certain powers and duties of local boards; county welfare boards.—The county boards of welfare shall perform the duties herein required of them with relation to the administration of this article in the several counties, under the supervision and direction of the State Board, and in accordance with the rules and regulations prescribed by said State Board.

The county boards of welfare shall:

- (1) Report to the State Board at such times and in such manner and form as the State Board may from time to time direct;
- (2) Submit to the State Board the information required in this article preliminary to determination of the county's quota of funds and the determination of the amount required to be raised by taxation, together with its estimate and supporting data, setting forth the amount of money needed to carry out the provisions of this article; also submit to the board of county commissioners a duplicate of the estimate and supporting data furnished by it to the State Board. Make and report to the State Board and to the county board of commissioners such investigation as may be required in order that said State Board and boards of county commissioners may be fully informed as to the assistance required by aged persons coming within the eligibility provisions

of this article, and may have such other information as may be required for proper determination upon any matter coming before the said boards;

- (3) Perform any other duties required of them under this article or by proper rules and regulations made by the State Board under authority thereof. (1937, c. 288, s. 14.)

§ 108-30. Application for assistance; determination thereon.—Applications for assistance under this article shall be made to the county welfare board of the county in which the applicant resides. Such application shall be in writing and in duplicate, in compliance with the rules and regulations established by the State Board, which is required to furnish forms for such applications. Where the applicant is unable to present his application in writing by reason of illiteracy or other cause, the application shall be reduced to writing and filed in duplicate, on such forms as may be supplied by the State Board, or substantially in agreement therewith. The county board of welfare, and the county welfare officer, shall render to applicants for assistance under this article such aid and assistance in the preparation of applications as may be necessary. The application shall contain a statement of the amount of property, both real and personal, in which the applicant has an interest, and of all income which he may have at the time of filing the application, and shall contain such other information as may be required by the rules and regulations of the State Board. One copy of the application shall be forwarded to the State Board.

Whenever a county board of welfare receives an application for assistance under this article, an investigation and record shall promptly be made of the circumstances of the applicant, in order to ascertain the facts supporting the application, and in order to obtain such other information as may be required by the rules of the State Board. In the making of such investigation, the county welfare board and the county welfare officer shall make diligent investigation and record promptly all the information which it is reasonably possible to obtain with respect to such application.

Upon the completion of the investigation, the county board of welfare shall, upon due consideration, determine whether the applicant is eligible for assistance under the provisions of this article, and shall determine the amount of such assistance and the date on which it shall begin, but such award shall in no case exceed forty dollars (\$40.00) per month or four hundred eighty dollars (\$480.00) in one year, and there shall not be paid thereupon out of State and county funds more than twenty dollars (\$20.00) per month or more than two hundred forty dollars (\$240.00) in one year. Such award so made when effective shall thereafter be paid in advance monthly to the applicant, disbursement being made in the same manner and under the same procedure as in case of other county funds: Provided, that, when it appears to the county board of public welfare that the interest of the recipient of such award will be better served by smaller payments at more frequent intervals, such award shall be paid in two or more equal installments in each month. Within the limitations of the State appropriation the maximum payment for old age assistance may be increased not in excess of the amount which may hereafter be matched by the federal government.

The county board of welfare shall promptly notify by mail each applicant of its action disallowing the application for granting assistance, stating, in case award is made, the amount of the award and when assistance shall be paid. A copy of such notice shall be immediately forwarded to the board of county commissioners and a duplicate copy forwarded to the State Board of Allotments and Appeal. The State Board is hereby authorized and empowered to establish and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files and communications relating to applicants and recipients. It shall be unlawful, except for purposes directly connected with the administration of old age assistance and in accordance with the rules and regulations of the State Board for any person or persons to solicit, disclose, receive, make use of, or

to authorize, knowingly permit, participate in, or acquiesce in the use of, any list of or names of, or any information concerning, persons applying for or receiving old age assistance, directly or indirectly derived from the records, papers, files, or communications of the State Board or the county welfare board or acquired in the course of the performance of official duties. (1937, c. 288, s. 15; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1; 1947, c. 91, s. 3; 1953, c. 675, s. 12; 1959, c. 179, s. 1.)

Editor's Note. — Prior to the 1939 amendment the application was required to be verified by the oath of the applicant. The 1941 amendment rewrote the last paragraph. The 1945 amendment increased the amounts specified in the third paragraph; and the 1947 amendment added the last sentence thereto.

The 1953 amendment inserted "for" in lieu of "or" in line two of the last paragraph.

The 1959 amendment inserted the proviso in the third paragraph.

§ 108-30.1. Lien on real property.—There is hereby created a general lien, enforceable as hereinafter provided, upon the real property of any person who is receiving or who has received old age assistance, to the extent of the total amount of such assistance paid to such recipient from and after October 1, 1951. Before any application for old age assistance is approved under the provisions of this article, the applicant shall agree that all such assistance paid to him shall constitute a claim against him and against his estate, enforceable according to law by any county paying all or part of such assistance. Such agreement may be contained in the application signed by the applicant. Immediately after the approval of an old age assistance grant, a statement showing the name of the recipient and the date of approval of the application shall be filed in the office of the clerk of the superior court in the county of residence of the recipient and in each county in which such recipient then owns or later acquires real property. The statement shall be filed in the regular lien docket, showing the name of the county filing said statement as claimant, or lienor, and the name of the recipient as owner, or lienee, and same shall be indexed in the name of the lienee in the defendants', or reverse alphabetical, side of the cross-index to civil judgments; in said index the county shall appear as plaintiff, or lienor; no cross-index in the name of the county, or lienor, shall be required. From the time of filing, such statement shall be and constitute due notice of a lien against the real property then owned or thereafter acquired by the recipient and lying in such county to the extent of the total amount of old age assistance paid to such recipient from and after October 1, 1951. The lien thus established shall take priority over all other liens subsequently acquired and shall continue from the date of filing until satisfied: Provided, that no action to enforce such lien may be brought more than ten years from the last day for which assistance is paid nor more than three years after the death of any recipient: Provided further, that no execution in enforcement of the lien shall be levied upon any real property, so long as such property is occupied as a homesite by the surviving spouse or by any minor dependent child of such recipient, or as a homesite by the recipient, or a dependent adult child of such recipient who is incapable of self-support because of total mental or physical disability: Provided, further, that the board of county commissioners and the county board of public welfare of the county in which the recipient resides, acting jointly and after investigation, shall have the authority to subordinate any lien created by this section to a mortgage or lien created against the property of such recipient for the necessary repairs or improvements on said property, whether title to said property is held by the recipient alone or by the entirety with his or her spouse.

The State Board of Public Welfare shall furnish to the county superintendent of public welfare forms to be used which shall contain such information as is required to carry out the provisions of this section and such other information as may be prescribed by the said Board.

Each county department of public welfare shall notify all persons shown of record to be recipients of old age assistance as of the date of notice that all old age assistance grants paid from and after October 1, 1951, shall constitute a lien against the real property and a claim against the estate of each recipient. The notice may be given by letter mailed to the last known address of each recipient, but the failure to give such notice shall not affect the validity of the lien.

Upon receipt of a statement signed by the superintendent of public welfare, setting forth the total amount of old age assistance paid to a recipient from and after October 1, 1951, the clerk of the superior court may, after reasonable notice to the county attorney within the same calendar month in which said statement was executed, accept payment of the total sum set forth in said statement, tendered by said recipient or in his behalf, and cancel the lien of record. The clerk of the superior court shall, within the same calendar month, give the Superintendent of Public Welfare notice of the receipt of such payment and of the cancellation of the lien, and shall hold or disburse the funds so received as provided by law. (1951, c. 1019, s. 1; 1953, c. 260; 1955, c. 237, s. 1; 1957, c. 1107.)

Editor's Note. — The 1953 amendment rewrote the fifth sentence of the first paragraph.

The 1955 amendment substituted the word "Immediately" for the words "Any time" at the beginning of the fourth sentence, inserted the words "in the county of residence of the recipient and" in the fourth sentence, and substituted "three years" for "one year" in the first of the three provisos at the end of the first paragraph. The amendment also made changes in the second proviso and added the third proviso.

The 1957 amendment added the last paragraph.

Section 4 of the 1955 amendatory act made it applicable "to all liens heretofore established under the provisions of G. S. 108-30.1 including those on which no action has heretofore been instituted to enforce the same; provided, however, that no action may be instituted to foreclose such liens on property which has come into the hands of innocent purchasers or encumbrancers for value prior to the effective date."

Duration of Lien.—The lien against the estate of a deceased recipient of old age benefits under the provisions of this section may not be enforced by action in any event after the expiration of ten years from the last day from which assistance was paid, and, even if it be conceded that no action to enforce such lien may be

maintained after one year from the death of the recipient, such lien, properly filed, remains in force until satisfied, and attaches to the surplus realized upon foreclosure of a mortgage on the realty of the deceased recipient notwithstanding that foreclosure was had more than one year after his death. *Lenoir County v. Outlaw*, 241 N. C. 97, 84 S. E. (2d) 330 (1954).

This article provides two separate and distinct methods by which a county may recover the aggregate amount paid as old age assistance to a recipient: One, a claim against the personalty of the estate, which must be filed within one year after the death of the recipient, and the other a general lien upon the recipient's real estate, attaching upon the filing of the statement therefor in the lien docket and its proper indexing. *Lenoir County v. Outlaw*, 241 N. C. 97, 84 S. E. (2d) 330 (1954).

No old age assistance lien docket is contemplated or provided for. Not only is there no provision for an old age assistance docket, but this section positively requires that such claims be filed in the regular lien docket. It is patent, therefore, that liens for old age assistance and for building materials and labor must be filed in the same book—the lien docket. *Saunders v. Woodhouse*, 243 N. C. 608, 91 S. E. (2d) 701 (1956).

§ 108-30.2. Action to be taken upon termination of assistance.—The county department of public welfare shall, within six months after the termination of an old age assistance grant by reason of death or otherwise, examine the case record of such recipient, the tax records of the county, and, in case of termination because of death, the records relating to executors, administrators, collectors, or other personal representatives. If it appears from this examination or from any other information which has come to the attention of the department, (i) that such recipient does not own, or has not owned since the date of the filing

of the old age assistance lien against such recipient's realty, any real property, and (ii) that such recipient does not own nor his estate consist of any personal property in excess of one hundred dollars (\$100.00), and (iii) in the case of termination because of death, that no executor, administrator, collector or other personal representative has been appointed, an entry shall be made in the case record reflecting the results of this examination. If it appears from this examination, from a subsequent examination, or from any other information which may come to the attention of the department, (i) that such recipient does own, or has owned since the date of the filing of the old age assistance lien against such recipient's realty, any real property, or (ii) that such recipient does own or his estate consists of personal property of a value in excess of one hundred dollars (\$100.00), or (iii) in case of termination by death, that an executor, administrator, collector, or other personal representative has been appointed, then the department shall furnish to the county attorney all available information concerning the property of the recipient, the name of the spouse of the recipient, the township in which the recipient resides or resided, the race of the recipient, the total amount of old age assistance received by the recipient from and after October 1, 1951, by or through the State and the several counties thereof, and the reason for termination of the old age assistance grant. Upon receipt of this information, the county attorney shall take such steps as he may determine to be necessary to enforce the claim or lien herein provided. If it be made to appear to the clerk of the superior court that the personal property of the estate of a deceased recipient of old age assistance does not exceed one hundred dollars (\$100.00) in value, a personal representative of such deceased recipient shall not be a necessary party to an action to enforce the old age assistance lien against such recipient's realty. Any funds remaining after satisfaction of such lien shall be paid into the office of the clerk of the superior court.

The claim against the estate of a recipient herein provided for shall have equal priority in order of payment with the sixth class under § 28-105 of the General Statutes: Provided, that no such claims shall be satisfied out of any real property in which the recipient had any legal or equitable interest so long as such property is occupied as a homesite by the recipient, the surviving spouse, any minor dependent child of such recipient, or by a dependent adult child of such recipient who is incapable of self-support because of total mental or physical disability. (1951, c. 1019, s. 1; 1955, c. 237, s. 2; 1957, c. 1273.)

Cross Reference.—See note to § 108-30.1.

The 1957 amendment added the last two sentences of the first paragraph.

Editor's Note. — The 1955 amendment rewrote this section.

§ 108-30.3. Funds recovered.—The United States and the State of North Carolina shall be entitled to share in any sum collected under the provisions of this article, and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient. The county enforcing the claim as herein provided and any other county within the State which has paid old age assistance to such recipient shall share proratably in any sum collected. All sums collected shall be deposited in the county old age assistance fund and a report of such deposit made to the State Board of Public Welfare. All sums to which the United States or the State of North Carolina may become entitled under the provisions of this article shall be promptly paid or credited. All such sums to which the State may become entitled shall be deposited in the State Old Age Assistance Fund and shall become a part of that fund.

All necessary costs incurred in the collection of any claim shall be borne proratably by the United States, the State, and the county in proportion to the share of the sum collected to which each may be entitled: Provided, that neither the United States nor the State shall in any instance be chargeable for cost in

excess of the sum received by it from the claim. Necessary costs of collection of any claim shall include all costs of services in the filing, processing, investigation, and collection of such claim. (1951, c. 1019, s. 1; 1955, c. 237, s. 3.)

§ 108-31. Action by county commissioners.—The board of county commissioners, in the event that they shall be of the opinion that any award made by the county board of welfare should be reconsidered and reviewed by them, shall have the right to review such award. In case of such action by the board of county commissioners, notice shall be given to the applicant fixing the time and place at which such reconsideration will be held. In the event the board of county commissioners deems that any award should be in any respect changed, an order shall be made thereon accordingly and notice thereof given to the applicant and a copy sent to the county board of welfare and the State Board of Allotments and Appeal. (1937, c. 288, s. 16.)

§ 108-32. Assistance not assignable; checks payable to decedents.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal process, or to the operation of any bankruptcy or insolvency law.

In the event of the death of an old age assistance recipient during or after the first day of the month for which a grant was previously authorized by the county welfare board, any old age assistance check or checks payable to such recipient not endorsed prior to such recipient's death, shall be delivered to the clerk of the superior court of the county on which the check was drawn and by him administered under the provisions of §§ 28-68 and 28-68.2 of the General Statutes. (1937, c. 288, s. 17; 1945, c. 615, s. 1; 1953, c. 213.)

Editor's Note. — The 1945 amendment
added the second paragraph, and the 1953
amendment rewrote such paragraph.

§ 108-33. State Board of Allotments and Appeal.—For the purpose of making allotment of State and federal funds to the several counties, and of giving to applicants appealing from the county boards a fair hearing and determination upon such applications and appeal, there shall be created within the State Board of Public Welfare and as an agency of said Board, subject to its supervision and control by rules and regulations adopted by it, a body to be known as "The State Board of Allotments and Appeal," consisting of three members as follows:

The chairman of the State Board of Public Welfare;

The Commissioner of Welfare;

The Director of Public Assistance, established by this article; all of whom shall be ex officio members of the State Board of Allotments and Appeal. The chairman of the State Board of Public Welfare shall be the chairman of the Board of Allotments and Appeal.

If an application is not acted upon by the county welfare board within a reasonable time, or is denied in whole or in part, or if any award of assistance is modified or canceled under any provisions of this article, the applicant or recipient may appeal to the Board of Allotments and Appeal in the manner and form prescribed by the said Board of Allotments and Appeal. The Board of Allotments and Appeal shall, upon receipt of such an appeal, give the applicant or recipient, the board of county commissioners and the county board of welfare reasonable notice and opportunity for a fair hearing. Upon such hearing the applicant or recipient shall have an opportunity of presenting his claim in full to the Board upon such evidence as may be pertinent or proper; and the Board of

Allotments and Appeal shall diligently inquire into the matter, and shall approve or disapprove or modify the action of the county board of welfare or the board of county commissioners, as in the judgment of the Board of Allotments and Appeal may be just and proper.

Upon any appeal from the board of county commissioners or county board of welfare, it shall be the duty of such board to forward to the Board of Allotments and Appeal a certified copy of the order refusing assistance or granting the same, with such information, in brief, as may bear upon the application and the action of the board of commissioners or county board of welfare, and such papers and documents or other matter as may be required under the rules of the State Board of Allotments and Appeal, or under its order in the particular matter.

When the State Board of Allotments and Appeal shall have made its final decision upon the matter, notice thereof shall be given to the applicant or recipient and to the board of county commissioners and county board of welfare. The decision of the State Board of Allotments and Appeal shall be final.

The State Board of Allotments and Appeal may also, on notice to the board of county commissioners and county board of welfare, upon its own motion, review any decision of the board of county commissioners or county board of welfare, and may consider any application upon which a decision has not been made within thirty days. The State Board of Allotments and Appeal may make such additional investigation as it may deem necessary in all cases, and make such decision thereupon as in its opinion is justified and in conformity with the provisions of this article. Applicants, or recipients, affected by such decision of the State Board of Allotments and Appeal shall, upon request, be given reasonable notice and opportunity for a fair hearing by the State Board of Allotments and Appeal. All decisions of the State Board of Allotments and Appeal shall be final and shall be binding upon the county involved, and shall be complied with by the board of county commissioners and county board of welfare.

The State Board may authorize hearings of appeals in any county by other representatives selected by said Board, subject to final determination by the State Board of Allotments and Appeal. (1937, c. 288, s. 18; 1939, c. 395, s. 1; 1957, c. 100, s. 1.)

Editor's Note. — The 1939 amendment substituted, near the beginning of the fifth paragraph, the words "a reasonable time" for "thirty days".

The 1957 amendment substituted "State Board of Public Welfare" for "State Board of Charities and Public Welfare" in the first, second and fourth paragraphs.

§ 108-34. Periodic reconsideration and changes in amount of assistance.—All assistance grants made under this article shall be reconsidered as frequently as may be required by the rules of the State Board. It shall be the duty of the county welfare board, with the assistance of the county welfare officer, to keep fully advised as to questions concerning old age assistance and the propriety and necessity of the continuance thereof to recipients and as to such changed conditions relating to recipients as may affect the necessity for such assistance or the amount thereof.

Where changes have occurred in the condition of any recipient requiring a modification or cancellation of an award, the county board of welfare is authorized and empowered to make such changes as the facts and circumstances may justify and in accordance with the provisions of this law. Prompt notice of such action shall be given to the recipient, and a copy of such notice shall be sent to the State Board and board of county commissioners. Such action on the part of the county board shall be subject to review by the State Board as provided in cases of original awards, and the recipient shall have the right to appeal therefrom to the State Board of Allotments and Appeal as in cases of original awards. (1937, c. 288, s. 19.)

§ 108-35. Removal to another county.—Any recipient who moves to

another county in this State shall be entitled to receive assistance in the county to which he has moved, and the county welfare superintendent of the county from which he has moved shall transfer all necessary records relating to the recipient to the county welfare superintendent of the county to which he has moved. The county from which the recipient moves shall pay the assistance for a period of three months following such removal, not in excess of amount paid before removal, and thereafter assistance shall be paid by the county to which such recipient has moved. (1937, c. 288, s. 20; 1943, c. 505, s. 3.)

Editor's Note. — The 1943 amendment substituting the words "county welfare superintendent" for the former words referring to the board of county commissioners. It also struck out the former second paragraph.

§ 108-36. Procedure preliminary to allotments and county taxation; investigation and report.—It shall be the duty of the county welfare boards to make diligent investigation within the county and obtain and record statistical and other information concerning aged persons in the county entitled to assistance under this article, and to keep such information compiled in convenient accessible form. Therefrom they shall, annually, on or before the first day of May, compile and make a report to the board of county commissioners, for their better information and guidance, which report shall contain a concise statement or estimate of the total amount necessary to be expended within the county to carry out the provisions of this article for the next ensuing fiscal year, accompanied by such supporting data as the State Board of Allotments and Appeal may require. Such reports shall be made on forms furnished by the State Board, or in compliance with the rules and regulations of said State Board. A copy thereof shall be immediately forwarded to the State Board.

Upon the information so furnished, and such other information as may be available, or may be obtained upon such further investigation as the board of commissioners may see proper to make, the board of commissioners shall make a careful estimate of the amount necessary to be expended within the county for the purposes of this article for the ensuing fiscal year, and, separately stated, the amount necessary to be raised by county taxation. The board of county commissioners shall, annually, on or before the first day of May, make a report to the State Board of Allotments and Appeal, which report shall contain the said estimates, with supporting data, in such form and detail as the Board of Allotments and Appeal may require. (1937, c. 288, s. 21.)

§ 108-37. Allocation of funds.—As soon as may be practicable after receiving the said reports, and before the time for the annual levy of taxes in the respective counties, the State Board of Allotments and Appeal shall proceed to ascertain and determine the amount of State and federal funds available for disbursement in the counties for the purposes of this article for the next ensuing fiscal year. The Board shall, at the same time, determine the amount to be raised in each of the respective counties by taxation to supplement the State and federal funds allotted to such county. The allotment of State and federal funds to any county shall not exceed three times the amount to be raised in said county by local taxation, except as provided in § 108-73.

The determination of such amount by the Board of Allotments and Appeal shall be final and binding upon the several counties respectively, and shall be a part of the county budget. The county commissioners shall, at the time of levying other taxes, levy and impose upon all the taxable subjects within the county a tax sufficient to produce such amount; and the same shall be collected as other taxes.

The proceeds of such taxes shall be kept in a separate fund in the county treasury, and shall be subject to the provisions of the Local Government Act with respect to depository security and control, and shall be used only for the purposes of this article. It shall be the duty of the Board of Allotments and Ap-

peal to inquire into the condition of the said fund from time to time and to require that such protection be afforded the funds as occasion may demand. The funds shall be disbursed for the purposes of this article on warrants drawn on the county treasurer or other designated county officials where there is no county treasurer, signed by the secretary of the county welfare board, countersigned by the county auditor and chairman of the welfare board, for payments of grants to recipients: Provided, that in the event any temporary vacancy should exist in the office of county welfare superintendent, or in the office of chairman of the county welfare board, the signature of either remaining officer together with that of the county auditor shall be sufficient for the disbursement of such funds. Warrants shall be drawn under this article for administrative purposes in accordance with the County Fiscal Control Act. (1937, c. 288, s. 22; 1939, c. 395, s. 1; 1943, c. 505, s. 4; 1955, c. 310, s. 1.)

Local Modification.—Rowan: 1955, c. 420.

Editor's Note. — The 1939 amendment changed the last sentence of the third paragraph, and the 1943 amendment added the proviso thereto.

The 1955 amendment struck out the word "both" formerly appearing before the word

"payments" in line ten of the third paragraph. It also struck out the words "and for administrative purposes" formerly appearing before "Provided" in line eleven of the paragraph, and added the last sentence thereto.

§ 108-38. Administration expenses.—The State Board of Allotments and Appeal shall annually allocate to the several counties of the State, in accordance with the total amount of benefit payments to be paid in each county for old age assistance therein, the sum provided by the federal government under the Social Security Act for payment of administrative expenses. Any amounts in excess of said allotments to the several counties, which are necessary to the proper administration of the public welfare program by the several counties, shall be determined by the State Board of Allotments and Appeal upon budgets submitted to said Board by the county welfare boards in each county. Said determination shall be made on or before the first day of June in each year.

After being so determined, an amount not to exceed one half of such costs shall be allocated and paid to the respective counties by the State Board of Allotments and Appeal from the appropriation made by the State for aid to county welfare administration. The balance of said county administrative expenses shall be paid by the respective counties. The State Board of Allotments and Appeal shall, on or before the first day of June in each year, notify the board of county commissioners in each county as to the amount of administrative expenses such county is required to provide, and upon receipt of such notice it shall be mandatory upon each county that taxes shall be levied within said county to provide for the payment of such part of such county's administrative expenses.

The county board of commissioners and the county board of welfare, in joint session, shall determine the number and salary of employees of the county board of welfare, having been advised by the county superintendent of welfare and the State Board of Public Welfare. (1937, c. 288, s. 23; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1; 1957, c. 100, s. 1.)

Editor's Note. — The 1939 amendment added the last paragraph of this section, and the 1941 amendment struck out the former first paragraph. The 1945 amendment substituted in the second sentence of the first paragraph the words "of the public welfare program", for the words "of this article", and rewrote the first two sentences of the second paragraph.

The 1957 amendment substituted "State Board of Public Welfare" for "State Board of Charities and Public Welfare" in the last paragraph.

§ 108-39. Transfer of State and federal funds to the counties.—The State Old Age Assistance Fund shall be drawn out on the warrant of the State

Auditor, issued upon order of the State Board, evidenced by the signature of the Commissioner of Welfare. Quarterly, and oftener, if in the sound judgment of the State Board it may be necessary, the State Board shall transfer to the several counties such part of the county allotment as may be necessary for disbursement in such county, in connection with county-raised funds, for a reasonable period. Before transferring said funds the State Board may, in its discretion, require that the county shall certify, through its auditor or fiscal agent, that sufficient county funds are on hand to pay the county quota of disbursement corresponding to the amount of State funds to be so transferred. The State Board of Allotments and Appeal is authorized, in its discretion, to transfer to any county for the first quarter in any fiscal year an amount sufficient to pay in full the awards approved in such county, one fourth of said amount being advanced to the county in anticipation of the collection of taxes. Such amount so advanced shall be deducted from allotments thereafter to be made to such county within the fiscal year.

The funds so transferred shall go into the county old age assistance fund, and be subject to all the provisions of the Local Government Act as to custody and depository protection; and the State Board may require such additional protection to such funds as they may deem proper.

When in the judgment of the State Board the disbursement of funds in the counties to recipients entitled to assistance is being unduly delayed, or the payments to such recipients jeopardized, the State Board may require, as a condition for the allotment or transmission of any funds to the county for disbursement, that such awards shall be promptly paid, and may withhold the funds from such counties until satisfied that the awards are being paid with promptness and certainty. When in its judgment the public interest may require and the funds collected in the county for disbursement hereunder may be better protected, and greater promptness and certainty may be secured in payment of awards to recipients entitled to receive same, the State Board may demand and require that the funds raised by taxation in any county be transmitted to the Treasurer of the State, subject to disbursement under such rules and regulations as the State Board may adopt. Immediately upon notice to the board of county commissioners of the county affected, and to the officials of the said county having any such funds in custody, such board of county commissioners and officials shall immediately transfer all of such funds and pay over the same to the State Treasurer for disbursement, under the rules and regulations aforesaid. (1937, c. 288, s. 24.)

§ 108-40. Accounts and reports from county officers.—The boards of county commissioners shall cause proper accounts to be kept of the receipts and disbursements under this article, and shall make a quarterly report to the State Board in detail, showing such receipts and the persons to whom disbursements have been made, and the amount thereof. Such reports may be required by the State Board as often as may be deemed necessary. The accounts shall at all times be open to inspection by the State Board and its authorized auditors, supervisors and deputies. (1937, c. 288, s. 25.)

§ 108-41. Further powers and duties of State Board.—The State Board is authorized and directed to make such reports as may be required by the federal government under the Social Security Act; to keep the funds received from the federal government in such manner and in such account, and cause the same to be disbursed as may be required by such federal administrative authority, notwithstanding any provisions hereof; and the provisions of this article with respect to the handling, disbursement of federal funds, where contrary to the rules and regulations of federal authority, shall be deemed directory only, so that such rules and regulations shall prevail; but otherwise they shall be mandatory. (1937, c. 288, s. 26.)

§ 108-42. Fraudulent acts made misdemeanor.—Whoever knowingly

obtains, or attempts to obtain, or aids or abets any person to obtain, by means of a willfully false statement or representation or by impersonation, or other fraudulent device, assistance to which he is not entitled, or assistance greater than that to which he is justly entitled; and whoever aids or abets in buying or in any way disposing of the property, either real or personal, of a recipient of assistance with the intent to defeat the purposes of this article, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined or imprisoned, or both, at the discretion of the court. (1937, c. 288, s. 27.)

§ 108-43. **Limitations of article.**—All assistance granted under this article shall be deemed to be granted and to be held subject to the provisions of any amending or repealing act that may hereafter be passed, and no recipient shall have any claim for compensation, or otherwise, by reason of his assistance being affected in any way by any amending or repealing act. (1937, c. 288, s. 28.)

§ 108-45. **Establishment of relief.**—The care and relief of dependent children who are in need and who are unable to provide for themselves is a legitimate obligation of government which cannot be ignored or avoided without injustice to such persons and serious detriment to the purposes of organized society. Such care and relief is hereby declared to be a matter of State concern and necessary to promote the public health and welfare. In order to provide such care and relief at public expense, to the extent that the same may be proper, with due regard to the revenues which the State may equitably enjoy, and with due regard for other necessary objects of public expenditure, a State-wide system of aid to dependent children is hereby established, to operate uniformly throughout the State and in every county thereof, and with due regard to the varying living conditions and the financial, physical, and other conditions of the recipient of such relief, more particularly dealt with in this article. The provisions of this article are mandatory on the State, and each and every county thereof, and whenever the levy of any tax is required or directed herein, it shall be understood that the said tax is levied for a special purpose; and full authority is hereby given to the boards of county commissioners of the several counties to levy, impose, and collect the taxes herein required for the special purpose of aid to dependent children as defined and provided for in this article. (1937, c. 288, s. 31.)

- (2) “Assistance” as used under this Part means the money payments for any month with respect to or payments for medical care in behalf of a dependent child or dependent children and the needy relative with whom any dependent child or dependent children live if the money payments have been made with respect to such child or children for such month.
- (3) “County board of welfare” shall mean the county board of public welfare of each of the several counties, as now established by law, subject to such modifications as may be made by law.
- (4) “Recipient” shall mean any person who has received assistance for dependent children under the provisions of this Part.
- (5) “Social Security Board” shall be interpreted to include any agency or

agencies of the federal government which may be substituted therefor by law.

Editor's Note. — The 1939 amendment defined "Social Security Board," and the 1951 amendment rewrote the definition of "Assistance".

The 1957 amendment substituted "State

Board of Public Welfare" for "State Board of Charities and Public Welfare" in subdivision (6). It also substituted in subdivision (3) "board of public welfare" for "board of charities and public welfare."

§ 108-47. **Acceptance of federal grants.**—The provisions of the federal Social Security Act, relating to grants in aid to the State for aid to dependent children, and the benefits thereunder, are hereby accepted and adopted, and the provisions of this article shall be liberally construed in relation to the said federal Social Security Act, so that the intent to comply therewith shall be made effectual. (1937, c. 288, s. 33.)

§ 108-48. **Amount of relief.**—The maximum amount to be allowed per month under this article shall not exceed eighteen dollars (\$18.00) for one child and twelve dollars (\$12.00) additional per month for each of the other dependent children in the home eligible to assistance under this article: Provided, the total amount shall not exceed sixty-five dollars (\$65.00), except in extraordinary circumstances in which it appears to the satisfaction of the State Board that a total of sixty-five dollars (\$65.00) per month would be insufficient to secure the purpose above set forth. Provided further, that within the limitations of the State appropriation the maximum amount per child may be increased not in excess of the amount which may hereafter be matched by the federal government. (1937, c. 288, s. 34; 1945, c. 615, s. 1.)

Editor's Note. — The 1945 amendment added the second proviso.

§ 108-49. **Dependent children defined.**—The term "dependent child" as used in this article shall mean a child under eighteen years of age who is living with his or her father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle or aunt, adoptive father, adoptive mother, grandfather-in-law, great-grandfather, grandmother-in-law, great-grandmother, brother of the half-blood, brother-in-law, adoptive brother, sister of the half-blood, sister-in-law, adoptive sister, uncle-in-law, aunt-in-law, great-uncle, and great-aunt, in a place of residence maintained by one or more of such relatives as his or their own home; who has resided in the State of North Carolina for one year immediately preceding the application for aid; or who was born within the State within one year immediately preceding the application if the mother has resided in the State for one year immediately preceding the birth, and who has been deprived of parental support or care by reason of the death, physical or mental incapacity or continued absence from the home of a parent, and who has no adequate means of support. (1937, c. 288, s. 35; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1.)

Editor's Note. — The 1941 amendment made this section applicable to school children under eighteen, and added to the list of relatives beginning with "adoptive father."

The 1945 amendment substituted the words "under eighteen years of age",

near the beginning of section, for the words "under sixteen years of age, or under eighteen years of age if regularly attending school". The amendment also struck out a former provision relating to making every effort to apprehend the parent in cases of desertion.

§ 108-50: Repealed by Session Laws 1945, c. 615, s. 2.

§ 108-51. **State Aid to Dependent Children Fund.**—A fund shall be created to be known as "The State Aid to Dependent Children Fund." This Fund

shall be created by appropriations made by the State from its ordinary revenues and such grants as may be made for aid to dependent children under the federal Social Security Act. Said Fund shall be used exclusively for the relief of dependent children coming within the eligibility provisions of this Part and the cost of administration of the same. The appropriations to be made by the State for such purpose shall be supplemented by the amount provided under the federal Social Security Act for aid to dependent children and such further amount as the State may appropriate for the administration of this article. From said Fund there shall be paid as hereinafter provided three fourths of the benefit payments to dependent children in accordance with the provisions hereof, the other one fourth of said payments shall, subject to the provisions of § 108-73, be provided by the several counties of the State as hereinafter required.

In the event that the federal Social Security Act is amended by providing for a larger percentage of contributions to said Fund, the provisions herein made shall be construed to accept such additional grants, and the amounts to be provided for aid to dependent children by State and counties shall be adjusted proportionately. (1937, c. 288, s. 37; 1941, c. 232; 1943, c. 505, s. 5.)

Editor's Note. — The 1941 amendment substituted in the last sentence of the first paragraph "three fourths" for "two thirds" and "one fourth" for "one third."

The 1943 amendment substituted "§ 108-73" for "§ 108-74" in the last sentence of the first paragraph. It also struck out a former provision of the paragraph which

read: "The cost of administering the provision of this Part shall be, in part, paid from said funds in accordance with § 108-68."

§ 108-52. State appropriation. — At its present session, and biennially thereafter, the General Assembly shall appropriate out of its ordinary revenues, for the use of such Fund, such amount as shall be reasonably necessary to carry out the provisions of this article, and provide relief to the dependent children coming within the eligibility provisions herein set out, to such an extent as may be proper upon due consideration of the ability of the State to produce sufficient revenues, and with due regard to other necessary objects of public expenditure. (1937, c. 288, s. 38.)

§ 108-53. County fund. — Annually, at the time other taxes are levied in each of the several counties of the State, there shall be levied and imposed a tax sufficient to raise such an amount as shall be found necessary, in the manner hereinafter provided, to supplement the State and federal funds available for expenditure in said county for aid to dependent children. The amount so ascertained shall be an obligation of the county, and the taxes imposed shall be collectible as other taxes. (1937, c. 288, s. 39.)

§ 108-54. Appropriations not to lapse. — No appropriation made for the purpose of this article shall lapse or revert; but the unexpended balances may be considered in the making of further appropriations. Any proceeds of county taxation for the purposes of this article remaining unexpended shall be taken into account in determining the amount to be raised by taxation during the ensuing year, but shall not be used for any purpose not authorized by this article: Provided, that if at any time during any fiscal year it appears to be necessary and feasible, the county may transfer with the approval of the State Board of Allotments and Appeal a portion of the amount raised by the county for aid to dependent children to the county old age assistance fund. (1937, c. 288, s. 40; 1945, c. 615, s. 1.)

Editor's Note. — The 1945 amendment added the proviso.

§ 108-55. Custody and receipt of funds. — The Treasurer of the State of North Carolina is hereby made ex officio treasurer of the State Aid to Dependent Children Fund herein established, including therein such grants in aid to depend-

ent children as may be received from the federal government for administration and distribution in this State; and the said Treasurer is hereby designated as the proper officer to receive grants in aid from the federal government. The Treasurer shall keep the funds in a separate account, to be known as the State Aid to Dependent Children Fund, and shall be responsible therefor on his official bond; and the said funds shall be protected by proper depository security as other State funds. The said Fund shall be drawn upon and disbursed as hereinafter provided. (1937, c. 288, s. 41.)

§ 108-56. General powers and duties of Department of Public Welfare.—The powers and duties of the State Board of Public Welfare established under Article XI, section seven, of the Constitution of North Carolina, and this chapter, and of the office of Commissioner of Welfare established thereunder, are not hereby abridged. The powers and duties herein given shall be in addition to those heretofore exercised under existing law; and the State Board of Public Welfare, through the Commissioner of Welfare as the executive head of the Department, is hereby empowered to organize the Department into such bureaus and divisions as may be deemed advisable, not inconsistent with the provisions of this article, in order that the work of the entire Department shall be co-ordinated on an efficiency basis and duplication of effort may be avoided. (1937, c. 288, s. 42; 1957, c. 100, s. 1.)

Editor's Note. — The 1957 amendment fare" for "State Board of Charities and substituted "State Board of Public Wel- Public Welfare".

§ 108-57. Certain powers and duties of State Board of Public Welfare.—The State Board shall:

- (1) Supervise the administration of assistance to dependent children under this article by the county boards;
- (2) Make such rules and regulations and take such action as may be necessary or desirable for carrying out the provisions of this article. All rules and regulations made by the State Board shall be binding on the counties and shall be complied with by the respective boards of county commissioners and county boards of welfare;
- (3) Prescribe the form of and print and supply to the county boards and agencies such forms as it may deem necessary and advisable;
- (4) Co-operate with the federal government in matters of mutual concern pertaining to assistance to dependent children, including the adoption of such methods of administration as are found by the federal government to be necessary for the efficient operation of the plan for such assistance;
- (5) Make such reports, in such form and containing such information, as the federal government may from time to time require, and comply with such provisions as the federal government may from time to time find necessary to assure the correctness and verification of such reports;
- (6) Publish reports as may be necessary;
- (7) Enter into reciprocal agreements with public welfare agencies in other states relative to providing for assistance and services to residents, nonresidents or transients, and co-operate with other agencies of the State and federal governments in providing such assistance and services and in the study of the problems involved;
- (8) The North Carolina State Board of Public Welfare is hereby authorized and empowered to receive grants in aid from the federal government or any State or federal agency for general relief or for any other relief purposes; and all such grants so made and received shall be paid to the State Treasurer and credited to the account of the

North Carolina State Board of Public Welfare, to be used in carrying out the provisions of this article;

- (9) Make to the solicitor of superior court those reports relating to recipients of assistance under the provisions of this act as required by G. S. 15-155.1 and shall assist the solicitor in making any investigation relative thereto both actively and by furnishing to him all information available to it or any local board relative to such assistance. (1937, c. 288, s. 43; 1939, c. 395, s. 1; 1943, c. 505, s. 6; 1957, c. 100, s. 1; 1959, c. 1210, s. 3.)

Cross Reference. — For provision prohibiting action under Session Laws 1959, c. 1210, if such action will result in termination of payments of federal funds to North Carolina for public assistance, see § 108-76.2.

Editor's Note. — The 1939 amendment added subdivisions (7) and (8). The 1943 amendment struck out the words "an annual report and such interim" formerly appearing after the word "Publish" in subdivision (6).

The 1957 amendment substituted "State

Board of Public Welfare" for "State Board of Charities and Public Welfare" in the caption and subdivision (8). The 1959 amendment added subdivision (9). Section 5 of the amendatory act provides that the act shall not apply to the counties of Gaston and Mecklenburg.

The words "this act" as used in subdivision (9) of this section refer to Session Laws 1959, c. 1210. For other sections of that act, see §§ 15-155.1 to 15-155.3, 108-76.1, 108-76.2.

§ 108-58. Certain powers and duties of local boards; county welfare boards.—The county boards of welfare shall perform the duties herein required of them with relation to the administration of this article in the several counties, under the supervision and direction of the State Board, and in accordance with the rules and regulations prescribed by said State Board.

County boards of welfare shall:

- (1) Report to the State Board at such times and in such manner and form as the State Board may from time to time direct;
- (2) Submit to the State Board the information required in this article preliminary to determination of the county's quota of funds and the determination of the amount required to be raised by taxation, together with its estimate and supporting data, setting forth the amount of money needed to carry out the provisions of this article; also submit to the board of county commissioners a duplicate of the estimate and supporting data furnished by it to the State Board. Make and report to the State Board and to the county board of commissioners such investigation as may be required in order that the said State Board and boards of county commissioners may be fully informed as to the assistance required by dependent children coming within the eligibility provisions of this article; and may have such other information as may be required for proper determination upon any matter coming before the said boards;
- (3) Perform any other duties required of them under this article or by proper rules and regulations made by the State Board under authority thereof. (1937, c. 288, s. 44.)

§ 108-59. Application for assistance; determination thereon.—Applications for assistance under this article shall be made to the county welfare board of the county in which the applicant resides. Such application shall be in writing and in duplicate, in compliance with the rules and regulations established by the State Board, which is required to furnish forms for such applications. Where the applicant is unable to present his application in writing by reason of illiteracy or other cause, the application shall be reduced to writing and filed in duplicate, on such forms as may be supplied by the State Board, or substantially in agreement therewith. The county board of welfare, and the county welfare of-

ficer, shall render to applicants for assistance under this article such aid and assistance in the preparation of the applications as may be necessary. One copy of the application shall be forwarded to the State Board.

Whenever a county board of welfare receives an application for assistance under this article, an investigation and record shall promptly be made of the circumstances of the children for whom application is made, in order to ascertain the facts supporting the application, and in order to obtain such other information as may be required by the rules of the State Board. In the making of such investigation, the county welfare board and the county welfare officer shall make diligent investigation, and record promptly all the information which it is reasonably possible to obtain with respect to such application.

Upon the completion of the investigation the county board of welfare shall, upon due consideration, determine whether the applicant is eligible for assistance under the provisions of this article and shall determine the amount of such assistance and the date on which it shall begin, but such award shall in no case exceed eighteen dollars (\$18.00) for one child and twelve dollars (\$12.00) additional per month for each of the other dependent children in the home eligible to assistance under this article: Provided, the total amount shall not exceed sixty-five dollars (\$65.00) except in extraordinary circumstances in which it appears to the satisfaction of the State Board that a total of sixty-five dollars (\$65.00) per month would be insufficient to secure the purposes above set forth: Provided further, that within the limitations of the State appropriation the maximum amount per child may be increased not in excess of the amount which may hereafter be matched by the federal government. Such award so made, when effective shall thereafter be paid in advance monthly to the applicant, disbursement being made in the same manner and under the same procedure as in the case of other county funds: Provided, that, when it appears to the county board of public welfare that the interest of the beneficiary or beneficiaries of such award will be better served by smaller payments at more frequent intervals, such award shall be paid in two or more equal installments in each month.

The county board of welfare shall promptly notify by mail each applicant of its action disallowing the application for granting assistance, stating, in case award is made, the amount of the award and when assistance shall be paid. A copy of such notice shall be immediately forwarded to the board of county commissioners and a duplicate copy forwarded to the State Board of Allotments and Appeal.

The State Board is hereby authorized and empowered to establish and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files and communications relating to applicants and recipients. It shall be unlawful, except for purposes directly connected with the administration of aid to dependent children and in accordance with the rules and regulations of the State Board for any person or persons to solicit, disclose, receive, or make use of, or to authorize, knowingly permit, participate in, or acquiesce in the use of, any list of or names of, or any information concerning, persons applying for or receiving aid to dependent children, directly or indirectly derived from the records, papers, files, or communications of the State Board or the county welfare board or acquired in the course of the performance of official duties. (1937, c. 288, s. 45; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1; 1959, c. 179, s. 2.)

Editor's Note. — Prior to the 1939 amendment the application was required to be verified by the oath of the applicant. The 1941 amendment added the last paragraph. And the 1945 amendment inserted the second proviso in the third paragraph.

It seems probable that the legislature intended the word "for" in line two of the fourth paragraph to read "or".

The 1959 amendment added the proviso at the end of the third paragraph.

§ 108-60. Action by county commissioners.—The board of county commissioners, in the event that they shall be of the opinion that any award made by the county board of welfare should be reconsidered and reviewed by them, shall

have the right to review such award. In case of such action by the board of county commissioners, notice shall be given to the applicant fixing the time and place at which such reconsideration will be held. In the event the board of county commissioners deem that any award should be in any respect changed, an order shall be made thereon accordingly and notice thereof given to the applicant and a copy sent to the county board of welfare and the State Board of Allotments and Appeal. (1937, c. 288, s. 46.)

§ 108-61. Assistance not assignable.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal process, or to the operation of any bankruptcy or insolvency law. (1937, c. 288, s. 47.)

§ 108-62. State Board of Allotments and Appeal.—For the purpose of making allotment of State and federal funds to the several counties, and of giving to applicants appealing from the county boards a fair hearing and determination upon such applications and appeal, the State Board of Allotments and Appeal, created under § 108-33 shall as an agency of the State Board have complete and final jurisdiction. If an application is not acted upon by the county welfare board within thirty days or is denied in whole or in part, or if any award of assistance is modified or canceled under any provisions of this article, the applicant or recipient may appeal to the Board of Allotments and Appeal in the manner and form prescribed by the said Board of Allotments and Appeal. The Board of Allotments and Appeal shall, upon receipt of such an appeal, give the applicant or recipient and the board of county commissioners and county board of welfare reasonable notice and opportunity for a fair hearing. Upon such hearing the applicant or recipient shall have an opportunity of presenting his claim in full to the Board upon such evidence as may be pertinent or proper; and the Board of Allotments and Appeal shall diligently inquire into the matter, and shall approve or disapprove or modify the action of the county board of welfare and the board of county commissioners, as in the judgment of the Board of Allotments and Appeal may be just and proper.

Upon any appeal from the board of county commissioners, it shall be the duty of such board to forward to the State Board of Allotments and Appeal a certified copy of the order refusing assistance or granting the same, with such information, in brief, as may bear upon the application and the action of the board of commissioners, and such papers and documents or other matter as may be required under the rules of the Board of Allotments and Appeal, or under its order in the particular matter.

When the State Board of Allotments and Appeal shall have made its final decision upon the matter, notice thereof shall be given to the applicant or recipient and to the board of county commissioners and the county board of welfare. The decision of the State Board of Allotments and Appeal shall be final.

The State Board of Allotments and Appeal may also on notice to the board of county commissioners and county board of welfare, upon its own motion, review any decision of the board of county commissioners or county board of welfare and may consider any application upon which a decision has not been made within thirty days. The State Board of Allotments and Appeal may make such additional investigation as it may deem necessary in all cases and make such decision thereupon as in its opinion is justified and in conformity with the provisions of this article. Applicants, or recipients, affected by such decision of the State Board of Allotments and Appeal shall, upon request, be given reasonable notice and opportunity for a fair hearing by the Board of Allotments and Appeal. All decisions of the State Board of Allotments and Appeal shall be final and shall be binding upon the county involved, and shall be complied with by the board of county commissioners and the county board of welfare.

The State Board may authorize hearings of appeals in any county by other representatives selected by said Board, subject to final determination by the State Board of Allotments and Appeal. (1937, c. 288, s. 48.)

§ 108-63. Periodic reconsideration and changes in amount of assistance.—All assistance grants made under this article shall be reconsidered as frequently as may be required by the rules of the State Board. It shall be the duty of the county welfare board, with the assistance of the county welfare officer, to keep fully advised as to questions concerning aid to dependent children and the propriety and necessity of the continuance thereof to recipients and as to such changed conditions relating to recipients as may affect the necessity for such assistance or the amount thereof.

Where changes have occurred in the condition of any recipient requiring a modification or cancellation of an award, the county board of welfare is authorized and empowered to make such changes as the facts and circumstances may justify and in accordance with the provisions of this law. Prompt notice of such action shall be given to recipient and a copy of such notice shall be sent to the State Board and board of county commissioners. Such action on the part of the county board shall be subject to review by the State Board as provided in cases of original awards, and the recipient shall have the right to appeal therefrom to the State Board of Allotments and Appeal as in cases of original awards. (1937, c. 288, s. 49.)

§ 108-63.1. Supervision of assistance in certain cases.—Whenever a county board of welfare determines that the recipient of assistance payments granted under the provisions of Part 2 of this article, entitled the Aid to Dependent Children Act, has not used said assistance to provide food, shelter, clothing, household and medical supplies, and other necessities, which are required for the care and support of the dependent child or children who are the intended beneficiaries of the assistance, or of the needy relative with whom such child or children live, then the county welfare board shall enter an order requiring the county superintendent of public welfare to supervise the expenditure of such assistance payments by the recipient, to cause such assistance to be used for the aforementioned necessities, and the superintendent shall comply with said order. Said supervision may include conferences with the recipient, preparation of monthly budgets for the recipient, requiring reporting on such expenditures by the recipient, and otherwise directing the expenditure of the assistance in accordance with such budgets.

Following the entry of the order requiring the superintendent to supervise the expenditure of the assistance, the county board of welfare shall cause notice thereof to be served on the recipient. If the recipient objects to the order, he may appear at the next meeting of the board held not less than five days after service of notice of the order upon the recipient, and, in such event, the superintendent shall not begin the supervision of the expenditures of the assistance until further order by the board. If, after hearing the recipient, the board reaffirms the order directing the superintendent to supervise the expenditures of assistance, the recipient may appeal therefrom to the State Board of Allotments and Appeal, in the manner and form prescribed by the Board of Allotments and Appeal.

The Board of Allotments and Appeal shall, upon receipt of such appeal, give the recipient and the county board of welfare reasonable notice and opportunity for a fair hearing. The decision of the State Board of Allotments and Appeal shall be final. In the event of such appeal, the order directing the superintendent to supervise the expenditures of assistance shall not be operative unless and until the State Board of Allotments and Appeal determines that the county board of welfare properly entered such order in accordance with the provisions of the section.

The county board of welfare may, at any time, rescind or terminate the order requiring the county welfare superintendent to supervise the expenditure of assistance. The supervision of expenditures provided in this section shall continue until the order is terminated by the county welfare board. (1959, c. 668, s. 1.)

Editor's Note.—Section 2 of the act inserting this section provides: "In the event that the Secretary of Health, Education, and Welfare notifies the State Board of Public Welfare that further payments of federal funds to the State of North Carolina for aid to dependent children will not be made because the procedures provided by this act are prohibited by the

Social Security Act, as amended, or by other applicable federal statutes, or by proper and authorized regulations having the force and effect of law, then and in that event no county board of welfare or county superintendent of public welfare shall take any further action pursuant to the provisions of this act."

§ 108-64. Removal to another county.—Any resident who moves to another county and continues to have such dependent children in custody in this State shall be entitled to receive assistance in the county to which he has moved, and the county welfare superintendent of the county from which he has moved shall transfer all necessary records relating to the recipient to the county welfare superintendent of the county to which he has moved. The county from which the recipient moves shall pay the assistance for a period of three months following such removal, and thereafter assistance shall be paid by the county to which such recipient has moved. (1937, c. 288, s. 50; 1943, c. 505, s. 7.)

Editor's Note. — The 1943 amendment substituted the words "county welfare superintendent" for the former words referring to the board of county commissioners. It also struck out the former second paragraph.

§ 108-65. Procedure preliminary to allotments and county taxation; investigation and report.—It shall be the duty of the county welfare boards to make diligent investigation within the county and obtain and record statistical and other information concerning dependent children in the county entitled to assistance under this article, and to keep such information compiled in convenient accessible form. Therefrom they shall, annually, on or before the first day of May, compile and make a report to the board of county commissioners, for their better information and guidance, which report shall contain a concise statement or estimate of the total amount necessary to be expended within the county to carry out the provisions of this article for the next ensuing fiscal year, accompanied by such supporting data as the State Board of Allotments and Appeal may require. Such reports shall be made on forms furnished by the State Board or in compliance with the rules and regulations of said State Board. A copy thereof shall be immediately forwarded to the State Board.

Upon the information so furnished, and such other information as may be available, or may be obtained upon such further investigation as the board of commissioners may see proper to make, the board of commissioners shall make a careful estimate of the amount necessary to be expended within the county for the purpose of this article for the ensuing fiscal year, and, separately stated, the amount necessary to be raised by county taxation. The board of county commissioners shall, on or before the first day of May, make a report to the State Board of Allotments and Appeal, which report shall contain the said estimates, with supporting data, in such form and detail as the Board of Allotments and Appeal may require. (1937, c. 288, s. 51; 1943, c. 505, s. 8.)

Editor's Note. — The 1943 amendment substituted "May" for "April" in the second sentence of the second paragraph.

§ 108-66. Allocation of funds.—As soon as may be practicable after receiving the said reports, and before the time for the annual levy of taxes in the respective counties, the State Board of Allotments and Appeal shall proceed to ascertain and determine the amount of State and federal funds available for dis-

bursement in the counties for the purposes of this article for the next ensuing fiscal year. The Board shall, at the same time, determine the amounts to be raised in each of the respective counties by taxation to supplement the State and federal funds allotted to such county. The allotment of State and federal funds to any county shall not exceed three times the amount to be raised in said county by local taxation, except as provided in § 108-73.

The determination of such amount by the Board of Allotments and Appeal shall be final and binding upon the several counties respectively, and shall be a part of the county budget. The county commissioners shall, at the time of levying other taxes, levy and impose upon all the taxable subjects within the county a tax sufficient to produce such amount; and the same shall be collected as other taxes.

The proceeds of such taxes shall be kept in a separate fund in the county treasury, and shall be subject to the provisions of the Local Government Act with respect to depository security and control, and shall be used only for the purposes of this article. It shall be the duty of the Board of Allotments and Appeal to inquire into the condition of the said fund from time to time and to require that such protection be afforded the funds as occasion may demand. The funds shall be disbursed for the purposes of this article on warrants drawn on the county treasurer or other designated county officials where there is no county treasurer, signed by the secretary of the county welfare board, countersigned by the county auditor and chairman of the welfare board, for payments of grants to recipients:

Provided, that in the event any temporary vacancy should exist in the office of county welfare superintendent or in the office of chairman of the county welfare board, the signature of either remaining officer together with that of the county auditor shall be sufficient for the disbursement of such funds. Warrants shall be drawn under this article for administrative purposes in accordance with the County Fiscal Control Act. (1937, c. 288, s. 52; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1; 1955, c. 310, s. 2.)

Editor's Note. — The 1939 amendment changed the last sentence of the section. The 1941 amendment substituted the words "three times" for "twice" in the last sentence of the first paragraph. And the 1945 amendment added the proviso at the end of the section.

The 1955 amendment struck out "both" formerly appearing before the word "payments" in line ten of the third paragraph, and struck out the words "and for administrative purposes" formerly appearing at end of said paragraph. It also added the last sentence of the fourth paragraph.

§ 108-67. Administration expenses.—The State Board of Allotments and Appeal shall annually allocate to the several counties of the State the sum provided by the federal government under the Social Security Act for payment of administrative expenses. Any amounts in excess of said allotments to the several counties, which are necessary to the proper administration of the public welfare program by the several counties, shall be determined by the State Board of Allotments and Appeal upon budgets submitted to said Board by the county welfare boards in each county. Said determination shall be made on or before the first day of June in each year.

After being so determined, an amount not to exceed one half of such costs shall be allocated and paid to the respective counties by the State Board of Allotments and Appeal from the appropriation made by the State for aid to county administration. The balance of said county administrative expenses shall be paid by the respective counties. The State Board of Allotments and Appeal shall, on or before the first day of June in each year, notify the board of county commissioners in each county as to the amount of administrative expenses such county is required to provide, and upon receipt of such notice, it shall be mandatory upon each county that taxes shall be levied within said county to provide for the payments of such part of such county's administrative expenses. (1937, c. 288, s. 53; 1941, c. 232; 1943, c. 505, s. 9; 1945, c. 615, s. 1.)

Editor's Note. — The 1943 amendment the total amount of benefit payments to be struck out the words "in accordance with" paid in each county for aid to dependent

children therein," formerly appearing after the word "State" in line two of the first paragraph.

The 1945 amendment substituted in the first paragraph the words "the public welfare program" for the words "this article,"

and rewrote the first two sentences of the second paragraph.

§ 108-68. Transfer of State and federal funds to the counties.—The aid to dependent children fund shall be drawn out on the warrant of the State Auditor, issued upon order of the State Board, evidenced by the signature of the Commissioner of Welfare. Quarterly, and oftener, if in the sound judgment of the State Board it may be necessary, the State Board shall transfer to the several counties such part of the county allotment as may be necessary for disbursement in such county, in connection with county-raised funds for a reasonable period. Before transferring said funds the State Board may, in its discretion, require that the county shall certify, through its auditor or fiscal agent, that sufficient county funds are on hand to pay the county quota of disbursement corresponding to the amount of State funds to be so transferred. The State Board of Allotments and Appeal is authorized, in its discretion, to transfer to any county for the first quarter in any fiscal year an amount sufficient to pay in full the awards approved in such county, one fourth of said amount being advanced to the county in anticipation of the collection of taxes. Such amount so advanced shall be deducted from allotments thereafter to be made to such county within the fiscal year.

The funds so transferred shall go into the county aid to dependent children fund, and be subject to all the provisions of the Local Government Act as to custody and depository protection; and the State Board may require such additional protection to such funds as they may deem proper.

When in the judgment of the State Board the disbursement of funds in the counties to recipients entitled to assistance is being unduly delayed, or the payments to such recipients jeopardized, the State Board may require, as a condition for the allotment or transmission of any funds to the county for disbursement, that such awards shall be promptly paid, and may withhold the funds from such counties until satisfied that the awards are being paid with promptness and certainty. When in its judgment the public interest may require and the funds collected in the county for disbursement hereunder may be better protected, and greater promptness and certainty may be secured in payment of awards to recipients entitled to receive same, the State Board may demand and require that the funds raised by taxation in any county be transmitted to the Treasurer of the State, subject to disbursement under such rules and regulations as the State Board may adopt. Immediately upon notice to the board of county commissioners of the county affected, and to the officials of the said county having any such funds in custody, such board of county commissioners and officials shall immediately transfer all of such funds and pay over the same to the State Treasurer for disbursement, under the rules and regulations aforesaid. (1937, c. 288, s. 54; 1937, c. 405; 1943, c. 505, s. 10.)

Editor's Note. — The 1943 amendment substituted "one fourth" for "one third" in the next to last sentence of the first paragraph.

§ 108-69. Accounts and reports from county officers.—The boards of county commissioners shall cause proper accounts to be kept of the receipts and disbursements under this article, and shall make a quarterly report to the State Board in detail, showing such receipts and the persons to whom disbursements have been made, and the amount thereof. Such reports may be required by the State Board as often as may be deemed necessary. The accounts shall at all times be open to inspection by the State Board and its authorized auditors, supervisors, and deputies. (1937, c. 288, s. 55.)

§ 108-70. Further powers and duties of State Board.—The State Board is authorized and directed to make such reports as may be required by the

federal government under the Social Security Act; to keep the funds received from the federal government in such manner and in such account, and cause the same to be disbursed as may be required by such federal administrative authority, notwithstanding any provisions hereof; and the provisions of this article with respect to the handling, disbursement of federal funds, where contrary to the rules and regulations of federal authority, shall be deemed directory only, so that such rules and regulations shall prevail; but otherwise they shall be mandatory. (1937, c. 288, s. 56.)

§ 108-71. **Fraudulent acts made misdemeanor.**—Whoever knowingly obtains, or attempts to obtain, or aids or abets any person to obtain by means of willfully false statement or representation or by impersonation, or other fraudulent device, assistance to which he is not entitled, or assistance greater than that to which he is justly entitled, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined or imprisoned, or both, at the discretion of the court. (1937, c. 288, s. 57.)

§ 108-72. **Limitations of article.**—All assistance granted under this article shall be deemed to be granted and to be held subject to the provisions of any amending or repealing act that may hereafter be passed, and no recipient shall have any claim for compensation, or otherwise, by reason of his assistance being affected in any way by any amending or repealing act. (1937, c. 288, s. 58.)

§ 108-73. **Equalizing fund.**—The State Board of Allotments and Appeal is authorized and directed to set apart and reserve out of the appropriation authorized to be made by the State under § 108-23, relating to old age assistance, and under § 108-52, relating to aid to dependent children, such an amount of said funds appropriated by the State to the respective funds as shall be found by the State Board of Allotments and Appeal to be necessary for the purpose of equalizing the burden of taxation in the several counties of the State, and the benefits received by the recipients of awards under this article, and such amount shall be expended and disbursed solely for the use and benefit of needy aged persons and dependent children coming within the eligibility provisions of this article. Said amount shall be distributed to the counties according to the needs therein in conformity with the rules and regulations adopted by the State Board of Allotments and Appeal, producing, as far as practicable, a just and fair distribution thereof: Provided, however, that no county shall be entitled to share in such equalizing fund unless the rate of tax necessary to be levied in such county for the purposes of this article is in excess of ten cents on the one hundred dollar valuation of taxable property therein: Provided further, the State Board of Allotments and Appeal shall not allot to any county from such equalizing fund more than three fourths of the cost to such county in excess of the amount produced in such county by a levy and collection of a tax rate of ten cents on the one hundred dollar valuation of taxable property therein.

After determining the amount to be allotted to any county from such equalizing fund, the State Board of Allotments and Appeal shall determine the amount to be raised in such county by taxation to supplement the State and federal funds allotted to said county as in this article otherwise provided, and it shall be mandatory upon the boards of county commissioners in the several counties to annually levy taxes in accordance therewith. (1937, c. 288, s. 62; 1943, c. 505, s. 11.)

Editor's Note. — The 1943 amendment referred to in the first sentence which had called for a change in the second number already been made upon codification.

Part 3. General Assistance.

§ 108-73.1. **Establishment of relief.**—The care and relief of all persons who are in need and who are unable to provide for themselves is a legitimate obligation of government which cannot be ignored or avoided without injustice to

such persons and serious detriment to the purposes of organized society. Such care and relief is hereby declared to be a matter of State concern and necessary to promote the public health and welfare. In order to provide such care and relief at public expense, to the extent that the same may be proper, with due regard to State and county revenues and with due regard for other necessary objects of public expenditure, a State-wide system of general assistance is hereby established, to operate with due regard to the varying living conditions and the financial, physical, and other conditions of the recipient of such assistance. (1949, c. 1038, s. 2.)

§ 108-73.2. Acceptance of federal grants in aid; Part liberally construed.—The State Board of Public Welfare is hereby authorized to accept any grants in aid for general assistance which may be made available to the State by the federal government and the provisions of Part 3 of this article shall be liberally construed in order that the State and its needy citizens may benefit fully from such grants in aid. (1949, c. 1038, s. 2.)

§ 108-73.3. Assistance defined.—Assistance as herein used means money payments to a needy individual or payments for medical care in behalf of such needy individual. (1949, c. 1038, s. 2; 1951, c. 1098, s. 5.)

Editor's note. — The 1951 amendment rewrote this section.

§ 108-73.4. Eligibility.—Assistance may be granted to any person who:

- (1) Is unable to earn a sufficient income and is without any resources to provide a subsistence compatible with decency and health; and
- (2) Is not an inmate of any public institution at the time of receiving assistance.

Applications for general assistance shall be made to the county superintendent of public welfare who by and with the approval of the county welfare board shall determine whether aid is to be granted and the amount thereof.

The amount of assistance which any eligible person may receive shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions existing in each case, and in accordance with the rules and regulations of the State Board of Public Welfare. Insofar as funds will permit, such assistance shall be sufficient when added to all other income and resources to provide such person with a reasonable subsistence compatible with decency and health, but the principle of equitable treatment shall be followed in each county as provided in the rules and regulations of the State Board of Public Welfare. Assistance may be granted to any person or for any purpose coming within the provisions of this section and the rules and regulations of the State Board of Public Welfare not inconsistent herewith, although such person or purpose may not come within federal requirements governing the use of federal grants in aid for general assistance purposes. Applications for general assistance shall be handled in the manner prescribed by the rules and regulations of the said Board. (1949, c. 1038, s. 2.)

§ 108-73.5. State General Assistance Fund.—A fund shall be created to be known as the "State General Assistance Fund." This Fund shall be created by appropriations made by the General Assembly and such grants as may be received from the federal government for this purpose. Such Fund shall be used exclusively for assistance to needy persons found to be eligible in accordance with the provisions of Part 3 of this article and the rules and regulations of the State Board of Public Welfare not inconsistent therewith.

The Treasurer of the State of North Carolina is hereby made ex officio Treasurer of the State General Assistance Fund herein established, including therein such grants in aid for general assistance as may be received from the federal government for administration and distribution in this State; and the said Treas-

urer is hereby designated as the proper officer to receive grants in aid from the federal government. The Treasurer shall keep the funds in a separate account, to be known as the "State General Assistance Fund," and shall be responsible therefor on his official bond; and the said funds shall be protected by proper depository security as other State funds. The said funds shall be disbursed for the purposes of this article on warrants drawn on the county treasurer or other designated county officials where there is no county treasurer, signed by the superintendent of public welfare, countersigned by the county auditor, for payments of grants to recipients: Provided, that in the event any temporary vacancy should exist in the office of county welfare superintendent, the signature of the chairman of the county welfare board together with that of the county auditor shall be sufficient for the disbursement of such funds. Warrants shall be drawn under this article for administrative purposes in accordance with the County Fiscal Control Act. (1949, c. 1038, s. 2; 1955, c. 310, s. 3.)

Editor's Note. — The 1955 amendment struck out the word "both" formerly appearing before the word "payments" in the third sentence of the second paragraph. It also struck out the words "and for ad-

ministrative purposes" formerly appearing immediately before the proviso to the third sentence and added the last sentence of the section.

§ 108-73.6. Allotment and transfer of federal and State funds to the counties.—Allotments shall be made annually by the State Board of Allotments and Appeal, created by § 108-33, in the manner prescribed in §§ 108-36 and 108-37: Provided, that no participating county shall receive from the State General Assistance Fund during any fiscal year less than ten per cent (10%) or more than fifty per cent (50%) of the total expenditures for general assistance as herein defined until such time as federal grants in aid for general assistance are available to the State.

When federal funds are available to North Carolina for general assistance, the State Board of Allotments and Appeal shall allot annually to each county from the State General Assistance Fund any proportion of the total amount to be expended for such purpose that the amount of federal and State funds available will permit: Provided that no county shall receive from such federal and State funds during any fiscal year more than ninety per cent (90%) of the total expenditures for general assistance.

It is the purpose of the General Assembly that the allotments herein provided for shall be used by the counties entitled thereto solely as supplementary funds to increase the general assistance being provided, and no allotment shall be used, directly or indirectly, to replace county appropriations or expenditures.

State and federal funds shall be transferred to the counties as prescribed in § 108-39 of the General Statutes of North Carolina and all provisions of that section shall apply to general assistance funds, except that all funds so transferred shall be deposited in the county general assistance fund. (1949, c. 1038, s. 2.)

§ 108-73.7. Assistance not assignable.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal processes, or to the operation of any bankruptcy or insolvency law. (1949, c. 1038, s. 2.)

§ 108-73.8. Accounts and reports from county officers.—The boards of county commissioners shall cause proper accounts to be kept of the receipts and disbursements under this article, and shall make a quarterly report to the State Board of Public Welfare in detail, showing such receipts and the persons to whom disbursements have been made, and the amount thereof. Such reports may be required by the State Board of Public Welfare as often as may be deemed necessary. The accounts shall at all times be open to inspection by the State Board of Public Welfare and its authorized auditors, supervisors and deputies. (1949, c. 1038, s. 2.)

§ 108-73.9. Further powers and duties of State Board.—The provisions of § 108-28 shall apply to Part 3 of this article. The State Board of Public Welfare is authorized and directed to make such reports as may be required by the federal government under the Social Security Act; to keep the funds received from the federal government in such manner and in such account, and cause the same to be disbursed as may be required by such federal administrative authority, notwithstanding any provisions hereof; and the provisions of this article with respect to the handling and disbursement of federal funds, where contrary to the rules and regulations of federal authority, shall be deemed directory only, so that such rules and regulations shall prevail; but otherwise they shall be mandatory. (1949, c. 1038, s. 2.)

§ 108-73.10. Participation permissive; effect of federal grants.—The general assistance program herein established shall be administered as provided for in the rules and regulations of the State Board of Public Welfare, except that no county shall be granted any allotment from the State General Assistance Fund nor shall be subject to provisions of Part 3 of this article unless its consent be given in the manner prescribed by the rules and regulations of the State Board of Public Welfare: Provided, that in the event federal general assistance grants shall be made available to the State upon condition that each county thereof participate in the general assistance program, then and in that event all of the provisions of Part 3 of this article shall apply to and become mandatory upon every county. (1949, c. 1038, s. 2.)

§ 108-73.11. County fund for aid to the permanently and totally disabled.—Annually, at the time other taxes are levied in each of the several counties of the State, there may be levied and imposed a special tax not to exceed five cents (5c) per one hundred dollars (\$100.00) assessed valuation for the purpose of raising such an amount as shall be determined necessary by the respective boards of county commissioners of the State for the program of aid to the permanently and totally disabled to supplement the State and federal funds available for expenditure in said county for aid to the permanently and totally disabled. The amount so ascertained shall be an obligation of the county, and the taxes imposed shall be collectible as are other taxes, and it shall be understood that the said tax is levied for a special purpose. The taxes collected from such levy shall be deposited to the credit of the county aid to the permanently and totally disabled fund. The levy of the special tax herein provided for shall be permissive and the requirement under this article that the several counties annually levy and impose taxes to provide for such amounts as such counties are required to pay for aid to the permanently and totally disabled shall be construed to mean that such counties may provide the sums to be raised by them from any sources of county income or revenue (including borrowing in anticipation of collection of taxes) which may be available for use for such purposes by such counties. (1953, c. 891.)

§ 108-73.12. Appropriation not to lapse.—No appropriation for aid to the permanently and totally disabled shall lapse or revert, but the unexpended balance may be considered in making further appropriations. Any proceeds of county taxation for aid to the permanently and totally disabled remaining unexpended shall be taken into account in determining the amount to be raised by taxation during the ensuing fiscal year, but shall not be used for any purpose not authorized by this article: Provided, that if at any time during any fiscal year it appears to be necessary and feasible, the county may transfer a portion of the amount raised by the county for any one of the three assistance programs (old age assistance, aid to dependent children, and aid to the permanently and totally disabled) to the county fund maintained for any one of the other two assistance programs named herein. (1953, c. 891.)

Part 4. Hospitalization of Assistance Recipients.

§ 108-73.13. **Establishment of fund.**—In order to achieve economy and efficiency in the hospitalization of assistance recipients the State Board of Public Welfare is authorized and empowered to establish a special fund for the hospitalization of recipients of old age assistance, aid to dependent children, and aid to the permanently and totally disabled, and to establish reasonable rules and regulations necessary to carry out the provisions of Part 4 of this article. The fund shall be known as "The State Fund for the Hospitalization of Assistance Recipients," hereinafter referred to as the fund. Disbursement from the fund shall be made only for the purpose of providing necessary hospital care for recipients, and their spouses when such spouses are included in the assistance budget group, of old age assistance, aid to dependent children, and aid to the permanently and totally disabled. Any balance in the fund at the end of any fiscal year and at the end of any biennium shall remain in the fund and shall not expire or revert. (1955, c. 969.)

§ 108-73.14. **Determination of rate per recipient; payments into fund.**—The fund shall consist of amounts paid monthly into the fund on behalf of each recipient of old age assistance, aid to dependent children, and aid to the permanently and totally disabled out of monies appropriated to the State Board of Public Welfare for this purpose; monthly payments for each county for such recipients through deductions made by the State Board of Public Welfare from State funds due the county for assistance purposes; and federal matching funds paid to the State for each assistance category. The rate per recipient of monthly payments into the fund shall be fixed from time to time by the State Board taking into consideration costs of hospitalization, the number of persons covered, the extent of hospitalization of such persons, and the availability of State funds. After the recipient rates have been determined, the portion of such rates to be paid from federal matching funds shall be computed. Payment of the balance of such rates shall be borne equally by the State and the several counties. (1955, c. 969.)

§ 108-73.15. **Extent of payment for hospitalization.**—Persons eligible as hereinabove provided shall be entitled to have the costs of necessary hospitalization paid out of the fund, in such amounts, and to the extent and in the manner determined from time to time to be feasible pursuant to the rules and regulations established by the State Board. Such rules and regulations shall be established on the basis of money available for the purpose, the number of assistance recipients, the experience with respect to the incidence of illness, disease, accidents, and other reasons among such recipients, causing them to require hospitalization and the costs thereof, the amounts which recipients require otherwise in order to maintain a subsistence compatible with decency and health, and any other similar factors considered relevant by the State Board. (1955, c. 969.)

§ 108-73.16. **Custody and receipt of funds.**—The Treasurer of the State of North Carolina is hereby made ex officio treasurer of "The State Fund for the Hospitalization of Assistance Recipients" herein established. The fund thus established is hereby made an irrevocable trust and all payments into the fund are irrevocable except upon repeal of this article as provided in G. S. 108-76. The Treasurer shall keep the fund in a separate account and shall be responsible therefor on his official bond; and the said fund shall be protected by proper depository security as are other State funds. The said fund shall be drawn upon and disbursed as hereinafter provided. (1955, c. 969.)

§ 108-73.17. **Disbursement.**—Claims for the cost of hospitalization shall be submitted by the county superintendent of public welfare to the State Board

of Public Welfare, in accordance with the rules and regulations of the State Board. Payments from the fund shall be made only to hospitals licensed by the North Carolina Medical Care Commission, or licensed or approved according to the laws of another state, on warrants drawn on "The State Fund for the Hospitalization of Assistance Recipients" upon order of the State Board of Public Welfare evidenced by the signature of the Commissioner of Public Welfare. (1955, c. 969; 1959, c. 180.)

Editor's Note. — The 1959 amendment proved according to the laws of another inserted the words "or licensed or ap- state."

§ 108-73.18. Acceptance of federal grants. — The provisions of the Federal Social Security Act, relating to grants-in-aid to the State for the hospitalization of public assistance recipients, and the benefits thereunder, are hereby accepted and adopted, and the provisions of this article shall be liberally construed in relation to the said Social Security Act, so that the intent to comply therewith shall be made effectual. (1955, c. 969.)

General Provisions.

Except as herein otherwise provided, the salaries and compensation paid to the personnel shall be fixed by the Budget Commission, and the number of salaried persons and employees shall be subject to the approval of the Budget Commission. The organization shall likewise be such as to meet the approval of the Federal Social Security Authority in charge of the old age assistance.

The Board is further authorized to pay ordinary expenses incident to administration, and to fix and pay per diem compensation to members of boards to whom new duties have been given and of whom additional service is required under this article. Such compensation shall be subject to the approval of the Director of the Budget. (1937, c. 288, s. 63.)

(1937, c. 288, s. 63½.)

§ 108-76. Termination of federal aid. — If for any reason there should be a termination of federal aid as anticipated in this article, then and in that event

In the event that this article should be ipso facto repealed as herein provided, the State funds on hand shall be converted into the general fund of the State for such use as may be authorized by the Director of the Budget, and the county funds accumulated by the provisions of this article in the respective counties of the State shall be converted into the general fund of such counties for such use as may be authorized by the county commissioners. § 108-76.3. Personal representatives for recipients of assistance; appointment authorized; procedure; removal; costs; appeals.—If any otherwise qualified applicant for or recipient of old age assistance, aid to the permanently and totally disabled, or general assistance, or payee in the case of aid to dependent children, is or shall become unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, or, in the case of aid to dependent children, the payment is not being used for the children, a petition may be filed by the superintendent of public welfare before the appropriate court under § 108-76.4, in the form of a verified written application for the appointment of a personal representative for the purpose of receiving and managing public assistance payments for any such recipient or payee, which application shall allege one or more of the above grounds for the legal appointment of such personal representative.

The court shall summarily order a hearing on the petition and shall cause the applicant or recipient to be notified at least five days in advance of the time and place for the hearing. Findings of fact shall be made by the court without a jury, and if the court shall find that the applicant for or recipient of old age or general assistance or aid to the permanently and totally disabled or the payee, in the case of aid to dependent children, is unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, or, in the case of aid to dependent children, the payment is not being used for the children, the court may thereupon enter an order

embracing said findings and appointing some responsible person as personal representative of the applicant or recipient, or of the payee in the case of aid to dependent children, for the purposes set forth herein. The personal representative so appointed shall serve with or without bond, in the discretion of the court, and without compensation. He will be responsible for receiving the monthly assistance payment and using the proceeds of such payment for the benefit of the recipient of old age or general assistance or aid to the permanently and totally disabled, or in the case of aid to dependent children, for the application of the payment to the best interest of the children. Such personal representative shall be responsible to the court for the faithful discharge of the duties of his trust. The court may consider the recommendation of the superintendent of public welfare in the selection of a suitable person for appointment as personal representative for the limited purposes of §§ 108-76.3 to 108-76.5. The personal representative so appointed may be removed by the court, and the proceeding dismissed, or another suitable personal representative appointed. All costs of court with respect to any such proceedings shall be waived.

From the order of the court appointing or removing such personal representative, an appeal may be had to the judge of superior court who shall hear the matter de novo without a jury. (1959, c. 1239, s. 1.)

The court may, for the purposes of §§ 108-76.3 to 108-76.5, direct the superintendent of public welfare to maintain records pertaining to all aspects of any personal representative proceeding, which the court may adopt as the court's record and in lieu of the maintenance of separate records by the court. (1959, c. 1239, s. 3.)

Editor's Note. — The 1955 amendment substituted the words "needy, dependent, and delinquent" for "needy and dependent." The 1957 amendment substituted "State Board of Public Welfare" for "State Board of Charities and Public Welfare."

§ 108-78. No benefits to children otherwise provided for.—No needy or dependent child shall be eligible for the benefits provided in this article if such child is eligible for benefits provided by Part 2 of article 3 entitled "Aid to Dependent Children." (1937, c. 135, s. 2.)

§ 108-79.3. ARTICLE 5.

Regulation of Organizations and Individuals Soliciting Public Alms.

§ 108-80. Regulation of solicitation of public aid for charitable, etc., purposes.—Except as hereinafter provided in G. S. 108-84, no person, organization, corporation, institution, association, agency or co-partnership except in accordance with provisions of this article shall solicit the public whether by mail, or through agents or representatives or other means for donations, gifts or subscriptions of money and/or of gifts of goods, wares, merchandise or other things of value or to sell or offer for sale or distribute to the public any thing or object whatever to raise money or to sell memberships, periodicals, books or advertising space or to secure or attempt to secure money or donations or other property by promoting any public bazaar, sale, entertainment or exhibition or by any similar means for any charitable, benevolent, health, educational, religious, patriotic

or other similar public cause or for the purpose of relieving suffering of animals unless the solicitation is authorized by and the money or other goods or property is to be given to an organization, corporation, institution, association, agency or co-partnership holding a valid license for such purpose from the State Board of Public Welfare, issued as herein provided. (1939, c. 144, s. 1; 1947, c. 572.)

Editor's Note. — The 1947 amendment For comment on the former enactment, rewrote former §§ 108-80 to 108-90 to appear as present §§ 108-80 to 108-86. see 17 N. C. Law Rev. 333.

§ 108-81. Application for license to solicit public aid.—Any person, organization, corporation, institution, association, agency, or co-partnership wishing to secure a license from the State Board of Public Welfare for the purpose of soliciting the public for any of the aforementioned causes shall file a written application with the State Board of Public Welfare on a form furnished by the said Board setting forth proof of the worthiness of the cause, chartered responsibility, the existence of an adequate and responsible governing board to administer receipts and disbursements of funds, goods, or other property sought, the need of public solicitation, proposed use of funds sought, and a verified report of the operation of such organization, corporation, institution, association, agency or co-partnership for a fiscal period determined by the said State Board, said verified report to show reserve funds and endowment funds as well as receipts and disbursements. (1939, c. 144, s. 1; 1947, c. 572.)

§ 108-82. Issuance of license by State Board of Public Welfare.—If the State Board of Public Welfare after full investigation and careful study of the purpose and functioning of an organization, corporation, institution, association, agency, or co-partnership filing an application for a license to solicit deems such organization, corporation, institution, association, agency or co-partnership a proper one and not inimical to the public welfare and its proposed solicitations to be truly for the purpose set forth in its application and provided for in this article, it shall issue to such organization, corporation, institution, association, agency or co-partnership a license to solicit for its purposes and program for a period not to exceed one year, unless revoked for cause.

The State Board of Public Welfare shall not issue a license to solicit to any such organization, corporation, institution, association, agency or co-partnership which pays or agrees to pay to any individual, corporation, co-partnership or association an unreasonable or exorbitant amount of the funds collected as compensation.

In the event the said Board refuses to issue said license, the organization, corporation, institution, association, agency or co-partnership shall be entitled to a hearing before said Board provided written request therefor is made within fifteen days after notice of refusal is delivered or mailed to the applicant. All such hearings shall be held in the offices of said Board and shall be open to the public. Decisions of said Board shall be mailed to the interested parties within ten days after the hearing.

The State Board of Public Welfare before granting or refusing a license as herein provided shall call upon the State Commission for the Blind, the Division of Vocational Rehabilitation and other divisions of the State Department of Public Instruction, the Bureau of Labor for the Deaf, and the State Board of Health for advice in any situation or cause in which any of the several State agencies named has an interest or responsibility. (1939, c. 144, s. 1; 1947, c. 572.)

§ 108-83. Solicitors and collectors must have evidence of authority and show same on request.—No person shall solicit or collect any contribution in money or other property for any of the purposes set forth in this article without a written authorization, pledge card, receipt form, or other evidence of authority to solicit for a duly licensed organization, corporation, institution, association, agency, or co-partnership for which the donation or contribution is made and

said evidence of authority must be shown to any person on request. Said evidence of authority must be provided by the organization, corporation, institution, association, agency or co-partnership for which the donation or contribution is solicited or by the agency through which the donation or contribution is collected and distributed. (1939, c. 144, s. 2; 1947, c. 572.)

§ 108-84. Organizations, etc., exempted from article.—The provisions of this article shall not apply to any solicitation or appeal made by any church, or religious organization, school or college, fraternal or patriotic organization, or civic club located in this State when such appeal or solicitation is confined to its membership nor shall the provisions of this article apply to any locally indigenous organization, institution, association or agency having its own office, managing board, committee or trustees or chief executive offices located in or residing in a city or county from publicly soliciting donations or contributions within a city and the county or counties in which said city is located or within the county in which such an organization, institution, association or agency is located and operates; provided that nothing in this article shall apply to any solicitation or appeal by any church for the construction, upkeep, or maintenance of the church and its established organization or for the support of its clergy. (1939, c. 144, s. 2a; 1947, c. 572.)

§ 108-85. Regulation and licensing of solicitation of alms for individual livelihood.—It shall be unlawful for an individual to engage in the business of soliciting alms or begging charity for his or her own livelihood or for the livelihood of another individual upon the streets or highways of this State or through door to door solicitations without first securing a license to solicit for this purpose from the State Board of Public Welfare.

Any individual desiring to engage in the business of soliciting alms or begging charity for his or her own livelihood or for the livelihood of another individual as set forth in the first paragraph of this section shall file a written application for a license on a form or forms furnished by the said Board, setting forth his or her own true name and address, his or her correct address or addresses for the past five years, the purpose for which he or she desires to solicit alms, the reason why public solicitation is considered a necessary means to obtain a livelihood or relief from suffering rather than the pursuit of a legitimate trade or the acceptance of benefits provided through the social security measures and funds administered by the federal, State and county governments and any other information which the said Board may deem necessary to carry out the provisions of this article. A copy of the license must be carried by the solicitor while soliciting and must be shown upon request.

The carrying and offering for sale of merchandise by the individual soliciting alms or begging charity shall not exempt the individual so soliciting from the provisions of this article. The State Board of Public Welfare shall call upon the several State agencies named in § 108-82 for advice in issuing a license to an individual in accordance with the provisions of this article. (1947, c. 572.)

Any person who, or organization, corporation, institution, association, agency or co-partnership which, after having conducted a solicitation campaign and obtained funds from such solicitation shall willfully convert or misapply any of

§§ 108-87 to 108-90: Omitted by Session Laws 1947, c. 572.

Editor's Note.—In rewriting this article the 1947 act omitted §§ 108-87 through 108-90, which probably amounts to an implied repeal of these sections. Sections 108-84 and 108-86 now cover the subject

matter of the omitted sections with the exception of § 108-89, which repealed §§ 14-336 through 14-338 so far as in direct conflict with the article.

ARTICLE 1.*Official Bonds.*

§ 109-1. **Irregularities not to invalidate.**—When any instrument is taken by or received under the sanction of the board of county commissioners, or by any person or persons acting under or in virtue of any public authority, purporting to be a bond executed to the State for the performance of any duty belonging to any office or appointment, such instrument, notwithstanding any irregularity or invalidity in the conferring of the office or making of the appointment,

or any variance in the penalty or condition of the instrument from the provision prescribed by law, shall be valid and may be put in suit in the name of the State for the benefit of the person injured by a breach of the condition thereof, in the same manner as if the office had been duly conferred or the appointment duly made, and as if the penalty and condition of the instrument had conformed to the provisions of law: Provided, that no action shall be sustained thereon because of a breach of any condition thereof or any part of the condition thereof which is contrary to law. (1842, c. 61; R. C., c. 78, s. 9; 1869-70, c. 169, s. 16; Code, s. 1891; Rev., s. 279; C. S., s. 324.)

In General.—This section does not have the effect of introducing into an official bond provisions which are not, but ought to have been inserted in the conditions, so as to extend the liabilities of the obligors; but the purpose is to cure certain defects and irregularities in conferring the office and accepting the instrument, and to maintain its validity as an official undertaking, as far as it goes, notwithstanding the penalty or condition may vary from those prescribed by law. *State v. Pool*, 27 N. C. 105 (1844); *State v. McMinn*, 29 N. C. 344 (1847); *State v. Jones*, 29 N. C. 359 (1847); *Commissioners v. Mangin*, 86 N. C. 286 (1882). See also, *Midgett v. Nelson*, 214 N. C. 396, 199 S. E. 393 (1938).

For article concerning contracts and referring generally to this section, see 13 N. C. Law Rev. 65, 76.

Retroactive Operation. — The section had a retroactive operation. *State v. Pool*, 27 N. C. 105 (1844); *State v. Jones*, 29 N. C. 359 (1847).

Official bonds should be liberally construed and any variance in the condition of such an instrument from the provisions prescribed by the law will usually be treated as an irregularity, in view of this section, but this principle does not abrogate the freedom of contract. *Washington v. Trust Co.*, 205 N. C. 382, 171 S. E. 438 (1933).

Nor does this rule preclude the parties from contracting in the bond for liability for a shorter period than the official term of office of the principal. *Washington v. Trust Co.*, 205 N. C. 382, 171 S. E. 438 (1933).

Validity as Common-Law or Voluntary Bonds. — A statutory bond, not duly executed, or not conditioned as required by statute, may be sustained as a common-law or voluntary bond. *Chambers v. Witherspoon*, 10 N. C. 42 (1824); *Justices v. Armstrong*, 14 N. C. 284 (1831); *Justice v. Dozier*, 14 N. C. 287 (1831); *Williams v. Ehringhaus*, 14 N. C. 297 (1831); *Vanhook v. Barnett*, 15 N. C. 268 (1833); *Davis v. Somerville*, 15 N. C. 382 (1834); *State v. McAlpin*, 26 N. C. 140 (1843); *Reid v. Humphreys*, 52 N. C. 258 (1859).

County A. B. C. Board as Obligee.—The

naming of county A. B. C. board as obligee in bond, rather than State, works no limitation of its character as official bond and affords no escape from its obligations as such. *Jordan v. Harris*, 225 N. C. 763, 36 S. E. (2d) 270 (1945).

Name of Constable Omitted. — Where a constable's official bond was signed by the obligors but a blank was left for the name of the constable, the omission was not cured by this section. *Grier v. Hill*, 51 N. C. 572 (1859).

Failure to Register Constable's Bond.—An irregularity, such as want of registration, will not, under this section, invalidate a constable's bond. *Warren v. Boyd*, 120 N. C. 56, 26 S. E. 700 (1897).

Failure to Name Conditions in Sheriff's Bond.—Failure to name conditions required by section 162-8, relating to sheriff's bonds, will not, under this section, invalidate the bond given. *Commissioners v. Sutton*, 120 N. C. 298, 26 S. E. 920 (1897).

Mistake in Name of Ward in Guardian's Bond.—Where, in the order of a county court appointing a guardian, the name Margaret is by mistake inserted as that of the ward instead of Miranda, a bond taken according to the proper requisitions, with the right name recited, will, under the operation of this section, be sustained as an official bond. *Shuster v. Perkins*, 46 N. C. 325 (1854).

No Penalty Named in Guardian's Bond.—Where defendants signed a bond intending to make it the guardian bond of their principal, but there was no penalty named in the bond the same being filled in subsequent to the signature, it was held that this section does not apply, as it is confined to bonds wherein the amount of penalty varies from that fixed by law, being either more or less than the amount. *Rollins v. Ebbs*, 137 N. C. 355, 49 S. E. 341 (1904); *Rollins v. Ebbs*, 138 N. C. 140, 50 S. E. 577 (1905).

Who May Sue. — The chairman of a board of fence commissioners, although not named in the tax collector's bond, may bring suit on the same under this section, when the latter fails to pay the money collected for the erection of fences.

Speight v. Staton, 104 N. C. 44, 10 S. E. 86 (1889).

Where a register of deeds issued a license for the marriage of a girl under eighteen without the consent of her father,

the father is the person injured within the meaning of this section. Joyner v. Roberts, 112 N. C. 111, 16 S. E. 917 (1893).

Cited in Barnes v. Lewis, 73 N. C. 138 (1875).

§ 109-2. Penalty for officer acting without bond.—Every person or officer of whom an official bond is required, who presumes to discharge any duty of his office before executing such bond in the manner prescribed by law, is liable to a forfeiture of five hundred dollars to the use of the State for each attempt so to exercise his office. (R. C., c. 78, s. 8; Code, s. 1882; Rev., s. 278; C. S., s. 325.)

§ 109-3. Condition and terms of official bonds.—Every clerk, treasurer, sheriff, coroner, register of deeds, surveyor, and every other officer of the several counties who is required by law to give a bond for the faithful performance of the duties of his office, shall give a bond for the term of the office to which such officer is chosen. (1869-70, c. 169; 1876-7, c. 275, s. 5; Code, s. 1874; 1895, c. 207, s. 4; 1899, c. 54, s. 54; Rev., s. 308; C. S., s. 326.)

Stated in Moffitt v. Davis, 205 N. C. 565, 172 S. E. 317 (1934).

§ 109-4. When county may pay premiums on bonds.—In all cases where the officers or any of them named in § 109-3 are required to give a bond, the county commissioners of the county in which said officer or officers are elected are authorized and empowered to pay the premiums on the bonds of any and all such officer or officers. The board of commissioners of any county are further authorized and empowered to require individual or blanket bonds for any or all assistants, deputies or other persons regularly employed in the offices of any such county officer or officers, such bond or bonds to be conditioned upon faithful performance of duty, and, in the event of such requirement, to pay the premiums on such individual or blanket bonds. (1937, c. 440; 1953, c. 799.)

Local Modification.—Currituck: 1943, c. 269.

“and the said officer or officers are paid by a set or fixed salary”, and added the second sentence.

Editor's Note. — The 1953 amendment deleted from the first sentence the words

§ 109-5. Annual examination of bonds; security strengthened.—The bonds of the officers named in § 109-3 shall be carefully examined on the first Monday in December of every year, and if it appears that the security has been impaired, or for any cause become insufficient to cover the amount of money or property or to secure the faithful performance of the duties of the office, then the bond shall be renewed or strengthened, the insufficient security increased within the limits prescribed by law, and the impaired security shall be made good; but no renewal, or strengthening, or additional security shall increase the penalty of said bond beyond the limits prescribed for the term of office. (1869-70, c. 169; 1876-7, c. 275, s. 5; Code, s. 1874; 1895, c. 207, s. 4; 1899, c. 54, s. 54; Rev., s. 308; C. S., s. 327.)

§ 109-6. Effect of failure to renew bond.—Upon the failure of any such officer to make such renewal of his bond, it is the duty of the board of commissioners, by an order to be entered of record, to declare his office vacant, and

to proceed forthwith to appoint a successor, if the power of filling the vacancy in the particular case is vested in the board of commissioners; but if otherwise, the said board shall immediately inform the proper person having the power of appointment of the fact of such vacancy. (1869-70, c. 169, s. 2; Code, s. 1875; Rev., s. 309; C. S., s. 328.)

§ 109-7. Justification of sureties.—Every surety on an official bond required by law to be taken or renewed and approved by the board of commissioners shall take and subscribe an oath before the chairman of the board or some person authorized by law to administer an oath, that he is worth a certain sum (which shall be not less than one thousand dollars) over and above all his debts and liabilities and his homestead and personal property exemptions, and the sum thus sworn to shall in no case be less in the aggregate than the penalty of the bond. But nothing herein shall be construed to abridge the power of the said board of commissioners to require the personal presence of any such surety before the board when the bond is offered, or at such subsequent time as the board may fix, for examination as to his financial condition or other qualifications as surety. (1869-70, c. 169, s. 3; 1879, c. 207; Code, s. 1876; 1889, c. 7; 1891, c. 385; 1901, c. 32; Rev., s. 310; C. S., s. 329.)

Purpose — Contribution. — The intentment of this section was to provide a statement under oath to show the solvency of the sureties and afford information to the county commissioners under like sanction that the aggregate amount of the bond equaled the penalty required, and does not

affect the doctrine of contribution as it relates to the rights of the sureties to contribution between themselves. *Commissioners v. Dorsett*, 151 N. C. 307, 66 S. E. 132 (1909).

§ 109-8. Compelling justification before judge; effect of failure.—When oath is made before any judge of the superior court by five respectable citizens of any county within his district that after diligent inquiry made they verily believe that the bond of any officer of such county, which has been accepted by the board of commissioners, is insufficient either in the amount of the penalty or in the ability of the sureties, it is the duty of such judge to cause a notice to be served upon such officer requiring him to appear at some stated time and place and justify his bond by evidence other than that of himself or his sureties. If this evidence so produced fails to satisfy the judge that the bond is sufficient, both in amount and the ability of the sureties, he shall give time to the officer not exceeding twenty days, to give another bond, fixing the amount of the new bond, when there is a deficiency in that particular. And upon failure of the said officer to give a good bond to the satisfaction of the judge within the twenty days, the judge shall declare the office vacant, and if the appointment be with himself, he shall immediately proceed to fill the vacancy; and if not, he shall notify the persons having the appointing power that they may proceed as aforesaid. (1874-5, c. 120; Code, s. 1885; Rev., s. 316; C. S., s. 330.)

§ 109-9. Successor bonded; official bonds considered liabilities.—The person so appointed shall give bond before the judge, and the bond so given shall in all respects be subject to the requirements of the law in relation to official bonds; and all official bonds shall be considered debts and liabilities within the meaning of § 109-7. (1874-5, c. 120, s. 2; Code, s. 1886; Rev., s. 317; C. S., s. 331.)

§ 109-10. Judge to file statement of proceedings with commissioners.—When a vacancy is declared by the judge, he shall file a written statement of all his proceedings with the clerk of the board of commissioners, to be recorded by him. (1874-5, c. 120, s. 3; Code, s. 1887; Rev., s. 318; C. S., s. 332.)

§ 109-11. Approval, acknowledgment and custody of bonds.—The approval of all official bonds taken or renewed by the board of commissioners shall be recorded by their clerk. Every such bond shall be acknowledged by the parties thereto or proved by a subscribing witness, before the chairman of the board of commissioners, or before the clerk of the superior court, registered in the register's office in a separate book to be kept for the registration of official bonds, and the original bond, with the approval of the commissioners endorsed thereon and certified by their chairman, shall be deposited with the clerk of the superior court, except the bond of said clerk, which shall be deposited with the register of deeds, for safekeeping. Provided that an official bond executed as surety by a surety company authorized to do business in this State need not be acknowledged upon behalf of the surety when such bond is executed under seal in the name of the surety by an agent or attorney in fact by authority of a power of attorney duly recorded in the office of the register of deeds of such county and such bond may be recorded by the register of deeds without an order of probate entered by the clerk of the superior court. (1869-70, c. 169, s. 4; 1879, c. 207, s. 2; Code, s. 1877; Rev., s. 311; C. S., s. 333; 1957, c. 1011.)

Editor's Note. — The 1957 amendment added the proviso.

§ 109-12. Clerk records vote approving bond; penalty for neglect.—It is the duty of the clerk of the board of commissioners to record in the proceedings of the board the names of those commissioners who are present at the time of the approval of any official bond, and who vote for such approval. Every clerk neglecting to make such record, besides other punishment, shall forfeit his office. Any commissioner may cause his written dissent to be entered on the records of the board. (1790, c. 327, P. R.; 1809, c. 777, P. R.; R. C., c. 78, s. 7; 1869-70, c. 169, ss. 5, 8; Code, ss. 1878, 1881; Rev., s. 312; C. S., s. 334.)

Editor's Note.—This section serves to show the light in which individual responsibility is regarded by the legislature. See *Rawls v. Deans*, 11 N. C. 299 (1826).

§ 109-13. When commissioner liable as surety.—Every commissioner who approves an official bond, which he knows to be, or which by reasonable diligence he could have discovered to have been, insufficient in the penal sum, or in the security thereof, shall be liable as if he were a surety thereto, and may be sued accordingly by any person having a cause of action on said bond. (1869-70, c. 169, s. 6; Code, s. 1879; Rev., s. 313; C. S., s. 335.)

Supplements § 162-12. — This section supplements and somewhat extends the provision of § 162-12, relating to the liability of sureties on a sheriff's bond. *Hudson v. McArthur*, 152 N. C. 445, 67 S. E. 995 (1910).

Liable to All Persons Injured. — Construing this section and § 153-9 together, it is held that the county commissioners may be held individually liable by a person sustaining loss by reason of their failure to

perform their ministerial duty of requiring bond of a clerk of the superior court. *Moffitt v. Davis*, 205 N. C. 565, 172 S. E. 317 (1934).

§ 109-14. Record of board conclusive as to facts stated.—In all actions under § 109-13 a copy of the proceedings of the board of commissioners in the particular case, certified by their clerk under his hand and the seal of the county, is conclusive evidence of the facts in such record alleged and set forth. (1869-70, c. 169, s. 8; Code, s. 1881; Rev., s. 314; C. S., s. 336.)

§ 109-15. Person required to approve bond not to be surety.—No member of the board of commissioners, or any other person authorized to take official bonds, shall sign as surety on any official bond upon the sufficiency of which the board of which he is a member may have to pass. (1874-5, c. 120, s. 3; Code, s. 1887; Rev., s. 315; C. S., s. 337.)

ARTICLE 2.

Bonds in Surety Company.

§ 109-16. **State officers may be bonded in surety company.**—All persons who are required to give bond to the State of North Carolina to be received by the Governor or by any department of the State government, in lieu of personal security, may give as security for said bond and for the performance of the duties named in the said bond any indemnity or guaranty company authorized to do business in the State of North Carolina, subject to such regulations as the Governor or department may prescribe, and with power in them to demand additional security at any time. Any person presenting any indemnity or guaranty company as surety shall accompany his bond with a statement of the Insurance Commissioner as to the condition of such company as required by law. (1901, c. 754; Rev., s. 272; C. S., s. 338.)

Construed against Company.—A surety bond shall be construed most strongly against the company and most favorably to its general intent and essential purpose.

Bank v. Fidelity Co., 128 N. C. 366, 38 S. E. 908 (1901), discussing compliance with requirement of notice of default.

§ 109-17. **When surety company sufficient surety on bonds and undertakings.**—A bond or undertaking by the laws of North Carolina required or permitted to be given by a public official, fiduciary, or a party to an action or proceeding, conditioned for the doing or not doing of an act specified therein, shall be sufficient when it is executed or guaranteed by a corporation authorized in this State to act as guardian or trustee, or to guarantee the fidelity of persons holding places of public or private trust, or to guarantee the performance of contracts, other than insurance policies, or to give or guarantee bonds and undertakings in actions or proceedings.

The bond or undertaking of a corporation having such power shall be sufficient, although the law or regulation in accordance with which it is given requires two or more sureties, or requires the sureties to be residents or freeholders. But the clerk of the superior court may exercise his discretion as to accepting such a corporation's surety on the bonds of fiduciaries or parties to actions or proceedings. (1895, c. 270; 1899, c. 54, s. 45; 1901, c. 706; Rev., s. 273; C. S., s. 339.)

Same Liability as an Individual. — A surety corporation allowed by this section to give guardian bonds is held to the same liability on a bond given by it as an individual would be, and is responsible to the ward when the guardian's failure to prop-

erly perform his duties causes loss to the ward's estate. *Roebuck v. National Surety Co.*, 200 N. C. 196, 156 S. E. 531 (1931).

Cited in *Pierce v. Pierce*, 197 N. C. 348, 148 S. E. 438 (1929).

§ 109-18. **Clerk to notify county commissioners of condition of company.**—Each clerk of the superior court shall furnish the chairman of the board of county commissioners of his county with notice of each surety company licensed in this State, and of each surety company whose license has been revoked, in which any officer of the county has been bonded. (Rev., ss. 295, 4803; C. S., s. 340.)

§ 109-19. **Release of company from liability.** — A company executing such bond, obligation or undertaking, may be released from its liability or security on the same terms as are or may be by law prescribed for the release of individuals upon any such bonds, obligations or undertakings. (1899, c. 54, s. 48; Rev., s. 274; C. S., s. 341.)

Getting Off Bond.—Under this section a surety company can be released from its liability on a bond only by getting off the bond. *Bank v. Fidelity Co.*, 128 N. C. 366, 38 S. E. 908 (1901).

Office.—A surety company is not liable for defalcations committed after the expiration of the term of office to which the bond refers. *Blades v. Dewey*, 136 N. C. 176, 48 S. E. 627 (1904).

Defalcations after Expiration of Term of

§ 109-20. **Company not to plead ultra vires.**—Any company which executes any bond, obligation or undertaking under the provisions of this article is estopped, in any proceeding to enforce the liability which it assumes to incur, to deny its corporate power to execute such instrument or assume such liability. (1899, c. 54, s. 49; 1901, c. 706, s. 1, subsec. 5; Rev., s. 275; C. S., s. 342.)

§ 109-21. **Failure to pay judgment is forfeiture.**—If a surety company against which a judgment is recovered fails to discharge the same within sixty days from the time such final judgment is rendered, it shall forfeit its right to do business in this State, and the Insurance Commissioner shall cancel its license. (1901, c. 706, s. 1, subsec. 5; Rev., s. 275; C. S., s. 343.)

§ 109-22. **On presentation of proper bond officer to be inducted.**—Upon presentation to the person authorized by law to take, accept and file official bonds, of any bond duly executed in the penal sum required by law by the officer chosen to any such office, as principal, and by any surety company, as security thereto, whose insurance or guaranty is accepted as security upon the bonds of United States bonded officials (such insurance company having complied with the insurance laws of the State of North Carolina), or by any other good and sufficient security thereto, such bond shall be received and accepted as sufficient, and the principal thereon shall be inducted into office. (1899, c. 54, s. 53; 1901, c. 706, s. 1, subsec. 5; Rev., s. 276; C. S., s. 344.)

Estoppel to Deny Validity of Bond.—Although the failure of the treasurer to sign a bond was an irregularity under this section, both the treasurer and the surety recognized their liability thereon by offer-

ing a second bond in substitution, and both were estopped to deny the validity of the first bond on the ground of such irregularity. *State v. Inman*, 203 N. C. 542, 166 S. E. 519 (1932).

§ 109-23. **Expense of fiduciary bond charged to fund.**—A receiver, assignee, trustee, committee, guardian, executor or administrator, or other fiduciary required by law to give a bond as such, may include as part of his lawful expenses such sums paid to such companies for such suretyship to the extent of bond premiums actually paid per annum on the account of such bonds as the clerk, judge or court may allow. (1901, c. 706, s. 1, subsec. 5; Rev., s. 277; C. S., s. 345; 1939, c. 382.)

Editor's Note. — The 1939 amendment substituted the words "to the extent of bond premiums actually paid" for the

words "not exceeding one-half of one per cent."

ARTICLE 3.

Mortgage in Lieu of Bond.

§ 109-24. **Mortgage in lieu of bond required to be given.**—An administrator, executor, guardian, collector or receiver, or an officer required to give an official bond, or the agent or surety of such person or officer, may execute a mortgage on real estate, of the value of the bond required to be given by him to the State of North Carolina, conditioned to the same effect as the bond should be, were the same given, with a power of sale, which power of sale may be executed by the clerk of the superior court, with whom said mortgage shall be deposited, upon a breach of any of the conditions of said mortgage, after advertisement for thirty days. (1874-5, c. 103, s. 2; Code, s. 118; Rev., s. 265; C. S., s. 346.)

Mortgage of Intestate's Property. — A mortgage by an administrator on property of his intestate to which the administrator is heir does not comply with an order to increase the bond as such a mortgage does not increase the penalty. *Sellers v. Faulk*, 118 N. C. 573, 24 S. E. 430 (1896).

Failure to Record. — The mortgage or deed in trust permitted by this section, to be given in lieu of an official bond, is, as to proper registration, to be regarded as a mortgage, or deed in trust, and accordingly registered as the law requires, construing the statute strictly, as required;

and its entry upon the records in the clerk's office as a bond, alone, without recording it in its proper place as a mortgage is insufficient to give notice to, or

priority of lien, over a deed of a subsequent purchaser of the land. *Hooper v. Tallassee Power Co.*, 180 N. C. 651, 105 S. E. 327 (1920).

§ 109-25. Mortgage in lieu of security for appearance, costs, or fine.—Any person required to give a bond or undertaking, or required to enter into a recognizance for his appearance at any court, in any criminal proceeding, or for the security of any costs or fine in any criminal action, may also execute a mortgage on real or personal property of the value of such bond or recognizance, payable to the State of North Carolina, conditioned as such bond or recognizance would be required, with power of sale, which power shall be executed by the clerk or justice of the peace in whose court said mortgage is executed, upon a breach of any of the conditions of said mortgage.

Where such mortgage upon real property is executed before a justice of the peace the power of sale shall be enforced by the clerk of the court of the county in which the criminal proceeding is had.

No such mortgage on real property executed for the security for costs or fine shall allow a longer time for payment of said costs or fine than six months from the execution thereof, and no mortgage on personal property a longer time than three months, except in cases of appeal, when the time allowed shall be counted from the date of the final decision in the cause.

All legitimate expenses of sale, which shall only be made after due advertisement according to law, shall be paid out of the proceeds of the sale of the mortgaged property, as shall also the following fees, to wit: For each sale of real property mortgaged under this section the clerk shall receive two dollars, and for each sale of personal property mortgaged under this section the clerk or justice of the peace who enforces the power of sale shall receive one dollar. (1874-5, c. 103, s. 3; Code, s. 120; 1891, c. 425, ss. 1, 2, 3; Rev., s. 266; C. S., s. 347.)

Applicability to Justice's Court.—This section, as it read in the Code of 1883, had no application in courts of justices of the peace. *Comron v. Standland*, 103 N. C. 207, 9 S. E. 317 (1889). Since the decision in this case, however, the section has been amended and the words "or justice of the peace" have been inserted near the end of the first paragraph. Ed. Note.

Foreclosure and Sale.—The clerk of the superior court may foreclose a mortgage on land given by plaintiff to secure costs of his action when the costs are awarded against him, or the clerk may report the matter to the court for a decree of sale by himself, the latter being the better practice to insure a safer title and prevent a needless sacrifice. *Clark v. Fairly*, 175 N. C. 342, 95 S. E. 550 (1918).

When the Superior Court, in term, acting through the presiding judge, has duly

required jurisdiction to decree foreclosure, it is his duty to supervise the sale and see that the land brings a fair price; and when such sale has not been made accordingly, he may set aside the sale, and permit the plaintiff to pay the costs properly chargeable against him. *Clark v. Fairly*, 175 N. C. 342, 95 S. E. 550 (1918).

It is proper for the court to confirm the sale, and possibly it is necessary for him to do so. *Clark v. Fairly*, 175 N. C. 342, 95 S. E. 550 (1918).

A decree of confirmation of the sale of lands to pay the cost of an action under a mortgage given to secure them, under this section, may be set aside by the judge during the term of the superior court at which it was entered. *Clark v. Fairly*, 175 N. C. 342, 95 S. E. 550 (1918).

Cited in *State v. Jenkins*, 121 N. C. 637, 28 S. E. 413 (1897).

§ 109-26. Cancellation of mortgage in such proceedings.—Any mortgage given by any person in lieu of bond as administrator, executor, guardian, collector, receiver or as an officer required to give an official bond, or as agent or surety of such person or officer, or in lieu of bond or undertaking or recognizance for his appearance at any court in any criminal proceeding, or for the security of any cost or fine in a criminal action which has been registered, when such party as administrator, executor, guardian, collector, or receiver has filed his final account and when the time required by statute for the bond given by any administrator,

executor, guardian, collector, or receiver to remain in force for the purpose of action thereon has expired, or when the officer required to give an official bond has fully complied with the conditions of such bond and the time within which suit is allowed by law to be brought thereon has expired, or when the person giving such mortgage in lieu of bond has made his appearance at the court to which he was bound and did not depart the court without leave, or paid the cost or fine required, may be canceled or discharged by the clerk of the superior court of the county where such action was pending or where the mortgage in lieu of bond is recorded by entry of "satisfaction" upon the margin of the record where such mortgage is recorded in the presence of the register of deeds, or his deputy, who shall subscribe his name as a witness thereto, and such cancellation shall have the effect to discharge and release all the right, title and interest of the State of North Carolina in and to the property described in such mortgage. (1905, c. 106; Rev., s. 267; C. S., s. 348; 1921, c. 29, ss. 1, 2; 1925, c. 252, s. 1.)

Editor's Note. — The 1925 amendment added the provision relating to cancellation after certain acts of the party "as administrator, executor, guardian, collector, or receiver". The validating clause was omitted from this section, and will now be found as § 109-27.

§ 109-27. Validating statute.—All acts heretofore done by the several superior court clerks, canceling or satisfying any mortgage, or other instruments, herein mentioned and specified are hereby validated. (1925, c. 252, s. 2.)

§ 109-28. Clerk of court may give surety by mortgage deposited with register.—In all cases where the clerk of the superior court may be required to give surety, he may deposit a mortgage with the register of deeds, payable to the State, and conditioned, as the bond would have been required, with power of sale. The power of sale shall be executed by the register of deeds, upon a breach of any of the conditions of said mortgage; and the register of deeds shall in all cases immediately register the same, at the expense of the said clerk. (1874-5, c. 103, s. 6; Code, s. 122; Rev., s. 268; C. S., s. 349.)

§ 109-29. Mortgage in lieu of bond to prosecute or defend in civil case.—It is lawful for any person desiring to commence any civil action or special proceeding, or to defend the same, his agent or surety, to execute a mortgage on real estate of the value of the bond or undertaking required to be given, at the beginning of said action, or at any stage thereof, to the party to whom the bond or undertaking would be required to be made, conditioned to the same effect as such bond or undertaking, with power of sale, which power of sale may be executed upon a breach of any of the conditions of the said mortgage after advertisement for thirty days. (1874-5, c. 103, s. 1; Code, s. 117; Rev., s. 269; C. S., s. 350.)

Section Strictly Observed.—This section is exceptional in its provisions, and must be strictly observed. *Eshon v. Commissioners*, 95 N. C. 75 (1886).

Undertaking on Appeal.—If it be granted that this section applies to an undertaking on appeal, the section was not complied with where the appellant deposited with the clerk, a bond due to himself and secured by a mortgage, as a substitute for the undertaking. *Eshon v. Commissioners*, 95 N. C. 75 (1886).

Section Does Not Require Mortgage.—This section does not authorize the court to require a party to execute a mortgage of real estate in the case therein provided for. It simply allows the party of whom

an undertaking may be required in such cases to give such mortgage instead of it, and the former must be for the same amount as the latter. *Wilson v. Fowler*, 104 N. C. 471, 10 S. E. 566 (1889).

Third Person Executing Mortgage for Defendant.—Where a mortgage is given by a third person for the defendant in an action, as is permitted by this section, and the mortgagor subsequently purchases a part of the mortgaged property, it was held, upon the plaintiff's recovering from the defendant, that the mortgagor has no such interest as will allow him to interfere with the plaintiff's rights under his judgment. *Ryan v. Martin*, 104 N. C. 176, 10 S. E. 169 (1889).

Not Applicable to Justice's Court.—This section has no application in courts of justices of the peace. *Comron v. Standland*, 103 N. C. 207, 99 S. E. 317 (1889).

§ 109-30. **Affidavit of value of property required.**—In all cases where a mortgage is executed, as hereinbefore permitted, it is the duty of the clerk of the court in which it is executed, or of the justice, to require an affidavit of the value of the property mortgaged to be made by at least one witness not interested in the matter, action or proceeding in which the mortgage is given. (1874-5, c. 103, s. 4; Code, s. 121; Rev., s. 270; C. S., s. 351.)

§ 109-31. **When additional security required.**—If, from any cause, the property mortgaged in lieu of a bond becomes of less value than the amount of the bond in lieu of which the mortgage is given, and it so appears upon affidavit of any person having any interest in the matter as a security for which the mortgage was given, it is the duty of the mortgagor to give additional security by a deposit of money, or the execution of a mortgage on more property, or justify as required in cases where bond or undertaking is given. (1874-5, c. 103, s. 5; Code, s. 119; Rev., s. 271; C. S., s. 352.)

ARTICLE 4.

Deposit in Lieu of Bond.

§ 109-32. **Deposit of cash or securities in lieu of bond; conditions and requirements.**—In lieu of any written undertaking or bond required by law in any matter, before any court of the State, the party required to make such undertaking or bond may make a deposit in cash or securities of the State of North Carolina or of the United States of America, of the amount required by law or, in the case of fiduciaries, of the amount of the trust, in lieu of the said undertaking or bond and such deposit shall be subject to all of the same conditions and requirements as are provided for in written undertakings or bonds, in lieu of which such deposit is made. (1923, c. 58; C. S., s. 352(a); 1947, c. 936.)

Editor's Note.—Prior to the 1947 amendment this section related only to deposits of cash. See 25 N. C. Law Rev. 384.

When Applicable. — While this section by its terms applies to pending actions, as suggested in 1 N. C. Law Rev. 283, it is "probably not intended to be limited to pending actions but to apply to all cases

in which such undertakings or bonds are required to be given. This extends to all cases the same requirements for making cash deposit as is now required in the plaintiff's undertaking for costs in a civil action just as a mortgage on real or personal property may be given in lieu of bond or undertaking.

ARTICLE 5.

Actions on Bonds.

§ 109-33. **Bonds in actions payable to court officer may be sued on in name of State.**—Bonds and other obligations taken in the course of any proceeding at law, under the direction of the court, and payable to any clerk, commissioner, or officer of the court, for the benefit of the suitors in the cause, or others having an interest in such obligation, may be put in suit in the name of the State. (R. C., c. 13, s. 11; Code, s. 51; Rev., s. 280; C. S., s. 353.)

Quoted in *Lackey v. Pearson*, 101 N. C. 651, 8 S. E. 121 (1888).

§ 109-34. **Liability and right of action on official bonds.**—Every person injured by the neglect, misconduct, or misbehavior in office of any clerk of the superior court, register, entry taker, surveyor, sheriff, coroner, constable, county treasurer, or other officer, may institute a suit or suits against said officer or any of them and their sureties upon their respective bonds for the due performance of their duties in office in the name of the State, without any assignment thereof; and no such bond shall become void upon the first recovery, or if judg-

ment is given for the defendant, but may be put in suit and prosecuted from time to time until the whole penalty is recovered; and every such officer and the sureties on his official bond shall be liable to the person injured for all acts done by said officer by virtue or under color of his office. (1793, c. 384, s. 1, P. R.; 1825, c. 9, P. R.; 1833, c. 17; R. C., c. 78, s. 1; 1869-70, c. 169, s. 10; Code, s. 1883; Rev., s. 281; C. S., s. 354.)

Cross Reference.—As to surety waiving his rights under §§ 109-33 through 109-35 by appearing and answering in a summary proceeding, see § 109-36 and the note thereto.

Leave of Court Unnecessary.—The section gives in express terms the right to bring one or more suits upon one or more of the bonds to "every injured person," not on leave from the court, but absolutely and unconditionally so soon as the breach occurs, except that it is to be instituted in the name of the State. *Booth v. Upchurch*, 110 N. C. 62, 14 S. E. 642 (1892); *Reid v. Holden*, 242 N. C. 408, 88 S. E. (2d) 125 (1955).

Sections Construed Together.—This section and § 109-37 relate to the same subject matter, are part of one and the same statute, and must be construed together. *State v. Watson*, 223 N. C. 437, 27 S. E. (2d) 144 (1943).

Remedies against Superior Court Clerks.—Our statutes provide two separate and distinct remedies against clerks of the superior court—one in behalf of the injured individual for a specific fund to which he is entitled or on account of a particular wrong committed against him by the officer, as provided in this section; and one in behalf of the new clerk against his predecessor in office to recover possession of records, books, papers and money in the hands of the outgoing clerk by virtue or under color of his office, as provided for in § 2-22. *State v. Watson*, 223 N. C. 437, 27 S. E. (2d) 144 (1943).

This section is not repugnant to the provisions of § 2-22, which requires that each successive clerk shall receive from his predecessor all the records, moneys, and property of his office, but only gives an additional remedy for the benefit of individuals who have cause of complaint against an unfaithful clerk of the superior court. *Peebles v. Boone*, 116 N. C. 57, 21 S. E. 187 (1895).

The failure of a register of deeds to properly index the registry of a mortgage renders him liable on his official bond to one injured by such neglect. *State v. Grizzard*, 117 N. C. 106, 23 S. E. 93 (1895).

Person Injured.—Where H. places a note for collection in a constable's hands, and the constable sues out a warrant, obtains a judgment and receives the amount

(even though there is no execution) and fails to pay the same to H., H. as the person injured is entitled to have the suit brought to his use under this section. *Holcomb v. Franklin*, 11 N. C. 274 (1826).

The father of a girl under eighteen, to whom a marriage license has been issued without the father's consent, is the person injured within the meaning of this section. *Joyner v. Roberts*, 112 N. C. 111, 16 S. E. 917 (1893).

Under this section, claimants of a fund arising from a partition sale are the proper parties to sue on bond of the clerk for failure of the clerk to pay funds turned over to him by the commissioners in partition. *Smith v. Patton*, 131 N. C. 396, 42 S. E. 849 (1902).

An action can be maintained by the clerk of a superior court in his own name upon the official bond of the sheriff, for the recovery of costs accrued in such court and collected by the sheriff, and due and payable to said clerk and others. *Jackson v. Maultsby*, 78 N. C. 174 (1878).

By Virtue or under Color of Office.—The last clause of this section is very comprehensive in its terms, scope and purpose. It, on purpose, enlarges the compass of the conditions of official bonds and their purpose, and the legislature intended by it, it seems, to prevent an evil pointed out in two or three of the cases. There were no adequate reasons why the conditions of official bonds should not extend to and embrace all the official duties of the office, and there were serious ones of justice and policy why they should. All persons interested are bound to accept the official services of such officers, as occasion may require, and they should be made secure in their rights, and have adequate remedy for wrongs done by them. Besides all public officers should be held to a faithful discharge of their duties as such. It is singular that the clause last recited, notwithstanding a well known evil to be remedied, was not enacted until 1883. It first appears as part of the Code. Now official bonds and the conditions of them embrace and extend to all acts done by virtue or under color of office of the officer giving the bond. *Thomas v. Connelly*, 104 N. C. 342, 10 S. E. 520 (1889); *Kivett v. Young*, 106 N. C. 567, 10 S. E. 1019 (1890).

In *State v. Leonard*, 68 F. (2d) 228

(1934) a sheriff's bond contained a condition limiting the faithful execution of the office to specific duties such as execution of process and in view of this, and the wording of this section, the bond was held to afford no basis for a recovery by a person whom the sheriff wounded while acting in his official capacity.

This section extends the liability on the sheriff's general official bond and imposes liability for wrongful arrest and the use of excessive force in making an arrest under color of office. *Price v. Honeycutt*, 216 N. C. 270, 4 S. E. (2d) 611 (1939).

The surety on a bond of a delinquent tax collector is not liable for an arrest made by the collector in order to force the payment of a delinquent tax, since such act of the tax collector is not done under color of his office and does not come within the condition of the bond that he should "well and truly perform all the duties of his said office." *Henry v. Wall*, 217 N. C. 365, 8 S. E. (2d) 223, 127 A. L. R. 854 (1940).

Same—Acts Which Should Have Been Performed. — It is true that the clause seems in terms to provide only for acts done by the officer, and not for those which he should do but does not. But it would be putting a very narrow construction on the statute to say that he and his sureties are liable for what he did, but not for what he should have done and did not do, although the damage to the party was equally as great. *State v. Grizzard*, 117 N. C. 106, 23 S. E. 93 (1895).

Same—Illustrative Acts.—Where a clerk appointed the commissioner to make a partition sale, without bond, and on approving his report received and receipted the proceeds as clerk, took out his costs and entered the amount due each heir at law on his docket, and disbursed a portion of said fund to the parties entitled, this would seem to be a receipt of the fund by the clerk "by virtue of his office." *Judges v. Deans*, 9 N. C. 93 (1822); *McNeill v. Morrison*, 63 N. C. 508 (1869); *Cox v. Blair*, 76 N. C. 78 (1877). But if this were otherwise the clerk received it "as clerk," and so receipted for it. This was certainly a receipt of the money "under color of his office," and, indeed, this is admitted in the answer. The older decisions were made when these words were not in the statute. The clause embraces all cases where the officer received the money in his official capacity, but when he may not be authorized or required to receive the same. In such case the bond is responsible for the safe custody of the fund so paid in. *Smith v. Patton*, 131 N. C. 396, 42 S. E. 849

(1902), citing *Broughton v. Haywood*, 61 N. C. 380 (1867); *Greenlee v. Sudderth*, 65 N. C. 470 (1871); *Brown v. Coble*, 76 N. C. 391 (1877); *Ex parte Cassidey*, 95 N. C. 225 (1886); *Thomas v. Connelly*, 104 N. C. 342, 10 S. E. 520 (1889); *Sharpe v. Connelly*, 105 N. C. 87, 11 S. E. 177 (1890); *Presson v. Boone*, 108 N. C. 78, 12 S. E. 897 (1891).

Under this section the official bond of a constable is liable for the false imprisonment of a person by a constable, as such, without process or color thereof. *Warren v. Boyd*, 120 N. C. 56, 26 S. E. 700 (1897).

When the clerk of the superior court is appointed receiver of a minor's estate, he takes and holds the funds by virtue of his office of clerk, and his sureties upon his official bond as such officer are liable for any failure of duty on his part in that respect. *Boothe v. Upchurch*, 110 N. C. 62, 14 S. E. 642 (1892).

Bonds Cumulative.—Official bonds given by an officer during any one term of office are cumulative, and the new bond does not discharge the old case. *Oats v. Bryan*, 14 N. C. 451 (1832); *Bell v. Jasper*, 37 N. C. 597 (1846); *Poole v. Cox*, 31 N. C. 69, 49 Am. Dec. 410 (1848); *Moore v. Boudinot*, 64 N. C. 190 (1870); *Pickens v. Miller*, 83 N. C. 544 (1880); *Fidelity, etc., Co. v. Fleming*, 132 N. C. 332, 43 S. E. 899 (1903).

Where the surety has renewed the bond of a clerk of the court upon his election to that office a second time, acknowledged its liability and received premiums thereon, its liability is cumulative for all defalcations thereunder, whether for the second term its principal was continuing to act *de facto* or *de jure*. *Lee v. Martin*, 186 N. C. 127, 118 S. E. 914 (1923).

The first bonds continue to be a security for the discharge of the duties during the whole term, and the new bonds become additional security for the discharge of such of the duties as have not been performed at the time they are given. *Poole v. Cox*, 31 N. C. 69, 49 Am. Dec. 410 (1848). See also, *Oats v. Bryan*, 14 N. C. 451 (1832); *Bell v. Jasper*, 37 N. C. 597 (1843).

Action on Bond and on Case.—An action of debt on a sheriff's bond for money collected, and a nonsuit therein, is a sufficient demand to enable the plaintiff to sustain an action on the case for the same cause of action. *Fagan v. Williamson*, 53 N. C. 433 (1862).

Negligent Conduct of Jailer Imputed to Sheriff.—Under this section the sheriff and the surety on his official bond are liable

for the wrongful death of a prisoner resulting from the negligence of the jailer in locking the prisoner, in the weakened condition, in a cell with a person whom the sheriff and the jailer knew to be violently insane, and who assaulted the prisoner during the night, inflicting the fatal injury. *Dunn v. Swanson*, 217 N. C. 279, 7 S. E. (2d) 563 (1940). For note on this case, see 19 N. C. Law Rev. 101.

Necessary Parties in Action against Deputy Sheriff.—If the defendant were acting in the capacity of deputy sheriff at the time of the alleged assault and false arrest, he and the surety on his bond, and the sheriff and the surety on his bond, would

be proper and necessary parties to the action based on the cause of action for the alleged assault and false arrest. *State v. Corbett*, 235 N. C. 33, 69 S. E. (2d) 20 (1952).

§ 109-35. Complaint must show party in interest; election to sue officer individually.—Any person who brings suit in manner aforesaid shall state in his complaint on whose relation and in whose behalf the suit is brought, and he shall be entitled to receive to his own use the money recovered; but nothing herein contained shall prevent such person from bringing at his election an action against the officer to recover special damages for his injury. (1793, c. 384, ss. 2, 3, P. R.; R. C., c. 78, s. 2; 1869-70, c. 169, s. 11; Code, s. 1884; Rev., s. 282; C. S., s. 355.)

The relator is the real party in interest in an action brought in the name of the State on an official bond, and he will be so considered in determining the identity of the parties under a plea of *res judicata*

in a subsequent action. *Reid v. Holden*, 242 N. C. 408, 88 S. E. (2d) 125 (1955).

§ 109-36. Summary remedy on official bond.—When a sheriff, coroner, constable, clerk, county or town treasurer, or other officer, collects or receives any money by virtue or under color of his office, and on demand fails to pay the same to the person entitled to require the payment thereof, the person thereby aggrieved may move for judgment in the superior court against such officer and his sureties for any sum demanded; and the court shall try the same and render judgment at the term when the motion shall be made, but ten days' notice in writing of the motion must have been previously given. (1819, c. 1002, P. R.; R. C., c. 78, s. 5; 1869-70, c. 169, s. 14; 1876-7, c. 41, s. 2; Code, s. 1889; Rev., s. 283; C. S., s. 356.)

Cumulative Remedy.—It has never been understood that this cumulative and optional remedy obstructed the bringing of a regular action on the bond, when the injured party preferred to have recourse to it. *Lackey v. Pearson*, 101 N. C. 651, 8 S. E. 121 (1888).

There is no provision in the statute giving a preference to the party or parties who first seek such summary remedy. And, withal, before any claim, preferential or otherwise, can be established under this statute, notice must be given, the court must try the cause, and judgment must be obtained. *Western Carolina Power Co. v. Yount*, 208 N. C. 182, 179 S. E. 804 (1935).

It was never intended that the mere lodging of a motion under this section, established a preference, or right to estab-

lish a preference, over other creditors when such other creditors had been guilty of no laches in asserting their claims. *Western Carolina Power Co. v. Yount*, 208 N. C. 182, 179 S. E. 804 (1935).

To What Officers Applicable.—In *Smith v. Moore*, 79 N. C. 86 (1878), it was held that the power conferred by this section as it read in the Revised Code of 1856, was confined to the officers named therein, and that there was no way to hold a commissioner appointed to make a judicial sale liable for the proceeds thereof, except by an action instituted by the parties entitled to the money. Subsequently to this decision the words "or other public officer," have been inserted in the section; but applying the *eiusdem generis* rule it would seem that these words would not include a master in chancery and that the Smith

case declares the law as it still stands. See, however, *Ex parte Curtis*, 82 N. C. 435 (1880), where the court states that a remedy against executrix and clerk and master should have been by summary motion under this section.

Actions by Persons Entitled to Money.

—The section gives a summary remedy against public officers only to those entitled to the money, so that a new clerk cannot proceed under it against a former clerk, for not paying office money over to him as his successor. *O'Leary v. Harrison*, 51 N. C. 338 (1859).

Proceedings May Be Consolidated with General Creditors' Suit. — Plaintiff instituted summary proceedings under this section against the clerk of the superior court and the surety on his bond to recover for the clerk's default in failing to return to plaintiff, as ordered by the superior court, moneys deposited with the clerk. Notice and complaint in the proceeding were served on defendants. Thereafter another creditor of the clerk instituted suit in her own behalf and in behalf of all persons similarly situated, and decree was entered appointing a permanent receiver for the clerk, authorizing the receiver to bring suit on the clerk's bonds, and enjoining all creditors of the clerk from instituting any other suit or action against him or on his bonds. In the summary proceeding under this section, the surety on the clerk's bond pleaded the decree affirming receiver in bar to plaintiff's right to judgment, and the trial court dismissed the summary proceeding. Held, the summary proceeding should have been consolidated with the suit in the nature of a general creditor's bill. *Western Carolina Power Co. v. Yount*, 205 N. C. 321, 171 S. E. 321 (1933).

Justice's Jurisdiction.—Since the repeal of § 13 of c. 80 of Battle's Revision it has been decided by repeated adjudications that a justice of the peace has no jurisdiction of an action on a constable's bond. *Coggins v. Harrell*, 86 N. C. 317 (1882).

§ 109-37. Officer unlawfully detaining money liable for damages.—When money received as aforesaid is unlawfully detained by any of said officers, and the same is sued for in any mode whatever, the plaintiff is entitled to recover, besides the sum detained, damages at the rate of twelve per centum per annum from the time of detention until payment. (1819, c. 1002, s. 2, P. R.; R. C., c. 78, s. 9; 1868-9, c. 169; Code, s. 1890; Rev., s. 284; C. S., s. 357.)

This section must be considered in connection with the preceding section. *Pasquotank County v. Hood*, 209 N. C. 552, 184 S. E. 5 (1936).

Authority for an individual to sue an officer for money wrongfully detained, as provided for in § 109-34, and this section

Judgment. — Under this practice, judgment was entered for the amount of the bond, the execution to be satisfied on payment of the sum collected and costs. *Fell v. Porter*, 69 N. C. 140 (1873). From the language of the opinion in this case, it would seem that at the time of decision the operation of this section had been suspended.—Ed. Note.

Where A. obtained a judgment against B., clerk of the superior court, for a sum of money in his hands by virtue of his office, and B. died, and his administrator, upon demand, failed to pay the money, it was held that the court below erred in overruling a motion by the plaintiff for a judgment upon the official bond of the clerk under the provisions of this section. *Cooper v. Williams*, 75 N. C. 94 (1876).

Notice.—As this section read in Battle's Revision the proceedings were "without other notice than is given by the delinquency of the officer." See *Prairie v. Jenkins*, 75 N. C. 545 (1876).

Demand Not Necessary.—In a proceeding by the State, against a clerk of the superior court and the surety on his bond to recover sums embezzled by the clerk, the plaintiffs have the right to pursue the summary remedy under this section, upon their motion after due notice, and demand upon the clerk is not necessary. *State v. Gant*, 201 N. C. 211, 159 S. E. 427 (1931).

Waiver by Appearance.—Where a summary proceeding under this section has been instituted against a clerk of the superior court and the surety on his bonds to recover sums embezzled by the clerk, and the surety has entered a general appearance and filed answer, etc., the surety has waived its rights, if any it had, under §§ 109-33 through 109-35, to object that the plaintiffs could not maintain a summary proceeding under this section. *State v. Gant*, 201 N. C. 211, 159 S. E. 427 (1931).

Applied in *State v. Sawyer*, 223 N. C. 102, 25 S. E. (2d) 443 (1943).

relate to the same subject matter and are a part of one and the same statute. They must be construed together. *State v. Watson*, 223 N. C. 437, 27 S. E. (2d) 144 (1943).

This and Preceding Section Are Not Applicable to Liquidation of Banks by

Commissioner of Banks.—This and the preceding section are inapplicable to impose liability for damages in a case where the Commissioner of Banks took over the affairs of a bank which had been theretofore constituted the financial agent of the county and which had county funds on deposit and in its possession. *Pasquotank County v. Hood*, 209 N. C. 552, 184 S. E. 5 (1936).

The Commissioner of Banks holding a portion of the fund, subject to the orders of the court and for the purpose of liquidation, could not be said to constitute an "unlawful detention," nor should he in his representative capacity be liable in damages as a penalty for so doing. The punishment would not fall upon a defaulting or delinquent public officer, as intended by the statute, but would penalize funds held in trust for all the creditors and stockholders whose stock assessments have helped to contribute. *Pasquotank County v. Hood*, 209 N. C. 552, 184 S. E. 5 (1936).

Default of Officer Must Be Shown.—In an action to recover the 12 per cent allowed under this section, it is necessary that the plaintiff show some adequate default. *Hannah v. Hyatt*, 170 N. C. 634, 87 S. E. 517 (1916).

Liability of Surety.—While, as against the principal on the bond of a clerk of the superior court, interest under our statute

at the rate of 12 per cent is collectible from the time of defalcation, the amount of the penalty on his bond determines the liability of the surety thereon. *State v. Martin*, 188 N. C. 119, 123 S. E. 631 (1924).

Effect of Waiver of Interest from Date of Defalcation.—Where, in an action against a clerk of the superior court and his surety to recover sums embezzled by the clerk, the State waives the interest from the date of the actual defalcations, but does demand the 12 per cent from the date of the expiration of each term of office; a judgment awarding damages at 12 per cent, under the provisions of this section, on the sums defaulted from the expiration of each term is not error, the amount being within the penalty of the bond. *State v. Gant*, 201 N. C. 211, 159 S. E. 427 (1931).

Interest by Way of Damages.—Whether or not the clerk is entitled to the benefits of this section, in a suit against his predecessor, is not now decided; but, granting that he is not so entitled, the law allows interest by way of damages on money wrongfully detained. *State v. Watson*, 223 N. C. 437, 27 S. E. (2d) 144 (1943); *State v. Watson*, 224 N. C. 502, 31 S. E. (2d) 465 (1944).

Applied in *Windley v. Lupton*, 212 N. C. 167, 193 S. E. 213 (1937).

§ 109-38. Evidence against principal admissible against sureties.—In actions brought upon the official bonds of clerks of courts, sheriffs, coroners, constables, or other public officers, and also upon the bonds of executors, administrators, collectors or guardians, when it may be necessary for the plaintiff to prove any default of the principal obligors, any receipt or acknowledgment of such obligors, or any other matter or thing which by law would be admissible and competent for or toward proving the same as against him, shall in like manner be admissible and competent as presumptive evidence only against all or any of his sureties who may be defendants with or without him in said actions. (1844, c. 38; R. C., c. 44, s. 10; 1881, c. 8; Code, s. 1345; Rev., s. 285; C. S., s. 358.)

Judgments as Evidence.—In an action against an officer and one of the sureties on his official bond, the record of a judgment against the officer, and others of his sureties, in a previous action against them for the same demand, and on the same bond, but in which action the surety in the present action was not a party, is competent evidence to fix the amount due by the officer. *Morgan v. Smith*, 95 N. C. 396 (1886).

In a learned note to the case of *Charles v. Hoskins*, 14 Iowa 471, 83 Am. Dec. 378, the annotator, Judge Freeman, says: "The question how far a judgment or decree is conclusive against a surety of a defendant, or against one who is liable over to a de-

fendant, and who was not a party to the action, is involved in the greatest confusion. Between the intimate relations which exist between such a person and the defendant in the suit, on the one side, and the fundamental principle that no one ought to be bound by proceedings to which he was a stranger, on the other, the court has found it difficult to steer." *Insurance Co. v. Bonding Co.*, 162 N. C. 384, 78 S. E. 430 (1913).

The cases are numerous in which it has been decided that a judgment rendered against a guardian is not, unaided by the statute, admissible as evidence against the surety to his bond. *McKellar v. Powell*, 11 N. C. 34 (1825).

The same rulings have been made in regard to the sureties to an administration bond. *Chairman v. Clark*, 11 N. C. 43 (1825); *Vanhook v. Barnett*, 15 N. C. 268 (1833); *Governor v. Montford*, 23 N. C. 155 (1840); *Governor v. Carter*, 25 N. C. 338 (1843). So in reference to the liability of his surety to an amercement against the sheriff.

The act of 1844, (this section) however, changed the rule of law, and rendered competent against the sureties to official bonds, and those given by executors, administrators and guardians, whatever evidence would be competent against the principals, and this was declared to be conclusive, where the evidence was a judgment against him, in *Brown v. Pike*, 74 N. C. 531 (1876); and in *Badger v. Daniel*, 79 N. C. 386 (1878).

The act of 1881 amended the previous enactment by making the evidence "presumptive only" against the sureties. *Moore v. Alexander*, 96 N. C. 34, 1 S. E. 536 (1887).

"It seems that our predecessors in office upon this Bench have intimated, and in one case held, that such judgments, unaided by the statute, are inadmissible in evidence against the surety. *Moore v. Alexander*, 96 N. C. 34, 1 S. E. 536 (1887). But an examination of the question has convinced us that the decided trend of modern authority is to the effect that such a judgment against the principal *prima facie* only establishes the sum or amount of the liability against the sureties, although not parties to the action, but the sureties may impeach the judgment for fraud, collusion, or mistake, as well as set up an independent defense. *Charles v. Hoskins*, 14 Iowa 471, 83 Am. Dec. 378, and notes. In the notes to this case all the authorities are carefully reviewed." *Insurance Co. v. Bonding Co.*, 162 N. C. 384, 78 S. E. 430 (1913).

While this section fixed the rule as to actions brought upon the official bonds of clerks of courts, sheriffs, coroners, constables, or other public officers, and also upon the bonds of executors, administrators, collectors, or guardians, the precedents were in hopeless discord as to bonds not covered by the statute, until Associate Justice Brown laid down the rule in *Dixie Fire Ins. Co. v. American Bonding Co.*, 162 N. C. 384, 78 S. E. 430 (1913). "But an examination of the question has convinced us that the decided trend of modern authority is to the effect that such a judgment against the principal *prima facie* only establishes the sum or amount of the liability against the sureties, although not

parties to the action, but the sureties may impeach the judgment for fraud, collusion, or mistake, as well as set up an independent defense." *Charleston, etc., Ry. Co. v. Lassiter & Co.*, 208 N. C. 209, 179 S. E. 789 (1935).

Debts and Assets.—In the construction of this section, it is decided that the judgment against the principal upon such official bonds as the section mentioned, is not only conclusive of the debt, as it was without the aid of the enactment, but of assets also, and this effect is given to a judgment against a guardian, upon his official bond, in *Brown v. Pike*, 74 N. C. 531 (1876); *Badger v. Daniel*, 79 N. C. 386 (1878); *Morgan v. Smith*, 95 N. C. 396 (1886).

In *Armistead v. Harramond*, 11 N. C. 339 (1826), Hall, J., said that a "judgment against an administrator is evidence against him of a debt due by the intestate, and is evidence also of assets in his hands to discharge it; and although, for the reason before given, it is also evidence of a debt due, as far as it relates to his sureties," etc. *Morgan v. Smith*, 95 N. C. 396 (1886). Since the passage of the act of 1844, the judgment is also evidence of the assets against the surety. *Brown v. Pike*, 74 N. C. 531 (1876), and cases cited.

Admissibility of Admissions of Administrator of Principal against Surety When Their Interests at Variance.—A judgment upon the admissions in the answer of the administrator bank of a deceased county treasurer is not competent in an action by the county commissioners as evidence against the surety on the official bond of the deceased when the bank has been made a party defendant and the surety at once raises the issue as to whether a part of the defalcation was moneys defaulted from the bank when the deceased was acting as its assistant cashier, the interest of the bank and the surety being in conflict, and this section not applying in such cases. *Commissioners of Chowan County v. Citizens Bank*, 197 N. C. 410, 149 S. E. 380 (1929).

For case recognizing the principle adopted in *Commissioners of Chowan County v. Citizens Bank*, 197 N. C. 410, 149 S. E. 380 (1929), but holding the rule inapplicable under peculiar facts of case, see *Charleston, etc., Ry. Co. v. Lassiter & Co.*, 208 N. C. 209, 179 S. E. 879 (1935).

Not Applicable to Tort Action.—The rule that the judgment against the principal in an official or fiduciary bond is presumptive evidence against the sureties under this section does not apply, as this is not an action on the bond, but in tort. *Martin v. Buffaloe*, 128 N. C. 305, 38 S. E. 902 (1901).

Annual account of guardian is competent evidence against him, and presumptive evidence against his sureties. *Loftin v. Cobb*, 126 N. C. 58, 35 S. E. 230 (1900).

Joinder of Administrator and Sureties.—

Under this section the sureties on an administrator's bond are properly joined with the administrator, where it is shown that the administrator received a benefit from a

falsified final account by reason of which the plaintiffs' judgment against the administrators remained unpaid. *State v. McCanless*, 193 N. C. 200, 136 S. E. 371 (1927).

Cited in *Pullen v. Mining Co.*, 71 N. C. 563 (1874); *Gurganus v. McLawhorn*, 212 N. C. 397, 193 S. E. 844 (1937).

§ 109-39. Officer liable for negligence in collecting debt.—When a claim is placed in the hands of any sheriff, coroner or constable for collection, and he does not use due diligence in collecting the same, he shall be liable for the full amount of the claim notwithstanding the debtor may have been at all times and is then able to pay the amount thereof. (1844, c. 64; R. C., c. 78, s. 3; 1869-70, c. 169, s. 12; Code, s. 1888; Rev., s. 286; C. S., s. 359.)

Applicable to Claims Not Executions.—

This section applies only to claims placed in the hands of the sheriff or other officer for collection—such claims as are within the jurisdiction of a justice of the peace, and may be collected by judgment and process of execution granted by that magistrate. It does not apply to executions issuing from the superior or other courts of record. The reason for the distinction is clearly and certainly pointed out in *McLaurin v. Buchanan*, 60 N. C. 91 (1863). The statute, in effect, now is just as it was when that decision was made. *Brunhild v. Potter*, 107 N. C. 415, 12 S. E. 55 (1890).

What Constitutes Negligence.—The degree of diligence required is that which a

prudent man would ordinarily exercise in the management of his own affairs. A constable is not bound to such strict accountability as when process is delivered to him as an officer. *Morgan v. Horne*, 44 N. C. 25 (1852); *Lipscomb v. Cheek*, 61 N. C. 332 (1867). Therefore, what constitutes negligence must depend upon the facts in each particular case; five months' delay was held negligence in *Nixon v. Bagby*, 52 N. C. 4 (1859).

A constable is not bound to sue out a warrant on a claim put in his hands for collection, when the issuing of such process would be entirely fruitless. *State v. Holcombe*, 24 N. C. 211 (1842).

Child Labor Regulations.

§ 110-1. **Minimum age.**—No minor under sixteen years of age shall be employed, permitted or allowed to work in, about, or in connection with any gainful occupation at any time: Provided, that minors between fourteen and sixteen years of age may be employed outside school hours and during school vacations, but not in a factory or in any occupation otherwise prohibited by law; and provided, that boys twelve years of age and over securing a certificate from the Department of Labor, may be employed outside school hours in the sale or distribution of newspapers, magazines or periodicals subject to the provisions of § 110-8 relating to employment of minors in street trades and to such rules and regulations as may be provided under § 95-11. Nothing in this article shall be construed to apply to the employment of a minor engaged in domestic or farm work performed under the direction or authority of the minor's parent or guardian. (1937, c. 317, s. 1.)

Editor's Note.—The cases cited below were decided under the former law.

§ 110-2. **Hours of labor.**—No minor under sixteen years of age shall be employed, permitted or allowed to work in, about or in connection with any gainful occupation more than six consecutive days in any one week, or more than forty hours in any one week, or more than eight hours in any one day, nor shall any minor under sixteen years of age be so employed, permitted or allowed to work before seven o'clock in the morning or after six o'clock in the evening of any day. No minor over sixteen years of age and under eighteen years of age shall be employed, permitted or allowed to work in or about or in connection with any gainful occupation for more than six consecutive days in any one week, or more than forty-eight hours in any one week, or more than nine hours in any one day, nor shall any minor between sixteen and eighteen years of age be so employed, permitted or allowed to work before six o'clock in the morning or after twelve o'clock midnight of any day, except boys between the ages of sixteen and eighteen may be permitted to work until one o'clock in the morning as messengers where the offices of the company for which they work do not close before that hour: Provided, that no girl between sixteen and eighteen years of age shall be so employed, permitted, or allowed to work before six o'clock in the morning or after nine o'clock in the evening of any day; and provided further, that boys twelve years of age and over, employed in the sale or distribution of newspapers, magazines or periodicals outside school hours shall be subject to the provisions of § 110-8 relating to employment of minors in street trades, and to such rules and regulations as may be provided under § 95-11: Provided further, that minors under eighteen years of age may be employed in a concert or a theatrical performance, under such rules and regulations as the State Commissioner of Labor may prescribe, up to twelve o'clock midnight; and provided further, that telegraph messenger boys in towns where a full-time service is not maintained on Sundays may work seven days per week, but not for more than two hours on Sunday; and provided further, that girls between the ages of

seventeen and eighteen years may be employed as ticket takers, concession attendants, and cashiers in motion picture theaters up to 10:30 at night under such rules and regulations as the Commissioner of Labor may prescribe. The combined hours of work and hours in school of children under sixteen employed outside school hours shall not exceed a total of eight per day. (1937, c. 317, s. 2; 1951, c. 1187, s. 1.)

Editor's Note. — The 1951 amendment inserted the last proviso.

Violation of Section as Proximate Cause of Injury.—In order to make an employer liable in damages for an injury sustained by an employee being required to work

more than 8 hours a day in violation of this section, it must be shown that the violation of the statute was a proximate cause of the injury complained of. *Williamson v. Old Dominion Box Co.*, 205 N. C. 350, 171 S. E. 335 (1933).

§ 110-3. **Lunch period.**—No minor under sixteen years of age shall be employed or permitted to work for more than five hours continuously without an interval of at least thirty minutes for a lunch period, and no period of less than thirty minutes shall be deemed to interrupt a continuous period of work. (1937, c. 317, s. 3.)

§ 110-4. **Posting of hours.**—Every employer shall post and keep conspicuously posted in the establishment wherein any minor under eighteen is employed, permitted, or allowed to work, a printed abstract of this article and a list of the occupations prohibited to such minors, to be furnished by the State Department of Labor. (1937, c. 317, s. 4.)

§ 110-5. **Time records.**—Every employer shall keep a time book and/or record, which shall state the name of each minor employed, and which shall indicate the number of hours worked by said minor on each day of the week, and the amount of wages paid during each pay period. Such time record shall be kept on file for at least one year after the entry of the record, and shall be open to the inspection of the State Department of Labor. (1937, c. 317, s. 5.)

§ 110-6. **Hazardous occupations prohibited for minors under sixteen.**—No minor under sixteen years of age shall be employed, permitted or allowed to work on or in connection with power-driven machinery. No minor under sixteen years of age shall be employed, permitted or allowed to work in or about or in connection with: Construction work of any kind, shipbuilding, mines or quarries, stone cutting or polishing, the manufacture, transportation or use of explosives or highly inflammable substances, ore-reduction works, smelters, hot rolling mills, furnaces, foundries, forging shops or any other place in which the heating, melting or heat treatment of metals is carried on; lumbering or logging operations, saw or planing mills, pulp or paper mills, or in operating or assisting in operating punch presses or stamping machines, if the clearance between the ram and the die or the stripper exceeds one-fourth inch; power-driven wood-working machinery, cutting machines having a guillotine action, openers, pickers, cards or lappers, power shears, machinery having a heavy rolling or crush-action, corrugating, crimping, or embossing machines, meat grinding machines, dough brakes or mixing machines in bakeries or cracker making machinery, grinding, abrasive, polishing or buffing machines: Provided, that apprentices operating under conditions of bona fide apprenticeship may grind their own tools; machinery used in the cold rolling of heavy metal stock, metal plate bending machines, power-driven metal planing machines, circular saws, power-driven laundry or dry cleaning machinery, oiling, cleaning or wiping machinery or shafting or applying belts to pulleys; or in the operation or repair of elevators or other hoisting apparatus, or as drivers of trucks or other motor vehicles, or in the operation of any unguarded machinery. (1937, c. 317, s. 6.)

In or about or in Connection with *Maryland Casualty Co.*, 21 F. (2d) 909 **Quarry.**—In *Campbell Contracting Co. v.* (1927), it is said: "We cannot agree with

the contention that a boy operating a hoist, that by means of a cable pulls cars loaded with stone out of a quarry 150 to 175 feet distant, and whose duty it was upon signal

to have the whistle blown, warning of a blast, and whose further duty it was to warn passersby, was not working 'in or about or in connection with a quarry.'"

§ 110-7. Hazardous occupations prohibited for minors under eighteen.—No minor under the age of eighteen years shall be employed, permitted, or allowed to work at any processes where quartz or any other form of silicon dioxide or an asbestos silicate is present in powdered form, or at work involving exposure to lead or any of its compounds in any form, or at work involving exposure to benzol or any benzol compound which is volatile or which can penetrate the skin, or at work in spray painting, or in the handling of unsterilized hides or animal or human hair. Nor shall any minor under eighteen be employed or permitted to work in, about or in connection with any establishment where alcoholic liquors are distilled, rectified, compounded, brewed, manufactured, bottled, sold, or dispensed, or in a pool or billiard room: Provided, however, that this section shall not prohibit a minor under the age of eighteen years from working in any establishment where beer is sold and not consumed on the premises, and to which has been issued only an "off premises" license for the sale of beer. Nor shall any girl under the age of eighteen years be employed, permitted or allowed to work as a messenger in the distribution or delivery of goods or messages for any person, firm or corporation engaged in the business of transmitting or delivering goods or messages. Nor shall any minor under eighteen years of age be employed, permitted, or allowed to work in any place of employment, or at any occupation hazardous or injurious to the life, health, safety or welfare of such minor. It shall be the duty of the State Department of Labor and the said State Department of Labor shall have power, jurisdiction, and authority, after due notice and after hearings duly held, to issue general or special orders, which shall have the force of law, prohibiting the employment of such minors in any place of employment or at any occupation hazardous or injurious to the life, health, safety or welfare of such minors. (1937, c. 317, s. 7; 1943, c. 670.)

Editor's Note. — The 1943 amendment added the proviso to the second sentence.

§ 110-8. Employment of minors in street trades; sale or distribution of newspapers, etc.—No boy under fourteen years of age and no girl under eighteen years of age shall distribute, sell, expose or offer for sale newspapers, magazines, periodicals, candies, drinks, peanuts, or other merchandise in any street or public place, or exercise the trade of bootblack in any street or public place. No boy under sixteen years of age shall be employed or permitted or allowed to work at any of the trades or occupations mentioned in this section after seven p. m. or before six a. m., or unless he has an employment certificate issued in accordance with § 110-9. The State Commissioner of Labor shall have authority to make, promulgate and enforce such rules and regulations as he may deem necessary for the enforcement of this section, not inconsistent with this article or existing law.

Nothing in this section shall be construed to prevent male persons over fourteen years of age from distributing newspapers, magazines and periodicals on fixed routes, seven days per week: Provided, that such persons shall not be employed nor allowed to work after eight o'clock p. m. and before five o'clock a. m., and that the hours of work and the hours in school do not exceed eight in any one day, except boys twelve years of age and over who have secured a certificate from the Department of Labor for the sale or distribution of newspapers, magazines or periodicals: Provided further, that such person shall not be permitted or allowed to work more than four hours per day nor more than twenty-four hours per week: Provided further, that nothing in this article shall

be construed to prevent boys twelve years of age and over, upon securing a proper certificate from the Department of Labor, from being employed outside school hours in the sale or distribution of newspapers, magazines and periodicals (where not more than seventy-five customers are served in one day): Provided, that such boys shall not be employed between the hours of seven o'clock p. m. and six o'clock a. m., nor for more than ten hours in any one week. (1937, c. 317, s. 8.)

§ 110-9. Employment certificate required.—Before any minor under eighteen years of age shall be employed, permitted or allowed to work in, about or in connection with any gainful occupation, the person employing such minor shall procure and keep on file an employment certificate for such minor, issued as hereinafter prescribed. In case of a minor engaged in street trade where the relationship of employer and employee does not exist between such minor and the supplier of the merchandise which the minor sells, the parent or guardian of such minor shall be deemed the employer of such minor and shall procure and keep on file the employment certificate herein required. (1937, c. 317, s. 9.)

Newsboy Not Employee.—A newsboy engaged in selling papers is not an employee of the newspaper within the meaning of that term as used in the Workmen's Compensation Act, the newsboy not being on the newspaper's payroll and being without authority to solicit subscriptions and being free to select his own methods of affecting sales, although some degree of supervision was exercised by the newspaper. *Creswell v. Charlotte News Pub. Co.*, 204 N. C. 380, 168 S. E. 408 (1933).

§ 110-10. Officers authorized to issue certificates.—The employment certificate required by this article shall be issued only by county or city superintendents of public welfare in such form and under such conditions as may be prescribed by the State Department of Labor. (1937, c. 317, s. 10.)

§ 110-11. Refusal and revocation of employment certificate.—The person designated to issue employment certificates may refuse to grant such certificate, or may revoke such certificate after issuance if, in his judgment, the best interests of the minor would be served by such refusal or revocation. Employer, parent or guardian of the minor whose employment certificate has been refused or revoked may appeal to the Commissioner of Labor. (1937, c. 317, s. 11.)

§ 110-12. Method of issuing employment certificates.—The person designated to issue employment certificates shall issue such certificates only upon the application in person of the minor desiring employment, and after having approved and filed the following papers:

- (1) A promise of employment signed by the prospective employer or by someone duly authorized by him, setting forth the specific nature of the occupation in which he intends to employ such minor, and the number of hours per day and days per week which said minor shall be employed.
- (2) Evidence of age showing that minor is of the age required by this article, which evidence shall consist of one of the following proofs of age and shall be required in the order herein designated, as follows:
 - a. A duly attested transcript of the birth certificate filed according to law with a registrar of vital statistics, or other officer charged with the duty of recording births; or
 - b. A baptismal certificate or transcript of the record of baptism, duly certified, and showing the date and place of birth; or
 - c. Other documentary record of age (other than a school record or an affidavit of age) such as a Bible record, passport or transcript thereof, duly certified, or life insurance policy

which shall appear to the satisfaction of the issuing officer to be good and sufficient evidence of age; or

- d. In the case none of the aforesaid proofs of age shall be obtainable, and only in such case, the issuing officer may accept the signed statement of the physician authorized to make the physical examinations required by this section, stating that, after examination, it is his opinion that the minor has attained the age required by law for the occupation in which he expects to engage. Such statement shall be accompanied by an affidavit, signed by the minor's parents or guardian, certifying to the name, date and place of birth of the minor and that the proofs of age specified in the preceding subdivisions of this section cannot be produced.
- (3) A statement of physical fitness, signed by a public health, public school or other physician assigned to this duty by the issuing officer with the approval of the State Department of Labor, setting forth that such minor has been thoroughly examined by such physician and that he is either physically fit to be employed in any legal occupation, or that he is physically fit to be employed under certain limitations, specified in the statement. If the statement of physical fitness is limited, the employment certificate issued thereon shall state clearly the limitations upon its use, and shall be valid only when used under the limitations so stated. The minor shall not be charged a fee for such examination or statement of physical fitness. The method of making such examinations shall be prescribed by the State Department of Labor.
- (4) A school record signed by the principal of the school which the minor has last attended or by someone duly authorized by him, giving the full name, date of birth, grade last completed, and residence of the minor.

The employment certificate shall be delivered to the prospective employer of the minor for whom the employment certificate is issued, and such certificate shall be valid only for the employer named therein and for the occupation designated in the promise of employment. (1937, c. 317, s. 12.)

Editor's Note. — For decisions under former law, see *Rolin v. Tobacco Co.*, 141 N. C. 300, 53 S. E. 891 (1906); *Williamson v. Old Dominion Box Co.*, 205 N. C. 350, 171 S. E. 335 (1933).

§ 110-13. Employment certificate as evidence.—Said employment certificate duly issued shall be conclusive evidence of the age of the minor for whom issued in any proceeding involving the employment of the minor under the child labor or workmen's compensation law or any other labor law of the State, as to any act occurring subsequent to its issuance. (1937, c. 317, s. 13.)

§ 110-14. Regular and vacation employment certificates.—Employment certificates shall be of two kinds, regular certificates permitting employment during school hours, and vacation certificates, permitting employment during the school vacation and during the school term at such time as the public schools are not in session. (1937, c. 317, s. 14.)

§ 110-15. Duties of employers in regard to employment certificates.—Every employer receiving an employment certificate shall, during the period of the minor's employment, keep such certificate on file at the place of employment and accessible to any certificate-issuing officer, attendance officer, inspector, or other person authorized to enforce this article. The failure of any employer to produce for inspection such employment certificate shall be prima facie evidence of the unlawful employment of the minor. (1937, c. 317, s. 15.)

§ 110-16. **Certificates of age.**—Upon request, it shall be the duty of the officer authorized to issue employment certificates to issue to any person between the ages of eighteen and twenty-one desiring to enter employment a certificate of age upon presentation of the same proof of age as is required for the issuance of employment certificates under this article, and such certificate duly issued shall be conclusive evidence of the age of the minor for whom issued in any proceeding involving the employment of the minor under the child labor or workmen's compensation law or any other labor law of the State, as to any act occurring subsequent to its issuance. (1937, c. 317, s. 16.)

§ 110-17. **State supervision of the issuance of employment certificates.**—The State Department of Labor shall prescribe such rules and regulations for the issuance of employment certificates and age certificates as will promote uniformity and efficiency in the administration of this article. It also shall supply to local issuing officers all blank forms to be used in connection with the issuance of such certificates. Duplicates of each employment or age certificate shall be mailed by the issuing officer to the State Department of Labor within one week after issuance. The State Department of Labor may revoke any such certificate if in its judgment it was improperly issued or if the minor is illegally employed. If the certificate be revoked, the issuing officer and the employer shall be notified of such action in writing, and such minor shall not thereafter be employed or permitted to work until a new certificate has been legally obtained. (1937, c. 317, s. 17.)

§ 110-18. **Rules and regulations.** — The Commissioner of Labor of North Carolina shall have the power to make such rules and regulations for enforcing and carrying out the provisions of this article as may be deemed necessary by said Commissioner. (1937, c. 317, s. 18.)

§ 110-19. **Inspection and prosecutions.**—It shall be the duty of the State Department of Labor and of the inspectors and agents of said State Department of Labor to enforce the provisions of this article, to make complaints against persons violating its provisions, and to prosecute violations of the same. The said State Department of Labor, its inspectors and agents shall have authority to enter and inspect at any time any place or establishment covered by the article, and to have access to employment certificates kept on file by the employer and such other records as may aid in the enforcement of this article. School attendance officers are likewise empowered to visit and inspect places where minors may be employed.

Any person authorized to enforce this article may require an employer of a minor for whom an employment certificate is not on file to either furnish him within ten days the evidence required for an employment certificate showing that the minor is at least eighteen years of age, or to cease to employ or permit or allow such minor to work. (1937, c. 317, s. 19.)

§ 110-20. **Penalties.**—Whoever employs or permits or allows any minor to be employed or to work in violation of this article, or of any order or ruling issued under the provisions of this article, or obstructs the State Department of Labor, its officers or agents, or any other persons authorized to inspect places of employment under this article, and whoever having under his control or custody any minor, permits or allows him to be employed or to work in violation of this article, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than five dollars (\$5.00) nor more than fifty dollars (\$50.00), or imprisonment for not more than thirty days, or both such fine and imprisonment. Each day during which any violation of this article continues after notice from the State Department of Labor to the proprietor, manager, or other officer of the partnership, firm or corporation, shall constitute a separate and distinct offense, and the employment of any minor in violation of the article shall, with

respect to each minor so employed, constitute a separate and distinct offense. The penalties specified in this article may be recovered by the State in an action for debt brought before any court of competent jurisdiction, or through criminal proceedings, as may be deemed proper. (1937, c. 317, s. 20.)

ARTICLE 2.

Juvenile Courts.

§ 110-21. Exclusive original jurisdiction over children.—The superior courts shall have exclusive original jurisdiction of any case of a child less than sixteen years of age residing in or being at the time within their respective districts:

- (1) Who is delinquent or who violates any municipal or State law or ordinance or who is truant, unruly, wayward, or misdirected, or who is disobedient to parents or beyond their control, or who is in danger of becoming so; or
- (2) Who is neglected, or who engages in any occupation, calling, or exhibition, or is found in any place where a child is forbidden by law to be and for permitting which an adult may be punished by law, or who is in such condition or surroundings or is under such improper or insufficient guardianship or control as to endanger the morals, health, or general welfare of such child; or
- (3) Who is dependent upon public support or who is destitute, homeless, or abandoned, or whose custody is subject to controversy.

When jurisdiction has been obtained in the case of any child, unless a court order shall be issued to the contrary, or unless the child be committed to an institution supported and controlled by the State, it shall continue for the purposes of this article during the minority of the child. The duty shall be constant upon the court to give each child subject to its jurisdiction such oversight and control in the premises as will conduce to the welfare of such child and to the best interest of the State. (1919, c. 97, s. 1; C. S., s. 5039.)

Cross Reference.—As to domestic relations court, see § 7-101 et seq.

Editor's Note. — The Apprentice Law, Revisal, ch. 4, and the Juvenile Delinquent Law, Public Laws 1915, ch. 222, and all other laws inconsistent with this act are repealed and substituted by this article.

Constitutionality.—This article is held to be a constitutional and valid enactment. *State v. Burnett*, 179 N. C. 735, 102 S. E. 711 (1920); *In re Coston*, 187 N. C. 509, 122 S. E. 183 (1924).

The statute creating juvenile courts in the several counties of this State is valid, and the statute confers jurisdiction on the courts to place children under its jurisdiction in public and private institutions in proper instances. *Winner v. Brice*, 212 N. C. 294, 193 S. E. 400 (1937).

Purpose.—This section does not deal with delinquent children as criminals, but as wards of the State, and undertakes to give the control and environment that may lead to their reformation and enable them to become law-abiding and useful citizens, and a support and not a hindrance to the Commonwealth and the objection that the statute ignores or unlawfully

withholds the right to a trial by jury cannot be sustained. *State v. Burnett*, 179 N. C. 735, 102 S. E. 711 (1920).

Juvenile courts were created and organized for the purpose of administering this law, and for the original hearing and determination of matters and causes within its scope, and as such were empowered to "make such orders and decrees therein as the right and justice of the case may require," with right of appeal. *In re Prevatt*, 223 N. C. 833, 28 S. E. (2d) 564 (1944).

This section imposes upon the court the constant duty to give to each child subject to its jurisdiction such oversight and control in the premises as will conduce to the welfare of such child and to the best interest of the State. *In re Morris*, 224 N. C. 487, 31 S. E. (2d) 539 (1944); *In re Blalock*, 233 N. C. 493, 64 S. E. (2d) 848, 25 A. L. R. (2d) 181 (1951).

This article primarily conferred upon juvenile courts the power to initiate and examine and pass upon cases coming under its provisions. These powers are both judicial and administrative, and when, having acquired jurisdiction, a juvenile

court has investigated the case and determined and adjudged that the child comes within the provisions of the law and shall be controlled and dealt with as a ward of the State, this being in the exercise of the judicial powers in the premises, fixes the status of the child, and the condition continues until the child is of age, unless and until such adjudication is modified or reversed by a further judgment of the court itself or by the superior court judge hearing the cause on appeal as the article provides. *In re Blalock*, 233 N. C. 493, 64 S. E. (2d) 848, 25 A. L. R. (2d) 818 (1951).

Sections Interdependent.—The Child's Welfare Act, Public Laws of 1919, ch. 97, and this and the following sections thereof, establishing the juvenile courts, were enacted as a whole, and the sections are interrelated and interdependent, and the intent thereof is so to be interpreted. *State v. Ferguson*, 191 N. C. 668, 132 S. E. 644 (1926).

Section Not Inconsistent with section 17-39.—Original jurisdiction to adjudge a child delinquent or neglected having been conferred on the juvenile court by this section, nevertheless this statute does not repeal § 17-39, and is not inconsistent therewith. No limitation is placed by this statute upon the jurisdiction previously conferred upon the superior court by that section to issue writs of habeas corpus and to hear and determine the custody of children of parents separated but not divorced. *In re Prevatt*, 223 N. C. 833, 28 S. E. (2d) 564 (1944).

Not Amendment to Adoption Law.—The Juvenile Court Act was in no respect an amendment to the former Adoption Law, and did not affect the procedure therein prescribed for the adoption of minors. *Ward v. Howard*, 217 N. C. 201, 7 S. E. (2d) 625 (1940).

Criminal Jurisdiction.—The juvenile court, as a separate part of the superior court, is given by this section, among other things, the sole power to investigate charges of misdemeanors, and of felonies with punishment not exceeding a ten-year imprisonment, made against children between the ages of fourteen and sixteen years at the time of the offense committed, and excludes the jurisdiction of the justice of the peace to bind them over to the superior court in such instances. *State v. Coble*, 191 N. C. 554, 107 S. E. 132 (1926).

By this section and the following sections of this article in case of children under the age of sixteen years charged with being delinquent by reason of the violation of the criminal laws of the State, it is provided and intended to be provided in ef-

fect: (a) That children under fourteen years of age are no longer indictable as criminals, but must be dealt with as wards of the State, to be cared for, controlled and disciplined with a view to their reformation. (b) That in case of children between fourteen and sixteen years of age, and as to felonies, whenever the punishment cannot exceed ten years, they may if the instance requires it, be bound over to the superior court to be prosecuted under the criminal law appertaining to the charge. (c) That in case of children from fourteen to sixteen years of age as to felonies, whenever the punishment is ten years and over they are amenable to prosecution for crime as in case of adults. *State v. Burnett*, 179 N. C. 735, 102 S. E. 711 (1920).

Assault with Deadly Weapon.—The juvenile court has exclusive jurisdiction over investigation of a charge of an assault with a deadly weapon, inflicting a serious injury, made by a child within sixteen years of age, and where a justice of the peace has assumed jurisdiction and bound the defendant over to the superior court, the case will, on motion, be removed to the juvenile court, to be proceeded with as the statute directs, though at the latter date the offender's age may be more than sixteen years. *State v. Coble*, 181 N. C. 554, 107 S. E. 132 (1921).

Willful Neglect of or Refusal to Support Illegitimate Child.—Where defendant is over sixteen years of age during the time he is charged with willfully neglecting or refusing to support his illegitimate child, the superior court and not the juvenile court has jurisdiction, notwithstanding that conception of the child occurred prior to defendant's sixteenth birthday. *State v. Bowser*, 230 N. C. 330, 53 S. E. (2d) 282 (1949).

Duration of Jurisdiction.—Where the jurisdiction of the juvenile court has once attached it remains during the minority of the youthful offender, for the purpose of his correction and reformation. *State v. Coble*, 181 N. C. 554, 107 S. E. 132 (1921); *In re Coston*, 187 N. C. 509, 122 S. E. 183 (1924).

Jurisdiction to determine the right of custody of an infant as between persons with whom the infant had been placed with a view to adoption and welfare officers seeking to place the infant with his family, is within the exclusive jurisdiction of the juvenile court. *In re Thompson*, 228 N. C. 74, 44 S. E. (2d) 475 (1947).

This section gives exclusive original jurisdiction to the superior court where the custody of a child less than sixteen years

of age is in question and establishes the juvenile courts as separate, though not necessarily independent, part of the superior courts for the administration of the act, and makes the clerks of the superior courts judges of the juvenile courts. In *re Hamilton*, 182 N. C. 44, 108 S. E. 385 (1921).

Exceptions to Jurisdiction in Cases Involving Custody of Child.—The juvenile branch of the superior court has exclusive original jurisdiction in all cases wherein the custody of an infant under sixteen years of age is the subject of the controversy except (1) in cases between undivorced parents living in a state of separation, § 17-39, or (2) where there is an action for divorce, in which a complaint has been filed, pending in this State, § 50-13, or (3) where the parents have been divorced by decree of a court of a state other than North Carolina, § 50-13. *Phipps v. Vannoy*, 229 N. C. 629, 50 S. E. (2d) 906 (1948). See *In re Melton*, 237 N. C. 386, 74 S. E. (2d) 926 (1953). And see the 1949 amendment to § 50-13 which was intended to give the superior court jurisdiction in all cases where one of the parents is seeking custody. 27 N. C. Law Rev. 452.

Under the 1949 amendment to § 50-13 either parent may institute a special proceeding to obtain custody of his or her child in cases not theretofore provided for by § 50-13 or § 17-39 and this amendment authorizes a special proceeding by the mother of an illegitimate child to obtain its custody from her aunt, with whom she had entrusted the child, and thus restricts the jurisdiction of the juvenile court in such instances. In *re Cranford*, 231 N. C. 91, 56 S. E. (2d) 35 (1949).

"Controversy" Respecting Custody of Child.—In a proceeding by a father to obtain custody of his child from the parents of his deceased wife, it was contended that the father, being a fit and suitable person, had sole right to the custody of his child as a matter of law, and that therefore a "controversy" respecting the child's custody, such as would confer jurisdiction upon the juvenile court under subdivision (3) of this section, could not arise in the absence of proof of abandonment or other special fact. It was held that this contention was untenable, since the question was one of jurisdiction and not of the father's right to custody, and since the contention was perforce made in the midst of a "controversy." *Phipps v. Vannoy*, 229 N. C. 629, 50 S. E. (2d) 906 (1948). See the 1949 amendment to § 50-13.

Controversy between Father and Parents

of Deceased Wife.—Under subdivision (3) of this section the juvenile branch of the supreme court has exclusive jurisdiction of a proceeding by a father to obtain custody of his child from the parents of his deceased wife, notwithstanding that the custody of the child was awarded to the wife in a divorce action pursuant to the provisions of § 50-13. *Phipps v. Vannoy*, 229 N. C. 629, 50 S. E. (2d) 906 (1948). The 1949 amendment to § 50-13 was intended to overrule this case and give the superior court jurisdiction in all cases where one of the parents is seeking custody. 27 N. C. Law Rev. 452.

Allegations Showing Jurisdiction.—Allegations of a petition, admitted by demurrer, that the children in question were each under sixteen years of age, resided in the county and were subject to such conditions and improper guardianship and control as to endanger their morals, health, and welfare, and that petitioner was entitled to their custody as their guardian under a deed executed by their father, for the purpose of placing them in a private institution in accordance with the wishes of their father, are sufficient to show exclusive original jurisdiction of the children, for the purposes of the statute, in the juvenile court of the county. *Winner v. Brice*, 212 N. C. 294, 193 S. E. 400 (1937).

Voluntary Surrender of Custody to Juvenile Court.—Where the mother of minor children, for the purpose of having their custody given to their paternal grandmother, the father being dead, voluntarily came before the juvenile court and signed a paper turning over the custody of her children to such court, the court obtained jurisdiction during such time as the custody and control of the children is necessary, notwithstanding the absence of the statutory requirements in cases where the juvenile court proceeds directly, and the mother might not thereafter attack on the ground of want of jurisdiction a subsequent order of the juvenile court taking the custody away from the grandmother for change of condition and placing the children in the custody of an institution. In *re Bumgarner*, 228 N. C. 639, 46 S. E. (2d) 833 (1948).

A court awarding exclusive custody of a minor assumes the obligation to see that its confidence is not abused, and the court is justified in proceeding to that end with an inquiry *ex mero motu* or at the instance of an interested party. In *re Morris' Custody*, 225 N. C. 48, 33 S. E. (2d) 243 (1945).

Where the father of a minor child brings a writ of habeas corpus in the superior

court for the custody of the child, the respondent being the maternal grandmother of the child in whose care the child was left by its mother, the superior court has original jurisdiction, and the respondent's motion to transfer the hearing from the superior court to the juvenile court is properly overruled. *In re Ten Hoopen*, 202 N. C. 223, 162 S. E. 619 (1932).

Modification of Foreign Divorce Decree Awarding Custody of Children.—Where a Virginia divorce decree awarding custody

of children was subject to modification when changing conditions so required, the superior court of the county where the children resided had authority to examine the conditions then existing and, with the welfare of the children as its guide, determine the present right to custody. *Cleeland v. Cleeland*, 249 N. C. 16, 105 S. E. (2d) 114 (1958).

Applied in *McEachern v. McEachern*, 210 N. C. 98, 185 S. E. 684 (1936).

§ 110-21.1. Jurisdiction of juvenile courts over violations of motor vehicle laws.—All jurisdiction heretofore vested in the superior courts by the provisions of G. S. 20-218.1 is hereby vested in the juvenile courts of the State of North Carolina. (1949, c. 163, s. 2.)

Editor's Note.—Former § 20-218.1 referred to in the above section provided: "No juvenile court or domestic relations court of this State shall have jurisdiction over any offense involving violation of any of the motor vehicle laws or of any of the laws relating to the operation of motor

vehicles on the highways of this State when such offense has been committed by a person over fifteen years of age. Any such offense shall be within the jurisdiction of the court or courts which would have jurisdiction if the offender were over sixteen years of age."

§ 110-22. Juvenile courts created; part of superior court; joint county and city courts.—There shall be established in each county of the State a separate part of the superior court of the district for the hearing of cases coming within the provisions of this article. Such part of the superior court shall be called the juvenile court of county.

The clerk of the superior court of each county in the State shall serve ex officio as judge of the juvenile court in the hearing of cases coming within the provisions of this article, in which cases the child or children concerned therein reside in or are at the time within such county: Provided, that with the consent in writing or upon the request in writing of the clerk of the superior court of any county in the State, the board of county commissioners of such county shall have the right in its discretion at any time to appoint some other competent and qualified individual to serve as judge of the juvenile court in lieu of the clerk of the superior court. The judge so appointed shall serve for a term to run concurrent with the term of the clerk of the superior court, or the remainder of such term, and the county shall pay said judge such sum as the county commissioners of said county shall deem just and proper. Proceedings in such cases may be initiated before such judge, and in hearing such cases such judge shall comply with all the requirements and conform to the procedure provided in this article: Provided, the board of commissioners of any county shall have the right in their discretion to co-operate with the governing body of such city in the election of a judge of a juvenile court provided for in § 110-44, which judge when so elected shall perform all the duties, and possess all the powers and jurisdiction conferred by this article upon the clerk of the superior court, as well as that conferred upon the judge of the juvenile court of such cities by this article; such judge to be so elected by the joint action of the governing bodies of such city and county shall hold office for the term of one year, and until his successor shall be duly elected, and the county availing itself of the provisions of this section shall pay said judge for services rendered the county (outside of city) such sum as the county commissioners of said county shall deem just and proper. (1919, c. 97, s. 2; C. S., s. 5040; Ex. Sess. 1920, c. 85; 1945, c. 186, s. 2; 1955, c. 1043, s. 1; 1957, c. 359.)

Local Modification. — Buncombe: 1935, c. 503; Forsyth: 1935, c. 385; 1941, c. 110; c. 220; 1941, c. 208, s. 3; Durham: 1945, c. 251; Mecklenburg: 1937, c. 251.

Editor's Note.—Prior to the 1945 amendment the proviso to the second sentence of the second paragraph applied only to counties whose county seat contained twenty-five thousand inhabitants or more. For comment on the amendment, see 23 N. C. Law Rev. 341.

The 1955 amendment rewrote the first sentence of the second paragraph and added the second sentence. Section 3½ of the 1955 act, which also amended § 110-23, provides that the act shall not apply to the following counties: Brunswick, Buncombe, Burke, Caswell, Catawba, Davie,

Forsyth, Franklin, Graham, Guilford, Halifax, Haywood, Jones, Lenoir, Macon, Madison, McDowell, Nash, Onslow, Person, Pitt, Randolph, Transylvania, Vance, Warren and Watauga.

The 1957 amendment rewrote the first two sentences of the second paragraph of this section. And Session Laws 1957, cc. 363 and 454 provided that Henderson and Robeson, respectively, be inserted in the list of counties set out in the preceding paragraph of this note.

Cited in *State v. Bowser*, 230 N. C. 330, 53 S. E. (2d) 282 (1949).

§ 110-22.1. Validation of acts of superior court clerk serving as judge of county juvenile court.—All of the acts and judgments of the several clerks of the superior court of the State while serving as judge of the juvenile court of their counties since the 18th day of May, 1955, are hereby in all respects ratified, confirmed and validated. (1957, c. 1042.)

§ 110-23. Definitions of terms.—(a) The term "adult" shall mean any person sixteen years of age or over.

(b) The term "child" shall mean any minor less than sixteen years of age.

(c) The term "court" when used in this article without modification shall refer to the juvenile courts to be established as herein provided.

(d) The term "judge" when used in this article shall refer to the clerk of the superior court acting as judge of the juvenile court, or to the other appointed judge, or to the judge of the joint city and county juvenile court elected as provided in § 110-22. (1919, c. 97, s. 3; C. S., s. 5041; 1955, c. 1043, s. 2.)

Editor's Note. — The 1955 amendment inserted in subsection (d) the words "or to the other appointed judge." As to counties to which the amendatory act does not apply, see note to § 110-22.

The Term "Court."—While the act confers general jurisdiction upon the superior court, it will be understood that the term "court" when used in this statute without modification refers to the juvenile court which is therein created as a separate but not independent part of the superior court. *In re Prevatt*, 223 N. C. 833, 28 S. E. (2d) 564 (1944).

The Word "Child."—The provision of § 3, ch. 97, Public Laws 1919, that the mean-

ing of the word "child" shall be one "less than eighteen years of age," and the term "adult" shall mean any person eighteen years old or over, intended, from the interpretation of the entire chapter, that to come within the provision of the act the child should be a minor under the age of sixteen years. The discrepancy was cured by the enactment of this section in its present form in the Consolidated Statutes of 1919. *State v. Coble*, 181 N. C. 554, 107 S. E. 132 (1921).

§ 110-24. Sessions of court; records; general provisions.—Sessions of the court shall be held at such times and in such places within the county as the judge shall from time to time determine. In the hearing of any case coming within the provisions of this article the general public may be excluded and only such persons admitted thereto as have a direct interest in the case. Sessions of the court shall not be held in conjunction with any other business of the superior court, and children's cases shall not be heard at the same time as those against adults.

The court shall maintain a full and complete record of all cases brought before it, to be known as the juvenile record. All records may be withheld from indiscriminate public inspection in the discretion of the judge of the court, but such record shall be open to inspection by the parents, guardians, or other authorized representatives of the child concerned. No adjudication under the

provisions of this article shall operate as a disqualification of any child for any public office, and no child shall be denominated a criminal by reason of such adjudication, nor shall such adjudication be denominated a conviction.

This article shall be construed liberally and as remedial in character. The powers hereby conferred are intended to be general and for the purpose of effecting the beneficial purposes herein set forth. It is the intention of this article that in all proceedings under its provisions the court shall proceed upon the theory that a child under its jurisdiction is the ward of the State and is subject to the discipline and entitled to the protection which the court should give such child under the circumstances disclosed in the case. (1919, c. 97, s. 4; C. S., s. 5042.)

Quoted in part in *In re Blalock*, 233 N. C. 493, 64 S. E. (2d) 848, 25 A. L. R. (2d) 818 (1951).

§ 110-25. Petition to bring child before court.—Any person having knowledge or information that a child is within the provisions of this article and subject to the jurisdiction of the court, may file with the court a petition verified by affidavit, stating the alleged facts which bring such child within such provisions. The petition shall set forth the name and residence of the child and of the parents, or the name and residence of the person having the guardianship, custody, or supervision of such child, if the same be known or ascertained by the petitioner, or the petition shall state that they are unknown, if that be the fact. (1919, c. 97, s. 5; C. S., s. 5043.)

Where the record does not disclose that a petition to the juvenile court was originally filed by appellant, as provided in this section, he may not be heard to complain of irregularity in this respect, since

the proceeding was instituted at his instance, and he was personally present at the hearing. *In re Prevatt*, 223 N. C. 833, 28 S. E. (2d) 564 (1944).

§ 110-26. Issuance of summons; traveling expenses allowed.—Upon the filing of the petition or upon the taking of a child into custody, the court may forthwith, or after an investigation by a probation officer or other person, cause to be issued a summons signed by the judge or the clerk of the court directed to the child, unless such child has been taken into custody, and to the parent, or, in case there is no parent, to the person having the guardianship, custody, or supervision of the child, or the person with whom the child may be, requiring them to appear with the child at the place and time stated in the summons to show cause why the child should not be dealt with according to the provisions of this article.

The judge may in his discretion authorize the payment of necessary traveling expenses incurred by any witness or person summoned or otherwise required to appear at the hearing of any case coming within the provisions of this article. Such expenses shall be a charge upon the county in which the petition is filed. (1919, c. 97, s. 6; C. S., s. 5044; 1939, c. 50.)

Editor's Note.—The 1939 amendment "when approved by the judge of the struck out of the last sentence the words superior court."

§ 110-27. Custody of child may be immediate; release; bail.—If it appears from the petition that the child is embraced within subdivision one of the first section of this article, or is in such condition or surroundings that the welfare of the child requires that its custody be immediately assumed, the court may endorse or cause to be endorsed upon the summons a direction that the officer serving the same shall at once take such child into his custody.

In the case of any child who has been taken into custody or pending the final disposition of any case, the child may be released in the custody of a parent or other person having charge of the child or in the custody of a probation officer or other person appointed by the court, to be brought before the court at the time

designated. Any child embraced in this article may be admitted to bail as provided by law. When not released as herein provided, such child, pending the hearing of the case, shall be detained in such place of detention as hereinafter provided for. (1919, c. 97, s. 7; C. S., s. 5045.)

§ 110-28. Service of summons.—Service of summons shall be made personally by reading to and leaving with the person summoned a true copy thereof: Provided, that if the court is satisfied that reasonable but unsuccessful effort has been made to serve the summons personally upon any of the parties named therein, or if it shall appear to the satisfaction of the court that it is impracticable to serve a summons personally upon any of them, the court may make an order providing for service of the summons by registered mail or by publication or otherwise in such manner as the judge shall determine. It shall be sufficient to confer jurisdiction if service is effected at any time before the time fixed in the summons for the return thereof; but the court, if requested by the child or a parent, or, in case there is no parent, by the person having the guardianship, custody or supervision of the child, shall not proceed with the hearing earlier than three days after the service. Failure to serve a summons upon any person other than said child shall not impair the jurisdiction of the court to proceed in cases arising under subdivision one of the first section of this article, provided that for good cause shown the court shall have made an order dispensing with such service.

If the person summoned as herein provided shall fail without reasonable cause to appear and abide the order of the court or bring the child, he may be proceeded against as for contempt of court. In case the summons cannot be served or the party served fails to obey the same, and in any case when it shall be made to appear to the court that such summons will be ineffectual, or that the welfare of the child requires that he shall be brought forthwith into the custody of the court, a warrant may be issued on the order of the court either against the parent or guardian or other person having custody of the child or with whom the child may be, or against the child himself.

The sheriff or other lawful officer of the county in which the action is taken shall serve all papers as directed by the court, but the papers may be served by any person delegated by the court for that purpose. (1919, c. 97, s. 8; C. S., s. 5046.)

When Summons to Parents Unnecessary.—Where the juvenile court has examined into the condition of a child and has adjudged that the child is of wandering or dissolute parents, and living with its poor and dependent grandparents, who had acquiesced in the investigation and its results, it is unnecessary to the valid adjudication fixing the child as a ward of the

State and taking its custody accordingly, that the parents should have been notified to be present at the investigation, though such course is to be commended when the child is living with its parents or under their control, or they are living at the time within the jurisdiction of the court. In re Coston, 187 N. C. 509, 122 S. E. 183 (1924).

§ 110-29. Hearing; disposition of child.—Upon the return of the summons or other process or after any child has been taken into custody, at the time set for the hearing, the court shall proceed to hear and determine the case in a summary manner. The court may adjourn the hearing from time to time and inquire into the habits, surroundings, condition and tendencies of the child so as to enable the court to render such order or judgment as shall best conserve the welfare of the child and carry out the objects of this article. In all cases the nature of the proceedings shall be explained to the child and to the parents or the guardian or person having the custody or the supervision of the child. At any stage of the case the court may, in its discretion, appoint any suitable person to be the guardian ad litem of the child for the purposes of the proceeding.

The court, if satisfied that the child is in need of the care, protection or dis-

cipline of the State, may so adjudicate, and may find the child to be delinquent, neglected, or in need of more suitable guardianship. Thereupon the court may:

- (1) Place the child on probation subject to the conditions provided herein-after; or
- (2) Commit the child to the custody of a relative or other fit person of good moral character, subject, in the discretion of the court, to the supervision of a probation officer and the further orders of the court; or
- (3) Commit the child to the custody of the State Board of Welfare, to be placed by such Board in a suitable institution, society or association as described in subdivision (4) of this section, or in a suitable family home and supervised therein; or
- (4) Commit the child to a suitable institution maintained by the State or any subdivision thereof, or to any suitable private institution, society or association incorporated under the laws of the State and approved by the State Board of Public Welfare authorized to care for children, or to place them in suitable family homes; or
- (5) Render such further judgment or make such further order of commitment as the court may be authorized by law to make in any given case.
- (6) If a child of fourteen years of age be charged with a felony for which the punishment as now fixed by law cannot be more than ten years in prison his case shall be investigated by the probation officer and the judge of the juvenile court as provided for in this article, unless it appears to the judge of the juvenile court that the case should be brought to the attention of the judge of the superior court, in which case the child shall be held in custody or bound to the next term of the superior court as now provided by law. (1919, c. 97, s. 9; C. S., s. 5047; 1929, c. 84; 1957, c. 100, s. 1.)

Cross Reference. — As to authority to commit offenders to reformatory, see § 134-10.

Editor's Note. — The 1929 amendment inserted in subdivision (3) the words "in a suitable institution, society or association as described in subdivision (4) of this section".

The 1957 amendment substituted "State Board of Public Welfare" for "State Board of Charities and Public Welfare" in subdivisions (3) and (4).

Jurisdiction in Felonies.—In reference to the disposition of children charged as delinquents by reason of having violated a State or municipal law, and that alone, it is provided in § 110-29 that a child of 14 years, charged with a felony in which the punishment, as now fixed by law, cannot exceed 10 years, the judge of the juvenile court may, if the case be of a nature to require it, bind such child over to the next term of the superior court, it being the clear and necessary inference that, as to children of 14 years and upward, and in case of felonies when the punishment may exceed 10 years, the juvenile department of the superior court is without jurisdiction of the offense. As to children of 14 years and over, and in case of felonies in which the

punishment may be more than 10 years, they shall, in all instances, be subject to prosecution for crime as in case of adults. *State v. Burnett*, 179 N. C. 735, 102 S. E. 711 (1920).

Legislation Justified. — The legislature has no unlimited and arbitrary power over minors in respect to detaining them in reformatories, and enactments relating thereto are justified only upon the idea that the child is without parental care, and that his environments are such that he may reach manhood without restraint or training under corrupting influences, unless the State, as *parens patriae*, performs the duty which devolves primarily upon the parent. In *re Watson*, 157 N. C. 340, 72 S. E. 1049 (1911).

The juvenile court has no power to place a child anywhere for adoption, and when it ordered a child committed to an asylum upon its finding that the child was a neglected child, the further provision of the order that the asylum should have power to place the child in a home for adoption is void. *Ward v. Howard*, 217 N. C. 201, 7 S. E. (2d) 625 (1940).

Trial by Jury.—The constitutional right of trial by jury does not extend to an investigation into the status and needs of

a child upon the question as to whether he should be sent to a reformatory for his own good as well as the good of the community in the interest of good citizenship, nor does the restraint therein put upon the child amount to a deprivation of his liberty without due process of law, nor is it a punishment for crime. In *re Watson*, 157 N. C. 340, 72 S. E. 1049 (1911).

Habeas Corpus.—When a child is placed of court, without notice to the parent or giving him an opportunity to be heard, the parent may have the legality of the detention inquired into upon his petition for a writ of habeas corpus. In *re Watson*, 157 N. C. 340, 72 S. E. 1049 (1911).

Applied in *Winner v. Brice*, 212 N. C. 294, 193 S. E. 400 (1937).

§ 110-30. Child to be kept apart from adult criminals; detention homes.—No child coming within the provisions of this article shall be placed in any penal institution, jail, lockup, or other place where such child can come in contact at any time or in any manner with any adult convicted of crime and committed or under arrest and charged with crime. Provisions shall be made for the temporary detention of such children in a detention home to be conducted as an agency of the court for the purposes of this article, or the judge may arrange for the boarding of such children temporarily in a private home or homes in the custody of some fit person or persons subject to the supervision of the court, or the judge may arrange with any incorporated institution, society or association maintaining a suitable place of detention for children for the use thereof as a temporary detention home.

In case a detention home is established as an agency of the court it shall be furnished and carried on as far as possible as a family home in charge of a superintendent or matron who shall reside therein. The judge of the juvenile court may, with the approval of the State Board of Public Welfare, appoint a matron or superintendent or both and other necessary employees for such home in the same manner as probation officers are appointed under this article, their salaries to be fixed and paid in the same manner as the salaries of probation officers. The necessary expense incurred in maintaining such detention home shall be a public charge.

In case the judge shall arrange for the boarding of children temporarily detained in private homes, a reasonable sum for the board of such children while temporarily detained in such homes shall be paid by the county in which such child shall reside or may be found.

In case the judge shall arrange with any incorporated institution, society or association, for the use of a detention home maintained by such institution, society or association, he shall enter an order which shall be effectual for that purpose and a reasonable sum shall be appropriated by the county commissioners for the compensation of such institution, society or association for the care of children residing or found within the county who may be detained therein. (1919, c. 97, s. 10; C. S., s. 5048; 1957, c. 100, s. 1.)

Editor's Note. — The 1957 amendment substituted "State Board of Public Welfare" for "State Board of Charities and Public Welfare" in the second paragraph.

§ 110-31. Probation officers; appointment and discharge; compensation. — The judge of the juvenile court in each county shall appoint one or more suitable persons as probation officers who shall serve under his direction. The appointment of such probation officers shall be approved by the State Board of Public Welfare.

The county superintendent of public welfare shall be the chief probation officer of every juvenile court in his county and shall have supervision over the work of any additional probation officer which may be appointed.

The judge appointing any probation officer may discharge such officer for cause after serving such officer with a written notice, but no probation officer shall be discharged without the approval of the State Board of Public Welfare.

The judge appointing any probation officer may in his discretion determine that

a suitable salary be paid and may, with the approval of the judge of the superior court, fix the amount thereof. Such salary so determined and so approved shall be paid by the board of county commissioners; but no person shall be paid a salary as probation officer without a certificate of qualification from the State Board of Public Welfare.

The State Board of Public Welfare shall establish rules and regulations pursuant to which appointments under this article shall be made, to the end that such appointments shall be based upon merit only.

The appointment of a probation officer shall be in writing and one copy of the order of appointment shall be delivered to the officer so appointed and another filed in the office of the State Board of Public Welfare. (1919, c. 97, s. 11; C. S., s. 5049; 1957, c. 100, s. 1.)

Editor's Note. — The 1957 amendment fare" for "State Board of Charities and substituted "State Board of Public Wel- Public Welfare."

§ 110-31.1. Probation officers as members of county welfare staffs.

—(a) By written agreement between the judge of the juvenile court and the county superintendent of public welfare, all probation officers of the juvenile court may be regular employees of the county department of public welfare, attached to the staff of the department and responsible directly to the county superintendent of public welfare as chief probation officer of the county. Upon the election or appointment of a judge of the juvenile court who is not a party to any agreement heretofore entered into under this section, a new agreement may be entered into as provided herein.

(b) When such agreement shall have been entered into, probation officers shall be employed and compensated in the same manner as all other employees of the county department of public welfare are employed and compensated. (1947, c. 94.)

§ 110-32. Probation; conditions; revocation.—When the court places any child or adult on probation as provided in this article it shall determine the conditions of probation, which may be modified by the court at any time. A child shall remain on probation for such period as the court shall determine during the minority of such child. An adult shall remain on probation for such period as the court shall determine, not to exceed five years. The conditions of probation shall be such as the court shall prescribe, and may include among other conditions any or several of the following: That the probationer shall indulge in no unlawful or injurious habits; shall avoid places or persons of disreputable or harmful character; shall report to the probation officer as directed by the court or probation officers; shall permit the probation officer to visit him in a reasonable manner at his place of abode or elsewhere; shall answer any reasonable inquiries on the part of the probation officer concerning his conduct or condition; shall, if a child of compulsory school age, attend school regularly; shall, if an adult or a child who does not attend school, work faithfully at suitable employment; shall remain or reside within a specified place or locality; shall pay a fine in one or several sums; shall make restitution or reparation to the aggrieved parties for actual damages or losses caused by an offense upon such conditions as the court shall determine; and shall make payment for the support of any lawful dependents as required by the court.

Any person on probation may at any time be required to appear before the court, and in case of his failure to do so when properly notified by the probation officer, the court may issue a warrant for his arrest. In the case of a child on probation, if the court believes that the welfare of such child will thereby be promoted, the probation may be revoked at any time and the court may make such other disposition of the child as it might have made at the time the child was placed on probation. An adult on probation who violates any of the conditions thereof may be arrested upon a warrant issued by the court and the

court may impose any penalties which it might have imposed at the time the defendant was placed on probation. (1919, c. 97, s. 12; C. S., s. 5050.)

§ 110-33. Duties and powers of probation officers.—It shall be the duty of a probation officer to make such investigations before, during or after the trial or hearing of any case coming before the court as the court shall direct, and to report thereon in writing. The probation officer shall take charge of any child before or after the trial or hearing when so directed by the court. The probation officer shall furnish to each person released on probation under his supervision a written statement of the conditions of probation and shall instruct the probationer and other persons responsible for the welfare of the probationer regarding same, and shall enforce all the conditions of probation. Such officer shall keep informed concerning the conduct and condition of each person on probation under his supervision by visiting, requiring of reports, and in other ways, and shall report upon the progress of each case under his supervision at least monthly to the court. Such officer shall use all suitable methods not inconsistent with the conditions imposed by the court to aid and encourage persons on probation and to bring about improvement in their conduct and condition. Such officer shall keep detailed record of his work. He shall keep accurate and complete accounts of all moneys collected from persons under his supervision; he shall give receipts therefor and shall make at least monthly returns thereof; such officer shall make such report to the State Board of Public Welfare as it may from time to time require, and shall perform such other duties as the court under whose direction such officer is serving shall direct. Every probation officer shall have all the powers of a peace officer within the jurisdiction of the court which he serves. With the approval or under the direction of the judge of the court in which a probation officer is serving, such officer is authorized and empowered to act as probation officer over any person on probation transferred to his supervision from any other court and may act as parole officer over any person released from a correctional institution when requested to do so by the authorities thereof and when authorized so to act by the judge of the court in which such probation officer is serving. (1919, c. 97, s. 13; C. S., s. 5051; 1957, c. 100, s. 1.)

Editor's Note. — The 1957 amendment fare" for "State Board of Charities and substituted "State Board of Public Wel- Public Welfare" in line nineteen.

§ 110-34. Support of child committed to custodial agency. — Whenever any child is committed by the court to the custody of an institution, association, society or person other than its parent or guardian, compensation for the care of such child, when approved by the order of the court, shall be a charge upon the county, but the court may at the issuance and service of an order to show cause on the parent or other person having the duty under the law to support such child adjudge that such parent or other person shall pay in such manner as the court may direct such sum as will cover in whole or in part the support of such child, and willful failure to pay such sum may be punished as a contempt of court. (1919, c. 97, s. 14; C. S., s. 5052.)

§ 110-35. Selection of custodial agency.—In committing any child to any institution or other custodial agency other than one supported and controlled by the State or in placing the child under any guardianship other than that of its natural guardians, the court shall as far as practicable select as the custodial agency an institution, society or association governed by persons of like religious faith as the parents of such child or an individual holding the same religious belief. (1919, c. 97, s. 15; C. S., s. 5053.)

§ 110-36. Modification of judgment; determination whether child abandoned; return of child to parents. — Any order or judgment made by the court in the case of any child shall be subject to such modification from time to time as the court may consider to be for the welfare of such child, except that

a child committed to an institution supported and controlled by the State may be released or discharged only by the governing board or officer of such institution.

Upon petition by any interested person, the court shall have power to determine whether any such child is an abandoned child, within the meaning and under the provisions of chapter 48 of the General Statutes.

Any parent or guardian, or, if there be no parent or guardian, the next friend of any child who has been or shall hereafter be committed by the court to the custody of an institution other than an institution supported and controlled by the State, or to the custody of any association, society or person, may at any time file with the court a petition verified by affidavit setting forth under what conditions such child is living, and that application for the release of the child has been made to and denied by such institution, association, society or person, or that the said institution, association, society or person has failed to act upon such application within a reasonable time. A copy of such petition shall at once be served by the court upon such institution, association, society or person, whose duty it shall be to file a reply to the same within five days. If, upon examination of the petition and reply, the court is of the opinion that an investigation should be had, it may, upon due notice to all concerned, proceed to hear the facts and determine the question at issue, and may return such child to the custody of its parents or guardian or direct such institution, association, society or person to make such other arrangements for the child's care and welfare as the circumstances of the case may require.

Any child while under the jurisdiction of the court shall be subject to the visitation of the probation officer or other agent of the court authorized to visit such child. (1919, c. 97, s. 16; C. S., s. 5054; 1957, c. 778, s. 9.)

Cross Reference. — As to appeals, see § 110-40.

Editor's Note. — The 1957 amendment inserted the second paragraph.

Rights of Parents. — Parents, guardian, etc., must be notified and given an opportunity to be heard in proceedings in the juvenile courts under this section, with the right to review in the superior court upon adverse judgment; and if the child is taken over by the State, they are allowed, on proper application at any time, to have their child brought before the court, its condition inquired into and further orders made concerning it except where committed to a State institution and then they may apply directly to the superior court, thus giving full consideration to the family relation and parental rights. *State v. Burnett*, 179 N. C. 735, 102 S. E. 711 (1920).

Same—Child in State Institution.—The exception in this section, that a case may not be investigated on the petition of the parent, etc., when the child is committed to the custody of an institution controlled by the State, applies to the action of the juvenile court, and does not limit the su-

perior court in its general jurisdiction over matters of law and equity, in making upon proper application and appropriate writs, inquiry and investigation into the status and condition of children disposed of under the statute, or in rendering such orders and decrees therein as the rights and justice of the case or the welfare of the child may require. *State v. Burnett*, 179 N. C. 735, 102 S. E. 711 (1920).

Dismissal of appeal from denial of motion by respondent parents for modification of an order committing the custody of their minor children to the State Board of Public Welfare does not preclude the parents from later moving for modification of the judgment on the ground of changed conditions. *In re De Febio*, 237 N. C. 269, 74 S. E. (2d) 531 (1953).

Court May Modify Decree in Absence of Parent or Child.—Under this section the court may alter or modify its decree as to the custody of the children even in the absence of the parent or the child from its territorial jurisdiction. *In re Blalock*, 233 N. C. 493, 64 S. E. (2d) 848, 25 A. L. R. (2d) 818 (1951).

§ 110-37. Guardian appointed if welfare of child promoted.—Whenever in the course of a proceeding instituted under this article it shall appear to the court that the welfare of any child within the jurisdiction of the court will be promoted by the appointment of an individual as general guardian of its person, when such child is not committed to an institution or to an incorporated society or association, or by the appointment of an individual or corporation as general

guardian of its property, the court shall have jurisdiction to make such appointment, either upon the application of the child or of some relative or friend, or upon the court's own motion, and in that event an order to show cause may be made by the court to be served upon the parent or parents of such child in such manner and for such time, prior to the hearing, as the court may deem reasonable. In any case arising under this article the court may determine as between parents or others whether the father or mother or what person shall have the custody and direction of said child, subject to the provisions of the preceding section. (1919, c. 97, s. 17; C. S., s. 5055.)

§ 110-38. Medical examination of child; disposition if mentally defective.—The court, in its discretion, either before or after a hearing, may cause any child within its jurisdiction to be examined by one or more duly licensed physicians, who shall submit a written report thereon to the court. If it shall appear to the court that any child within the jurisdiction of the court is mentally defective he may cause the child to be examined by two licensed physicians, and on the written statement of the two examining physicians that it is their opinion that the child is mentally defective, feeble-minded, or epileptic the court may commit such child to an institution authorized by law to receive and care for mentally defective, feeble-minded or epileptic children, as the case may be. No child shall be committed to such institution unless the parent or parents or the guardian or custodian of such child, if such there be, are given an opportunity for a hearing.

Whenever a child within the jurisdiction of the court and under the provisions of this article appears to the court to be in need of medical or surgical care a suitable order may be made for the treatment of such child in a hospital or otherwise, and the expense thereof, when approved by the court, shall be a charge upon the county or the appropriate subdivision thereof; but the court may adjudge that the person or persons having the duty under the law to support such child shall pay a part or all of the expenses of such treatment as provided in § 110-34 of this article. (1919, c. 97, s. 18; C. S., s. 5056.)

§ 110-39. Neglect by parents; encouraging delinquency by others; penalty.—(a) A parent, guardian, or other person having custody of a child, who omits to exercise reasonable diligence in the care, protection, or control of such child or who knowingly or wilfully permits such child to associate with vicious, immoral, or criminal persons, or to beg or solicit alms, or to be an habitual truant from school, or to enter any house of prostitution or assignation, or any place where gambling is carried on, or to enter any place which may be injurious to the morals, health, or general welfare of such child, and any such person or any other person who knowingly or wilfully is responsible for, or who encourages, aids, causes, or connives at, or who knowingly or wilfully does any act to produce, promote, or contribute to, any condition of delinquency or neglect of such child shall be guilty of a misdemeanor.

(b) It shall not be necessary that there shall have been a prior adjudication of delinquency or neglect of the child in order to proceed under this statute.

(c) A prior adjudication of delinquency or neglect shall not preclude a subsequent proceeding against any parent, guardian or other person who thereafter contributes to any condition of delinquency or neglect. (1919, c. 97, s. 19; C. S., s. 5057; 1959, c. 1284.)

Editor's Note. — The 1959 amendment rewrote this section.

Jurisdiction.—The juvenile courts of the State are now given by statute exclusive original jurisdiction of delinquent children under sixteen years of age, with prescribed procedure by which an adjudication may

be therein determined. *State v. Ferguson*, 191 N. C. 668, 132 S. E. 664 (1926).

Instruction.—In a prosecution under this section, a charge that defendant would be guilty if he encouraged, aided and abetted the prosecuting witness "in moral delinquency" is error, since this section uses

the term "to be adjudged a delinquent" State v. Bullins, 226 N. C. 142, 36 S. E. and the two terms are not synonymous. (2d) 915 (1946).

§ 110-40. Appeals.—An appeal may be taken from any judgment or order of the juvenile court to the superior court having jurisdiction in the county by the parent or, in case there is no parent, by the guardian, custodian or next friend of any child, or by any adult described in §§ 110-38 and 110-39 of this article on behalf of any child whose case has been heard by the juvenile court. Written notice of such appeal shall be filed with the juvenile court within five days after the issuance of the judgment or order of such court.

On receipt of notice of such appeal the judge of the juvenile court shall, within five days thereafter, prepare, sign, and file with the record of the case a statement of the case on appeal, together with his decision, and notice of the appeal, and exhibit such statement to the parties or their attorneys upon request. If either party excepts or objects to the statement as partial, inadequate, or erroneous he must put his exceptions or objections in writing, and file the original and two copies thereof with the judge of the juvenile court within ten days of the filing by the judge of a statement of case on appeal. The judge of the juvenile court shall forthwith transmit his statement of the case on appeal and any exceptions or objections thereto to the resident judge of the district or to the judge holding the courts of the district.

The judge of the superior court shall on receiving a statement or record of appeal from the juvenile court hear and determine the questions of law or legal inference and the judge shall deliver to the clerk of the superior court of the county in which the action or proceeding is pending his order or judgment. The clerk of the superior court shall immediately notify the judge of the juvenile court of the order or judgment.

Where the appeal is to the superior court upon issues of fact, either party may demand that the same be tried at the first term of said court after the appeal is docketed in said court, and said trial shall have precedence over all other cases except the cases of exceptions to homesteads and the cases of summary ejectment: Provided, that said appeal shall have been docketed prior to the convening of the said court: Provided further, that the presiding judge may take up for trial in advance any pending case in which the rights of the parties or the public require it. (1919, c. 97, s. 20; C. S., s. 5058; 1949, c. 976.)

Editor's Note.—The 1949 amendment rewrote this section. For brief comment on the amendment, see 27 N. C. Law Rev. 443.

Authority of Superior Court Judge.—Where the proceedings for the custody of a child under sixteen years of age had been transferred to the juvenile court, and comes again to the superior court judge on appeal, the judge of the latter court has authority to review the findings of fact and the judgment of the former court, under the supervision and control given him by the statute, this section, and his findings upon competent evidence are conclusive on appeal to the Supreme Court. In re Hamilton, 182 N. C. 44, 108 S. E. 385 (1921).

Where the superior court judge has referred a proceeding brought by a husband in that court for the custody of his child, less than sixteen years of age, and the matter comes on appeal to the superior court again, the validity of the order sending or

transferring the petition to the juvenile court for original investigation does not present a controlling question, or affect the jurisdiction of the superior court on the appeal, for thereon the judge thereof has ample authority to hear the case, either because it was properly instituted in the first instance or by virtue of the appeal. In re Hamilton, 182 N. C. 44, 108 S. E. 385 (1921).

Application First Made to Juvenile Court.—Where the parent of a child that has been adjudicated a ward of the State under the statute relating to juvenile courts afterwards claims the possession of the child, the procedure requires that she make application to the juvenile court that had adjudicated the matter in order to avoid conflict and uncertainty as to status or condition of the child, to the end that an investigation be made of the circumstances in the course and practice of the courts. In re Coston, 187 N. C. 509, 122 S. E. 183 (1924).

Effect of Juvenile Court's Adjudication.—Where the juvenile court has by proper proceeding acquired jurisdiction of the parties and of the subject matter of children whose custody is subject to controversy, its adjudication for the welfare of the children must be held effective and binding on the parties, subject to review on appeal. *In re Prevatt*, 223 N. C. 833, 28 S. E. (2d) 564 (1944).

Writ of Habeas Corpus.—The statutory remedy by appeal being provided from the determination of the juvenile court from its judgment that a certain child comes within the statutory provisions, and the status of the child has been ascertained by the juvenile court as being that of a ward of the State, the writ of habeas corpus is not available to the parent or other person claiming the child, unless in rare and exceptional cases wherein the welfare of the

child has not been properly provided for. *In re Coston*, 187 N. C. 509, 122 S. E. 183 (1924).

While *prima facie* the parent has the right to the custody of his child in preference to others, this right is not an absolute one and must yield when the best interest of the child requires it; and when the father has filed his petition in habeas corpus proceedings for the custody of his child in the possession of his deceased wife's parents, the award of the superior court judge for the respondents upon findings, sustained by the evidence, that the father was an unsuitable person, and that the best interest of the child required that she should remain with her grandparents, will not be disturbed in the Supreme Court on appeal. *In re Hamilton*, 182 N. C. 44, 108 S. E. 385 (1921).

§ 110-41. Compensation of judge.—The judge of the juvenile court shall be paid a reasonable compensation for his services, the amount to be determined by the county commissioners, and the amount thus determined by the county commissioners shall be charged against the public funds of the county. And such compensation shall be independent of any compensation which may come to him as clerk of the superior court. (1919, c. 97, s. 21; C. S., s. 5059.)

Cross Reference.—As to salaries of city and joint city and county juvenile courts, see §§ 110-22 and 110-44.

§ 110-42. Public officers and institutions to aid.—It is hereby made the duty of every State, county or municipal official or department to render such assistance and co-operation within his or its jurisdiction or power as shall further the objects of this article. All institutions or other agencies to which any person coming within the provision of this article may be sent are hereby required to give such information concerning such child to the court or to any other officer appointed by it as said court or official may require for the purposes of this article. The court is authorized to seek the co-operation of all societies, organizations or individuals to the end that the court may be assisted in every way in the discharge of its duties. (1919, c. 97, s. 22; C. S., s. 5060.)

§ 110-43. Rules of procedure devised by court.—The court shall have power to devise and publish rules to regulate the procedure in cases coming within the provisions of this article and for the conduct of all probation and other officers of the court in such cases. The court shall devise and cause to be printed for public use such forms for records and for various petition, orders, processes, and other papers in the cases coming within this article as shall meet the requirements thereof, and all expenses incurred in complying with the provisions of this article shall be a public charge. (1919, c. 97, s. 23; C. S., s. 5061.)

§ 110-44. City juvenile courts and probation officers.—Every city in North Carolina where the population was, by the last federal census report, ten thousand or more may maintain a juvenile court, to which is hereby given the powers, duties and obligations of this article to be exercised within their territorial boundaries. Such city juvenile courts shall conduct their business in accordance with the procedure set forth in this article as applying to the county juvenile court. It is hereby made the duty of governing bodies of such cities to make provisions for such courts and bear the expense thereof, either by requiring

the recorder to act as a juvenile judge or by the appointment of a separate judge. The governing bodies of such cities shall also appoint one or more assistant probation officers who shall serve within its jurisdiction under the general supervision of the chief probation officer of the county, which chief probation officer of the county is hereby made the chief probation officer of the city court herein provided for. The salary of the juvenile court judge shall be fixed and paid by the governing body of the city, and such governing bodies are hereby given authority to expend such sums from the public funds of the city as may be required to carry this article into effect.

In case it may appear to the governing bodies of such cities herein described that it would be best to allow the county juvenile court to transact the business of the city, they may make such provisions and agreements with the county commissioners for the expense of the joint court as may be agreed upon, and in such event such a city is hereby permitted to make such arrangement in lieu of establishing a city juvenile court. But in case the county commissioners will not agree to such arrangement, then the city may establish a juvenile court, as provided in this section. Provided, that in the event the governing bodies of such cities reach an agreement with the county commissioners, whereby the county juvenile court shall also transact the business of the city juvenile court, the governing bodies of such city and county, by joint resolution, may elect a judge and an assistant judge of the combined court, who may be persons other than the clerk of the superior court, and who shall hold such office for the term of one year, and until their successors shall be duly elected. Such judge and assistant judge, when so elected, shall perform all the duties and possess all the powers and jurisdiction conferred by this article upon the clerk of the superior court, as well as that conferred upon the judge of the juvenile court of such cities by this article. The assistant judge provided for by this section shall only perform the functions of judge of the combined juvenile court when the regular judge is unavoidably absent, or sick, and no orders shall be entered by him except in such cases. The compensation of the judge and of the assistant judge provided for by this section shall be determined by the county commissioners and paid by such county. The part of said salary that shall be paid by such city shall be determined by agreement between the governing bodies of the two units, as hereinbefore provided for. The authority is also hereby given by this section for the election of an assistant judge of the juvenile court in cases where counties elect to combine with a city juvenile court and let such court transact the joint business of both county and city.

Any town of five thousand population which is not a county seat, and in which there is a recorder's court, may, if deemed advisable and necessary by the governing body, provide for the conduct of a juvenile court within the territorial jurisdiction of such recorder's court: Provided, that the provisions and procedure of this article are fully followed as in case for towns of ten thousand inhabitants. (1937, c. 124, s. 4; 1951, c. 319, s. 3.)

Editor's Note. — The 1951 amendment added the proviso at the end of subdivision (5).

§ 111-16. Application transmitted to Commission; notice of award; review by Commission.—Promptly after an application for aid is made to the board of county commissioners under this article the North Carolina State Commission for the Blind shall be notified thereof by mail, by said county commissioners, and one of the duplicate applications for aid made before the board of county commissioners shall be transmitted with said notice.

As soon as any award has been made by the board of county commissioners, or any application declined, prompt notice thereof in writing shall be forwarded by mail to the North Carolina State Commission for the Blind and to the applicant, in which shall be fully stated the particulars of the award or the facts of denial.

Within a reasonable time, in accordance with rules and regulations adopted by the North Carolina State Commission for the Blind, after action by the board of county commissioners, the applicant, if dissatisfied therewith, may appeal directly to the North Carolina State Commission for the Blind. Notice of such ap-

As soon as may be practicable after the receipt of the said notice of appeal, the North Carolina State Commission for the Blind shall notify the applicant of the time and place where the hearing of such appeal will be had. The members of the North Carolina State Commission for the Blind shall hear the said appeal under such rules and regulations not inconsistent with this article as it may establish, and shall provide for granting an individual whose claim for aid is denied an opportunity for fair hearing before said Commission, and their decision shall be final. Any notice required to be given herein may be given by mail or by personally delivering in writing such notice to the clerk of the board of county commissioners or the executive secretary of the North Carolina State Commission for the Blind, except that notice of the time and place where the hearings of such appeals will be had shall be given by mail or by personal delivery of such notice in writing direct to the applicant.

In all cases, whether or not any appeal shall be taken by the applicant, the North Carolina State Commission for the Blind shall carefully examine such award or decision, as the case may be, and shall, in their discretion, approve, increase, allow or disallow any award so made. Immediately thereafter they shall notify the board of county commissioners and the applicant of such action, and if the award made by the board of county commissioners is changed, notice thereof shall be given by mail to the applicant and the board of county commissioners, giving the extent and manner in which any award has been changed.

If, in the absence of any appeal by the applicant, the North Carolina State Commission for the Blind shall make any order increasing or decreasing the award allowing or disallowing the same, the applicant or the board of county commissioners shall have the right, within ten days from notice thereof, to have such order reviewed by the members of the North Carolina State Commission for the Blind. The procedure in such cases shall be as provided in this section on appeals to the Commission by the applicant. (1937, c. 124, s. 5.)

§ 111-17. Amount and payment of assistance; source of funds.—

When the board of county commissioners is satisfied that the applicant is entitled to relief under the provisions of this article, as provided in § 111-14, they shall order necessary relief to be granted under the rules and regulations prescribed by the North Carolina State Commission for the Blind, but in no case in an amount to exceed thirty dollars per month to be paid from county, State and federal funds available, said relief to be paid in monthly payments from funds hereinafter mentioned.

At the time of fixing the annual budget for the fiscal year beginning July first, one thousand nine hundred thirty-seven and annually thereafter, the board of county commissioners in each county shall, based upon such information as they are able to secure and with such information as may be furnished to them by the North Carolina State Commission for the Blind, estimate the number of needy blind persons in such county who shall be entitled to aid under the provisions of this article and the total amount of such county's one-fourth part thereof required to be paid by such county. All such counties shall make an appropriation in their budgets which shall be found to be ample to pay their part of such payments and, at the time of levying other taxes, shall levy sufficient taxes for the payment of the same. This provision shall be mandatory on all of the counties in the State. Such taxes so levied shall be and hereby are declared to be for this special purpose and levied with the consent of the General Assembly. Any court of competent jurisdiction is authorized by mandamus to enforce the foregoing

provisions. No funds shall be allocated to any county by the North Carolina State Commission for the Blind until the provisions hereof have been fully complied with by such county.

In case such appropriation is exhausted within the year and is found to be insufficient to meet the county's one-fourth part of the amount required for aid to the needy blind, such deficiency may be borrowed, if within constitutional limitations, at the lowest rate of interest obtainable, not exceeding six per cent, and provision for payment thereof shall be made in the next annual budget and tax levy.

The board of county commissioners in the several counties of the State shall cause to be transmitted to the State Treasurer one fourth of the total amount of relief granted to the blind applicants. Such remittances shall be made by the several counties in equal monthly installments on the first day of each month, beginning July first, one thousand nine hundred thirty-seven. The State Treasurer shall deposit said funds and credit same to the account of the North Carolina State Commission for the Blind to be employed in carrying out the provisions of this article. (1937, c. 124, s. 6.)

§ 111-18. Payment of awards.—After an award to a blind person has been made by the board of county commissioners, and approved by the North Carolina State Commission for the Blind, the North Carolina State Commission for the Blind shall thereafter pay to such person to whom such award is made the amount of said award in monthly payments, or in such manner and under such terms as the North Carolina State Commission for the Blind shall determine. Such payment shall be made by warrant of the State Auditor, drawn upon such funds in the hands of the State Treasurer, at the instance and request and upon a proper voucher signed by the executive secretary of the North Carolina State Commission for the Blind, and shall not be subject to the provisions of the Executive Budget Act as to approval of said expenditure. (1937, c. 124, s. 7.)

§ 111-19. When applications for relief made directly to State Commission; transfer of residence.—If any person, otherwise entitled to relief under this article, shall have the residence requirements in the State of North Carolina, but no legal settlement in any one of the counties therein, his or her application for relief under this article shall be made directly to the North Carolina State Commission for the Blind, in writing, in which shall be contained all the facts and information sufficient to enable the said Commission to pass upon the merits of the application. Blank forms for such application shall be furnished by the North Carolina State Commission for the Blind. If the said Commission finds the applicant entitled to assistance within the rules and regulations prescribed by it, and consonant with the provisions of this article, relief shall be given to such person coming under the rules of eligibility to such extent as the North Carolina State Commission for the Blind may consider just and proper, but not in excess of the amounts specified in § 111-17. Payment of the benefits thus awarded, however, shall be made entirely out of the funds provided by the State, together with such funds which may be added thereto as federal grants in aid, and shall not be a charge upon the funds locally raised by taxation in the counties until such person shall have resided in some county for sufficient time to acquire a settlement therein; thereafter payments shall be made as in other cases.

Any recipient of aid to the blind who moves to another county in this State shall be entitled to receive aid to the blind in the county to which he has moved, and the board of county commissioners, or its authorized agent, of the county from which he has moved shall transfer all necessary records relating to the

recipient to the board of county commissioners, or its authorized agent, of the county to which he has moved. The county from which the recipient moves shall pay the aid to such recipient for a period of three months following such removal, not in excess of the amount paid before removal, and thereafter aid to such recipient shall be paid by the county to which such recipient has moved subject to the rules and regulations of the North Carolina State Commission for the Blind. (1937, c. 124, s. 8; 1947, c. 374.)

Editor's Note. — The 1947 amendment added the second paragraph.

§ 111-20. Awards subject to reopening upon change in condition.—All awards to needy blind persons made under the provisions of this article shall be made subject to reopening and reconsideration at any time when there has been any change in the circumstances of any needy blind person or for any other reason. The North Carolina State Commission for the Blind and the board of county commissioners of each of the counties in which awards have been made shall at all times keep properly informed as to the circumstances and conditions of the persons to whom the awards are made, making reinvestigations biannually, or more often, as may be found necessary. The North Carolina State Commission for the Blind may at any time present to the proper board of county commissioners any case in which, in their opinion, the changed circumstances of the case should be reconsidered. The board of county commissioners shall reconsider such cases and any and all other cases which, in the opinion of the board of county commissioners, deserve reconsideration. In all such cases notice of the hearing thereon shall be given to the person to whom the award has been made. Any person to whom an award has been made may apply for a reopening and reconsideration thereof. Upon such hearing, the board of county commissioners may make a new award increasing or decreasing the former award or leaving the same unchanged, or discontinuing the same, as it may find the circumstances of the case to warrant, such changes always to be within the limitations provided by this article and in accordance with the terms hereof.

Any changes made in such award shall be reported to the North Carolina State Commission for the Blind, and shall be subject to the right of appeal and review, as provided in § 111-16. (1937, c. 124, s. 9.)

§ 111-21. Disqualifications for relief.—No aid to needy blind persons shall be given under the provisions of this article to any individual for any period with respect to which he is receiving aid under the laws of North Carolina providing aid for dependent children and/or relief for the aged, and/or aid for the permanently and totally disabled. (1937, c. 124, s. 10; 1951, c. 319, s. 2.)

Misrepresentation or fraud in obtaining assistance.—Any person who shall obtain, or attempt to obtain, by means of a willful, false statement, or representation, or impersonation, or other fraudulent devices, assistance to which he is not entitled shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than five hundred (\$500.00) dollars, or by imprisonment in the county jail for not more than three months, or by both such fine and imprisonment. The superior court and the recorders' courts shall have concurrent jurisdiction in all prosecutions arising under this article. (1937, c. 124, s. 12.)

§ 111-24. Co-operation with federal Social Security Board; grants from federal government.—The North Carolina State Commission for the

Blind is hereby empowered and authorized and directed to co-operate with the federal Social Security Board, created under Title X of the Social Security Act, approved August fourteenth, one thousand nine hundred thirty-five, in any reasonable manner as may be necessary to qualify for federal aid for assistance to the needy blind and in conformity with the provisions of this article, including the making of such reports in such form and containing such information as the federal Social Security Board may from time to time require, and comply with such regulations as said Board may from time to time find necessary to assure the correctness and verification of such reports.

The North Carolina State Commission for the Blind is hereby further empowered and authorized to receive grants in aid from the United States government for assistance to the blind and grants made for payment of cost of administering the State plan for aid to the blind, and all such grants so received hereunder shall be paid into the State treasury and credited to the account of the North Carolina State Commission for the Blind in carrying out the provisions of the article. (1937, c. 124, s. 13.)

§ 111-25. Acceptance and use of federal aid.—The Commission for the Blind may expend, under the provisions of the Executive Budget Act, such grants as shall be made for paying the cost of administering this chapter by the federal government under Title X of the Social Security Act. (1937, c. 124, s. 14.)

§ 111-26. Termination of federal aid.—If for any reason there should be a termination of federal aid as anticipated in this article, then and in that event this article shall be ipso facto repealed and rendered null and void: Provided, however, such repeal shall not become effective or be in force unless and until the Governor of the State of North Carolina has issued a proclamation duly attested by the Secretary of the State of North Carolina to the effect that there has been a termination of such federal aid. In the event that this article should be ipso facto repealed as herein provided, the State funds on hand shall be converted into the general fund of the State for such use as may be authorized by the Director of the Budget, and the county funds accumulated by the provisions of this article in the respective counties of the State shall be converted into the general fund of such counties for such use as may be authorized by the county commissioners. The said Commission may co-operate with the federal government in the furtherance of the provisions of the act of Congress known as the Randolph-Sheppard Bill (H. (1939, c. 123.)

§ 111-27.1. Commission authorized to conduct certain business operations.—For the purpose of assisting blind persons to become self-supporting the North Carolina State Commission for the Blind is hereby authorized to carry on activities to promote the rehabilitation and employment of the blind, including the operation of various business enterprises suitable for the blind to be employed in or to operate. The Executive Budget Act shall apply to the operation of such enterprises as to all appropriations made by the State to aid in the organization and the establishment of such businesses. Purchases and sales of merchandise or equipment, the payment of rents and wages to blind persons operating such businesses, and other expenses thereof, from funds derived from local subscriptions and from the day by day operations shall not be subject to the provisions of law regulating purchases and contracts, or to the deposit and disbursement thereof applicable to State funds but shall be supervised by the State Commission for the Blind. All of the business operations under this law, however, shall be subject to regular audits by the State Auditor. (1945, c. 72, s. 2.)

The North Carolina State Commission for the Blind is hereby further authorized and empowered to make such rules and regulations as may be required by the federal government or State or federal agency as a condition for receiving such federal funds, not inconsistent with the laws of this State.

Whenever the words "Social Security Board" appear in §§ 111-6, 111-13 to 111-26 the same shall be interpreted to include any agency of the federal government which may be substituted therefor by law.

The North Carolina State Commission for the Blind is hereby authorized and empowered to enter into reciprocal agreements with public welfare agencies in other states relative to the provision of assistance and services to residents, non-residents, or transients, and co-operate with other agencies of the State and federal governments in the provision of such assistance and services and in the study of the problems involved.

The North Carolina State Commission for the Blind is hereby authorized and empowered to establish and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files, and communications of the department.

It shall be unlawful, except for purposes directly connected with the administration of aid to the needy blind and in accordance with the rules and regulations of the State Commission for the Blind, for any person or persons to solicit, disclose, receive, make use of, or to authorize, knowingly permit, participate in, or acquiesce in the use of, any list of or name of, or any information concerning, persons applying for or receiving aid to the needy blind, directly or indirectly derived from the records, papers, files, or communications of the State Commission for the Blind or the board of county commissioners or the county welfare department, or acquired in the course of the performance of official duties. Such amount shall be expended and disbursed solely for the use of the needy blind coming within the eligibility provisions outlined in chapter one hundred and twenty-four of the Public Laws of one thousand nine hundred and thirty-seven. No bond shall be required of, or fee paid to, the guardian where the amount of money received does not exceed the State maximum grant for aid to the blind. Such person so designated shall use and faithfully apply said moneys for the sole benefit and maintenance of such

Class "A." To all Confederate soldiers not included in § 112-17, who are now disabled from any cause to perform manual labor, twelve hundred dollars (\$1200.00).

Class "B." To such colored servants who went with their masters to the war and can prove their service to the satisfaction of the county and State pension boards, four hundred and fifty-six dollars (\$456.00).

Widows

Class "A." To the widows of ex-Confederate soldiers who are blind in both eyes or totally helpless, nine hundred dollars (\$900.00).

Class "B." To the widows of ex-Confederate soldiers who were married to such soldiers on or before January first, eighteen hundred and eighty, and to such widows who were married to such soldiers subsequent to January first, eighteen hundred and eighty, and who are now on the pension rolls, by virtue of previous statutes, four hundred ninety-two dollars (\$492.00). Provided, that the State Board of Pensions upon the recommendation of the county pension board, may add to Class B list of pensions such widows of Confederate veterans who were married to the deceased veterans prior to the year one thousand eight hundred and ninety-nine and who are now more than sixty years of age, as in the judgment of the State Board of Pensions are meritorious and deserving, and who from old age or other afflictions are unable to earn their own living. (1921, c. 189, s. 9; Ex. Sess. 1921, c. 89; C. S., s. 5168(j); Ex. Sess. 1924, c. 111; 1927, c. 96, s. 2; 1929, c. 300, s. 1; 1935, c. 46; 1937, c. 318; 1945, c. 699, s. 1; 1945, c. 1051, ss. 1-3; 1949, c. 1158, ss. 1-4; 1953, c. 1225; 1957, c. 1395, s. 1.)

Editor's Note. — The 1929 amendment added the proviso at the end of this section. The 1935 and 1937 amendments made changes in the paragraph entitled "Class A" under "Widows". And the 1945 and 1949 amendments increased the various allowances.

The 1953 amendment increased the pensions for "Class A" widows from \$600.00 to \$720.00 and for "Class B" widows from \$312.00 to \$372.00. The 1957 amendment increased the pensions for "Class A" widows to \$900.00 and for "Class B" widows to \$492.00.

§ 112-19. Certain widows of Confederate soldiers placed on Class B pension roll.—All widows of Confederate soldiers who have lived with such soldiers for a period of five years prior to the death of such soldier, or for any period of time if a child was born of said marriage, and where the death of the soldier occurred since the year one thousand eight hundred ninety-nine, shall, upon proper proof of such facts, be placed upon the pension list in Class B, and paid from the pension fund such pensions as are allowed to other widows of Confederate soldiers in Class B: Provided, that no payments shall be made to any widows of Confederate soldiers as hereinbefore referred to, except and until they shall have qualified for said benefits under and pursuant to the general State pension laws as modified hereby. (1937, cc. 181, 454; 1953, c. 1169; 1959, c. 1004.)

Editor's Note. — The 1953 amendment substituted "five years" for "ten years" in line two, it being the stated purpose of the amendment "to reduce from ten years to five years the period for which widows of certain Confederate soldiers must have

lived with such soldiers in order to be placed upon the Class B pension roll."

The 1959 amendment inserted the words "or for any period of time if a child was born of said marriage" in lines two and three.

§ 112-20. Persons not entitled to pensions.—No person shall be entitled to receive the benefits of this article:

- (1) Who is an inmate of the Soldiers' Home at Raleigh;
- (2) Who is confined in an asylum or county home;
- (3) Repealed by Session Laws 1959, c. 181, s. 1.

- (4) Who holds a national, State, or county office, which pays annually in salary or fees the sum of three hundred dollars (\$300);
- (5) Who was a deserter, or the widow of such deserter; but no soldier who has been honorably discharged, or who was in service at the surrender shall be considered a deserter in the meaning of this section;
- (6) Who is receiving aid from the State under any act providing for the relief of soldiers who are blind or maimed;
- (7) Who owns in his own right, or in the right of his wife, property whose tax valuation exceeds two thousand dollars (\$2,000), or who, having owned property in excess of two thousand dollars (\$2,000), has disposed of the same by gift or voluntary conveyance to his wife, child, next of kin, or to any other person since the eleventh day of March, one thousand eight hundred and eighty-five: Provided, that the county board of pensions may place upon the pension roll, in the classes to which they would otherwise belong, any Confederate soldier, sailor, or widow disqualified by the provisions of this section, who may appear to be unable to earn a living from property valued as much as two thousand dollars (\$2,000) or more for taxation, and who may appear to the board from special circumstances worthy to be placed upon the pension roll. (1921, c. 189, s. 10; C. S., s. 5168(k).)

Editor's Note.—Section 2 of the act repealing subdivision (3) provides: "It is the intent of this act that any widow of a Confederate soldier, who is qualified to receive a pension from this State under article 2

of chapter 112 of the General Statutes, may continue to receive such a pension, even though she is eligible for and receives a pension from any other state or from the United States."

§ 112-21. Removal from pension lists of persons eligible for old age assistance. — All widows of Confederate veterans and all colored servants of Confederate soldiers who are eligible for old age assistance under the provisions of §§ 108-15 to 108-76, from and after the first day of June, one thousand nine hundred thirty-nine, shall not be entitled to any pension provided by the provisions of chapter 112, entitled "Confederate Homes and Pensions," and any acts of the General Assembly amendatory thereof, or by virtue of any special or general law relating to pensions for widows of Confederate veterans or colored servants of Confederate soldiers.

Before the first day of June, one thousand nine hundred thirty-nine, the county board of welfare in every county in this State shall make a complete and thorough examination and investigation of all widows of Confederate veterans and all colored servants of Confederate soldiers whose names are on the pension roll in each county, and shall determine the eligibility of such pensioners for old age assistance under the provisions of §§ 108-15 to 108-76 without any applications being made by such persons for old age assistance as required by said law, and after making such investigation, shall determine the eligibility of such persons for old age assistance and the amount of assistance which any such person is entitled to receive in accordance with the provisions of the Old Age Assistance Act. After such investigations and determinations have been made, the county board of welfare shall notify the county pension board in the county of such county board of welfare of the persons who are found to be eligible for old age assistance under the provisions of said law. Upon such certification to the county pension board, the county pension board shall revise the list of pensioners in said county and shall exclude from said list all the widows of Confederate veterans and all colored servants of Confederate soldiers who are certified as being eligible for old age assistance. The county pension board shall, upon receipt of such certification from the county board of welfare, and revision of the pension list as aforesaid, notify the State Board of Pensions of the revision of the pension list for said county and the names eliminated therefrom. The county board of welfare, in making the aforesaid certification to the county pension

board, shall also send a copy thereof to the State Board of Pensions, and such certification from the county board of welfare to the State Board of Pensions shall be sufficient authority for removal of such names from the pension list by the State Board of Pensions. If it should thereafter be determined that such person so removed from the pension list was not eligible for old age assistance by the authority administering said law, the award for old age assistance to such person is revoked, the name of such person, if otherwise eligible, shall be restored to the said pension list by the county pension board, and the full pension to which such person would be entitled, if the name had not been withdrawn from said list, shall be paid.

As to all persons found eligible for old age assistance whose names are removed from the pension list as herein required, the amount necessary for payment of awards for old age assistance shall be paid entirely out of State and federal funds.

In the event it is determined by the county board of welfare that the awards which such eligible persons are entitled to receive shall be less than the amount paid such persons as pensions, such names shall not be withdrawn from the said pension list, and the county board of welfare shall not make any award of old age benefits to such persons.

After the county pension board has revised the list of pensions in each county as herein provided, and after having certified the same to the State Board of Pensions, the State Board of Pensions shall certify the revised list of pensioners to the State Auditor and the State Auditor shall transmit to the clerks of the superior court in the several counties a correct revised list of pensioners, with their post offices, as allowed by the State Board of Pensions. (1937, c. 227; 1939, c. 102.)

Editor's Note.—The 1939 amendment re-wrote this section.

Part 3. Application for Pensions.

§ 112-22. **Forms provided by Auditor.**—The Auditor of the State shall provide a form of application (according to the terms of this article), and have the same printed and sent to the clerks of the superior court of the several counties of the State for use of applicants. (1921, c. 189, s. 11; C. S., s. 5168(1).)

§ 112-23. **Application by person, guardian or receiver.**—No soldier, officer, sailor, or widow shall be entitled to the benefits of this chapter except upon his or her own application, or, in case he or she is insane, upon the application of his or her guardian or receiver. (1921, c. 189, s. 12; C. S., s. 5168(m).)

§ 112-24. **Applications by persons not on rolls.** — Before any officer, soldier, or sailor, not now receiving a pension, shall receive any part of the annual appropriation made for pensions he shall, on or before the first Monday in July of every year, file with the superior court clerk of the county wherein he resides an application for relief, setting forth in detail the company and regiment or battalion in which he served at the time of receiving the wound; the time and place of receiving the wound; whether he is holding an office in the State, United States, or county from which he is receiving the sum of three hundred dollars (\$300) in fees or salary; whether he is worth in his own right or in the right of his wife, property at its assessed value for taxation to the amount of two thousand dollars (\$2,000); whether he is receiving any aid from the State of North Carolina under any other statute providing for the relief of the maimed and blind soldiers of the State; and whether he is a citizen of the State of North Carolina. Such application shall be verified by the oath of the applicant made before anyone empowered to administer oaths, and shall be accompanied by the affidavit of one or more credible witnesses, stating that he or they verily believe the applicant to be the identical person named in the applica-

tion, and that the facts stated in the application are true; and when the county board of pensions is satisfied with the justice of the claim made by the applicant they shall so certify the same to the Auditor of the State under their hands and the seal of the superior court of their county, which shall be impressed by the clerk of the superior court of the county; and there shall accompany the certificate so sent to the Auditor the application, affidavit, and proofs taken by them, which papers shall be kept on file in the Auditor's office. Clerks of the superior courts shall receive no fees whatsoever for services herein required of them. (1921, c. 189, s. 13; C. S., s. 5168(n).)

§ 112-25. Time for forwarding certificate; Auditor to issue warrant.—It shall be the duty of the clerk of the superior court of the county where the application is filed to forward to the Auditor of the State, immediately after the certificate required by § 112-24 is made and before the first Monday in August in each year, the application and proofs and certificates, and upon the State Board of Pensions being satisfied of the truth and genuineness of the application, the Auditor shall issue his warrant on the State Treasurer for the same. (1921, c. 189, s. 14; C. S., s. 5168(o).)

§ 112-26. Subsequent certificate; suggestion of fraud.—After an application has once been passed upon and allowed by the county and State boards, it shall be necessary only for the applicant to file with the Auditor of State a certificate from the clerk of the superior court of the county in which the application was originally filed, setting forth that the applicant is the identical person named in the original application which is on file in the Auditor's office, and that the applicant is alive, but still disabled, and a citizen of this State, and still entitled to the benefits of this article, which certificate may be passed upon by the State Board, upon suggestions of fraud, before the Auditor draws his warrant upon such certificate. (1921, c. 189, s. 15; C. S., s. 5168(p).)

Part 4. Payment of Pensions; Warrants.

§ 112-27. Payment of pensions in advance; acknowledgment of receipt of warrants.—Pensions are payable monthly in advance, and the State Auditor shall divide into twelve equal installments the yearly amount due each pensioner and shall transmit to the clerks of the superior court of the various counties warrants for the same on or before the first day of each calendar month, the installment then due. It shall be the duty of the clerk of the superior court to acknowledge to the Auditor the receipt of such warrants by the next mail after their receipt, to deliver or mail forthwith to each pensioner in his county his warrant, and to post in the courthouse a list of the pensioners to whom he has mailed or delivered warrants. (1921, c. 189, s. 16; C. S., s. 5168(q); 1939, c. 187, s. 1.)

Editor's Note.—Prior to the 1939 amendment pensions were payable twice a year. **Pension Not Assignable.**—Installments of a pension payable in the future are not assignable. *Gill v. Dixon*, 131 N. C. 87, 42 S. E. 538 (1902).

§ 112-28. Warrants payable to pensioner or order; indorsement; copy of power of attorney.—The Auditor shall issue his warrant payable to the pensioner, or order, and such warrants shall not be paid by the Treasurer without the indorsement of the payee or his duly appointed attorney in fact, specially authorized to make such indorsement; and if such indorsement is made by the attorney in fact of the payee, a copy of the power of attorney, duly attested by the clerk of the superior court or a justice of the peace or notary public of the county in which the payee resides shall be attached to the warrant. (1921, c. 189, s. 17; C. S., s. 5168(r); 1941, c. 152, s. 3.)

Editor's Note.—Prior to the 1941 amendment the indorsement of the payee was required to be officially attested.

Part 5. Funds Provided for Pensions.

§ 112-29. **Limit and distribution of appropriation.**—The State Auditor is authorized, empowered and directed to apportion, distribute and divide the money appropriated by the State for pensions, and to issue warrants to the several pensioners pro rata in their respective grades: Provided, that if the money appropriated by the General Assembly for the Confederate soldiers, widows and servants is more than enough to pay them the amounts mentioned in this chapter, or if for any other cause, after paying the Confederate soldiers, widows and servants the amount stipulated in their respective grades as set out in this chapter, there should be an excess of the money appropriated for the first year, then the balance in the fund so appropriated for the first year shall revert and supplement the fund appropriated for the second year of the biennium: Provided, further, that if any moneys herein appropriated for the purposes aforesaid, shall not be needed to pay the Confederate soldiers, widows and servants the amounts stipulated in their respective grades, then such moneys shall be paid by the State Board of Pensions into the treasury and become a part of the general fund appropriated by the State for other purposes: Provided, that no greater amount shall be paid out under this chapter than is appropriated under the General Appropriation Maintenance Act. (1921, c. 189, s. 20; C. S., s. 5168(u); 1927, c. 96, s. 4.)

Legislative Right. — It is the exclusive right of the legislature to determine and declare by whom and how the indigent of the State entitled to support shall be as-

certained and from what fund and by whom allowances for their support shall be made. *Board v. Commissioners*, 113 N. C. 379, 18 S. E. 661 (1893).

§ 112-30. **Increase by counties; special tax.** — The county commissioners of each county in the State are authorized and empowered, if in their discretion such levy is deemed advisable, to levy for each year, at the same time and in the same manner as the levy of other county taxes, a special tax not exceeding two cents on the hundred dollars valuation of property and six cents on each taxable poll for the purpose of increasing the pensions of Confederate soldiers and widows.

Such tax shall be collected and accounted for by the sheriff or other tax collector in the same manner and under the same penalties as other taxes levied for the county, and the net proceeds thereof shall be applied each year to increase pro rata the pensions of such persons as stand upon the Confederate pension roll of the county for the year in which the tax is levied.

The amount collected under this section shall be disbursed by the county commissioners pro rata to the various pensioners in such county as shown by the State pension list for that county. (1921, c. 189, s. 21; C. S., s. 5168(v).)

Local Modification. — Cumberland: 1907, c. 555.

Constitutionality.—Whether this section be regarded as general or special, it meets the requirements of Article V, section 6, and its efficacy is not impaired by this section of the Constitution. It is a familiar principle that existing statutes not ex-

pressly or impliedly repealed by an amendment to the Constitution remain in full force and effect, and that a statute will not be declared void unless the breach of the Constitution is so manifest as to leave no room for reasonable doubt. *Brown v. Jennings*, 188 N. C. 155, 124 S. E. 150 (1924).

Part 6. Miscellaneous Provisions.

§ 112-31. **Officer failing to perform duties.**—Any officer or other person who shall neglect or refuse to discharge the duties imposed upon him by this article shall be guilty of a misdemeanor, and upon conviction thereof in the superior court shall be fined or imprisoned at the discretion of the court. (1921, c. 189, s. 22; C. S., s. 5168(w).)

§ 112-32. Speculation in pension claims a misdemeanor.—Any person who shall speculate or purchase for a less sum than that to which each may be entitled the claims of any soldier or sailor or widow of a deceased soldier or sailor, allowed under the provisions of this article, shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, or both in the discretion of the court. (1921, c. 189, s. 23; C. S., s. 5168(x).)

Pension Not Assignable. — Installments assignable. *Gill v. Dixon*, 131 N. C. 87, 42 of a pension payable in the future are not S. E. 538 (1902).

§ 112-33. County payment of burial expenses. — Whenever in any county of this State a Confederate pensioner on the pension roll of the county or the widow of a Confederate soldier shall die, it shall be the duty of the board of commissioners of such county, upon the certificate of such fact by the clerk of the superior court and recommendation of the chairman of the pension board of the county, to order the payment out of the general fund of the county of a sum not exceeding thirty dollars (\$30), to be applied toward defraying the burial expenses of such deceased pensioner or widow. (1921, c. 189, s. 24; C. S., s. 5168(y).)

County Liable for Expenses.—This section requires the amount stated to be paid by the board of commissioners of the county on the pension roll of which the name of the pensioner appears, irrespective of residence. *Hannah v. Board*, 176 N. C. 395, 97 S. E. 160 (1918).

§ 112-34. State payment of burial expenses. — Whenever in any county of this State a Confederate pensioner on the pension roll shall die, and such fact has been determined by the State Auditor, the State Auditor shall forward to the clerk of the superior court of the county in which such pensioner resided a State warrant in the amount of one hundred fifty dollars (\$150.00), to be paid by the clerk of the superior court of the county in which such pensioner resided to the personal representative, or next of kin of such deceased pensioner to be applied toward defraying the funeral expenses of such deceased pensioner: Provided, that this section shall also apply to pensioners transferred to old age assistance under the provisions of § 112-21: Provided further, that this section shall apply to persons who otherwise would be entitled to pensions but who are not on pension roll at time of death because of being admitted to county home, county institution or State institution. (1939, c. 187, s. 2; 1941, c. 152, s. 4; 1949, c. 1018; 1957, c. 1395, s. 2.)

Editor's Note. — The 1941 amendment added the first proviso, and the 1949 amendment added the second proviso.

The 1957 amendment increased the amount for funeral expenses from \$100.00 to \$150.00.

§ 112-35. Peddling without license. — All ex-Confederate soldiers who are without means of support other than their manual labor, and who are incapacitated to perform manual labor for any reason other than by their vicious habits, and now citizens of this State, shall be allowed to peddle drugs, goods, wares, and merchandise in any of the counties of this State without a license therefor. Before any soldier shall be entitled to the benefits of this section he shall make application to the county board of pensioners of the county of which he is a resident, and show to the satisfaction of the county board of pensions that he is entitled to the same by having served in the Confederate army or navy during the War between the States, and that he is incapacitated to perform manual labor, and does not own property the tax valuation of which exceeds the sum of two thousand dollars (\$2,000) in his own name or in the name of his wife, deeded to her by him since the first day of March, one thousand nine hundred and two. (1921, c. 189, s. 25; C. S., s. 5168(z).)

Cross Reference.—As to exemption from jury duty, see § 9-19.

§ 112-36. **Taking fees for acknowledgments by pensioners.**—It shall be unlawful for any clerk of the superior court, notary public or any magistrate to charge any Confederate pensioner or the widow of such Confederate pensioner receiving a pension from the State of North Carolina for taking acknowledgments in connection with pension papers.

Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars or imprisoned not more than thirty days. (1925, c. 68.)

§ 112-37. **Officers required to check roll of pensioners with record of vital statistics.**—It shall be the duty of the register of deeds and the clerk of the court of each county in the State of North Carolina to check the roll of pensioners furnished the clerks of the court of the various counties of the State, with the record of vital statistics in the office of the register of deeds, within ten days after receipt of the pension roll, which roll shall be furnished by the State Auditor on or before October fifteenth and April fifteenth of each year, and certify under their hands and seals of their office, the names of all deceased pensioners with dates of their death, whose names appear upon the pension roll, to the State Auditor. The State Auditor at the time of furnishing the pension rolls to the register of deeds and clerk of the superior court of each county, as herein provided, shall also furnish copies of said pension rolls to the State Registrar of Vital Statistics, who shall cause the same to be checked against the vital statistics records in his office and certify to the State Auditor the names of all persons appearing on said pension rolls, which the records in his office show to be deceased, together with the dates of their death. SUBCHAPTER II. STATE FORESTS AND PARKS.

ARTICLE 2.

Acquisition and Control of State Forests and Parks.

§ 113-29. **Policy and plan to be inaugurated by Division of Forestry.**—The Department of Conservation and Development through the Division of Forestry shall inaugurate the following policy and plan looking to the co-operation with private and public forest owners in this State insofar as funds may be available through legislative appropriation, gifts of money or land, or such co-operation with landowners and public agencies as may be available:

- (1) The extension of the forest fire prevention organization to all counties in the State needing such protection.
- (2) To co-operate with federal and other public agencies in the restoration of forest growth on land unwisely cleared and subsequently neglected.
- (3) To furnish trained and experienced experts in forest management, to inspect private forest lands and to advise with forest landowners with a view to the general observance of recognized and practical rules of growing, cutting and marketing timber. The services of such trained experts of the Department must naturally be restricted to those landowners who agree to carry out so far as possible the recommendations of said Department.
- (4) To prepare and distribute printed and other material for the use of teachers and club leaders and to provide instruction to schools and clubs and other groups of citizens in order to train the younger generation in the principles of wise use of our forest resources.
- (5) To acquire small areas of suitable land in the different regions of the State on which to establish small, model forests which shall be developed and used by the said Department of Conservation and Development as State demonstration forests for experiment and demonstration in forest management. (1939, c. 317, s. 1.)

§ 113-29.1. Growing of timber on unused State lands authorized.—The Department of Administration may allocate to the Department of Conservation and Development, for management as a State forest, any vacant and unappropriated lands, any marsh lands or swamp lands, and any other lands title to which is vested in the State or in any State agency or institution, where such lands are not being otherwise used and are not suitable for cultivation. Lands under the supervision of the Wildlife Resources Commission and designated and in use as wildlife management areas, refuges, or fishing access areas and lands used as Research Stations shall not be subject to the provisions of this section. The Department of Conservation and Development, through the Division of Forestry, shall plant timber-producing trees on all lands allocated to it for that purpose by the Department of Administration. The Director of Conservation and Development may contract with the appropriate prison authorities for the furnishing, upon such conditions as may be agreed upon from time to time between such prison authorities and the Director of Conservation and Development, of prison labor for use in the planting, cutting, and removal of timber from State forests which are under the management of the Forestry Division. (1957, c. 584, s. 1.)

§ 113-30. Use of lands acquired by counties through tax foreclosures as demonstration forests.—The boards of county commissioners of the various counties of North Carolina are herewith authorized to turn over to the said Department of Conservation and Development title to such tax delinquent lands as may have been acquired by said counties under tax sale and as in the judgment of the State Forester may be suitable for the purposes named in § 113-29, subdivision (5). (1939, c. 317, s. 2.)

§ 113-31. Procedure for acquisition of delinquent tax lands from counties.—In the carrying out of the provisions of § 113-30, the several boards of county commissioners shall furnish forthwith on written request of the Department of Conservation and Development a complete list of all properties acquired by the county under tax sale and which have remained unredeemed for a period of two years or more. On receipt of this list the State Forester of the Department of Conservation and Development shall have the lands examined and if any one or more of these properties is in his judgment suitable for the purposes set forth in § 113-30, request shall be made through the Director of said

Department to the county commissioners for the acquisition of such land by the Department at a price not to exceed the actual amount of taxes due without penalties. On receipt of this request the county commissioners shall make permanent transfer of such tract or tracts of land to the Department through fee simple deed or other legal transfer, said deed to be approved by the Attorney General of North Carolina, and shall then receive payment from the Department as above outlined. (1939, c. 317, s. 3.)

§ 113-32. Purchase of lands for use as demonstration forests.—Where no suitable tax-delinquent lands are available and in the judgment of the Department of Conservation and Development the establishment of a demonstration forest is advisable, the Department may purchase sufficient land for the establishment of such a demonstration forest at a fair and agreed-upon price, the deed for such land to be subject to approval of the Attorney General, but nothing in §§ 113-29 to 113-33 shall allow the Department of Conservation and Development to acquire land under the right of eminent domain. (1939, c. 317, s. 4.)

§ 113-33. Forest management appropriation.—Necessary funds for carrying out the provisions of §§ 113-29 and 113-30 to 113-33 shall be set up in the regular budget as an item entitled "forest management." (1939, c. 317, s. 5.)

§ 113-34. Power to acquire lands as State forests, parks, etc.; donations or leases by United States; leases for recreational purposes; rules governing public use.—The Governor of the State is authorized upon recommendation of the Board of Conservation and Development to accept gifts of land to the State, the same to be held, protected, and administered by said Board as State forests, and to be used so as to demonstrate the practical utility of timber culture and water conservation, and as refuges for game. Such gifts must be absolute except in such cases as where the mineral interest on the land has previously been sold. The State Board of Conservation and Development shall have the power to purchase lands in the name of the State, suitable chiefly for the production of timber, as State forests, for experimental, demonstration, educational, park, and protection purposes, using for such purposes any special appropriations or funds available. The State Board of Conservation and Development shall also have the power to acquire by condemnation under the provisions of chapter forty, such areas of land in different sections of the State as may in the opinion of the Department of Conservation and Development be necessary for the purpose of establishing and/or developing State forests, State parks and other areas and developments essential to the effective operation of the State forestry and State park activities with which the Department of Conservation and Development has been or may be entrusted. Such condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina, and any property so acquired shall be administered, developed and used for experiment and demonstration in forest management, for public recreation and for such other purposes authorized or required by law: Provided, that before any action or proceeding under this section can be exercised, the approval of the Governor and Council of State shall be obtained and filed with the clerk of the superior court in the county or counties where such property may be situate, and until such approval is obtained, the rights and powers conferred by this section shall not be exercised. The Attorney General of the State is directed to see that all deeds to the State for land mentioned in this section are properly executed before the gift is accepted or payment of the purchase money is made.

The Board of Conservation and Development is further authorized and empowered to accept as gifts to the State of North Carolina such forest and sub-marginal farm land acquired by said federal government as may be suitable for the purpose of creating and maintaining State-controlled forests, game refuges, public shooting grounds, State parks, State lakes, and other recreational areas,

or to enter into long-time leases with the federal government for such areas and administer them with such funds as may be secured from their administration in the best interest of long-time public use, supplemented by such necessary appropriations as may be made by the General Assembly. The Department of Conservation and Development is further empowered to segregate State hunting and fishing licenses, use permits, and concessions and other proper revenue secured through the administration of such forests, game refuges, public shooting grounds, State parks, State lakes, and other recreational areas to be deposited in the State treasury to the credit of the Department to be used for the administration of these areas.

The Department of Conservation and Development, with the approval of the Governor and Council of State, is further authorized and empowered to enter into leases of lands and waters for State parks, State lakes and recreational purposes; and the State Department of Conservation and Development may construct, operate and maintain on said lands and waters suitable public service facilities and conveniences and may charge and collect reasonable fees for

- (1) The operation and use of such boats or other craft on the surface of said waters as may be permitted under its own regulations;
- (2) The erection, maintenance and use of docks, piers and such other structures as may be permitted in or on said waters under its own regulations;
- (3) Fishing privileges in said waters, provided that such privileges shall be extended only to holders of bona fide North Carolina fishing licenses, and provided further that all State fishing laws and regulations are complied with.

The Department may make reasonable rules for the regulation of the use by the public of said lands and waters and of public service facilities and conveniences constructed thereon, and said regulations shall have the force and effect of law and any violation of such regulations shall constitute a misdemeanor and shall be punishable by a fine of not more than fifty dollars (\$50.00) or imprisonment of not more than thirty (30) days.

The authority herein granted is in addition to other authority now held and exercised by the Department of Conservation and Development. (1915, c. 253, s. 1; C. S., s. 6124; 1925, c. 122, s. 22; 1935, c. 226; 1941, c. 118, s. 1; 1951, c. 443; 1953, c. 1109; 1957, c. 988, s. 2.)

SOUTHEASTERN INTERSTATE FOREST FIRE PROTECTION COMPACT

ARTICLE I.

The purpose of this Compact is to promote effective prevention and control of forest fires in the Southeastern region of the United States by the development of integrated forest fire plans, by the maintenance of adequate forest fire fighting services by the member states, by providing for mutual aid in fighting forest fires among the compacting states of the region and with states which are party to other regional forest fire protection compacts or agreements, and for more adequate forest protection.

ARTICLE II.

This Compact shall become operative immediately as to those states ratifying it whenever any two or more of the States of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia, which are contiguous have ratified it and Congress has given consent thereto. Any state not mentioned in this article which is contiguous with any member state may become a party to this Compact, subject to approval by the legislature of each of the member states.

ARTICLE III.

In each state, the state forester or officer holding the equivalent position who is responsible for forest fire control shall act as compact administrator for that state and shall consult with like officials of the other member states and shall implement cooperation between such states in forest fire prevention and control.

The compact administrators of the member states shall coordinate the services of the member states and provide administrative integration in carrying out the purposes of this Compact.

There shall be established an advisory committee of legislators, forestry commission representatives, and forestry or forest products industries representatives which shall meet from time to time with the compact administrators. Each member state shall name one member of the Senate and one member of the House of Representatives who shall be designated by that state's commission on interstate cooperation, or if said commission cannot constitutionally designate the said members, they shall be designated in accordance with laws of that state; and the Governor of each member state shall appoint two representatives, one of whom shall be associated with forestry or forest products industries to comprise the membership of the advisory committee. Action shall be taken by a majority of the compacting states, and each state shall be entitled to one vote.

The compact administrators shall formulate and, in accordance with need, from time to time, revise a regional forest fire plan for the member states.

It shall be the duty of each member state to formulate and put in effect a forest fire plan for that state and take such measures as may be necessary to integrate such forest fire plan with regional forest fire plan formulated by the compact administrators.

ARTICLE IV.

Whenever the state forest fire control agency of a member state requests aid from the state forest fire control agency of any other member state in combating, controlling or preventing forest fires, it shall be the duty of the state forest fire control agency of that state to render all possible aid to the requesting agency which is consonant with the maintenance of protection at home.

ARTICLE V.

Whenever the forces of any member state are rendering outside aid pursuant to the request of another member state under this Compact, the employees of such state shall, under the direction of the officers of the state to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges and immunities as comparable employees of the state to which they are rendering aid.

No member state or its officers or employees rendering outside aid pursuant to this Compact shall be liable on account of any act or omission on the part of such forces while so engaged, on account of the maintenance, or use of any equipment or supplies in connection therewith: Provided, that nothing herein shall be construed as relieving any person from liability for his own negligent act or omission, or as imposing liability for such negligent act or omission upon any state.

All liability, except as otherwise provided hereinafter, that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

Any member state rendering outside aid pursuant to this Compact shall be reimbursed by the member state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries, and subsistence of employees and maintenance of equipment incurred in connection with such request: Provided, that nothing herein contained shall prevent any assisting member state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such service to the receiving member state without charge or cost.

Each member state shall provide for the payment of compensation and death benefits to injured employees and the representatives of deceased employees in case employees sustain injuries or are killed while rendering outside aid pursuant to this Compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

For the purposes of this Compact the term employee shall include any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding state under the laws thereof.

The compact administrators shall formulate procedures for claims and reimbursement under the provisions of this article, in accordance with the laws of the member states.

ARTICLE VI.

Ratification of this Compact shall not be construed to affect any existing statute so as to authorize or permit curtailment or diminution of the forest fire fighting forces, equipment, services or facilities of any member state.

Nothing in this Compact shall be construed to limit or restrict the powers of any state ratifying the same to provide for the prevention, control and extinguishment of forest fires, or to prohibit the enactment or enforcement of state laws, rules or regulations intended to aid in such prevention, control and extinguishment in such state.

Nothing in this Compact shall be construed to affect any existing or future

cooperative relationship or arrangement between any federal agency and a member state or states.

ARTICLE VII.

The compact administrators may request the United States Forest Service to act as a research and coordinating agency of the Southeastern Interstate Forest Fire Protection Compact in cooperation with the appropriate agencies in each state, and the United States Forest Service may accept responsibility for preparing and presenting to the compact administrators its recommendations with respect to the regional fire plan. Representatives of any federal agency engaged in forest fire prevention and control may attend meetings of the compact administrators.

ARTICLE VIII.

The provisions of Articles IV and V of this Compact which relate to mutual aid in combating, controlling or preventing forest fires shall be operative as between any state party to this Compact and any other state which is party to a regional forest fire protection compact in another region: Provided, that the legislature of such other state shall have given its assent to such mutual aid provisions of this Compact.

ARTICLE IX.

The Compact shall continue in force and remain binding on each state ratifying it until the legislature or the Governor of such state, as the laws of such state shall provide, takes action to withdraw therefrom. Such action shall not be effective until six months after notice thereof has been sent by the chief executive of the state desiring to withdraw to the chief executives of all states then parties to the Compact. (1955, c. 803, s. 1.)

§ 113-60.12. When Compact to become effective; authority of Governor. — When the legislature shall have executed said Compact on behalf of this State and shall have caused a verified copy thereof to be filed with the State Secretary, and when said Compact shall have been ratified by one or more of the states named in § 113-60.11, then said Compact shall become operative and effective as between this State and such other state or states. The Governor is hereby authorized and directed to take such action as may be necessary to complete the exchange of official documents as between this State and any other state ratifying said Compact. (1955, c. 803, s. 2.)

§ 113-60.13. Assent of legislature to mutual aid provisions of other compacts.—The legislature of this State hereby gives its assent to the mutual aid provisions of Article IV and V of the South Central Interstate Forest Fire Protection Compact in accordance with Article VIII of that Compact relating to inter-regional mutual aid; and the legislature of this State also hereby gives its assent to the mutual aid provisions of Articles IV and V of the Middle Atlantic Interstate Forest Fire Protection Compact in accordance with Article VIII of that Compact relating to inter-regional mutual aid. (1955, c. 803, s. 3.)

§ 113-60.14. Compact Administrator; North Carolina members of advisory committee. — The State Forester is hereby designated as Compact Administrator for this State and shall consult with like officials of the other member states and shall implement cooperation between such states in forest fire prevention and control.

At some time before the adjournment of each regular session of the General Assembly, the Governor shall choose one person from the membership of the House of Representatives, and shall choose one person from the membership of the Senate, who shall serve on the advisory committee of the Southeastern Interstate Forest Fire Protection Compact as provided for in Article III of said Compact. At the time of the selection of the House and Senate members of such advisory committee, the Governor shall choose one alternate member from the

House of Representatives and one from the Senate who shall serve on such advisory committee in case of the death, absence or disability of the regular members so chosen. (1955, c. 803, s. 4.)

Corporations for Protection and Development of Forests.

§ 113-61. Private limited dividend corporations may be formed.—Three or more persons, who associate themselves by an agreement in writing for the purpose, may become a private limited dividend corporation to finance and carry out projects for the protection and development of forests and for such other related purposes as the Director of the Department of Conservation and Development shall approve, subject to all the duties, restrictions and liabilities, and possessing all the rights, powers, and privileges, of corporations organized under the general corporation laws of the State of North Carolina, except where such provisions are in conflict with this article. (1933, c. 178, s. 1.)

§ 113-62. Manner of organizing.—A corporation formed under this article shall be organized and incorporated in the manner provided for organization of corporations under the general corporation laws of the State of North Carolina, except where such provisions are in conflict with this article. The certificate of organization of any such corporation shall contain a statement that it is organized under the provisions of this article and that it consents to be and shall be at all times subject to the rules, regulations and supervision of the Director of the Department of Conservation and Development, and shall set forth as or among its purposes the protection and development of forests and the purchase, acquisition, sale, conveyance and other dealing in the same and the products therefrom, subject to the rules and regulations from time to time imposed by the Director of the Department of Conservation and Development. (1933, c. 178, s. 2.)

§ 113-63. Directors.—There shall not be less than three directors, one of whom shall always be a person designated by the Director of the Department of Conservation and Development, which one need not be a stockholder. (1933, c. 178, s. 3.)

§ 113-64. Duties of supervision by Director of Department of Conservation and Development.—Corporations formed under this article shall be regulated by the Director of the Department of Conservation and Development in the manner provided in this article. Traveling and other expenses incurred by him in the discharge of the duties imposed upon him by this article shall be charged to, and paid by, the particular corporation or corporations on account of which such expenses are incurred. His general expenses incurred in the discharge of such duties, which cannot be fairly charged to any particular corporation or corporations, shall be charged to and paid by, all the corporations then organized and existing under this article pro-rata according to their respective stock capitalizations. The Director of the Department of Conservation and Development shall:

- (1) From time to time, amend, and repeal rules and regulations for carrying into effect the provisions of this article and for the protection and development of forests subject to its jurisdiction.
- (2) Order all corporations organized under this article to do such acts as may be necessary to comply with the provisions of law and the rules and regulations adopted by the Director of the Department of Conservation and Development, or to refrain from doing any acts in violation thereof.

capitalization and the manner in which their property is permitted, operated or managed with respect to their compliance with all provisions of law and orders of the Director of the Department of Conservation and Development.

- (4) Require every such corporation to file with the Director of the Department of Conservation and Development annual reports and, if the Director of the Department of Conservation and Development shall consider it advisable, other periodic and special reports, setting forth such information as to its affairs as the Director of the Department of Conservation and Development may require. (1933, c. 178, s. 4.)

§ 113-65. Powers of Director.—The Director of the Department of Conservation and Development may:

- (1) Examine at any time all books, contracts, records, documents and papers of any such corporation.
- (2) In his discretion prescribe uniform methods and forms of keeping accounts, records and books to be observed by such corporation, and prescribe by order accounts in which particular outlays and receipts are to be entered, charged or credited. The Director of the Department of Conservation and Development shall not, however, have authority to require any revaluation of the real property or other fixed assets of such corporations, but he shall allow proper charges for the depletion of timber due to cutting or destruction.
- (3) Enforce the provisions of this article and his orders, rules and regulations thereunder by filing a petition for a writ of mandamus or application for an injunction in the superior court of the county in which the respondent corporation has its principal place of business. The final judgment in any such proceeding shall either dismiss the proceeding or direct that a writ of mandamus or an injunction, or both, issue as prayed for in the petition or in such modified or other form as the court may determine will afford appropriate relief. (1933, c. 178, s. 5.)

§ 113-66. Provision for appeal by corporations to Governor.—If any corporation organized under this article is dissatisfied with or aggrieved at any regulation, rule or order imposed upon it by the Director of the Department of Conservation and Development, or any valuation or appraisal of any of its property made by the Director of the Department of Conservation and Development, or any failure of or refusal by the Director of the Department of Conservation and Development to approve of or consent to any action which it can take only with such approval or consent, it may appeal to the Governor by filing with him a claim of appeal upon which the decision of the Governor shall be final. Such determination, if other than a dismissal of the appeal, shall be set forth by the Governor in a written mandate to the Director of the Department of Conservation and Development, who shall abide thereby and take such action as the same may direct. (1933, c. 178, s. 6.)

§ 113-67. Limitations as to dividends.—The shares of stock of corporations organized under this article shall have a par value and, except as provided in § 113-69 in respect to distributions in kind upon dissolution, no dividend, shall be paid thereon at a rate in excess of six per centum per annum on stock having a preference as to dividends, or eight per centum per annum on stock not having a preference as to dividends, except that any such dividends may be cumulative without interest. (1933, c. 178, s. 7.)

§ 113-68. Issuance of securities restricted.—No such corporation shall issue stock, bonds or other securities except for money, timberlands, or interests therein, located in the State of North Carolina or other property, actually received, or services rendered, for its use and its lawful purposes. Timberlands, or interests

therein, and other property or services so accepted therefor, shall be upon a valuation approved by the Director of the Department of Conservation and Development. (1933, c. 178, s. 8.)

§ 113-69. Limitation on bounties to stockholders.—Stockholders shall at no time receive or accept from any such corporation in repayment of their investment in its stock any sums in excess of the par value of the stock together with cumulative dividends at the rate set forth in § 113-67 except that nothing in this section contained shall be construed to prohibit the distribution of the assets of such corporation in kind to its stockholders upon dissolution thereof. (1933, c. 178, s. 9.)

§ 113-70. Earnings above dividend requirements payable to State.—Any earnings of such corporation in excess of the amounts necessary to pay dividends to stockholders at the rate set forth in § 113-67 shall be paid over to the State of North Carolina prior to the dissolution of such corporation. Net income or net losses (determined in such manner as the Director of the Department of Conservation and Development shall consider properly to show such income or losses) from the sale of the capital assets of such corporation, whether such sale be upon dissolution or otherwise, shall be considered in determining the earnings of such corporation for the purposes of this section. In determining such earnings unrealized appreciation or depreciation of real estate or other fixed assets shall not be considered. (1933, c. 178, s. 10.)

§ 113-71. Dissolution of corporation.—Any such corporation may be dissolved at any time in the manner provided by and under the provisions of the general corporation laws of the State of North Carolina, except that the court shall dismiss any petition for dissolution of any such corporation filed within twenty years of the date of its organization unless the same is accompanied by a certificate of the Director of the Department of Conservation and Development consenting to such dissolution. (1933, c. 178, s. 11.)

§ 113-72. Cutting and sale of timber.—Any such corporation may cut and sell the timber on its lands or permit the cutting thereof, but all such cuttings shall be in accordance with the regulations, restrictions and limitations imposed by the Director of the Department of Conservation and Development, who shall impose such regulations, restrictions and limitations with respect thereto as may reasonably conform to the accepted custom and usage of good forestry and forest economy, taking into consideration the situation, nature and condition of the tract so cut or to be cut, and the financial needs of such corporation from time to time. (1933, c. 178, s. 12.)

§ 113-73. Corporation may not sell or convey without consent of Director, or pay higher interest rate than 6 %.—No such corporation shall:

- (1) Sell, assign or convey any real property owned by it or any right, title or interest therein, except upon notice to the Director of the Department of Conservation and Development of the terms of such sale, transfer or assignment, and unless the Director of the Department of Conservation and Development shall consent thereto, and if the Director of the Department of Conservation and Development shall require it, unless the purchaser thereof shall agree that such real estate shall remain subject to the regulations and supervision of the Director of the Department of Conservation and Development for such period as the latter may require;
- (2) Pay interest returns on its mortgage indebtedness at a higher rate than six per centum per annum without the consent of the Director of the Department of Conservation and Development;

- (3) Mortgage any real property without first having obtained the consent of the Director of the Department of Conservation and Development. (1933, c. 178, s. 13.)

§ 113-74. Power to borrow money limited. — Any such corporation formed under this article may, subject to the approval of the Director of the Department of Conservation and Development, borrow funds and secure their payment thereof by note or notes and mortgage or by the issue of bonds under a trust indenture. The notes or bonds so issued and secured and the mortgage or trust indenture relating thereto may contain such clauses and provisions as shall be approved by the Director of the Department of Conservation and Development, including the right to enter into possession in case of default; but the operations of the mortgagee or receiver entering in such event or of the purchaser of the property upon foreclosure shall be subject to the regulations of the Director of the Department of Conservation and Development for such period as the mortgage or trust indenture may specify. (1933, c. 178, s. 14.)

§ 113-75. Director to approve development of forests.—No project for the protection and development of forests proposed by any such corporation shall be undertaken without the approval of the Director of the Department of Conservation and Development, and such approval shall not be given unless:

 - b. Protection against insects and tree diseases,
 - c. Protection against damage by livestock and game,
 - d. Means, methods and rate of, and restrictions upon, cutting and other utilization of the forests, and
 - e. Planting and spacing of trees.
- (2) There shall be submitted to the Director of the Department of Conservation and Development a financial plan satisfactory to him setting forth in detail the amount of money needed to carry out the entire project, and how such sums are to be allocated, with adequate assurances to the Director of the Department of Conservation and Development as to where such funds are to be secured.
- (3) The Director of the Department of Conservation and Development shall be satisfied that the project gives reasonable assurance of the operation of the forests involved on a sustained yield basis except insofar as the Director of the Department of Conservation and Development shall consider the same impracticable.
- (4) The corporation proposing such project shall agree that the project shall at all times be subject to the supervision and inspection of the Director of the Department of Conservation and Development, and that it will at all times comply with such rules and regulations concerning the project as the Director of the Department of Conservation and Development shall from time to time impose. (1933, c. 178, s. 15.)

§ 113-76. Application of corporate income.—The gross annual income of any such corporation, whether received from sales of timber, timber operations, stumpage permits or other sources, shall be applied as follows: First, to the payment of all fixed charges, and all operating and maintenance charges and expenses including taxes, assessments, insurance, amortization charges in amounts approved by the Director of the Department of Conservation and Development to amortize mortgage or other indebtedness and reserves essential to operation;

second, to surplus, and/or to the payment of dividends not exceeding the maximum fixed by this article; third, the balance, if any, in reduction of debts. (1933, c. 178, s. 16.)

§ **113-77. Reorganization of corporations.**—Reorganization of corporations organized under this article shall be subject to the supervision of the Director of the Department of Conservation and Development and no such reorganization shall be had without the authorization of the Director of the Department of Conservation and Development. (1933, c. 178, s. 17.)

ARTICLE 6.

Co-operation for Development of Federal Parks, Parkways and Forests.

§§ **113-78 to 113-81:** Repealed by Session Laws 1947, c. 422, §§ 1, 9.
Cross Reference. — As to transfer of the committee established under the reproperties and interests formerly held by repealed section, see § 143-255.

ARTICLE 6A.

Forestry Services and Advice for Owners and Operators of Forest Land.

§ **113-81.1. Authority to render scientific forestry services.** — The North Carolina Department of Conservation and Development is hereby authorized to designate, upon request, forest trees of forest landowners and forest operators for sale or removal, by blazing or otherwise, and to measure or estimate the volume of same under the terms and conditions hereinafter provided. (1947, c. 384, s. 1.)

§ **113-81.2. Services under direction of State Forester; compensation; when services without charge.**—The administration of the provisions of this article shall be under the direction of the State Forester. The State Forester, or his authorized agent, upon receipt of a request from a forest landowner or operator for technical forestry assistance or service, may designate forest trees for removal for lumber, veneer, poles, piling, pulpwood, cordwood, ties, or other forest products by blazing, spotting with paint or otherwise designating in an approved manner; he may measure or estimate the commercial volume contained in the trees designated; he may furnish the landowner or operator with a statement of the volume of the trees so designated and estimated; he may assist in finding a suitable market for the products so designated, and he may offer general forestry advice concerning the management of the forest.

For such designating, measuring or estimating services the State Forester may make a charge, on behalf of the Department of Conservation and Development, in an amount not to exceed five per cent (5%) of the sale price or fair market value of the stumpage so designated and measured or estimated. Upon receipt from the State Forester of a statement of such charges, the landowner or operator or his agent shall make payment to the State Forester within thirty days.

In those cases where the State Forester deems it desirable to so designate and measure or estimate trees without charge, such services shall be given for the purpose of encouraging the use of approved scientific forestry principles on the private or other forest lands within the State, and to establish practical demonstrations of said principles. (1947, c. 384, s. 2.)

§ **113-81.3. Deposit of receipts with State treasury.**—All monies paid to the State Forester for services rendered under the provisions of this article shall be deposited into the State treasury to the credit of the Department of Conservation and Development. (1947, c. 384, s. 3.)

SUBCHAPTER III. GAME LAWS.

ARTICLE 7.

North Carolina Game Law of 1935.

§ 113-82. **Title of article.**—This article shall be known by the short title of "The North Carolina Game Law." (1935, c. 486, s. 1.)

Local Modification.—Currituck: 1935, c. 160.

For subsequent law affecting this subchapter, see §§ 143-237 through 143-254.

Historical Note.—The administration of the game laws was placed in the State Game Commission by Public Laws 1927, c. 51 (the 1927 Game Law). Public Laws 1927, c. 250, purported to abolish the State Game Commission and transfer its powers and duties to the Department of Conservation and Development. (However, see Public Laws 1927, c. 235.) Under the 1935 Game Law (§§ 113-82 through 113-109), administration is placed in the Board of Conservation and Development. See § 113-84.

Under the 1927 Game Laws, the principal administrative officer was the State Game Warden. The office of State Game Warden and the office of Commissioner of Inland Fisheries were abolished by Public Laws 1933, c. 357; and said act authorized the Board of Conservation and Development to appoint "a person of scientific training and experience in the propagation and preservation of fish and game" to administer the duties prescribed for the State Game Warden and Commissioner of Inland Fisheries. Under the 1935 Game Law, the principal administrative officer is the Commissioner of Game and Inland Fisheries. See §§ 113-83, 113-90.

§ 113-84. Powers and duties of the Board of Conservation and Development.—It shall be unlawful to take or pursue any of the wildlife of the State at any time or in any manner, except at such times and in such manner as the supply of said wildlife may justify, and the said Board is hereby directed to make adequate investigations as to the said supply and thereupon shall, by appropriate rules and regulations:

- (1) Fix seasons and bag limits or close seasons on any species of game, bird, or fur-bearing animal, in any specified locality or localities, or the entire State, when it shall find, after said investigation, that such action is necessary to assure the maintenance of an adequate supply thereof. The statutes now governing such subjects shall continue in full force and effect, except as altered or modified by rules and regulations promulgated by the Board.
- (2) Fix seasons and bag limits or close season on any species, age, size or sex of deer in any specified locality or localities, or the entire State, when it shall find, after said investigation and after a public hearing held by the Commission in the area to be affected when determining the advisability of an open season on doe deer, that such action is necessary to assure the maintenance of an adequate and balanced supply thereof. Provided, however, that in any locality where the use of rifles is permitted for the taking of deer, the Wildlife Resources Commission shall not be authorized to fix an open season on doe deer on any day or at any time concurrent with the open season on male deer. This provision shall apply only to the counties of Burke, Caldwell, Rutherford, Surry, Wilkes and counties lying west of the same. Where the number of eligible hunters exceeds the number of doe deer to be harvested as determined by the Wildlife Resources Commission, the Commission shall establish some system of issuing permits in order to regulate the harvest of doe deer.
- (3) Establish and close to hunting or trapping game or bird refuges on public lands and, with the consent of the owner, on private lands; and close streams and lakes, or parts thereof to hunting or trapping.

 - a. Game farms or game refuges.
 - b. Lands or waters suitable for game, bird or fur-bearing animal restoration, propagation or protection.
 - c. For public hunting or trapping areas to provide places where the public may hunt or trap in accordance with the provisions of law or the regulations of the Board.
 - d. To extend and consolidate by exchange lands or waters suitable for the above purposes.
 - e. To capture, propagate, transport, buy, sell, or exchange any species of game, bird or fur-bearing animal, needed for propagation or stocking purposes, or to exercise control measures of undesirable species.

- (5) Enter into co-operative agreements with educational institutions and State, federal or other agencies, to promote wildlife research and to train men for wildlife management.
- (6) Enter into co-operative agreements with federal agencies, municipalities, corporations, organized groups of landowners, associations and individuals, for the development of game, bird or fur-bearing animal management and demonstration projects.
- (7) The North Carolina Wildlife Resources Commission is hereby authorized, by appropriate rules and regulations, to license the operation of controlled shooting preserves and revoke such licenses for cause. "Controlled shooting preserve" means an area on which only domestically raised game birds are taken. For each calendar year or part thereof during which any licensee operates, said licensee shall pay to the Wildlife Resources Commission an annual license fee of fifty dollars (\$50.00), and such annual license shall be issued only upon the payment of said fifty dollars (\$50.00).

(1935, c. 486, s. 4; 1957, cc. 386, 841.)

Local Modification.—Pender, as to subdivision (2): 1957, c. 386, s. 2½.

Editor's Note.—The first 1957 amendment inserted subdivision (2). Section 2 of the amendatory act provides that the act shall not be construed to modify, repeal or abrogate any of the provisions of article 24 of chapter 143 of the General Statutes known as the "North Carolina Wildlife Resources Law."

The second 1957 amendment added subdivisions (7) and (8).

Regulations within Police Power.—See note under § 113-136.

If the Commissioner is satisfied of the good faith of the applicant, he shall issue to him a permit, which shall fix the date of its expiration, and may fix a restriction upon the number and kinds of animals, birds, or birds' nests or eggs to be taken thereunder, but no such permit shall be valid after the last day of the calendar year in which it is issued. § 113-104. Manner of taking game. — No person shall at any time of the year take in any manner, number, or quantity any wild bird or wild animal, or take the nests or eggs of any wild bird, or possess, buy, sell, offer or expose for sale, or transport at any time or in any manner any such bird, animal, or part thereof, or any birds' nests or eggs, except as permitted by this article; the possession of any game animals, or game birds or part of such animals or game birds, except those expressly permitted by the Board, in any hotel, restaurant, café, market or store, or by any produce dealer in this State shall be prima facie evidence of the possession thereof for the purpose of sale in violation of the provisions of this article; but this provision shall not be construed to prohibit the person lawfully obtaining game from having it prepared in a public eating place and served to himself and guest: Provided, however, that for the purpose of this article any person hiring another to kill aforesaid game animals or game birds and receiving same shall be deemed buying same, and subject to the penalties of this article. The Commissioner, when it shall appear that such application is made in good faith, shall upon the payment of a fee of two dollars (\$2.00), issue to each applicant a license permitting such licensee to propagate such game birds on land of which he is the owner or lessee, the location of which shall be stated in such application and such license; to sell and ship such propagated game birds in the State from the State alive at any time for breeding or stocking purposes and take such propagated game birds except quail and wild turkey in any manner and at any time and sell the carcasses for food as herein-after prescribed: Provided, that propagated upland game birds may be killed by shooting only during the open season as established by the Board; and, provided further, that propagated migratory game birds may be killed by shooting only during the open season for migratory game birds. Each such license shall expire on the thirty-first day of December of the year in which it is issued. Each holder

of a game bird propagating license shall keep such license prominently displayed at the place of business specified therein.

Every person holding a game bird propagating license issued by the Commissioner shall keep accurate, written records, showing the number of game birds of each species propagated, bought, or sold, and the disposition thereof. These records shall be kept permanently on the premises stated in such license and shall be open for inspection by any duly authorized representative of the Commissioner at all reasonable times.

Migratory game birds propagated in accordance with this section shall not be bought or sold for food, unless each bird before attaining the age of four weeks, shall have had removed from the web of one foot a portion thereof in the form of a "V" large enough to make a well-defined mark, which shall be sufficient to identify it as a bird propagated in accordance with this section of the North Carolina Game Law. Migratory game birds propagated in accordance with this section may be bought, sold or offered for sale for food only after being tagged with an indestructible metal tag which shall be supplied by the Board.

Common carriers shall receive and transport game birds tagged as aforesaid but to every package containing such propagated game birds shall be affixed a tag or label upon which shall plainly be printed or written the name, address and license number of the person by whom such propagated game birds are shipped and the name and address of the person to whom such propagated game birds are to be transported and number of each kind contained therein. The said tags shall remain affixed as aforesaid until the carcasses of such propagated game birds shall be finally prepared for consumption: Provided, that the owner or proprietor of a hotel, restaurant, boardinghouse, or the manager of a club, may sell a portion of a tagged game bird to a guest, customer, or member, for consumption on the premises.

The proprietor or keeper of a hotel, restaurant or café, boardinghouse or club, desiring to serve game to his patrons, may make application to the Department of Conservation and Development for a license to do so. The Department, when it shall appear that such application is made in good faith, shall upon the payment of a fee of ten dollars (\$10.00) issue to each such applicant a license permitting the holder thereof to buy and possess game birds lawfully tagged, and to serve such game to his patrons for consumption at any time, but only on the premises, the location of which shall be definitely stated in such license and the application therefor. Each such license to serve game birds shall expire on the thirty-first day of December in the year in which it is issued. Each person holding a license to serve game birds shall keep such license prominently displayed at the place of business specified therein. The holder of a license to serve game birds may purchase only game birds tagged in accordance with law. Each holder of a license to serve game birds shall keep accurate written records of each and every purchase, which records shall contain the name and address of the person or corporation from whom such game birds were purchased, the date of each transaction and the number and kind of game birds included in each purchase. These records shall be kept permanently at the place of business specified in the license and shall be open for inspection by any duly authorized representative of the Department at all reasonable times. Each holder of a license to serve game birds shall send a certified copy of these records for the previous calendar year to the Department not later than January fifteenth. The Department shall furnish the forms on which these records are to be kept. A person who is a resident of this State may transport within the State during the open season therefor, game birds and game animals lawfully taken. A person who is a nonresident of the State and a holder of a valid nonresident hunting license, may, under a permit issued by the Commissioner, transport within this State, or from a point within to a point without, during the open season therefor, game birds and game animals or parts thereof lawfully taken by him, but he shall not transport out of the State during any one open season more than two male deer and two wild turkeys, or during one calendar week more than two days' bag limit of other game animals and game birds. Editor's Note. — The 1939 amendment added the second and third paragraphs to this section. For comment on the amendment, see 17 N. C. Law Rev. 364.

Acceptance May Be Presumed. — Acceptance of such a grant as is made by this section may be presumed. *Chalk v. United States*, 114 F. (2d) 207 (1940).

Acceptance of Jurisdiction over Pisgah National Forest and Pisgah National Game Preserve.—Federal statute authorizing the President of the United States to designate areas set aside for protection of game and fish on lands purchased by the United States, and punishing the unlawful taking of game or fish, constituted an acceptance by the United States of the cession to it of jurisdiction over the Pisgah National

Forest and the Pisgah National Game Preserve by a prior act of the legislature of North Carolina. *Chalk v. United States*, 114 F. (2d) 207 (1940).

Limitation of Number of Deer Therein.—Where the United States acquired land by grant from North Carolina for the Pisgah National Forest and the Pisgah National Game Preserve, and the legislature of North Carolina enacted an act consenting that Congress should make rules and regulations with respect to animals, birds, and fish, and it was established that deer herd on the Preserve was so large as to damage the Preserve, the United States could, without regard to State laws, limit the number of deer thereon. *Chalk v. United States*, 114 F. (2d) 207 (1940).

ARTICLE 10.

Regulation of Fur Dealers; Licenses.

§ 113-114. **Fur dealer's license; fees.**—Every person, firm or corporation who engages in the business of buying and selling raw furs, pelts or skins of fur-bearing animals shall before beginning such business, and annually thereafter, obtain a license from the Department of Conservation and Development. The fees for such licenses shall be as follows:

- (1) For a resident State-wide license, the sum of twenty-five dollars. This license will entitle the holder to buy and sell furs in any or all of the counties in North Carolina.
- (2) For a resident county license, the sum of ten dollars. This license will entitle the holder to buy and sell furs only in the county designated in the license. The fee for each additional county shall be ten dollars.
- (3) For a resident county license which entitles the dealer to buy or sell only at a fixed place of business in the county of his residence, the sum of five dollars.
- (4) For a nonresident of the State, the sum of one hundred dollars for a State-wide license.

These licenses shall be issued through the game protectors or agents of the Department of Conservation and Development as a part of their official duties. The funds so received from the sale of the above licenses shall be deposited with the State Treasurer to the credit of the Department of Conservation and Development and they shall be expended for the protection and promotion of the fur-bearing industry in North Carolina and for the administration and enforcement of this article and for no other purpose. (1929, c. 333, ss. 1, 2; 1933, c. 337, s. 1.)

Editor's Note. — The 1933 amendment changed the fees for licenses.

§ 113-115. **Annual report of furs bought.**—Every person, firm or corporation who takes out a fur dealer's license shall report to the Department of Conservation and Development on April first of each year and every year the total amount of furs bought by such dealer, including the species of fur-bearing animals and the number of each, and such other information as required by the Department of Conservation and Development. (1929, c. 333, s. 3.)

§ 113-116. **What counties may levy tax.**—No county, city or town shall have the right to levy any license on resident fur dealers except that the county in which such dealers or buyers maintain a place of business or residence may charge and collect from such dealers a license tax of not more than five dollars per annum. (1929, c. 333, s. 4; 1933, c. 337, s. 2.)

Editor's Note. — The 1933 amendment changed the amount from ten to five dollars.

§ 113-117. **Permits may be issued to nonresident dealers.** — It shall be lawful for the Department of Conservation and Development to issue permits to nonresident dealers for the purchase of raw furs from only State-wide licensed fur dealers in North Carolina. (1929, c. 333, s. 5; 1933, c. 337, s. 3; 1935, c. 471, s. 1.)

Editor's Note.—Prior to the 1933 amendment this section contained a proviso limiting permits to the purchase of furs from dealers who had taken out a \$75 license. The 1935 amendment inserted the word "State-wide" near the end of the section.

§ 113-118. **Licenses for each employee of dealer; fees; residence requirement.**—All bona fide members of a resident firm or corporation and their bona fide regular employees, all such members and employees being residents of North Carolina, shall be required to take out a license showing their employment and shall pay therefor the sum of twenty-five dollars each: Provided that the employees of a resident firm or corporation operating under a county resident fur dealer's license shall be required to pay only the sum of ten dollars (\$10.00). Applicants for resident fur dealer's license must have actually resided in the State

Editor's Note. — The 1933 amendment struck out the word "duplicate" formerly appearing before the word "license" in the first sentence. It also increased the license fee from \$10 to \$25. The 1935 amendment added the proviso.

§ 113-119. Nonresident buying furs personally or through agent classed as nonresident fur dealer.—Any nonresident person, firm or corporation or any agent or person acting as agent therefor, who in any manner purchases or solicits to purchase furs in North Carolina, except as provided in § 113-117, shall be subject to and shall procure from the Department of Conservation and Development a nonresident fur dealer's license before he shall be entitled to purchase or solicit to purchase furs as above set out in this section. (1929, c. 333, s. 7; 1935, c. 471, s. 2.)

§ 113-120. Regulations as to posting of property. — The notices, signs or posters described in § 113-120.1 shall measure not less than ten inches by twelve inches and shall be conspicuously posted on private lands not less than 150 yards and not more than 500 yards apart close to and along the boundaries. (1949, c. 887, s. 2; 1953, c. 1226.)

Editor's Note. — The 1953 act re-enacted this section without change.

§ 113-120.3. Mutilation, etc., of "posted" signs; posting signs without consent of owner or agent.—Any person who shall mutilate, destroy or take down any "posted", "no hunting" or similar notice, sign or poster on the lands, waters, or legally established water fowl blind of another, or who shall post such sign or poster on the lands, waters or legally established water fowl blind of another, without the consent of the owner or his agent, shall be

deemed guilty of a misdemeanor and shall be punished by a fine of not more than fifteen dollars (\$15.00). (1949, c. 887, s. 3; 1953, c. 1226.)

Editor's Note. — The 1953 amendment tablished water fowl blind" for "lands or substituted "lands, waters, or legally es- waters" at two places in this section.

§ 113-120.4. Entrance on navigable waters, etc., for purpose of fishing, hunting or trapping not prohibited.—Nothing in this article shall be construed to prohibit the entrance of any person upon navigable waters and the bays and sounds adjoining such waters for the purpose of fishing, hunting or trapping. (1949, c. 887, s. 4; 1953, c. 1226.)

Editor's Note. — The 1953 amendment added the words "hunting or trapping" at the end of the section.

SUBCHAPTER IV. FISH AND FISHERIES.

ARTICLE 12.

General Provisions for Administration.

§ 113-127. **Definitions.**—When used in this subchapter:

- (1) "Board" means the Board of Conservation and Development.
- (2) "Fish" or "fishes" includes porpoises and other marine mammals, fishes, mollusca, and crustaceans, and "fishing" or "fisheries" includes all operations involved in using, setting or operating apparatus employed in killing or taking such animals or in transporting and preparing them for market. (1915, c. 84, s. 24; C. S., s. 1865.)

As to subsequent law affecting this subchapter, see §§ 143-237 through 143-254.

§ 113-128. **Administrative machinery for enforcing laws relating to fish.**—The State of North Carolina shall have exclusive jurisdiction and control over all the fisheries of the State, wherever located. The laws relating to fish shall be enforced by the Board of Conservation and Development through the Commissioner of Game and Inland Fisheries, appointed pursuant to § 113-90, and through the Commissioner of Commercial Fisheries appointed pursuant to § 113-129. (1915, c. 84, ss. 1, 18; 1917, c. 290, ss. 1, 9; C. S., ss. 1867, 1869; Ex. Sess. 1921, c. 42, s. 1; 1923, c. 168, s. 1.)

Their duties shall be prescribed by the Commissioner. The salary of the Commissioner and his assistants shall be fixed by the Board with the approval of the Budget Bureau, and if the Commissioner is absent or unable to act, the Board shall appoint one of the assistant commissioners to have and to exercise all his powers. The Commissioner and his assistants shall each execute and file with the Secretary of State a bond, payable to the State of North Carolina, in the sum of five thousand dollars for the Commissioner and twenty-five hundred dollars for each assistant, with sureties to be approved by the Secretary of State, the condition being that they will faithfully perform their duties and will account for and pay over, pursuant to law, all moneys received by them in their office. (1915, c. 84, s. 1; 1917, c. 290, s. 1; C. S., s. 1870; 1925, c. 310; 1953, c. 808, s. 5.)

Editor's Note. — The 1953 amendment struck out the former first two sentences of this section and inserted the present first sentence in lieu thereof.

An indemnity contract or bond, which was neither in the amount nor "conditioned" as required by this section, did not

cover a claim of damages for false imprisonment committed by an assistant fisheries commissioner under color of his office, and the surety is not liable thereunder to plaintiff. *Midgett v. Nelson*, 214 N. C. 396, 199 S. E. 393 (1938).

§ 113-130. **Fish inspectors.** — The Commercial Fisheries Commissioner may appoint, with the approval of the Board, inspectors in each county having fisheries under his jurisdiction. These inspectors shall serve under the direction of the Commissioner and assist him at such times as he may require. (1915, c. 84, s. 2; C. S., s. 1871.)

§ 113-131. **Commissioner of Commercial Fisheries and assistants not to be financially interested in fisheries.**—The Commercial Fisheries Commissioner, assistant fisheries commissioners and inspectors shall not be financially interested in any fishing industry in North Carolina. (1915, c. 84, s. 3; C. S., s. 1873.)

§ 113-133. **Boats and equipment for Commercial Fisheries Commissioner.** — The Commercial Fisheries Commissioner is authorized, with the consent of the Board, to purchase or rent such boats, nets, and other equipment as may be necessary to enable him and his assistants to fulfill the duties specified in this chapter. (1915, c. 84, s. 4; C. S., s. 1874.)

§ 113-134. **"Commercial Fisheries Fund" derived from imposts.**—All license fees, taxes, rentals of bottoms for oyster or clam cultivation and other imposts upon the fisheries, in whatever manner collected, shall, except as otherwise provided in this chapter, be deposited with the State Treasurer to the credit of the Commercial Fisheries Fund, to be drawn upon as directed by the Board. (1915, c. 84, s. 9; C. S., s. 1875.)

ARTICLE 13.

Powers and Duties of Board and Commissioners.

§ 113-135. **Duties of the Board.**—It is the duty of the Board of Conservation and Development, through its agents, the Commissioner of Game and Inland Fisheries and the Commissioner of Commercial Fisheries and their assistants:

- (1) To enforce all acts relating to the fish and fisheries of North Carolina.
- (2) To make regulations that will keep open for the passage of fishes all inlets and not less than one-third of the width of all sounds and streams, or such greater proportions of their width as may be necessary.
- (3) To make such rules and regulations as they think proper to procure statistics as to the annual products of the fisheries of the State.
- (4) To collect and compile statistics showing the annual product of the fisheries of the State, the capital invested, and the apparatus employed, and any fisherman refusing to give these statistics shall be refused a license for the next year. Provided, however, the Board may extend the time of his operations if any fisherman fail or refuse to give statistics as required in this section.
- (5) To prepare and have on file maps based on the charts of the United States Coast and Geodetic Survey, of the largest scale published, showing as closely as may be the location of all fixed apparatus employed during each fishing season.
- (6) To have surveyed and marked in a prominent manner those areas of waters of the State in which the use of any or all fishing appliances are prohibited by law or regulation, and those areas of waters in the State in which oyster tonging or dredging is prohibited by law.
- (7) To prosecute all violations of the fish laws, and whenever necessary, to employ counsel for this purpose.
- (8) To remove pending trial nets or other appliances found being fished or used in violation of the fisheries laws of the State.
- (9) To carry on investigations relating to the migrations and habits of the fish in the waters of the State, also investigations relating to the cultivation of the oyster, clam, and other mollusca, and of the terrapin and crab, and for this purpose to employ scientific assistance.
- (10) To collect all license fees, rentals, or other imposts, and to pay them into the State treasury to the credit of the proper fisheries fund. On or before the twenty-fifth day of each month there shall be mailed to the Treasurer of the State a consolidated statement showing the amount of taxes and license fees collected during the preceding month, and by and from whom collected.
- (11) To administer oaths and to send for and examine persons and papers; the commissioners also shall have this power.
- (12) To enter into reciprocal agreements with coastal states on the Atlantic Seaboard with regard to fin fish, shrimp and other migrating marine life. (1915, c. 84, s. 5; 1917, c. 290, s. 10; C. S., s. 1883; 1953, c. 1086.)

Editor's Note. — The 1953 amendment added subdivision (12).

§ 113-136. Regulations as to fish, fishing, and fisheries made by Board.—The Board of Conservation and Development is hereby authorized to regulate, prohibit, or restrict in time, place, character, or dimensions, the use of nets, appliances, apparatus, or means employed in taking or killing fish; to regulate the seasons at which the various species of fish may be taken in the several waters of the State, and to prescribe the maximum numbers and minimum sizes of fish which may be taken in the said several waters of the State, or which may be bought, sold, or held in possession by any person, firm, or corporation in the State; and to make such rules regulating the shipment and transportation of fish, oysters, clams, crabs, escallops, and other water products, and all types of marine vegetation which may grow in the waters or on the bottoms of any navigable waters, as it may deem necessary; and all regulations, prohibitions, restric-

tions, and prescriptions, after due publication, which shall be construed to be once a week for four consecutive weeks in some newspaper published in North Carolina, shall be of equal force and effect with the provisions of this section; and any person violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, at the discretion of the court: Provided, however, no rule or regulation shall be adopted by the Board of Conservation and Development which will require the culling of oysters taken or sold by the owner or his agents from his private bed during the closed season, on which private bed no oysters have been planted which have come from public grounds during the planting season. (1915, c. 84, s. 21; 1917, c. 290, s. 7; C. S., s. 1878; 1925, c. 168, s. 2; 1935, c. 35; 1945, c. 776; 1953, cc. 774, 1251.)

Local Modification. — Brunswick, New Hanover and Pender: 1959, c. 444.

Editor's Note.—The 1925 amendment inserted the provision for the regulation of the transportation of fish, etc.

The 1945 amendment inserted the provision as to marine vegetation.

The first 1953 amendment, which inserted the words "maximum numbers and" in line five, stated that its purpose was to grant authority to the Wildlife Resources Commission to establish creel limits.

The second 1953 amendment added the proviso at the end of the section.

Notwithstanding any of the provisions of chapter 444, Session Laws 1959, the provisions of this section shall apply to the taking of shrimp in the coastal waters of Brunswick and Pender counties which lie north and northwest of the northern edge of the Intercoastal Waterway.

The jurisdiction of the Board extends to all the public waters of the State or over which it has control. "The several waters of the State" is the precise language of the section, and the numerous portions of the law in which places are expressly mentioned are not in restriction of the general words of the section, but these places are

only mentioned because special provision is made as being desirable or necessary for them. *State v. Dudley*, 182 N. C. 822, 109 S. E. 63 (1921).

Regulations within Police Power.—It is fully established that fish, including oysters and other shellfish, as well as game, being a valued source of food supply, come well within the police power of the State and are subject to rules and regulations reasonably designed to protect them and promote their increase and growth, and that such rules and regulations may not be set aside or ignored because they indirectly affect or trench upon some private rights that are, or would be, ordinarily recognized. *Rea v. Hampton*, 101 N. C. 51, 7 S. E. 649 (1888); *Daniels v. Homer*, 139 N. C. 219, 51 S. E. 992 (1905); *State v. Sermons*, 169 N. C. 285, 84 S. E. 337 (1915).

The Taking of Escallops. — The Fisheries Commission Board [now the Board of Conservation and Development] may establish a formal rule or regulation, which prohibits the taking of escallops with drags or scrapes in certain waters, and a violation of this rule will warrant conviction. *State v. Dudley*, 182 N. C. 822, 109 S. E. 63 (1921).

§ 113-137. Regulations affecting existing interests not effective for two years.—In making regulations the Board shall give due weight and consideration to all factors which will affect the value of the present investment in the fisheries, and no changes in the existing regulations which, if they should go into effect immediately, would tend to cause fishermen to lose their property shall go into effect until two years from the date that the change has been made by the Board. (1915, c. 84, s. 21; 1917, c. 290, s. 7; C. S., s. 1879; 1953, c. 452.)

Editor's Note. — The 1953 amendment substituted "regulations" for "laws" in line three.

§ 113-138. Hearing before changes as to certain regulations. — If, however, a petition signed by five or more voters of the district or community which will be affected by the proposed changes is filed with the Board through the commissioners, their assistants or deputies, asking that they have a hearing before any proposed change in the territory, size of mesh, length of net, or time of fishing shall go into effect, petitioning that they be heard regarding such change, the Board shall in that event designate by advertisement for a period of thirty days at

the courthouse and three other public places in the county affected, and also by publication in a newspaper of the county, if such is published in said county, once a week for two consecutive weeks, a place at which said Board will meet and hear argument for and against said change, and may ratify, rescind, or alter this previous order of change as may seem just in the premises. (1915, c. 84, s. 21; 1917, c. 290, s. 7; C. S., s. 1880.)

§ 113-139. Reports of Board to legislature; publication.—The Board shall cause to be prepared and submitted to each legislature a report showing the operations, collections and expenditures of the Board; and it shall also cause to be prepared for publication such other reports, with necessary illustrations and maps, as will adequately set forth the results of the work and the investigations of the Board, all such reports, illustrations, and maps to be printed and distributed at the expense of the State, as are other public documents, as the Board may direct. (1915, c. 84, s. 15; C. S., s. 1882.)

§ 113-140. Violations investigated; nets seized and sold; bonds of Commissioners liable.—It is the duty of the Commissioner of Game and Inland Fisheries and the Commissioner of Commercial Fisheries, or any of their assistants or deputies, upon a complaint made either orally or in writing, stating that any of the laws relating to fish or fisheries are being violated at any particular place, to go to such place and investigate same. They shall seize and remove all nets or other appliances set or being used or that have been used in violation of the fisheries laws of the State. Such nets and appliances may be stored either in the county in which they were seized or in the county in which the Commissioner of Commercial Fisheries maintains his principal headquarters. Such nets or other appliances shall be sold at public auction in the county where stored after advertisement for twenty (20) days at the courthouse and three other public places in the county in which the seizure was made. If the nets or other appliances are to be sold in a county other than the one in which they were seized, such advertisement shall be made in the county where the nets or other appliances were seized and similar advertisement shall also be made in the county where the nets or other appliances are to be sold. The proceeds of sale shall be applied to the payment of the costs and expenses of such removal, and any remaining balance shall be paid into the school fund of the county in which the violation was committed. The failure of the Commissioners or their deputies to perform the above prescribed duty shall render their bonds liable to a penalty of five hundred dollars, one half to go to the informant and the other one half to be paid to the school fund of the county in which the action is brought. (1911, c. 18; C. S., s. 1884; 1941, c. 113; 1955, c. 1078.)

Editor's Note.—The 1941 amendment inserted after the word "used" in the second sentence the words "or that have been used."

The 1955 amendment inserted all of the section, except the first and last sentences, in lieu of the former second sentence.

The authority to summarily destroy nets used in violation of the law for the protection of fish is a lawful exercise of police power of the State and does not deprive the citizen of his property without due process of law. *Daniels v. Homer*, 139 N. C. 219, 51 S. E. 992 (1905).

§ 113-141. Arrests without warrant; investigation of unlawful transportation of sea food.—The Commissioner of Game and Inland Fisheries and the Commissioner of Commercial Fisheries, their assistants and deputies, shall have power, without warrant, to arrest any person or persons violating any of the fisheries laws in their presence, or upon reasonable grounds to believe that such person or persons are violating the fisheries laws in their presence, who shall be carried before a magistrate for trial or hearing as is required by law in case of persons arrested without warrant. The 1957 amendment inserted, in the first sentence, the words "or upon reasonable grounds to believe that such person or persons are violating the fisheries laws in

their presence." Section 3 of the amendatory act provides that it shall not be construed to repeal any of the provisions of article 24 of chapter 143 as they modify §§ 113-91 and 113-141.

(1929, c. 335, s. 1; 1945, c. 567, s. 1.)

Editor's Note. — The 1945 amendment struck out the words "other than in waters of the county in which such person perma-

§ 113-143.1. **Special trout fishing license.**—A special mountain trout fishing license is required of all persons who fish in waters which are stocked with mountain speckled, brook, rainbow, or brown trout at the expense of the State, and which are designated by the North Carolina Wildlife Resources Commission as Public Mountain Trout Waters. The section in chapter 432 is identical, with the exception that the word "native" appears before the word "mountain" in line three. Both acts were made effective January 1, 1954.

The 1955 amendment rewrote the former second sentence to appear as the present second and third sentences. described above through the means of matching federal funds in such proportion as the federal laws may require, and that twenty-five cents (25¢) of each such fee shall be expended by such Commission, in its discretion, for the purposes of enlarging, expanding and making more effective the work of the education and enforcement divisions of the North Carolina Wildlife Resources Commission. (1929, c. 335, s. 2; 1945, c. 567, s. 2; 1949, c. 1203, s. 2; 1957, c. 849, s. 2.)

Editor's Note.—The 1945 amendment increased the fee from two to three dollars and added the proviso. The 1949 amendment rewrote the proviso.

The 1957 amendment increased the license fee in line five from three to four dollars. Section 3 of the amendatory act

As soon as possible after the application is received, the Commissioner of Commercial Fisheries shall cause to be made a survey and map of said bottom at the expense of the applicant. The Commissioner shall also thoroughly examine said bottoms by sounding and by dragging thereover a chain to detect the presence of natural oysters. Should any natural oysters be found, the Commissioner shall cause examination to be made to ascertain the area and density of oysters on said bottom or bed, to determine whether the same is a natural bed, under the definition contained in this article. He shall be assisted in this examination on tonging ground by an expert tonger, to be appointed by the board of county commissioners of the county in which said bottom or the greater portion thereof is located, and the question as to whether the oyster growth is sufficiently dense to fall within the definition of the natural bed shall be determined by the quantity of oysters which the said expert tonger may be able to take in a specified time; and on dredging ground the Commissioner shall be assisted by an expert dredger, appointed by the board of county commissioners of the county in which said bottom or the greater portion thereof is located, and the question as to whether the oyster growth is sufficiently dense to fall within the definition of the natural bed shall be determined by the quantity of oysters which the said expert dredger may be able to take in a specified time. The Commissioner shall require the bodies of bottoms applied for to be as compact as possible, taking into consideration the shape of the body of water and the consistency of the bottom. No application shall be entertained nor lease granted for a piece of bottom within two hundred yards of a known natural bottom, bed or reef. A deposit of twenty dollars will be required of each applicant at the time of making his application, said sum to be credited to the cost of the survey of the bottom applied for. (1909, c. 871, ss. 3, 9; 1919, c. 333, s. 6; C. S., s. 1906; 1953, c. 842.)

A copy of the lease, map of the survey and a description of the bottom, defining its position, shall be filed in the office of the Commissioner. After the execution of said lease, the lessee shall have the sole right and use of said bottoms, and all shells, oysters and culls thereon or placed thereon shall be his exclusive property so long as he complies with the provisions of this law. The lessee shall stake off and mark the bottoms leased in the manner prescribed by the Commissioner, and failure to do so within a period of thirty days of an order so to do issued by the Commissioner shall subject said lessee to a fine of five dollars per acre for each sixty days' default in compliance with said order. The corner stakes, at least, of each lease shall be marked with signs plainly displaying the number of the lease and the name of the lessee. The lessee shall, within two years of the commencement of his lease, have planted upon his holdings a quantity of shells equal to an average of fifty bushels of seed oysters or shells per acre of holdings, and within four years from the commencement of his lease a quantity of oysters or shells equal to an average of not less than one hundred and twenty-five bushels per acre. § 113-181. Term and rental.—All leases made under the provisions of this article shall begin upon the issuance of the lease, and shall expire on the first day of April of the twentieth year thereafter. The rental shall be at the rate of fifty cents per acre per year for the first ten years and one dollar per acre per year for the next ten years of the lease, payable annually in advance on the first day of April of each year: Provided, that in the open waters of Pamlico Sound (and for the purposes of this article the open waters of Pamlico Sound shall mean the waters that are outside the four miles of the shore line) the rental shall be at the rate of fifty cents per acre per year for the first three years, one dollar per acre per year for the next seven years, and two dollars per acre per year for the next ten years, of the lease. The rental for the first year shall be paid in advance, to an amount proportional to the unexpired part of the year to the first of April next succeeding. (1909, c. 871, ss. 5, 9; 1919, c. 333, s. 6; C. S., s. 1908; 1933, c. 346; 1953, c. 1139.)

Editor's Note.—The rental fees were reduced by the 1933 amendment.

The 1953 amendment deleted the former next to last sentence which read: "This rental shall be in lieu of all other taxes

and imposts whatever, and shall be considered as all the only taxation which can be imposed by the State, counties, municipalities or other subordinate political bodies".

§ 113-182. Nature of lessee's rights; assignment and inheritance.—The said lease shall be heritable and transferable, in whole or in part, provided the qualifications of the heirs and transferees are such as are described by this article. Nonresidents, acquiring by inheritance or process sale, or persons already holding the maximum area permitted by this article, shall within a period of twelve months from the time of acquisition dispose of said prohibited or excess of holding to some qualified person, firm or corporation, under penalty or forfeiture. The lease shall be subject to mortgage, pledge, seizure for debt and the same other transactions as are other property rights in North Carolina. No transfer shall be of effect unless of court record, until entered on the books of the Commissioner of Commercial Fisheries. (1909, c. 871, ss. 6, 9; 1919, c. 333, s. 6; C. S., s. 1909.)

§ 113-183. Renewal of lease.—The term of each lease granted under the provisions of this article shall be for a period of twenty years from the first day of April preceding the date of granting of said lease. At the expiration of the first lease, the lessee, upon making written application on the prescribed form, shall be entitled to successive leases on the same terms as applied to the last ten

years of the first lease, for a period not exceeding ten years each. (1909, c. 871, ss. 7, 9; 1919, c. 333, s. 6; C. S., s. 1910.)

§ 113-184. Forfeiture of lease for nonpayment.—The failure to pay the rental of bottoms leased for each year in advance on or before the first day of April, or within thirty days thereafter, shall ipso facto cancel said lease and shall forfeit to the State the said leased bottoms and all oysters thereon, and upon said forfeiture the Commissioner of Commercial Fisheries is hereby authorized to lease the said bottoms to any qualified applicant therefor: Provided, that no forfeiture shall be valid, however, under the provisions of this section, unless there shall have been mailed by the Commissioner to the last address of the lessee upon the books of the Commissioner a thirty days' notice of the maturity of said rental. (1909, c. 871, ss. 8, 9; 1919, c. 333, s. 6; C. S., s. 1911.)

§ 113-185. Contest over grant of lease; time for contest; decision; appeal.—If any person, within four months of the publication of the notice of granting of any lease, make claim that a natural oyster bottom, bed or reef exists within the boundaries of said lease, he shall, under oath, state his claim, and request the Commissioner of Commercial Fisheries to cancel the said lease: Provided, however, that each such claim and petition shall be accompanied by a deposit of twenty-five dollars. No petition unaccompanied by said deposit shall be considered by the Commissioner. The Commissioner shall, in person, examine into said claim, and, if the decision should be against the claimant, the deposit of twenty-five dollars shall be forfeited to the State and deposited to the credit of the Commercial Fisheries Fund. Should, however, the claim be sustained and a natural bed be found within the boundary of the lease, the said natural bed shall be surveyed and marked with stakes or buoys, at the expense of the lessee, and the said natural bed be thrown open to the public fishery. If no such claim be presented within a period of four months, or if when so presented it fail of substantiation, as provided, the lessee shall thereafter be secure from attack on such account, and his lease shall be incontestable so long as he complies with the other provisions of this article. In each and every such case the decision of the Commissioner shall be subject to review and appeal before a judge of the superior court, who shall render a decision without the aid of a jury, and his decision shall be final. (1909, c. 871, s. 9; 1919, c. 333, s. 6.)

Development of Oyster and Other Bivalve Resources.

§ 113-216.1. **Statement of purpose.**—The purpose of this article is to authorize the Department of Conservation and Development, through the Division of Commercial Fisheries, to manage, restore, develop, cultivate, conserve, and rehabilitate the oyster, clam, scallop, and other bivalve resources in the waters of Eastern North Carolina by qualified, specialized personnel. (1947, c. 1000, s. 1.)

§ 113-216.2. **Powers of Board of Conservation and Development; oyster rehabilitation program.** — (a) The Department of Conservation and Development shall conduct, through the Division of Commercial Fisheries, a large oyster rehabilitation program consisting of large-scale operations for the planting of shells and seed oysters on natural oyster beds and other areas found to be suitable for oyster growth or reproduction, and subject to budgetary provisions, may procure suitable and adequate boats, barges, and the other suitable materials, and for collecting and transplanting seed and adult oysters, and for the proper and adequate enforcement of the statutes and regulations adopted pursuant thereto for the protection of marine bivalve resources.

(b) The Board of Conservation and Development is authorized and empowered to adopt rules and regulations to enforce the provisions of this article and to carry out its true purpose and intent, and in particular, dealing with and controlling the following subjects:

- (1) To limit the number of bushels of marketable oysters which may be taken from public beds in any one day and the number, weight, and size of dredges not inconsistent with G. S. 113-210.1, but no one boat may take more than seventy-five (75) bushels in one day.
- (2) To close any or all portions of the public oyster beds when it is determined that such action will be beneficial to the shellfish industry or for

the protection and propagation of oysters or because of prevailing marketing conditions.

- (3) To levy licenses, taxes, and fees not in excess of the following:
- a. A tax not exceeding eight cents (8¢) per bushel on oysters taken from public beds and a tax of eight cents (8¢) per bushel on seed oysters taken from public beds under such rules and regulations as adopted by the Board of Conservation and Development.
 - b. A license of twenty-five dollars (\$25.00) on each packer, shucker, and canner, and to require the contribution of not more than fifty per cent (50%) of their oyster shells accumulated annually for planting on public beds.
- (4) To require persons dredging oysters from public beds to obtain a license and to deny the issuance of licenses to nonresidents, or to boats owned by nonresidents, or on which a lien is held by a nonresident.
- (5) To regulate, control, or prohibit the importation of new species of mollusks such as the Pacific oyster, *Ostrea gigas*.
- (6) To regulate, control, or prohibit the shipment of oysters in the shell out of the State of North Carolina and the sale of the oysters in the shell for shipment out of the State. If the Board permits the sale of such oysters to nonresidents or for the purpose of shipment out of the State the purchasers shall pay a tax of fifty cents (50¢) per bushel in addition to any other tax or fee levied. (1947, c. 1000, s. 2; 1953, c. 175, s. 2; 1953, c. 1153, ss. 1, 2.)

Editor's Note. — The first 1953 amendment inserted the words "not inconsistent with G. S. 113-210.1" in subdivision (1) of subsection (b). And the second 1953 amendment changed subdivision (3) of subsection (b) by adding the part of subpara-

graph a beginning with the word "taken" in line one. It also directed the striking out of a former subparagraph, which read: An annual license of fifteen dollars (\$15.00) on each oyster dredge boat.

§ 113-216.3. Appropriation for use by Division of Commercial Fisheries.—There is hereby appropriated out of the general fund of the State to the Department of Conservation and Development, for the use and benefit of the Division of Commercial Fisheries, the sum of one hundred thousand dollars (\$100,000.00) to serve as a revolving fund to carry out the provisions of this article; and any portions of said fund remaining unexpended at the end of any fiscal year shall be carried over into the next fiscal year until otherwise directed by the General Assembly of North Carolina. (1947, c. 1000, s. 3.)

§ 113-216.4. Use of proceeds from licenses, taxes and fees. — To make the program herein authorized self-supporting insofar as possible, all licenses, taxes, and fees imposed by this article or by other statutes applicable to shellfish shall be deposited with the State Treasurer to be used solely to effectuate the purposes and requirements of this article. (1947, c. 1000, s. 4.)

ARTICLE 18.

Propagation of Oysters.

§ 113-220. Board to plant natural oyster beds; material; selection of planting ground.—The Board of Conservation and Development is authorized, empowered, and directed to make all necessary and proper arrangements

and to take the necessary steps to provide for the planting in the natural oyster beds of the public waters of North Carolina all shells, "coon oysters," or "seed oysters," or such other material as is well adapted for the propagation of oysters. The said Board shall select such territory or planting ground in the public waters of North Carolina as is best adapted to the culture of oysters, and is most conveniently located with reference to existing beds or shells, "coon oysters," or "seed oysters," or other material well adapted for the propagation of oysters. (1921, c. 132, s. 1; C. S., s. 1959(a).)

§ 113-221. Location and boundaries of planting; propagating material; manner and time of planting; supervision of work. — The said Board may designate the location and boundaries of said territory for such planting, and may further designate what oyster propagating materials shall be planted in said territory, the manner and time of said planting, and from what territory the said materials can be secured. The said Board shall carefully supervise or cause to be carefully supervised by its properly designated agents, the planting of such beds and the distribution of said oyster propagating materials in said territory or beds. (1921, c. 132, s. 2; C. S., s. 1959(b).)

§ 113-222. Purchase of material; pay for work; contracts. — The said Board may purchase the necessary shells, "coon oysters," "seed oysters," or other propagating materials, and may cause same to be distributed in a designated territory or territories, and the said Board may provide proper compensation for any work or labor connected with the procuring of said materials, or the planting or distributing of said materials; or the said Board may let out by private contract any part of the said procuring or distributing materials, or both. (1921, c. 132, s. 3; C. S., s. 1959(c); 1953, c. 1146.)

Editor's Note. — The 1953 amendment the cost of planting propagating materials struck out the former provision limiting to ten cents a bushel.

§ 113-223. Marking boundary of planted grounds; protection. — It shall be the duty of the said Board to plainly and clearly mark and define the limits and boundaries of any territory which may be planted with oyster propagating materials under the provisions of this article. The said Board may prohibit the taking of any oysters from any such territory or area for such length of time as the Board may determine, and the said Board may regulate the manner of such taking as the said Board may determine: Provided, that the said Board shall prohibit any taking oysters from any territory or area so planted for at least two years after such planting. (1921, c. 132, s. 5; C. S., s. 1959(e).)

§ 113-224. Acts violative of law constituting misdemeanor. — Any person violating any proper regulations or prohibitions of said Board may, under the authority of § 113-223, or any person who shall take oysters from any territory or area within two years after the planting of oyster propagating material in such territory or area under the provisions of this article, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine or imprisonment, or both, in the discretion of the court. (1921, c. 132, s. 6; C. S., s. 1959(f).)

§ 113-225. Enforcement of law.—It shall be the duty of the said Board and its assistants to enforce the provisions of this article, and the regulations and prohibitions of said Board may, under the authority of this article, be enforced in the same manner as is provided for enforcing the fishing laws of this State, and the regulations of said Board adopted under the authority of said laws, and the said Board and its assistants shall have the same powers and duties and obligations with respect to the enforcement of this article as said Board and its assistants have with respect to other fishing laws of this State. (1921, c. 132, s. 7; C. S., s. 1959(g).)

§ 113-226. **Planting of certain kinds of oysters prohibited.**—It shall be unlawful for any person, persons, firm or corporation to plant, store, distribute or in any way deposit the Japanese, Portugese or Mongolian oysters in any of the waters of North Carolina. Any person, persons, firm or corporation violating or attempting to violate this section shall be guilty of a felony, and, upon conviction, shall be fined not less than one thousand dollars (\$1,000.00) or imprisoned not less than one (1) year, or both, in the discretion of the court. § 113-229: Repealed by Session Laws 1951, c. 1045, s. 1.

§ 113-230. **Salt fish sold by weight; marked on package.**—All salt fish packed for market shall be sold at their net weight, which shall be marked on every package; and any person packing or offering for sale salt fish, fraudulently marking the net weight on the package, shall for each offense be guilty of a misdemeanor and fined not more than fifty dollars or imprisoned not more than thirty days, or both, at the discretion of the court. (1909, c. 663, s. 2; C. S., s. 1961.)

§ 113-231: Repealed by Session Laws 1951, c. 1045, s. 1.

§ 113-232. **Measures for fish scrap and oil.**—For the purpose of uniformity in the trade of manufacturing fish scrap and oil in the State of North Carolina, there is hereby established a standard measure of twenty-two thousand cubic inches for every one thousand fish. Any person, firm, corporation or syndicate buying or selling menhaden fish for the purpose of manufacturing within the borders of this State, who shall measure the fish by any other standard (more or less) than is prescribed in this section, shall be guilty of a misdemeanor, and upon conviction shall be fined not more than fifty dollars or imprisoned not to exceed thirty days. Each day said measure is unlawfully used shall constitute a separate and distinct offense. (1911, c. 101; C. S., s. 1963.)

ARTICLE 21.

Commercial Fin Fishing; General Regulations.

§ 113-233. **Right of fishing in grantee of land under water.**—Whenever any person acquires title to lands covered by navigable water under the subchapter Entries and Grants of the chapter entitled State Lands, the owner or person so acquiring title has the right to establish fisheries upon said lands; and whenever the owner of such lands improves the same by clearing off and cutting therefrom logs, roots, stumps or other obstructions, so that the said land may be used for the purpose of drawing or hauling nets or seines thereon for the purpose of taking or catching fish, the person who makes or causes to be made the said improvements, his heirs and assigns, shall have prior right to the use of the land so improved, in drawing, hauling, drifting or setting nets or seines thereon, and it shall be unlawful for any person, without the consent of such owner, to draw or haul nets or seines upon the land so improved by the owner thereof for the purpose of drawing or hauling nets or seines thereon. This section shall apply where the owner of such lands shall erect platforms or structures of any kind thereon to be used in fishing with nets and seines. Every person who shall

willfully destroy or injure the said platforms or structures, or shall interfere with or molest the owner in the use of such lands as aforesaid, or in any other manner shall violate this section, shall be guilty of a misdemeanor. This section shall not relieve any person from punishment for the obstruction of navigation. (1874-5, c. 183, ss. 1-6; Code, s. 3384; Rev., s. 2460; C. S., s. 1964.)

Cross Reference.—As to injuries to nets by boats, see § 113-249.

Exclusive Right to Fish Not Acquired.—Where the owner of a beach has used the adjoining navigable waters to fish with a seine for many years but it was not contended that the owner had improved the land under the water by removing logs, roots, stumps, and other obstructions, no exclusive right to fish in the adjoining

waters was acquired by user. Under Revised § 1693 (now § 146-1) an express grant of the land covered by navigable water would have been void under the circumstances. *Bell v. Smith*, 171 N. C. 116, 87 S. E. 987 (1916).

The right of fishing is subordinate to the right of navigation in a navigable river. *Lewis v. Keeling*, 46 N. C. 299 (1854).

§§ 113-234 to 113-236: Repealed by Session Laws 1951, c. 1045, s. 1.

§ 113-237. **Permission to set up apparatus to be granted by Department of Conservation and Development and federal government; license fee.**—Application for entry for the purpose of constructing permanent and semi-permanent, or stationary fishing apparatus within the three-mile limit under the provisions of this and the preceding section shall be made to the Department of Conservation and Development. Permits for the erection of such fishing apparatus, nets, wires or devices, may be granted by the Department of Conservation and Development if such construction is deemed not to be a menace to public safety or navigation. No construction, or any part of a construction, to be erected under the authority of this section shall be made until permission is secured from the Department of Conservation and Development and from the federal government. The license fee for the erection of fishing apparatus, nets, wires, or other construction which is an integral part of such fishing device, under the authority of this and the preceding section, shall be at the rate of twenty-five dollars per pocket per year, and said license shall expire each year on December thirty-one: Provided, however, the license fee herein levied shall not apply where the investment for such apparatus does not exceed the sum of one thousand dollars. (1931, c. 118, s. 2.)

§§ 113-238 to 113-243: Repealed by Session Laws 1951, c. 1045, s. 1.

§ 113-244. **Poisoning streams.**—Except as provided in G. S. 113-174.12, if any person shall put any poisonous substance for the purpose of catching, killing or driving off any fish in any of the waters of a creek or river, he shall be guilty of a misdemeanor. (1883, c. 290; Code, s. 1094; Rev., s. 3417; C. S., s. 1968; 1955, c. 1053, s. 3.)

Editor's Note.—The 1955 amendment added the exception clause at the beginning of the section.

Protection of Riparian Owners.—Former § 113-287, relating to setting nets in Pamlico Sound, and this section were enacted, in part at least, for the protection of riparian owners and those similarly situated. *Hampton v. North Carolina Pulp Co.*, 223 N. C. 535, 27 S. E. (2d) 538 (1943).

In an action by plaintiff, a riparian proprietor on a navigable river, who was the owner of a long established fishery upon the shores of his property along such

stream wherein it was alleged that plaintiff had suffered damages by the interference of defendant in polluting the waters of the river with toxic chemicals and other matter deleterious to fish life, discharged into said river as waste from defendant's recently established pulp mill, causing a public nuisance and seriously interrupting the migratory passage of fish, it was held error to sustain a demurrer to the complaint as not stating a cause of action. *Hampton v. North Carolina Pulp Co.*, 223 N. C. 535, 27 S. E. (2d) 538 (1943).

§ 113-245. **Putting explosives in waters forbidden.**—Except as provided in G. S. 113-174.12, no person, firm or corporation shall put or place in

any waters within or on the boundaries of this State any electricity, explosives or poisonous substances whatsoever for the purpose of catching, injuring or killing fish. Except as provided in G. S. 113-174.12, no person, firm or corporation shall allow substances, poisonous to fish to be turned into or allowed to run, flow, wash or be emptied into any waters within this Commonwealth, designated by the Board as fish producing waters, unless it be shown to the satisfaction of the Board or to the proper court that every reasonable and practicable means has been used to abate and prevent the pollution of waters in question by emptying into same any deleterious or poisonous substances: Provided this section shall not apply to dyestuffs or sewage discharged from cotton mills.

In prosecutions under this section for pollution of water by substances known to be injurious to fish or fish food, it shall not be necessary to prove that such substances have actually caused the death of any particular fish.

No person shall fish or trespass with intent to fish in or upon any waters or bed or banks of any water, or any land controlled or owned, or occupied by the Board. No person shall willfully or maliciously destroy or damage any ponds, property or appliance whatsoever of the Board, nor interfere, obstruct, pollute or diminish the natural flow of water into or through any State fish hatchery.

Any person violating any of the provisions of this section shall, on conviction, be fined not less than one hundred dollars for each and every offense: Provided, further, that this section shall apply only to such fish producing streams designated as such by the Board, and that no prosecution under this section shall be instituted except by said Board. (1927, c. 107; 1955, c. 1053, s. 4.)

Editor's Note. — The 1955 amendment ginning of the sentences of the first paragraph added the exception clauses at the be-

§ 113-246. Fish offal in navigable waters.—If any person shall throw, or cause to be thrown, into the channel of any of the navigable waters of the State, any fish offal, in any quantity that shall be likely to hinder or prevent the passage of fish along such channel, or if any person shall throw or cause to be thrown into the waters known as the Frying Pan, tributary to the Great Alligator River, in Tyrrell County, any fish offal in any quantities whatsoever, he shall be guilty of a misdemeanor. (Code, ss. 3386, 3389, 3407; Rev., s. 2444; C. S., s. 1969.)

§ 113-247. Sunday fishing.—If any person fish on Sunday with a seine, drag-net or other kind of net, he shall be guilty of a misdemeanor, and fined not more than fifty dollars; provided, however, that the provisions of this section shall apply only to inland waters under the jurisdiction of the Wildlife Resources Commission, and shall not apply to any waters classified as commercial fishing waters or to the canals draining Lake Phelps in Washington and Tyrrell counties and the waters of Tar River in Pitt County, and to the waters of Tar River in Edgecombe County, as provided for by regulations of the Wildlife Resources Commission permitting the use of nets for taking non-game fish; provided, further, that this section shall not apply to the taking of rockfish and any other non-game fish with skim and dip nets used in accordance with regulations of the Wildlife Resources Commission on that portion of the Roanoke River between the highway bridge on U. S. Highway No. 301 at Weldon and the highway bridge on U. S. Highway No. 258 north of Scotland Neck. The provisions of this section shall not apply to Craven, Gaston, and Mecklenburg counties, nor to portions of streams adjoining said counties. (1883, c. 338; Code, s. 1116; Rev., s. 3841; C. S., s. 1970; 1933, c. 438; 1951, c. 1045, s. 1; 1955, c. 706; 1959, c. 274, ss. 1, 2; c. 291.)

Cross Reference.—As to provisions concerning catching and unloading oysters on Sunday or at night, see §§ 113-210, 113-211.

Editor's Note. — The 1951 amendment

added the first proviso to the first sentence.

The 1955 amendment added the part of the first proviso beginning with "or to the canals" in line six.

The first 1959 amendment changed the punishment provision, which formerly read "fined not less than two hundred nor more than five hundred dollars or imprisoned

not more than twelve months." It also added the second sentence. The second 1959 amendment added the second proviso to the first sentence.

§ 113-248. **Robbing nets.**—If any person shall, without authority of the owner, take any fish from any nets of any kind, he shall be guilty of a misdemeanor. (1883, c. 137, s. 5; Code, s. 3418; Rev., s. 2478; C. S., s. 1971.)

§ 113-249. **Vessel injuring nets.**—If any master or other person having the management or control of a vessel or boat of any kind, in the navigable waters of the State, shall willfully, wantonly, and unnecessarily do injury to any seine or net which may be lawfully hauled, set or fixed in said waters for the purpose of taking fish, he shall forfeit and pay to the owner of such seine or net, or other person injured by such act, one hundred dollars, and shall be guilty of a misdemeanor. (Code, ss. 3385, 3389; Rev., s. 2465; C. S., s. 1972.)

The right of navigation is paramount but not exclusive. If nets are across the channel of a river, or are in any other way a bar to navigation, they may be run over with impunity by any vessels that may find it reasonably necessary to do so. *Lewis v. Keeling*, 46 N. C. 299, 62 Am. Dec. 188 (1854); *State v. Baum*, 128 N. C.

600, 38 S. E. 900 (1901). But there must be some such necessity. There must be no wantonness or malice, no unnecessary damage, but a bona fide exercise of the paramount right of navigation. *Hopkins v. Norfolk, etc., R. Co.*, 131 N. C. 463, 42 S. E. 902 (1902).

§ 113-250. **Injury to fishing structures.**—If any person shall willfully destroy or injure any platform or structure on any land covered by navigable waters, which land has been duly entered and granted and over which the owner has, according to law, acquired a prior right of fishery, or shall interfere with or molest the owner in the use thereof or of said prior right of fishery, he shall be guilty of a misdemeanor. If any person shall willfully destroy or injure any platform or structure erected in any navigable waters by the owner of the adjoining land for the purpose of drawing or hauling nets or seines thereon, or shall interfere with or molest the owner in the use of any such lands, he shall be guilty of a misdemeanor. (1874-5, c. 183, ss. 2-4; Code, s. 2753; Rev., ss. 3414, 3415; C. S., s. 1973.)

§ 113-251. **Obstructing passage of fish in streams.** — If any person shall set a net of any description across the main channel of any river or creek, or shall erect, so as to extend more than three-fourths of the distance across any such river or creek, any stand, dam, weir, hedge or other obstruction to the passage of fish, or shall erect any stand, dam, weir, or hedge, in any part of any river or creek that may be left open for the passage of fish, or who, having erected any dam where the same was allowed, shall not make and keep open such slope or fishway as may be required by law to be kept open for the free passage of fish, he shall be guilty of a misdemeanor: Provided, however, that the provisions of this section shall apply only to inland waters under the jurisdiction of the Wildlife Resources Commission, and shall not apply to any waters classified as commercial fishing waters. (Code, ss. 3387, 3388, 3389; Rev., s. 2457; 1909, c. 466, s. 1; C. S., s. 1974; 1951, c. 1045, s. 1.)

Editor's Note. — The 1951 amendment added the proviso.

§ 113-252. **Dams for mills and factories regulated; sluiceways.** — No person shall place or allow to remain any dam for mill or factory purposes in the Chowan River between Holliday's Island and the Virginia line; in the Meherrin River between its mouth and the Virginia line; in the Roanoke River from the mouth of the Cashie River to the Virginia line; in the Dan River from the crossing of the State line to a point nearest Danbury; in the Neuse River

Marine Fisheries Compact and Commission.

§ 113-377.1. **Atlantic States Marine Fisheries Compact and Commission.**—The Governor of this State is hereby authorized and directed to execute a compact on behalf of the State of North Carolina with any one or more of the States of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, Georgia, and Florida and with such other states as may enter into the Compact, legally joining therein in the form substantially as follows:

ATLANTIC STATES MARINE FISHERIES COMPACT

The contracting states solemnly agree:

Article I

The purpose of this Compact is to promote the better utilization of the fisheries, marine, shell and anadromous, of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of the physical waste of the fisheries from any cause. It is not the purpose of this Compact to authorize the states joining herein to limit the production of fish or fish products for the purpose of establishing or fixing the price thereof, or creating and perpetuating monopoly.

Article II

This agreement shall become operative immediately as to those states executing it whenever any two or more of the States of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, North Carolina, Georgia and Florida have executed it in the form that is in accordance with the laws of the executing state and the congress has given its consent. Any state contiguous with any of the aforementioned states and riparian upon waters frequented by anadromous fish, flowing into waters under the jurisdiction of any of the aforementioned states, may become a party hereto as hereinafter provided.

Article III

Each state joining herein shall appoint three representatives to a commission hereby constituted and designated as the Atlantic States Marine Fisheries Commission. The Board of the North Carolina Department of Conservation and Development shall designate either the director of the Department, the chairman of the committee on commercial fisheries, or the Commissioner of Commercial Fisheries as one member of the Commission, and the Commission on Interstate Co-operation of the State shall designate a member of the North Carolina legislature as one of the members of said Commission, and the third member of said Commission, who shall be a citizen of the State having a knowledge of and interest in marine fisheries, shall be appointed by the Governor. This Commission shall be a body corporate, with the powers and duties set forth herein.

Article IV

The duty of the said Commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell and anadromous, of the Atlantic seaboard. The Commission shall have power to recommend the co-ordination of the exercise of the police powers of the several states within their respective jurisdictions to promote the preservation of those fisheries and their protection against overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the aforementioned states.

To that end the Commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislatures of the various signatory states legislation dealing with the conservation of the marine, shell and anadromous fisheries of the Atlantic seaboard. The Commission shall more than one month prior to any regular meeting of the legislature in any signatory state, present to the governor of the state its recommendations relating to enactments to be made by the legislature of that state in furthering the intents and purposes of this Compact.

The Commission shall consult with and advise the pertinent administrative agencies in the states party hereto with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable.

The Commission shall have power to recommend to the states party hereto the stocking of the waters of such states with fish and fish eggs, or joint stocking by some or all of the states party hereto, and when two or more of the states shall jointly stock waters the Commission shall act as the co-ordinating agency for such stocking.

Article V

The Commission shall elect from its number a chairman and a vice chairman and shall appoint and at its pleasure remove or discharge such officers and employees as may be required to carry the provisions of this Compact into effect, and shall fix and determine their duties, qualifications and compensation. Said Commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place but must meet at least once a year.

Article VI

No action shall be taken by the Commission in regard to its general affairs except by the affirmative vote of a majority of the whole number of compacting states present at any meeting. No recommendation shall be made by the Commission in regard to any species of fish except by the affirmative vote of a majority of the compacting states which have an interest in such species. The Commission shall define what shall be an interest.

Article VII

The Fish and Wildlife Service of the Department of the interior of the Government of the United States shall act as the primary research agency of the Atlantic States Marine Fisheries Commission, co-operating with the research agencies in each state for that purpose. Representatives of the said Fish and Wildlife Service shall attend the meetings of the Commission.

An advisory committee to be representative of the commercial fishermen and the salt water anglers and such other interests of each state as the Commission deems advisable shall be established by the Commission as soon as practicable for the purpose of advising the Commission upon such recommendations as it may desire to make.

Article VIII

When any state other than those named specifically in Article II of this Compact shall become a party thereto for the purpose of conserving its anadromous

fish in accordance with the provisions of Article II the participation of such state in the action of the Commission shall be limited to such species of anadromous fish.

Article IX

Nothing in this Compact shall be construed to limit the powers of any signatory state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any signatory state imposing additional conditions and restrictions to conserve its fisheries.

Article X

Continued absence of representation or of any representative on the Commission from any state party hereto shall be brought to the attention of the governor thereof.

Article XI

The states party hereto agree to make annual appropriations to the support of the Commission in proportion to the primary market value of the products of their fisheries, exclusive of cod and haddock, as recorded in the most recently published reports of the Fish and Wildlife Service of the United States Department of the Interior, provided no state shall contribute less than two hundred dollars (\$200.00) per annum and the annual contribution of each state above the minimum shall be figured to the nearest one hundred dollars (\$100.00).

The compacting states agree to appropriate initially the annual amounts scheduled below, which amounts are calculated in the manner set forth herein, on the basis of the catch record of 1938. Subsequent budgets shall be recommended by a majority of the Commission and the cost thereof allocated equitably among the states in accordance with their respective interests and submitted to the compacting states.

The representatives of such states on the Atlantic States Marine Fisheries Commission shall constitute a separate section of such Commission for the exercise of the additional powers so granted, provided that the states so acting shall appropriate additional funds for this purpose. The creation of such section as a joint regulatory agency shall not deprive the states participating therein of any of their privileges or powers or responsibilities in the Atlantic States Marine Fisheries Commission under the general Compact. SUBCHAPTER V. OIL AND GAS CONSERVATION.

ARTICLE 27.

Oil and Gas Conservation.

Part 1. General Provisions.

§ 113-378. **Persons drilling for oil or gas to register and furnish bond.**—Any person, firm or corporation before making any drilling exploration in this State for oil or natural gas shall register with the Department of Conservation and Development or such other State agency as may hereafter be established to control the conservation of oil or gas in this State. To provide for such registration, the drilling operator must furnish the name and address of such person, firm or corporation, and the location of the proposed drilling operations, and file with the aforesaid Department of Conservation and Development a bond in the amount of two thousand five hundred dollars (\$2,500.00) running to the State of North Carolina, conditioned that any well opened by the drilling operator upon abandonment shall be plugged in accordance with the rules and regulations of said Department of Conservation and Development. (1945, c. 765, s. 2.)

§ 113-379. **Filing log of drilling and development of each well.**—Upon the completion or shutting down of any abandoned well, the drilling operator shall file with the Department of Conservation and Development or other State agency, or with any division thereof hereinafter created for the regulation of drilling for oil or natural gas, a complete log of the drilling and development of each well. (1945, c. 765, s. 3.)

§ 113-380. **Violation a misdemeanor.**—Any person, firm or officer of a corporation violating any of the provisions of §§ 113-378 or 113-379 shall upon conviction thereof be guilty of a misdemeanor and shall be fined not less than five hundred dollars (\$500.00) nor more than two thousand dollars (\$2,000.00) and may in the discretion of the court be imprisoned for not more than two years. (1945, c. 765, s. 4.)

Part 2. Provisions Dependent upon Action of Governor.

§ 113-381. **Title.**—This law shall be designated and known as the Oil and Gas Conservation Act. (1945, c. 702, s. 1.)

Editor's Note. — As to discussion of this Act, see 23 N. C. Law Rev. 332.

§ 113-382. **Declaration of policy.**—If and when there should be discovered natural oil and/or natural gas within this State as a result of prospecting therefor by the drilling of wells, and where the discovery thereof in commercial quantities has been called to the attention of the Governor and Council of State, the Governor shall thereupon, with the advice of the Council of State, proclaim and declare this law to be in full force and effect, and shall proceed with the necessary action to see that the provisions of this law are carried out.

The General Assembly, in recognition of imminent evils that can occur in the production and use and waste thereof in the absence of coequal or correlative rights of owners of crude oil or natural gas in a common source of supply to produce and use the same, this law is enacted for the protection of public and private interests

against such evils by prohibiting waste and compelling ratable production. (1945, c. 702, s. 2.)

§ 113-383. Petroleum Division created; members; terms of office; compensation and expenses.—Subject to the provisions of § 113-382, there is hereby established in the Department of Conservation and Development a division thereof to be known as the "Petroleum Division," hereinafter in this law called "the Division," which Division shall be composed of the Director of the Department of Conservation and Development and the State Geologist as ex officio members thereof, and three members of the Board of Conservation and Development, to be designated by the Governor, the members so designated to serve on said Division for a term of two years, or until their successors are designated. The successors of said members of said Division shall be designated biennially by the Governor. Any vacancies of said Division may be filled by the Governor. The said Division shall designate one of its members, or such other person as it may select, to act as secretary thereof, unless a director of production and conservation is appointed as hereinafter provided. The members of the aforesaid Petroleum Division, other than the ex officio members thereof, shall receive the same per diem compensation for attending meetings thereof, and shall be allowed the same expenses, as are allowed to members of the Board of Conservation and Development at meetings thereof. (1945, c. 702, s. 3.)

§ 113-384. Quorum.—A majority of said Division shall constitute a quorum, and three affirmative votes shall be necessary for adoption or promulgation of any rules, regulations or orders. (1945, c. 702, s. 4.)

§ 113-385. Power to administer oaths.—Any member of the Division, or the secretary thereof, shall have power to administer oaths to any witness in any hearing, investigation or proceeding contemplated by this law or by any other law of this State relating to the conservation of oil or gas. (1945, c. 702, s. 5.)

§ 113-386. Director of production and conservation and other employees; duties of secretary; Attorney General to furnish legal services.—The Division may with the approval of the Governor appoint one director of production and conservation at a salary to be fixed by the Governor, and such other assistants, petroleum and natural gas engineers, bookkeepers, auditors, gaugers and stenographers, and other employees as may be necessary properly to administer and enforce the provisions of this law.

The director of production and conservation, when appointed, shall be ex officio secretary of the Division, and shall keep all minutes and records of said Division and, in addition thereto, shall collect and remit to the State Treasurer all moneys collected. He shall, as such secretary, give bond in such sum as the Division may direct with corporate surety to be approved by the Division, conditioned that he will well and truly account for all funds coming into his hands as such secretary.

The Attorney General shall furnish the required legal services and shall be given such additional assistants as he may deem to be necessary therefor. (1945, c. 702, s. 6.)

§ 113-387. Production of crude oil and gas regulated; tax assessments.—All common sources of supply of crude oil discovered after January first, one thousand nine hundred and forty-five, if so found necessary by the Division, shall have the production of oil therefrom controlled or regulated in accordance with the provisions of this law, and the Division is hereby authorized to assess from time to time against each barrel of oil produced and saved a tax not to exceed five (5) mills on each barrel. All moneys so collected shall be used solely to pay the expenses and other costs in connection with the administration of this law.

All common sources of supply of natural gas discovered after January first, one thousand nine hundred and forty-five, if so found necessary by the Division, shall

have the production of gas therefrom controlled or regulated in accordance with the provisions of this law, and the Division is hereby authorized to assess from time to time against each thousand cubic feet of gas produced and saved from a gas well a tax not to exceed one half ($\frac{1}{2}$) mill on each one thousand cubic feet of gas. All moneys so collected shall be used solely to pay the expenses and other costs in connection with the administration of this law. (1945, c. 702, s. 7.)

§ 113-388. Collection of assessments.—Any person purchasing oil or gas in this State at the well, under any contract or agreement requiring payment for such production to the respective owners thereof, in respect of which production any sums assessed under the provisions of § 113-387 are payable to the Division, is hereby authorized, empowered and required to deduct from any sums so payable to any such person the amount due the Division by virtue of any such assessment and remit that sum to the Division.

Further, any person taking oil or gas from any well in this State for use or resale, in respect of which production any sums assessed under the provisions of § 113-387 are payable to the Division, shall remit any sums so due to the Division in accordance with those rules and regulations of the Division which may be adopted in regard thereto. (1945, c. 702, s. 8.)

§ 113-389. Definitions.—Unless the context otherwise requires, the words defined in this section shall have the following meaning when found in this law:

- (1) "Division" shall mean the "Petroleum Division," as created by this law.
- (2) "Field" shall mean the general area which is underlaid or appears to be underlaid by at least one pool; and "field" shall include the underground reservoir or reservoirs containing crude petroleum oil or natural gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved; "field," unlike "pool," may relate to two or more pools.
- (3) "Gas" shall mean all natural gas, including casing-head gas, and all other hydrocarbons not defined as oil in subdivision (7).
- (4) "Illegal gas" shall mean gas which has been produced within the State of North Carolina from any well during any time that well has produced in excess of the amount allowed by any rule, regulation or order of the Division, as distinguished from gas produced within the State of North Carolina from a well not producing in excess of the amount so allowed, which is "legal gas."
- (5) "Illegal oil" shall mean oil which has been produced within the State of North Carolina from any well during any time that that well has produced in excess of the amount allowed by rule, regulation or order of the Division, as distinguished from oil produced within the State of North Carolina from a well not producing in excess of the amount so allowed, which is "legal oil."
- (6) "Illegal product" shall mean any product of oil or gas, any part of which was processed or derived, in whole or in part, from illegal oil or illegal gas or from any product thereof, as distinguished from "legal product," which is a product processed or derived to no extent from illegal oil or illegal gas.
- (7) "Oil" shall mean crude petroleum oil, and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods, and which are not the result of condensation of gas after it leaves the reservoir.
- (8) "Owner" shall mean the person who has the right to drill into and to produce from any pool, and to appropriate the production either for himself or for himself and others.
- (9) "Person" shall mean any natural person, corporation, association, part-

nership, receiver, trustee, guardian, executor, administrator, fiduciary or representative of any kind.

- (10) "Pool" shall mean an underground reservoir containing a common accumulation of crude petroleum oil or natural gas or both. Each zone of a general structure which is completely separated from the other zone in the structure is covered by the term "pool" as used herein.
- (11) "Producer" shall mean the owner of a well or wells capable of producing oil or gas, or both.
- (12) "Product" means any commodity made from oil or gas and shall include refined crude oil, crude tops, topped crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casing-head gasoline, natural gas gasoline, naphtha, distillate, gasoline, kerosene, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of oil with one or more liquid products or by-products derived from oil or gas, and blends or mixtures of two or more liquid products or by-products derived from oil or gas, whether hereinabove enumerated or not.
- (13) "Tender" shall mean a permit or certificate of clearance for the transportation of oil, gas or products, approved and issued or registered under the authority of the Division.
- (14) "Waste" in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood in the oil and gas industry. It shall include:
 - a. The inefficient, excessive or improper use or dissipation of reservoir energy; and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner which results, or tends to result, in reducing inefficiently the quantity of oil or gas ultimately to be recovered from any pool in this State.
 - b. The inefficient storing of oil, and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas.
 - c. Abuse of the correlative rights and opportunities of each owner of oil and gas in a common reservoir due to nonuniform, disproportionate, and unratable withdrawals causing undue drainage between tracts of land.
 - d. Producing oil or gas in such manner as to cause unnecessary water channelling or coning.
 - e. The operation of any oil well or wells with an inefficient gas-oil ratio.
 - f. The drowning with water of any stratum or part thereof capable of producing oil or gas.
 - g. Underground waste however caused and whether or not defined.
 - h. The creation of unnecessary fire hazards.
 - i. The escape into the open air, from a well producing both oil and gas, of gas in excess of the amount which is necessary in the efficient drilling or operation of the well.
 - j. Permitting gas produced from a gas well to escape into the air. (1945, c. 702, s. 9.)

§ 113-390. **Waste prohibited.**—Waste of oil or gas as defined in this law is hereby prohibited. (1945, c. 702, s. 10.)

§ 113-391. **Jurisdiction and authority of Petroleum Division; rules, regulations and orders.**—The Division shall have jurisdiction and authority of

and over all persons and property necessary to administer and enforce effectively the provisions of this law and all other laws relating to the conservation of oil and gas.

The Division shall have the authority and it shall be its duty to make such inquiries as it may think proper to determine whether or not waste over which it has jurisdiction exists or is imminent. In the exercise of such power the Division shall have the authority to collect data; to make investigations and inspections; to examine properties, leases, papers, books and records; to examine, check, test and gauge oil and gas wells, tanks, refineries, and means of transportation; to hold hearings; and to provide for the keeping of records and the making of reports; and to take such action as may be reasonably necessary to enforce this law.

The Division shall have authority to make, after hearing and notice as hereinafter provided, such reasonable rules, regulations and orders as may be necessary from time to time in the proper administration and enforcement of this law, including rules, regulations or orders for the following purposes:

- (1) To require the drilling, casing and plugging of wells to be done in such manner as to prevent the escape of oil or gas out of one stratum to another; to prevent the intrusion of water into an oil or gas stratum from a separate stratum; to prevent the pollution of fresh water supplies by oil, gas or salt water; and to require reasonable bond condition for the performance of the duty to plug each dry or abandoned well.
- (2) To require directional surveys upon application of any owner who has reason to believe that a well or wells of others has or have been drilled into the lands owned by him or held by him under lease. In the event such surveys are required, the costs thereof shall be borne by the owners making the request.
- (3) To require the making of reports showing the location of oil and gas wells, and the filing of logs and drilling records.
- (4) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities, and to prevent the premature and irregular encroachment of water which reduces, or tends to reduce, the total ultimate recovery of oil or gas from any pool.
- (5) To require the operation of wells with efficient gas-oil ratios, and to fix such ratios.
- (6) To prevent "blow-outs," "caving" and "seepage" in the sense that conditions indicated by such terms are generally understood in the oil and gas business.
- (7) To prevent fires.
- (8) To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures and all storage and transportation equipment and facilities.
- (9) To regulate the "shooting," perforating, and chemical treatment of wells.
- (10) To regulate secondary recovery methods, including the introduction of gas, air, water or other substances into producing formations.
- (11) To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as herein defined.
- (12) To require, either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas.
- (13) To regulate the spacing of wells and to establish drilling units.
- (14) To prevent, so far as is practicable, reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage.

- (15) To prevent where necessary the use of gas for the manufacture of carbon black. (1945, c. 702, s. 11.)

§ 113-392. Protecting pool owners; drilling units in pools; location of wells; shares in pools.—(a) Whether or not the total production from a pool be limited or prorated, no rule, regulation or order of the Division shall be such in terms or effect

- (1) That it shall be necessary at any time for the producer from, or the owner of, a tract of land in the pool, in order that he may obtain such tract's just and equitable share of the production of such pool, as such share is set forth in this section, to drill and operate any well or wells on such tract in addition to such well or wells as can produce without waste such share, or

- (2) As to occasion net drainage from a tract unless there be drilled and operated upon such tract a well or wells in addition to such well or wells thereon as can produce without waste such tract's just and equitable share, as set forth in this section, of the production of such pool.

(b) For the prevention of waste and to avoid the augmenting and accumulation of risks arising from the drilling of an excessive number of wells, the Division shall, after a hearing, establish a drilling unit or units for each pool. The Division may establish drainage units of uniform size for the entire pool or may, if the facts so justify, divide into zones any pool, establish a drainage unit for each zone, which unit may differ in size from that established in any other zone; and the Division may from time to time, if the facts so justify, change the size of the unit established for the entire pool or for any zone or zones, or part thereof, establishing new zones and units if the facts justify their establishment.

(c) Each well permitted to be drilled upon any drilling unit shall be drilled approximately in the center thereof, with such exception as may reasonably be necessary where it is shown, after notice and upon hearing, and the Division finds that the unit is partly outside the pool or, for some other reason, a well approximately in the center of the unit would be nonproductive or where topographical conditions are such as to make the drilling approximately in the center of the unit unduly burdensome. Whenever an exception is granted, the Division shall take such action as will offset any advantage which the person securing the exception may have over producers by reason of the drilling of the well as an exception, and so that drainage from developed units to the tract with respect to which the exception is granted will be prevented or minimized and the producer of the well drilled as an exception will be allowed to produce no more than his just and equitable share of the oil and gas in the pool, as such share is set forth in this section.

(d) Subject to the reasonable requirements for prevention of waste, a producer's just and equitable share of the oil and gas in the pool (also sometimes referred to as a tract's just and equitable share) is that part of the authorized production for the pool (whether it be the total which could be produced without any restriction on the amount of production, or whether it be an amount less than that which the pool could produce if no restriction on the amount were imposed) which is substantially in the proportion that the quantity of recoverable oil and gas in the developed area of his tract in the pool bears to the recoverable oil and gas in the total developed area of the pool, insofar as these amounts can be ascertained practically; and to that end, the rules, regulations, permits and orders of the Division shall be such as will prevent or minimize reasonably avoidable net drainage from each developed unit (that is, drainage which is not equalized by counter-drainage), and will give to each producer the opportunity to use his just and equitable share of the reservoir energy. (1945, c. 702, s. 12.)

§ 113-393. Development of lands as drilling unit by agreement or order of Division.—(a) Integration of Interests and Shares in Drilling Unit.—

When two or more separately owned tracts of land are embraced within an established drilling unit, the owners thereof may agree validly to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the Division shall, for the prevention of waste or to avoid drilling of unnecessary wells, require such owners to do so and to develop their lands as a drilling unit. All orders requiring such integration shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and will afford to the owner of each tract the opportunity to recover or receive his just and equitable share of the oil and gas in the pool without unnecessary expense, and will prevent or minimize reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage. The portion of the production allocated to the owner of each tract included in a drilling unit formed by an integration order shall, when produced, be considered as if it had been produced from such tract by a well drilled thereon.

In the event such integration is required, and provided also that after due notice to all the owners of tracts within such drilling unit of the creation of such drilling unit, and provided further that the Division has received no protest thereto, or request for hearing thereon, whether or not ten days have elapsed after notice has been given of the creation of the drilling unit, the operator designated by the Division to develop and operate the integrated unit shall have the right to charge to each other interested owner the actual expenditures required for such purpose not in excess of what are reasonable, including a reasonable charge for supervision, and the operator shall have the right to receive the first production from the well drilled by him thereon, which otherwise would be delivered or paid to the other parties jointly interested in the drilling of the well, so that the amount due by each of them for his shares of the expense of drilling, equipping, and operating the well may be paid to the operator of the well out of production, with the value of the production calculated at the market price in the field at the time such production is received by the operator or placed to his credit. After being reimbursed for the actual expenditures for drilling and equipping and operating expenses incurred during the drilling operations and until the operator is reimbursed, the operator shall thereafter pay to the owner of each tract within the pool his ratable share of the production calculated at the market price in the field at the time of such production less the reasonable expense of operating the well. In the event of any dispute relative to such costs, the Division shall determine the proper costs.

(b) When Each Owner May Drill.—Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the Division is without authority to require integration as provided for in subdivision (a) of this section, then, subject to all other applicable provisions of this law, the owner of each tract embraced within the drilling unit may drill on his tract, but the allowable production from each tract shall be such proportion of the allowable for the full drilling unit as the area of such separately owned tract bears to the full drilling unit.

(c) Co-operative Development Not in Restraint of Trade.—Agreements made in the interests of conservation of oil or gas, or both, or for the prevention of waste, between and among owners or operators, or both, owning separate holdings in the same oil or gas pool, or in any area that appears from geological or other data to be underlaid by a common accumulation of oil or gas, or both, or between and among such owners or operators, or both, and royalty owners therein, of a pool or area, or any part thereof, as a unit for establishing and carrying out a plan for the co-operative development and operation thereof, when such agreements are approved by the Division, are hereby authorized and shall not be held or construed to violate any of the statutes of this State relating to trusts, monopolies, or contracts and combinations in restraining of trade.

(d) Variation from Vertical.—Whenever the Division fixes the location of any

well or wells on the surface, the point at which the maximum penetration of such wells into the producing formation is reached shall not unreasonably vary from the vertical drawn from the center of the hole at the surface, provided, that the Division shall prescribe rules, regulations and orders governing the reasonableness of such variation. (1945, c. 702, s. 13.)

§ 113-394. Limitations on production; allocating and prorating "allowables." — (a) Whenever the total amount of oil, including condensate, which all the pools in the State can produce, exceeds the amount reasonably required to meet the reasonable market demand for oil, including condensate, produced in this State, then the Division shall limit the total amount of oil, including condensate, which may be produced in the State by fixing an amount which shall be designated "allowable" for this State, which will not exceed the reasonable market demand for oil, including condensate, produced in this State. The Division shall then allocate or distribute the "allowable" for the State among the pools on a reasonable basis and in such manner as to avoid undue discrimination, and so that waste will be prevented. In allocating the "allowable" for the State, and in fixing "allowables" for pools producing oil or hydrocarbons forming condensate, or both oil and such hydrocarbons, the Division shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil, gas and condensate, and shall formulate rules setting forth standards or a program for the distribution of the "allowable" for the State, and shall distribute the "allowable" for the State in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or program shall be applied to such pools and areas so that as far as practicable a uniform program will be followed; provided, however, the Division shall permit the production of a sufficient amount of natural gas from any pool to supply adequately the reasonable market demand for such gas for light and fuel purposes if such production can be obtained without waste, and the condensate "allowable" for such pool shall not be less than the total amount of condensate produced or obtained in connection with the production of the gas "allowable" for light and fuel purposes, and provided further that, if the amount allocated to pool as its share of the "allowable" for the State is in excess of the amount which the pool should produce to prevent waste, then the Division shall fix the "allowable" for the pool so that waste will be prevented.

(b) The division shall not be required to determine the reasonable market demand applicable to any single pool except in relation to all pools producing oil of similar kind and quality and in relation to the demand applicable to the State, and in relation to the effect of limiting the production of pools in the State. In allocating "allowables" to pools, the Division shall not be bound by nominations or desires of purchasers to purchase oil from particular fields or areas, and the Division shall allocate the "allowable" for the State in such manner as will prevent undue discrimination against any pool or area in favor of another or others which would result from selective buying or nominating by purchasers of oil, as such term "selective buying or nominating" is understood in the oil business.

(c) Whenever the Division limits the total amount of oil or gas which may be produced in any pool in this State to an amount less than that which the pool could produce if no restrictions were imposed (which limitation may be imposed either incidental to, or without, a limitation of the total amount of oil or gas which may be produced in the State), the Division shall prorate or distribute the "allowable" production among the producers in the pool on a reasonable basis, and so that each producer will have the opportunity to produce or receive his just and equitable share, as such share is set forth in subsection I of section nine of this law [§ 113-392, subsec. (d)], subject to the reasonable necessities for the prevention of waste.

(d) Whenever the total amount of gas which can be produced from any pool in

this State exceeds the amount of gas reasonably required to meet the reasonable market demand therefrom, the Division shall limit the total amount of gas which may be produced from such pool. The Division shall then allocate or distribute the allowable production among the developed areas in the pool on a reasonable basis, so that each producer will have the opportunity to produce his just and equitable share, as such share is set forth in subsection one of section nine of this law whether the restriction for the pool as a whole is accomplished by order or by the automatic operation of the prohibitory provisions of this law [§ 113-392, subsec. (d)]. As far as applicable, the provisions of subsection (a) of this section shall be followed in allocating any "allowable" of gas for the State.

(e) After the effective date of any rule, regulation, or order of the Division fixing the "allowable" production of oil or gas, or both, or condensate, no person shall produce from any well, lease, or property more than the "allowable" production which is fixed, nor shall such amount be produced in a different manner than that which may be authorized. (1945, c. 702, s. 14.)

Editor's Note.—Subsections (c) and (d) have been to subsection (d) of "section of this section refer to "subsection I" and twelve of this law," codified herein as § 113-392. to "subsection one" of "section nine of this law". Apparently the references should

§ 113-395. Notice and payment of fee to Division before drilling or abandoning well; plugging abandoned well.—Before any well, in search of oil or gas, shall be drilled, the person desiring to drill the same shall notify the Division upon such form as it may prescribe and shall pay a fee of fifty dollars (\$50.00) for each well. The drilling of any well is hereby prohibited until such notice is given and such fee has been paid and permit granted.

Each abandoned well and each dry hole promptly shall be plugged in the manner and within the time required by regulations to be prescribed by the Division, and the owner of such well shall give notice, upon such form as the Division may prescribe, of the abandonment of each dry hole and of the owner's intention to abandon, and shall pay a fee of fifteen dollars (\$15.00). No well shall be abandoned until such notice has been given and such fee has been paid. (1945, c. 702, s. 15.)

§ 113-396. Wells to be kept under control.—In order to protect further the natural gas fields and oil fields in this State, it is hereby declared to be unlawful for any person to permit negligently any gas or oil well to go wild or to get out of control. The owner of any such well shall, after twenty-four (24) hours' written notice by the Division given to him or to the person in possession of such well, make reasonable effort to control such well.

In the event of the failure of the owner of such well within twenty-four (24) hours after service of the notice above provided for, to control the same, if such can be done within the period, or to begin in good faith upon service of such notice, operations to control such well, or upon failure to prosecute diligently such operations, then the Division shall have the right to take charge of the work of controlling such well, and it shall have the right to proceed, through its own agents or by contract with a responsible contractor, to control the well or otherwise to prevent the escape or loss of gas or oil from such well all at the reasonable expense of the owner of the well. In order to secure to the Division the payment of the reasonable cost and expense of controlling or plugging such well, the Division shall retain the possession of the same and shall be entitled to receive and retain the rents, revenues and income therefrom until the costs and expenses incurred by the Division shall be repaid. When all such costs and expenses have been repaid, the Division shall restore possession of such well to the owner; provided, that in the event the income received by the Division shall not be sufficient to reimburse the Division as provided for in this section, the Division shall have a lien or privilege upon all of the property of the owner of such well, except such as is exempt by law, and the Division shall proceed to enforce such lien or privilege by suit

brought in any court of competent jurisdiction, the same as any other civil action, and the judgment so obtained shall be executed in the same manner now provided by law for execution of judgments. Any excess over the amount due the Division which the property seized and sold may bring, after payment of court costs, shall be paid over to the owner of such well. (1945, c. 702, s. 16.)

§ 113-397. Hearing before Division; notice; rules, regulations or orders; public records and copies as evidence.—(a) The Division shall prescribe its rules of order or procedure in hearings or other proceedings before it under this law, but in all hearings the rules of evidence as established by law shall be applied; provided, however, that the procedure before the Division shall be summary.

(b) No rule, regulation or order, including change, renewal, or extension thereof, shall, in the absence of an emergency, be made by the Division under the provisions of this law except after a public hearing upon at least seven days' notice given in such form as may be prescribed by the Division. Such public hearing shall be held at such time, place, and in such manner as may be prescribed by the Division, and any person having any interest in the subject matter of the hearing shall be entitled to be heard.

(c) In the event an emergency is found to exist by the Division which in its judgment requires the making, changing, renewal or extension of a rule, regulation or order without first having a hearing, such emergency rule, regulation or order shall have the same validity as if a hearing with respect to the same had been held after due notice. The emergency rule, regulation or order permitted by this section shall remain in force no longer than ten days from its effective date, and, in any event, it shall expire when the rule, regulation or order made after due notice and hearing with respect to the subject matter of such emergency rule, regulation or order becomes effective.

(d) Should the Division elect to give notice by personal service, such service may be made by any officer authorized to serve process or by any agent of the Division in the same manner as is provided by law for the service of summons in civil actions in the superior courts of this State. Proof of the service by such agent shall be by the affidavit of the person making personal service.

(e) All rules, regulations and orders made by the Division shall be in writing and shall be entered in full by the director of production and conservation in a book to be kept for such purpose by the Division, which book shall be a public record and be open to inspection at all times during reasonable office hours. A copy of such rule, regulation or order, certified by such director of production and conservation, shall be received in evidence in all courts of this State with the same effect as the original.

(f) Any interested person shall have the right to have the Division call a hearing for the purpose of taking action in respect of any matter within the jurisdiction of the Division by making a request therefor in writing. Upon the receipt of any such request, the Division shall promptly call a hearing thereon, and, after such hearing, and with all convenient speed and in any event within thirty days after the conclusion of such hearing, shall take such action with regard to the subject matter thereof as it may deem appropriate. (1945, c. 702, s. 17.)

§ 113-398. Procedure and powers in hearings by Division.—In the exercise and enforcement of its jurisdiction, the said Division is authorized to summon witnesses, administer oaths, make ancillary orders and require the production of records and books for the purpose of examination at any hearing or investigation conducted by it. In connection with the exercise and enforcement of its jurisdiction, the Division shall also have the right and authority to certify as for contempt, to the court of any county having jurisdiction, violations by any person of any of the provisions of this article or of the rules, regulations or orders of the Division, and if it be found by said court that such person has knowingly and

willfully violated same, then such person shall be punished as for contempt in the same manner and to the same extent and with like effect as if said contempt had been of an order, judgment or decree of the court to which said certification is made. (1945, c. 702, s. 18.)

§ 113-399. **Suits by Division.**—The said Division shall have the right to maintain an action in any court of competent jurisdiction within this State to enforce by injunction, mandatory injunction, and any other appropriate or legal or equitable remedy, any valid rule, order or regulation made by the Division or promulgated under the provisions of this article, and said court shall have the authority to make and render such judgments, orders and decrees as may be proper to enforce any such rules, orders and regulations made and promulgated by the Division. (1945, c. 702, s. 19.)

§ 113-400. **Assessing costs of hearings.**—The said Division is hereby authorized and directed to tax and assess against the parties involved in any hearing the costs incurred therein. (1945, c. 702, s. 20.)

§ 113-401. **Party to hearings; review.**—The term “party” as used in this article shall include any person, firm, corporation or association. In proceedings for review of an order or decision of said Division, the Division shall have all rights and privileges granted by this article to any other party to such proceedings. (1945, c. 702, s. 21.)

§ 113-402. **Rehearings.**—Any party being dissatisfied with any order or decision of the said Division may, within ten (10) days from the date of the service of such order or decision, apply for a rehearing in respect to any matter determined therein; the application shall be granted or denied by the Division within ten (10) days from the date same shall be filed, and if the rehearing be not granted within ten (10) days, it shall be taken as denied. If a rehearing be granted, the matter shall be determined by the Division within thirty (30) days after the same shall be submitted. No cause of action arising out of any order or decision of the Division shall accrue in any court to any party unless such party makes application for a rehearing as herein provided. Such application shall set forth specifically the ground or grounds on which the applicant considers such order or decision to be unlawful or unreasonable. No party shall, in any court, urge or rely upon any ground not set forth in said application. An order made after a rehearing, abrogating, changing or modifying the original order or decision, shall have the same force and effect as an original order. (1945, c. 702, s. 22.)

§ 113-403. **Application for court review; copy served on director who shall notify parties.**—Within thirty (30) days after the application for a rehearing is denied, or if the application is granted, then within thirty (30) days after the rendition of the decision on rehearing, the applicant may apply to the court of the county in which the order of the Division is to become effective for a review of such order or decision; if the order of the Division is to become effective in more than one county, the application for review shall be filed in the office of the clerk of the superior court of the county mentioned above, and shall specifically state the grounds for review upon which the applicant relies and shall designate the order or decision sought to be reviewed. The clerk of the superior court shall immediately send a certified copy thereof, by registered mail, to the director of production and conservation. The director shall immediately notify all parties who appeared in the proceedings before the Division by registered mail, that such application for review has been filed. (1945, c. 702, s. 23.)

§ 113-404. **Transcript transmitted to clerk of superior court; scope of review; procedure in superior court and upon appeal to Supreme Court.**—The director of production and conservation, upon receipt of

said copy of the application for review, shall forthwith transmit to the clerk of the superior court in which the application has been filed, a certified transcript of all pleadings, applications, proceedings, orders or decisions of the Division and of the evidence heard by the Division on the hearings of the matter or cause; provided, that the parties, with the consent and approval of the Division, may stipulate in writing that only certain portions of the record be transcribed. Said proceedings for review shall be for the purpose of having the lawfulness or reasonableness of the original order or decision, or the order or decision on rehearing, inquired into and determined, and the superior court hearing said cause shall have the power to vacate or set aside such order or decision on the ground that such order or decision is unlawful or unreasonable. After the said transcript shall be filed in the office of the clerk of the superior court of the county in which the application is filed, the judge of said superior court may, on his motion, or on application of any parties interested therein, make an order fixing a time for the filing of abstracts and briefs and shall fix a day for the hearing of such cause. All proceedings under this section shall have precedence in any court in which they may be pending, and the hearing of the cause shall be by the court without the intervention of a jury. An appeal shall lie to the Supreme Court of this State from orders, judgments and decisions made by the superior court. The procedure upon the trial of such proceedings in the superior court and upon appeal to the Supreme Court of this State shall be the same as in other civil actions, except as herein provided. No court of this State shall have power to set aside, modify or vacate any order or decision of the Division except as herein provided. (1945, c. 702, s. 24.)

§ 113-405. Introduction of new or additional evidence in superior court; hearing of additional material evidence by Division.—No new or additional evidence may be introduced upon the trial of any proceedings for review under the provisions of this article, but the cause shall be heard upon the questions of fact and law presented by the evidence and exhibits introduced before the Division and certified to it: Provided, that if it shall be shown to the satisfaction of the court that any party to said proceeding has additional material evidence which could not, by the exercise of due diligence, have been produced at the hearing before the Division, or which for some good reason it was prevented from producing at such hearing, or if upon the trial of the proceeding the court shall find that the Division has erroneously refused to admit or consider material evidence offered by any party at the hearing before the Division, the court may, in its discretion, stay the proceedings and make an order directing the Division to hear and consider such evidence. In such cases, it shall be the duty of the Division immediately to hear and consider such evidence and make an order modifying, setting aside or affirming its former decision. The Division after hearing and considering such additional evidence shall vacate, modify, or affirm its decision and a transcript of the additional evidence and the order or decision of the Division shall be certified and forwarded to the clerk of the superior court in which such proceeding is pending and said superior court shall on the motion of any interested party, order the trial to proceed upon the transcript as supplemented, so as to enable the court to properly determine if the order or decision of the Division as originally made or as modified is in any respect unlawful or unreasonable. (1945, c. 702, s. 25.)

§ 113-406. Effect of pendency of review; stay of proceedings.—The filing or pendency of the application for review provided for in this article shall not in itself stay or suspend the operation of any order or decision of the Division, but, during the pendency of such proceeding the court, in its discretion, may stay or suspend, in whole or in part, the operation of the order or decision of the Division. No order so staying or suspending an order or decision of the Division shall be made by any court of this State otherwise than on five (5) days' notice and, after a hearing, and if a stay or suspension is allowed the order granting the same shall contain a specific finding, based upon evidence submitted to the court and identi-

fied by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage. (1945, c. 702, s. 26.)

§ 113-407. **Stay bond.**—In case the order or decision of the Division is stayed or suspended, the order or judgment of the court shall not become effective until a bond shall have been executed and filed with and approved by the court, payable to the Division, sufficient in amount and security to secure the prompt payment, by the party petitioning for the stay, of all damages caused by the delay in the enforcement of the order or decision of the Division. (1945, c. 702, s. 27.)

§ 113-408. **Enjoining violation of laws and regulations; service of process; application for drilling well to include residence address of applicant.**—Whenever it shall appear that any person is violating, or threatening to violate, any statute of this State with respect to the conservation of oil or gas, or both, or any provision of this law, or any rule, regulation or order made thereunder by any act done in the operation of any well producing oil or gas, or by omitting any act required to be done thereunder, the Division, through the Attorney General, may bring suit against such person in the superior court in the county in which the well in question is located, to restrain such person or persons from continuing such violation or from carrying out the threat of violation. In such suit the Division may obtain injunctions, prohibitory and mandatory, including temporary restraining orders and temporary injunctions, as the facts may warrant, including, when appropriate, an injunction restraining any person from moving or disposing of illegal oil, illegal gas or illegal product, and any or all such commodities may be ordered to be impounded or placed under the control of an agent appointed by the court if, in the judgment of the court, such action is advisable.

If any such defendant cannot be personally served with summons in that county, personal jurisdiction of that defendant in such suit may be obtained by service made on any employee or agent of that defendant working on or about the oil or gas well involved in such suit, and by the Division mailing a copy of the complaint in the action to the defendant at the address of the defendant then recorded with the director of production and conservation.

Each application for the drilling of a well in search of oil or gas in this State shall include the address of the residence of the applicant or each applicant, which address shall be the address of each person involved in accordance with the records of the director of production and conservation, until such address is changed on the records of the Division after written request. (1945, c. 702, s. 28.)

§ 113-409. **Punishment for making false entries, etc.**—Any person who, for the purpose of evading this law, or of evading any rule, regulation, or order made thereunder, shall intentionally make or cause to be made any false entry or statement of fact in any report required to be made by this law or by any rule, regulation, or order made hereunder; or who, for such purpose, shall make or cause to be made any false entry in any account, record, or memorandum kept by any person in connection with the provisions of this law or of any rule, regulation or order made thereunder; or who, for such purpose, shall omit to make, or cause to be omitted, full, true and correct entries in such accounts, records, or memoranda, of all facts and transactions pertaining to the interest or activities in the petroleum industry of such person as may be required by the Division under authority given in this law or by any rule, regulation, or order made hereunder; or who, for such purpose shall remove out of the jurisdiction of the State, or who shall mutilate, alter, or by any other means falsify, any book, record, or other paper, pertaining to the transactions regulated by this law, or by any rule, regulation, or order made hereunder, shall be deemed guilty of a misdemeanor and shall be subject, upon conviction in any court of competent jurisdiction, to a fine of not more than five hundred dollars (\$500.00), or imprisonment for a term of not more than six months, or both such fine and imprisonment. (1945, c. 702, s. 29.)

§ 113-410. Penalties for other violations.—Any person who knowingly and willfully violates any provision of this law, or any rule, regulation, or order of the Division made hereunder, shall, in the event a penalty for such violation is not otherwise provided for herein, be subject to a penalty of not to exceed one thousand dollars (\$1,000.00) a day for each and every day of such violation, and for each and every act of violation, such penalty to be recovered in a suit in the superior court of the county where the defendant resides, or in the county of the residence of any defendant if there be more than one defendant, or in the superior court of the county where the violation took place. The place of suit shall be selected by the Division, and such suit, by direction of the Division, shall be instituted and conducted in the name of the Division by the Attorney General. The payment of any penalty as provided for herein shall not have the effect of changing illegal oil into legal oil, illegal gas into legal gas, or illegal product into legal product, nor shall such payment have the effect of authorizing the sale or purchase or acquisition, or the transportation, refining, processing, or handling in any other way, of such illegal oil, illegal gas or illegal product, but, to the contrary, penalty shall be imposed for each prohibited transaction relating to such illegal oil, illegal gas or illegal product.

Any person knowingly and willfully aiding or abetting any other person in the violation of any statute of this State relating to the conservation of oil or gas, or the violation of any provision of this law, or any rule, regulation, or order made thereunder, shall be subject to the same penalties as prescribed herein for the violation by such other person. (1945, c. 702, s. 30.)

§ 113-411. Dealing in or handling of illegal oil, gas or product prohibited.—(a) The sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product is hereby prohibited. All persons purchasing any petroleum product must first be licensed to do so by the Petroleum Division.

(b) Unless and until the Division provides for certificates of clearance or tenders, or some other method, so that any person may have an opportunity to determine whether any contemplated transaction of sale, purchase or acquisition, or transportation, refining, processing or handling in any other way, involves illegal oil, illegal gas or illegal product, no penalty shall be imposed for the sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product, except under circumstances herein-after stated. Penalties shall be imposed for the commission of each transaction prohibited in this section when the person committing the same knows that illegal oil, illegal gas or illegal product is involved in such transaction, or when such person could have known or determined such fact by the exercise of reasonable diligence or from facts within his knowledge. However, regardless of lack of actual notice or knowledge, penalties as provided in this law shall apply to any sale, purchase or acquisition, and to the transportation, refining, processing or handling in any other way, of illegal oil, illegal gas or illegal product, where administrative provision is made for identifying the character of the commodity as to its legality. It shall likewise be a violation for which penalties shall be imposed for any person to sell, purchase or acquire, or to transport, refine, process or handle in any other way any oil, gas or any product without complying with any rule, regulation or order of the Division relating thereto. (1945, c. 702, s. 31.)

§ 113-412. Seizure and sale of contraband oil, gas and product.—Apart from, and in addition to, any other remedy or procedure which may be available to the Division, or any penalty which may be sought against or imposed upon any person with respect to violations relating to illegal oil, illegal gas, or illegal product, all illegal oil, illegal gas and illegal product shall, except under such circumstances as are stated herein, be contraband and shall be seized and sold, and the proceeds applied as herein provided. Such sale shall not take place unless

the court shall find, in the proceeding provided for in this paragraph, that the commodity involved is contraband. Whenever the Division believes that illegal oil, illegal gas or illegal product is subject to seizure and sale, as provided herein, it shall, through the Attorney General, have issued a warrant of attachment and bring a civil action in rem for that purpose in the superior court of the county where the commodity is found, or the action may be maintained in connection with any suit or cross bill for injunction or for penalty relating to any prohibited transaction involving such illegal oil, illegal gas or illegal product. Any interested person who may show himself to be adversely affected by any such seizure and sale shall have the right to intervene in such suit to protect his rights.

The action referred to above shall be strictly in rem and shall proceed in the name of the State as plaintiff against the illegal oil, illegal gas or illegal product mentioned in the complaint, as defendant, and no bond or bonds shall be required of the plaintiff in connection therewith. Upon the filing of the complaint, the clerk of the court shall issue a summons directed to the sheriff of the county, or to such other officer or person as the court may authorize to serve process, requiring him to summon any and all persons (without undertaking to name them) who may be interested in the illegal oil, illegal gas, or illegal product mentioned in the complaint to appear and answer within thirty days after the issuance and service of such summons. The summons shall contain the style and number of the suit and a very brief statement of the nature of the cause of action. It shall be served by posting one copy thereof at the courthouse door of the county where the commodity involved in the suit is alleged to be located and by posting another copy thereof near the place where the commodity is alleged to be located. Copy of such summons shall be posted at least five days before the return day stated therein, and the posting of such copy shall constitute constructive possession of such commodity by the State. A copy of the summons shall also be published once each week for four weeks in some newspaper published in the county where the suit is pending and having a bona fide circulation therein. No judgment shall be pronounced by any court condemning such commodity as contraband until after the lapse of five days from the last publication of said summons. Proof of service of said summons, and the manner thereof, shall be as provided by general law.

Where it appears by a verified pleading on the part of the plaintiff, or by affidavit, or affidavits, or by oral testimony, that grounds for the seizure and sale exist, the clerk, in addition to the summons or warning order, shall issue a warrant of attachment, which shall be signed by the clerk and bear the seal of the court. Such warrant of attachment shall specifically describe the illegal oil, illegal gas or illegal product, so that the same may be identified with reasonable certainty. It shall direct the sheriff to whom it is addressed to take into his custody, actual or constructive, the illegal oil, illegal gas or illegal product, described therein, and to hold the same subject to the orders of the court. Said warrant of attachment shall be executed as a writ of attachment as executed. No bond shall be required before the issuance of such warrant of attachment, and the sheriff shall be responsible upon his official bond for the proper execution thereof.

In a proper case, the court may direct the sheriff to deliver the custody of any illegal oil, illegal gas or illegal product seized by him under a warrant of attachment, to a commissioner to be appointed by the court, which commissioner shall act as the agent of the court and shall give bond with such approved surety as the court may direct, conditioned that he will faithfully conserve such illegal oil, illegal gas or illegal product, as may come into his custody and possession in accordance with the orders of the court; provided, that the court may in its discretion appoint any member of the Division or any agent of the Division as such commissioner of the court.

Sales of illegal oil, illegal gas or illegal product seized under the authority of this law, and notices of such sales, shall be in accordance with the laws of this State relating to the sale and disposition of attached property; provided, however,

that where the property is in custody of a commissioner of the court, the sale shall be held by said commissioner and not by the sheriff. For his services hereunder, such commissioner shall receive a reasonable fee to be paid out of the proceeds of the sale or sales to be fixed by the court ordering such sale.

The court may order that the commodity be sold in specified lots or portions, and at specified intervals, instead of being sold at one time. Title to the amount sold shall pass as of the date of the law which is found by the court to make the commodity contraband. The judgment shall provide for payment of the proceeds of the sale into the general fund of the State Treasurer, after first deducting the costs in connection with the proceedings and the sale. The amount sold shall be treated as legal oil, legal gas or legal product, as the case may be, in the hands of the purchaser, but the purchaser and the commodity shall be subject to all applicable laws, and rules, regulations and orders with respect to further sale or purchase or acquisition, and with respect to the transportation, refining, processing, or handling in any other way, of the commodity purchased.

Nothing in this section shall deny or abridge any cause of action a royalty owner, or a lien holder, or any other claimant, may have, because of the forfeiture of the illegal oil, illegal gas, or illegal product, against the person whose act resulted in such forfeiture. No illegal oil, illegal gas or illegal product shall be sold for less than the average market value at the time of sale of similar products of like grade and character. (1945, c. 702, s. 32.)

§ 113-413. **Funds for administration.**—If the Governor shall proclaim and declare this law to be in full force and effect prior to March first, one thousand nine hundred and forty-seven, the funds necessary for the administration of this law shall be provided by the Governor from the contingency and emergency fund. (1945, c. 702, s. 33.)

§ 113-414. **Filing list of renewed leases in office of register of deeds.**—On December thirty-first of each year, or within ten days thereafter, every person, firm or corporation holding petroleum leases shall file in the office of the register of deeds of the county within which the land covered by such leases is located, a list showing the leases which have been renewed for the ensuing year. (1945, c. 702, s. 34.)

Such additional teaching personnel may be used in the administrative units as librarians, special teachers, or supervisors of instruction and for other special instructional services such as art, music, physical education, adult education, special education, or industrial arts as may be authorized and approved by the Board. term and promulgate rules and regulations providing for necessary substitutes on account of said sick leave. The pay for a substitute shall be fixed by the Board. The Board may provide to each administrative unit not exceeding one per cent (1%) of the cost of instructional services for the purpose of providing substitute teachers for those on sick leave as authorized by law or by regulations of the Board, but not exceeding the provisions made for other State employees.

- (14) **Miscellaneous Powers and Duties.**—All the powers and duties exercised by the State Board of Education shall be in conformity with the Constitution and subject to such laws as may be enacted from time to time by the General Assembly. Among such duties are:

ARTICLE 5.

County and City Boards of Education.

§ 115-18. **How constituted.** — The county board of education in each county shall consist of the number of members which have been or may be appointed by the General Assembly in its biennial act or acts appointing members of boards of education. The term of office shall be for two years, except as may be otherwise provided in the said act or acts; provided that this section shall not have the effect of repealing any local or special acts relating to the boards of education of any particular counties. (1955, c. 1372, art. 5, s. 1.)

Local Modification.—McDowell: 1957, c. 144; Orange: 1959, c. 176.

A member of the county board of education holds a public office under the State and is thus subject to the prohibition against double office holding contained in Art. XIV, § 7, N. C. Const. *Edwards v. Yancey County Board of Ed.*, 235 N. C. 345, 70 S. E. (2d) 170 (1952).

Under sec. 7, Art. XIV, of the Constitution, one person cannot hold the office of county commissioner and also be a member of the county board of education. *State v. Thompson*, 122 N. C. 493, 29 S. E. 720 (1898).

Cited in *Walker v. Moss*, 246 N. C. 196, 97 S. E. (2d) 836 (1957); *Jeffers v. Whitely*, 165 F. Supp. 951 (1958).

§ 115-19. **How nominated and elected.**—Nominations for membership on county boards of education shall be made biennially at party primaries or conventions at the same time and in the same manner as that in which other county officers are nominated. At such primaries or conventions each political party shall nominate members of county boards of education to take the place of the members of such boards whose terms next expire. The names of the persons so nominated in each county shall be duly certified by the chairman of the county board of elections within ten days after their nomination is declared to the State Superintendent of Public Instruction, who shall transmit the names of all persons so nominated, together with the name of the political party nominating them, to the chairman of the committee on education of the House of Representatives in the next regular session of the General Assembly within ten days after it convenes. The General Assembly shall elect or appoint one or more, from the candidates so nominated, members of the county board of education for such county. Upon failure of the General Assembly to elect or appoint members as herein provided, such failure shall constitute a vacancy, which shall be filled by the State Board of Education. The term of office of each member shall begin on the first Monday in April of the year in which he is elected, and shall continue until his successor is elected and qualified. This section shall not have the effect of repealing any local or special acts relating to the boards of education of any particular counties. (1955, c. 1372, art. 5, s. 2.)

Local Modification.—Buncombe: 1953, c. 632; Durham: 1957, c. 429; Graham: 1959, c. 85; Haywood: 1953, c. 1259; Iredell: 1957, c. 951; Jackson: 1959, c. 78; Lee: 1953, c. 705; Surry: 1953, c. 780, s. 4; Washington: 1953, c. 493.

Editor's Note. — Session Laws 1959, c. 436 provides that notwithstanding any public-local or local act to the contrary,

the members of the board of education of Polk County shall be nominated and elected as prescribed by this section.

As to former statute, see *State v. Fortner*, 236 N. C. 236, 72 S. E. (2d) 594 (1952).

Cited in *Walker v. Moss*, 246 N. C. 196, 97 S. E. (2d) 836 (1957).

§ 115-20. **County board of elections to provide for nominations.**—The county board of elections, under the direction of the State Board of Elections, shall make all necessary provisions for such nominations as are herein provided for. (1955, c. 1372, art. 5, s. 3.)

§ 115-21. **City board of education, how constituted; how to employ principals, teachers, janitors and maids.**—The board of education for

any city administrative unit shall be appointed or elected as now provided by law. If no provision is now made by law for the filling of vacancies in the membership of any city board of education, such vacancy may be filled by the governing body of the city or town embraced by said administrative unit. In the event that any such vacancy is not filled in this manner within thirty days, the State Board of Education may fill such vacancy or vacancies.

In the city administrative units, principals and teachers shall be elected and janitors and maids appointed by the board of education of such administrative unit upon the recommendation of the superintendent of city schools. (1955, c. 1372, art. 5, s. 4.)

§ 115-22. Members to qualify.—Those persons who shall be elected or appointed members of the county board of education by the General Assembly, and those persons elected or appointed members of the city board of education, must qualify by taking the oath of office on or before the first Monday in April next succeeding their election or appointment. A failure to qualify within that time shall constitute a vacancy: Provided, that in the event that the General Assembly shall fail to elect members of the board of education by the first Monday in April, members shall qualify as soon as practicable after they are elected. Those persons elected or appointed to fill a vacancy must qualify within thirty days after notification thereof. A failure to qualify within that time shall constitute a vacancy. This section shall not have the effect of repealing any local or special acts relating to the boards of education of any particular counties. (1955, c. 1372, art. 5, s. 5.)

Effect of Failure to Qualify on Day Prescribed.—A county board of education is a body politic and corporate, and is authorized to prosecute and defend suits in its own name, and to discharge certain duties imposed by statute, and where the members of the board appointed by the General Assembly failed to take the oath of office on the date prescribed by statute, but took oath on the next succeeding day, their failure to qualify on the day prescribed did not impair the existence of the corporate body, and where they had dis-

charged the statutory duties imposed upon them, and no vacancy had been declared by the State Board of Education, and no proceedings in the nature of quo warranto had been instituted to determine their right to office, the acts of the appointees as members of the board could not be annulled by a proceeding to restrain the board from purchasing a school site in discharge of its statutory duties. *Crabtree v. Board of Education*, 199 N. C. 645, 155 S. E. 550 (1930).

§ 115-23. Vacancies in nominations for membership on county boards.—If any candidate shall die, resign, or for any reason become ineligible or disqualified between the date of his nomination and the time for the election by the General Assembly of the members of the county board of education for the county of such candidate, the vacancy caused thereby may be filled by the action of the county executive committee of the political party of such candidate. (1955, c. 1372, art. 5, s. 6.)

§ 115-24. Vacancies in office.—All vacancies in the membership of the board of education in such counties by death, resignation, or otherwise, shall be filled by the action of the county executive committee of the political party of the member causing such vacancy until the meeting of the next regular session of the General Assembly, and then for the residue of the unexpired term by that body. If the vacancy to be filled by the General Assembly in such cases shall have occurred before the primary or convention held in such county, then in that event nominations for such vacancies shall be made in the manner hereinbefore set out, and such vacancy shall be filled from the candidates nominated to fill such vacancy by the party primaries or conventions of such county. All such vacancies that are not filled by the county executive committee under the authority herein contained within thirty days from the occurrence of such vacancies shall be filled by

appointment by the State Board of Education. This section shall not have the effect of repealing any local or special act relating to the board of education of any county. (1955, c. 1372, art. 5, s. 7.)

Purpose of Section.—The county board of education becomes incapable of performing its corporate functions whenever vacancies reduce its membership below the number required to constitute a quorum. In order to obviate the legal paralysis incident to such an eventuality and to maintain the county board of education at its full membership, the legislature has expressly authorized by this section county executive committees of political parties and the State Board of Education to fill vacancies occurring in the membership of the board. *Edwards v. Yancey County Board of Ed.*, 235 N. C. 345, 70 S. E. (2d) 170 (1952).

Unexpired Term Divided into Two Parts.—When this section is reduced to simple terms, it specifies that whenever a vacancy occurs in the membership of a county board of education, the resulting unexpired term is divided into two parts; that the first part begins as soon as the vacancy occurs and continues until the meeting of the next regular session of the General Assembly, and the second part embraces all of the unexpired term thereafter remaining; that the power to fill the vacancy for the first part of the unexpired

term resides in the county executive committee of the political party of the former member whose office is vacant during the thirty days next succeeding the occurrence of the vacancy, but passes to and vests in the State Board of Education in case the appropriate county executive committee does not fill the vacancy for the first part of the unexpired term within the thirty days specified; and that the power to fill the vacancy for the second part of the unexpired term belongs to the General Assembly exclusively. *State v. Fortner*, 236 N. C. 264, 72 S. E. (2d) 594 (1952).

The second sentence of this section does not undertake to compel the county executive committee or the State Board of Education to fill vacancies in the membership of the county board of education for the first part of the unexpired term from the candidates nominated by the party primaries or conventions of the county. According to its express wording, this sentence applies only to vacancies "to be filled by the General Assembly," i. e., vacancies for the second parts of unexpired terms. *State v. Fortner*, 236 N. C. 264, 72 S. E. (2d) 594 (1952).

§ 115-25. Eligibility for board membership.—No one shall be eligible to serve as a member of a county or city board of education who is not known to be a person of intelligence, good moral character, good business qualifications, and known to be in favor of public education. No person while actually engaged in teaching in the public schools, or serving as an employee of the schools, or engaged in teaching in or conducting a private school in connection with which private school there is in any manner conducted a public school, no member of a district committee, and no person prohibited by article XIV, section seven, of the Constitution, shall be eligible as a member of a county or city board of education. (1955, c. 1372, art. 5, s. 8.)

§ 115-26. Organization of board.—At the first meeting of the new county board in April, the members of all such boards as shall have been appointed by the retiring General Assembly shall organize by electing one of their members as chairman for a period of one year, or until his successor is elected and qualified. The chairman of the county board of education shall preside at the meetings of the board, and in the event of his absence or sickness, the board may appoint one of their members temporary chairman. The superintendent of schools, whether a county or city superintendent, shall be ex officio secretary to his respective board. He shall keep the minutes of the meetings of the board but shall have no vote: Provided, that in the event of a vacancy in the superintendency, the board may elect one of its members to serve temporarily as secretary to the board. (1955, c. 1372, art. 5, s. 9.)

Local Modification. — Moore: 1959, c. 977, s. 1.

§ 115-27. Board a body corporate.—The board of education of each

county in the State shall be a body corporate by the name and style of "The County Board of Education", and the board of education of each city administrative school unit in the State shall be a body corporate by the name and style of "The City Board of Education". The several boards of education, both county and city, shall hold all school property and be capable of purchasing and holding real and personal property, of building and repairing schoolhouses, of selling and transferring the same for school purposes, and of prosecuting and defending suits for or against the corporation.

Where there is public school property now in the possession of school committees who were bodies corporate prior to January first, one thousand nine hundred, or who became bodies corporate by special act of the General Assembly but who have since ceased to be bodies corporate; and where land or lands were conveyed by deed bearing date prior to January first, one thousand nine hundred, to local trustees for school purposes, and such deed makes no provision for successor trustees to those named in said deed, and all of such trustees are dead; and where such land or lands are not now being used for educational purposes either by the county board of education or the city board of education of a city administrative unit wherein same are located, the clerk of the superior court of the county wherein such property or such land or lands are located shall convey said property or land or lands to the board of education of the administrative unit in which the land or lands are located.

County and city boards of education, subject to any paramount powers vested by law in the State Board of Education or any other authorized agency shall have general control and supervision of all matters pertaining to the public schools in their respective administrative units; they shall execute the school laws in their units; and shall have authority to make agreements with other boards of education to transfer pupils from one administrative unit to another unit when the administration of the schools can be thereby more efficiently and more economically accomplished. (1955, c. 1372, art. 5, s. 10.)

Board Has Legal Existence Apart from Members.—Since the county board of education is a corporate body, it necessarily has a legal existence separate and apart from its members. *Edwards v. Yancey County Board of Ed.*, 235 N. C. 345, 70 S. E. (2d) 170 (1952); *McLaughlin v. Beasley*, 250 N. C. 221, 108 S. E. (2d) 226 (1959).

Actions against Board.—A county school board under the provisions of this section is a body corporate, and while it may sue and be sued in its corporate name, this fact, standing alone, is not determinative as to what actions may be maintained against it. *Eller v. Board of Education*, 242 N. C. 584, 89 S. E. (2d) 144 (1955).

A county school board of education has immunity from liability for torts of its members or agents except such liability as may be established under our Tort Claims

Act, § 143-291 et seq. *Eller v. Board of Education*, 242 N. C. 584, 89 S. E. (2d) 144 (1955).

An adjoining property owner was entitled to maintain an action against county school board for recovery of compensation for an alleged taking of plaintiff's land arising out of the construction and operation of a sewage disposal device by the school board which allegedly rendered plaintiff's spring unfit for use and his dwelling unfit for habitation, since complaint did not allege or attempt to allege a cause of action in tort. *Eller v. Board of Education*, 242 N. C. 584, 89 S. E. (2d) 144 (1955).

An action may be maintained against a county board of education on a teacher's contract. *Kirby v. Stokes County Board of Education*, 230 N. C. 619, 55 S. E. (2d) 322 (1949).

§ 115-28. Meetings of the board.—All county and city boards of education shall meet on the first Monday in January, April, July, and October of each year, or as soon thereafter as practicable. A board may elect to hold regular monthly meetings, and to meet in special session upon the call of the chairman or of the secretary as often as the school business of the administrative unit may require. (1955, c. 1372, art. 5, s. 11.)

A county board of education has no authority to transact business except at a regular or special meeting, and statements or promises made by the individual mem-

bers thereof have no binding effect on the board unless it expressly authorized them. *Kistler v. Randolph County Board of Ed.*, 233 N. C. 400, 64 S. E. (2d) 403 (1951).

Attended by a Quorum. — A county board of education can exercise its power only in a regular or special meeting attended by at least a quorum of its members. It cannot perform its functions through its members acting individually, informally, and separately. *Iredell County Board of Ed. v. Dickson*, 235 N. C. 359, 70 S. E. (2d) 14 (1952). See *Edwards v. Yancey County Board of Ed.*, 235 N. C. 345, 70 S. E. (2d) 170 (1952).

The statute creating the county board of education does not specify in terms the number of members competent to transact

its corporate business in the absence of other members. As a consequence, the common-law rule that a majority of the whole membership is necessary to constitute a quorum applies. *Edwards v. Yancey County Board of Ed.*, 235 N. C. 345, 70 S. E. (2d) 170 (1952). See *Iredell County Board of Ed. v. Dickson*, 235 N. C. 359, 70 S. E. (2d) 14 (1952).

That action by a board of education was taken at a special meeting rather than a regular meeting has no bearing on the question of the bad faith or abuse of discretion in taking such action, since special meetings are permitted by this section. *Kistler v. Randolph County Board of Ed.*, 233 N. C. 400, 64 S. E. (2d) 403 (1951).

§ 115-29. Compensation of board members.—County and city boards of education may fix the compensation for each member not to exceed five dollars (\$5.00) per diem and seven cents (7c) per mile to and from the places of meeting and no member of the board of education shall receive any compensation for any services rendered except the per diem provided herein for attending meetings of the board or such other traveling expenses as may be incurred while performing duties imposed upon any member by authority of the board.

The State Nine Months School Fund shall provide one hundred dollars (\$100.00) of the cost of the per diem and mileage of each county board of education. Funds for the per diem and a mileage for all meetings of city boards of education and for the per diem and expenses of any meetings of the county board of education in excess of the one hundred dollars (\$100.00) provided by the State, shall be provided from the current expense fund budget of such city or county.

This section shall not have the effect of repealing any local or special act relating to the compensation or expenses of members of any county or city boards of education. (1955, c. 1372, art. 5, s. 12.)

§ 115-30. Removal of member of county or city board.—In case the State Superintendent of Public Instruction shall have sufficient evidence that any member of a county or city board of education is not capable of discharging, or is not discharging, the duties of his office as required by law, or is guilty of immoral or disreputable conduct, he shall notify the chairman of such board of education, unless such chairman is the offending member, in which case all other members of such board shall be notified. Upon receipt of such notice there shall be a meeting of said board of education for the purpose of investigating the charges, and if the charges are found to be true, such board shall declare the office vacant: Provided, that the offending member shall be given proper notice of the hearing and that record of the findings of the other members shall be recorded in the minutes of such board of education. (1955, c. 1372, art. 5, s. 13.)

§ 115-31. Suits and actions.—(a) A county or city board of education shall institute all actions, suits, or proceedings against officers, persons, or corporations, or their sureties, for the recovery, preservation, and application of all money or property which may be due to or should be applied to the support and maintenance of the schools, except in case of a breach of his bond by the treasurer

of the county school fund, in which case action shall be brought by the board of county commissioners.

(b) In all actions brought in any court against a county or city board of education, the order or action of the board shall be presumed to be correct and the burden of proof shall be on the complaining party to show the contrary. (1955, c. 1372, art. 5, s. 14.)

The right to sue for the protection or recovery of the school funds of a particular school administrative unit belongs by necessary implication to the governing board of that unit. Indeed, this section confers upon the county board of educa-

tion in explicit terms the power to sue for the preservation and recovery of the money or property of the county administrative unit. *Branch v. Robeson County Board of Ed.*, 233 N. C. 623, 65 S. E. (2d) 124 (1951).

§ 115-32. Power to subpoena and to punish for contempt.—County and city boards of education shall have power to issue subpoenas for the attendance of witnesses. Subpoenas may be issued in any and all matters which may lawfully come within the powers of a board and which, in the discretion of the board, requires investigation; and it shall be the duty of the sheriff or any process serving officer to serve such subpoenas upon payment of their lawful fees.

County and city boards of education shall have power to punish for contempt for any disorderly conduct or disturbance tending to disrupt them in the transaction of official business. (1955, c. 1372, art. 5, s. 15.)

§ 115-33. Witness failing to appear; misdemeanor.—Any witness who shall wilfully and without legal excuse fail to appear before a county or city board of education to testify in any matter under investigation by the board shall be guilty of a misdemeanor, and shall be fined not more than fifty dollars (\$50.00) or imprisoned not more than thirty days. (1955, c. 1372, art. 5, s. 16.)

§ 115-34. Appeals to board of education and to superior court.—An appeal shall lie from the decision of all school personnel to the appropriate county or city board of education. In all such appeals it shall be the duty of the board of education to see that a proper notice is given to all parties concerned and that a record of the hearing is properly entered in the records of the board conducting the hearing.

An appeal shall lie from the decision of a county or city board of education to the superior court of the State in any action of a county or city board of education affecting one's character or right to teach. (1955, c. 1372, art. 5, s. 17.)

Where the county board of education ordered the removal of school committeemen, and the committeemen appealed to the superior court, the judgment of the superior court judge holding the act of the board of education in removing the

committeemen invalid and dismissing the appeal for want of jurisdiction was inconsistent and erroneous. *Board of Education v. Anderson*, 200 N. C. 57, 156 S. E. 153 (1930).

§ 115-35. Powers and duties of county and city boards generally.—

(a) **To Provide an Adequate School System.**—It shall be the duty of county and city boards of education to provide an adequate school system within their respective administrative units, as directed by law.

(b) **General Powers and General Control.**—All powers and duties conferred and imposed by law respecting public schools, which are not expressly conferred and imposed upon some other official, are conferred and imposed upon county and city boards of education. Said boards of education shall have general control and supervision of all matters pertaining to the public schools in their respective administrative units and they shall enforce the school law in their respective units.

(c) **Power to Divide Administrative Units into Attendance Areas.**—County boards of education shall have authority to divide their various units into attendance areas without regard to district lines, and city boards of education shall have authority to divide their various units into attendance areas.

(d) **Power to Regulate Extra Curricular Activities.**—County and city boards of education shall make all rules and regulations necessary for the conducting of extra curricular activities in the schools under their supervision, including a program of athletics, where desired, without assuming liability therefor; provided, that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education.

(e) **Fixing Time of Opening and Closing Schools.**—The time of opening and closing the public schools shall be fixed and determined by county and city boards of education in their respective administrative units. Different opening and closing dates may be fixed for schools in the same administrative unit but all schools using the same buses for transportation of pupils must open and close at the same time. (1955, c. 1372, art. 5, s. 18; 1957, c. 262.)

Local Modification.—Person, as to subsection (d): 1957, c. 183.

Editor's Note.—The 1957 amendment deleted the words "have authority to" formerly appearing after "shall" in line two of subsection (d).

Discretion of Boards.—The courts may compel the county board of education to act upon discretionary powers conferred on them by the legislature, but cannot tell them how they must act. *Key v. Board*, 170 N. C. 123, 86 S. E. 1002 (1915).

Location, Transfer, etc., of High School.—In the absence of statutory limitations upon the power to perform this duty, discretion is vested in said boards to locate, discontinue, transfer and establish high schools in the districts of their several counties. In the absence of abuse, this discretion cannot be set aside or controlled by the courts. The principle stated and applied in deciding the question presented by the appeal in *Newton v. School Committee*, 158 N. C. 186, 73 S. E. 886 (1923), is well settled. *Clark v. McQueen*, 195 N. C. 714, 143 S. E. 528 (1928).

The statutes vest in the sound discretion of the board of education of a

county the right to transfer an existing school in one district to an adjoining district for the advantage of the residents of the county, and with the fair exercise of this discretion, or in the absence of manifest abuse, the courts will not interfere, or give injunctive relief. *Clark v. McQueen*, 195 N. C. 714, 143 S. E. 528 (1928). But see § 115-76.

Selection of School Sites.—The county board of education is given discretionary powers to direct and supervise the county school system for the benefit of all the children therein, including the duty, among others, of selecting a school site, with which the courts will not interfere in the absence of its abuse. *McInnish v. Board*, 187 N. C. 494, 122 S. E. 182 (1924).

Where the county purchasing agent purchases equipment for a school and gives a note for the same signed by him in the name of the school the county is not liable on the note, the purchasing agent having no connection with the county board of education. *Keith v. Henderson County*, 204 N. C. 21, 167 S. E. 481 (1933).

§ 115-36. Length of school day, school month, and school term.—

(a) **School Day.**—The length of the school day shall be determined by the several county and city boards of education for all public schools in their respective administrative units, and the minimum time for which teachers shall be employed in the schoolroom or on the grounds supervising the activities of children shall not be less than six hours. Boards of education, however, may authorize rural schools in certain seasons of the year, when the agricultural needs of the farm demand it, to be conducted for less than six hours a day.

(b) **School Month.**—A school month shall consist of twenty teaching days. Schools shall not be taught on Saturdays unless the needs of agriculture, or other conditions in the unit or district make it desirable that school be taught on such days. Whenever it is desirable to complete the school term of one hundred eighty days in a shorter term than nine calendar months, the board of education of any administrative unit may, in its discretion, require that school shall be taught on legal holidays, except Sundays, and in accordance with the custom and practice of such community.

(c) **School Term.**—There shall be operated in every school in the State a uniform school term for instructing pupils of one hundred eighty days: Provided,

that the State Board of Education, or the board of education of any administrative unit with the approval of the State Board of Education, may suspend the operation of any school or schools in such units, not to exceed a period of sixty days of said term of one hundred eighty days, when in the sound judgment of the State Board of Education, or the board of education of any administrative unit with the approval of the State Board of Education, the low average of daily attendance in any school justifies such suspension, or when the State Board of Education, or the board of education of any administrative unit with the approval of the State Board of Education, shall find that the needs of agriculture, or any other condition, may make such suspension necessary within such unit or any district thereof: Provided, further, that when the operation of any school is suspended no teacher therein shall be entitled to pay for any portion of the suspended term.

Full authority is hereby given to the State Board of Education during any period of emergency to order general and, if necessary, extended recesses or adjournment of the public schools in any section of the State where the planting or harvesting of crops or any emergency conditions make such action necessary. (1955, c. 1372, art. 5, s. 19.)

§ 115-37. Subjects taught in public schools.—County and city boards of education shall provide for the efficient teaching in each grade of all subjects included in the outline course of study prepared by the State Superintendent of Public Instruction, which course of study shall include instruction in Americanism, government of the State of North Carolina, government of the United States, fire prevention, alcoholism, and narcoticism at the appropriate grade levels. (1955, c. 1372, art. 5, s. 20; 1957, cc. 845, 1101.)

Cross References.—As to further provisions for teaching of “fire prevention” in the colleges and schools of the State, see § 69-7. As to instruction in the prevention of forest fires, see § 113-60.

ment inserted the words “fire prevention”, and the second 1957 amendment inserted the words as to “government of the State of North Carolina, government of the United States.”

Editor's Note.—The first 1957 amend-

§ 115-38. Kindergartens.—County and city boards of education may provide for their respective administrative units, or for any district in a county administrative unit, kindergartens as a part of the public school system when a tax to support same is authorized by a majority of the voters at an election held in such unit or district under provisions for holding school elections herein.

Such kindergarten instruction as may be established under the provisions of this section, or established in any other manner, shall be subject to the supervision of the State Department of Public Instruction and shall be operated in accordance with standards adopted by the State Board of Education. (1955, c. 1372, art. 5, s. 21.)

§ 115-39. Requirements and limitations of board in selecting superintendent and his term of office.—At a meeting to be held on the first Monday in April, one thousand nine hundred fifty-seven, or as soon thereafter as practicable, and biennially thereafter during the month of April, the various county boards of education named by the General Assembly which convened in February of such year or elected by the people at the preceding general election, as the case may be, shall meet and elect a county superintendent of schools, subject to the approval of the State Superintendent of Public Instruction and the State Board of Education. Such superintendent shall take office on the following July first and shall serve for a term of two years, or until his successor is elected and qualified. A certification to the county board of education by the State Superintendent of Public Instruction showing that the person proposed for the office of county superintendent of schools holds a superintendent's certificate and has had three years' experience in school work in the past ten years, together with a doctor's certificate showing the person to be free from any contagious or communi-

cable disease, shall make any person eligible for this office: Provided, the requirement of a superintendent's certificate shall not be applicable to persons now serving as superintendents. Immediately after the election, the chairman of the county board of education shall report the name and address of the person elected to the State Superintendent of Public Instruction.

If any board of education shall elect a person to serve as superintendent of schools in any administrative unit who is not qualified, or cannot qualify, according to this section, such election is null and void and it shall be the duty of such board of education to elect a person who can qualify.

In all city administrative units, the superintendent of schools shall be elected by the city board of education of such unit, to serve for a period of two years; and the qualifications, provisions, approval, and date of election shall be the same as for county superintendents. (1955, c. 1372, art. 5, s. 22; 1957, c. 686, s. 1.)

Local Modification.—Clay (as to term of office of county superintendent): 1953, c. 706.

Editor's Note.—The 1957 amendment substituted "February" for "January" near the beginning of the first paragraph.

§ 115-40. Office, equipment, and clerical assistants for superintendent.—It shall be the duty of the various boards of education to provide the superintendent of schools with an appropriate office. Likewise, it shall be the duty of the various boards of education to furnish adequately the superintendent's office and provide all necessary office supplies. Authority is hereby given to boards of education to employ sufficient clerical assistants and purchase sufficient office machines and equipment to the end that the business of the superintendent of schools shall always be conducted in a prompt and efficient manner. (1955, c. 1372, art. 5, s. 23.)

§ 115-41. Prescribing duties of superintendent not in conflict with law.—All acts of county and city boards of education, not in conflict with State law, shall be binding on the superintendent, and it shall be his duty to carry out all rules and regulations of the board. (1955, c. 1372, art. 5, s. 24.)

§ 115-42. Removal of county or city superintendent.—County or city boards of education are authorized to remove a superintendent who is guilty of immoral or disreputable conduct or who shall fail or refuse to perform the duties required of him by law. In case the State Superintendent of Public Instruction shall have sufficient evidence at any time that any superintendent of schools is not capable of discharging, or is not discharging, the duties of his office as required by law or is guilty of immoral or disreputable conduct, he shall report this matter to the board of education employing said superintendent of schools. It shall then be the duty of said board of education to hear the evidence in such case and, if after careful investigation it shall find the charges true, it shall declare the office vacant at once and proceed to elect a successor; provided, that such superintendent shall have the right to try his title to office in the courts of the State. (1955, c. 1372, art. 5, s. 25.)

§ 115-43. Removal of committeemen for cause.—In case the county superintendent or any member of the county board of education shall have sufficient evidence at any time that any member of any school committee is not capable of discharging, or is not discharging, the duties of his office, or is guilty of immoral or disreputable conduct, he shall bring the matter to the attention of the county board of education, which shall thoroughly investigate the charges. If the board of education finds that the evidence supports the charges made to such an extent that the actions and conduct of said committeeman are not for the best interests of the schools, then the board shall proceed to remove such committeeman and appoint his successor: Provided, that such committeeman shall be given

proper notice of the hearing and that a record of the findings of the board shall be recorded in the minutes of the meeting. (1955, c. 1372, art. 5, s. 26.)

Committeeman May Be Removed Only for Cause.—A school committeeman for a district, although appointed by the county board of education holds for a definite term, and is not removable at the will or caprice of the county board of education, but may be removed only for cause after notice and an opportunity to be heard. *Russ v. Board of Education*, 232 N. C. 128, 59 S. E. (2d) 589 (1950).

After Notice and Fair Hearing.—Any school committeeman against whom the statutory proceeding for removal is brought must be given notice of the proceeding, and of the charges against him, and afforded an opportunity to be heard and to produce testimony in his defense, and the county board of education shall not remove him from his office unless it determines after a full and fair hearing on the merits that one or more of the specified causes for removal has been estab-

lished by the evidence. *Russ v. Board of Education*, 232 N. C. 128, 59 S. E. (2d) 589 (1950).

Review of Board's Proceedings.—A proceeding for the removal of a school district committeeman is judicial or quasi-judicial in character, and, there being no statutory provision for appeal, the procedure to obtain a review of the board's proceedings is by certiorari. *Russ v. Board of Education*, 232 N. C. 128, 59 S. E. (2d) 589 (1950).

Inconsistent Judgment.—Where a county board of education orders the removal of school committeemen, judgment of the superior court holding the act of the board invalid and also dismissing the appeal for want of jurisdiction is inconsistent and erroneous. *Board of Education v. Anderson*, 200 N. C. 57, 156 S. E. 153 (1930).

§ 115-44. Assistant superintendent and supervisors.—County and city boards of education shall have authority to employ an assistant superintendent, and supervisors in addition to those that may be furnished by the State when, in the discretion of the board of education, the schools of the administrative unit can thereby be more efficiently and more economically operated and when funds for the same are provided in the current expense fund budget. The duties of such assistant superintendent and supervisors shall be assigned by the superintendent with the approval of the board of education. (1955, c. 1372, art. 5, s. 27.)

§ 115-45. Authority of board over teachers, supervisors and principals.—County and city boards of education, upon the recommendation of the superintendent, shall have full power to make all just and needful rules and regulations governing the conduct of teachers, principals, and supervisors; the kind of reports they shall make, and their duties in the care of school property.

County and city boards of education shall have power to investigate and pass upon the character of any teacher or school official in the public schools of the unit, and to dismiss any teacher or school official for immoral or disreputable conduct as provided in G. S. 115-145; also to investigate and pass upon the fitness of any applicant for employment in any public school in the administrative unit.

If the superintendent reports to the board that the work of any teacher, principal, or supervisor is unsatisfactory or that any such person is not observing the rules and regulations of the board, the board has full authority at any time during the year, upon notice of ten days, to investigate the charges, and if sustained, to take appropriate action according to the findings of the board. (1955, c. 1372, art. 5, s. 28.)

§ 115-46. Providing for training of teachers.—County and city boards of education are authorized to provide for the professional growth of teachers while in service and to pass rules and regulations requiring teachers to cooperate with their superintendent for the improvement of instruction in the classroom and for promoting community improvement. (1955, c. 1372, art. 5, s. 29.)

§ 115-47. Pay of teachers and other school employees.—It shall be the duty of every county and city board of education to provide for the prompt monthly payment of all salaries due teachers, other school officials and employees,

all current bills and other necessary operating expenses. All salaries and bills shall be paid as provided by law for disbursing State and local funds. (1955, c. 1372, art. 5, s. 30.)

§ 115-48. Tax levying authorities authorized to borrow and boards of education limited in expenditures.—If the taxes for the current year are not collected when the salaries and other necessary operating expenses come due, and the money is not available for meeting such expenses, it shall be the duty of the tax levying authorities to borrow against the amount approved in the budget and to issue short term notes for the amounts so borrowed in accordance with the provisions of the County Finance Act and the Local Government Act. The interest on all such notes shall be provided by the tax levying authorities in addition to the amount approved in the budget, unless this item is specifically included in the budget. However, if a county or city board of education shall wilfully create a debt or shall in any other way cause the expenses for the year to exceed the amount authorized in the budget, without the approval of the tax levying authorities, the indebtedness shall not be a valid obligation of the county or city, as the case may be, and the members of the board responsible for making the debt may be held liable for the same. (1955, c. 1372, art. 5, s. 31.)

Local Modification. — Mecklenburg and city of Charlotte: 1959, c. 448.

(1928), where it was held, under the facts and circumstances, that county commissioners were liable for a debt created by the county board of education.

Editor's Note.—See *Hampton v. Board of Education*, 195 N. C. 213, 141 S. E. 744

§ 115-49. Salary schedule for teachers.—Every county and city board of education may adopt, as to teachers and school officials not paid out of State funds, a salary schedule similar to the State salary schedule, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system; but if any county or city board of education shall fail to adopt such a schedule, the State salary schedule shall be in force. No teacher shall receive a salary higher than that provided in the salary schedule, unless by action of the board of education a higher salary is allowed for special fitness, special duties, or under extraordinary circumstances.

Whenever a higher salary is allowed, the minutes of the board shall show what salary is allowed and the reason for the same: Provided, that a county board of education, upon the recommendation of the committee of a district, may authorize the committee and the superintendent to supplement the salaries of all teachers of the district from funds derived from taxes within such district, and the minutes of the board shall show what increase is allowed each teacher in each such district. (1955, c. 1372, art. 5, s. 32.)

§ 115-50. Authority for salary vouchers.—The authority for boards of education to issue salary vouchers to all school employees, whether paid from State or local funds, shall be a monthly payroll prepared on forms furnished by the State Board of Education and containing all information required by the controller of the State Board of Education. This monthly payroll shall be signed by the principal of a school in a city administrative unit, and in a county administrative unit by the principal and the chairman of the local committee: Provided, that in special tax districts in county administrative units all vouchers drawn against special funds of such districts except salary vouchers shall be supported by an order to pay same signed by the chairman of the committee of such district; and all vouchers, whether for salary or other objects of expenditure, which are chargeable against district funds, shall specify the district against which it is charged. (1955, c. 1372, art. 5, s. 33.)

Local Modification.—Mecklenburg: 1959, c. 378, s. 11.

§ 115-51. **Lunchrooms may be provided.**—In such cases as may be deemed advisable by a county or city board of education, and in any school where same may be deemed necessary because of the distance of the said school from places where meals may be easily obtained, it shall be permissible for a board of education as a part of the functions of the public school system to provide cafeterias where meals may be sold, and to operate or cause same to be operated for the convenience of teachers, school officers, and pupils of the said school. There shall be no personal liability upon the said board of education or members thereof, arising out of the operation of such eating places and it is understood and declared that the same are carried on and conducted in connection with the public schools, and because of the necessity arising out of the consolidation of the said schools and inconvenience and interruption of the schools caused by seeking meals elsewhere: Provided, that no part of the appropriation made by the State for the public schools shall be expended for the operation of said cafeterias or eating places.

All lunchrooms and cafeterias operated under the provisions of this section shall be operated on a nonprofit basis, and any earnings therefrom over and above the cost of operation shall be used for the purpose of reducing the cost of meals served therein, or to serve better meals, and for no other purpose: Provided, that it shall not be mandatory that the provisions of G. S. 115-52 and 143-129 be complied with in the purchase of supplies and food for such lunchrooms and cafeterias. (1955, c. 1372, art. 5, s. 34.)

§ 115-52. **Purchase of equipment and supplies.**—It shall be the duty of county and city boards of education to purchase all supplies, equipment and materials in accordance with contracts made by or with the approval of the State Division of Purchase and Contract. Title to instructional supplies, office supplies, fuel and janitorial supplies, enumerated in the current expense fund budget and purchased out of State funds, shall be taken in the name of the county or city board of education which shall be responsible for the custody and replacement: Provided, that no contracts shall be made by any county or city administrative unit for purchases unless provision has been made in the budget of such unit to provide payment therefor, or unless surplus funds are on hand to pay for same, and in order to protect the State purchase contracts, it is hereby made the mandatory duty upon the part of the governing authorities of such local units to pay for such purchases promptly in accordance with the terms of the contract of purchase. (1955, c. 1372, art. 5, s. 35.)

Local Modification. — Mecklenburg and city of Charlotte: 1959, c. 448.

§ 115-53. **Liability insurance and waiver of immunity as to torts of agents, etc.**—Any county or city board of education, by securing liability insurance as hereinafter provided, is hereby authorized and empowered to waive its governmental immunity from liability for damage by reason of death or injury to person or property caused by the negligence or tort of any agent or employee of such board of education when acting within the scope of his authority or within the course of his employment. Such immunity shall be deemed to have been waived by the act of obtaining such insurance, but such immunity is waived only to the extent that said board of education is indemnified by insurance for such negligence or tort.

Any contract of insurance purchased pursuant to this section must be issued by a company or corporation duly licensed and authorized to execute insurance contracts in this State and must by its terms adequately insure the county or city board of education against any and all liability for any damages by reason of death or injury to person or property proximately caused by the negligent acts or torts of the agents and employees of said board of education or the agents and employees of a particular school in a county or city administrative unit when act-

ing within the scope of their authority or within the course of their employment. Any company or corporation which enters into a contract of insurance as above described with a county or city board of education, by such act waives any defense based upon the governmental immunity of such county or city board of education.

Every county or city board of education in this State is authorized and empowered to pay as a necessary expense the lawful premiums for such insurance.

Any person sustaining damages, or in case of death, his personal representative may sue a county or city board of education insured under this section for the recovery of such damages in any court of competent jurisdiction in this State, but only in the county of such board of education; and it shall be no defense to any such action that the negligence or tort complained of was in pursuance of a governmental, municipal or discretionary function of such county or city board of education if, and to the extent, such county or city board of education has insurance coverage as provided by this section.

Except as hereinbefore expressly provided, nothing in this section shall be construed to deprive any county or city board of education of any defense whatsoever to any such action for damages, or to restrict, limit, or otherwise affect any such defense which said board of education may have at common law or by virtue of any statute; and nothing in this section shall be construed to relieve any person sustaining damages or any personal representative of any decedent from any duty to give notice of such claim to said county or city board of education or to commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by statute.

A county or city board of education may incur liability pursuant to this section only with respect to a claim arising after such board of education has procured liability insurance pursuant to this section and during the time when such insurance is in force.

No part of the pleadings which relate to or allege facts as to a defendant's insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. Such liability shall not attach unless the plaintiff shall waive the right to have all issues of law or fact relating to insurance in such an action determined by a jury and such issues shall be heard and determined by the judge without resort to a jury and the jury shall be absent during any motions, arguments, testimony or announcement of findings of fact or conclusions of law with respect thereto unless the defendant shall request a jury trial thereon; Provided, that this section shall not apply to claims for damages caused by the negligent acts or torts of public school bus drivers while driving school buses when the operation of such school buses is paid from the State nine months' school fund.

The several county and city boards of education in the State are hereby authorized and empowered to take title to school buses purchased with local or community funds for the purpose of transporting pupils to and from athletic events and for other local school activity purposes, and commonly referred to as activity buses. The provisions of this section shall be fully applicable to the ownership and operation of such activity school buses. (1955, c. 1256; 1957, c. 685; 1959, c. 573, s. 2.)

Local Modification. — Mecklenburg and city of Charlotte: 1959, c. 931.

Editor's Note. — The 1957 amendment added the last paragraph.

The 1959 amendment added "while driv-

ing school buses when the operation of such school buses is paid from the State nine months' school fund" at the end of the next to last paragraph.

§ 115-54. **Residence, oath of office, and salary of superintendent.** — Every superintendent shall reside in the county in which he is employed. The

superintendent shall not teach, nor be regularly employed in any other capacity that may limit or interfere with his duties as superintendent. Each superintendent, before entering upon the duties of his office, shall take an oath for the faithful performance thereof. The salary of the superintendent shall be in accordance with a State standard salary schedule, fixed and determined by the State Board of Education as provided by law; and such salary schedule for superintendents shall be determined on the same basis for both county and city superintendents and shall take into consideration the amount of work inherent to the office of both county and city superintendents; and such schedule shall be published in the same way and manner as the schedules for teachers' and principals' salaries are now published. (1955, c. 1372, art. 6, s. 1.)

Constitutional Office. — The office of county superintendent of public instruction is such an office as comes within the prevention of Art. XIV, § 7, of the Constitution, which prohibits the holding of

more than one office by any person. *Whitehead v. Pittman*, 165 N. C. 89, 80 S. E. 976 (1914).

Cited in *Jeffers v. Whitley*, 165 F. Supp. 951 (1958).

§ 115-55. Vacancies in office of superintendent.—In case of vacancy by death, resignation, or otherwise, in the office of a county or city superintendent, such vacancy shall be filled by the county or city board of education in which such vacancy occurred. During the time any county or city superintendent is on an approved leave of absence, without pay, an acting superintendent may be appointed in the same manner to serve during the interim period, which appointment shall be subject to the same approvals and to the same educational qualifications as provided for superintendents. In case such position is not filled immediately on a permanent or temporary basis, or in case of absence of a superintendent on account of illness or other approved reason, the board of education, by resolution duly adopted and recorded in the minutes of such board, may assign to an employee of such school board, with the approval of the State Superintendent of Public Instruction and the controller of the State Board of Education, any duty or duties of such superintendent which necessity requires be performed during such time: Provided, that if the duty of signing warrants and checks is so assigned, said board shall give proper notice immediately to State and local disbursing officials. (1955, c. 1372, art. 6, s. 2; 1959, c. 573, s. 3.)

Editor's Note. — The 1959 amendment inserted "controller of the" in the thirteenth line.

§ 115-56. Duties of superintendent as secretary to board of education.—County and city superintendents shall be ex officio secretary to their respective boards of education. As secretary to the board of education, the superintendent shall record all proceedings of the board, issue all notices and orders that may be made by the board, and otherwise be executive officer of the board of education. He shall see that the minutes of the meetings of the board of education are promptly and accurately recorded in the minute book which shall be kept in the office of the board of education and be open at all times to public inspection. It shall be the duty of every superintendent to visit the schools of his unit, to keep his board of education informed at all times as to the condition of the school plants in his administrative unit, and to make immediately provisions to remedy any unsafe or unsanitary conditions existing in any school building.

It shall be the duty of every superintendent to attend professional meetings conducted by the State Superintendent of Public Instruction and such other professional meetings as are necessary to keep him informed on educational matters.

It shall be the duty of every superintendent to furnish as promptly as possible to the State Superintendent when requested by him, information and statistics on any phase of the school work in his administrative unit.

The superintendent shall have authority to administer oaths to teachers and all

other school officials when an oath is required of the same. (1955, c. 1372, art. 6, s. 3.)

§ 115-57. Duties of superintendents toward school personnel.—It shall be the duty of the superintendent to keep himself thoroughly informed as to all policies promulgated and rules adopted by the State Superintendent of Public Instruction and the State Board of Education, for the organization and government of the public schools. The superintendent shall notify and inform his board of education, the school committees, supervisors, principals, teachers, janitors, bus drivers, and all other persons connected with the public schools, of such policies and rules. In the performance of these duties, the superintendent shall confer, work, and plan with all school personnel to achieve the best methods of instruction, school organization and school government.

The superintendent shall hold each year such teachers' meetings and study groups as in his judgment will improve the efficiency of the instruction in the schools of his unit.

The superintendent shall distribute to all school personnel all blanks, registers, report cards, record books, bulletins, and all other supplies and information furnished by the State Superintendent and the State Board of Education and give instruction for their proper use.

If the superintendent shall fail in these duties, or such other duties as may be assigned him, he shall be subject, after notice, to an investigation by the State Superintendent or by his board of education for failure to perform his duties. For persistent failure to perform these duties, his certificate may be revoked by the State Superintendent, or he may be dismissed by his board of education. (1955, c. 1372, art. 6, s. 4.)

§ 115-58. Superintendent to approve and record election of principals and teachers.—It shall be the duty of the county superintendent to approve, in his discretion, the election of all teachers and personnel by the several school committees of the administrative unit. He shall then present the names of all principals, teachers and other school personnel to the county board of education for approval or disapproval, and he shall record in the minutes the action of the board in this matter.

It shall be the duty of the city superintendent to record in the minutes the action of the city board of education in the election of all principals, teachers and other school personnel elected upon the recommendation of the superintendent. (1955, c. 1372, art. 6, s. 5.)

§ 115-59. Superintendent to prepare organization statement and request for teachers.—On or before the twentieth day of May in each year, the superintendent of each administrative unit shall present to the State Board of Education a statement, certified by the chairman of the board of education and the superintendent, showing the organization of the schools in his unit, together with such other information as said Board may require. On the basis of such organization statement, together with all other available information, and under such rules and regulations as the State Board of Education may promulgate, said Board shall determine for each administrative unit, by districts, the number of elementary and high school teachers to be included in the State budget on the basis of the average daily attendance for the preceding year. The highest average daily attendance for a continuous six months' period of the first seven months of the preceding school year shall be used as a basis for such allotment: Provided, that loss in attendance due to epidemics shall be taken into consideration in the initial allotment of teachers: Provided further, that the superintendent of an administrative unit shall not be included in the number of teachers and principals allotted on the basis of average daily attendance.

It shall be the duty of the superintendent and the board of education of each

administrative unit, after the opening of the schools in said unit, to make a careful check of the school organization and to request the State Board of Education to make changes in the allocation of teachers to meet changed requirements of the said unit. (1955, c. 1372, art. 6, s. 6.)

§ 115-60. Superintendents shall keep proper financial records.—It shall be the duty of each superintendent to keep in his office a complete, accurate and detailed record of all financial transactions of his board of education. Such records shall be kept in accordance with modern accounting methods and as prescribed and approved by the State Board of Education. If any superintendent shall fail to keep the records of the acts of the board of education so that they may be audited in accordance with law, the board of education may remove him from office. (1955, c. 1372, art. 6, s. 7.)

§ 115-61. County superintendents shall keep record of local taxes.—County superintendents shall keep a separate financial record of each special taxing district in the county and no part of any funds belonging to one district shall be used for any other district, or for any other purpose than to meet the lawful expenses of such district to which the funds collected belong. The superintendent shall not sign any voucher to pay out the funds of any special taxing district unless he is authorized to do so by a written order signed by the chairman of the committee of the district: Provided, that he may sign salary vouchers for teachers duly elected by the committee as the same may become due. (1955, c. 1372, art. 6, s. 8.)

§ 115-62. Record of fines, forfeitures, and penalties.—It shall be the duty of the county superintendent to keep a record of all fines, forfeitures and penalties due the school fund, and to this end all county officials who in any way handle such funds shall on demand report the same to the county superintendent; and he shall see that these funds are deposited with the treasurer and placed to the credit of the school fund. The county accountant or auditor shall furnish the superintendent on the first day of each month a list in detail of all such funds that may have been paid into the school fund during the preceding month. (1955, c. 1372, art. 6, s. 9.)

§ 115-63. Superintendents must furnish boundaries of special taxing districts.—It shall be the duty of county superintendents, and of city superintendents where their administrative units are not coterminous with city or township limits, to furnish tax listers at tax listing time the boundaries of each taxing district and city administrative unit in which a special tax will be levied to the end that all property in such district or unit may be properly listed. (1955, c. 1372, art. 6, s. 10.)

§ 115-64. Disbursement of local funds.—County and city local school funds shall be disbursed in the same manner as State school funds are disbursed. It shall be the duty of the county superintendent in addition to approving and signing State vouchers to approve and sign all vouchers for the disbursement of all county and district funds except funds belonging to a city administrative unit. The county treasurer shall honor no voucher that is not first approved and signed by the county superintendent. No voucher shall be signed by the county or city superintendent for more money than is provided in the county or city school budget. The county superintendent shall not sign a voucher drawn on district funds for more money than is apportioned to or raised by the special tax during the fiscal year of a special taxing school district.

County and city superintendents shall not approve and sign the voucher of any teacher who does not hold a certificate as required by law, nor for more money than the salary schedule in force in the city administrative unit or special taxing district entitles the teacher to receive.

It shall be the duty of county and city superintendents to sign all vouchers issued by order of their respective boards of education and signed by the chairman, and no voucher shall be paid by the county or city treasurer that is not thus signed. (1955, c. 1372, art. 6, s. 11.)

When Treasurer's Duty to Honor.—The treasurer of the school fund cannot pay out any of the money coming into his hands as such except upon order ap-

proved by the county superintendent. See *County Board v. County of Wake*, 167 N. C. 114, 83 S. E. 257 (1914).

§ 115-65. Superintendent shall not pay teacher without contract.—No voucher for the salary of a principal or teacher shall be signed by the county or city superintendent unless a copy of the contract has been filed with him: Provided, that substitute and interim teachers may be paid under rules of the State Board of Education. (1955, c. 1372, art. 6, s. 12.)

§ 115-66. When superintendent may withhold pay of teachers.—The chairman and secretary of a county or city board of education may refuse to sign the salary voucher for the pay of any supervisor, principal or teacher who delays or refuses to render such reports as are required by law. But whenever the reports are delivered in accordance with law, the vouchers shall be signed and the supervisor, principal, or teacher paid. (1955, c. 1372, art. 6, s. 13.)

§ 115-67. Superintendents may suspend principals and teachers.—County and city superintendents shall have authority to suspend any principal or teacher who shall fail, or who may be incompetent, to give instruction in accordance with the directions of the superintendent, or who shall wilfully refuse to co-operate in teachers' meetings: Provided, that any principal or teacher who may be suspended by the superintendent, shall have the right to appeal first to the board of education and then, if not satisfied, to the courts. (1955, c. 1372, art. 6, s. 14.)

§ 115-68. City superintendents, powers, duties and responsibilities.—All the powers, duties and responsibilities imposed by law upon the superintendents of county administrative units shall, with respect to city administrative units, be imposed upon, and exercised by, the superintendents of city administrative units, in the same manner and to the same extent, insofar as applicable thereto, as such powers and duties are exercised and performed by superintendents of county administrative units with reference to said county administrative units. (1955, c. 1372, art. 6, s. 15.)

ARTICLE 7.

School Committees—Their Duties and Powers.

§ 115-69. Eligibility and oath of office.—Each school committeeman shall be a person of intelligence, of good moral character, of good business qualifications, and one who is known to be in favor of public education and who resides in the district; and before entering upon the duties of his office, he shall take oath for the faithful performance thereof, which oath may be taken before the county superintendent.

No person, while employed as teacher in either a public school or a private school, or while serving as a member of any county or city board of education or serving as an employee of the schools or who is prohibited by article XIV, section seven, of the Constitution, shall be eligible to serve as a member of a district committee. (1955, c. 1372, art. 7, s. 1.)

§ 115-70. Appointment; terms; vacancies; advisory committees.—At the first regular meeting during the month of April, one thousand nine hundred fifty-seven, or as soon thereafter as practicable, and biennially thereafter, the county board of education named by the General Assembly which convened in

February of such year or elected at the preceding general election, as the case may be, shall elect and appoint school committees for each of the several districts in their counties, consisting of not less than three, nor more than five persons for each school district, whose term of office shall be for two years; provided, that in the event of death, resignation or removal from the district of any member of said school committee, the county board of education shall be empowered to select and appoint his or her successor to serve the remainder of the term; provided, that in units desiring the same, by action of the county board of education one-third of the members may be selected for a term of one year, one-third of the members for a term of two years, and one-third of the members for a term of three years, and thereafter all members for a term of three years from the expiration of said terms. This section shall not have the effect of repealing any local or special acts relating to the appointment or terms of office of school committees.

The county board of education may appoint an advisory committee of three members for each school building in the district, who shall care for the school property and perform such other duties as may be defined by the county board of education. (1955, c. 1372, art. 7, s. 2; 1957, c. 686, s. 2.)

Local Modification.—Polk: 1959, c. 442.

Editor's Note.—The 1957 amendment substituted "February" for "January" near the beginning of the first paragraph.

Removal of Committeeman.—A school committeeman for a district, although appointed by the county board of education,

holds for a definite term, and is not removable at the will or caprice of the county board of education, but may be removed only for cause after notice and an opportunity to be heard. *Russ v. Board of Education*, 232 N. C. 128, 59 S. E. (2d) 589 (1950).

§ 115-71. Organization of school committee; meetings.—The school committee, at its first meeting after the membership has been completed by the county board of education, shall elect from its number, a chairman and secretary, who shall keep a record of its proceedings in a book to be kept for that purpose, which shall be open to public inspection. The names and addresses of the chairman and secretary shall be reported to the county superintendent and recorded by him. The committee shall meet as often as the school business of the district may require. (1955, c. 1372, art. 7, s. 3.)

§ 115-72. How to employ principals, teachers, janitors and maids.—The district committee, upon the recommendation of the county superintendent of schools, shall elect the principals for the schools of the district, subject to the approval of the county board of education. The principal of the district shall nominate and the district committee shall elect the teachers for all the schools of the district, subject to the approval of the county superintendent of schools and the county board of education. Likewise, upon the recommendation of the principal of each school of the district, the district committee shall appoint janitors and maids for the schools of the district, subject to the approval of the county superintendent of schools and the county board of education. No election of a principal or teacher, or appointment of a janitor or maid, shall be deemed valid until such election or appointment has been approved by the county superintendent and the county board of education. No teacher under eighteen years of age may be employed, and the election of all teachers and principals and the appointment of all janitors and maids shall be done at regular or called meetings of the committee.

In the event the district committee and the county superintendent are unable to agree upon the nomination and election of a principal or the principal and the district committee are unable to agree upon the nomination and election of teachers or appointment of janitors or maids, the county board of education shall select the principal and teachers and appoint janitors and maids, which selection and appointment shall be final.

The distribution of the teachers and janitors among the several schools of the district shall be subject to the approval of the county board of education. (1955, c. 1372, art. 7, s. 4.)

Local Modification.—Polk: 1957, c. 1209.

The election of a principal or teacher by the school committee of a district has no validity whatever until such election has been approved by both the county superintendent of schools and the county board of education. *Iredell County Board of Ed. v. Dickson*, 235 N. C. 359, 70 S. E. (2d) 14 (1952).

As to re-election of principal or teacher, see *Iredell County Board of Ed. v. Dickson*, 235 N. C. 359, 70 S. E. (2d) 14 (1952).

Personal Liability of Committeeman.—In *Robinson v. Howard*, 84 N. C. 152 (1881), it was held that a school committeeman was not liable personally on a contract by which he employed a teacher, and that the remedy was by mandamus to compel the payment of the money by the proper officer in the way provided by law. If, though, the act is wrongful and malicious, an action will lie against the officer in his personal capacity to recover damages for the wrong committed by him. *Spruill v. Davenport*, 178 N. C. 364, 100 S. E. 527 (1919).

Refusal of the county superintendent to approve the election of a teacher on the

ground that he did not have sufficiently high certificates as a teacher and that his election as a teacher would not be for the best interests of the school will not sustain the finding of the trial judge that the refusal of the county superintendent of schools to approve the election was arbitrary, capricious and without just cause, and a mandamus to cause his approval is improvidently issued by the lower court. *Cody v. Barrett*, 200 N. C. 43, 156 S. E. 146 (1930).

Jurisdiction of County Board of Education to Elect Principal.—The county board of education is not authorized to elect a principal of a school unless it appears that the local school authorities are in disagreement as to such election, and therefore, in a suit to compel the county board to approve an election made by the local school authorities, a plea in abatement on the ground that the county board had already elected another to the position is probably overruled in the absence of a showing of disagreement by the local school authorities. *Harris v. Board of Education*, 216 N. C. 147, 4 S. E. (2d) 328 (1939).

§ 115-73. Committee's responsibility as to school property.—It shall be the duty of the school committee to protect all school property in its district. To this end, it is given custody of all schoolhouses, schoolhouse sites, grounds, textbooks, apparatus, and other school property in the district, with full power to control same as it may deem best for the interests of the public schools and the cause of education, but not in conflict with the rules and regulations of the county board of education. It shall be the duty of the committee to report any misuse or damage of school property immediately to the county board of education: Provided, that if the committee is unable or shall fail to take due care of all school property of the district, the county board of education may designate some responsible citizen of the district to have special charge of the property during vacation. (1955, c. 1372, art. 7, s. 5.)

SUBCHAPTER III. SCHOOL DISTRICT ORGANIZATION.

ARTICLE 8.

Creating and Consolidating School Districts.

§ 115-74. Creation and modification of school districts by State Board of Education.—The State Board of Education, upon the recommendation of the county board of education, shall create in any county administrative unit a convenient number of school districts. Such district organization may be modified in the same manner in which it was created when it is deemed necessary. Provided that when changes in district lines are made between and among school districts that have voted upon themselves the same rate of supplemental tax, such changes in district lines shall not have the effect of abolishing any of such districts

or of abolishing any supplemental taxes that may have been voted in any of such districts.

Nothing in this section shall prevent city administrative units from consolidating with county administrative units in which such city administrative unit is located, upon petition of the board of education of the city administrative unit and the approval of the county board of education and of the State Board of Education: Provided, that nothing in this section shall affect the right of any city administrative unit or special tax district which now exists for the purpose of retiring debt service, to have the indebtedness of such district taken over by the county as provided by law, and nothing herein shall be construed to restrict the county board of education or the board of county commissioners in causing such indebtedness to be assumed by the county as provided by law. (1955, c. 1372, art. 8, s. 1; 1959, c. 432.)

Cross Reference.—As to limitation on power of legislature to change lines of school districts, see Art. II, § 29 of the Constitution.

Editor's Note. — The 1959 amendment added the proviso at the end of the first paragraph.

Constitutionality of Article.—For case holding constitutional a former statute covering the same subject-matter as this article, see *Sparkman v. Board*, 187 N. C. 241, 121 S. E. 531 (1924), cited and approved in *Blue v. Board*, 187 N. C. 431, 122 S. E. 19 (1924).

Methods of Changing School District.—*Kreeger v. Drummond*, 235 N. C. 8, 68 S. E. (2d) 800 (1952), reh. den. 235 N. C. 758, 69 S. E. (2d) 721 (1952).

Courts Will Not Interfere in Absence of Abuse of Discretion.—Unless the school authorities act contrary to law, or there is a manifest abuse of discretion on their part, the courts will not interfere with their action in creating or consolidating school districts, or in the discharge of any other discretionary duty conferred upon them by law. *Kreeger v. Drummond*, 235 N. C. 8, 68 S. E. (2d) 800 (1952), reh. den. 235 N. C. 758, 69 S. E. (2d) 721 (1952).

§ 115-75. Districts formed of portions of contiguous counties.—School districts may be formed out of contiguous counties by agreement of the county boards of education of the respective counties subject to the approval of the State Board of Education. Rules for the organization, support and operation of districts so formed are subject to the agreement of the boards of education concerned, and as a guide to the working out of such agreements the formulas contained in § 115-123 should be followed as far as applicable. (1955, c. 1372, art. 8, s. 2.)

§ 115-76. Consolidation of districts and discontinuance of schools.—County boards of education shall have the power and authority to consolidate schools located in the same district, and with the approval of the State Board of Education, to consolidate school districts or other school areas over which the board has full control, whenever and wherever in its judgment the consolidation will better serve the educational interests of the county or any part of it: Provided, existing schools having suitable buildings shall not be abolished until the

The courts will not interfere with the control and supervision of the county board of education in the exercise of its statutory discretion given in the formation of school districts and their consolidation, or intervene in behalf of any one who supposes himself to be aggrieved by their action therein, except upon a clear showing that it was acting contrary to law, and then they will only restrain its action to the extent necessary to keep it within the law and the rightful exercise of its powers. *Davenport v. Board*, 183 N. C. 570, 112 S. E. 246 (1922).

Abolition of Special School Districts.—For cases construing former statute abolishing special school districts, see *Board of Education v. Burgin*, 206 N. C. 421, 174 S. E. 286 (1934) (use of unexpended fund by new districts); *Hickory v. Catawba County*, 206 N. C. 165, 173 S. E. 56 (1934), holding that statute did not alter the policy that a county may include in its debt service fund in its budget the indebtedness lawfully incurred by any of its school districts.

county board of education has made ample provisions for transferring all children of said school to some other school.

In determining whether two or more public schools shall be consolidated, or in determining whether or not a school shall be closed and the pupils transferred therefrom, the State Board of Education and the boards of education of the several counties shall observe and be bound by the following rules, to wit:

- (1) In any question involving the discontinuance or consolidation of any high school with an average daily attendance of sixty or more pupils, the board of education of the county in which such school is located and the State Board of Education shall cause a thorough study of such school to be made, having in mind primarily the welfare of the students to be affected by a proposed consolidation and including in such study, among other factors, geographic conditions, anticipated increase or decrease in school enrollment, the inconvenience or hardship that might result to the pupils to be affected by such consolidation, the cost of providing additional school facilities in the event of such consolidation, and the importance of such school to the people of the community in which the same is located and their interest in and support of same. Before the entry of any order of consolidation, the county board of education shall provide for a public hearing in regard to such proposed consolidation, at which hearing the county and State boards of education and the public shall be afforded an opportunity to express their views. Upon the basis of the study so made and after such hearing, said boards may, in the exercise of their discretion and by concurrent action, approve the consolidation proposed: Provided, however, that when a high school is ordered closed, pursuant to law, the pupils attending such school may be assigned to another high school, if the board of education of the administrative unit in which such school is located consents to such assignment.
- (2) Provision shall not be made by the State Board of Education for the operation of a high school with an average daily attendance of less than sixty pupils unless the State Board of Education and the State Superintendent of Public Instruction, after a careful survey by them, find that geographic or other conditions make it impractical to provide for such pupils otherwise. Upon such finding, the State Board of Education may make provision for the operation of such school.
- (3) Notwithstanding the limitations imposed by the provisions of subsection two of this section, the State Board of Education shall make provision for the continued operation of any high school now operating in any county administrative unit and having an average daily attendance of at least forty-five but fewer than sixty pupils, and shall allot to such school the number of teachers to which it may be entitled pursuant to law and rules of the State Board of Education if the continued operation of such school be requested by the board of education of such county by the inclusion of such school in the organization statement for the following year filed pursuant to the provisions of law: Provided, however, that at the time of making such request, the county board of education presents to the State Board of Education a certified statement that it has on hand and allocated for such purpose sufficient funds to pay the salaries, in accordance with the State standard salary schedule, of such additional teacher or teachers for said school as may be required in order to comply with minimum teacher requirements for a standard high school as now or hereafter defined and sufficient funds to pay the county's contribution for such teacher or teachers to the Teachers'

and State Employees' Retirement System of North Carolina, as provided by G. S. 135-8 (c), and that said county board of education will employ such teacher or teachers.

For the purpose of providing the funds required by the proviso of this subsection, the boards of commissioners of the several counties are authorized to appropriate nontax funds, and the several county boards of education are authorized to accept and use privately donated funds.

- (4) The provisions of this section shall not deprive any city or county board of education of the authority to assign or enroll any and all pupils in schools in accordance with the provisions of G. S. 115-176 to 115-179. (1955, c. 1372, art. 8, s. 3.)

Editor's Note.—The cases cited in the annotations below were decided under the former statutes.

Consolidation of Tax and Nontax Districts.—A nonspecial school tax district may be consolidated with a special tax district, without the approval of the voters of the nonspecial tax district when the consolidation is for administrative or attendance purposes only and does not involve a supplement tax. *Gates School Dist. Committee v. Gates County Board of Ed.*, 235 N. C. 212, 69 S. E. (2d) 529 (1952); *Gates School Dist. Committee v. Gates County Board of Ed.*, 236 N. C. 216, 72 S. E. (2d) 429 (1952).

Where an administrative unit has voted a supplemental tax pursuant to the provisions of the statute, neither a nontax district nor any part thereof may be consolidated with such administrative or tax districts, without losing the right to levy the existing supplemental tax, unless an election is held in the territory to be added and the majority of those who vote in such election voted in favor of the proposed tax. And the tax authorized must be equal to the supplemental tax previously authorized in the administrative unit, including any tax levied therein to meet the interest and sinking fund of any bonds theretofore issued by the district proposed to be enlarged. *Gates School Dist. Committee v. Gates County Board of Ed.*, 235 N. C. 212, 69 S. E. (2d) 529 (1952). See *Gates School Dist. Committee v. Gates County Board of Ed.*, 236 N. C. 216, 72 S. E. (2d) 429 (1952).

It is not necessary to the valid consolidation of nonspecial school tax districts with special school tax districts that it be approved by the voters of the nonspecial school tax districts, when the questions of taxation and bond issues are not involved, and especially so when the consolidation has been made according to the provisions of a Public-Local Law applicable to the county wherein the consolidation has

been made. *Board v. Bray Bros. Co.*, 184 N. C. 484, 115 S. E. 47 (1922).

Special school tax districts, organized and exercising governmental functions in the administration of the school laws, are quasi-public corporations subject to the constitutional provisions in restraint of contracting debts for other than necessary purposes, except by the vote of the people of a given district, Const., Art. VII, § 7; and semble, that where an existent tax and nontax district are thereunder consolidated, it would require the submission of the question to those living within the district thus formed, but outside of the district that has theretofore voted the tax as provided for enlargement of local tax districts. *Paschal v. Johnson*, 183 N. C. 129, 110 S. E. 841 (1922); *Barnes v. Leonard*, 184 N. C. 325, 114 S. E. 398 (1922).

The authority given the county board of education to redistrict the entire county or part thereof, and to consolidate school districts, etc., was amended by Public Laws of 1921, ch. 179, providing, among other things, for such consolidation of existing districts under a uniform rate of taxation not exceeding the lowest in any one district, meets the requirements of our Constitution, Art. VII, § 7, but to the extent the amendatory statute permits consolidation of local school tax districts with adjacent territory or local schools that have never voted any tax, the provisions of the statute relating to enlargement of local tax districts must apply so as to permit those living in such proposed new territory to vote separately upon the question of taxing themselves for the purpose. *Perry v. Commissioners*, 183 N. C. 387, 112 S. E. 6 (1922).

Issuance of Bonds. — Where there has been a valid consolidation of local-tax school districts, having an equal tax rate for the purpose, by proper proceedings under the statute the new district may then approve the question of an additional special tax, and where this has been done under the authority of a valid statute, and

an issue of bonds properly approved by the voters, such bonds are constitutional and valid. *Paschal v. Johnson*, 183 N. C. 129, 110 S. E. 841 (1922).

Reallocation of Funds from Bond Issue.

—The bond order and the advertised statement of the purpose for which funds from a proposed school bond issue were to be used stipulated, *inter alia*, improvements in the elementary school of one district by the addition of eight classrooms, and improvements in the elementary and high school of another district. Thereafter the county board of education, on the basis of a survey, proposed to use the entire funds allocated for such improvements for the erection of a new high school building for the use of both schools. It was held that the county board of education has no power to reallocate the funds for the erection of the new high school in the absence of a finding in good faith that the erection of such new high school would so relieve the pupil load on the elementary schools that the use of the funds for the improvement and enlargement of the elementary schools would no longer be necessary because of changed condition. *Gore v. Columbus County*, 232 N. C. 636, 61 S. E. (2d) 890 (1950).

Consolidation Prerequisite to Closing High School Operated as Union School.—

As a prerequisite to the enforcement of an order to close a high school presently operated as a union school, the area in this district must be consolidated in a manner provided by law, with some other high school district or districts. *Kreeger v. Drummond*, 235 N. C. 8, 68 S. E. (2d) 800 (1952), *reh. den.* 235 N. C. 758, 69 S. E. (2d) 721 (1952).

§ 115-77. Enlarging tax districts and city units by permanently attaching contiguous property.—The county boards of education with the approval of the State Board of Education may transfer from nontax territory and attach permanently to local tax districts or to city administrative units, real property contiguous to said local tax districts or city administrative units, upon the written petition of the owners thereof and the taxpayers of the family or families living on such real property, and there shall be levied upon the property of each individual in the area so attached, including landowners and tenants, the same tax as is levied upon other property in said district or unit: Provided, that such transfer shall be subject to the approval of the board of education of such city unit or the committee of such tax district, as the case may be. Provided the petition must be signed by persons who are the owners thereof and the taxpayers of the families living on such real property on the date the petition is filed with the county board of education. Provided further, that a person or corporation owning only an easement in real property shall not be considered an owner of said property within contemplation of this section; and provided further that no right of action or defense founded upon the invalidity of such transfer shall be asserted, nor shall the validity of such transfer be open to question in any court upon any ground whatever, except in an action or proceeding commenced within

Ample Facilities Must Be Provided in Consolidated District.—If a consolidation or consolidations are to be made pursuant to the provisions of the statute, it should be made to appear that ample school facilities have been provided in the proposed consolidated district or districts to which the children residing in the old district are to be transferred. *Kreeger v. Drummond*, 235 N. C. 8, 68 S. E. (2d) 800 (1952).

Authority discretionary.—Ordinarily the courts will not interfere with the discretionary authority of the county board of education to select school sites and consolidate schools of a district, and, with the approval of the State Board of Education, to consolidate school districts. *Gore v. Columbus County*, 232 N. C. 636, 61 S. E. (2d) 890 (1950).

Enjoining or Setting Aside Creation or Consolidation of School Districts.—Although the law may confer upon school authorities the discretionary authority to create or consolidate school districts, the superior court may enjoin or set aside the creation or consolidation of school districts by such authorities when their action is so clearly unreasonable as to amount to an oppressive and manifest abuse of their discretion, or is without authority of law. *Gates School Dist. Committee v. Gates County Board of Ed.*, 236 N. C. 216, 72 S. E. (2d) 429 (1952).

Circumstances Insufficient to Show Abuse of Discretion in Consolidating School Districts.—See *Gates School Dist. Committee v. Gates County Board of Ed.*, 236 N. C. 216, 72 S. E. (2d) 429 (1952).

As to transfer of pupils under former statute, see *Kreeger v. Drummond*, 235 N. C. 8, 68 S. E. (2d) 800 (1952).

sixty (60) days after the approval of such transfer is given by the State Board of Education. (1955, c. 1372, art. 8, s. 4; 1959, c. 573, s. 4.)

Editor's Note. — The 1959 amendment added the second, third and fourth provisions.

SUBCHAPTER IV. REVENUE FOR THE PUBLIC SCHOOLS.

County and City Boards of Education and Budgets.

- (1) New Buildings and Grounds.—Estimated total cost of new buildings including grounds, heating, plumbing and electrical equipment, furniture and instructional apparatus, architect and engineering fees, and

other costs; provided, the estimated cost of the site shall be included in the total estimated cost of the building but not as a separate item; provided further, that no contract for the purchase of the site shall be executed nor any funds expended therefor without the approval of the board of county commissioners as to the amount to be spent for the site; and in case of a disagreement between a board of education and a board of county commissioners as to the amount to be spent for the site, the procedure provided in G. S. 115-87 shall, insofar as the same may be applicable, be used to settle the disagreement.

The term "indebtedness," as used in this article, includes bonds, notes and State loans, including, in the case of the county debt service fund, indebtedness assumed by the county as well as indebtedness incurred by the county. Where the indebtedness for school purposes of any city, town, school district, school taxing district, township, city administrative unit or other political subdivision in a county (hereinafter referred to in this article as "local district") has not been assumed by the county, the county debt service fund shall provide for payment, apportioned on a per capita basis as provided in subsection (d) of G. S. 115-80, of principal and interest on indebtedness of local districts, as such principal and interest fall due, and for payment of moneys required to be paid into sinking funds of local districts.

(1955, c. 1372, art. 9, s. 1; 1957, c. 1220; 1959, c. 573, ss. 5, 6.)

Local Modification.—Jones: 1955, c. 564.

Editor's Note. — The 1957 amendment rewrote subdivision (1) of subsection (c).

The 1959 amendment added all of subdivision (1) of subsection (c) following the words "board of county commissioners" in the eighth line, and inserted "including

educational television" in line one of subsection (e).

As to former statute, see *Onslow County Board of Education v. Onslow County Board of Com'rs*, 240 N. C. 118, 81 S. E. (2d) 256 (1954).

In making provision from State funds, the State Board of Education shall effect all economies possible in providing for all objects and items of expenditure except items of salary, and after such economies in all nonsalary items, the Board shall have authority to increase or decrease on a uniform percentage basis, the salary schedule of all personnel employed in order that the appropriation of State funds for the public schools may insure their operation for the full length of the term. (1955, c. 1372, art. 9, s. 2.)

As to former statute, see *Onslow County Board of Com'rs*, 240 N. C. 118, 81 S. E. Board of Education v. *Onslow County* (2d) 256 (1954).

§ 115-80. Rules for preparation of school budgets.—(a) County-Wide Current Expense Fund Budget.—County and city boards of education shall file with the appropriate tax levying authorities on or before the fifteenth day of June, on forms provided by the State Board of Education, all budgets requesting funds to operate the public schools, whether such funds are to be provided by the State or from local sources. There shall be no funds allotted for providing instruction to pupils for a term of more than one hundred eighty days either from State or local sources.

The county-wide current expense fund shall include all funds for current expenses levied by the board of county commissioners in any county to cover items for current expense purposes, and also all fines, forfeitures, penalties, poll and dog taxes, nontax funds, or any other funds, to be expended in the current expense budget and funds for vocational subjects, except those funds appropriated for such unit in the State budget.

In the preparation of the several school budgets, it shall be the first duty of county and city boards of education and the board of county commissioners to provide adequate funds for the items of expenditure included under maintenance of plant and the items under fixed charges not provided from State funds in or-

der to protect and preserve the investment of the administrative units in the school plants.

When funds accruing by law to the board of education are not sufficient to repair, maintain and insure properly the school plants of an administrative unit, it shall be the duty of the board of county commissioners in which such unit is located to supplement these funds by a tax levy and said board is so directed and authorized.

In the event that county and city boards of education can by economy in management properly maintain, for use at all times, the school plants for a less amount than is placed to the credit of the school fund by law, it shall be in the discretion of such board of education with the approval of the board of county commissioners to use such excess to supplement any item of expenditure in its current expense fund.

When necessity is shown by county or city boards of education, or peculiar local conditions demand, for adding or supplementing items of expenditure not in the current expense fund provided by the State, the board of county commissioners may approve or disapprove, in part or in whole, any such proposed and requested expenditure. For those items it approves, it shall make a sufficient tax levy to provide the funds: Provided, that nothing in this chapter shall prevent the use of federal or privately donated funds which may be made available for the operation of the public schools under such regulations as the State Board of Education may prescribe.

(b) Supplemental Tax Budget.—In cases where administrative units or districts have voted, or may hereafter vote, a tax in order to operate schools of a higher standard than that provided by State support, county and city boards of education, at the same time the other budgets are filed, shall file a supplemental budget therefor and request that a sufficient levy be made by the tax levying authorities, not in excess of the rate voted by the people in such unit or district. The tax levying authorities may approve or disapprove this supplemental budget in whole or in part, and shall levy such taxes as necessary to provide for the approved budget for supplemental purposes, not exceeding the amount of the tax levy authorized by the vote of the people. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the tax levying authorities, except where such levy is voted in a district, in which case the written consent of the chairman of the district committee shall also be obtained before any of said proceeds are expended: Provided, that the tax levying authorities may fix a charge against any administrative unit or district for collection of such levies not exceeding one per cent (1%) thereof.

(c) Capital Outlay Budget.—In the same manner and at the same time each county and city administrative unit may file with the board of county commissioners a capital outlay budget, subject to the approval of the said board.

(d) Debt Service Budget.—In the same manner and at the same time the county board of education shall file a budget for the school debt service fund of the county, and a budget for the debt service fund of each local district, the indebtedness of which has not been assumed by the county and when the payment of the principal and interest of such indebtedness is required to be provided for by taxes levied by the board of county commissioners. In like manner and at the same time the board of education of each city administrative unit, when such unit has outstanding indebtedness and the payment of principal and interest of such indebtedness is required to be provided for by taxes levied by a board or body other than the board of county commissioners, shall file a budget for the debt service fund of such unit. The budget for the debt service fund of the county shall include (i) the principal and interest on indebtedness of the county and assumed by the county falling due in the fiscal year for which the budget is prepared, (ii) the installment payable in such fiscal year to a sinking fund for county indebtedness and (iii) a per capita apportionment to each local district based upon

(i) and (ii) above, exclusive of installments payable to a sinking fund for the retirement of funding and refunding bonds or notes and the interest on the same, and computed with the last enrollment of the county unit and of such local district certified to the county accountant or county auditor by the State Board of Education: Provided, the inclusion of such per capita apportionment shall not supersede an apportionment provided for in any public-local or private law pursuant to which the bonds of such local district were issued: Provided, further, such per capita apportionment shall not exceed the amount of principal and interest of the indebtedness of the local district falling due in the fiscal year for which the budget is prepared and the installment payable in such fiscal year to a sinking fund for the retirement of bonds of such local district. The budget of each local district shall include the principal and interest on the indebtedness of such local district falling due in the fiscal year for which the budget is prepared and the installment payable in such fiscal year to a sinking fund for the retirement of indebtedness of such local district.

The county accountant shall examine the county debt service budget and the debt service budget of each local district, shall determine their accuracy and make his recommendation to the tax levying authorities. Accordingly, such tax levying authorities shall levy the taxes necessary and sufficient to pay all items contained in each such budget. (1955, c. 1372, art. 9, s. 3.)

Premiums for insurance of its public school buildings is a necessary public expense of a county, and the incurring of liability therefor need not be submitted to the voters. *Fuller v. Lockhart*, 209 N. C. 61, 182 S. E. 733 (1935).

§ 115-80.1. Establishment of capital reserve fund; appropriations; depository.—(a) A capital outlay budget of any school administration unit within the county may contain an amount to be appropriated for payment into a special fund which shall be designated “..... County School Capital Reserve Fund”, hereinafter referred to as “the reserve fund”. Such amount, together with similar amounts which may be contained in subsequent capital outlay budgets of any such school administrative unit, shall be for the purpose of anticipating future needs for school capital outlay and for financing all or a part of the cost thereof: Provided, withdrawals from the reserve fund, as hereinafter provided, for the cost of needs in a particular school administrative unit shall be limited to the amount or the aggregate amounts contained in the approved capital outlay budget or budgets of the particular unit, together with a proportionate share of the net earnings from investment of the reserve fund.

(b) Upon approval of a capital outlay budget by the board of county commissioners, which budget contains such amounts so appropriated, the reserve fund shall be deemed to have been duly established. The reserve fund shall be maintained as a separate account from all other funds, and payments thereto or deposits therein shall be in such bank or trust company as the board of county commissioners may designate as depository thereof. The board shall promptly designate such depository upon establishment of the reserve fund, and all such deposits shall be secured as provided by G. S. 159-28 of the Local Government Act. (1959, c. 524.)

§ 115-80.2. Withdrawals from the reserve fund. — Each withdrawal from the reserve fund shall be authorized by order passed by the board of county commissioners and upon petition therefor as hereinafter provided. The board of education of any school administrative unit in the county may petition for a withdrawal, which petition shall be by resolution duly adopted by said board of education, and a certified copy of such resolution shall be transmitted to the board of county commissioners. The resolution shall set forth:

- (1) A request to the board of county commissioners for the withdrawal;
- (2) The amount of such withdrawal;
- (3) A brief description of the needs and the name or location of the school or schools where such needs exist;

- (4) A statement that the withdrawal is for the purpose of financing the cost of such needs either together with other funds available for the same, specifying their amounts and source, or that there are no other funds available therefor, as the case may be; and
- (5) A declaration that the fulfillment of such needs is necessary for the maintenance of the public school term as required by the Constitution and laws of North Carolina.

Upon receipt of the petition by the board of county commissioners, said board of commissioners may, in its discretion, pass an order authorizing the withdrawal either in conformity with the petition or with modification thereof or may decline to pass such order: Provided, said board of county commissioners shall not pass an order authorizing withdrawal of an amount in excess of the amount set forth in the petition or in excess of the amount in the reserve fund to the credit of the administrative unit requesting withdrawal. Each withdrawal so authorized shall be by check drawn on the depository for an amount equal to the amount so authorized, which check shall be signed by the chairman of the board of county commissioners and by the county accountant and shall be deposited for disbursement in the same manner as other school capital outlay funds are disbursed. (1959, c. 524.)

§ 115-80.3. Investment of moneys in reserve fund. — Pending their use for the purposes hereinbefore authorized, all or part of the moneys in the capital reserve fund may be invested in either bonds, notes, bills, or certificates of indebtedness of the United States of America; or in bonds or notes of any agency or instrumentality of the United States of America the payment of principal and interest of which is guaranteed by the United States of America; or in bonds or notes of the State of North Carolina; or in bonds of any county, city or town of North Carolina which have been approved by the local government commission for the purpose of such investment; or in shares of any building and loan association organized and licensed under the laws of this State, or in shares of any federal savings and loan association organized under the laws of the United States with its principal office in this State, to the extent that such investment is insured by the federal government or any agency thereof. The proceeds of the sale or realization of such investments and any interest received from such investments shall accrue to the capital reserve fund. (1959, c. 524.)

§ 115-80.4. Unlawful expenditure or withdrawal of reserve fund. — It shall be unlawful to withdraw or expend, or to cause to be withdrawn or expended, all or any part of the capital reserve fund except as authorized by this article. (1959, c. 524.)

§ 115-80.5. Accounting for reserve fund. — The county accountant shall keep accurate accounts of all receipts, disbursements and assets of the reserve fund and, at the close of each fiscal year and at such other times as the board of county commissioners may request, prepare and submit to said board a statement of receipts and disbursements and of the assets of the reserve fund. He shall annually, and within thirty days after the close of each fiscal year, furnish such statement to the board of education of each school administrative unit in the county. (1959, c. 524.)

§ 115-81. Tax levying authorities must report action on budgets. — The tax levying authorities shall report to the administrative units filing budgets for local funds the action on said budgets on or before the tenth day of July of each year. (1955, c. 1372, art. 9, s. 4.)

§ 115-82. Copies of budgets to be filed with State Board of Education. — Copies of all budgets must be filed with the State Board of Education. Copies of all school budgets for the current expense fund, the capital outlay fund

and the debt service fund, after approval by local authorities as provided by this article, shall be filed with the State Board of Education. (1955, c. 1372, art. 9, s. 5.)

§ 115-83. Operating budget.—It shall be the duty of the county and city boards of education, upon the receipt of the tentative allotment of State funds for operating the schools and the approval of all local funds budgets, including supplements to State funds for operating schools of a higher standard, funds for capital outlay and funds for debt service, to prepare an operating budget on forms provided by the State and file same with the State Superintendent of Public Instruction and the State Board of Education on or before the first day of October. Each operating budget shall be checked by the appropriate State school officials to ascertain if it is in accordance with the allotment of State funds and the approval of local funds; and when found to be in accordance with same, such budget shall be the total operating budget for said county or city administrative unit. (1955, c. 1372, art. 9, s. 6.)

§ 115-84. Provision for disbursement of State funds.—The deposit of State funds in the State treasury to the credit of the county and city administrative units shall be made in monthly installments, at such time and in such a manner as may be practicable to meet the needs and necessities of the nine months school term in the various county and city administrative units: Provided, that prior to the crediting of any monthly installments, it shall be the duty of the county or city board of education to file with the controller of the State Board of Education a certified statement of all expenditures and of all salaries and other obligations that may be due and payable in the succeeding month, said statement to be filed on or before the first day of each month.

When it shall appear to the controller from said certified statement that any amounts are due and necessary to be paid, he shall draw a requisition on the Budget Bureau covering the same; and upon the receipt of notice from the State Treasurer showing the amount placed to their credit, the duly constituted authorities may issue State warrants in the amount so certified: Provided, that no funds shall be released for payment of salaries for administrative officers of county or city units if any reports required to be filed with the State school authorities are more than thirty days overdue. (1955, c. 1372, art. 9, s. 7.)

§ 115-85. Fidelity bonds. — The State Board of Education shall, in its discretion, determine what State and local employees shall be required to give bonds for the protection of State school funds and for the faithful discharge of their duties as to such funds; and, in cases in which bonds are required, the State Board of Education is authorized to place the same and pay the premiums thereon.

Boards of education in each county and city administrative unit shall cause all persons authorized to draw or approve school checks or vouchers drawn on school funds, whether county, district, or special, and all persons who, as employees of such administrative units, are authorized or permitted to receive any school funds from whatever source, and all persons responsible for, or authorized to handle school property, to be bonded for the faithful discharge of their duties as to such school funds in such an amount as in the discretion of said county and city boards of education shall be deemed sufficient for the protection of said school funds or property with surety by some surety company authorized to do business in the State of North Carolina. The amount deemed necessary to cover the cost of such surety bond shall be included as an item in the current expense funds of the school budget of each school administrative unit and shall be paid from the funds provided therein; but nothing in this section shall prevent the governing authorities of the respective administrative units from prorating the cost of

such bond between the funds protected. (1955, c. 1372, art. 9, s. 8; 1959, c. 573, s. 7.)

Editor's Note. — The 1959 amendment inserted "an amount" in lieu of "a man- ner" in the seventh line of the second paragraph.

§ 115-86. Apportionment of local funds among administrative units.—All county-wide current expense funds shall be apportioned to the administrative units of a county on a per capita enrollment basis which shall be determined by the State Board of Education and certified to each administrative unit, except that county-wide current expense funds for the operation of an industrial education center shall be allocated to the administrative unit operating such center on the basis of a budget approved by the board of county commissioners for such center.

County-wide capital outlay funds for the cost of new school sites, or addition to present school sites, new school buildings, new additional construction at existing buildings and equipment for such new buildings and for new additional construction shall be apportioned to the administrative units of a county on the basis of budgets approved by the board of county commissioners for each administrative unit and for the amounts and purposes approved by said board of commissioners. All other capital outlay school funds shall be apportioned to the administrative units of a county on the same per capita enrollment basis used for apportionment of current expense funds.

Upon the basis of a budget approval and upon receiving the certificate of per capita enrollment, the county auditor or accountant shall determine the proportion of all county-wide tax and nontax revenue and other funds accruing to the current expense, and capital outlay funds, which is apportionable to the county and city administrative units within a county. The proportion thereof allocable to each administrative unit in said county shall be set up to the credit of such administrative unit by the county auditor or accountant.

On the basis of such apportionment, it shall be the duty of the county treasurer, or other county official performing such duties, to remit all of such funds for current expense and capital outlay as they are collected promptly at the end of each month to each administrative unit within the county.

In the event that a greater amount is collected and paid to any administrative unit than is authorized to be spent in its approved budget for current expense, and capital outlay funds, the same shall remain an unencumbered balance to be credited to those funds in the following fiscal year, and shall not be spent, committed, or obligated, unless a supplemental budget is first approved by the board of education and the board of county commissioners.

Collections of all taxes and other revenues accruing to a debt service fund shall be deposited promptly to the credit of such fund in the manner provided by law. Apportionments to local districts contained in the budget for the county debt service fund shall be paid and credited to the debt service funds of the local districts in such manner as may be practicable so as to provide for prompt payment of items of principal and interest therein, as the same fall due.

Funds derived from payments on insurance losses shall be used in the repair or replacement of buildings damaged or destroyed or, in the event the buildings are not replaced, shall be used to reduce the school indebtedness of the county or of the local district to which said payment has been made, or for other capital outlay purposes within said county or local district. (1955, c. 1372, art. 9, s. 9; 1959, c. 915, s. 3.)

Editor's Note. — The 1959 amendment added the exception clause at the end of the first paragraph.

Apportionment of County-Wide Taxes.—The principle upon which county-wide taxes were apportioned under the earlier

law was fundamentally just and was preserved in the School Machinery Act of 1939. *Board of School Trustees v. Benner*, 222 N. C. 566, 24 S. E. (2d) 259 (1943).

§ 115-87. Procedure in cases of disagreement or refusal of tax levying authorities to levy taxes.—In the event of a disagreement between the county or city boards of education and the tax levying authorities as to the amount of the current expense fund, the capital outlay fund, and the debt service fund, or any item of either fund, the chairman of the county or city board of education and the presiding officer of the tax levying authorities shall arrange for a joint meeting of said boards within one week of the disagreement. At such joint meeting, the budget or budgets over which there is disagreement shall be gone over carefully and judiciously item by item. If agreement cannot be reached in this manner, the board of education whose budget is in question and the tax levying authorities shall each have one vote on the question of the adoption of these amounts in the budget. A majority of the members of each board shall cast the vote for each board.

In the event of a tie, the clerk of the superior court shall act as arbitrator upon the issues arising between such boards and he shall render his decision thereon within five days, but either the board of education or the tax levying authorities shall have the right to appeal to the superior court within ten days from the date of the decision of the clerk of the superior court, and it shall be the duty of the judge hearing the case on appeal to find the facts as to the amount of the current expense fund, the capital outlay fund, and the debt service fund, which findings shall be conclusive and he shall give judgment requiring the tax levying authorities to levy the tax which will provide the amount of the current expense fund, the capital outlay fund, and the debt service fund, which he finds necessary to maintain the schools in the administrative unit. In case of an appeal to the Supreme Court which would result in a delay beyond a reasonable limit for levying the taxes for the year, the judge shall order the tax levying authorities to levy for the ensuing year a rate sufficient to pay the debt service fund, and to produce, together with what may be received from the nine months' school fund and from other sources, an amount for the current expense fund and the prorated part of capital outlay fund equal to the amount of these funds for the previous year. Also, in case of an appeal, all papers and records relating to the case shall be considered a part of the record for consideration by the court.

The tax levying authorities shall forthwith levy the taxes according to the judgment rendered and upon refusal to do so, the members of said authority shall be in contempt and may be punished accordingly. (1955, c. 1372, art. 9, s. 10.)

Local Modification.—Madison: 1957, c. 627.

Meeting Must Be Held. — Where the commissioners have refused to levy a tax to provide an additional salary for the county superintendent and the meeting called for by statute has not been held nor the clerk called upon to arbitrate the matter it is erroneous to grant a writ of mandamus to the superintendent to compel the commissioners to levy the tax. *Rollins v. Rogers*, 204 N. C. 308, 168 S. E. 206 (1933).

Appeal to Court—Trial by Jury Not Required.—The statute providing the procedure in cases of disagreement between a board of education and the board of

county commissioners as to the budget confers upon the courts duties of a judicial nature, not requiring a trial by jury to determine the disputed matter upon an issue of fact, and the provisions of this section are not void as being repugnant to Art. I, § 19 of the State Constitution. *Board v. Board*, 174 N. C. 469, 93 S. E. 1001 (1917); *Board v. Board*, 182 N. C. 571, 109 S. E. 630 (1921); *In re Board of Education*, 187 N. C. 710, 122 S. E. 766 (1924).

Applied, former statute, in *Onslow County Board of Education v. Onslow County Board of Com'rs*, 240 N. C. 118, 81 S. E. (2d) 256 (1954).

§ 115-88. Jury trial as to amount needed to maintain schools.—The tax levying authorities or boards of education shall have the right to have the issues tried by a jury, as to the amount of the current expense fund and the capital outlay fund, which jury trial shall be set at the first succeeding term of the

superior court, and shall have precedence over all other business of the court. Provided, that if the judge holding the court shall certify to the Chief Justice of the Supreme Court, either before or during such term, that on account of the accumulation of other business, the public interest will be best served by not trying such action at said term, the Chief Justice shall immediately call a special term of the superior court for said county, to convene as early as possible, and assign a judge of the superior court or an emergency judge to hold the same, and the said action shall be tried at such term. There shall be submitted to the jury for its determination the issue as to what amount is needed to maintain the schools, and they shall take into consideration the amount needed and the amount available from all sources as provided by law. The final judgment rendered in such action shall be conclusive, and the tax levying authorities shall forthwith levy taxes in accordance with such judgment; otherwise those who refuse so to do shall be in contempt, and may be punishable accordingly: Provided, that in case of a mistrial or an appeal to the Supreme Court which would result in a delay beyond a reasonable limit for levying the taxes for the year, the judge shall order the tax levying authorities to levy for the ensuing year a rate sufficient to pay the debt service fund, and to produce, together with what may be received from the State public school fund and from other sources, an amount for the current expense fund equal to the amount of this fund for the previous year. (1955, c. 1372, art. 9, s. 11.)

Applied, former statute, in *Onslow County Board of Com'rs, 240 N. C. 118, County Board of Education v. Onslow* 81 S. E. (2d) 256 (1954).

§ 115-89. Operation of county and city school budget.—(a) Duty of County and City Boards of Education.—It shall be the duty of the county and city boards of education to pay all obligations incurred in the operation of the public schools promptly and when due, and to this end said boards of education shall inform the tax levying authorities from month to month of any anticipated expenditures which will exceed the current collection of taxes and such balance as may be on hand, if any, for the payment of said obligations in order that the tax levying authorities may make provisions for the funds to be available: Provided, that if a county or city board of education shall wilfully create a debt that shall in any way cause the expense of the year to exceed the amount authorized in the budget, without the approval of the tax levying authorities, the indebtedness shall not be a valid obligation of the administrative unit and the members of the board responsible for making the debt may be held liable for the same.

(b) Duty of Tax Levying Authorities.—It shall be the duty of the tax levying authorities to provide, when and as needed, the funds to meet the monthly expenditures, including salaries and other necessary operating expenses, as set forth in a statement prepared by the county or city boards of education and which expenditures are in accordance with the approved budget. If the collection of taxes does not yield sufficient revenue for this purpose, it shall be the duty of the tax levying authorities to borrow against the amount approved in the budget and to issue short term notes for the amount so borrowed in accordance with the provisions of "The County Finance Act" and "The Local Government Act". The interest on all such notes shall be provided by the tax levying authorities in addition to the amount approved in the budget, unless this item is specifically taken care of in the budget. (1955, c. 1372, art. 9, s. 12.)

§ 115-90. How school funds are paid out.—The school funds shall be paid out as follows:

- (1) State School Funds.—All State school funds shall be released only on warrants drawn on the State Treasurer, signed by the chairman and the secretary of the county board of education for county administrative units, and by the chairman and the secretary of the city board of education for city administrative units.

- (2) County, City, and District School Funds. — All county, city, and district school funds, from whatever source provided, shall be paid out only on warrants signed by the chairman and the secretary of the county board of education for county units and the chairman and the secretary of the city board of education for city administrative units. In county administrative units such warrants shall be countersigned by such officer as the county government laws may require and in city administrative units such warrants shall be countersigned by the treasurer of the administrative unit: Provided, the countersigning officer shall countersign warrants drawn as herein specified when such warrants are within the funds set up to the credit of, and are within the budget amounts appropriated for the particular administrative unit, and further, when each warrant is accompanied by an invoice, statement, voucher or other basic document which, upon examination by the countersigning officer, satisfies such countersigning officer that issuance of such warrant is proper: Provided, further, that in county units before the chairman and secretary of the board of education shall draw a voucher on funds belonging to a local tax district, they shall have an order signed by the chairman of the committee of such district authorizing the expenditure of such funds.
- (3) When Signatures of Chairman and Secretary May Be Affixed by Machine.—The signature of the chairman and the secretary of county and city boards of education required by this section on school warrants may be affixed to such warrants by signature machines. When such machines are used on warrants drawn on the State Treasurer, the same may be used only in accordance with such rules and regulations as may be prescribed by the State Board of Education with the approval of the State Treasurer. The use of such signature machines shall not be employed in any county or city administrative unit until the governing board thereof has adopted a resolution authorizing the use of same and accepting the full responsibility for any nonauthorized or improper use of such machines. In all cases where such signature machines are used, the secretary to the county board of education and the surety on his bond, or the secretary to the city board of education and the surety on his bond, shall be liable for any illegal, improper, or unauthorized use of such machines.
- (4) Special Funds of Individual Schools.—County and city boards of education shall, unless otherwise provided for by law, designate the bank, depository, or trust company authorized to do business in North Carolina, in which all special funds of each individual school shall be deposited. Such funds shall be paid out only on checks signed by the principal of the school and the treasurer who has been selected by the respective boards of education: Provided, that the schools handling less than three hundred dollars (\$300.00) in any school year may not be required, in the discretion of the boards of the respective units, to follow this procedure for depositing and disbursing funds.
- In all schools a complete record shall be kept by the treasurer and reports made of all the money received and disbursed by him in handling funds of the school: Provided, that nothing in this section shall prevent the depositing of all these special funds with the treasurer of the county or city administrative units and the disbursing of said funds upon the signatures of the chairman and secretary of the respective boards of education.
- (5) Records and Reports.—The State Superintendent of Public Instruction and the State Board of Education shall have full power and authority to make rules and regulations prescribing the manner in which rec-

ords shall be kept by all county and city administrative units as to the expenditure of the current expense funds, the capital outlay funds and the debt service funds derived from local sources, and for making reports thereof to the State Superintendent of Public Instruction. (1955, c. 1372, art. 9, s. 13; 1959, c. 573, s. 8.)

Local Modification. — Moore: 1959, c. 573, s. 8, added all of the first proviso following the 1955, c. 419, s. 2; Rowan, as to subdivision (2): words "administrative unit" in subdivision (2).

ARTICLE 10.

The Treasurer: His Powers, Duties and Responsibilities in Disbursing School Funds.

§ 115-91. **Treasurer of school funds.**—(a) County School Administrative Unit.—The county treasurer of each county shall be the treasurer of all county school funds and school district funds of the county school administrative unit. He shall receive and disburse all such school funds and shall keep such funds separate and distinct from all other funds.

Before entering upon the duties of his office, the county treasurer shall furnish bond in some surety company authorized to do business in North Carolina in an amount to be fixed by the board of county commissioners, which bond shall be a separate bond, not including liability for other funds, and shall be conditioned for the faithful performance of his duties as treasurer of the county school funds and district school funds of the county administrative unit, and for the payment to his successor in office of any unexpended balance of school moneys which may be in his hands. The board of county commissioners may from time to time, if necessary, require the county treasurer to increase the amount of his bond or furnish additional security.

In all counties in which the office of county treasurer has been abolished as authorized by G. S. 155-3, or when by any other law a bank or trust company has been substituted therefor such bank or trust company shall act as treasurer and depository of all county school funds and district school funds: Provided, however, that such bank or trust company acting as treasurer of county school funds and district school funds shall not be required to maintain the system of bookkeeping and accounting imposed upon the county treasurer by G. S. 155-7, but the duty and responsibility of keeping and maintaining the accounting system as to county and district schools shall be the duty and responsibility of the county accountant or county auditor serving as such under the provisions of G. S. 153-115; provided, further, that nothing contained in this section shall relieve the superintendent of any county administrative unit from maintaining such accounting system and furnishing such reports as are now or may hereinafter be imposed upon him by law.

(b) City School Administrative Unit.—Unless otherwise provided by law, the board of education of a city administrative unit shall appoint a treasurer of all the school funds of such unit. The treasurer so appointed shall continue to fill such position at the will of the board of education of such unit. No person authorized to make the expenditures or draw vouchers therefor, or to approve the same, shall act as treasurer of such funds.

Before entering upon the duties of his office, the treasurer of a city administrative unit shall file with the board of education a good and sufficient bond with surety by some surety company authorized to do business in North Carolina in an amount to be fixed by the board of education of such administrative unit, which shall be a separate bond, not including liability for any other funds, and shall be conditioned for the faithful performance of the duties of treasurer of the city administrative unit school funds and for the proper accounting for all such funds

as may come into his possession by virtue of his office as treasurer and for payment to his successor in office of any unexpended balance of school moneys which may be in his hands. The board of education may from time to time, if necessary, require him to increase the amount of his bond, or furnish additional security.

The treasurer of city administrative unit school funds is hereby required to maintain and keep, with respect to said funds, like records and accounts and make such reports with respect to said funds as herein provided to be made, kept, and maintained by the treasurer of county and district school funds of county administrative units.

(c) **Special Funds of Individual Schools.**—The county board of education of all county administrative units and the board of education of all city administrative units shall, by proper resolution duly recorded, appoint a treasurer of all special school funds for each school in the respective administrative unit. In all individual schools, a complete record shall be kept by the treasurer so appointed and reports made of all money received and from what source and of all money disbursed and for what purpose: **Provided, however,** that nothing in this subsection (c) shall prevent the handling of these special school funds under subsection (a) or subsection (b) of this section. The treasurer of all special funds and the principal of each school shall make a monthly report and such other reports as may be required to the superintendent of the administrative unit wherein such individual school is located, showing the status of each special school fund, upon forms to be supplied for that purpose. (1955, c. 1372, art. 10, s. 1; 1957, c. 365.)

Local Modification. — Guilford: 1955, c. 671.

Editor's Note. — The 1957 amendment changed the second paragraph of subsection (b) by deleting from the second sentence the words "The amount of the bond shall not be less than one-half the total amount of money received by him or his predecessor during the previous year, and."

Legislature May Change Custodian of

Fund.—Ordinarily the county treasurer is the proper custodian of all sinking fund securities, including school sinking funds and securities held for the retirement of term bonds where the county has assumed the payment of such bonds, but the General Assembly may designate or change the custodian of sinking fund securities. *Johnson v. Marrow*, 228 N. C. 58, 44 S. E. (2d) 468 (1947).

§ 115-92. **Action against treasurer to recover funds.**—If it shall appear that any part of the public school funds received by the county treasurer, or person or depository acting as treasurer, or the treasurer of a city administrative unit, has not been properly applied to the credit of the county or city board of education, as the case may be, such board or boards of education shall bring action on the bond of such official or depository to recover such part of the funds as has not been so applied to such board or boards of education. In the event such board does not bring appropriate action against the treasurer, or person or depository acting as treasurer, the tax levying authorities shall bring action in the name of the State for any breach of the bond of the treasurer of any school funds for any failure to account properly for the funds received by him. If the tax levying authorities shall fail to bring such action, it may be brought in the name of the State upon the relation of any taxpayer. (1955, c. 1372, art. 10, s. 2.)

§ 115-93. **Annual reports of treasurer.**—The treasurer of every county and city board of education shall report to the State Superintendent of Public Instruction on the first Monday of August of each year the entire amount of money received and disbursed by him during the preceding fiscal year. Such reports shall be made on blanks furnished by the State Superintendent and all information called for on such blanks shall be furnished in detail and by item as may be requested on said report.

On the same date that the treasurer reports to the State Superintendent, he

shall file a duplicate of such report in the office of the county or city board of education, as the case may be. Likewise, the treasurer of every county or city school fund shall make such other reports as the board of education may from time to time require.

The treasurer of every school fund shall, when required by the county or city board of education, produce his books and vouchers for examination and shall also exhibit all moneys due the public school fund. (1955, c. 1372, art. 10, s. 3.)

§ 115-94. Duties of treasurer on expiration of his term.—Each treasurer of public school funds, in going out of office, shall deposit in the office of the board of education of the administrative unit of which he is treasurer his books in which are kept his school accounts and all records and blanks pertaining to his office. He shall at the time he goes out of office, file with the board of education and with his successor, a report, itemized as required by law, covering the receipts and disbursements for that part of the fiscal school year from the thirtieth of June preceding to the time at which he turns over his office to his successor, and his successor shall include in his report to the State Superintendent of Public Instruction and to the superintendent of the administrative unit the receipts and disbursements for the current fiscal year as a whole. (1955, c. 1372, art. 10, s. 4.)

§ 115-95. Penalty for failure to report and to perform other duties.—If any treasurer of the county or city administrative unit school fund shall fail to make reports required of him at the time and in the manner prescribed, or fail to perform any other duties required of him by law, he shall be guilty of a misdemeanor and be fined or imprisoned in the discretion of the court. (1955, c. 1372, art. 10, s. 5.)

§ 115-96. Speculating in teachers' salary vouchers. — If any clerk, sheriff, register of deeds, county treasurer or other county, city, town or State officer shall engage in the purchasing of the salary voucher of any of the school personnel at a less price than its full and true value or at any rate of discount thereon, or be interested in any speculation thereon, he shall be guilty of a misdemeanor and upon conviction shall be fined or imprisoned and shall be liable to removal from office at the discretion of the court. (1955, c. 1372, art. 10, s. 6.)

§ 115-97. Audit of school funds.—(a) Generally.—All school funds shall be audited and reports made for each fiscal year.

(b) State School Funds.—The State Board of Education, in cooperation with the State Auditor, shall cause to be made an annual audit of the State school funds disbursed by county and city administrative units and such additional audits as may be deemed necessary.

(c) County and City Administrative Units and District School Funds.—County and city boards of education shall cause to be made an annual audit of all county, city, and district school funds including the records and accounts of the boards of education and those of their respective treasurers, and the school boards shall provide for the payment of the cost thereof in the school budgets of the respective administrative units.

The auditor's report shall show:

- (1) Sources of revenue and purposes for which expenditures were made;
- (2) Comparison of approved school budget with the actual transactions;
- (3) Statement of outstanding indebtedness, including county school bonds, amounts due the county or city board of education, and all unpaid accounts;
- (4) Appraisal of all school property; and
- (5) Such other items as may be prescribed by the county or city boards of education and the Local Government Commission and which will aid in making a complete audit.

The annual audits shall be completed as near to the close of the year as practicable and copies of said audit shall be filed with the chairman of the board of education, the superintendent of schools, the county auditor, the State Board of Education, the director of the Local Government Commission and the State Superintendent of Public Instruction not later than October the first after the close of the fiscal year on June the thirtieth. By October the first after the close of the fiscal year, a summary statement of the report on the audit shall be published in some newspaper published in the county, or posted at the courthouse door if no newspaper is published in such county.

(d) Special Funds of Individual Schools.—County and city boards of education shall cause to be made, at the same time the audit of the county or city funds is made, an audit of the special school funds of each school in the respective administrative units. Such annual audits shall be completed as near the close of the year as practicable and copies of each audit shall be filed with the chairman of the board of education and the superintendent of schools of the administrative unit in which the school is located and the State Board of Education not later than October the first after the close of the fiscal year on June the thirtieth.

(e) Payment of Audit Cost.—County and city boards of education shall include in the school budgets of the respective administrative units funds for the payment of the costs of the audits of county, city, district, and special funds of individual schools as required under subsections (c) and (d) of this section: Provided, that nothing in this section shall prevent the respective boards from prorating the cost of auditing of special funds to the special funds of each school. (1955, c. 1372, art. 10, s. 7.)

§ 115-98. Fines, forfeitures and penalties. — It shall be the duty of every public officer, including clerks of the several courts and all justices of the peace, as well as all others in any way related or connected with the assessing, collecting and handling of any of those funds mentioned in the Constitution, article IX, section 5, which shall belong to and remain in the several counties and which shall be faithfully appropriated for establishing and maintaining the free public schools:

- (3) To enter immediately upon the docket or record book all of said funds which are assessed, and which shall not be remitted except for good and sufficient reasons, which reasons shall be stated on the docket and at all times be open to public inspection.
- (4) Any officer, including justices of the peace, violating any of the provisions of this section, shall be guilty of a misdemeanor and upon conviction shall be punished by fine or imprisonment at the discretion of the court. (1955, c. 1372, art. 10, s. 8.)

Local Modification. — Brunswick, as to former statute: 1955, c. 336.

§ 115-99. Unclaimed fees of jurors and witnesses paid to school fund.—All moneys due jurors and witnesses which remain unclaimed in the hands of any clerk of the superior court or of the clerk of any inferior court for more than one year shall be paid over to the county treasurer by the clerk of said court, on the first day of January, of each year, for the use of the public schools. All such moneys shall be used as other public school revenue. (1955, c. 1372, art. 10, s. 9.)

§ 115-100. **Miscellaneous funds.**—It shall be the duty of the county superintendent of schools at least once a year and as directed by the county board of education to examine the records of the county to see that the proceeds from the poll taxes and the dog taxes where applicable are correctly accounted for to the school fund each year; he shall likewise examine the records of the several courts of the county, including justices of the peace, and their reports filed with the clerk of the superior court, to see that all fines, forfeitures, and penalties, and any other special funds accruing to the county school fund are correctly and promptly accounted for to the school fund; and if the superintendent shall find that any such taxes or fines are not correctly and promptly accounted for to the school fund, it shall be the duty of the superintendent to make a prompt report thereof to the solicitor of the superior court in the district.

It shall be unlawful for any of the proceeds of fines, forfeitures, penalties and other funds accruing to the public school fund to be used for other than school purposes, and the official responsible for any diversion of such funds to other purposes shall be guilty of a misdemeanor and, upon conviction, shall be punishable by fine or imprisonment, in the discretion of the court. The clear proceeds of such funds shall be accounted for by the officers collecting the same, and no deductions shall be made therefrom for fees or commissions. Any court officer, including justices of the peace, who shall wilfully fail or refuse to account for all such funds coming into the hands of such officer, shall upon conviction thereof, be guilty of a felony and punished as provided by law in cases of embezzlement. (1955, c. 1372, art. 10, s. 10.)

ARTICLE 11.

Loans from State Literary Fund.

§ 115-101. **Loans by State Board from State Literary Fund.**—The State Literary Fund includes all funds derived from the sources enumerated in section four, article IX, of the Constitution, and all funds that may be hereafter so derived, together with any interest that may accrue thereon. This fund shall be separate and distinct from other funds of the State.

The State Board of Education, under such rules and regulations as it may deem advisable, not inconsistent with the provisions of this article, may make loans from the State Literary Fund to the counties for the use of county and city boards of education under such rules and regulations as it may adopt and according to law for the purpose of aiding in the erection and equipment of school plants. No warrant for the expenditure of money for such purposes shall be issued except upon the order of the State Superintendent of Public Instruction with the approval of the State Board of Education. (1955, c. 1372, art. 11, s. 1.)

Cross Reference. — As to authority to sell notes evidencing loans from State Literary Fund, see § 135-7.1.

Editor's Note.—For act validating notes evidencing loans from Literary Fund, see Session Laws 1945, c. 404.

§ 115-102. **Terms of loans.**—Loans made under the provisions of this article shall be payable in ten installments, shall bear interest at a uniform rate determined by the State Board of Education not to exceed four per centum (4%), payable annually, and shall be evidenced by the note of the county, executed by the chairman, the clerk of the board of county commissioners, and the chairman and secretary of the county or city board of education, and deposited with the State Treasurer. The first installment of such loan, together with the interest on the whole amount then due, shall be paid by the county or city board on the tenth day of February after the tenth day of August subsequent to the making of such loan, and the remaining installments, together with the interest, shall be paid on the tenth day of February of each subsequent year until all shall have been paid. (1955, c. 1372, art. 11, s. 2.)

§ 115-103. **How secured and paid.** — At the January meeting of the board of education, before any installment shall be due on the next tenth day of February, the county or city board of education shall set apart out of the school funds an amount sufficient to pay such installment and interest to be due, and shall issue its order upon the treasurer of the county or city school fund therefor, who, prior to the tenth day of February, shall pay over to the State Treasurer the amount then due. Upon failure of any administrative unit to pay any installment of principal or interest, or any part of either, when due, the State Treasurer, upon demand of the State Board of Education, shall bring action against the county or city board of education and board of county commissioners to compel the levy and collection of sufficient taxes to pay said installment of principal and accrued interest. The State Board of Education may accept payment of any or all of said notes and the interest accrued thereon before maturity. (1955, c. 1372, art. 11, s. 3.)

§ 115-104. **Loans by county board to school districts.**—The county board of education, from any sum borrowed under the provisions of this article, may make loans only to districts that shall have levied a local tax sufficient to repay the installments and interest on said loan for the purpose of building school-houses in the district, and the amount so loaned to any district shall be payable in ten annual installments, with interest thereon at the same rate the county board of education is paying, payable annually. Any amount loaned under the provisions of this law shall be a lien upon the total local tax funds produced in the district. Whenever the local taxes may not be sufficient to pay the installments and the interest, the county board of education must supply the remainder out of the current expense fund, and shall make provision for the same when the county budget is made and presented to the commissioners.

All loans hereafter made to such districts shall be made upon the written petition of a majority of the committee of the district asking for the loan and authorizing the county board to deduct a sufficient amount from the local taxes to meet the indebtedness to the county board of education. Otherwise, the county board of education shall have no lien upon the local taxes for the repayment of this loan: Provided, this lien shall not lie against taxes collected or hereafter levied to pay interest and principal on bonds issued by or on behalf of the district. (1955, c. 1372, art. 11, s. 4.)

§ 115-105. **State Board of Education authorized to accept funding or refunding bonds of counties for loans; approval by Local Government Commission.**—In any case where a loan has heretofore been made from the State Literary Fund or from any special building fund of the State to a county and such county has heretofore or shall hereafter authorize the issuance of bonds for the purpose of funding or refunding interest on or the principal of all or a part of the notes evidencing such loan, the State Board of Education is hereby authorized to accept funding or refunding bonds or notes of such county in payment of interest on or the principal of the notes evidencing such loan: Provided, however, that the issuance of such funding or refunding bonds shall have been approved by the Local Government Commission. (1955, c. 1372, art. 11, s. 5.)

§ 115-106. **Issuance of bonds as part of general refunding plan.**—In any case where the funding or refunding of interest on or the principal of such notes shall constitute a part of a refunding plan or program of the county, and the terms of such funding or refunding shall be accepted by a sufficient number of the holders of the county's obligation to put same into effect, the State Board of Education may authorize the acceptance of such funding or refunding bonds or notes upon the same terms and conditions, both as to principal and interest, as have been agreed upon by a sufficient number of the other holders of the county's obligations to put same into effect. (1955, c. 1372, art. 11, s. 6.)

§ 115-107. Validating certain funding and refunding notes of counties.—The notes of any county held by the State Board of Education which were heretofore issued in exchange for and for the purpose of refunding and retiring notes evidencing loans made from the State Literary Fund pursuant to article twenty-four of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, or from special building funds pursuant to either chapter one hundred and forty-seven of the Public Laws of one thousand nine hundred and twenty-one, or article twenty-five of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, or chapter two hundred and one of the Public Laws of one thousand nine hundred and twenty-five, or chapter one hundred and ninety-nine of the Public Laws of one thousand nine hundred and twenty-seven, are hereby declared to be valid existing indebtedness of said county incurred by said county for the maintenance of six-months school term as required by the Constitution of North Carolina, notwithstanding any lack of authority for the issuance of said notes or error or omission or irregularity in the acts done or proceedings taken to provide for their issuance, and said notes held by the State Board of Education are hereby authorized to be refunded with bonds issued pursuant to the County Finance Act, being chapter eighty-one of the Public Laws of one thousand nine hundred and twenty-seven, as amended. (1955, c. 1372, art. 11, s. 7.)

§ 115-108. Special appropriation from fund. — The State Board of Education may annually set aside and use out of the funds accruing in interest to the State Literary Fund, a sum not exceeding seventeen thousand five hundred dollars (\$17,500.00) to be used for giving directions in the preparation of proper plans for the erection of school buildings in providing inspection of such buildings as may be erected in whole, or in part, with money borrowed from said fund, and such other purposes as said Board may determine to secure the erection of a better type of school building and better administration of said fund. (1955, c. 1372, art. 11, s. 8.)

§ 115-108.1. Loans not granted in accordance with G. S. 115-101.—The State Board of Education, under such rules and regulations as it may adopt, may make loans from the State Literary Fund to any county or city board of education, when the State Board of Education finds as a fact that it is not practicable for a loan to be granted in accordance with the provisions of G. S. 115-101, for the purpose of aiding in the erection and equipment of public school plants. Such a loan shall not constitute a credit obligation of the county. No warrant for the expenditure of money for a loan authorized under the provisions of this section shall be issued except upon the approval of the State Board of Education, and after a finding of fact by said Board that it is not practicable for a loan to be granted in accordance with the provisions of G. S. 115-101 and that a dire emergency exists in the administrative unit applying for such loan. Loans made under the provisions of this section shall be made in accordance with the terms specified in G. S. 115-102 and shall be evidenced by the note of the county or city board of education, executed by the chairman and the secretary of said board. The first installment of such loan, together with the interest then due, shall be paid by the county or city board of education on or before the tenth day of June in the fiscal year following the fiscal year in which the loan was made, and succeeding installments, together with accrued interest, shall be paid one each on or before the tenth day of June of each successive fiscal year until all amounts due on said loan shall have been paid. The provisions of G. S. 115-103 shall not apply to loans made pursuant to the provisions of this section. (1959, c. 227; c. 764, s. 2.)

§ 115-108.2. Pledge of nontax revenues to repayment of loans from State Literary Fund.—Any county or city board of education obtaining

a loan from the State Literary Fund under the provisions of G. S. 115-108.1 may, with the approval of the board of county commissioners, pledge to the repayment of such loan any available nontax revenues, including but not limited to, fines, penalties, and forfeitures. (1959, c. 764, s. 1.)

ARTICLE 12.

Assumption of School District Indebtedness by Counties.

§ 115-109. **Method of assumption; validation of proceedings.**—The county board of education, with the approval of the board of commissioners, and when the assumption of such indebtedness is approved at an election as herein-after provided, if such election is required by the Constitution, may include in the debt service fund in the school budget all outstanding indebtedness for school purposes of every city, town, school district, school taxing district, township, city administrative unit or other political subdivision in the county (hereinafter collectively called "local districts"), lawfully incurred in erecting and equipping school buildings necessary for the school term. The election on the question of assuming such indebtedness shall be called and held in accordance with the provisions of article 9 of chapter 153 of the General Statutes, known as "The County Finance Act", insofar as the same may be made applicable, and the returns of such election shall be canvassed and a statement of the result thereof prepared, filed and published as provided in the County Finance Act. No right of action or defense founded upon the invalidity of the election shall be asserted, nor shall the validity of the election be open to question in any court upon any ground whatever, except in an action or proceeding commenced within 30 days after the publication of such statement of result. When such indebtedness is taken over for payment by the county as a whole and the local districts are relieved of their annual payments, the county funds provided for such purpose shall be deducted from the debt service fund prior to the division of such fund among the schools of the county as provided in subsection (d) of § 115-80.

The assumption, as herein provided, by any county, at any time prior to the twenty-eighth day of February, one thousand nine hundred fifty-one, of the indebtedness of local districts for school purposes and all proceedings had in connection therewith are hereby in all respects ratified, approved, confirmed, and validated: Provided, that nothing herein shall prevent counties and local taxing districts from levying taxes to provide for the payment of their debt service requirements if they have not been otherwise provided for. (1955, c. 1372, art. 12, s. 1.)

Section Considered in Pari Materia with Special School Bond Act. — Where this section and a special school bond act (Session Laws 1957, ch. 1078), deal with the same general subject, to wit: Assumption by counties of school district indebtedness, these statutory provisions must be regarded as in pari materia. It is presumed (1) that the earlier general act was known to the legislature when it enacted the later special act, and (2) that the later statute was enacted in the light of and in reference to the former general statute on the same subject. *Strickland v. Franklin County*, 248 N. C. 668, 104 S. E. (2d) 852 (1958).

When a provision in a special school bond act which directs that the board of county commissioners "may pay" the bonds from county funds is considered in

pari materia with this section, which established a statewide policy with reference to assumption of school district indebtedness by counties, it must be treated as intended to fit into and be governed by the provisions of the earlier general statute. And when this provision is so considered in pari materia with the general statute, it may be given operative effect entirely within the purview of the general act and in complete harmony with the rest of the special act. Accordingly, the special act (Session Laws, 1957, ch. 1078) under which the bonds are to be issued is not unconstitutional or invalid per se nor is it unconstitutional or invalid under N. C. Const., art. 5, § 4, in respect to its application to the particular facts of the case. *Strickland v. Franklin County*, 248 N. C. 668, 104 S. E. (2d) 852 (1958).

§ 115-110. Taxes levied and collected for bonds assumed to be paid into school debt service fund of county; discharge of sinking fund custodian.—In any county where the bonds of a local district have been assumed under the provisions of this article, all taxes levied and collected for the purpose of paying the principal of and interest on said bonds, or for creating a sinking fund for the retirement of said bonds, shall be deposited in the school debt service fund of the county. The custodian of all moneys and other assets of a sinking fund created for the retirement of said bonds is hereby authorized to turn over such moneys and assets to the county treasurer, the county sinking fund commissioner or other county officer charged with the custodianship of sinking funds, and such custodian shall thereby, be discharged from further responsibility for administration of and accounting for such sinking fund. (1955, c. 1372, art. 12, s. 2.)

§ 115-111. Allocation to district bonds of taxes collected.—The collections of taxes levied for debt service on all taxable property of a county in which local district bonds have been assumed shall be proportionately allocated to each issue of such bonds. (1955, c. 1372, art. 12, s. 3.)

ARTICLE 13.

Refunding and Funding Bonds of School Districts.

§ 115-112. "School district" defined.—The term "school district," as used in this article shall be deemed to include any special school taxing district, local tax district, special charter district, city administrative unit or other political subdivision of a county by which or on behalf of which bonds have been issued for erecting and equipping school buildings, or for refunding the same, and such bonds are outstanding. (1955, c. 1372, art. 13, s. 1.)

§ 115-113. Continuance of district until bonds are paid.—Notwithstanding the provisions of any law which affect the continued existence of a school district or the levy of taxes therein for the payment of its bonds, such school district shall continue in existence with its boundaries unchanged from those established at the time of issuance of its bonds, unless such boundaries shall have been extended and thereby embrace additional territory subject to the levy of such taxes, until all of its outstanding bonds, together with the interest thereon, shall be paid. (1955, c. 1372, art. 13, s. 2.)

§ 115-114. Funding and refunding of bonds authorized; issuance and sale or exchange; tax levy for repayment.—The board of commissioners of the county in which any such school district is located is hereby authorized to issue bonds at one time or from time to time for the purpose of refunding or funding the principal or interest of any bonds of such school district then outstanding. Such refunding or funding bonds shall be issued in the name of the school district and they may be sold or delivered in exchange for or upon the extinguishment of the obligations or indebtedness refunded or funded. Except as otherwise provided in this article, such refunding and funding bonds shall be issued in accordance with the provisions of §§ 159-59 to 159-62 of the General Statutes and the Local Government Act, § 159-1 et seq. and acts amendatory thereof and supplemental thereto. The tax levying body or bodies authorized by law to levy taxes for the payment of the bonds, the principal or interest of which shall be refunded or funded, shall levy annually a special tax on all taxable property in such school district sufficient to pay the principal and interest of said refunding or funding bonds as the same become due. (1955, c. 1372, art. 13, s. 3.)

§ 115-115. Issuance of bonds by cities and towns; debt statement; tax levy for repayment.—In case the governing body of any city or town is

the body authorized by law to levy taxes for the payment of the bonds of such district, whether the territory embraced in such district lies wholly or partly within the corporate limits of such city or town, such governing body of such city or town is hereby authorized to issue bonds at the time or from time to time for the purpose of refunding or funding the principal or interest of any bonds then outstanding which were issued by or on behalf of such school district. Except as otherwise provided in this article, such refunding and funding bonds shall be issued in accordance with the provisions of the Municipal Finance Act, as amended, relating to the issuance of refunding and funding bonds under that act, and the provisions of the Local Government Act and acts amendatory thereof and supplemental thereto, except in the following respects:

- (1) The bonds shall be issued in the name and on behalf of the school district by the governing body of such city or town.
- (2) It shall not be necessary to include in the ordinance authorizing the bonds, or in the notice required to be published after the passage of the ordinance, any statement concerning the filing of a debt statement, and, as applied to said bonds, §§ 160-379 and 160-383 of the General Statutes (the Municipal Finance Act), as amended, shall be read and understood as if they contained no requirements in respect to such matters.
- (3) The governing body of such city or town shall annually levy and collect a tax ad valorem upon all the taxable property in such school district sufficient to pay the principal and interest of such refunding or funding bonds as the same become due. (1955, c. 1372, art. 13, s. 4.)

SUBCHAPTER V. SPECIAL LOCAL TAX ELECTIONS FOR SCHOOL PURPOSES.

ARTICLE 14.

School Areas Authorized to Vote Local Taxes.

§ 115-116. Purposes for which elections may be called.—(a) To Vote a Supplemental Tax.—Elections may be called to ascertain the will of the voters as to whether there shall be levied and collected a special tax in the several administrative units, districts, and other school areas, including districts formed from contiguous counties, to supplement the current expense funds from State and county allotments and hereby operate schools of a higher standard by supplementing any item of expenditure in the school budget. When supplementary funds are authorized by the carrying of such an election, such funds may be used to employ additional teachers, other than those allotted by the State, to teach any grades or subjects or for kindergarten instruction, and for making the contribution to the Teachers' and State Employees' Retirement System of North Carolina for such teachers, or for any object of expenditure: Provided that elections may be called to ascertain the will of the voters of an entire county, as to whether there shall be levied and collected a special tax on all the taxable property within the county for the purposes enumerated in this subsection. In such event, the supplemental tax shall be apportioned among the administrative units of the county on a per capita enrollment basis which shall be determined by the State Board of Education and certified to each administrative unit involved.

(b) To Increase a Supplemental Tax Rate.—Elections may be called in any school area which has previously voted a supplemental tax of less than the maximum for the purpose of increasing the rate of tax previously voted but not to exceed the maximum.

(c) To Enlarge City Administrative Units.—Elections may be called in any district or districts, or other school area or areas, of a county administrative unit to ascertain the will of the voters in such district or districts or other school area or areas, as to whether an adjoining city administrative unit shall be enlarged by consolidating such district or districts, or other school area or areas, with such

city administrative unit, and whether after such enlargement of the city administrative unit there shall be levied in such other district or districts, or other school area or areas, so consolidated with the city administrative unit the same school taxes as shall be levied in the other portion of the city administrative unit.

(d) To Supplement and Equalize Educational Advantages.—Elections may be called in any area of a county administrative unit which is enclosed in one common boundary line to ascertain the will of the voters as to whether there shall be levied and collected a special tax to supplement and equalize the standards on which the schools in such areas are operated, and at the same time repeal any special taxes heretofore voted by any part or parts of such area.

(e) To Abolish a Special School Tax.—Elections may be called in any administrative unit, district or other school area which has previously voted a supplemental tax, to ascertain the will of the people as to whether such tax shall be abolished.

(f) To Vote School Bonds.—Boards of county commissioners are authorized as provided by law to call elections to ascertain the will of the voters as to whether bonds for school purposes may be issued.

(g) To Provide a Supplemental Tax on a County-Wide Basis after Petition for Consolidation of City or County Administrative Units.—Elections may be called for an entire county on the question of a special tax to supplement the current expense funds from State and county allotments and thereby operate schools of a higher standard by supplementing any item of expenditure in the school budget, where the boards of education of all the city administrative units in said county have petitioned the county board of education for a consolidation with the county administrative unit, pursuant to the provisions of G. S. 115-74 and prior to the approval of said petitions by the county and State boards of education. In which event, and provided the petitions so specify, if said election for a county-wide supplemental tax fails to carry, said petitions may be withdrawn and any existing supplemental tax theretofore voted in any of the city administrative units involved or in the county administrative unit, shall not be affected. If the vote for the county-wide supplemental tax carries, said tax shall not be levied unless and until the consolidation of the units involved shall be completed according to the requirements of G. S. 115-74. (1955, c. 1372, art. 14, s. 1; 1957, c. 1066; c. 1271, s. 1; 1959, c. 573, s. 9.)

Local Modification. — Brunswick, as to subsection (a) as affecting Southport School District: 1959, c. 600; Lincoln, as to subsection (g): 1959, c. 480, s. 1; Mecklenburg: 1959, c. 378, s. 22.

Cross Reference. — As to constitutional provision requiring election, see Const., Art. VII, § 7, and the annotation thereto.

Editor's Note.—The first 1957 amendment added subsection (g), and the second 1957 amendment rewrote subsection (c).

The 1959 amendment added the proviso and the last sentence to subsection (a).

Effect of Constitutional Provision — Contribution to Retirement Fund. — The statute under which a local unit desiring to supplement State support for the schools is required to submit the question to a popular vote is not in deference to Art. VII, § 7, of the Constitution. It is simply the legislative adoption of a similar method of control over extravagant expenditure pro hac vice. It does not affect the status of the administrative unit

as an agency of the State, and when the burden is assumed § 135-8 not only confers authority, but is mandatory in its provisions that the local administrative unit make its contribution to the State Retirement Fund, and that the taxing authorities therein provided the necessary funds. *Bridges v. Charlotte*, 221 N. C. 472, 20 S. E. (2d) 825 (1942).

§ 115-117. Maximum rate and frequency of elections.—In no event shall a tax for supplementing the current expense fund budget exceed fifty cents (50¢) on the one hundred dollars (\$100.00) valuation of property, real and personal: Provided, that in any school administrative unit, district, or other school area having a total population of not less than one hundred thousand (100,000) said local annual tax that may be levied shall not exceed sixty cents (60¢) on one hundred dollars (\$100.00) valuation of said property.

In the event that a majority of those who shall vote in any election called pursuant to the provisions of this article do not vote in favor of the purpose for which such election is called, another election for the same purpose shall not be called for and held in the same unit, district, or area until the lapse of six months after such prior election; but the foregoing time limitation shall not apply to any election held in any unit, district, or other school area which is larger or smaller than the unit, district, or area in which such prior election shall have been held, or to any election held for a different purpose than such prior election. (1955, c. 1231; c. 1372, art. 14, s. 2; 1957, c. 1271, s. 2; 1959, c. 573, s. 10.)

Editor's Note.—Acts 1955, c. 1231 added the proviso to the first paragraph.

The 1957 amendment rewrote the second paragraph.

The 1959 amendment inserted "administrative unit, district, or other school area" in lieu of "district" near the beginning of the proviso in the first paragraph.

§ 115-118. Who may petition for election.—County and city boards of education may petition the board of county commissioners for an election in their respective administrative units or for any school area or areas therein.

In county administrative units, for any of the purposes enumerated in G. S. 115-116, the school committee of a district, or a majority of the committees in an area including a number of districts, or a majority of the qualified voters who have resided for the preceding twelve months in a school area less than a district, and which area is adjacent to a city unit or a district to which it is desired to be annexed and which can be included in a common boundary with said unit or district, or the committee of a district formed from portions of two or more contiguous counties, may petition the county board of education for an election. (1955, c. 1372, art. 14, s. 3.)

Quoted in *Jordan v. Board of Com'rs*, 245 N. C. 290, 95 S. E. (2d) 884 (1957).

§ 115-119. Necessary information in petitions.—The petition for an election shall contain such of the following information as may be pertinent to the proposed election:

- (1) Purpose or purposes for calling the proposed election.
- (2) A legally-sufficient description of the area, by metes and bounds or otherwise, in which the election is requested.
- (3) The maximum rate of tax which is proposed to be levied. This paragraph shall not apply to a petition for an election to enlarge a city administrative unit.
- (4) If the petition is for an election to enlarge a city administrative unit, it shall state therein that, if a majority of those who shall vote in the

area proposed to be consolidated with the city administrative unit shall vote in favor of such enlargement, such area shall be consolidated with the city administrative unit, effective July first next following such election, and that there shall thereafter be levied in such area so consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit, including any tax to provide for the payment of school bonds theretofore issued by or for such city administrative unit or for all or some part of the school area annexed to such city administrative unit, unless payment of such bonds has otherwise been provided for.

- (5) If the petition for an election is to supplement and equalize educational advantages, and if any school district or districts in the area in which it is proposed to vote such a tax have heretofore voted a supplementary tax, the petition and the notice of election shall state that in the event such election is carried, it will repeal all local taxes heretofore voted in any district except those in effect for debt service in any district, unless such debt service obligation is assumed by the county or otherwise provided for. (1955, c. 1372, art. 14, s. 4; 1957, c. 1271, ss. 3-5.)

Local Modification. — Lincoln, as to subdivision (5): 1959, c. 480, s. 2.

Editor's Note. — The 1957 amendment inserted in subdivision (2) the words "legally-sufficient" and "or otherwise" and deleted the word "proposed" formerly ap-

pearing before "election." The amendment also added the second sentence to subdivision (3), and rewrote subdivision (4).

§ 115-120. Boards of education must consider petitions. — The board of education to whom the petition requesting an election is addressed shall receive the petition and give it due consideration. If, in the discretion of the board of education, the petition for an election shall be approved, it shall be endorsed by the chairman and the secretary of the board and a record of the endorsement shall be made in the minutes of the board. Petitions for an election to enlarge a city administrative unit shall be subject to the approval and endorsement of both county and city boards of education which are therein affected.

County and city boards of education shall have no discretion in granting an election to abolish a special school tax in any administrative unit, or district, or other school area, which has previously voted a supplemental tax, whenever a majority of the qualified voters residing in said unit, district or school area, shall petition for an election. When such a petition, showing the proper number of names of qualified voters, is presented to a board of education, it is hereby made mandatory that such petition shall be granted and the election held. If at the election a majority of those in the district who have voted thereon have voted "against local tax," the tax shall be deemed revoked and shall not be levied: Provided, that in Alexander, Anson, Beaufort, Buncombe, Carteret, Catawba, Chatham, Chowan, Cleveland, Craven, Currituck, Davidson, Duplin, Franklin, Gates, Greene, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Lenoir, Martin, Mecklenburg, Moore, Nash, Onslow, Pamlico, Pitt, Randolph, Richmond, Robeson, Rockingham, Transylvania, Vance, Wake, Warren and Wilkes counties, petition of twenty-five per cent (25%) of the number of voters in the election creating said special tax district, said petition to be signed by qualified voters residing in such special tax district, shall be sufficient.

The provisions of this section as to abolishing local tax districts shall not be applied when such local tax district is in debt in any sum whatever, or has obligated or committed its resources in any contractual manner: Provided, that no election for revoking a local tax in any local tax district shall be ordered and held in the district within less than one year from the date of the election at which the tax was voted and the district established, nor at any time within less than one

year after the date of the last election on the question of revoking the tax in the district; and no petition seeking to revoke a school tax shall be approved by a board of education more often than once a year.

If the petition for an election in an area containing a number of districts is signed by the school committeeman of at least a majority of the school districts within a proposed special school taxing area, the board of education in such administrative unit shall endorse such petition and the election shall be held. (1955, c. 1372, art. 14, s. 5; 1957, c. 1100.)

Editor's Note.—The 1957 amendment deleted the former proviso at the end of the first paragraph to the effect that when petition is endorsed by city board of education and signed by majority of voters in affected area the election shall be called.

When Petition Need Not Be Considered by Both County and City Board—Former Law.—It is necessary to have the petition of the annexation of an area to an adjoining city administrative unit approved by both the county and the city board of education in order to authorize the county board of commissioners to call the election as requested in the petition, except that, under the proviso deleted from the first paragraph of this section by the 1957 amendment, where a petition was signed by a majority of the qualified voters who had resided for the preceding twelve months in a school area, less than a district, and which area was adjacent to a city unit or district to which it was desired to be annexed and which could be included in a common boundary with said unit or district, it was only necessary that the city board of education endorse the petition. *Jordan v. Board of Com'rs*, 245 N. C. 290, 95 S. E. (2d) 884 (1957).

§ 115-121. Action of board of county commissioners or governing body of municipality.—Petitions requesting special school elections and bearing the approval of the board of education of the unit shall be presented to the board of county commissioners, and it shall be the duty of said board of county commissioners to call an election and fix the date for the same: Provided, that the board of education requesting the election may, for any reason deemed sufficient by said board which shall be specified and recorded in the minutes of the board, withdraw the petition before the close of the registration books, and if the petition be so withdrawn, the election shall not be held unless by some other provision of law the holding of such election is mandatory. In the case of a city administrative unit in any incorporated city or town and formed from portions of contiguous counties, said petition shall be presented to the governing body of the city or town situated within, coterminous with, or embracing such city administrative unit, and the election shall be ordered by said governing body, and said governing body shall perform all the duties pertaining to said election performed by the board of county commissioners in elections held under this article. (1955, c. 1372, art. 14, s. 6; 1959, c. 72.)

Editor's Note.—The 1959 amendment added the last sentence.

Duty of County Commissioners Ministerial.—The county commissioners have

Time for Holding Subsequent Election

Revoking Local Tax.—Requiring that "no election for revoking a special [now local] tax in any special [now local] tax district shall be ordered and held," within less than two [now one] years from the date at which the tax was voted and the district established, "nor at any time within less than two [now one] years after the date of the last election on the question [of revoking the tax] in the district," invalidates any election on the question of taxation held within two years [now one] after the last election, the second proposition being independent from the first as to "revoking" a special tax in the district, otherwise the second provision would be identical with the first, and meaningless. *Weesner v. Davidson County*, 182 N. C. 604, 109 S. E. 863 (1921).

The two [now one] years period in which no election may be had should be computed from the last valid election on the subject. *Weesner v. Davidson County*, 182 N. C. 604, 109 S. E. 863 (1921), approved in *Adcock v. Fuquay Springs*, 194 N. C. 423, 140 S. E. 24 (1927).

no discretion to order or not order an election. After the board of education has approved the petition, the duty of the commissioners is ministerial only and may be

enforced by mandamus. *Board v. Board*,

§ 115-122. Rules governing elections.—In all elections held under this article, the board of county commissioners shall designate the polling place or places, appoint the registrars and judges of election, canvass and judicially determine the results of said election when the returns have been filed with them by the officers holding the election, and record such determination on their records.

If the purpose of the election is to enlarge a city administrative unit, the notice of election shall include the following: A statement of the purpose of the election; a legal description of the area within which the election is to be held; and a statement that if a majority of those who shall vote in the area proposed to be consolidated with the city administrative unit shall vote in favor of such enlargement such area shall be consolidated with the city administrative unit, effective July first next following such election, and there shall thereafter be levied in such area so consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit, including any tax levy to provide for the payment of school bonds theretofore issued by or for such city administrative unit or for all or some part of the school area annexed to such city administrative unit, unless payment of such bonds has otherwise been provided for.

If the election is to be held for any other purpose permitted by this article, the notice of election shall include the following: A statement of the purpose of the election; a legal description of the area within which the election is to be held; and, if any additional tax is proposed to be levied, the maximum rate of tax proposed to be levied, which shall not exceed the maximum prescribed by this article, and the purpose of the tax.

The notice of the election shall be given by publication at least once a week for at least three weeks in some newspaper published in, or having a general circulation in, the area in which the election is to be held. The first publication of such notice shall be made not less than thirty days before the election.

New registration of the qualified voters of the territory shall be ordered, unless the territory embraces an entire county or other organized political subdivision with current registration books; and in all cases a new registration may be ordered in the discretion of the board of county commissioners. Notice of said new registration shall be deemed to be sufficiently given by publication once in some newspaper published or circulated in said district at least twenty days before the close of the registration books. This notice of registration may be considered one of the three notices required of the election. Such published notice of registration shall state the days on which the books will be open for registration of voters and the place or places at which the books will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day, and except as otherwise provided in this article, such election shall be held in accordance with the law governing general elections.

The ballots to be used in said election shall include, among other matter written or printed thereon, the words "For Local Tax" and "Against Local Tax" for all elections called under this article except those called under subsection (c) of G. S. 115-116, in which case the ballots shall have written or printed thereon the words "For Enlargement of the (here insert name of city) City Administrative Unit and school tax of the same rate" and "Against Enlargement of the (here insert name of city) City Administrative Unit and school tax of the same rate."

All other details of said election shall be fixed by the board of county commissioners ordering the election, and the expense of holding and conducting the election shall be provided by the board of education of the administrative unit

in which the election is held: Provided, that where territory is proposed to be added to a city administrative unit, the expense shall be borne by such unit.

In all cases where an election is called and held under the provisions of this article, and a majority of the qualified voters voting at such election voted in favor of the tax or of propositions submitted, and the results of such election have been officially determined and recorded in the minutes of the board of county commissioners, the validity of such election, and of the registration for such election, shall not be open to question except in an action or proceeding commenced within thirty days after the determination of the results of such election. (1955, c. 1372, art. 14, s. 7; 1957, c. 1271, ss. 6, 7.)

Cross Reference.—As to time registration books must be kept open, see § 163-31.

Editor's Note. — The 1957 amendment rewrote the former second paragraph to appear as the present second, third and fourth paragraphs. It also rewrote the paragraph relating to ballots.

Notice in Newspaper.—It is not necessary that the newspaper, in which the notice of election is given be published in the

district, it is sufficient if the paper is circulated in the district where the election is to be held. See *Miller v. Duke School Dist.*, 184 N. C. 197, 113 S. E. 786 (1922).

And failure to give the notice has been held immaterial where such failure did not affect the result of the election. See *Younts v. Com.*, 151 N. C. 582, 66 S. E. 575 (1909); *Gregg v. Board*, 162 N. C. 479, 78 S. E. 301 (1913).

§ 115-122.1. Effective date; levy of taxes.—(a) If, in any election authorized by this article, a majority of the voters voting in such election vote in favor of the enlargement of a city administrative unit, such enlargement shall become effective July first next following such election; and thereafter there shall be levied and collected in the area consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit.

(b) If, in any election authorized by this article, a majority of the voters voting in such election vote in favor of a supplemental tax, or in favor of the increase of a supplemental tax, or in favor of a tax to supplement and equalize educational advantages, the tax so authorized shall be levied and collected beginning with the fiscal year commencing July first next following such election. (1957, c. 1271, s. 8.)

§ 115-122.2. Conveyance of school property upon enlargement of city administrative unit.—Before any election is called to enlarge a city administrative unit, if any school property is located in the area proposed to be consolidated with the city administrative unit, the board of education of such city administrative unit and the board of education of the county administrative unit concerned shall agree with each other as to the school property to be conveyed and transferred to the board of education of the city administrative unit if a majority of the voters voting in the election vote in favor of such enlargement. And, if such enlargement is authorized by such election, the board of education of the county administrative unit shall, within ten days after July first next following such election, convey and transfer to the board of education of the city administrative unit the property so agreed to be conveyed and transferred. (1957, c. 1271, s. 8.)

§ 115-123. Elections in districts created from portions of contiguous counties.—Districts already created and those that may be created from portions of two or more contiguous counties, may hold elections under this article to be incorporated or to vote a special local tax therein for the purposes enumerated in G. S. 115-116.

Elections for either purpose must be initiated by petitions from the portion of each county included in the district, or the proposed district. In districts already created, the majority of the committeemen must sign the petition. In proposed

districts, the petition must be signed by fifteen per cent (15%) of the qualified voters who shall have resided in such area for the preceding twelve months. When the petitions shall have been approved by each of the boards of education of such contiguous counties, they shall then be presented by each of said boards of education to their respective boards of county commissioners.

The boards of commissioners of each of the contiguous counties, in compliance with the provisions of this article relating to the conduct of local tax elections, shall then call and hold an election in that portion of the proposed district lying in its county. Election returns shall be made from each portion of the proposed district to the board of commissioners ordering the election in that portion, and the returns shall be canvassed and recorded as required in this article for local tax districts.

If a majority of the voters who vote thereon in each of the counties shall vote in favor of the tax, or for incorporation, the election shall be determined to have carried in the whole district, and shall be so recorded in the records of the board of county commissioners in each county in which the district is located.

If the proposition submitted to the voters in the election is a question of incorporating the district, the ballots for this election shall have printed thereon the words "For incorporation" and "Against incorporation." If the election for incorporation is carried, the district is thereby incorporated and shall possess all the authority of incorporated districts.

In case the election carried in each portion of the proposed district, the several county boards of education concerned shall each pass a formal order consolidating the territory into one joint local tax district, which shall be and become a body corporate by the name and style of "..... Joint Local Tax School District of Counties". The county board of education having the largest school census and the largest area in the part of the joint local tax district lying in its county shall determine the location of the schoolhouse; but if the largest census and largest area do not both lie in the same county, then the county boards shall jointly select the site for the building; and in case of a disagreement they shall submit the question to a board of arbitration consisting of three members, one member to be named by each board of education if three counties are concerned, or if there are but two counties, then each board shall choose one member and the two so named shall select the third member. The decision of this board of arbitration shall be binding on all county boards of education concerned.

The school committee shall consist of five members, three of whom shall be appointed by the board of education of the county in which the building is to be situated and two to be appointed by the other county or counties, but the terms of office shall be so arranged that not more than two members will retire in any one year. The committee shall officially exercise such corporate powers as are conferred by this section. This committee shall have all the powers and duties of committees of local tax districts, and in addition thereto it shall adopt a corporate seal and have the power to sue and be sued in its corporate name. The committee shall have the power to determine the rate of local taxes to be levied in said joint district, not exceeding the rate authorized by the voters of the district, and when the committee shall have so determined the rate of local taxes to be levied in said joint district and shall have certified same to the boards of commissioners of the several counties from which said joint district is created, the said boards of county commissioners, and each of them, shall levy said rate of local taxes within the portion of said joint district lying within their respective counties; and the taxes so levied shall be collected in the several counties as other taxes are collected therein, and shall be paid over by the officers collecting the same to the treasurer or other fiscal agent of the county in which the schoolhouse is located, or is to be located, to be by him placed to the credit of the joint district.

The committee shall have as full authority to call and hold elections for the voting of bonds of the district as is conferred upon boards of education and boards of commissioners. In calling the election for a bond issue, no petition of the county board of education shall be necessary; but the election shall be called and held by the school committee of the incorporated local tax school district under as ample authority as is conferred upon both county boards of education and boards of commissioners. When bonds of the district have been voted under authority of this section, they shall be issued subject to the limitations of the Local Government Act and County Fiscal Control Act in the corporate name of the district, signed by the chairman and secretary of the school committee, sold by the school committee, and the proceeds thereof deposited with the treasurer of the county board of education of the county in which the school building is, or is to be, located, to be placed to the credit of the joint district, and the taxes for the payment of principal and interest shall be levied and collected as provided hereinabove for the levy and collection of local taxes: Provided, that certified copies of the bond orders and resolutions shall be recorded on the minutes of the board of commissioners of each county constituting a part of the joint school district.

The building of all schoolhouses in such joint local tax districts shall be effected by the county board of education of the county in which the building is to be located under authority of law governing the erection of school buildings by county boards of education. It shall be lawful for the boards of education in the other county or counties to contribute to the cost of the building in proportion to the number of children shown by the official census to be resident within that part of the joint district lying within each county respectively. If the building is to be erected from moneys borrowed from the State Literary Fund or from county taxation, then each county board of education shall contribute to its construction in the proportion set out above and pay over its contribution to the treasurer of the county board having control of the erection of the building: Provided, it shall be lawful for the county board that controls the erection of the building to borrow from the State and lend to the district the full amount of the cost of the building in cases where the entire amount, or part of the amount, is to be repaid by the district from district funds.

All district funds of a joint local tax district shall be kept distinct from all other funds, placed to the credit of the district, and expended as other local tax or district bond funds are lawfully disbursed.

The county board of education and county superintendent of schools of the county in which the schoolhouse is located shall have as full and ample control over the joint school and the district as it has in the case of other local tax districts, subject only to the limitations of this section.

The committee of the joint school district shall prepare a budget annually in accordance with the law governing budgets in which the committee will indicate objects and items of expenditure which are proposed to be made from the collection of the special tax of the district. This budget shall show the proportionate part of the expense to be contributed by each county, which part shall be ascertained on the basis of the proportions of the total district school census living in each respective county. When this budget is completed by the committee of the joint district, a copy of it shall be filed with the county board of education of each county, and it shall be the duty of each board of education, if it approves the district budget, to incorporate it in the county budget to be submitted to the board of commissioners of each county. Each of the several county boards of education is hereby directed to pay over its proportionate part of the district budget, when and as collected, to the treasurer of the board of education of the county in which the school plant is located for the purposes for which it has been levied and collected.

All districts formed from portions of contiguous counties before the ratifica-

tion of this article are hereby authorized and empowered to exercise all the powers and privileges conferred by this article. (1955, c. 1372, art. 14, s. 8.)

§ 115-124. Levy and collection of taxes.—In cases where administrative units or districts have voted, or may hereafter vote, a tax in order to operate schools of a higher standard than that provided by State support, county and city boards of education, at the same time the other budgets are filed, shall file a supplemental budget therefor and request that a sufficient levy be made by the tax levying authorities, not in excess of the rate voted by the people in such unit or district. The tax levying authorities may approve or disapprove this supplemental budget in whole or in part, and shall levy such taxes as necessary to provide for the approved budget for supplemental purposes, not exceeding the amount of the tax levy authorized by the vote of the people. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the tax levying authorities, except where such levy is voted in a district, in which case the written consent of the chairman of the district committee shall also be obtained before any of said proceeds are expended: Provided, that the tax levying authorities may fix a charge against any administrative unit or district for collection of such levies not exceeding one per cent (1%) thereof. The superintendent of schools, the county accountant or auditor, the officer in charge of tax records, and the county treasurer shall keep records in their respective offices, showing the valuation of all property in the unit, district, or area; the rate of tax authorized annually to be levied, and the amount annually derived from the local tax. It shall be illegal for any part of the local tax fund to be used for any purpose other than those purposes authorized by the election in the unit, or district. (1955, c. 1372, art. 14, s. 9.)

SUBCHAPTER VI. SCHOOL PROPERTY.

ARTICLE 15.

School Sites and Property.

§ 115-125. Acquisition of sites.—County and city boards of education may acquire suitable sites for schoolhouses or other school facilities either within or without the administrative unit; but no school may be operated by an administrative unit outside its own boundaries, although other school facilities such as repair shops, may be operated outside the boundaries of the administrative unit. Whenever any such board is unable to acquire or enlarge a suitable site for a school, school building, school bus garage or for a parking area for school buses or for other school facilities by gift or purchase, condemnation proceedings to acquire same may be instituted by such board under the provisions of article 2, chapter 40 of the General Statutes, and the determination of the county or city board of education of the land necessary for such purposes shall be conclusive; provided that not more than a total of thirty (30) acres shall be acquired by condemnation for any one site for a schoolhouse or other school facility as aforesaid; provided, however, that any school administrative unit located within a county having a population of 150,000 or more may acquire by condemnation a total of not more than forty (40) acres for any one school site. (1955, c. 1335; c. 1372, art. 15, s. 1; 1957, c. 683.)

Editor's Note. — The 1957 amendment rewrote this section.

Constitutionality.—This section does not violate the requirements of just compensation and due process provided by the 14th Amendment to the United States Constitution. *Doby v. Brown*, 135 F. Supp. 584 (1955), aff'd in 232 F. (2d) 504 (1956).

Intent of 1957 Amendment.—The legislative intent, in enacting Session Laws 1957, c. 683, was to rewrite Session Laws 1955, c. 1372, art. 15, s. 1. Topping v. State Board of Education, 249 N. C. 291, 106 S. E. (2d) 502 (1959).

Condemnation proceedings for a school site must be considered as instituted under the provisions of § 40-2 pursuant to au-

thority conferred by this section. *Topping v. State Board of Education*, 249 N. C. 291, 106 S. E. (2d) 502 (1959).

The word "site" is broad enough to embrace such land, not exceeding the statutory limit, as may reasonably be required for the suitable and convenient use of the particular building; and land taken for a playground in conjunction with a school may be as essential as land taken for the schoolhouse itself. 24 R. C. L. 582. See *Board v. Forrest*, 190 N. C. 753, 130 S. E. 621 (1925), which presents an able review of the history of this section.

Discretion of School Authorities.—The question of changing the location of a schoolhouse, as well as the selection of a site for a new one, is vested in the sound discretion of the school authorities, and their action cannot be restrained by the courts, unless it is in violation of some provision of the law, or the authorities have been influenced by improper motives, or there has been a manifest abuse of discretion on their part. *Atkins v. McAden*, 229 N. C. 752, 51 S. E. (2d) 484 (1949); *Wayne County Board of Education v. Lewis*, 231 N. C. 661, 58 S. E. (2d) 725 (1950); *Feezor v. Siceloff*, 232 N. C. 563, 61 S. E. (2d) 714 (1950). See *Kistler v. Randolph County Board of Ed.*, 233 N. C. 400, 64 S. E. (2d) 403 (1951).

While school authorities have the discretionary power to select sites for new schools and to change the location of existing schools, their action in this regard may be enjoined when it is without authority of law, or when the selection of a proposed site is so clearly unreasonable as to amount to a manifest abuse of their discretion. *Brown v. Candler*, 236 N. C. 576, 73 S. E. (2d) 550 (1952).

The advisability of taking the property for public school use is a matter committed to the sound discretion of the petitioner, with the exercise of which neither the respondents nor the courts can interfere. *Burlington City Board of Education v. Allen*, 243 N. C. 520, 91 S. E. (2d) 180 (1956).

Facts Not Showing Abuse of Discretion.—The facts that the site for a high school selected by the school authorities in a mountainous section of the State may be approached only by a crooked highway and over a narrow bridge, and that there may be other satisfactory sites for such school, does not compel or support the conclusion that the school authorities abused their discretion in selecting the site. *Brown v. Candler*, 236 N. C. 576, 73 S. E. (2d) 550 (1952).

High School and Elementary School on Adjoining Sites.—A high school and an elementary school may be located on adjoining sites. However, neither site may contain more than ten (now thirty) acres of land, if any part thereof must be obtained by condemnation. *Wayne County Board of Education v. Lewis*, 231 N. C. 661, 58 S. E. (2d) 725 (1950).

Where the county board of education selects a site for an elementary school contiguous to its high school site, it may condemn for such elementary school site: lands not in excess of ten (now thirty) acres, since the board has the discretionary power to locate the schools on adjoining sites. *Wayne County Board of Education v. Lewis*, 231 N. C. 661, 58 S. E. (2d) 725 (1950).

Selection of Site on Grounds of County Home.—Section 153-9 does not preclude school authorities from selecting, without advertising, a part of the grounds of a county home for the site of a high school when its use would not interfere with the use of the remainder of the site for a county home. *Brown v. Candler*, 236 N. C. 576, 73 S. E. (2d) 550 (1952).

There is no limitation on the acreage which may be purchased or donated for a school site. The limitation applies only where the site, or any part thereof, must be obtained by condemnation. In such cases, the land owned, donated or purchased, together with the adjacent lands to be condemned, shall not exceed ten (now thirty) acres. *Wayne County Board of Education v. Lewis*, 231 N. C. 661, 58 S. E. (2d) 725 (1950).

Service by Publication on Resident Defendant.—The statutes relating to service of process by publication (G. S. 1-98 through 1-108, as amended by chapter 919, Session Laws of 1953) apply to a resident defendant in a proceeding to condemn a school site, no less than to such defendant in any other special proceeding. *Brown v. Doby*, 242 N. C. 462, 87 S. E. (2d) 921 (1955).

Former Procedure.—As to procedure for condemnation of land for a school site under this section as it stood before the 1957 amendment, see *Burlington City Board of Education v. Allen*, 243 N. C. 520, 91 S. E. (2d) 180 (1956).

For case involving title to school property and decided under former statute, see *Board of Education v. Town of Waynesville*, 242 N. C. 558, 89 S. E. (2d) 239 (1955).

§ 115-126. **Sale, exchange or lease of school property.**—(a) When in the opinion of any county board of education, or of any board of education for any city administrative unit, the use of any building, building site, or other real property owned or held by such board is unnecessary or undesirable for public school purposes, the board may sell such property at public auction. Such sale shall be held on the property to be sold or at the courthouse door in the county in which such property is located, and shall be advertised and otherwise conducted as is prescribed by statute for judicial sales of real property. The sale shall then remain open for ten days to permit the making of an upset bid. The resale of such property following such upset bid, and the procedure therefor shall be as prescribed by statute for judicial sales of real property. If the time for making an upset bid shall expire without such bid having been made, the board may confirm the sale if it deems the highest bid to be an adequate price. Upon confirmation of the sale by the board, the chairman and the secretary of the board shall execute a deed to the purchaser of the property upon his compliance with his bid. Confirmation of the sale by the clerk of the superior court shall not be required. The proceeds of the sale shall be paid to the treasurer of the school fund of such county or city administrative unit, and shall be used either to reduce the bonded indebtedness of such administrative unit or for capital outlay purposes.

(b) When in the opinion of any county board of education, or of any board of education for any city administrative unit, the use of any property, other than real property, owned or held by such board is unnecessary or undesirable for public school purposes, the board may sell such property either through the facilities of the North Carolina Division of Purchase and Contract or at public auction. If sold at public auction such sale shall be held at such place within such county or city administrative unit as shall be designated by the board, and shall be advertised and otherwise conducted as is prescribed by statute for the sale of personal property under a power of sale contained in a chattel mortgage. Title to the property so sold shall not pass by reason of such sale until the sale has been confirmed by the board and the purchaser has complied with the terms of his bid. The proceeds of such sale shall be paid to the treasurer of the school fund of such county or city administrative unit.

(c) If in the opinion of the board the highest bid at any sale or resale of real or personal property sold pursuant to the provisions of this section is not adequate, such bid may be rejected and the property may again be advertised for sale as provided in this section, or may be sold by the board at a private sale for a price in excess of the highest bid at such public sale: Provided such private sale is consummated within a period of one year from the date of the initial public offering.

Any sale of real property at private sale made prior to May 1, 1959 is hereby validated, provided the real property so sold was first advertised for sale at public auction as provided by this section and the price received therefor was in excess of the highest bid received at such public offering.

(d) In the acquisition by it of any property for public school purposes any county board of education, or any board of education for any city administrative unit, may exchange therefor, as full or partial payment therefor, any property owned or held by it, without compliance with the provisions of this section: Provided, that for at least ten days before any exchange of real property shall be consummated, the terms of such proposed exchange shall be filed in the office of the superintendent of schools of such administrative unit and in the office of the clerk of the superior court in the county in which such property is located, and a notice thereof published one or more times in a newspaper having a general circulation in the administrative unit at least ten days before the consummation of said exchange.

(e) When in the opinion of any county board of education, or of the board

of education for any city administrative unit, the use of any property owned or held by it is unnecessary or undesirable for public school purposes, but the sale of such property is not practicable or in the public interest, such board may in its discretion enter into an agreement with any other person, firm or corporation for the lease of such property to such person, firm or corporation for a term not in excess of one year, upon such terms and conditions as the board shall deem advisable and in the public interest.

(f) In addition to the foregoing, county and city boards of education are hereby authorized and empowered, in their sound discretion, to dedicate portions of any lands owned by such boards as rights-of-way for public streets, roads or sidewalks, with or without compensation except the benefits accruing by virtue of the location or improvement of such public streets, roads or sidewalks. (1955, c. 1372, art. 15, s. 2; 1959, c. 324; c. 573, s. 11.)

Local Modification. — Burke: 1959, c. 1037; Franklin: 1959, c. 213; Transylvania: 1953, c. 723. State v. Cooke, 248 N. C. 485, 103 S. E. (2d) 846 (1958).

Editor's Note. — The first 1959 amendment added subsection (f). The second 1959 amendment made subsection (c) applicable to real property as well as to personal property, inserted the proviso to the first paragraph and added the second paragraph.

Lease of Surplus Lands.—A city school administrative unit contemplated by § 115-4 is a governmental agency separate and distinct from the city, and such administrative unit, having acquired more land than presently needed for school purposes, has legislative authority to lease the surplus, under this section, either for a public or a private purpose, so long as it exercises its discretion in good faith. Where the lease stipulates that use shall be for a public or semipublic purpose, the law will presume the parties intended and contemplated use of the property without unlawful discrimination because of race, color, religion or other illegal classification.

Delegation of Authority.—Where a chartered school district acquired property by foreclosure of a loan made from its sinking fund, the property thus acquired being in no way connected with the operation of its schools, and the trustees of the district instructed the property committee to consider any offers for the property in excess of a stipulated sum, and delegated "power to act" in the matter, and where the chairman thereafter entered into a contract for the sale of the property for a price in excess of the minimum amount stipulated by the trustees, upon a suit by a taxpayer of the district to restrain conveyance to the purchaser in the contract, it was held that the trustees of the district were without power to delegate authority to sell the school property, and the district was not bound by the contract entered into and a decree restraining the execution of the contract was proper. *Bowles v. Fayetteville Graded Schools*, 211 N. C. 36, 188 S. E. 615 (1936).

§ 115-127. Deeds to property.—All deeds to school property shall, after registration be delivered to the superintendent of the administrative unit in which the property is located and he shall provide a safe place for preserving all such deeds. (1955, c. 1372, art. 15, s. 3.)

§ 115-128. Vehicles owned by boards of education exempt from taxation; registration.—All school buses, trucks, automobiles and other motor vehicles owned by county and city boards of education and used for transporting pupils to and from school or used by other school personnel in the prosecution of their work, shall be exempt from taxation, but all such vehicles shall be duly registered in the Department of Motor Vehicles as provided in G. S. 20-84. (1955, c. 1372, art. 15, s. 4.)

§ 115-129. Provisions for school buildings and equipment.—It shall be the duty of the boards of education of the several administrative school units of the State to make provisions for the nine months' school term by providing adequate school buildings equipped with suitable school furniture and apparatus. The needs and the cost of such buildings, equipment, and apparatus, shall be presented each year when the school budget is submitted to the respective tax levying authorities. The boards of commissioners shall be given a reasonable time to

provide the funds which they, upon investigation, shall find to be necessary for providing their respective units with buildings suitably equipped, and it shall be the duty of the several boards of county commissioners to provide funds for the same. (1955, c. 1372, art. 15, s. 5.)

Expense a County-Wide Charge.—It is the duty of the county commissioners, upon information being furnished by the county boards of education, to provide the funds necessary for suitable buildings and proper equipment, and such expenses are a county-wide charge. *Reeves v. Board of Education*, 204 N. C. 74, 167 S. E. 454 (1933).

All Expenditures Must Be Authorized.—All expenditures for the construction, repair and equipment of school buildings in a county must be authorized by the board of county commissioners, acting in good faith, pursuant to statutory and constitutional authority. *Atkins v. McAden*, 229 N. C. 752, 51 S. E. (2d) 484 (1949).

County Commissioners to Determine What Expenditures Shall Be Made.—The board of commissioners of the county, and not the board of education is charged with the duty to determine what expenditures shall be made for the erection, repair and equipment of school buildings in the county. *Johnson v. Marrow*, 228 N. C. 58, 44 S. E. (2d) 468 (1947).

The county board of education surveys annually the needs of the county school system in respect to school plant facilities and equipment and by resolution presents plan to the board of commissioners. Then, and only then, it becomes the duty of the board of commissioners to determine what expenditures, if any, proposed for such purposes by the board of education, are necessary. When it determines that funds are necessary for any one or all of the proposed projects, then it must furnish the funds necessary to provide the facilities incorporated in the approved projects. *Parker v. Anson County*, 237 N. C. 78, 74 S. E. (2d) 338 (1953).

The right of the board of commissioners to determine what expenditures shall be made arises when a proposal for the expenditure of funds for school facilities is made by the board of education. Having determined that question and having provided the funds it deems necessary, its jurisdiction ends and the authority to execute the plan of enlargement or improvement reverts to the board of education. *Parker v. Anson County*, 237 N. C. 78, 74 S. E. (2d) 338 (1953).

But They Cannot Interfere with Authority of Board of Education.—The control of the board of county commissioners

over the expenditure of funds for the erection, repair and equipment of school buildings will not be construed so as to interfere with the exclusive control of the schools vested in the county board of education or the trustees of an administrative unit. *Atkins v. McAden*, 229 N. C. 752, 51 S. E. (2d) 484 (1949); *Parker v. Anson County*, 237 N. C. 78, 74 S. E. (2d) 338 (1953).

Any change in plan must be initiated by the board of education. Then the board of commissioners, acting in good faith, may, in proper cases, after finding the facts required by statute, determine whether the reallocation of funds or the change in plans is or is not necessary and approve or disapprove the expenditure of the funds theretofore furnished by it for the execution of the amended plan. *Parker v. Anson County*, 237 N. C. 78, 74 S. E. (2d) 338 (1953).

Where the county commissioners attempted to change the purpose for which school bonds were issued, such action of the commissioners was held to constitute a clear invasion of the prerogatives of the board of education. *Parker v. Anson County*, 237 N. C. 78, 74 S. E. (2d) 338 (1953).

Commissioners May Reallocate Proceeds of Bond Issue.—A bond order issued under § 153-78 set out in detail the estimates and projects for which the funds were proposed to be used in discharge of the constitutional requirement of a six months' school term within the municipal administrative unit. It was held that § 153-107 did not preclude the board of county commissioners, upon its finding, after investigation, of changed conditions, from reallocating the proceeds of bonds to different projects upon further finding, after investigation, that such reallocation of the funds was necessary to effectuate the purpose of the bond issue. *Atkins v. McAden*, 229 N. C. 752, 51 S. E. (2d) 484 (1949).

But May Not Change Purpose for Which Bonds Were Issued.—Where the county commissioners attempted to change the purpose for which school bonds were issued, such action of the commissioners was held to constitute a clear invasion of the prerogatives of the board of education. *Parker v. Anson County*, 237 N. C. 78, 74 S. E. (2d) 338 (1953).

§ 115-130. Erection and repair of schoolhouses.—The building of all new schoolhouses and the repairing of all old schoolhouses shall be under the control and direction of, and by contract with, the board of education in which such building and repairing is done. Boards of education shall not invest any money in any new building that is not built in accordance with plans approved by the State Superintendent as to structural and functional soundness, safety and sanitation, nor contract for more money than is made available for its erection. All contracts for buildings shall be in writing and all buildings shall be inspected, received, and approved by the county or city superintendent and the architect before full payment is made therefor: Provided, that this section shall not prohibit boards of education from repairing and altering buildings with the help of janitors and other regular employees of said board.

In the case of any school buildings erected, repaired, or equipped with any money loaned or granted by the State to any administrative unit, the State Board of Education, under such rules as it may deem advisable, may retain any amount not to exceed fifteen per cent (15%) of said loan or grant, until such completed buildings, erected or repaired, in whole or in part, from such loan or grant funds shall have been approved by a designated agent of the State Board of Education.

Upon such approval by the State Board of Education, the State Treasurer is authorized to pay the balance of the loan or grant to the treasurer of the school administrative unit for which said loan or grant was made. (1955, c. 1372, art. 15, s. 6.)

Cross Reference. — As to penalty for school officials to have pecuniary interest in school supplies, see §§ 14-236, 14-237.

Power Discretionary. — The building of a school is a matter vested by the statute in the sound discretion of the county board of education and not to be restrained by the courts, unless in violation of some provision of law, see *Pickler v. County Board*, 149 N. C. 221, 62 S. E. 902 (1908), or unless the committee is influenced by improper motives, or there is misconduct on their part. See *Smith v. School Trustees*, 141 N. C. 160, 53 S. E. 524 (1906); *Venable v. School Committee*, 149 N. C. 120, 62 S. E. 902 (1908).

Whether a change should be made in the location of a school, as well as the selection of a site for a new one, is vested in the sound discretion of the school authorities, and their action cannot be restrained by the courts unless in violation of some provision of law, or the authorities have been influenced by improper motives, or there has been a manifest abuse of discretion on their part. *Feezor v. Siceloff*, 232 N. C. 563, 61 S. E. (2d) 714 (1950).

Money Available for Erection of Building.—Where a county board of education consolidated five existing high schools into one county-wide high school with the ap-

proval of the State Board of Education, and plans for the new school building were approved by the State Superintendent of Public Instruction, and public moneys for the erection of the building were allocated to the county board of education, equity would not enjoin the county board of education from entering into a contract for the construction of the building on the ground that the county board of commissioners had refused to provide funds for the construction of the building, and that the proposed contract would offend this section, which provides that a county board of education has no authority to contract for the construction of a new schoolhouse costing more than the "money . . . available for its erection." *Edwards v. Yancey County Board of Ed.*, 235 N. C. 345, 70 S. E. (2d) 170 (1952).

Providing Electric Lights.—Under the general statutory authority the erection of electric transmission lines to supply school buildings with electric lighting is given to the board of education of a county. But contracts for such work need not be in writing, nor need they be approved by the State Superintendent. *Conrad v. Board*, 190 N. C. 389, 130 S. E. 53 (1925).

§ 115-131. Board cannot erect or repair building unless site is owned by board.—County and city boards of education shall make no contract for the erection or repair of any school building unless the site upon which it is located is owned in fee simple by the said board: Provided, that the board of education of a county or city administrative unit, with the approval of the board

of county commissioners is authorized to appropriate funds to aid in the establishment of a school facility and the operation thereof in an adjoining county or city administrative unit when a written agreement between the boards of education of the administrative units involved has been reached and the same recorded in the minutes of said boards, whereby children from the unit making such appropriations shall be entitled to attend the school so established.

In all cases where title to property has been vested in the trustees of a special charter district which has been abolished and has not been reorganized, title to such property shall be vested in the county or city board of education of the county embracing such former special charter district. (1955, c. 1372, art. 15, s. 7.)

Not Applicable to Electric Light Wires.

—Former § 115-88, similar to this section, did not apply to the erection of electric light wires. It applied only to sites for

school buildings; it did not extend to or include the rights of way. *Conrad v. Board*, 190 N. C. 389, 130 S. E. 53 (1925).

§ 115-132. Duty of board to provide equipment for school buildings.—It shall be the duty of county and city boards of education and tax levying authorities to provide suitable supplies for the school buildings under their jurisdiction. These shall include, in addition to the necessary instructional supplies, proper window shades, blackboards, reference books, library equipment, maps, and equipment for teaching the sciences.

Likewise, it shall be the duty of said boards of education and boards of county commissioners to provide every school with a good supply of water, approved by the State Board of Health, and where such school cannot be connected to water-carried sewerage facilities, there shall be provided sanitary privies for the boys and for the girls according to specifications of the State Board of Health. Such water supply and sanitary privies shall be considered an essential and necessary part of the equipment of each public school and may be paid for in the same manner as desks and other essential equipment of the school are paid for. (1955, c. 1372, art. 15, s. 8.)

Cross Reference. — As to penalty for school officials to have pecuniary interest in school supplies, see §§ 14-236, 14-237.

A county board will not be enjoined from constructing a new school building on the grounds that it has failed to make plans for water and sewer service for the school, where it appears from the complaint that at the time the suit was instituted the construction of the proposed building had progressed only to the stage where bids had been accepted, since presumably the defendants at the proper time will comply with this section and make provision for a proper supply of water. *Lamb v. Randolph County Board of Ed.*, 235 N. C. 377, 70 S. E. (2d) 201 (1952).

Specific or special legislative authority is given the county to issue without a vote bonds for sanitary improvements for its schoolhouses necessary for it to maintain, as an administrative unit of the State, the constitutional school term in the county. *Taylor v. Board of Education*, 206 N. C. 263, 173 S. E. 608 (1934).

The authority of a county to issue without a vote bonds for sanitary improvements for its schoolhouses necessary to maintain the constitutional school term was not affected by the School Machinery Act of 1933. *Taylor v. Board of Education*, 206 N. C. 263, 173 S. E. 608 (1934).

§ 115-133. Duties of boards of education to keep buildings in repair and determine use of school property.—It shall be the duty of county and city boards of education and tax levying authorities, in order to safeguard the investment made in public schools, to keep all school buildings in good repair to the end that all public school property shall be taken care of and be at all times in proper condition for use. It shall be the duty of all committeemen, principals, teachers, and janitors to report to their respective boards of education immediately any unsanitary condition, damage to school property, or needed repair. All principals, teachers, and janitors shall be held responsible for the

safekeeping of the buildings during the school session and all breakage and damage shall be repaired by those responsible for same, and where any principal or teacher shall permit damage to the public school buildings by lack of proper discipline of pupils, such principal or teacher shall be held responsible for such damage: Provided, principals and teachers shall not be held responsible for damage that they could not have prevented by reasonable supervision in the performance of their duties.

Boards of education shall promulgate rules and regulations by which school buildings may be used for other than school purposes, to the end that the community may be encouraged to use school buildings for civic or community meetings of all kinds which may be beneficial to the members of the community and at the same time preserve and properly care for public school buildings. (1955, c. 1372, art. 15, s. 9; 1957, c. 684.)

Editor's Note. — The 1957 amendment made the promulgation of rules and regulations mandatory.

§ 115-133.1. Duties of boards of education and tax levying authorities to insure public school buildings and equipment.—(a) The board of every administrative unit in the public school system of this State, in order to safeguard the investment made in public schools, shall

- (1) Insure and keep insured to the extent of not less than seventy-five per cent (75%) of the current insurable value as determined by the insurer and the insured of each of its insurable buildings against fire, lightning and the perils embraced in extended coverage; and
- (2) Insure and keep insured adequately the equipment and contents of said building.

(b) The tax levying authority for each administrative unit shall appropriate funds necessary for compliance with the provisions of subsection (a).

(c) Wilful failure to comply with the provisions of (a) and (b) above, is declared a misdemeanor punishable by a fine of not more than fifty dollars (\$50.00) or imprisonment for not more than 30 days. Every twenty-four hours without such insurance constitutes a separate offense. (1957, c. 1040.)

ARTICLE 16.

State Insurance of Public School Property.

§ 115-134. Authority and rules for organization of system.—The State Board of Education is hereby authorized, directed and empowered to establish a division to manage and operate a system of insurance for public school property. The Board shall adopt such rules and regulations as, in its discretion, may be necessary to provide all details inherent in the insurance of public school property. The Board shall employ a director, safety inspectors, engineers and other personnel with suitable training and experience, which in its opinion is necessary to insure and protect effectively public school property, and it shall fix their compensation with the approval of the Personnel Department. (1955, c. 1372, art. 16, s. 1.)

§ 115-135. Public School Insurance Fund; decrease of premiums when fund reaches five per cent (5%) of total insurance in force.—There shall be set up in the books of the State Treasurer a fund to be known and designated as the "Public School Insurance Fund," which fund hereafter in this article is referred to as "the fund." In order to provide adequate reserves against losses which may be incurred on account of the risks insured against as provided in this article and to provide payment for such losses as may be incurred therein, there is hereby appropriated to "the fund" the sum of two million dollars (\$2,000,000.00), which shall be paid from and charged to the State Literary

Fund as setup and defined in this chapter. When the reserves in "the fund" shall be increased by the payment of premiums by the governing boards of county and city administrative school units, or otherwise, to the extent of one million dollars (\$1,000,000.00), there shall be transferred from "the fund" back to the State Literary Fund the sum of one million dollars (\$1,000,000.00) and when "the fund" shall again be increased to the extent of another one million dollars (\$1,000,000.00), there shall be transferred therefrom back to the State Literary Fund an additional sum of one million dollars (\$1,000,000.00) in full reimbursement of the sum of two million dollars (\$2,000,000.00), which is authorized to be transferred from the State Literary Fund by the provisions hereof. All funds paid over to the State Treasurer for premiums on insurance by the governing boards of county and city school administrative units and all money received from interest or from loans and deposits and from any other source connected with the insurance of the property hereinafter referred to shall be held by the State Treasurer in "the fund" for the purpose of paying all fire, lightning, windstorm, hail and explosion losses for which the said fund shall be liable and the expenses necessary for the proper conduct of the insurance of said property, together with such premiums for reinsurance of such part of said insurance as the State Board of Education may deem necessary to reinsure, as provided for in this article. Such part of the money in "the fund" as may not be needed for the payment of current demands thereon shall be invested by the State Treasurer in such securities as constitute permissible investments for State sinking funds, and all of the earnings thereon shall be paid into "the fund." The State Treasurer shall annually report to the State Board of Education and to the General Assembly the status of "the fund" and a detailed statement of the investments therein and earnings therefrom.

When the fund herein provided for reaches the sum of five per cent (5%) of the total insurance in force, then annually thereafter the State Board of Education shall proportionately decrease the premiums on insurance to an amount which will be sufficient to maintain "the fund" at five per cent (5%) of the total insurance in force, and in the event in the judgment of the State Board of Education the income from the investments of "the fund" are sufficient to maintain the same at five per cent (5%) of the total insurance in force, no premiums shall be charged for the ensuing year, provided that no building or property insured shall cease to pay premiums until five annual payments of premiums have been made whether or not through such payments the fund shall be increased beyond five per cent (5%) of the total insurance in force, unless such building or property shall cease to be insurable within the meaning of this article within such five-year period. (1955, c. 1372, art. 16, s. 2.)

§ 115-136. Insurance of property by school governing boards; notice of election to insure and information to be furnished; outstanding policies.—All county and city boards of education may insure all property within their units against the direct loss or damage by fire, lightning, windstorm, hail or explosions resulting by reason of defects in equipment in public school buildings and other public school properties in "the fund" hereinbefore set up and provided for. Any property covered by an insurance policy in effect on the date when the property of a unit is insured in "the fund" shall be insured by "the fund" as of the expiration of the policy. Each school governing board shall give notice of its election to insure in "the fund" at least thirty days prior to such insurance becoming effective and shall furnish to the State Board of Education a full and complete list of all outstanding fire insurance policies, giving in complete detail the name of the insurers, the amount of the insurance and expirations thereof. While the said insurance policies remain in effect, "the fund" shall act as co-insurer of the properties covered by such insurance to the same extent and in the same manner as is provided for co-insurance under the provisions of the standard form of fire insurance as provided by law, and in the event

of loss shall have the same rights and duties as required by participating insurance companies. (1955, c. 1372, art. 16, s. 3; 1957, c. 686, s. 3.)

Editor's Note. — The 1957 amendment substituted the word "law" for the word "land" in line fifteen.

§ 115-137. **Inspections of insured public school properties.**—The State Board of Education shall provide for periodic inspections of all public school properties in the State of North Carolina insured under the provisions hereof, the said inspections for safety of buildings and particularly school buildings, against the loss or damage from fire and explosions. The inspections shall be the basis for offering such engineering advice as may be thought to be necessary to safeguard the children in the public schools from death and injury from school fires or explosions and to protect said school properties from loss, and the local school authorities shall be required so far as possible, and reasonable, to carry out and put into effect such recommendations in respect thereto as may be made by the State Board of Education. (1955, c. 1372, art. 16, s. 4.)

§ 115-138. **Information to be furnished prior to insuring in fund; providing for payment of premiums.**—County and city boards of education shall at least thirty days before insuring in "the fund," furnish to the State Board of Education a complete and detailed list of all school buildings and contents thereof and other insurable school property, together with an estimate of the present value of the said property. Valuation for purposes of insuring in "the fund" shall be reached by agreement in accordance with the procedure herein-after set up for adjustment of losses. County and city boards of education and the tax levying authorities shall be required to provide for the payment of premiums for insurance on the school properties of each unit, respectively, to the extent of not less than seventy-five per cent (75%) of the current insurable value of the said properties, including the insurance in fire insurance companies and the insurance provided by "the fund" as set out herein. (1955, c. 1372, art. 16, s. 5.)

§ 115-139. **Determination and adjustment of premium rates; certificate as to insurance carried; no lapsation; notice as to premiums required, and payment thereof.**—The State Board of Education shall determine the annual premium rate to be charged for insurance of school properties as herein provided, which said rate shall not, however, be in excess of the rates fixed by law for insurance of such properties in effect on May 31, 1948, and such rates shall be adjusted from time to time so as to provide insurance against damage or loss resulting from fires, lightning, windstorm, hail or explosions resulting from defects in equipment in public school buildings and properties for the local school units at the lowest cost possible in keeping with the payment of cost of administration of this article, and the creation of adequate reserves to pay losses which may be incurred. The State Board of Education shall furnish to each county and city administrative unit annually and, at such times as changes may require, a certificate showing the amount of insurance carried on each item of insurable property. The said insurance shall not lapse but shall remain in force until the county or city board of education requests that said insurance be cancelled or until such property becomes uninsurable in the manner set out in G. S. 115-141. From time to time the local school authorities shall be notified as to the amount of the premiums required to be paid for said insurance and the amounts thereof shall be provided for in the annual budget of such schools. The tax levying authorities shall provide by taxation or otherwise a sum sufficient to pay the required premiums thereon.

The local school authorities shall within thirty (30) days from notice thereof pay to the State Board of Education the premiums on such insurance, and in the event that there are no funds on hand at such time with which to make said pay-

ment, the same shall be paid out of the first funds available to such school board. Delayed payments shall bear interest at the rate of six per cent (6%) per annum. (1955, c. 1372, art. 16, s. 6.)

§ 115-140. Adjustment of losses; determination and report of appraisers; payment of amounts to treasurers of local units; disbursement of funds.—In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties for the local school units, "the fund" shall pay the loss in the same proportion as the amount of insurance carried bore to the valuation of the property at the time it was insured, but not exceeding the amount which it would cost to repair or replace the property with material of like quality within a reasonable time after such loss, not in excess of the amount of insurance provided for said property, and not in excess of the amount of such loss which "the fund" is required to pay in participation with fire insurance companies having policies of insurance in force on said properties at the time of the loss or damage, and "the fund" shall not be liable for a greater proportion of any loss than the amount of insurance thereon shall bear to the whole insurance covering the property against the peril involved.

In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties of the local school units, to the property insured, when an agreement as to the extent of such loss or damage cannot be arrived at between the State Board of Education and the local officials having charge of the said property, the amount of such loss or damage shall be determined by three appraisers; one to be named by the State Board of Education, one by the local governing board having charge of the property, and the two so appointed shall select a third—all of whom shall be disinterested persons, and qualified from experience to appraise and value such property: Provided, however, if the appraisers appointed by the State Board of Education and the local governing board shall fail for fifteen days to agree upon the third appraiser, then, on request of the State Board of Education or the local governing board having charge of the property, such third appraiser shall be selected by the resident judge of the superior court of the judicial district in which the property is located. The appraisers so named shall file their written report with the State Board of Education and with the local governing board having such property in charge. The costs of the appraisal shall be paid by "the fund." Upon the determination of the loss by the appraisers, the State Board of Education shall pay the amount of such loss or damage to school property in the control of the county administrative unit to the county treasurer, and pay the amount of loss or damage to property of a city administrative unit to the treasurer of said unit upon proper warrant of the State Board of Education. Said funds shall be paid out by the treasurer of said units, as provided by this chapter for the disbursement of the funds of such unit. (1955, c. 1372, art. 16, s. 7.)

§ 115-141. Maintenance of inspection and engineering service; cancellation of insurance.—The State Board of Education is authorized and empowered to maintain an inspection and engineering service deemed by it appropriate and necessary to reduce the hazards of fire in public school buildings insured in "the fund" as hereinbefore provided, and to expend for such purpose not in excess of ten per cent (10%) of the annual premiums collected from the local school authorities. The State Board of Education is hereby authorized and empowered to cancel any insurance on any school property when, in its opinion, because of dilapidation and depreciation such property is no longer insurable. Before cancellation, the local school board shall be given at least thirty (30) days' notice, and in the event said property can be restored to insurable condition, the State Board of Education may make such orders with respect to the continuance

of such coverage as may be deemed proper: Provided, that the findings and results of the inspection of local school property by the agents of the Board shall be reported to county and city boards of education and to the board of county commissioners of such units as carry insurance with the State thirty (30) days before budget making time in order that all school property shall be properly taken care of and made safe from fire hazards. (1955, c. 1372, art. 16, s. 8.)

SUBCHAPTER VII. EMPLOYEES.

ARTICLE 17.

Principals' and Teachers' Employment and Contracts.

§ 115-142. **Contracts of principals and teachers terminated at end of 1954-1955 term; employment thereafter.**—(a) The contracts of all principals and teachers now employed in the public schools of North Carolina are hereby terminated as of the end of the school term 1954-1955. County and city superintendents shall give each principal and teacher notice by mail of the termination of his contract, but the failure to give such notice shall not have the effect of continuing in force the contract of any principal or teacher beyond the end of the 1954-1955 school term.

(b) Any teacher or principal desiring election as teacher or principal in a particular administrative unit shall file his or her application in writing with the county or city superintendent of such unit. The application shall state the name and number of the certificate held, when the certificate expires, experience in teaching, if any, and the administrative unit in which the applicant last taught. It shall be the duty of all county and city boards of education to cause written contracts on forms to be furnished by the State Superintendent of Public Instruction to be executed by all teachers and principals before any salary vouchers shall be paid. The contracts of teachers and principals shall be made for the next succeeding school year or for the unexpired part of a current school year. No county or city board of education shall enter into a contract for the employment of more teachers, including vocational teachers, than are allotted to that particular administrative unit by the State Board of Education unless provision has been made for the payment of the salaries of such teachers from local funds. All contracts shall be subject to the condition that when the position for which any principal or teacher is employed is terminated the contract is likewise terminated. (1955, c. 664.)

When Contract Binding.—As to when teachers' contracts became binding obligations of county commissioners under former law, see *Hampton v. Board of Education*, 195 N. C. 213, 141 S. E. 744 (1928).

§ 115-143. **Health certificate required for teachers and other school personnel.**—Any person serving as county superintendent, city superintendent, supervisor, district principal, building principal, teacher, or any other employee in the public schools of the State, shall file in the office of the county or city superintendent each year, before assuming his or her duties, a certificate from the county physician, local health director, or other reputable physician, certifying that the said person does not have tuberculosis in the communicable form, or other communicable disease, or any disease, physical or mental, which would impair the ability of the said person to perform effectively his or her duties.

The examining physician shall make the aforesaid certificate on an examination form supplied by the State Superintendent of Public Instruction. The certificate shall be issued only after a physical examination has been made at the time of the certification, and such examination shall be in accordance with rules and regulations adopted by the State Superintendent of Public Instruction, with approval of the State Health Director, and such rules and regulations may include the requirement of an X-ray chest examination.

It shall be the duty of the county or city superintendent of the school in which the person is employed to enforce the provisions of this section.

Any person violating any of the provisions of this section shall be guilty of a misdemeanor and subject to a fine or imprisonment in the discretion of the court. (1955, c. 1372, art. 17, s. 1; 1957, c. 1357, ss. 2, 14.)

Editor's Note. — The 1957 amendment substituted "local health director" for "health officer" in line five of the first paragraph, and substituted "State Health Director" for "State Health Officer" in line six of the second paragraph.

§ 115-144. Resignation of supervisor, principal or teacher.—After entering into a written contract, any teacher, principal, or supervisor desiring to resign or abrogate his contract must give not less than thirty days' notice in writing to the county or city superintendent by whom employed. In the event the resignation is submitted within less than thirty days prior to the opening of school, or if there is evidence that the contract has been wilfully breached, the employing authorities shall have authority to request the State Superintendent of Public Instruction, in his discretion, to revoke the employee's certificate for a period of one year. (1955, c. 1372, art. 17, s. 2.)

§ 115-145. Removal of principals and teachers.—The county and city boards of education and district committees, with the approval of the superintendent, may dismiss a principal or teacher for immoral or disreputable conduct or for failure to comply with the provisions of the contract. The superintendent of schools, with the approval of the committee or the board of education, has authority and it is his duty to dismiss a principal or teacher who has proven himself incompetent, or who wilfully refuses to discharge the duties of a public school principal or teacher, or who may be persistently neglectful of such duties. However, no principal or teacher shall be dismissed until charges have been filed in writing in the office of the superintendent and such principal or teacher given at least five days' notice in which time he shall have the opportunity to appear before the board of education or the district committee before whom the matter is being investigated. After a full and fair hearing the action of the board of education or the committee shall be final: Provided, the principal or teacher shall have the right to appeal to the county board of education if the action was taken by a district committee, and thereafter to the courts, or directly to the courts if the action was taken by a county or city board of education.

In cases where principals or teachers have been dismissed by boards of education for immoral or disreputable conduct and where such conduct in the opinion of the superintendent of schools warrant it, he shall notify the State Superintendent of Public Instruction who shall have authority to revoke such principal's or teacher's certificate, if he deems such action justifiable. (1955, c. 1372, art. 17, s. 3.)

As to former statute, see *Iredell County Board of Education v. Dickson*, 235 N. C. 359, 70 S. E. (2d) 14 (1952).

**Dismissal of Teacher Not Legally Ap-
pointed.**—*Spruill v. Davenport*, 178 N. C. 364, 100 S. E. 527 (1919).

§ 115-146. Duties of teachers generally; principals and teachers may use reasonable force in exercising lawful authority.—It shall be the duty of all teachers to maintain good order and discipline in their respective schools; to encourage temperance, morality, industry, and neatness; to promote the health of all pupils, especially of children in the first three grades, by providing frequent periods of recreation, to supervise the play activities during recess, and to encourage wholesome exercises for all children; to teach as thoroughly as they are able all branches which they are required to teach; to provide for singing in the school, and so far as possible to give instruction in the public school music; and to enter actively into the plans of the superintendent for the professional growth of the teachers. Teachers shall cooperate with the principal in ascertaining the cause of nonattendance of pupils that he may report all violators of the

compulsory attendance law to the attendance officer in accordance with rules promulgated by the State Board of Education.

Principals and teachers in the public schools of this State may use reasonable force in the exercise of lawful authority to restrain or correct pupils and maintain order. No county or city board of education or district committee shall promulgate or continue in effect a rule, regulation or bylaw which prohibits the use of such force as is specified in this section. (1955, c. 1372, art. 17, s. 4; 1959, c. 1016.)

Editor's Note. — The 1959 amendment added the second paragraph.

§ 115-147. Power to suspend or dismiss pupils.—A district principal, or a building principal, shall have authority to suspend or dismiss any pupil who wilfully and persistently violates the rules of the school or who may be guilty of immoral or disreputable conduct, or who may be a menace to the school: Provided, any suspension or dismissal in excess of ten school days and any suspension or dismissal denying a pupil the right to attend school during the last ten school days of the school year shall be subject to the approval of the county or city superintendent. Every suspension or dismissal for cause shall be reported at once to the superintendent and to the attendance officer, who shall investigate the cause and deal with the offender in accordance with rules governing the attendance of children in school. (1955, c. 1372, art. 17, s. 5; 1959, c. 573, s. 12.)

Editor's Note. — The 1959 amendment rewrote this section.

§ 115-148. Duty to make reports to superintendent; making false reports or records.—Every principal or teacher of a public school shall make such reports as are required by the boards of education, and the superintendent shall not approve the vouchers for the pay of principals or teachers until the required monthly and annual reports are made: Provided, that the superintendents may require teachers to make reports to the principals and principals to make reports to the superintendent: Provided further, that any superintendent, principal, teacher or other school employee of the public schools, who knowingly and wilfully makes or procures another to make any false report or records, requisitions, or pay rolls, respecting daily attendance of pupils in the public schools, pay roll data sheets, or other reports required to be made to any board or officer in the performance of their duties, shall be guilty of a misdemeanor and upon conviction shall be fined or imprisoned in the discretion of the court and the certificate of such person to teach in the public schools of North Carolina shall be revoked by the State Superintendent of Public Instruction.

When the governing board of any county or city administrative school unit shall have information that inaccurate school attendance records are being kept, the board concerned shall immediately investigate such inaccuracies and take necessary action to establish and maintain correct records and report its findings and action to the State Board of Education.

When it shall be found by the State Board of Education that inaccurate attendance records have been filed with the State Board of Education which resulted in an excess allotment of funds for teachers' salaries in any school unit in any school year, the school unit concerned may be required to refund to the State Board the amount allotted to said unit in excess of the amount an accurate attendance record would have justified. (1955, c. 1372, art. 17, s. 6; 1959, c. 1294.)

Editor's Note. — The 1959 amendment added the second and third paragraphs.

§ 115-149. Care of school building.—It shall be the duty of every teacher and principal in charge of school buildings to instruct the children in the proper care of public property, and it is their duty to exercise due care in the

protection of school property against damage, either by defacement of the walls and doors or any breakage on the part of the pupils, and if they shall fail to exercise a reasonable care in the protection of property during the day, they may be held financially responsible for all such damage, and if the damage is due to carelessness or negligence on the part of the teachers or principal, the superintendent may hold those in charge of the building responsible for the damage, and if it is not repaired before the close of a term, a sufficient amount may be deducted from their final vouchers to repair the damage for which they are responsible.

If any child in school shall carelessly or wilfully damage school property, the teacher or principal shall report the damage to the parent, and if the parent refuses to pay the cost of repairing the same, the teacher or principal shall report the offense to the superintendent of schools.

It shall be the duty of all principals to report immediately to their respective superintendents any unsanitary condition, damage to school property or needed repair. (1955, c. 1372, art. 17, s. 7.)

§ 115-150. Authority and duty of principal generally.—The principal of a district is the executive school officer of a district, and the principal of a school is the executive officer of that school. The principal shall have authority to grade and classify pupils and exercise discipline over the pupils of the district or schools. The principal of a district shall make all reports to the county superintendent and the principal of a school shall make reports to the district principal, and in their capacity as principals, they shall give suggestions to teachers for the improvement of instruction. And it shall be the duty of each teacher, including teachers of vocational agriculture, vocational home economics, trades and industries, in a district or in a school to cooperate with the principal in every way possible to promote good teaching in the school and a progressive community spirit among its patrons.

It shall be the duty of the principal to conduct a fire drill during the first week after the opening of school and thereafter at least one fire drill each school month, in each building in his charge, where children are assembled. Fire drills shall include all pupils and school employees, and the use of various ways of egress to simulate evacuation of said buildings under various conditions, and such other regulations as shall be prescribed for fire safety by the Insurance Commissioner, the Superintendent of Public Instruction and the State Board of Education. A copy of such regulations shall be kept posted on the bulletin board in each building.

It shall be the duty of each principal to inspect each of the buildings in his charge at least twice each month during the regular school session. This inspection shall include cafeterias, gymnasiums, boiler rooms, storage rooms, auditoriums and stage area as well as all class rooms. This inspection shall be for the purpose of keeping the buildings safe from the accumulation of trash and other fire hazards.

It shall be the duty of the principal to file a written report once each month during the regular school session with his local school committee, and two copies of this report with the superintendent of his administrative unit, one copy of which shall be transmitted by the superintendent to the chairman of the county or city board of education. This report shall state the date the last fire drill was held, the time consumed in evacuating each building, that the inspection has been made as prescribed by law and such other information as is deemed necessary for fire safety by the Insurance Commissioner, the Superintendent of Public Instruction and the State Board of Education. (1955, c. 1372, art. 17, s. 8; 1957, c. 843; 1959, c. 573, s. 13.)

Editor's Note. — The 1957 amendment added the last three paragraphs so as to place certain responsibility upon the principals of the public schools with regard to fire safety.

The 1959 amendment inserted "simu-

late" in lieu of "assimilate" in the fifth line of the second paragraph and repealed the former last paragraph which pertained to the failure of a principal to perform the duties imposed by this section.

§ 115-150.1. Duty of principal regarding fire hazards.—The principal of every public school in the State shall have the following duties regarding fire hazards during periods when he is in control of a school:

- (1) Every principal shall make certain that all corridors, halls, and tower stairways which are used for exits shall always be kept clear and that nothing shall be permitted to be stored or kept in corridors or halls, or in, on or under stairways that could in any way interfere with the orderly exodus of occupants. The principal shall make certain that all doors used for exits shall be kept in good working condition. During the occupancy of the building or any portion thereof by the public or for school purposes, the principal shall make certain that all doors necessary for prompt and orderly exodus of the occupants are kept unlocked.
- (2) Every principal shall make certain that no electrical wiring shall be installed within any school building or structure or upon the premises and that no alteration or addition shall be made in any existing wiring, except with the authorization of the superintendent. Any such work shall be performed by a licensed electrical contractor, or by a maintenance electrician regularly employed by the board of education and approved by the Commissioner of Insurance.
- (3) Every principal shall make certain that combustible materials necessary to the curriculum and for the operation of the school shall be stored in a safe and orderly manner.
- (4) Every principal shall make certain that all supplies, such as oily rags, mops, etc., which may cause spontaneous combustion, shall be stored in an orderly manner in a well-ventilated place.
- (5) Every principal shall make certain that all trash and rubbish shall be removed from the school building daily. No trash or rubbish shall be permitted to accumulate in a school attic, basement or other place on the premises.
- (6) Every principal shall cooperate in every way with the authorized building inspector, electrical inspector, county fire marshal or other designated person making the inspections required by G. S. 115-150.2.

It shall further be the duty of the principal to bring to the attention of the local superintendent of schools the failure of the building inspector, electrical inspector, county fire marshal, or other person to make the inspections required by G. S. 115-150.2. It shall further be the duty of the principal to call to the attention of the superintendent of schools all recommendations growing out of the inspections, in order that the proper authorities can take steps to bring about the necessary corrections. (1957, c. 844; 1959, c. 573, s. 14.)

Editor's Note. — Chapter 573, Session in school facilities, and substituted this Laws 1959, repealed former § 115-150.1, and the two following sections therefor, which related to reduction of fire hazards

§ 115-150.2. Inspection of schools for fire hazards; reports; rules and regulations; removal or correction of hazard.—Every public school building in the State shall be inspected every four months in accordance with the following plan: Provided, that the periodic inspections herein required shall be at least 90 days apart:

- (1) Each school building shall be inspected to make certain that none of the fire hazards enumerated in subdivisions (1), (3), (4) and (5) of G. S. 115-150.1 exist, and to insure that all heating, mechanical, electrical, gas, and other equipment and appliances are properly in-

stalled and maintained in a safe and serviceable manner as prescribed by the North Carolina Building Code. Following each inspection, the person or persons making the inspection shall furnish to the principal of the school a written report of conditions found during inspection, upon forms furnished by the Commissioner of Insurance, and the person or persons making the inspection shall also furnish a copy of the report to the superintendent of schools; the superintendent shall keep such copy on file for a period of three years. In addition to the periodic inspections herein required, any alterations or additions to existing school buildings or to school building utilities or appliances shall be inspected immediately following completion.

- (2) The board of county commissioners of each county shall designate the person or persons to make the inspections and reports required by subdivision (1) of this section. The board may designate any city or county building inspector, any city or county fire prevention bureau, any city or county electrical inspector, the county fire marshal, or any other qualified person or persons, but no person shall make any electrical inspection unless he shall be qualified as required by G. S. 160-122. Nothing in G. S. 115-150.1 to 115-150.3 shall be construed as prohibiting two or more counties from designating the same person or persons to make the inspections and reports required by subdivision (1) of this section. The board of county commissioners shall compensate or provide for the compensation of the person or persons designated to make all such inspections and reports. The board of county commissioners may make appropriations in the general fund of the county to meet the costs of such inspections, or in the alternative the board may add appropriations to the school current expense fund to meet the costs thereof: Provided, that if appropriations are added to the school current expense fund, such appropriations shall be in addition to and not in substitution of existing school current expense appropriations.
- (3) It shall be the duty of the State Commissioner of Insurance, the State Superintendent of Public Instruction, and the State Board of Education to prescribe any additional rules and regulations which they may deem necessary in connection with such inspections and reports for the reduction of fire hazards and protection of life and property in public schools.
- (4) It shall be the duty of each principal to make certain that all fire hazards, called to his attention in the course of the inspections and reports required by subdivision (1) of this section, are immediately removed or corrected, if such removal or correction can be accomplished by the principal. If such removal or correction cannot be accomplished by the principal, it shall be the duty of the principal to bring the matter to the attention of the superintendent.
- (5) It shall be the duty of each superintendent of schools to make certain that all fire hazards, called to his attention in the course of the inspections and reports required by subdivision (1) of this section and not removed or corrected by the principals as required by subdivision (4) of this section, are removed or corrected, if such removal or correction can be brought about within the current appropriations available to the superintendent. Where any removal or correction of a hazard will require the expenditure of funds in excess of current appropriations, it shall be the duty of the superintendent to bring the matter to the attention of the appropriate board of education, and the board of education in turn shall bring the same to the attention of the board of county commissioners, in order that immediate steps be

taken, within the framework of existing law, to remove or correct the hazard. (1957, c. 844; 1959, c. 573, s. 14.)

§ 115-150.3. Liability for failure to perform duties imposed by sections 115-150 to 115-150.2.—Any person wilfully failing to perform any of the duties imposed by G. S. 115-150, 115-150.1 or 115-150.2, shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars (\$500.00) in the discretion of the court. (1957, c. 844; 1959, c. 573, s. 14.)

§ 115-151. Salary increments for experience to teachers, principals and superintendents in armed and auxiliary forces.—The State Board of Education, in fixing the State standard salary schedule of teachers, principals and superintendents as authorized by law, shall provide that teachers, principals and superintendents who entered the armed or auxiliary forces of the United States after September sixteenth, one thousand nine hundred and forty, and who left their positions for such service, shall be allowed experience increments for the period of such service as though the same had not been interrupted thereby, in the event such persons return to the positions of teachers, principals, or superintendents in the public schools of the State after having been honorably discharged from the armed or auxiliary forces of the United States. (1955, c. 1372, art. 17, s. 9.)

ARTICLE 18.

Certification and Salaries of Employees; Workmen's Compensation.

§ 115-152. Certificate prerequisite to employment.—All teachers, supervisors and other professional personnel employed in the public schools of the State, or in schools receiving public funds, shall be required to hold certificates in accordance with the law, and no contract for employment shall be valid until the certificate is secured: Provided, that nothing herein shall prevent the employment of temporary personnel under such rules as the State Board of Education may prescribe: Provided, further, that no person shall be employed to teach who is under eighteen years of age. (1955, c. 1372, art. 18, s. 1.)

§ 115-153. Certifying and regulating the grade and salary of teachers.—The State Board of Education shall have entire control of certifying all applicants for teaching, supervisory, and professional positions in all public elementary and high schools of North Carolina; and it shall prescribe the rules and regulations for the renewal and extension of all certificates, and shall determine and fix the salary for each grade and type of certificate which it authorizes. (1955, c. 1372, art. 18, s. 2.)

§ 115-154. Local approval of certificate required.—No certificate issued by the board shall be valid until approved and signed by the superintendent of the administrative unit in which the holder of said certificate resides, or contracts to teach, and the certificate when so approved shall be of State-wide validity. Should any superintendent refuse to approve and sign any such certificate, he shall notify the State Board of Education and state in writing the reasons for such refusal. The said Board shall have the right, upon appeal by the holder of said certificate, to review and investigate and finally determine the matter. (1955, c. 1372, art. 18, s. 3.)

§ 115-155. Employment of persons without certificate unlawful; salaries not paid.—It shall be unlawful for any board of education or school committee to employ or to keep in service any teacher, supervisor, or other professional school personnel who does not hold a certificate in compliance with the provisions of law or in accordance with the regulations of the State Board of Education governing emergency substituted personnel.

The county or city superintendent, or other official, is forbidden to approve any voucher for salary for any personnel employed in violation of the provisions of this section and the treasurer of the county or of the city schools is hereby forbidden to pay out of the school funds the salary of any such person. (1955, c. 1372, art. 18, s. 4.)

§ 115-156. **Colleges to aid as to certificates.**—Each and every college or university of the State is hereby authorized to aid public school teachers or prospective teachers in securing, raising, or renewing their certificates, in accordance with the rules and regulations of the State Board of Education. (1955, c. 1372, art. 18, s. 5.)

§ 115-157. **Pay of school officials and other employees.**—Teachers and principals shall be paid promptly when their salaries are due, provided they have been properly elected, have executed their contracts, and deposited a copy of the same with their respective boards of education, and have taught a school month of twenty days, or for a less number of days when their employment is terminating. All such teachers and principals employed by any administrative unit or any school district, who are to be paid from local funds, shall be paid promptly as provided by law and as State allotted teachers and principals are paid.

Public school employees paid from State funds shall be paid as follows:

Salary vouchers for the payment of all State allotted teachers, principals, and others employed for the school term shall be issued each month to such persons as are entitled to same. The salaries of superintendents and others employed on an annual basis shall be paid per calendar month: Provided, that teachers may be paid in twelve equal monthly installments in such administrative units as shall request the same of the State Board of Education on or before October first of each school year. Before such request shall be filed, it shall be approved by the board of education, the superintendent, and a majority of the teachers in said administrative unit. The payment of the annual salary in twelve installments instead of nine shall not increase or decrease said annual salary nor in any other way alter the contract made between the teacher and the said administrative unit; nor shall such payment apply to any teacher who is employed for a period of less than nine months. Classified principals in the public schools of the State shall be employed for a term of ten (10) months and shall be paid on the basis of ten (10) months' service.

The State Board of Education is authorized to prescribe what portion of said extra month shall apply to services rendered before the opening of the school term and after the closing of the school year and to fix and regulate the duties of principals during said extra month.

The State Board of Education may, in its discretion and under such rules and regulations as it may prescribe, provide for the payment of the salaries of regular State allotted teachers in ten (10) equal monthly payments. It shall also provide for the salaries of vocational teachers in such monthly payments as may be desirable and in accordance with rules and regulations prescribed for the operation of the vocational program and in accordance with federal laws and regulations relating to such funds.

In any administrative unit which shall request the same of the State Board of Education on or before August 1 of each school year, teachers may be paid in nine equal payments on the basis of service for nine school months, such payments to be made on the same fixed date in each calendar month during the school term as determined by the county or city board of education: Provided, that the county or city board of education shall sustain any loss by reason of an overpayment to any teacher or principal. Principals shall be paid during the school term on the same date as the teachers are paid.

All of the foregoing provisions of this section shall be subject to the require-

ments that if the Old Age and Survivors Insurance Program of the Federal Social Security Act is coordinated with the Teachers and State Employees Retirement System pursuant to enactments of the General Assembly of 1955, then and in that event at least fifty dollars (\$50.00) or other minimum amount required by Federal Social Security Laws, of the compensation of every teacher, principal or other school employee covered by the Teachers and State Employees Retirement System or otherwise eligible for Federal Social Security coverage, shall be paid in each of the four quarters of the calendar year. (1955, c. 1372, art. 18, s. 6.)

Approval of Vouchers. — Mandamus is the proper action to compel a superintendent to approve a teacher's voucher. The claim is not a money demand. If there are any reasons why the vouchers should

not be signed they are matters to be heard by the court, but the signing by the superintendent is a mere ministerial duty. *Ducker v. Venable*, 126 N. C. 447, 35 S. E. 818 (1900).

§ 115-158. Authority of superintendent to issue salary vouchers. —The authority for a superintendent to issue vouchers for the salary of all school employees, whether paid from State or local funds, shall be a monthly payroll, prepared on forms furnished by the State Board of Education and containing all information required by the controller of the State Board of Education. This monthly payroll shall be signed by the principal of the school in city administrative units, and in county administrative units by the principal and the chairman of the local committee. If any voucher so drawn is chargeable against district funds, the amount so charged and the district to which said amount is charged shall be specified on the voucher.

No deductions shall be made from salaries of teachers of vocational agriculture and home economics whose salaries are paid in part from State and federal vocational funds while in attendance upon community, county and State meetings called for the specific purpose of promoting the agricultural interests of North Carolina, when such attendance is approved by the superintendent of the administrative unit and the State Director of Vocational Education. (1955, c. 1372, art. 18, s. 7.)

§ 115-159. Cashing vouchers and payment of sums due on death of school employees.—In the event of the death of any superintendent, teacher, principal, or other school employee, before cashing any voucher which has been issued for services rendered or to whom payment is due for services rendered, when there is no administration upon the estate of such person, such voucher may be cashed by the clerk of the superior court of the county in which such deceased person resided, or a voucher due for such services may be made payable to such clerk, who will be authorized to pay out such sums in the following manner:

- (1) For satisfaction of widow's year's allowance, if such is claimed.
- (2) For funeral expense and medical and doctor's bills for the last illness of the deceased, and any taxes due the State or local government.

If any surplus remains, the clerk of the superior court shall appoint and pay the surplus to an administrator. The clerk shall receive no commission for making such payment to the administrator and the administrator shall receive no commission for receiving such surplus from the clerk. (1955, c. 1372, art. 18, s. 8.)

§ 115-160. Workmen's Compensation Act applicable to school employees. — The provisions of the Workmen's Compensation Act shall be applicable to all school employees, and the State Board of Education shall make such arrangements as are necessary to carry out the provisions of the Workmen's Compensation Act as are applicable to such employees as are paid from State school funds. Liability of the State for compensation shall be confined to school employees paid by the State from State school funds for injuries or death

caused by accident arising out of and in the course of their employment in connection with the State operated nine months' school term. The State shall be liable for said compensation on the basis of the average weekly wage of such employees as defined in the Workmen's Compensation Act, whether all of said compensation for the nine months' school term is paid from State funds or in part supplemented by local funds. The State shall also be liable for workmen's compensation for all school employees employed in connection with the teaching of vocational agriculture, home economics, trades and industries, and other vocational subjects, supported in part by State and federal funds, which liability shall cover the entire period of service of such employees. The county and city administrative units shall be liable for workmen's compensation for school employees, including lunchroom employees, whose salaries or wages are paid by such local units from local or special funds. Such local units are authorized and empowered to provide insurance to cover such compensation liability and to include the cost of such insurance in their annual budgets.

The provisions of this section shall not apply to any person, firm or corporation making voluntary contributions to schools for any purpose, and such person, firm or corporation shall not be liable for the payment of any sum of money under this subchapter. (1955, c. 1372, art. 18, s. 9.)

The expression "arising out of and in the course of their employment," as used in this section, carries the same meaning and calls for the same interpretation and application as does the similar expression appearing in the text of the Workmen's Compensation Act, § 97-2, subdivision (6). *Sweatt v. Rutherford County Board of Education*, 237 N. C. 653, 75 S. E. (2d) 738 (1953).

Murder of high school principal by student held not to arise out of school employment. *Sweatt v. Rutherford County Board of Education*, 237 N. C. 653, 75 S. E. (2d) 738 (1953).

Maintenance Work Paid for by Municipal Board.—The findings of fact of the Industrial Commission, supported by evidence, were to the effect that claimant employee was employed as janitor of a school

for 8 months out of the year, his salary for this work being paid in part by the State School Commission, and was also employed in school maintenance work outside of his regular working hours as janitor and during the remaining four months of the year, his compensation for maintenance work being paid exclusively by the municipal board of education, and that he was injured in the course of his employment in maintenance work after regular hours in a school of which he was not custodian. It was held that the findings support the conclusion of law that he was injured during his employment by the municipal board of education and that the municipal board and its carrier are solely liable for compensation for his injury. *Casey v. Board of Education*, 219 N. C. 739, 14 S. E. (2d) 853 (1941).

ARTICLE 18A.

Payroll Savings Plan for Purchase of United States Bonds.

§ 115-160.1. **Authority of administrative school unit to establish plan.**—The State Board of Education may authorize any county or city administrative school unit within the State to establish a voluntary payroll deduction plan for the purchase of United States Savings Bonds by the employees of such county or city administrative unit, and to set up the necessary machinery for carrying out the purposes of this article. (1957, c. 751, s. 1.)

§ 115-160.2. **Agreement between employee and board of education.**—Any employee of any county or city administrative school unit within the State may enter into a written agreement with the county or city board of education by which he is employed and which has adopted such payroll savings plan to authorize deductions from his salary of certain designated sums to be invested in United States Savings Bonds of the kind and type specified in such agreement. (1957, c. 751, s. 2.)

§ 115-160.3. Payroll deductions and investment in United States Savings Bonds. — Upon execution of such agreement by an employee of any county or city administrative school unit the county or city board of education employing such person is authorized and empowered to deduct the sum specified in said agreement from the weekly or monthly salary of such employee and to show deductions on all payrolls in a manner similar to that in which withholding tax and retirement are shown. Such sums shall be deposited monthly with a depository authorized by the United States Treasury Department. The sums so deposited shall be held by the depository until sufficient moneys have accumulated to the credit of each individual sufficient to purchase a bond, and such sums shall be invested in United States Savings Bonds for and on behalf of such employee, and the bonds shall be delivered to the employee as soon as practicable. Provided that no coercion shall be exercised to require any person to participate in such plan. (1957, c. 751, s. 3.)

§ 115-160.4. Cancellation of agreement; refund to employee. — Such agreement may be cancelled by the employee executing the same by giving written notice to the county or city superintendent of schools who is ex officio secretary to the county or city board of education, not later than the 15th day of the month in which he desires such agreement to be terminated; and the county or city board of education may cancel any agreement herein provided for upon giving ten (10) days' written notice to the affected employee. Upon the termination of the agreement, the depository is hereby authorized and directed to refund any amount of money held for such employee. (1957, c. 751, s. 4.)

SUBCHAPTER VIII. PUPILS.

ARTICLE 19.

Census, Admissions and Attendance.

§ 115-161. Continuous school census. — The State Board of Education shall adopt such rules and regulations as may be necessary for taking a complete census of the school population and for installing and keeping in the office of the county and city superintendent in each school administrative unit of the State a continuous census of the school population. The cost of taking and keeping the census shall be included in the budget and shall be paid out of the current expense fund. If any parent, guardian, or other person having the custody of a child, refuses to give any properly authorized census taker the necessary information to enable such person to obtain an accurate and correct census, or shall knowingly and wilfully make any false statement relative to the age or the mental or physical condition of any child, he shall be deemed guilty of a misdemeanor and upon conviction shall be fined not to exceed twenty-five dollars (\$25.00) or imprisoned not to exceed thirty days, in the discretion of the court. (1955, c. 1372, art. 19, s. 1.)

§ 115-162. Age requirement and time of enrollment. — Children to be entitled to enrollment in the public schools for the school year 1955-1956, and each year thereafter, must have passed the sixth anniversary of their birth before October first of the year in which they enroll, and must enroll during the first month of the school year: Provided, that if a particular child has already been attending school in another state in accordance with the laws or regulations of the school authorities of such state before moving to and becoming a resident of North Carolina, such child will be eligible for enrollment in the schools of this State regardless of whether such child has passed the sixth anniversary of his birth before October first. The State Board of Education is hereby authorized and empowered, in its discretion, to change the above dates of October first. The principal of any public school shall have the authority to require the parents of

any child presented for admission for the first time to such school to furnish a certified copy of the birth certificate of such child, which shall be furnished without charge by the register of deeds of the county having on file the record of the birth of such child, or other satisfactory evidence of date of birth. (1955, c. 1372, art. 19, s. 2.)

§ 115-163. Pupils residing in school district shall have advantages of public schools.—All pupils residing in a school district or attendance area, and who have not been removed from school for cause, shall be entitled to all the privileges and advantages of the public schools of such district or attendance area in such school buildings to which they are assigned by county and city boards of education: Provided, that wherever pupils from nontax units, districts, or attendance areas, are assigned to a school in a tax unit, district, or attendance area, the assignment shall be for only the current school year, unless satisfactory agreements are reached between all units, districts, or attendance areas concerned: Provided, further, that pupils residing in one administrative unit may be assigned either with or without the payment of tuition to a school located in another administrative unit upon such terms and conditions as may be agreed in writing between the boards of education of the administrative units involved and entered upon the official records of such boards: Provided, further, that the assignment of pupils living in one administrative unit or district to a school located in another administrative unit or district, either with or without the payment of tuition, shall have no effect upon the right of the administrative unit or district to which said pupils are assigned to levy and collect any supplemental tax heretofore or hereafter voted in such administrative unit or district: Provided, further, the boards of education of adjacent administrative units may operate schools in adjacent units upon written agreements between the respective boards of education and approval by the county commissioners and the State Board of Education.

Unless otherwise assigned by the county or city board of education, the following pupils are entitled to attend the schools in the district or attendance area in which they reside:

- (1) All pupils of the district or attendance area who have not completed the prescribed course for graduation in the high school.
- (2) All pupils whose parents have recently moved into the unit, district, or attendance area for the purpose of making their legal residence in the same.
- (3) Any pupil or pupils living with either father, mother or guardian who has made his or her permanent home within the district. (1955, c. 1372, art. 19, s. 3.)

State Board No Longer Has Authority to Assign Children from One Unit to Another.—By virtue of the comprehensive rewriting of this chapter by ch. 1372, Sess. Laws of 1955, the State Board no longer has the authority formerly vested in it to

assign children from one administrative unit or district to another for the school term. In re Assignment of School Children, 242 N. C. 500, 87 S. E. (2d) 911 (1955).

§ 115-164. Children at orphanages permitted to attend public schools.—Children living in and cared for and supported by an institution established or incorporated for the purpose of rearing and caring for orphan children shall be considered legal residents of the administrative unit in which the institution is located, and a part or all of said orphan children shall be permitted to attend the public school or schools of their administrative unit: Provided, that the provisions of this section shall be permissive only, and shall not be mandatory. (1955, c. 1372, art. 19, s. 4.)

Failure of Purpose of Trust.—A trust fund created by will for the purpose of educating through high school a girl inmate

of an orphan asylum to be chosen by the board of trustees from time to time did not fall into the residuary clause for fail-

ure of the purpose of the trust on the ground that the State educated orphan children through high school without charge under the provisions of a statute similar to this section, since the statute

made the payment for the education of the children in orphan asylums permissive only. *Humphrey v. Board of Trustees*, 203 N. C. 201, 165 S. E. 547 (1932).

§ 115-165. Children not entitled to attend public schools.—A child afflicted by mental or physical incapacity, or by such nervous disorders as to make it either impossible for such child to profit by instruction given in the public schools or impracticable for the teacher to properly instruct the normal pupils of the school, shall not be permitted to enroll or attend the public schools of the State.

In case such child is presented for enrollment in the public schools, it shall be the duty of the principal of the school to report the case to the county superintendent of public welfare, and it shall be his duty to report all such cases to the State Board of Public Welfare. Whereupon said Board shall make, or cause to be made by qualified psychologists or medical authorities, an examination to ascertain the mental and physical incapacity of said child and report the same to the county or city superintendent of schools concerned. Such examination shall determine whether said child can profit mentally by attending the public schools and whether his physical capacities are such that he can attend school without disturbing the orderly procedure of a normal classroom and the report shall so state. Upon receipt of said report the county or city superintendent of schools is hereby authorized to exclude said child from the public schools. In all such cases in which a child is excluded from schools, a complete record of the transaction shall be filed in the office of the county or city superintendent and shall be available to the parties concerned. If the parent or guardian of such a child persists in forcing his attendance after such report has determined that he should not attend the public schools, he shall be guilty of a misdemeanor and upon conviction shall be punished in the discretion of the court. (1955, c. 1372, art. 19, s. 5.)

ARTICLE 20.

General Compulsory Attendance Law.

§ 115-166. Parent or guardian required to keep child in school; exceptions. — Every parent, guardian or other person in this State having charge or control of a child between the ages of seven and sixteen years shall cause such child to attend school continuously for a period equal to the time which the public school to which the child is assigned and in which he is enrolled shall be in session; provided, this requirement shall not apply with respect to any child when the board of education of the administrative unit in which the child resides finds that:

- (1) Such child is now assigned against the wishes of his parent or guardian, or person standing in loco parentis to such child, to a public school attended by a child of another race and it is not reasonable and practicable to reassign such child to a public school not attended by a child of another race; and
- (2) It is not reasonable and practicable for such child to attend a private nonsectarian school, as defined in article 35 of this chapter.

The principal, superintendent, or teacher who is in charge of such school shall have the right to excuse a child temporarily from attendance on account of sickness, distance of residence from bus route or school, or other unavoidable cause which does not constitute truancy as defined by the State Board of Education. The term "school" as used herein is defined to embrace all public schools and such private schools as have tutors or teachers and curricula that are approved by the county or city superintendent of schools or the State Board of Education.

All private schools receiving and instructing children of a compulsory school

age shall be required to keep such records of attendance and render such reports of the attendance of such children and maintain such minimum curriculum standards as are required of public schools; and attendance upon such schools, if the school or tutor refuses or neglects to keep such records or to render such reports, shall not be accepted in lieu of attendance upon the public school of the district to which the child shall be assigned: Provided, that instruction in a private school or by private tutor shall not be regarded as meeting the requirements of the law unless the courses of instruction run concurrently with the term of the public school in the district and extend for at least as long a term. (1955, c. 1372, art. 20, s. 1; 1956, Ex. Sess., c. 5.)

Editor's Note. — The 1956 amendment added the proviso, which includes subdivisions (1) and (2), to the first paragraph.

For article on North Carolina school legislation, 1956, see 35 N. C. Law Rev. 1.

Sufficiency of Indictment.—For a conviction of failure to keep children in school it is necessary for the indictment to allege, and the State offer evidence tending to show, not only that the parent or guardian of the children within the described age had failed or refused to send them to the public school within the district, but also that such child or children had not been sent to attend school periodically for a period equal to the time which the public school in the district in which they reside shall be in session. *State v. Johnson*, 188 N. C. 591, 125 S. E. 183 (1924).

Failure to Charge as to Other than District School.—Where the indictment does not sufficiently allege the failure of the parent or guardian to send the child to another than the public school in the district, as required by statute, an amendment may be allowed to cure the defect. *State v. Johnson*, 188 N. C. 591, 125 S. E. 183 (1924).

Same — Private Schools. — An indictment charging a parent with unlawful and willfully failing to cause his children, between the ages of 8 and 14 years, to attend the public schools of the district of his and the children's residence, as required by the statute, is defective in not observing the distinction that the parent, having the custody of his children, may have them attend private schools for the required period, and no conviction may be had under the charge set out in the indictment. *State v. Lewis*, 194 N. C. 620, 140 S. E. 434 (1927).

Same—Burden Not on Parent.—Where the indictment is defective in failing to charge that a parent or guardian had also failed to send the child or children to another than the district school, etc., under the provisions of the statute, and the State offers no evidence in respect to it, it is not required that the parent or guardian offer evidence to show that he had complied with the proviso of the statute; and an instruction of the court to the jury placing the burden upon the defendant to so show, is reversible error. *State v. Johnson*, 188 N. C. 591, 125 S. E. 183 (1924).

§ 115-167. **State Board of Education to make rules and regulations; method of enforcement.** — It shall be the duty of the State Board of Education to formulate such rules and regulations as may be necessary for the proper enforcement of the provisions of this article. The Board shall prescribe what shall constitute truancy, what causes may constitute legitimate excuses for temporary nonattendance due to physical or mental inability to attend, and under what circumstances teachers, principals, or superintendents may excuse pupils for nonattendance due to immediate demands of the farm or the home in certain seasons of the year in the several sections of the State. It shall be the duty of all school officials to carry out such instructions from the State Board of Education, and any school official failing to carry out such instructions shall be guilty of a misdemeanor: Provided, that the compulsory attendance law herein prescribed shall not be in force in any city or county that has a higher compulsory attendance feature than that provided herein. (1955, c. 1372, art. 20, s. 2.)

§ 115-168. **Attendance officer; reports; prosecutions.** — The State Superintendent of Public Instruction shall prepare such rules and procedure and furnish such blanks for teachers and other school officials as may be necessary for reporting each case of truancy or lack of attendance to the attendance officer of

the respective administrative units. Such rules shall provide, among other things, for a notification in writing to the person responsible for the nonattendance of any child, that the case is to be reported to the attendance officer of the administrative unit unless the law is complied with immediately. County or city boards of education may employ special attendance officers to be paid from funds provided in the current expense fund budget of such administrative unit and such officers shall have full authority to report and swear to the necessary criminal warrants for violations of this article: Provided, that in any unit where a special attendance officer is employed, the duties of attendance officer or truant officer as provided by law shall, insofar as they relate to such unit, be transferred from the county superintendent of public welfare to the special attendance officer of said unit. (1955, c. 1372, art. 20, s. 3; 1957, c. 600.)

Local Modification. — Graham: 1957, c. 261. "report and swear to the necessary criminal warrants for" for the words "prosecute for."

Editor's Note. — The 1957 amendment substituted in the last sentence the words

§ 115-169. Violation of law; penalty.—Any parent, guardian or other person violating the provisions of this article shall be guilty of a misdemeanor, and upon conviction shall be liable to a fine of not less than five dollars (\$5.00) nor more than twenty-five dollars (\$25.00), and upon failure to pay such fine, the said parent, guardian or other person shall be imprisoned not exceeding thirty days in the county jail. (1955, c. 1372, art. 20, s. 4.)

Local Modification. — Jackson: 1959, c. 94.

§ 115-170. Investigation and prosecution by welfare superintendent or attendance officer.—The county superintendent of public welfare, or school attendance officer, or truant officer provided for by law, shall investigate and prosecute all violators of the provisions of this article. The reports of unlawful absence required to be made by teachers and principals to the attendance officer shall, in his hands, in case of any prosecution, constitute prima facie evidence of the violation of this article and the burden of proof shall be upon the defendant to show the lawful attendance of the child or children upon an authorized school. (1955, c. 1372, art. 20, s. 5.)

§ 115-171. Investigation as to indigency of child. — If affidavit shall be made by the parent of a child or by any other person that any child between the ages of seven and sixteen years is not able to attend school by reason of necessity to work or labor for the support of itself or the support of the family, then the attendance officer shall diligently inquire into the matter and bring it to the attention of some court allowed by law to act as a juvenile court, and said court shall proceed to find whether as a matter of fact such parents, or persons standing in loco parentis, are unable to send said child to school for the term of compulsory attendance for the reasons given. If the court shall find, after careful investigation, that the parents have made or are making bona fide effort to comply with the compulsory attendance law, and by reason of illness, lack of earning capacity, or any other cause which the court may deem valid and sufficient, are unable to send said child to school, then the court shall find and state what help is needed for the family to enable the attendance law to be complied with. The court shall transmit its findings to the superintendent of public welfare of the county or city in which the case may arise for such welfare officer's consideration and action. (1955, c. 1372, art. 20, s. 6.)

§ 115-172. Deaf and blind children to attend school; age limits; minimum attendance. — Every deaf and every blind child of sound mind in North Carolina who shall be qualified for admission into a State school for the deaf or the blind shall attend a school for the deaf or the blind for a term of nine

months each year between the ages of six and eighteen years. Parents, guardians, or custodians of every such blind or deaf child between the ages of six and eighteen years shall send, or cause to be sent, such child to some school for the instruction of the blind or deaf as herein provided: Provided, that the board of directors of any school for the blind or deaf may exempt any such child from attendance at any session or during any year, and may discharge from their custody any such blind or deaf child whenever such discharge seems necessary or proper. Whenever a blind or deaf child shall reach the age of eighteen years and still unable to become self-supporting because of his defects, such child shall continue in said school until he reaches the age of twenty-one, unless he becomes self-supporting sooner. (1955, c. 1372, art. 20, s. 7.)

§ 115-173. Parents, etc., failing to send deaf child to school guilty of misdemeanor; proviso.—The parents, guardians, or custodians of any deaf children between the ages of six and eighteen years failing to send such deaf child or children to some school for instruction, as provided herein, shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, at the discretion of the court, for each year said deaf child is kept out of school, between the ages herein provided: Provided, that this section shall not apply to or be enforced against the parent, guardian, or custodian of any deaf child until such time as the superintendent of any school for the instruction of the deaf, by and with the approval of the executive committee of such institution, shall in his and their discretion serve written notice on such parent, guardian, or custodian, directing that such child be sent to the institution whereof they have charge. (1955, c. 1372, art. 20, s. 8.)

§ 115-174. Parents, etc., failing to send blind child to school guilty of misdemeanor; provisos.—The parents, guardians, or custodians of any blind child or children between the ages of six and eighteen years failing to send such child or children to some school for the instruction of the blind shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, at the discretion of the court, for each year that such child or children shall be kept out of school between the ages specified: Provided,

- (1) That this section not be enforced against the parents, guardians, or custodians of any blind child until such time as the authorities of some school for the instruction of the blind shall serve written notice on such parents, guardians, or custodians directing that such child be sent to the school whereof they have charge; and
- (2) That the authorities of the State School for the Blind and the Deaf shall not be compelled to retain in their custody or under their instruction any incorrigible person or persons of confirmed immoral habits. (1955, c. 1372, art. 20, s. 9.)

§ 115-175. Superintendent to report defective children.—It shall be the duty of the county and city superintendents to report through proper legal channels, the names and addresses of parents, guardians, or custodians of deaf, mute, blind and feeble-minded children to the principal of the institution provided for each. (1955, c. 1372, art. 20, s. 10.)

ARTICLE 21.

Assignment and Enrollment of Pupils.

§ 115-176. Authority to provide for assignment and enrollment of pupils; rules and regulations.—Each county and city board of education is hereby authorized and directed to provide for the assignment to a public school of each child residing within the administrative unit who is qualified under the laws of this State for admission to a public school. Except as otherwise pro-

vided in this article, the authority of each board of education in the matter of assignment of children to the public schools shall be full and complete, and its decision as to the assignment of any child to any school shall be final. A child residing in one administrative unit may be assigned either with or without the payment of tuition to a public school located in another administrative unit upon such terms and conditions as may be agreed in writing between the boards of education of the administrative units involved and entered upon the official records of such boards. No child shall be enrolled in or permitted to attend any public school other than the public school to which the child has been assigned by the appropriate board of education. In exercising the authority conferred by this section, each county and city board of education shall make assignments of pupils to public schools so as to provide for the orderly and efficient administration of the public schools, and provide for the effective instruction, health, safety, and general welfare of the pupils. Each board of education may adopt such reasonable rules and regulations as in the opinion of the board are necessary in the administration of this article. (1955, c. 366, s. 1; 1956, Ex. Sess., c. 7, s. 1.)

Editor's Note. — The 1956 amendment rewrote this section, making it applicable to the assignment of pupils and to rules and regulations.

For comment on this article, see 33 N. C. Law Rev. 552. For article on North Carolina school legislation, 1956, see 35 N. C. Law Rev. 1.

Constitutionality. — The standards set forth in § 115-177 as it stood before the 1956 amendment thereto, which standards were the same as those now set forth in the next to the last sentence of this section, were not on their face insufficient to sustain the exercise of the administrative power conferred. *Carson v. Warlick*, 238 F. (2d) 724 (1956).

History of Article.—See *In re Application for Reassignment*, 247 N. C. 413, 101 S. E. (2d) 359 (1958).

Authority for Assignment and Enrollment of Pupils Is Vested Solely in Local Boards. — While State officials are given broad general powers over the public school system, specific authority for the assignment and enrollment of pupils in all city and county administrative units throughout the State is vested solely in county and city boards of education. There is no provision giving the State officials any authority or control whatever over local school officials relating to the enrollment and assignment of pupils in the public schools. *Jeffers v. Whitley*, 165 F. Supp. 951 (1958).

State officials are not indispensable and necessary parties to an action to compel desegregation of schools in a county. *Jeffers v. Whitley*, 165 F. Supp. 951 (1958).

Members of the State Board of Educa-

tion and the State Superintendent of Public Instruction are neither necessary nor proper parties in actions involving the assignment and enrollment of pupils under this and the following sections. *Covington v. Edwards*, 165 F. Supp. 957 (1958).

Administrative Remedy Must Be Exhausted.—The administrative remedy provided by this article for persons who feel that they have not been assigned to the schools that they are entitled to attend must be exhausted before the federal courts will give relief. *Carson v. Board of Education*, 227 F. (2d) 789 (1955); *Carson v. Warlick*, 238 F. (2d) 724 (1956); *Holt v. Raleigh City Board of Education*, 164 F. Supp. 853 (1958); *Jeffers v. Whitley*, 165 F. Supp. 951 (1958); *Covington v. Edwards*, 264 F. (2d) 780 (1959).

A contention that even if the Assignment and Enrollment of Pupils Act is constitutional it need not be complied with in the instant case because the provisions of the act were being unconstitutionally applied was completely untenable in view of the fact that there was no allegation that any of the plaintiffs ever sought to comply with the provisions of the act. Not until each of the plaintiffs had applied to the county board of education as individuals, and not as a class, for reassignment, and had failed to be given the relief sought, should the court be asked to interfere in school administration. *Covington v. Edwards*, 165 F. Supp. 957 (1958).

§ 115-177. Methods of giving notice in making assignments of pupils.—In exercising the authority conferred by § 115-176, each county or city

board of education may, in making assignments of pupils, give individual written notice of assignment, on each pupil's report card or by written notice by any other feasible means, to the parent or guardian of each child or the person standing in loco parentis to the child, or may give notice of assignment of groups or categories of pupils by publication at least two times in some newspaper having general circulation in the administrative unit. (1955, c. 366, s. 2; 1956, Ex. Sess., c. 7, s. 2.)

§ 115-178. Application for reassignment; notice of disapproval; hearing before board. — The parent or guardian of any child, or the person standing in loco parentis to any child, who is dissatisfied with the assignment made by a board of education may, within ten (10) days after notification of the assignment, or the last publication thereof, apply in writing to the board of education for the reassignment of the child to a different public school. Application for reassignment shall be made on forms prescribed by the board of education pursuant to rules and regulations adopted by the board of education. If the application for reassignment is disapproved, the board of education shall give notice to the applicant by registered mail, and the applicant may within five (5) days after receipt of such notice apply to the board for a hearing, and shall be entitled to a prompt and fair hearing on the question of reassignment of such child to a different school. A majority of the board shall be a quorum for the purpose of holding such hearing and passing upon application for reassignment, and the decision of a majority of the members present at the hearing shall be the decision of the board. If, at the hearing, the board shall find that the child is entitled to be reassigned to such school, or if the board shall find that the reassignment of the child to such school will be for the best interests of the child, and will not interfere with the proper administration of the school, or with the proper instruction of the pupils there enrolled, and will not endanger the health or safety of the children there enrolled, the board shall direct that the child be reassigned to and admitted to such school. The board shall render prompt decision upon the hearing, and notice of the decision shall be given to the applicant by registered mail. (1955, c. 366, s. 3; 1956, Ex. Sess., c. 7, s. 3.)

Editor's Note. — The 1956 amendment rewrote this section which formerly related to hearing before board upon denial of application for enrollment.

The combination of investigatory and quasi-judicial powers is established practice generally approved by the courts and subject to judicial review in case of abuse. In the operation of the public schools, such an arrangement is well-nigh essential and the North Carolina statute implies that both functions shall be exercised by the boards of education. *Holt v. Raleigh City Board of Education*, 265 F. (2d) 95 (1959), affirming 164 F. Supp. 853 (1958).

The provisions of this section place the authority in the county boards of education to make the assignment and enrollment of pupils and contain no direction for the participation of the State Board of Education in these matters. A motion to amend the complaint to join these officials as additional defendants was denied

in the instant case. *Covington v. Edwards*, 264 F. (2d) 780 (1959).

Right of Parent to Apply for Enrollment of Child in School.—The provisions of this section authorize the parent to apply to the appropriate public school official for the enrollment of his child or children by name in any public school within the county or city administrative unit in which such child or children reside. But such parent is not authorized to apply for admission of any child or children other than his own unless he is the guardian of such child or children or stands in loco parentis to such child or children. *Joyner v. McDowell County Board of Education*, 244 N. C. 164, 92 S. E. (2d) 795 (1956).

Right to Apply for Reassignment Is Limited to Parent, Guardian or Person in Loco Parentis.—The language of this section is clear with respect to the right to apply for a reassignment. That right

is limited to the parent, guardian, or person standing in loco parentis to the child seeking reassignment. Notice of the board's decision must be given applicant or his parent. No notice is required to be given to the parents of other children; they are not parties to the hearing; they are not entitled to notice of the board's decision. In re Application for Reassignment, 247 N. C. 413, 101 S. E. (2d) 359 (1958).

Separate Suit for Each Child Is Not Required.—The dismissal of a suit by several parents of school children on the ground that they had not exhausted their administrative remedies does not mean that there must be a separate suit for each child on whose behalf it is claimed that an application for reassignment has been improperly denied. There can be no objection to the joining of a number of applicants in the same suit as has been done in other cases. The county board of education, however, is entitled, to consider each application on its individual merits, and if this is done without unnecessary delay and with scrupulous observance of individual constitutional rights, there will be no just cause for complaint. Covington v. Edwards, 264 F. (2d) 780 (1959).

§ 115-179. Appeal from decision of board.—Any person aggrieved by the final order of the county or city board of education may at any time within ten (10) days from the date of such order appeal therefrom to the superior court of the county in which such administrative school unit or some part thereof is located. Upon such appeal, the matter shall be heard de novo in the superior court before a jury in the same manner as civil actions are tried and disposed of therein. The record on appeal to the superior court shall consist of a true copy of the application and decision of the board, duly certified by the secretary of such board. If the decision of the court be that the order of the county or city board of education shall be set aside, then the court shall enter its order so providing and adjudging that such child is entitled to attend the school as claimed by the appellant, or such other school as the court may find such child is entitled to attend, and in such case such child shall be admitted to such school by the county or city board of education concerned. From the judgment of the superior court an appeal may be taken by an interested party or by the board to the Supreme Court in the same manner as other appeals are taken from judgments of such court in civil actions. (1955, c. 366, s. 4.)

Appeal Must Be Prosecuted in Behalf of Child by Interested Parent.—An appeal to the superior court from the denial of an application made by any parent, guardian or person standing in loco parentis to any child or children for the admission of such child or children to a particular school, must be prosecuted in behalf of the child or children by the interested parent, guardian or person standing in loco parentis to such child or children respectively and not collectively. Joyner v.

Failure of Parents and Child to Appear before Board for Interrogation.—A board of education, requested to transfer a child from one school to another, was clearly within its right before making its initial decision in requesting the child and his parents to appear for interrogation, and they on their part were clearly delinquent in refusing to attend and to furnish all relevant information in their possession. They were not justified in deferring their appearance until the "formal hearing" provided by this section for a review of an adverse decision, or on failing, even at that stage, to appear in person and submit to examination by members of the board. Thus they were not entitled to appeal for relief to the federal court, not having exhausted the remedies afforded them by the statutes of the State. Holt v. Raleigh City Board of Education, 265 F. (2d) 95 (1959), affirming 164 F. Supp. 853 (1958).

The "person aggrieved" as used in this section means the person who makes application for the particular child for reassignment. In re Application for Reassignment, 247 N. C. 413, 101 S. E. (2d) 359 (1958).

Parents of Other Children Attending Schools to Which Reassignments Are

Made May Not Appeal.—Where a municipal board of education grants the applications for reassignment of certain pupils, appeal from its decision may be taken as to each child only by the child's parent, guardian or person standing in loco parentis, and the parents of other children attending the schools to which the reassignments are made are not the parties aggrieved by such reassignments within the purview of this section, and have no standing in court to contest the assignments. Moreover, each reassignment must be challenged separately; reassignments cannot be challenged en masse. In re Application for Reassignment, 247 N. C. 413, 101 S. E. (2d) 359 (1958).

Application for Mandamus Requiring Integration of Negro Pupils Not Authorized.—An application for mandamus, requiring the immediate integration of all

Negro pupils residing in the administrative unit, is neither contemplated nor authorized by this section. *Joyner v. McDowell County Board of Education*, 244 N. C. 164, 92 S. E. (2d) 795 (1956).

Right to Pursue Remedies for Denial of Constitutional Rights in Federal Courts.—

The appeals to the courts which this article provides are judicial, not administrative, remedies, and after administrative remedies before the school boards have been exhausted, judicial remedies for denial of constitutional rights may be pursued at once in the federal courts without pursuing State court remedies. *Carson v. Warlick*, 238 F. (2d) 724 (1956); *Holt v. Raleigh City Board of Education*, 164 F. Supp. 853 (1958); *Covington v. Edwards*, 264 F. (2d) 780 (1959).

SUBCHAPTER IX. SCHOOL TRANSPORTATION.

ARTICLE 22.

School Buses.

§ 115-180. Authority of county and city boards of education. — Each county board of education, and each city board of education is hereby authorized, but is not required, to acquire, own and operate school buses for the transportation of pupils enrolled in the public schools of such county or city administrative unit and of persons employed in the operation of such schools within the limitations set forth in this subchapter. Each such board may operate such buses to and from such of the schools within the county or city administrative unit, and in such number, as the board shall from time to time find practicable and appropriate for the safe, orderly and efficient transportation of such pupils and employees to such schools. (1955, c. 1372, art. 21, s. 1.)

§ 115-181. Authority and duties of State Board of Education.—(a) The State Board of Education shall have no authority over or control of the transportation of pupils and employees upon any school bus owned and operated by any county or city board of education, except as provided in this subchapter.

(b) The State Board of Education shall be under no duty to supply transportation to any pupil or employee enrolled or employed in any school. Neither the State nor the State Board of Education shall in any manner be liable for the failure or refusal of any county or city board of education to furnish transportation, by school bus or otherwise, to any pupil or employee of any school, or for any neglect or action of any county or city board of education, or any employee of any such board, in the operation or maintenance of any school bus.

(c) The State Board of Education shall, as soon as may be practicable, allocate and assign all school buses and service vehicles now owned by the State to respective county and city boards of education in accordance with the present need of each such board for school bus transportation. Such need shall be determined by the State Board of Education from its records showing the number of State-owned buses and service vehicles presently being operated by such county or city administrative unit. Upon such assignment and allocation of such school buses and service vehicles the State Board of Education shall cause the title to each such bus or service vehicle to be transferred to the county board of education, or

to the city board of education to which such bus or service vehicle has been so assigned and allocated.

(d) The State Board of Education shall from time to time adopt such rules and regulations with reference to the construction, equipment, color, and maintenance of school buses, the number of pupils who may be permitted to ride at the same time upon any bus, and the age and qualifications of drivers of school buses as it shall deem to be desirable for the purpose of promoting safety in the operation of school buses. No school bus shall be operated for the transportation of pupils unless such bus is constructed and maintained as prescribed in such regulations and is equipped with adequate heating facilities, a standard signaling device for giving due notice that the bus is about to make a turn, an alternating flashing stop light on the front of the bus, an alternating flashing stop light on the rear of the bus, and such other warning devices, fire protective equipment and first aid supplies as may be prescribed for installation upon such buses by the regulation of the State Board of Education.

(e) The State Board of Education shall, when requested so to do by any county or city board of education, but not otherwise, advise such county or city board with reference to the establishment and amendment of school bus routes, the acquisition and maintenance of school buses, or any other question which may arise in connection with the organization and operation of the school bus transportation system of such county or city board.

(f) The State Board of Education shall allocate to the respective county and city boards of education all funds appropriated from time to time by the General Assembly for the purpose of providing transportation to the pupils enrolled in the public schools within this State. All such funds shall be allocated by the State Board of Education in accordance with the number of pupils to be transported, the length of bus routes, road conditions and all other circumstances affecting the cost of the transportation of pupils by school bus to the end that the funds so appropriated may be allocated on a fair and equitable basis, according to the needs of the respective county and city administrative units and so as to provide the most efficient use of such funds. Such allocation shall be made by the State Board of Education at the beginning of each fiscal year, except that the State Board may reserve for future allocation from time to time within such fiscal year as the need therefor shall be found to exist, a reasonable amount not to exceed ten per cent (10%) of the total funds available for transportation in such fiscal year from such appropriation.

(g) Upon such allocation by the State Board of Education, all funds so appropriated by the General Assembly shall be paid over to the respective county and city boards of education in accordance with such allocation in equal monthly installments throughout the regular school year: Provided, however, that upon the request of a county or city board of education, the State Board of Education may, in its discretion, pay over to the county or city board all or any part of any or all monthly installments prior to the time when the same would otherwise be payable. The respective county and city boards shall use such funds for the purposes of replacing, maintaining, insuring, and operating public school buses and service vehicles in accordance with the provisions of this subchapter, and for no other purpose, but in the making of expenditures for such purposes shall be subject to no control by the State Board of Education. (1955, c. 1372, art. 21, s. 2.)

§ 115-182. Assignment of school buses to schools. — The superintendent of the schools of each county or city administrative unit which shall elect to operate a school bus transportation system, shall, prior to the commencement of each regular school year and subject to the approval of the county or city board of education, allocate and assign to the respective public schools within the jurisdiction of such county or city administrative unit the school buses which the county or city board shall own and direct to be operated during such school year.

From time to time during such school year, subject to the directions of the county or city board of education, the superintendent may revise such allocation and assignment of school buses in accordance with the changing transportation needs and conditions at the respective schools of such county or city administrative unit, and may, pursuant to such revision, assign an additional bus or buses to a school or withdraw a bus or buses from a school in such county or city administrative unit. (1955, c. 1372, art. 21, s. 3.)

§ 115-183. Use and operation of school buses. — Public school buses may be used for the following purposes only, and it shall be the duty of the superintendent of the school of each county and city administrative unit to supervise the use of all school buses operated by such county or city administrative unit so as to assure and require compliance with this section:

- (1) A school bus may be used for the transportation of pupils enrolled in and employees in the operation of the school to which such bus is assigned by the superintendent of the schools of the county or city administrative unit. Except as otherwise herein provided, such transportation shall be limited to transportation to and from such school for the regularly organized school day, and from and to the points designated by the principal of the school to which such bus is assigned, for the receiving and discharging of passengers. No pupil or employee shall be so transported upon any bus other than the bus to which such pupil or employee has been assigned pursuant to the provisions of this subchapter.
- (2) In the case of illness or injury requiring immediate medical attention of any pupil or employee while such pupil or employee is present at the school in which such pupil is enrolled or such employee is employed, the principal of such school may, in his discretion, permit such pupil or employee to be transported by a school bus to a doctor or hospital for medical treatment, and may, in his discretion, permit such other person as he may select to accompany such pupil.
- (3) The board of education of any county or city administrative unit may operate the school buses of such unit one day prior to the opening of the regular school term for the transportation of pupils and employees to and from the school to which such pupils are assigned or in which they are enrolled and such employees are employed, for the purposes of the registration of students, the organization of classes, the distribution of textbooks, and such other purposes as will, in the opinion of the superintendent of the schools of such unit, promote the efficient organization and operation of such public schools.
- (4) A county school board or the school board of a city administrative unit, which elects to operate a school bus transportation system, shall not be required to provide transportation for any employee other than the driver of the bus, nor shall such board be required to provide transportation for any pupil living within one and one-half miles of the school in which such pupil is enrolled.
- (5) The county or city board of education, under rules and regulations to be adopted by such board, may permit the use and operation of school buses for the transportation of pupils and teachers on necessary field trips to and from demonstration projects carried on in connection with courses in agriculture, home economics, and other vocational subjects; for the transportation of pupils and teachers to health clinics; and to concerts given by the North Carolina Symphony Orchestra; provided that under no circumstance shall the round-trip mileage for any one trip exceed 50 miles nor on any such trip shall a county or city-owned bus be taken out of the State of North Carolina. Under rules and regu-

lations to be adopted by the board of education, school buses owned by said board may also be used for the evacuation of pupils and other school employees when such an evacuation is jointly authorized and directed by State and county or city civil defense directors; provided, the State Board of Education shall not be liable for operating costs nor for any compensation claims or tort claims incurred as a result of such an evacuation; provided further when buses are used for such civil defense purposes, the local civil defense agency in the area in which such evacuation tests are conducted shall be liable for operating costs and shall provide liability insurance for the full protection of the pupils and all school employees taking part in such evacuation tests and for all other compensation claims or tort claims incurred as a result of such evacuation. (1955, c. 1372, art. 21, s. 4; 1957, c. 1103.)

Editor's Note. — The 1957 amendment rewrote subdivision (5).

§ 115-184. **Assignment of pupils to school buses.**—(a) The principal of a school, to which any school bus has been assigned by the superintendent of the schools of the county or city administrative unit embracing such school, shall assign to such bus or buses the pupils and employees who may be transported to and from such school upon such bus or buses. No pupil or employee shall be permitted to ride upon any school bus to which such pupil or employee has not been so assigned by the principal, except by the express direction of the principal.

(b) In the event that the superintendent of the schools of any county or city administrative unit shall assign a school bus to be used in the transportation of pupils to two or more schools, the superintendent shall designate the number of pupils to be transported to and from each such school by such bus, and the principals of the respective schools shall assign pupils to such buses in accordance with such designation.

(c) Any pupil enrolled in any school, or the parent or guardian of any such pupil, or the person standing in loco parentis to such pupil, may apply to the principal of such school for transportation to and from such school by school bus for the regularly organized school day. The principal thereupon shall assign such pupil to a school bus serving the bus route upon which such pupil lives, if any, and if such pupil is entitled to ride upon such bus in accordance with the provisions of this subchapter and the regulations of the State Board of Education herein provided for. Such assignment shall be made by the principal so as to provide for the orderly, safe and efficient transportation of pupils to such school and so as to promote the orderly and efficient administration of the school and the health, safety and general welfare of the pupils to be so transported. Assignments of pupils and employees to school buses may be changed by the principal of the school as he may from time to time find proper for the safe and efficient transportation of such pupils and employees.

(d) The parent or guardian of any pupil enrolled in any school, or the person standing in loco parentis to any such pupil, who shall apply to the principal of such school for the transportation of such pupil to and from such school by school bus, may, if such application is denied, or if such pupil is assigned to a school bus not satisfactory to such parent, guardian, or person standing in loco parentis to such pupil, pursuant to rules and regulations established by the county or city board of education, apply to such board for such transportation upon a school bus designated in such application, and shall be entitled to a prompt and fair hearing by such board in accordance with the rules and regulations established by it. The majority of such board shall be a quorum for the purpose of holding such hearing and passing upon such application, and the decision of the majority of the members present at such hearing shall be the decision of the board. If, at such hearing, the board shall find that such pupil is entitled to be transported to and from

such school upon the school bus designated in such application, or if the board shall find that the transportation of such pupil upon such bus to and from such school will be for the best interests of such pupil, will not interfere with the proper administration of such school, or with the safe and efficient transportation by school bus of other pupils enrolled in such school and will not endanger the health or safety of the children there enrolled, the board shall direct that such child be assigned to and transported to such school upon such bus.

(e) Any person aggrieved by the final order of the county or city board of education may at any time within ten (10) days from the date of such order appeal therefrom to the superior court of the county in which such administrative school unit or some part thereof is located. Upon such appeal, the matter shall be heard *de novo* in the superior court before a jury in the same manner as civil actions are tried and disposed of therein. The record on appeal to the superior court shall consist of a true copy of the application and decision of the board, duly certified by the secretary of such board. If the decision of the court be that the order of the county or city board of education shall be set aside, then the court shall enter its order so providing and adjudging that such child is entitled to be transported to and from such school upon the school bus designated in such application, and in such case such child shall be assigned to such school bus by the county or city board of education concerned. From the judgment of the superior court an appeal may be taken by any interested party or by the board to the Supreme Court in the same manner as other appeals are taken from judgments of such court in civil actions.

(f) No employee shall be assigned to or permitted to ride upon a school bus when to do so will result in the overcrowding of such bus or will prevent the assignment to such bus of a pupil entitled to ride thereon, or will otherwise, in the opinion of the principal, be detrimental to the comfort or safety of the pupils assigned to such bus, or to the safe, efficient and proper operation of such bus. (1955, c. 1372, art. 21, s. 5.)

§ 115-185. School bus drivers; monitors. — (a) Each county or city school board, which elects to operate a school bus transportation system, shall employ the necessary drivers for such school buses. Such drivers shall possess all qualifications prescribed by the regulations of the State Board of Education herein provided for, but the selection and employment of each driver shall be made by the county or city board of education, and the driver shall be the employee of such county or city administrative unit. Each county or city board of education shall assign the bus drivers employed by it to the respective schools within the jurisdiction of such board, and the principal of each such school shall assign the drivers to the school buses to be driven by them. No school bus shall at any time be driven or operated by any person other than the bus driver assigned by such principal to such bus except by the express direction of such principal or in accordance with rules and regulations of the appropriate local board of education.

(b) The driver of a school bus subject to the direction of the principal shall have complete authority over and responsibility for the operation of the bus and the maintaining of good order and conduct upon such bus, and shall report promptly to the principal any misconduct upon such bus or disregard or violation of the driver's instructions by any person riding upon such bus. The principal may take such action with reference to any such misconduct upon a school bus, or any violation of the instructions of the driver, as he might take if such misconduct or violation had occurred upon the grounds of the school.

(c) The driver of any school bus shall permit no person to ride upon such bus except pupils or school employees assigned thereto or persons permitted by the express direction of the principal to ride thereon.

(d) The principal of a school, to which a school bus has been assigned, may, in

his discretion, appoint a monitor for any bus so assigned to such school. It shall be the duty of such monitor, subject to the direction of the driver of the bus, to preserve order upon the bus and do such other things as may be appropriate for the safety of the pupils and employees assigned to such bus while boarding such bus, alighting therefrom or being transported thereon, and to require such pupils and employees to conform to the rules and regulations established by the county or city board of education for the safety of pupils and employees upon school buses. (1955, c. 1372, art. 21, s. 6.)

Cross Reference.—As to standard qualifications of school bus drivers, see § 20-218.

§ 115-186. **School bus routes.**—(a) The principal of the school to which a school bus has been assigned shall, prior to the commencement of each regular school year, prepare and submit to the superintendent of the schools of the county or city administrative unit a plan for a definite route, including stops for receiving and discharging pupils, for each school bus assigned to such school so as to assure the most efficient use of such bus and the safety and convenience of the pupils assigned thereto. The superintendent shall examine such plan and may, in his discretion, obtain the advice of the State Board of Education with reference thereto. The superintendent shall make such changes in the proposed bus routes as he shall deem proper for the said purposes and, thereupon, shall approve the route. When so approved the buses shall be operated upon the route so established and not otherwise, except as provided in this subchapter. From time to time the principal may suggest changes in any such bus route as he shall deem proper for the said purposes, and the same shall be effective when approved by the superintendent of the county or city administrative unit.

(b) Unless road or other conditions shall make it inadvisable to do so, public school buses shall be so routed on State-maintained highways that the school bus, to which such pupil is assigned, shall pass within one mile of the residence of each pupil, who lives one and one-half miles or more from the school to which such pupil is assigned.

(c) All bus routes when established pursuant to this section shall be filed in the office of the board of education of the county or city administrative unit, and all changes made therein shall be filed in the office of such board within ten days after such change shall become effective.

(d) If any school bus route established or changed as hereinabove provided is unsatisfactory to the district school committee, the committee may request the board of education of the county or city administrative unit to make such change in such route as the committee desires. In the event, the board of education shall hear the request of the district school committee and shall make such change, if any, in such route as to the board shall seem advisable so as to assure the most efficient use of such bus and the safety and convenience of the pupils assigned thereto.

(e) No provision of this subchapter shall be construed to place upon the State, or upon any county or city, any duty to supply any funds for the transportation of pupils, or any duty to supply funds for the transportation of pupils who live within the corporate limits of the city or town in which is located the public school in which such pupil is enrolled or to which such pupil is assigned, even though transportation to or from such school is furnished to pupils who live outside the limits of such city or town. (1955, c. 1372, art. 21, s. 7; 1959, c. 573, s. 15.)

Editor's Note. — The 1959 amendment discharging pupils" in the first sentence inserted "including stops for receiving and of subsection (a).

§ 115-187. **Inspection of school buses.** — (a) The superintendent of schools in each county, and in each city administrative unit, shall cause each school bus owned or operated by such county or city administrative unit to be

inspected at least once each 30 days during the school year for mechanical defects, or other defects which may affect the safe operation of such bus. A report of such inspection, together with the recommendations of the person making the inspection, shall be filed promptly in the office of the superintendent of the schools of such county or city administrative unit, and a copy thereof shall be forwarded to the principal of the school to which such bus is assigned.

(b) It shall be the duty of the driver of each school bus to report promptly to the principal of the school, to which such bus is assigned, any mechanical defect or other defect which may affect the safe operation of the bus when such defect comes to the attention of the driver, and the principal shall thereupon report such defect to the superintendent of the schools of the county or city administrative unit. It shall be the duty of the superintendent of the schools of the county or city administrative unit to cause any and all such defects to be corrected promptly.

(c) If any school bus is found by the principal of the school, to which it is assigned, or by the superintendent of the schools of the county or city administrative unit, to be so defective, that the bus may not be operated with reasonable safety, it shall be the duty of such principal or superintendent to cause the use of such bus to be discontinued until such defect is remedied, in which event the principal of the school, to which such bus is assigned, may permit the use of a different bus assigned to such school in the transportation of the pupils and employees assigned to the bus found to be defective. (1955, c. 1372, art. 21, s. 8.)

§ 115-188. Purchase and maintenance of school buses, materials and supplies.—(a) To the extent that the funds shall be made available to it for such purpose, a county board of education or a city board of education is authorized to purchase from time to time such additional school buses and service vehicles or replacements for school buses and service vehicles, as may be deemed by such board to be necessary for the safe and efficient transportation of pupils enrolled in the schools within such county or city administrative unit. Any school bus so purchased shall be constructed and equipped as prescribed by the provisions of this subchapter and by the regulations of the State Board of Education issued pursuant thereto.

(b) The tax levying authorities of any county are hereby authorized to make provision from time to time in the capital outlay budget of the county for the purchase of such school buses or service vehicles.

(c) Any funds appropriated from time to time by the General Assembly for the purchase of school buses or service vehicles shall be allocated by the State Board of Education to the respective county and city boards of education in accordance with the requirements of such boards as determined by the State Board of Education, and thereupon shall be paid over to the respective county and city boards of education in accordance with such allocation.

(d) The title to any additional or replacement school bus or service vehicle purchased pursuant to the provisions of this section, shall be taken in the name of the board of education of such county or city administrative unit, and such bus shall in all respects be maintained and operated pursuant to the provisions of this subchapter in the same manner as any other public school bus.

(e) It shall be the duty of the county board of education to provide adequate buildings and equipment for the storage and maintenance of all school buses and service vehicles owned or operated by the county board of education or by the board of education of any city administrative unit in such county. It shall be the duty of the tax levying authorities of such county to provide in its capital outlay budget for the construction or acquisition of such buildings and equipment as may be required for this purpose.

(f) In the event of the damage or destruction of any school bus or service vehicle by fire, collision, or otherwise, the board of education of the county or city administrative unit which shall own or operate such bus or service vehicle may

apply to the State Board of Education for funds with which to replace it. If the State Board of Education finds that such bus or service vehicle has been destroyed or damaged to the extent that it cannot be made suitable for further use, and if the State Board of Education finds that the replacement of such bus or service vehicle is necessary in order to enable such county or city administrative unit to operate properly its school bus transportation system, the State Board of Education shall allot to the board of education of such county or city administrative unit from the funds now held by the State Board of Education for the replacement of school buses or service vehicles, or from funds hereafter appropriated by the General Assembly for that purpose, a sum sufficient to purchase a new school bus or service vehicle to be used as a replacement for such damaged or destroyed bus or service vehicle and upon such allocation such sum shall be paid over to or for the account of the board of education of such county or city administrative unit for such purpose.

(g) All school buses or service vehicles purchased by or for the account of any county or city board of education, except school buses or service vehicles purchased by such board from another county or city board of education of this State, shall be purchased through the Division of Purchase and Contract. (1955, c. 1372, art. 21, s. 9.)

§ 115-189. Aid in lieu of transportation.—(a) When, by reason of road conditions or otherwise, any county or city board of education, which shall elect to operate a school bus transportation system, shall find it impracticable to furnish to a pupil transportation by school bus to the school in which such pupil is enrolled, or to which such pupil is assigned, the board may assign such pupil to such other school within such county or city administrative unit as the board shall deem advisable, unless the parent or guardian of such pupil or the person standing in loco parentis to such pupil, shall notify the principal of the school, in which such pupil is enrolled or to which such pupil is assigned, of the desire of such pupil to continue to attend such school without the benefit of transportation by school bus.

(b) In the event that any county or city board of education, which shall operate a system of school bus transportation, shall find it impracticable to furnish to a pupil such transportation to the school in which such pupil is enrolled or to which such pupil is assigned, and if, as a result thereof, such pupil shall be required to obtain board and lodging at a place other than the residence of such pupil in order to attend a school, such board may, in its discretion, provide for the payment to the parent or guardian of such pupil of a sum not to exceed twenty-five dollars (\$25.00) per month for each school month that such pupil shall so obtain board and lodging at a place other than the residence of the pupil for the purpose of attending a school. (1955, c. 1372, art. 21, s. 10.)

§ 115-190. Contracts for transportation.—Any county or city board of education may, in lieu of the operation by it of public school buses, enter into a contract with any person, firm or corporation for the transportation by such person, firm or corporation of pupils enrolled in the public schools of such county or city administrative unit for the same purposes for which such county or city administrative unit is authorized by this subchapter to operate public school buses. Any vehicle used by such person, firm or corporation for the transportation of such pupils shall be constructed and equipped as provided in this subchapter and in the regulations promulgated pursuant to this subchapter by the State Board of Education, and the driver of such vehicle shall possess all of the qualifications prescribed by such rules and regulations of the State Board of Education. In the event that any county or city board of education shall enter into such a contract, the board may use for such purposes any funds which it might use for the operation of school buses owned by the board, and the tax levying authorities of the county or of the city may provide in the county or city budget such additional

funds as may be necessary to carry out such contracts. (1955, c. 1372, art. 21, s. 11.)

§ 115-190.1. Transportation continued for area annexed to municipality.—In each and every area of the State where school bus transportation of pupils to and from school is now being provided, such school transportation shall not be discontinued by any State or local governmental agency for the sole reason that the corporate limits of any municipality have been extended to include such area since February 6, 1957, and school bus transportation of pupils shall be continued in the same manner and to the same extent as if such area had not been included within the corporate limits of a municipality. (1957, c. 1375.)

§ 115-191. Use of school buses by State guard or national guard.—When requested to do so by the Governor, the board of education of any county or city administrative unit is authorized and directed to furnish a sufficient number of school buses to the North Carolina State guard or the national guard for the purpose of transporting members of the State guard or members of the national guard to and from authorized places of encampment, or to and from places to which members of the State guard or members of the national guard are ordered to proceed for the purpose of suppressing riots or insurrections, repelling invasions or dealing with any other emergency. Public school buses so furnished by any county or city administrative unit to the North Carolina State guard or the national guard shall be operated by members or employees of the State or national guard, and all expense of such operation, including any repair or replacement of any bus occasioned by such operation, shall be paid by the State from the appropriations available for the use of the State guard or the national guard. (1955, c. 1372, art. 21, s. 12.)

§ 115-192. The State Board of Education shall honor such requisition to the extent that it shall have in its hands, or subject to its control, available funds which have been or shall thereafter be appropriated by the General Assembly for the support of the nine months school term. It shall be the duty of the county or city board of education to apply all funds received by it from the State Board of Education pursuant to such requisition to the payment of such award. Neither the State nor the State Board of Education shall be deemed the employer of such school bus driver, nor shall the State or the State Board of Education be liable to any school bus driver or any other person for the payment of any claim, award, or judgment under the provisions of the Workmen's Compensation Act or of any other law of this State for any injury or death arising out of or in the course of the operation by such driver of a public school bus. § 115-195. **Claims paid without regard to negligence of driver; amounts paid out declared lien upon civil recoveries for child.**—The claims authorized herein shall be paid by the said State Board of Education, regardless of whether the injury received by said pupil shall have been due to the negligence of the driver of the said school bus: Provided, that whenever there is recovery on account of said accident by the father, mother, guardian, or administrator of such pupil against any person, firm or corporation, the amount expended by the State Board of Education hereunder shall constitute a paramount lien on any judgment recovered by said parent, guardian, or administrator, and shall be discharged before any money is paid to said parent, guardian, or administrator, on account of said judgment. (1955, c. 1372, art. 22, s. 3.)

§ 115-196. **Disease and injuries incurred while not riding on bus not compensable.**—Nothing in this article shall be construed to mean that the State shall be liable for sickness, or disease, or for personal injuries sustained otherwise than by reason of the operation of such bus. (1955, c. 1372, art. 24, s. 2; 1959, c. 693, s. 2.)

The Governor shall fill all vacancies by appointment for the unexpired term. Seven of the members shall be outstanding teachers or principals in the elementary grades; five shall be outstanding teachers or principals in the high

school grades: Provided, that one of the members may be a county or city superintendent. The Commission shall elect a chairman, subject to the approval of the State Superintendent. The reenactment of this section shall not have the effect of vacating the appointment or changing the terms of any of the Commissioners heretofore appointed. (1955, c. 1372, art. 24, s. 3.)

§ 115-209. Commission to evaluate books offered for adoption.—The members of the Commission who are teachers or principals in the elementary grades shall evaluate all textbooks offered for adoption in the elementary grades. The members who are teachers or principals in the high schools shall evaluate all books offered for adoption in the high school grades.

Each member shall examine carefully and file a written evaluation of each book offered for adoption.

Special consideration shall be given in the evaluation report as to the suitability of the book to the grade for which it is offered, the content or subject matter, and other criteria prescribed by the Board.

All evaluation reports shall be signed by the member making the report and filed alphabetically with the Board not later than a day certain as fixed by the Board when the call for adoption is made. (1955, c. 1372, art. 24, s. 4.)

§ 115-210. Selection of textbooks by Board.—At the next meeting of the Board following the filing of the reports, the Textbook Commission shall meet with the Board and jointly examine the reports. The Board shall then select from the books evaluated such books which the board believes will meet the teaching requirements of the North Carolina public schools in the grade or grades for which they are offered. The Board shall then request sealed bids from the publishers of all books so selected.

The Board shall make all needful rules and regulations with reference to asking for bids, notifying publishers as to calls for adoption, execution and delivery of contracts, requirement of performance bonds, cancellation causes, and such other material matters as may affect the validity of the contracts. (1955, c. 1372, art. 24, s. 5.)

§ 115-211. Adoption of textbooks and contracts with publishers.—The sealed bids of the publishers shall be opened at the next regular meeting of the Board in the presence of the Board. The Board may then adopt the books required by the course of study and enter into a contract with the publisher for such adopted books. The Board may refuse to adopt any of the books offered at the prices bid and call for new bids: Provided, that when bids are accepted by the Board and a contract entered into, the contract may require, in the discretion of the Board, that the total sales of each book in the State of North Carolina be reported annually to the Board. (1955, c. 1372, art. 24, s. 6.)

§ 115-212. Continuance and discontinuance of contracts with publishers; procedure for change of textbooks.—At the expiration of existing or future contracts, the Board may, upon approval of the publisher, continue the contract for any particular book or books indefinitely, that is, for a period not less than one nor more than five years. The Superintendent may at any time recommend to the Board that a given book is unsatisfactory for the schools, whereupon the Board may call for a new selection and adoption.

In the event a change of any textbook is required by vote of the Board, the publisher shall be given ninety (90) days' notice prior to the first day of May, at the expiration of which time the Board is authorized to adopt a new book or books on said subject. The publisher desiring to terminate his contract which has been extended beyond the original contract period shall give notice to the Board ninety (90) days prior to the first day of May. The Board may then proceed to a new adoption. (1955, c. 1372, art. 24, s. 7.)

§ 115-213. **Advice of Attorney General as to form and legality of contracts.**—All contracts between the Board and publishers of textbooks shall be subject to the approval of the Attorney General as to form and legality.

In the event that any publisher shall fail to keep his contract as to prices, distribution, adequate supply of books in the edition adopted, or in any other way violates the terms of his contract, the Attorney General shall bring suit against such publisher when requested by the Board for such an amount as may be sufficient to enforce the contract or to compensate the State because of the loss sustained by failure to keep said contract. (1955, c. 1372, art. 24, s. 8.)

§ 115-214. **Publishers to register all agents or employees.** — Publishers submitting books for adoption shall register in the office of the State Superintendent of Public Instruction all agents or other employees of any kind authorized to represent said company in the State, and this registration list shall be open to the public for inspection. (1955, c. 1372, art. 24, s. 9.)

§ 115-215. **Sale of books at lower price elsewhere reduces price to State.**—Every contract made by the Board with the publisher of any school textbook on the adopted list in this State shall be deemed to have written therein a condition providing that in the event said publisher during the life of his contract with this State shall contract with another state, or with any county, city, town, or other municipality, or shall place said textbook on sale anywhere in the United States for a less price than that in his contract with the State of North Carolina, said publishers shall immediately furnish said textbooks to this State at a price not to exceed that for which the book is furnished, sold, or placed on sale in any other state, or in any other county, city, town, or municipality. (1955, c. 1372, art. 24, s. 10.)

ARTICLE 26.

- (1) Acquire by contract or purchase such textbooks and instructional supplies which are or may be on the adopted list of the State of North Carolina, and to purchase materials, supplies, and equipment which the Board may find necessary to meet the need of the public school system of the State and to carry out the provisions of this article.
- (2) Provide a system of distribution of said textbooks and supplies to the children in the public schools of the State, and distribute such books as are provided under the rental system without the use of any depository other than some agency of the State, to use warehouse facilities for the distribution of all the supplies, materials, and equipment authorized to be purchased in subsection (1) hereof.
- (3) Provide for the free use, including the proper care and return thereof, of elementary basal textbooks to such grades, including the eighth grade of the elementary public schools of North Carolina as may be determined by the Board. The title to said books shall be vested in the State: Provided, that the Board may furnish basal elementary textbooks on a rental basis in any or all elementary grades when it is deemed necessary.
- (4) Provide books for high school children in the public high schools of North Carolina on a rental basis. Said annual rental charge shall be collected in an amount not to exceed one-third of the cost of said textbooks:

Provided, that free basal books may be furnished to high school children if sufficient funds are available and if the Board finds it advisable to take such action.

- (5) Provide supplementary readers and other supplementary books for the elementary children in the public elementary schools of North Carolina on a rental basis. Said annual rental charge shall be collected in an amount not to exceed one-third of the cost of said textbooks: Provided, that the Board shall not charge a rental fee for books, supplies, and materials used in the public schools in excess of the actual cost to the State, including the handling and administration of such rentals.
- (6) Provide and distribute all blanks, forms, and reports necessary to keep a careful record of all the books, including their use, state of repair and such other information as the Board may require.
- (7) Buy and sell library books to be placed in the public schools of this State from a list to be selected by the State Superintendent of Public Instruction with the approval of the Board and to be placed in such schools as may be designated by the Board: Provided, that such library books shall be purchased in accordance with the rules and regulations duly promulgated by the Board.
- (8) Provide for the use of said textbooks without charge to the indigent children of the State.
- (9) Cause an annual audit to be made of all transactions of the Board in administering said book funds, which audit shall show separately all items of cost for furnishing free basal textbooks and all other items of cost and all rentals collected on rental books. (1955, c. 1372, art. 25, s. 1.)

§ 115-217. Proper care of books; right to purchase.—In the operation and management of both the free basal textbook system and the rental supplementary textbook system, plans shall be carried out whereby the same books, as far as possible, are assigned to the same school from year to year to the end that all children may be taught the proper care of books and that the cost of books for every school may be the more accurately determined. Those schools which reduce the cost of books by proper care may be given the advantage in additional new books to the amount of the saving: Provided, that nothing in this article shall be construed to prevent the purchase of textbooks needed for any child in the public schools of the State from said Board by any parent, guardian, or person in loco parentis. When all advances made from the general fund of the State for setting up said textbook rental system have been paid from rentals collected, any surplus funds shall be used only to reduce the annual rentals charged and to bear the expense of operating the State textbook rental system: Provided, that, in the discretion of the Board, such surplus funds and other revenues of the textbook rental system may be used only for providing additional textbooks, library books, and other instructional materials for the use of the pupils who pay the rental fees. The superintendent of every administrative unit shall have authority to require the cooperation of principals and teachers to the end that the children may receive the best possible service, and that all the books and moneys may be properly accounted for. In the event any principal or teacher shall fail to comply with the provisions of this section, it shall be the duty of the superintendent to withhold the salary vouchers of said principal or teacher until the duties imposed hereby have been performed

Must secure license before operating. — Any party or parties mentioned in § 115-245 of this article desiring to establish and operate a business school, a trade school, a correspondence school, or a branch of any such school within the State of North Carolina for the purpose of teaching such courses as are usually taught in such schools, before commencing business, must secure a license from the State Board of Education of the State of North Carolina authorizing said party or parties to open and conduct such school or branches thereof. (1955, c. 1372, art. 30, s. 3; 1957, c. 1000.)

§ 115-247. Application for license; investigation; issuance or denial of license; fees; notification of changes; transfer of license.—Application for a license to open and conduct such a school, or branch school, shall be made to the State Board of Education on blanks to be furnished by said board, and such application shall be properly verified and shall contain such of the following information as may apply to the particular school, or branch school, for which a license is sought:

The amount of said fee shall be in the discretion of said Board and the fee shall be fixed by said Board to cover travel and other expenses of its representatives in investigating the application and any complaints against such schools. All such fees shall be paid before the license is issued and annually thereafter on the first day of July so long as said school shall continue to operate.

If, after due investigation and consideration on the part of said Board, it is shown to the satisfaction of said Board that said applicant is both professionally and financially qualified to conduct said school, that the operators thereof possess good moral character, and that provisions for the school meet standards and regulations established by said Board, then the Board shall approve the application and issue a license to said applicant. If the Board is not satisfied with the professional, financial, and moral qualifications of the applicant or that the school meets standards and regulations established by the Board, it shall disapprove the application and deny a license to said applicant.

After a license is issued to any school by the State Board of Education on the basis of its application, it shall be the responsibility of said school to notify immediately said Board of any changes in the ownership, administration, location, faculty, the instructional program or other changes as may affect significantly the course of instruction offered.

§ 115-248. Execution of bond required; filing and recording.—Before the State Board of Education shall issue such license, the person, partnership, association of persons, or corporation shall execute a bond in the sum of one thousand dollars (\$1,000.00), signed by a solvent guaranty company authorized to do business in the State of North Carolina, or by two solvent individual sureties, payable to the State of North Carolina, and approved as to solvency by the clerk of the superior court of the county in which such school or branch school will be located and conduct its business, conditioned that the principal in said bond will carry out and comply with each and every contract, made and entered into by said school or branch school, acting by and through its officers and agents, with any student who desires to enter such school or branch school and to take any courses offered therein and will pay back to such student all amounts collected in tuition and fees in case of failure on the part of the parties obtaining a license from the State Board of Education to open and conduct a business school, trade school, or a correspondence school, to comply with its contracts to give the instructions contracted for, and for the full period evidenced by such contract. Such bond shall be filed with the clerk of superior court of the county in which the school or branch school executing the bond is located, and shall be recorded by such clerk in a book provided for that purpose.

The requirement herein specified for giving the aforesaid bond of one thousand dollars (\$1,000.00) shall apply to all business, trade, or correspondence schools, or any branches thereof operating in North Carolina, and the State Board of Education shall not issue any license to any person, firm, or corporation to operate any of the aforesaid schools until said bond has been given and notice of the approval of same by the clerk of superior court has been filed with said Board of Education. amount. For a violation of its contract with a student, or for other good cause, the State Board of Education is authorized to revoke the license issued to the offending school. Through periodic reports required of licensed schools or branch schools and by inspections made by members of the State Board of Education or its authorized representatives, the State Board of Education shall have general supervision over business, trade, and correspondence schools in the State, the object of said supervision being to protect the public welfare by having the licensed business, trade, or correspondence schools maintain proper school quarters, equipment, and teaching staff and to have the school carry out its advertised promises and contracts made with its students and patrons.

To this end, the State Board of Education is authorized to issue such regulations and standards and to employ such personnel as are necessary to insure a satisfactory program of instruction and ethical conduct on the part of operators of such schools. (1955, c. 1372, art. 30, s. 6; 1957, c. 1000.)

Application of article to nonresidents, etc.—All persons, partnerships, associations of persons, which are nonresidents of North Carolina or corporations organized and chartered under the laws of any other state, must comply with the provisions of this article before such can open and conduct a business, trade, correspondence, or branch school in the State of North Carolina.

All corporations chartered and organized under the laws of any state other than the State of North Carolina and all persons, partnerships and associations of persons not residents of this State operating business, trade or correspondence schools in this State, shall comply with the provisions of this article to the extent of seeing to it that all agents representing such school in the solicitation of business in this State shall be licensed under the provisions of G. S. 115-253 and shall have executed the bond required by G. S. 115-248 and G. S. 115-249. (1955, c. 1372, art. 30, s. 9; 1957, c. 1000; 1959, c. 573, s. 17.)

Editor's Note. — The 1959 amendment added the second paragraph.

§ 115-253. Solicitors.—All persons soliciting students within the State of North Carolina for any business, trade, or correspondence school, as defined in

this article, and located within or without the State of North Carolina shall be required to secure on July first of each year an annual license from the State Board of Education, such license to cost five dollars (\$5.00). When application is made for such license by a solicitor, he shall submit to said Board for its approval a copy of each type of contract offered prospective students and used by his said school, together with such advertising material and other representations as are made by said school to its students or prospective students, and such instructional material as requested by the Board to enable it to evaluate the instructional program, as well as the sales methods. If the Board approves the instructional program and the solicitor, it shall issue to the solicitor a license card permitting him to solicit students for his school, but such license shall be issued only on an annual basis, expiring June 30 of each year, and must be renewed annually to entitle such solicitor to solicit students thereafter: Provided, that before a license is issued to the solicitor of an out-of-state business, trade or correspondence school, said solicitor shall execute the bond required for resident schools under the provisions of G. S. 115-248 and G. S. 115-249. Every school employing such solicitors shall be responsible for the acts, representations and contracts made by its solicitors. Any person soliciting students for any such school without first having secured a license from the State Board of Education and without having executed the bond required by this article, shall be guilty of a misdemeanor and be punishable by a fine of not less than one hundred dollars (\$100.00) or imprisonment for not more than thirty (30) days, or by both such fine and imprisonment, in the discretion of the court. (1955, c. 1372, art. 30, s. 10; 1957, c. 1000; 1959, c. 573, s. 18.)

Editor's Note. — The 1959 amendment rewrote all of this section beginning with the proviso.

§ 115-254. Contracts with unlicensed solicitors and schools made null and void.—All contracts entered into by business, trade, or correspondence schools, or branch schools, as defined in this article, or solicitors of such schools, and students or prospective students, and all promissory notes, or other evidence of indebtedness taken in lieu of cash payments by such schools or solicitors, shall be null and void unless such schools and solicitors are duly licensed as required by this article. (1957, c. 1000.)

ARTICLE 32.

Non-Public Schools.

§ 115-255. Responsibility of State Board of Education to supervise non-public schools.—The State Board of Education, while providing a general and uniform system of education in the public schools of the State, shall always protect the right of every parent to have his children attend a non-public school by regulating and supervising all non-public schools serving children of secondary school age, or younger, to the end that all children shall become citizens who possess certain basic competencies necessary to properly discharge the responsibilities of American citizenship. The Board shall not, in its regulation of such non-public schools, interfere with any religious instruction which may be given in any private, denominational, or parochial school, but such non-public school shall meet the State minimum standards as prescribed in the course of study, and the children therein shall be taught the branches of education which are taught to the children of corresponding age and grade in the public schools and such instruction, except courses in foreign languages, shall be given in the English language. (1955, c. 1372, art. 31, s. 1.)

§ 115-256. Teachers must have certificates for grades they teach; instruction given must substantially equal that given in public schools.—All non-public schools in the State and all teachers employed or who give in-

struction therein, shall be subject to and governed by the provisions of law for the operation of the public schools insofar as they apply to the qualifications and certification of teachers and the promotion of pupils; and the instruction given in such schools shall be graded in the same way and shall have courses of study for each grade conducted therein substantially the same as those given in the public schools where children would attend in the absence of such non-public school.

No person shall be employed to teach in a non-public school who has not obtained a teacher's certificate entitling such teacher corresponding courses or classes in public schools. (1955, c. 1372, art. 31, s. 2.)

§ 115-257. Operators must report certain information.—The supervisory officer or teacher of all non-public schools shall report to the superintendent of the administrative unit in which such school is located within two weeks of the opening of such school, and within two weeks of the enrollment therein, the names of all pupils attending, their ages, parents' or guardians' names, and places of residence. Likewise, such officer or teacher shall report to such superintendent the withdrawal of any pupil within two weeks of such withdrawal. The supervisory officer or teacher of non-public schools shall make such reports as may be required of him by the State Board of Education, or such additional reports as are requested by the superintendent of the administrative unit in which such school is located; and he shall furnish to any court from time to time any information and reports requested by any judge thereof relating to the attendance, conduct and standing of any pupil enrolled in such school if said pupil is at the time awaiting examination or trial by the court or is under the supervision of the court. (1955, c. 1372, art. 31, s. 3.)

ARTICLE 33.

State Board of Education to License Certain Institutions and Regulate Degrees.

§ 115-258. Right to confer degrees restricted.—No educational institution created or established after April 15, 1923, by any person, firm, or corporation in this State shall have power or authority to confer degrees upon any person except as herein provided. (1955, c. 1372, art. 32, s. 1.)

§ 115-259. Powers to grant license to confer degrees. — The State Board of Education is authorized to issue its license to confer degrees in such form as it may prescribe to an educational institution established after April 15, 1923 by any person, firm, or corporation in this State; but no educational institution established in the State subsequent to said date shall be empowered to confer degrees unless it has income sufficient to maintain adequate faculty and equipment sufficient to provide adequate means of instruction in the arts and sciences, or any other recognized field of learning or knowledge, and unless its baccalaureate degree is conferred only upon students who have completed a four-year college course, preceded by the usual four-year high school course, or their equivalent. (1955, c. 1372, art. 32, s. 2.)

§ 115-260. Inspection of institution; revocation of license.—All institutions licensed under this article shall file such information with the State Superintendent of Public Instruction as the State Board of Education may direct, and said Board shall have full authority to evaluate any institution applying for a license to confer degrees under this article. And if any one of them shall fail to maintain the required standard the State Board of Education shall revoke the license to confer degrees, subject to a right of review of this decision by a judge of the superior court upon action instituted by the educational institution whose license had been revoked. (1955, c. 1372, art. 32, s. 3.)

ARTICLE 34.

Local Option.

§ 115-261. **Statement of legislative policy and purposes.**—The General Assembly of North Carolina recognizes and hereby affirms that knowledge, morality, and adherence to fundamental principles of individual freedom and responsibility are necessary to good government and the happiness of mankind; and further affirms that schools and the means of education ought forever to be encouraged. The value and importance of our public schools are known and acknowledged by all our people. It is further recognized that our public schools are so intimately related to the customs and feelings of the people of each community that their effective operation is impossible except in conformity with community attitudes. Our people in each community need to have a full and meaningful choice as to whether a public school, which may have some enforced mixing of the races, shall continue to be maintained and supported in that community. It is the purpose of this article to provide orderly procedures, consistent with law, for the effective expression of such choice. In so doing, it is the hope of the General Assembly of North Carolina that all peoples within our State shall respect deeply-felt convictions, and that our public school system shall be continually strengthened, improved, and sustained by the support of all our citizens. (1956, Ex. Sess., c. 4.)

Editor's Note. — For article on North Carolina school legislation, 1956, see 35 N. C. Law Rev. 1.

§ 115-262. **Definitions of words and phrases.**—The following words and phrases when used in this article shall, for the purposes of this article, have the meanings respectively prescribed to them in this section, except in those instances where the context clearly indicates a different meaning:

- (1) Board of Education.—The board of education for any county or city school administrative unit.
- (2) Local Option Unit.—Any county or city school administrative unit, or the combination of two or more administrative units in whole or in part, or any convenient and reasonable territorial subdivision within an administrative unit which includes within its boundaries one or more public schools.
- (3) Types of Public Schools.—For purposes of this article the different types of public schools are as follows:
 - a. An elementary school, that is, a school which embraces part or all of the eight elementary grades, including the elementary portion of a union school.
 - b. A high school, that is, a school which embraces a high school department above the elementary grades and which offers at least the minimum high school course of study prescribed by the State Board of Education, including the high school portion of a union school.
 - c. A union school, that is, a school which embraces a part or all of the elementary and high school grades.
 - d. A junior high school, that is, a school which embraces not more than the first year of high school with not more than the upper two elementary grades.
 - e. A senior high school, that is, a school which embraces the tenth, eleventh and twelfth grades. (1956, Ex. Sess., c. 4.)

§ 115-263. **Boards of education may suspend operation of schools pursuant to article; local option units.**—The board of education of any administrative unit may, pursuant to the provisions of this article, suspend the op-

eration of one or more or all of the public schools under its jurisdiction. For purposes of this article, each county and city school administrative unit as defined in G. S. 115-4 shall constitute a local option unit; provided, however, the board of education of any administrative unit may in lieu thereof, and from time to time, subdivide the administrative unit into two or more local option units; and provided further, two or more administrative units, in whole or in part, may by agreement of each respective board of education constitute a local option unit and in such case all action with respect to such local option unit shall be taken by a majority of the members of each board of education concerned. One or more public schools shall be included within the territorial boundaries of each local option unit established by the board of education; provided, that two or more types of schools may within the discretion of the board of education be included in such local option unit. (1956, Ex. Sess., c. 4.)

§ 115-264. Two or more local option units within same administrative unit.—Two or more different and distinct local option units having the same or overlapping territorial boundaries may be established within an administrative unit by the board of education of the administrative unit. A specific public school shall be included in only one local option unit at any given time, but the elementary division of a union school or junior high school may be in one local option unit and the high school division of the same union school or junior high school may be in a different local option unit at the same time. (1956, Ex. Sess., c. 4.)

§ 115-265. Call for election on closing schools; suspension pursuant to election; right to education expense grant.—Any board of education may at any time, by resolution of a majority of the members, call for an election on the question of closing the public schools within a local option unit which is under that board's jurisdiction; provided, that an election shall be called by the board when a petition signed by at least fifteen per cent (15%) of the registered voters residing within the local option unit is presented to the board requesting such an election. When a majority of the votes cast in such election are in favor of suspending the operation of the schools in such local option unit, the board of education shall suspend the operation of such public schools. Such suspension shall be accomplished in an orderly manner and the board of education shall take all steps necessary to preserve and protect school property during and after such closing. Any child living within a local option unit who could attend a public school in such local option unit except for the fact that operation of such school has been suspended under provisions of this article shall not be entitled as a matter of right to attend any other public school, but in lieu thereof shall be entitled to an education expense grant pursuant to the provisions of article 35 of this chapter. (1956, Ex. Sess., c. 4.)

§ 115-266. Call for election on reopening schools; reopening pursuant to election.—Any board of education may at any time, by resolution of a majority of the members, call for an election on the question of reopening the public schools within a local option unit which is under that board's jurisdiction; provided, that an election shall be called by the board when a petition signed by at least fifteen per cent (15%) of the registered voters residing within the local option unit is presented to the board requesting such an election. When a majority of the votes cast in such election shall be in favor of reopening the public schools in that local option unit, the board of education shall immediately proceed to take all steps necessary to accomplish such reopening at the earliest practicable date. (1956, Ex. Sess., c. 4.)

§ 115-267. Second elections within same school year.—When, for the same school year, there has been an election on the question of suspending the operation of the public schools of a local option unit, and a petition requesting

another election on the same question is presented to the board of education, the board of education is not required to call a second election on that question, but may do so in its discretion. When, for the same school year, there has been an election on the question of reopening the public schools of a local option unit, and a petition requesting another election on the same question is presented to the board of education, the board of education is not required to call a second election on that question, but may do so in its discretion. (1956, Ex. Sess., c. 4.)

§ 115-268. Copy of resolution calling for election to be furnished board of elections; notice of election.—When by resolution of a majority of its members a board of education has called any election authorized or required by this article, a certified copy of such resolution shall thereupon be furnished to the county board of elections, or in the case of a local option unit which is located in more than one county to the board of elections of each county concerned, with each board having the authority and responsibility to call and conduct the election in its respective county. Within five (5) days after receipt of such resolution, the county board of elections shall give the first formal notice of such election. Notice of call of an election shall be given by the county board of elections at least once a week for four (4) successive weeks in some newspaper published or generally circulated in the territory, but when no newspaper is published or generally circulated in the territory so as to meet this requirement, it shall be sufficient to post notice of the election call at the courthouse of the county in which the election is to be held and at each public school involved in the election, for a period of at least thirty (30) days before the election. Notice of the election call shall contain the date on which the election is to be held, and shall contain adequate and full information as to which specific school or schools are involved in the election, as well as a clear designation of the area within which the qualified voters are entitled to vote in such election. (1956, Ex. Sess., c. 4.)

§ 115-269. Conduct of elections.—In any election held under this article, the county board of elections shall designate the polling place or places, appoint the registrars and judges of election, canvass and determine the results of said election when the returns have been filed with them by the officers holding the election, and record such determination on their records. Except as otherwise provided in this article, such election shall be held in accordance with the laws governing general elections. (1956, Ex. Sess., c. 4.)

§ 115-270. Registration of voters for purposes of elections under article.—A new registration of the qualified voters of the territory concerned in an election held under this article may be ordered in the discretion of the county board of elections. In addition, the county board of elections, in its discretion, may order a separate registration of the qualified voters within the territory, with separate books of registration to be established and maintained for purposes of elections under this article; and in such event, registration for any election other than one provided for in this article shall not constitute registration for an election under this article, and registration for an election under this article shall not constitute registration for any election not provided for in this article. Notice of registration for an election under this article shall be deemed to be sufficiently given by publication once in some newspaper published or generally circulated in the territory, at least twenty (20) days before the close of the registration books. The published notice of registration shall state the days on which the books will be open for registration of voters and the place or places at which the books will be open on Saturdays. Registration shall close on the second Saturday before the election, and the Saturday before the election shall be challenge day. The expense of holding and conducting any election held under this article shall be borne by the board of education of the administrative unit in which the election is held. When the results of any such election have been officially determined and recorded in the minutes of the county

board of elections, the validity of such election or of the registration for such election shall not be open to question except in an action or proceeding commenced within thirty (30) days after the determination of the results of such election. (1956, Ex. Sess., c. 4.)

§ 115-271. **Form of ballots; use of voting machines.**—In an election under this article on the question of suspending the operation of a public school or schools, the ballots to be used in such election shall have printed thereon the words “For suspending the operation of [naming the specific public schools]” and “Against suspending the operation of [naming the specific public schools]”; provided, however, that if the local option unit concerned shall include all the public schools within an administrative unit, the board of elections may in lieu of the wording of the ballots prescribed above have printed thereon the words “For suspending the operation of all the public schools in [naming the administrative unit]” and “Against suspending the operation of all the public schools in [naming the administrative unit].” In an election on the question of reopening a public school or schools which have previously been closed, the ballots to be used in such election shall contain the same language as indicated above, except the word “resuming” shall be used in lieu of the word “suspending”. Nothing in this article shall be construed to prohibit the use of voting machines in accordance with the laws of this State. (1956, Ex. Sess., c. 4.)

§ 115-272. **Continuation of contracts of principals, teachers, etc., when schools suspended.**—When the operation of any public school is suspended pursuant to this article, any principal, teacher or supervisor then under contract and affected by such suspension shall continue to receive all salaries and benefits provided under such contract for the term of the contract. When any such principal, teacher or supervisor has secured suitable and adequate employment prior to the expiration of the contract term, such contract shall thereupon be terminated and all salaries and benefits provided thereunder shall cease. The suspension of any school pursuant to this article shall not affect the current contract of the superintendent of any county or city administrative unit. (1956, Ex. Sess., c. 4.)

§ 115-273. **Obligations with respect to indebtedness not affected.**—No action taken pursuant to the provisions of this article shall affect the obligation of the State or any political subdivision or agency thereof with respect to any indebtedness heretofore or hereafter created. (1956, Ex. Sess., c. 4.)

ARTICLE 35.

Education Expense Grants.

§ 115-274. **Statement of legislative policy and purposes.**—The General Assembly of North Carolina recognizes and hereby affirms that knowledge, morality, and adherence to fundamental principles of individual freedom and responsibility are necessary to good government and the happiness of mankind; and further affirms that schools and the means of education ought forever to be encouraged. The value and importance of our public schools are known and acknowledged by our people. It is further recognized that our public schools are so intimately related to the customs and feelings of the people of each community that their effective operation is impossible except in conformity with community attitudes. Our people need to be assured that no child will be forced to attend a school with children of another race in order to get an education. It is the purpose of the State of North Carolina to make available, under the conditions and qualifications set out in this article, education expense grants for the private education of any child of any race residing in this State. In so doing, it is the hope of the General Assembly of North Carolina that all peoples within our State

shall respect deeply-felt convictions, and that our public school system shall be continually strengthened and improved, and sustained by the support of all our citizens. (1956, Ex. Sess., c. 3.)

Editor's Note. — For article on North Carolina school legislation, 1956, see 35 N. C. Law Rev. 1.

§ 115-275. **Who may apply for State grants; when available; non-sectarian school defined.**—Every child residing in this State for whom no public school is available, or who is assigned to a public school attended by a child of another race against the wishes of his parent or guardian or the person standing in loco parentis to such child, is entitled to apply for an education expense grant from State funds appropriated for that purpose. Such grants shall be available only for education in a private nonsectarian school, and in the case of a child assigned to a public school attended by a child of another race, shall, in addition, be available only when it is not reasonable and practicable to reassign such child to a public school not attended by a child of another race. For purposes of this article, a nonsectarian school is defined as a school whose operation is not controlled directly or indirectly by any church or sectarian body or by any individual or individuals acting on behalf of a church or sectarian body. (1956, Ex. Sess., c. 3.)

§ 115-276. **Amount of State grants.**—It shall be the policy of the State to make an education expense grant available to each eligible child, as provided under this article, which is equal to the per-day, per-student amount of State funds expended on public schools throughout the State during the preceding school year, but in no event, shall a grant for any child exceed the amount actually expended for the private education of such child. The State Board of Education shall determine the maximum amount of the grant to be made available to each child, and in so doing, shall take into account the total expenditures for all current expenses and for debt service on State school bonds made from State funds for the preceding school year. (1956, Ex. Sess., c. 3.)

§ 115-277. **Applications to local boards for grants; standard forms; signing.**—Application for an education expense grant shall be made to the board of education of the administrative unit within which the child resides. Such application shall be on standard forms prescribed by the State Board of Education for that purpose and shall be signed under oath or affirmation by the parent or guardian of or the person standing in loco parentis to the child for whom application is made. (1956, Ex. Sess., c. 3.)

§ 115-278. **When applications to be approved.**—Application for an education expense grant shall be approved if the board of education to whom application is made finds that:

- (1) The child for whom application is made resides within the administrative unit; and
- (2) There is no public school available for such child, or such child is now assigned against the wishes of his parent or guardian or of the person standing in loco parentis to such child to a public school attended by a child of another race and it is not reasonable and practicable to reassign such child to a public school not attended by a child of another race; and
- (3) Such child is enrolled in or has been accepted for enrollment in a private nonsectarian school, recognized and approved under article 32 of this chapter. (1956, Ex. Sess., c. 3.)

§ 115-279. **Applications to state number of school days; restricted to 180 days; subsequent applications.**—Each application for an education expense grant shall specify the number of school days for which the grant is re-

quested, but in no event shall any one application be for more than one school year or the equivalent of one hundred and eighty (180) school days. If the conditions of § 115-278 continue to be met, application may be filed on behalf of a child, who has received benefits under a previous application, for another school year or part thereof. (1956, Ex. Sess., c. 3.)

§ 115-280. Notice of approval of application for State grant; commitment restricted to 180 days; continuance of payments.—Upon approving the application for an education expense grant from State funds, the board of education shall give notice in writing to the parent or guardian or person standing in loco parentis to the child concerned of an education grant commitment for a specified number of school days and for a specified amount for each school day, but no one commitment shall exceed one hundred and eighty (180) school days. So long as the requirements set out in subdivisions (1) and (3) of § 115-278 are met during the period of the education grant commitment, the board, unless requested otherwise by the parent or guardian or person standing in loco parentis, shall continue payments under such commitment notwithstanding the fact that a change of conditions since approval of the application may make it reasonable and practicable to assign such child to a public school not attended by a child of another race. (1956, Ex. Sess., c. 3.)

§ 115-281. Notice of disapproval of application; hearing; notice of disapproval after hearing; petition to superior court; notice and procedure; appeal to Supreme Court.—Upon disapproval of an application for an education expense grant, whether payable from State or local funds, the board of education shall give notice to the applicant by registered mail, and any applicant may within ten (10) days after receipt of such notice apply to such board for a hearing, and shall be given a prompt and fair hearing on the question of entitlement to an education expense grant. The board shall render prompt decision upon such hearing, and if the board shall affirm its previous action of disapproval of the application, notice shall be given to the applicant by registered mail, and any applicant aggrieved by the action of the board may within ten (10) days after receipt of such notice file a petition in the superior court of the county in which the board sits for a hearing in the matter on all questions of fact and of law. Notice of the petition shall be properly served upon the board of education. The board shall have fifteen (15) days after receipt of notice of the petition within which to prepare and furnish to the petitioner or his attorney a certified transcript of the record in the case for filing in the superior court, which record shall include a copy of the application and any official orders and rulings of the board in the case. Additional time for preparation of the record may be granted to the board, for good cause, upon motion before the clerk of the superior court. The petition in the superior court may be heard by the resident judge of the district or by the judge presiding at a term of court in that district, and such judge shall have authority to take testimony and examine into the facts of the case, and to determine all questions of fact and of law, and enter judgment thereon. From the judgment of the superior court an appeal may be taken by the petitioner or the board to the Supreme Court in the same manner as other appeals are taken from judgments of such court in civil actions. (1956, Ex. Sess., c. 3.)

§ 115-282. Checks in payment of grants; certificates by schools attended; when child deemed in attendance.—Payments of education expense grants shall be made by check upon receipt of satisfactory evidence that the child for whom payment is made actually attended a private nonsectarian school, recognized and approved under article 32 of this chapter. The school attended shall furnish, upon forms prescribed by the State Board of Education, a sworn certificate signed by the director or other appropriate official of the school,

showing the number of school days actually attended by the child for whom payment is made. A child is deemed to be in attendance, within the meaning of this section, although temporarily absent due to illness or other good cause, so long as such child is enrolled in the school as a bona fide student. Checks in payment of education expense grants shall be made payable jointly to the parent or guardian of or the person standing in loco parentis to the child and the school which the child attended, and shall be mailed to the parent or guardian or person standing in loco parentis for endorsement; provided, that if the school attended shall indicate in its certificate that the tuition and expenses for such child have already been paid the check shall be made payable to the parent or guardian or person standing in loco parentis alone. (1956, Ex. Sess., c. 3.)

§ 115-283. Payment periods; standard forms for applications, commitments, certificates, etc.; general supervision and administration of funds.—Payments of education expense grants shall be made by each board of education monthly, bimonthly or quarterly in accordance with uniform regulations adopted and promulgated by the State Board of Education. The State Board of Education is authorized and directed to prescribe standard forms for application for grants, for notice of education grant commitment, for certificates of attendance, and such other forms as may be necessary or desirable in the administration of the provisions of this article. The State Board of Education shall have general supervision and administration of the funds provided by the General Assembly for education expense grants, and it is intended that such funds shall be managed and allotted by the Controller of the State Board of Education, under direction of the Board, pursuant to the relevant provisions of chapter 115 of the General Statutes governing administration of fiscal affairs of the Board. (1956, Ex. Sess., c. 3.)

§ 115-284. Payment of grants from State funds; fiscal procedures.—Payments of individual education expense grants from State funds shall be made only by warrants drawn on the State Treasurer, signed by the chairman and the secretary of the county or city board of education. The fiscal procedures prescribed in other articles of this chapter, unless in conflict with some specific provision in this article, shall apply to the handling and management of State funds appropriated for education expense grants. (1956, Ex. Sess., c. 3.)

§ 115-285. Payments restricted to approved schools; lists; no control or supervision of schools vested in State.—No education expense grant shall be paid for any child except for attendance at a private nonsectarian school found to be in compliance with the provisions of article 32 of this chapter. It shall be the duty of the State Board of Education to maintain a current list of all such approved schools and to furnish such information from time to time to county and city boards of education. Payment of education expense grants for or on behalf of any child attending such a school shall not vest in the State of North Carolina, the State Board of Education or any agency or political subdivision of the State any supervision or control whatever over such nonpublic schools or any responsibility whatever for their conduct and operation. (1956, Ex. Sess., c. 3.)

§ 115-286. Appropriations for local grants; maximum grant from State and local funds.—The appropriate tax levying authorities for any administrative unit may, upon recommendation of the board of education of such unit, appropriate amounts from any local tax or nontax funds for a local education expense grant. In no event, shall the combined total of grants for any one child, from both State and local funds, exceed the amount of actual expenses incurred in the private education of such child. (1956, Ex. Sess., c. 3.)

§ 115-287. **When application for local grant to be filed; eligibility for State grant prerequisite.**—Application for a local education expense grant shall be filed with the board of education of the administrative unit when local funds have been appropriated or allotted for such purpose. No child shall be entitled to a local education expense grant who is not at the same time eligible, under the provisions of this article, for a grant from State funds. (1956, Ex. Sess., c. 3.)

§ 115-288. **Applications for local grants to state number of school days; restricted to 180 days; subsequent applications.**—Each application for a local education expense grant shall specify the number of school days for which the grant is requested, but in no event shall any one application be granted for more than one school year or the equivalent of one hundred and eighty (180) school days. If the child who has received benefits under a previous application continues to be otherwise eligible, an application for a local education expense grant for another school year or part thereof may be filed in his behalf. (1956, Ex. Sess., c. 3.)

State funds shall be allocated uniformly to boards of education on a per capita basis, not to exceed three hundred dollars (\$300.00) per fiscal year, for each eligible child enrolled in the program. § 116-21. Unclaimed real and personal property escheats to the University of North Carolina.—Whenever the owner of any real or personal property situated or located within this State dies intestate, or dies testate but did not dispose of all real or personal property by will, without leaving surviving any heirs, kindred or spouse to inherit said property under the laws of this State, such real and personal property shall escheat to the University of North Carolina.

The University of North Carolina shall have the right to institute a civil action in the superior court of any county in which such real or personal property is situated, against any administrator, executor, and unknown heirs or unknown claimants as party defendants, which unknown heirs or unknown claimants may be served with summons and notice of such action by publication as is now provided by the laws of this State. The superior court in which such civil action is instituted shall have the authority to enter a judgment therein declaring the real and personal property unclaimed as having escheated to the University of North Carolina, and the real property may be sold according to the provisions of § 116-20. A default final judgment may be entered by the clerk of the superior court in such cases when no answer is filed by the administrator, executor, unknown heirs or unknown claimants to the complaint, or if any answer is filed the allegations of the complaint are either admitted or not denied by such party defendants, and no claim is made in the answer to the property left by said deceased person. (1957, c. 1105, s. 1.)

Editor's Note. — The 1957 act repealed the former section, which related to evidence sufficient to make out a prima facie case of escheat, and substituted the above section in lieu thereof.

§ 116-22. Unclaimed personalty on settlements of decedents' estates without heirs shall be paid over or delivered to the University of North Carolina.—All sums of money or other personal estate of whatever kind which shall remain in the hands of any administrator, executor, administrator c. t. a., or personal representative when the administration of an estate of a person dying intestate, or partially intestate, without leaving any known heirs or spouse to inherit same, is ready to be closed, unrecovered or unclaimed by suit, by creditors, next of kin, or others entitled thereto, shall, prior to the closing of the administration of the estate, be paid, or delivered, by such administrator or executor to the University of North Carolina as an escheat and shall be included in the disbursements in the final account of such estate. In such cases as above described, the University of North Carolina is authorized, on and after June 6, 1957, to demand, sue for, recover, and collect such unclaimed monies or other personal estate of whatever kind from any administrator, or executor after the estate is ready to be closed, or from the clerk of the superior court if the unclaimed assets have been paid over to him, and the University of North Carolina shall hold the same without liability for profit or interest, subject to any just claims therefor. (1957, c. 1105, s. 2.)

S. 116-21 and 116-22 shall likewise apply to an administrator for the estate of a person who has been missing for seven years, and who has been appointed administrator under G. S. 28-2.1, when the superior court shall find in an action brought by the University of North Carolina under G. S. 116-21 or 116-22 that such missing person left no lawful heirs or lawful claimants to the property of such missing person, and that such property has escheated to the University of North Carolina. (1957, c. 1105, s. 2½.)

Editor's Note. — The 1947 amendment struck out the words "and if no such claim shall be preferred within ten years after such property or dividend shall be received by it, then the same shall be held by it absolutely" formerly appearing at the end of this section.

The 1957 amendment inserted in line two the words "except as is otherwise provided by this chapter," changed "five years" to "three years" in line five, and inserted the words "or delivered" in line seven.

Escheat Officer Not Liable.—Funds representing amounts apportioned to claimants of an insolvent bank who failed to prove their claims, which are turned over to the Secretary of State as escheat officer, are not assets of the liquidated bank, but are to be held by the University, subject solely to the rights of those who failed to prove their claims, and a depositor who proved his claim and received dividends thereon as a common claim may not hold the escheat officer liable for the balance unpaid on his claim upon his contention that the claim should have been paid in full as a preferred claim. *Windley v. Lupton*, 212 N. C. 167, 193 S. E. 213 (1937).

§ 116-23.1. Unclaimed funds held or owing by life insurance companies.—(a) Definitions.—The term "unclaimed funds" as used in this section shall mean and include all monies held and owing by any life insurance company doing business in this State which shall have remained unclaimed and unpaid for seven years or more after such monies became due and payable under any life or endowment insurance policy, or monies payable under annuity contracts or all dividends payable to holders of policies. A life insurance policy not matured by the prior death of the insured shall be deemed to be matured and the proceeds thereof shall be deemed to be "due and payable" within the meaning of this section when the insured shall have attained the limiting age under the mortality table on which the reserve is based. Monies shall be deemed to be "due and payable" within the meaning of this section although the policy shall not have been surrendered nor proofs of death submitted as required and although the claim as to the payee is barred by a statute of limitations.

(b) Scope.—This section shall apply to all unclaimed funds, as herein defined, held and owing by any life insurance company doing business in this State where the last known address, according to the records of such company, of the person entitled to such funds is within this State, provided that if a person other than the insured be entitled to such funds and no address of such person be known to such company or if it be not definite and certain from the records of such company what person is entitled to such funds, then in either event it shall be presumed for the purposes of this section that the last known address of the person entitled to such funds is the same as the last known address of the insured according to the records of such company.

(c) Reports.—Every such life insurance company shall on or before the first day of May of each year make a report in writing to the Commissioner of Insurance of all unclaimed funds, as hereinbefore defined, held or owing by it on the thirty-first day of December next preceding. Such report shall be signed and sworn to by an officer of such company and shall set forth:

- (1) In alphabetical order the full name of the insured, his last known address according to the company's records, and the policy number;
- (2) The amount appearing from the company's records to be due on such policy;

- (3) The date such unclaimed funds became payable;
- (4) The name and last known address of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds; and
- (5) Such other identifying information as the Commissioner of Insurance may require.

(d) Notice; Publication.—On or before the first day of September following the making of such reports under this section, the Commissioner of Insurance shall cause to be published notices entitled: "Notice of Certain Unclaimed Funds Held or Owing by Life Insurance Companies." Each such notice shall be published once a week for two successive weeks in a newspaper published in the county of this State in which is located such last known address of each such insured, or other person who, according to the company's records may have an interest in such unclaimed fund, or if no newspapers are published in such county, then by posting such notice at the courthouse door of said county.

The notice shall set forth in alphabetical order the names contained in such reports of each insured whose last known address is within the county of publication together with

- (1) The amount reported due and the date it became payable,
- (2) The name and last known address of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds, and
- (3) The name and address of the company.

The notice shall also state that such unclaimed funds will be paid by the company to persons establishing to its satisfaction before the following December 1st their right to receive the same, and that not later than December 1st such unclaimed funds still remaining will be paid to the University of North Carolina which shall thereafter be liable for the payment thereof.

It shall not be obligatory upon the Commissioner of Insurance to publish any item of less than fifty dollars in such notice, unless the Commissioner of Insurance deems such publication to be in the public interest. The expenses of publication shall be charged against the University of North Carolina.

(e) Payment to University of North Carolina. — All unclaimed funds contained in the report required to be filed under this section, excepting those which have ceased to be unclaimed funds since the date of such report, shall be paid over to the University of North Carolina on or before the following December 1st.

The Commissioner of Insurance shall have the power, for cause shown, to extend for a period of not more than one year the time within which a life insurance company shall file any report and in such event the time for publication and payment required by this section shall be extended for a like period.

(f) Custody of Unclaimed Funds; Insurers Exonerated.—Upon the payment of such unclaimed funds to the University of North Carolina, the State shall assume, for the benefit of those entitled to receive the same and for the safety of the money so paid, the custody of such unclaimed funds, and the life insurance company making such payment shall immediately and thereafter be relieved of and held harmless by the State from any and all liability for any claim or claims which exist at such time with reference to such unclaimed funds or which thereafter may be made or may come into existence on account of or in respect to any such unclaimed funds.

(g) Reimbursement for Claims Paid by Insurers. — Any life insurance company which has paid to the University of North Carolina monies deemed unclaimed funds pursuant to the provisions of this section may make payment to any person appearing to such company to be entitled thereto, and upon proof of such payment the State of North Carolina shall forthwith reimburse such company to the extent of the full amount, without interest, paid the University of North Carolina for the account of such claimant.

(h) **Determination and Review of Claims.**—Any person entitled to unclaimed funds paid to the University of North Carolina may file a claim at any time with the Commissioner of Insurance. The Commissioner of Insurance shall possess full and complete authority to accept or reject any such claim. If he rejects such claim or fails to act thereon within ninety days after receipt of such claim, the claimant may make application to the Superior Court of Wake County, upon not less than thirty days' notice to the Commissioner of Insurance, for an order to show cause why he should not accept and order paid such claim.

(i) **Payment of Allowed Claims.**—Any claim which is accepted by the Commissioner of Insurance or ordered to be paid by a court of competent jurisdiction shall be paid by the University of North Carolina.

(j) **Records Required.**—The University of North Carolina shall keep a public record of each payment of unclaimed funds received from any life insurance company. Such record shall show in alphabetical order the name and last known address of each insured, and of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds, and with respect to each policy, its number, the name of the company, and the amount due.

(k) **Payments to Other States; Pending Litigation.**—This section shall not apply to or affect any unclaimed funds

(1) Which have been paid to another state or jurisdiction prior to March 31, 1949, or

(2) Which are at such date involved in litigation with reference to the custody, appropriation or escheat of such funds. (1949, c. 682; 1957, c. 1050.)

Editor's Note. — The 1957 amendment added to the first sentence of subsection (a) the words "or monies payable under annuity contracts or all dividends payable to holders of policies."

§ 116-24. Certain unclaimed bank deposits to University.—All bank deposits in connection with which no debits or credits have been entered within a period of five years, and where the bank is unable to locate the depositor or owner of such deposit, shall be deemed derelict property and shall be paid to the University of North Carolina and held by it, without liability for profit or interest, until a just claim therefor shall be preferred by the parties entitled thereto. The receipt of the University of North Carolina of any deposit hereunder shall be and constitute a release of the bank delivering over any deposit coming within the provisions of this section from any liability therefor to the depositor or any other person. Upon receipt of such funds, the University of North Carolina shall cause to be posted and kept posted for thirty days at the courthouse door of the county in which such bank is located, a notice giving the names of the persons in whose name or names such deposits were made in said bank, the amount thereof, and the last known address of such person, and the bank paying over said funds to the University of North Carolina shall furnish such information to be used in giving said notice. If any person at any time thereafter shall appear and show that he is the identical person to whom such funds are due, the University of North Carolina shall pay the same in full to such person, but without any liability for interest or profits thereon. Debits of service charges and debits of intangible taxes made by banks shall not be considered debits within the meaning of this section. A bank shall be deemed to be unable to locate a depositor or owner when the present address of the depositor or owner is unknown to the bank, and United States mail addressed to the depositor or owner at the last known address, with a return address of the sending bank on the envelope, is returned undelivered to the bank mailing the same. (1937, c. 400; 1939, c. 29; 1947, c. 614, s. 3; 1949, c. 1069.)

The 1947 amendment added the third and fourth sentences. It also struck out the following phrase formerly appearing at

the end of the first sentence of the section; "and if no such claim shall be preferred within ten years after such deposits shall be received by it, then the same shall be held by it absolutely."

The 1949 amendment added the last two sentences. For comment on the amendment, see 27 N. C. Law Rev. 427.

§ 116-53. Appropriations by State.—(a) Appropriations by the State of North Carolina as grants-in-aid to community colleges for operating expenses shall be paid on the basis of a specified sum per student quarter-hour of instruction delivered in a limited curriculum consisting of courses at the freshman and sophomore levels in liberal arts and sciences and in the first and second year offerings of technical institutes of college grade prescribed by the Board of Higher Education. The total annual amounts of these grants-in-aid to each college shall not, except when the Appropriation Act specifically provides otherwise, exceed the total of local public or private funds (exclusive of student fees and charges) made available annually to such college for operating expenses.

Certification on forms prescribed by the Board of Higher Education shall be made to said Board and upon approval by said Board payments shall be made by the State disbursing officer to each community college in amounts not in excess of appropriations therefor.

(b) Appropriations by the State of North Carolina for capital or permanent improvements for community colleges shall, except when the Appropriation Act specifically provides otherwise, be on an equal matching fund basis, the monies raised by a particular community college from public or private sources being matched by an equal amount of State funds, up to but not in excess of appropriations therefor. The sole purposes for which such appropriations may be expended shall be to acquire real property and to construct and equip classrooms, laboratories, administration offices, utility plants, libraries, cafeterias, and auditorium facilities, in such order of priority as the Board of Higher Education and the Advisory Budget Commission shall determine. Such appropriations shall not be expended for any other purpose, it being expressly intended that the construction of all other facilities and procurement of all other equipment shall be the sole obligation and responsibility of the community college.

Preliminary studies and cost estimates for the construction of all buildings or other capital improvements and proposals for the purchase of all original equipment to be installed or used therein, involving the expenditure of State funds, shall be first submitted to and approved by the Board of Higher Education and the State Budget Bureau.

After approval by the Board of Higher Education and the Budget Bureau, payments shall be made by the State disbursing officer to the community college, within authorized appropriations, according to procedures established by the Budget Bureau. (1957, c. 1098, s. 7.)

§ 116-54. Local appropriations or bond issues to supplement State appropriations.—When the State of North Carolina has made appropriations for the purpose of financing the cost of capital or permanent improvements for the benefit and use of one or more community colleges on such terms as shall require funds from other sources to supplement that part of said appropriations allocated to a particular community college and the amount of such funds available therefor is insufficient, the board of trustees of said community college may request the board of commissioners of the county in which said community college is situated to provide such funds. Upon receipt of such request said board of commissioners shall, within a reasonable time thereafter, proceed with providing sufficient funds either by appropriation in a manner consistent with the provisions of the County Fiscal Control Act or by issuance of bonds voted in an election called by said board of commissioners, or by both, as said board of commissioners may deem expedient. Any such bonds shall be issued pursuant to the County Finance Act, as amended, and shall be subject to the provisions of the Local Government Act. The board of commissioners shall not be required to call an election for the issuance of bonds for the benefit of a community college within two (2) years after the date of the last preceding election for such purpose. The request to the board of commissioners shall specify the amount of funds required to be provided in order to match State appropriation: Provided, the board of trustees may at the same time request an amount in addition to the amount required to match State appropriation either for the same or for different purposes for which such State appropriation is made and may at any time request the board of commissioners may [to] proceed to provide funds to meet such requests for funds not required to match State appropriation by county appropriation or bond issue as hereinabove provided or may modify such request and proceed or may deny such request. Bonds may be authorized for such amount required to match State appropriation and for such additional amount by a single bond order or by separate bond orders in the discretion of the board of commissioners. (1957, c. 1098, s. 8.)

§ 116-55. **Disposition of proceeds of local bond issue.**—The proceeds of the sale of bonds issued by a county for a community college, after deducting therefrom the cost of preparing, issuing and marketing said bonds and the amount of any accrued interest and premium contained therein, may be turned over to the board of trustees of such community college, in which event no member of the board of commissioners of the county nor any county officer shall be liable for a penalty under the provisions of G. S. 153-107 with respect to the application of such proceeds. (1957, c. 1098, s. 9.)

§ 116-56. **County taxes for maintenance of college; election on question of levying.**—Notwithstanding any constitutional limitation or limitation provided by any general or special law, taxes may be levied by the board of commissioners of a county for the purpose of financing the cost of operation, equipment and maintenance of any community college situated within the boundaries of the county, and the special approval of the General Assembly is hereby given for the annual levying of taxes for such special purposes: Provided, that the levy of such special taxes shall be approved by the vote of a majority of the qualified voters of such county who shall vote on the question of levying such taxes in an election held for such purpose. The board of trustees may request the board of commissioners of the county to call an election, as hereinafter provided, upon the question of levying such taxes and shall specify in such request the maximum rate or amount of such taxes. Upon receipt of such request the board of commissioners of the county shall, within a reasonable time thereafter, submit the question of the authorization to levy such taxes at an election. The question of levying such taxes may be submitted at the same time as the question of issuance of bonds referred to in § 116-54 is submitted, or such question may be submitted at a separate election. A ballot shall be furnished to each qualified voter at said election, which ballot may contain the words "For Community College maintenance tax (briefly stating any other pertinent information)", and "Against Community College maintenance tax, (briefly stating any other pertinent information)", with a square in front of each proposition, in one of which squares the voter may make a cross mark (X), but any other form of ballot containing adequate information and properly stating the question to be voted upon shall be construed as being in compliance with this article. Such election may be held at the same time and in the same manner as elections held under article 9, chapter 153 of the General Statutes, the same being designated as the County Finance Act, beginning with § 153-69 and sections following, or said election may be held at any time fixed by the board of commissioners of the county.

On or before the 1st day of May of each year the board of trustees shall notify the board of commissioners of the county of the amount of such taxes to be levied in such year and it shall be the duty of the board of commissioners of the county to levy such taxes accordingly. Such taxes shall be levied and collected in the same manner as other taxes of the county are levied and collected, and the collections thereof shall be turned over to the board of trustees by the end of each month. (1957, c. 1098, s. 10.)

§ 116-57. **Election by college to come under article; procedure; provisions as to certain colleges.**—Any college now or hereafter eligible, or desiring to become eligible, to receive the benefit of any direct appropriations of the State of North Carolina as a community college, and which desires to take advantage of such appropriations, must first elect to come under the provisions of this article. Such election shall be duly made by the governing board of the college and by such other group or body as may be necessary under the provisions of any charter or bylaws applicable to the college in question.

The resolutions of election to come under the provisions of this article shall include appropriate resolutions:

(1) Electing to come under the provisions of this article and to have this

- article, as written and as subsequently amended, serve as the charter of said college in lieu of any existing charter or other authority under which the existing college is operated;
- (2) Designating the name by which the community college shall be known;
 - (3) Providing for the transfer and conveyance of all assets owned or used by the existing college to the community college (authority is hereby given to any board of education, board of county commissioners or governing board of any municipality owning funds and properties so used, to transfer and convey same to a community college in the county, without consideration, upon authorization of an annual tax levy for the maintenance of such college);
 - (4) Petitioning the State of North Carolina to approve it as a community college, and
 - (5) Providing that all such resolutions of election are adopted subject to approval of such institution by the State of North Carolina as a community college and subject to the authorization of an annual tax levy by a vote of the people of the county in which the college is located.

The petition of the college for approval, accompanied by a copy of all resolutions of election to come under the provisions of this article, duly certified by the president or chairman of the governing board of the college and attested by the secretary, shall be submitted to the Board of Higher Education for approval. Written approval of the petition by the Board of Higher Education and the Advisory Budget Commission, and by the Attorney General as to form and legality, shall constitute approval by the State of North Carolina, subject to an authorization of an annual tax levy as aforesaid.

The petition for approval as a community college of any existing college which, prior to June 5, 1957, has received appropriations from State funds and is receiving public support from any county and/or municipal tax or nontax revenues may be approved, and may operate as a community college under this article, without an authorization of an annual tax levy by a vote of the people of the county in which the college is located.

For good cause shown, the Board of Higher Education and the Advisory Budget Commission may approve the petition of the petitioning college without requiring the transfer of all funds and properties used by it to the community college, provided that the petitioner shall comply with such conditions as said Board and Commission may impose to assure the provision of adequate facilities for the community college. Following approval of the State of North Carolina as aforesaid, the board of commissioners of the county in which the college is located shall, within a reasonable time after receiving a request from the governing board of the college therefor, submit at an election the question of levying taxes to finance the operation, equipment and maintenance thereof. Such election shall be called and held in accordance with the provisions of § 116-56.

If the governing board of the existing college shall submit to the Board of Higher Education, within eighteen months after the approval of the college by the State of North Carolina as aforesaid, a certificate of the result of such election showing approval of levying of taxes for the maintenance of the college as a community college, the Board of Higher Education shall, upon receipt thereof, file the resolutions of election, together with written approval thereof as aforesaid, and the certificate of the result of the election in the office of the Secretary of State.

From and after the filing of said documents in the office of the Secretary of State, said college shall be a community college under this article; the existing governing board shall continue to act pending appointment of the first board of trustees under this article; said existing board shall take all such action as shall be necessary and proper to transfer the funds and properties owned or used by the former institution to the new community college and to dissolve or otherwise

terminate the former corporation, if such there be. From and after the organization of the new community college this article shall serve as its charter.

Asheville-Biltmore College, Charlotte College (including Carver College), and Wilmington College (including Williston unit) may, by filing with the Board of Higher Education a petition for approval as a community college, receive during the fiscal year July 1, 1957 through June 30, 1958 any appropriations from State funds for operating expenses for community colleges in the manner provided in § 116-53 (a). Such funds may be paid, with the approval of the Board of Higher Education, to the college or to the county or city administrative school unit operating such college. The petitioner shall, prior to June 30, 1958, comply with all of the applicable provisions of this article for qualification as a community college. If the Board of Higher Education shall find that the petitioner is not proceeding with reasonable diligence to comply with the provisions of this article, it is hereby authorized to withhold from such college State appropriations. (1957, c. 1098, s. 11.)

§ 116-58. Establishment of community college.—In any county not having a college supported by local public funds which would be eligible for establishment as a community college under this article, the county board of education may petition the State of North Carolina for authority to establish a community college under this article in said county. The petition shall be submitted to the Board of Higher Education and shall contain such information concerning the proposed location and plans for the financing and operation of the college as the Board of Higher Education may require. Written approval of the petition by the Board of Higher Education and the Advisory Budget Commission, and by the Attorney General as to form and legality, shall constitute approval by the State of North Carolina, subject to the authorization of an annual tax levy for the operation, equipment and maintenance of the proposed college by a vote of the people of the county in which the college is to be located. Following approval of the State of North Carolina as aforesaid, the board of commissioners of the county in which it is proposed that the college shall be located shall, within a reasonable time after receiving a request from the petitioning county board of education therefor, submit at an election the question of levying taxes to finance the operation, equipment and maintenance of such college. The election shall be called and held in accordance with the provisions of § 116-56.

If, within eighteen months after the approval of the petition by the State of North Carolina as aforesaid, the petitioning county board of education shall submit to the Board of Higher Education a certificate of the result of such election showing approval of the levying of taxes for the maintenance of the proposed community college, the Board of Higher Education shall file the petition, together with the written approval thereof as aforesaid, and the certificate of the result of the election in the office of the Secretary of State.

From and after the filing of said documents in the office of the Secretary of State, said proposed college shall be deemed chartered as a community college under this article; provided, however, that unless and until appropriations shall be made by the State of North Carolina for the benefit of said college the trustees who would otherwise be appointed by the Governor of North Carolina, under § 116-50 (a), shall be appointed by the petitioning county board of education and their successors in office and shall all be residents of the county in which the college is located.

Approval of the petition by the State of North Carolina as aforesaid shall become null and void at the end of eighteen months from the date of such approval if the election hereinabove provided for authorizing the levying of taxes for the maintenance of the community college shall not have been held and voted upon favorably within that time. (1957, c. 1098, s. 12.)

§ 116-59. **Board of Higher Education authorized to establish minimum standards.**—The Board of Higher Education shall have authority to prescribe minimum standards with respect to student enrollment or prospective enrollment in academic courses, facilities, and other pertinent matters for approval as a community college under this article. (1957, c. 1098, s. 13.)

§ 116-60. **Payment of expenses of special election under article.**—The cost of any special election held under authority of this article shall be paid out of the general fund of the county or, in the discretion of the board of commissioners of the county and with the concurrence of the board of education of the county, out of the school current expense fund of the county, and the authority to appropriate from school current expense fund for such cost is hereby given. (1957, c. 1098, s. 14.)

§ 116-61. **Discontinuance as a community college.**—A community college may, by appropriate resolutions of its trustees and of the board of commissioners of the county in which it is located elect to discontinue its existence and operation as a community college under this article as of the end of any regular school year; provided, however, that any community college which shall have accepted funds from the State of North Carolina for capital or permanent improvements shall, upon its discontinuance as a community college under this article, pay to the State of North Carolina a sum equal to all appropriations made by the State to said college for capital or permanent improvements, less 2½% per annum from the date of payment of each such appropriation by the State to the date of such discontinuance as a community college; provided, further, that such payment may, for good cause, be waived in part or in toto by the Governor and the Advisory Budget Commission, acting jointly. If such payment, not being waived, is not made within ninety days after the discontinuance of the college as a community college under this article, such failure to pay shall work an automatic forfeiture of all the assets and property of the college to the State of North Carolina. (1957, c. 1098, s. 15.)

§ 116-62. **Construction and effect of article.**—This article is in addition to and shall not be construed as superseding or repealing any prior act of the General Assembly establishing or authorizing the establishment of any college or the levy of taxes or the appropriation of local public funds for the support of any college. (1957, c. 1098, s. 17.)

During years after the first biennium in which this Fund shall be established, loans of the type and amounts provided for during the first biennium shall be made in such numbers and amounts and proportions as the State Board of Education in its discretion may prescribe within the funds available from appropriations or otherwise. (1957, c. 1237.)

§ 116-173. **Duration of Fund; loans repaid and interest received added to Fund and administered for same purposes.** — The Scholarship Loan Fund for Prospective Teachers shall continue in effect until terminated by action of the General Assembly of North Carolina and such amounts of loans as shall be repaid from time to time under the provisions of this article, together with such amounts of interest as may be received on account of loans made shall become a part of the principal amount of said Loan Fund and shall be administered for the same purposes and under the same provisions as are set forth herein to the end that such funds may be utilized in addition to such further amounts as may be appropriated from time to time by the General Assembly to said Loan Fund. (1957, c. 1237.)

§ 116-174. **Fund administered by State Superintendent of Public Instruction; rules and regulations.**—The Scholarship Loan Fund for Pro-

spective Teachers shall be administered by the State Superintendent of Public Instruction, under the following rules and regulations, and under such further rules and regulations as the State Board of Education shall in its discretion promulgate:

- (1) Any resident of North Carolina who is interested in preparing to teach in the public schools of the State shall be eligible to apply in writing to the State Superintendent of Public Instruction for a regular scholarship loan in the amount of not more than three hundred fifty dollars (\$350.00) per academic school year and any such person or any person who is teaching in the public schools of the State and is interested in taking further undergraduate courses shall be eligible to apply for a summer school scholarship loan in the amount of not more than seventy-five dollars (\$75.00). Recipients of scholarship loans may attend any North Carolina college or university, public or private, which offers teacher training or work leading to teacher training and which is approved by the State Board of Education; except that scholarship loans may not be used in obtaining credit through correspondence or extension courses.
- (2) All scholarship loans shall be evidenced by notes made payable to the State Board of Education which shall bear interest at the rate of 4% per annum from and after September 1 following fulfillment by a prospective teacher of the requirements for a teacher's certificate based upon the bachelor's degree; or in the case of persons already teaching in the public schools who obtain scholarship loans such notes shall bear interest at the prescribed rate from and after September 1 of the school year beginning immediately after the use of such scholarship loans; or in the event any such scholarship shall be terminated under the provisions of subdivision (3) of this section then such notes shall bear interest from the date of such termination. A minor recipient who signs such note or notes shall also obtain the endorsement thereon by a parent, if there be a living parent, unless such endorsement is waived by the Superintendent of Public Instruction. Such minor recipient shall be obligated upon such note or notes as fully as if he or she were of age and shall not be permitted to plead such minority as a defense in order to avoid the obligations undertaken upon such note or notes.
- (3) Each recipient of a scholarship loan under the provisions of this program shall be eligible for scholarship loans each year until he has qualified for a teacher's certificate based upon the bachelor's degree, but he shall not be so eligible for more than four years nor after qualifying for said certificate. The permanent withdrawal of any recipient from college or failure of such recipient to do college work in a manner acceptable to the State Superintendent of Public Instruction will immediately forfeit such recipient's right to retain such scholarship and subject such scholarship to termination by the State Superintendent of Public Instruction in his discretion. All terminated scholarships shall be regarded as vacant and subject to being awarded to other eligible persons.
- (4) Except under emergency conditions acceptable to the State Superintendent of Public Instruction, recipients of scholarship loans shall enter the public school system of North Carolina at the beginning of the next school term after qualifying for a teacher's certificate, based upon the bachelor's degree, or, in case of persons already teaching in the public schools, at the beginning of the next school term after the use of such loan. All teaching service for which the recipient of any scholarship loan is obligated shall be rendered within seven (7) years after the completion of the use of each such scholarship loan.

- (5) For each full school year taught in a North Carolina public school the recipient of a scholarship loan shall receive credit upon the amount due by reason of such loan equal to all interest accrued upon the loan to that time plus a credit of three hundred fifty dollars (\$350.00) upon the principal amount of such obligation or such lesser amount as may remain due upon said principal; provided, however, that in lieu of teaching in the public schools a recipient may elect to pay in cash the full amount of scholarship loans received plus interest then due thereon or any part thereof which has not been cancelled by the State Board of Education by reason of teaching service rendered.
- (6) If any recipient of a scholarship loan who is fulfilling his obligation under subdivision (4) of this section dies within the seven-year period, or if any recipient dies during the period of attendance at a college or university under a scholarship loan, any balance that has not been discharged through service shall be automatically cancelled.
If any recipient of a scholarship loan fails to fulfill his obligations under subdivision (4) of this section, other than as provided above, the amount of his loan and accrued interest, if any, shall be due and payable from the time of failure to fulfill such obligations.
- (7) The State Superintendent of Public Instruction shall award scholarship loans with due consideration to such factors and circumstances as: Aptitude, purposefulness, scholarship, character, financial need, and areas or subjects of instruction in which the demands for teachers are greatest. Since the primary purpose of this article is to attract worthy young people to the teaching profession, preference shall be given to high school seniors in the awarding of scholarships. - (2) The word "cost" as applied to a project shall include the cost of acquisition or construction, the cost of all labor, materials and equipment, the cost of all lands, property, rights and easements acquired, financing charges, interest prior to and during construction and, if deemed advisable by the board, for one year after completion of construction, cost of plans and specifications, surveys and estimates of cost and/or revenues, cost of engineering and legal services, and all other expenses necessary or incident to such acquisition or construction, administrative expense and such other expenses, including reasonable provision for initial operating expenses, as may be necessary or incident to the financing herein authorized. Any obligation or expense incurred by the board prior to the issuance of bonds under the provisions of this article in connection with any of the foregoing items of cost may be regarded as a part of such cost.
- (3) The word "institution" shall mean each of the following institutions comprising the University of North Carolina: The University of

North Carolina (at Chapel Hill), North Carolina State College of Agriculture and Engineering of the University of North Carolina, and the Woman's College of the University of North Carolina; Agricultural and Technical College of North Carolina, Appalachian State Teachers College, East Carolina College, Elizabeth City State Teachers College, Fayetteville State Teachers College, North Carolina College at Durham, Pembroke State College, Western Carolina College, and Winston-Salem Teachers College.

- (4) The word "project" shall mean and shall include any one or more buildings for student housing of any size or type approved by the board of trustees, the Board of Higher Education, and the Advisory Budget Commission, and any enlargements or improvements thereof or additions thereto, so approved for the housing of students at either institution, together with the necessary land and equipment. The approval of a project by the Board of Higher Education and the Advisory Budget Commission shall specify a time within which construction contracts shall be awarded. (1957, c. 1131, s. 1.)

§ 116-176. **Issuance of bonds.**—The board is hereby authorized to issue, subject to the approval of the Advisory Budget Commission, at one time or from time to time, revenue bonds of the board for the purpose of acquiring or constructing any project or projects. The bonds of each issue shall be dated, shall mature at such time or times not exceeding fifty years from their date or dates, shall bear interest at such rate or rates not exceeding five per centum (5%) per annum, as may be determined by the board, and may be redeemable before maturity, at the option of the board, at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the form and manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this article or any recitals in any bonds issued under the provisions of this article, all such bonds shall be deemed to be negotiable instruments under the laws of this State. The bonds may be issued in coupon or registered form or both, as the board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The board may sell such bonds in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the board, but no sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum (5%) per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the board may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. Unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and shall be

deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the board may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the board may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The board may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued by the board under the provisions of this article, subject to the approval of the Advisory Budget Commission, but without obtaining the consent of any other commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those consents, proceedings, conditions or things which are specifically required by this article.

Revenue bonds issued under the provisions of this article shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds. (1957, c. 1131, s. 2.)

§ 116-177. **Revenues for payment of bonds; rules for use of facilities.**—So long as any bonds issued under this article shall be outstanding the board shall fix, and may revise from time to time, rentals for the facilities to be furnished by any project financed under this article or for the right to use any such facilities or to receive any such services. Such rentals shall be fixed and revised so that the revenues received by the board from any project or projects, together with any other available funds, will be sufficient at all times

- (1) To pay the cost of maintaining, repairing and operating such project or projects, including reserves for such purposes, and
- (2) To pay when added to increased rentals from existing facilities the principal of and the interest on the bonds for the payment of which such revenues are pledged and to provide reserves therefor.

The board shall increase the rentals for the facilities furnished by any existing dormitories at any institution to provide, to the extent necessary, additional funds to liquidate in full any revenue bonds issued under this article.

The board is further authorized to make and enforce and to contract to make and enforce parietal rules that shall insure the maximum use of any project or existing facilities. (1957, c. 1131, s. 3.)

§ 116-178. **Trust agreement.**—In the discretion of the board and subject to the approval of the Advisory Budget Commission, each or any issue of revenue bonds may be secured by a trust agreement by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution authorizing the issuance of the bonds or such trust agreement may pledge to the extent necessary the revenues to be received from any project or projects at any institution and from any similar existing facilities described in § 116-175 (4) at the same institution, in excess of amounts now charged to each occupant of such project, but shall not convey or mortgage any such project or existing facilities, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the board in relation to the acquisition or construction of such project or projects and in relation to

the maintenance, repair, operation and insurance of such project or projects and such existing facilities, the fixing and revising of rentals and other charges; and, the custody, safeguarding and application of all moneys, and for the employment of consulting engineers or architects in connection with such acquisition, construction or operation. Notwithstanding the provisions of any other law the board may carry insurance on any such project or projects in such amounts and covering such risks as it may deem advisable. It shall be lawful for any bank or trust company incorporated under the laws of the State of North Carolina which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the board. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustees, if any, and may restrict the individual right of action by bondholders. Such resolution or trust agreement may contain such other provisions in addition to the foregoing as the board may deem reasonable and proper for the security of the bondholders.

The board may provide for the payment of the proceeds of the sale of the bonds and the revenues of any project or existing facilities or part thereof to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as a part of the cost of operation.

All pledges of revenues under the provisions of this article shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the board shall immediately be subject to the lien of such pledges without any physical delivery thereof or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the board, irrespective of whether such parties have notice thereof. (1957, c. 1131, s. 4.)

§ 116-179. Sale of bonds; functions performed by executive committee.—The board may authorize its executive committee to sell any bonds which the board has, with the approval of the Advisory Budget Commission, authorized to be issued under this article in such manner and under such limitations or conditions as the board shall prescribe and to perform such other functions under this article as the board shall determine. (1957, c. 1131, s. 5.)

§ 116-180. Moneys received deemed trust funds. — All moneys received pursuant to the authority of this article shall be deemed to be trust funds, to be held and applied solely as provided in this article. The resolution authorizing the issuance of bonds or the trust agreement securing such bonds shall provide that any officer to whom, or bank, trust company or fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as such resolution or trust agreement may provide. (1957, c. 1131, s. 6.)

§ 116-181. Remedies.—Any holder of revenue bonds issued under the provisions of this article or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent that the rights herein given may be restricted by the resolution authorizing the issuance of such bonds or by such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State of North Carolina or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this article or by such resolution or trust agreement to be performed by the board or by any officer thereof, including the fixing, charging and collecting of fees, rentals and other charges. (1957, c. 1131, s. 7.)

§ 116-182. **Refunding bonds.**—The board is hereby authorized, subject to the approval of the Advisory Budget Commission, to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds issued by the board in connection with any project or projects at any one institution, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The board is further authorized, subject to the approval of the Advisory Budget Commission, to issue from time to time revenue refunding bonds for the combined purpose of

- (1) Refunding any revenue bonds or revenue refunding bonds issued by the board in connection with any project or projects at any one institution, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and
- (2) Paying all or any part of the cost of acquiring or constructing any additional project or projects at the same institution.

The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the board with respect to the same, shall be governed by the foregoing provisions of this article insofar as the same may be applicable. (1957, c. 1131, s. 8.)

§ 116-183. **Acceptance of grants; exemption from taxation.** — The board is hereby authorized, subject to the approval of the Advisory Budget Commission, to accept grants of money or materials or property of any kind for any project from a federal agency, private agency, corporation or individual, upon such terms and conditions as such federal agency, private agency, corporation or individual may impose. The bonds issued under the provisions of this article and the income therefrom shall at all times be free from taxation within the State. (1957, c. 1131, s. 9.)

§ 116-184. **Article cumulative.**—This article shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds. (1957, c. 1131, s. 10.)

§ 116-185. **Inconsistent laws declared inapplicable.** — All general, special or local laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this article. (1957, c. 1131, s. 11.)
